

§ 1421b. Costs of production

Congress finds that, to improve the accuracy of commodity program benefit forecasts, the Secretary of Agriculture should designate a single organization to manage its commodity program forecasting and establish a quality control program to—

- (1) systematically identify the source of forecasting errors;
- (2) maintain records of data used for supply and demand forecasts;
- (3) document its forecasting methods; and
- (4) correct weaknesses in its various forecasting components.

CODIFICATION

Section was enacted as part of the Food, Agriculture, Conservation, and Trade Act of 1990, and not as part of the Agricultural Act of 1949 which is classified principally to this chapter. For complete classification of the 1949 Act to the Code, see Short Title note set out under section 1421 of this title and Tables.

AMENDMENTS

1995—Pub. L. 104-66 struck out subsec. (a) designation and heading “Improving accuracy of commodity program budget forecasts” before “Congress finds that”, and struck out subsec. (b) “Return on assets” which read as follows: “The Secretary of Agriculture shall annually publish a report analyzing the return on assets resulting from the production of upland cotton, rice, wheat, corn, oats, barley, grain sorghum, soybeans, peanuts, sugar from sugar beets, and raw sugar from sugar cane. In conducting this analysis, the Secretary shall consider returns from agricultural price support programs, the effects of agricultural price support programs on cost of production, the factors currently used in Department of Agriculture cost of production data, current value of land, and any other information that he considers necessary to reflect accurately return on the production of such crops.”

§ 1421c. Repealed. Pub. L. 104-66, title I, § 1011(c), Dec. 21, 1995, 109 Stat. 709

Section, Pub. L. 101-624, title XXV, § 2513, Nov. 28, 1990, 104 Stat. 4074, directed Secretary of Agriculture to develop system for informing consumers of farm value of agricultural products and to submit annual reports on such information to Congress.

§ 1421d. Commodity reports**(a) Crop reports**

The Secretary of Agriculture (hereafter in this section referred to as the “Secretary”) shall gather data from producers to be used to develop crop reports to be distributed by the Secretary during the growing season. The report shall contain statements of the conditions of those crops by State, with such explanations, comparisons, and information as may be useful for illustrating such reports.

(b) Special reports**(1) In general**

In addition to the reports compiled pursuant to subsection (a), the Secretary shall annually survey producers for information for reports regarding supply, acreage, production, disposition, and prices for the following commodities as determined by the Secretary:

- (A) 25 fresh market vegetables;
- (B) 3 processing vegetables;
- (C) 6 fruits and nuts;
- (D) 17 forage and turf seeds;
- (E) 50 vegetable seeds; and
- (F) maple syrup.

(2) Administrative

The Secretary shall annually prepare a report containing results of the surveys described in paragraph (1) in such States as determined by the Secretary. Such reports shall be submitted to and officially approved by the Secretary of Agriculture before being issued or published.

(c) Tree inventories

The Secretary shall survey producers for information for reports regarding fruit and nut tree inventories. Such surveys and reports shall be conducted, printed, and distributed on a regular basis every 3 to 5 years as determined by the Secretary. Reports shall be submitted to and officially approved by the Secretary before being issued or published.

(d) Omitted**(e) Authorization**

There are authorized to be appropriated such sums as may be necessary to carry out this section.

CODIFICATION

Section was enacted as part of the Food, Agriculture, Conservation, and Trade Act of 1990, and not as part of the Agricultural Act of 1949 which is classified principally to this chapter. For complete classification of the 1949 Act to the Code, see Short Title note set out under section 1421 of this title and Tables.

Section is comprised of section 2514 of Pub. L. 101-624. Subsec. (d) of section 2514 of Pub. L. 101-624 repealed section 411a of this title.

§ 1422. Increase of price support levels

(a) Notwithstanding any other provision of this Act, price support at a level in excess of the maximum level of price support otherwise prescribed in this Act may be made available for any agricultural commodity if the Secretary determines, after a public hearing of which reasonable notice has been given, that price support at such increased level is necessary in order to prevent or alleviate a shortage in the supply of any agricultural commodity essential to the national welfare or in order to increase or maintain the production of any agricultural commodity in the interest of national security. The Secretary’s determination and the record of the hearing shall be available to the public.

(b) Effective only for the 1991 through 1995 crops of wheat, feed grains, cotton, and rice, the Secretary of Agriculture may provide for annual adjustments in the established prices for such program crops to reflect any change during the last calendar year ending before the beginning of each such crop year in the index of prices paid by farmers for production items, interest, taxes, and wage rates in such calendar year.

AMENDMENTS

1990—Pub. L. 101-624 designated existing provisions as subsec. (a) and added subsec. (b).

