(1) To examine at its discretion the accounts, books, and affairs of each Federal reserve bank and of each member bank and to require such statements and reports as it may deem necessary. The said board shall publish once each week a statement showing the condition of each Federal reserve bank and a consolidated statement for all Federal reserve banks. Such statements shall show in detail the assets and liabilities of the Federal reserve banks, single and

combined, and shall furnish full information regarding the character of the money held as reserve and the amount, nature, and maturities of the paper and other investments owned or held by Federal reserve banks.

(2) To require any depository institution specified in this paragraph to make, at such intervals as the Board may prescribe, such reports of its liabilities and assets as the Board may determine to be necessary or desirable to enable the Board to discharge its responsibility to monitor and control monetary and credit aggregates. Such reports shall be made (A) directly to the Board in the case of member banks and in the case of other depository institutions whose reserve requirements under sections 461, 463, 464, 465, and 466 of this title exceed zero, and (B) for all other reports to the Board through the (i) Federal Deposit Insurance Corporation in the case of insured State savings associations that are insured depository institutions (as defined in section 1813 of this title), State nonmember banks, savings banks, and mutual savings banks, (ii) National Credit Union Administration Board in the case of insured credit unions, (iii) the Comptroller of the Currency in the case of any Federal savings association which is an insured depository institution (as defined in section 1813 of this title) or which is a member as defined in section 1422 of this title, and (iv) such State officer or agency as the Board may designate in the case of any other type of bank, savings association, or credit union. The Board shall endeavor to avoid the imposition of unnecessary burdens on reporting institutions and the duplication of other reporting requirements. Except as otherwise required by law, any data provided to any department, agency, or instrumentality of the United States pursuant to other reporting requirements shall be made available to the Board. The Board may classify depository institutions for the purposes of this paragraph and may impose different requirements on each such class.

(b) Permitting or requiring rediscounting of paper at specified rate

To permit, or, on the affirmative vote of at least five members of the Board of Governors, to require Federal reserve banks to rediscount the discounted paper of other Federal reserve banks at rates of interest to be fixed by the Board.

(c) Suspending reserve requirements

To suspend for a period not exceeding thirty days, and from time to time to renew such suspension for periods not exceeding fifteen days, any reserve requirements specified in this chapter.

(d) Supervising and regulating issue and retirement of notes

To supervise and regulate through the Secretary of the Treasury the issue and retirement of Federal Reserve notes, except for the cancellation and destruction, and accounting with respect to such cancellation and destruction, of notes unfit for circulation, and to prescribe rules and regulations under which such notes may be delivered by the Secretary of the Treasury to the Federal Reserve agents applying therefor.
