RESERVE FORCES READINESS

Pub. L. 98-525, title V, §552(a)–(e), (g), Oct. 19, 1984, 98 Stat. 2530, as amended by Pub. L. 103-337, div. A, title XVI, §1661(a)(3)(B), Oct. 5, 1994, 108 Stat. 2980, provided that:

“(a)(1) The Secretary of Defense shall conduct a review of the various systems used to measure the readiness of reserve units of the Armed Forces and shall implement a measurement system for the active and reserve components of the Armed Forces to provide an objective and uniform evaluation of the readiness of all units of the Armed Forces. The measurement system should be designed to produce information adequate to provide comparisons concerning the readiness of all units. The system for evaluation of the readiness of a unit of an active component should incorporate the performance of any unit of a reserve component affiliated with the active component unit, including the effect of the reserve component unit on the mobilization capability of the active component unit.

“(2) Not later than March 31, 1985, the Secretary shall submit a report to the Committees on Armed Services of the Senate and House of Representatives describing the results of the review under paragraph (1) and the measurement system implemented in accordance with that paragraph.

“(b)(1) The Secretary of Defense, acting through the Assistant Secretary of Defense for Reserve Affairs [now Assistant Secretary of Defense for Manpower and Reserve Affairs], shall conduct a study to evaluate the feasibility of allocating equipment to units of reserve components based on a measure of effectiveness of such units. The study should consider the effects of allocating equipment by comparing units with similar deployment times and similar capabilities in terms of training and equipment rather than by comparing all reserve component units with each other. The study should be integrated with an evaluation of the system for measuring unit effectiveness to be implemented in accordance with subsection (a).

“(2) As part of the report under subsection (a)(2), the Secretary of Defense shall submit to the Committees on Armed Services of the Senate and House of Representatives a report on the study carried out under paragraph (1).

“(c) It is the sense of Congress that the number of members of the Army Reserve and of the Army National Guard assigned to full-time manning duty should be increased to 14 percent of the total membership of the Army Reserve and of the Army National Guard, respectively, by fiscal year 1989.

“(d)(1)(A) The Secretary of Defense, acting through the Assistant Secretary of Defense for Reserve Affairs [now Assistant Secretary of Defense for Manpower and Reserve Affairs], shall conduct a study of the benefits of a longer training program for certain units of the reserve components and shall conduct a test of such a program. The test program should begin at the earliest realistic date.

“(B) In developing training programs for the reserve components, the Secretary shall give increased attention to innovative training technologies, techniques, and schedules that recognize the limitations on time and the geographic dispersion of the reserve components.

“(2) Not later than March 31, 1985, the Secretary shall submit a report to the Committees on Armed Services of the Senate and House of Representatives describing the study under paragraph (1).

“(e) [Repealed. Pub. L. 103-337, div. A, title XVI, §1661(a)(3)(B), Oct. 5, 1994, 108 Stat. 2980.]