EFFECTIVE DATE OF 1990 AMENDMENT

Amendment by Pub. L. 101-624 effective beginning with 1991 crop of an agricultural commodity, with provision for prior crops, see section 1171 of Pub. L. 101-624, set out as a note under section 1421 of this title.

EXCEPTIONS FROM TRANSFER OF FUNCTIONS

Functions of Corporations of Department of Agriculture, boards of directors and officers of such corporations; Advisory Board of Commodity Credit Corporation; and Farm Credit Administration or any agency, officer, or entity of, under, or subject to supervision of said Administration excepted from functions of officers, agencies, and employees transferred to Secretary of Agriculture by 1953 Reorg. Plan No. 2, §1, effective June 4, 1953, 18 F.R. 3219, 67 Stat. 633, set out as a note under section 2201 of this title.

INAPPLICABILITY OF SECTION

Section inapplicable to 2014 through 2018 crops of covered commodities, cotton, and sugar and inapplicable to milk during period beginning Feb. 7, 2014, through Dec. 31, 2018, see section 9092(b)(10) of this title.

Section inapplicable to 2008 through 2012 crops of covered commodities, peanuts, and sugar and inapplicable to milk during period beginning June 18, 2008, through Dec. 31, 2012, see section 8782(b)(10) of this title.

Section inapplicable to 2002 through 2007 crops of covered commodities, peanuts, and sugar and inapplicable to milk during period beginning May 13, 2002, through Dec. 31, 2007, see section 7992(b)(10) of this title.

Section inapplicable to 1996 through 2002 crops of loan commodities, peanuts, and sugar and inapplicable to milk during period beginning Apr. 4, 1996, and ending Dec. 31, 2002, see section 7301(b)(1)(J) of this title.

§ 1423. Adjustments of support prices**(a) In general**

The Secretary may make appropriate adjustments in the support price for any commodity (excluding cotton) for differences in grade, type, quality, location and other factors. The adjustments shall, so far as practicable, be made in such manner that the average support price for the commodity will, on the basis of the anticipated incidence of such factors be equal to the level of support determined as provided in this Act. Beginning with the 1991 crops of wheat, feed grains, and soybeans for which price support is provided under this Act, the Secretary shall establish premiums and discounts related to cleanliness factors in addition to any other premiums or discounts related to quality.

(b) Adjustment in support prices for cotton

The Secretary may make appropriate adjustments in the support price for cotton for differences in quality factors and location. Beginning with the 1991 crop, the quality differences (premiums and discounts for quality factors) for the upland cotton loan program shall be established by the Secretary by giving equal weight to (1) loan differences for the preceding crop,

and (2) market differences for such crop in the designated United States spot markets.

(c) Limitation on adjustments for wheat and feed grains

Notwithstanding any other provision of this section, for each of the 1990 through 1995 crops of wheat and feed grains, no adjustment in the loan rate applicable to a particular region, State, or county for the purpose of reflecting transportation differentials may increase or decrease the regional, State, or county loan rate from the level established for the previous year by more than the percentage change in the national average loan rate plus or minus 3 percent.

AMENDMENTS

1990—Pub. L. 101-624, §2011, inserted at end of subsec. (a) “Beginning with the 1991 crops of wheat, feed grains, and soybeans for which price support is provided under this Act, the Secretary shall establish premiums and discounts related to cleanliness factors in addition to any other premiums or discounts related to quality.”

Pub. L. 101-624, §1128, in amending section generally, designated part of existing text as subsecs. (a), (b), and (c), and in subsec. (a) inserted provisions excluding cotton, in subsec. (b) substituted reference to 1991 crop for reference to 1982 crop, and substituted reference to quality factors for reference to grade, staple and micronaire, and in subsec. (c) substituted reference to 1990 through 1995 crops for reference to 1988 through 1990 crops, substituted reference to 3 percent for reference to 2 percent, and struck out provisions relating to establishment and duties of a study committee and authority of Secretary to review and revise procedures and criteria for establishing values of premiums and discounts for grade, staple and micronaire for upland cotton program.

1987—Pub. L. 100-203 inserted at end “Notwithstanding the preceding provisions of this section, for each of the 1988 through 1990 crops of wheat and feed grains, no adjustment in the loan rate applicable to a particular region, State, or county for the purpose of reflecting transportation differentials may increase or decrease such regional, State, or county loan rate from the level established for the previous year by more than the percentage change in the national average loan rate plus or minus 2 percent.”

1981—Pub. L. 97-98 inserted provision directing that beginning with 1982 crop of upland cotton, the quality differences for the loan program be established by giving equal weight to the loan differences for the preceding crop and to the market differences for the crop in the nine designated United States spot markets and authorizing the Secretary to establish a study committee to study and report on alternative methods of establishing values of premiums and discounts for grade, staple, and micronaire for the upland cotton loan program that accurately represent true relative market values
