

**(C) Assessment required**

The Director of the National Science Foundation, in coordination with the Secretary of Commerce and the Secretary of Homeland Security, shall evaluate the effectiveness of any grants awarded under this subsection in meeting the objectives of the Federal cybersecurity research and development strategic plan not later than 2 years after the review under paragraph (1) of this subsection, and periodically thereafter.

**(d) Coordination with other research initiatives**

In accordance with the responsibilities under section 5511 of this title, the Director of the Office of Science and Technology Policy shall coordinate, to the extent practicable, Federal research and development activities under this section with other ongoing research and development security-related initiatives, including research being conducted by—

- (1) the National Science Foundation;
- (2) the National Institute of Standards and Technology;
- (3) the Department of Homeland Security;
- (4) other Federal agencies;
- (5) other Federal and private research laboratories, research entities, and universities;
- (6) institutions of higher education;
- (7) relevant nonprofit organizations; and
- (8) international partners of the United States.

**(e) Omitted****(f) Research on the science of cybersecurity**

The head of each agency and department identified under section 5511(a)(3)(B)<sup>1</sup> of this title, through existing programs and activities, shall support research that will lead to the development of a scientific foundation for the field of cybersecurity, including research that increases understanding of the underlying principles of securing complex networked systems, enables repeatable experimentation, and creates quantifiable security metrics.

**§ 7432. National cybersecurity challenges****(a) Establishment of national cybersecurity challenges****(1) In general**

To achieve high-priority breakthroughs in cybersecurity by 2028, the Secretary of Commerce shall establish the following national cybersecurity challenges:

**(A) Economics of a cyber attack**

Building more resilient systems that measurably and exponentially raise adversary costs of carrying out common cyber attacks.

**(B) Cyber training**

(i) Empowering the people of the United States with an appropriate and measurably sufficient level of digital literacy to make safe and secure decisions online.

(ii) Developing a cybersecurity workforce with measurable skills to protect and maintain information systems.

**(C) Emerging technology**

Advancing cybersecurity efforts in response to emerging technology, such as artificial intelligence, quantum science, next generation communications, autonomy, data science, and computational technologies.

**(D) Reimagining digital identity**

Maintaining a high sense of usability while improving the privacy, security, and safety of online activity of individuals in the United States.

**(E) Federal agency resilience**

Reducing cybersecurity risks to Federal networks and systems, and improving the response of Federal agencies to cybersecurity incidents on such networks and systems.

**(2) Coordination**

In establishing the challenges under paragraph (1), the Secretary shall coordinate with the Secretary of Homeland Security on the challenges under subparagraphs (B) and (E) of such paragraph.

**(b) Pursuit of national cybersecurity challenges****(1) In general**

Not later than 180 days after January 1, 2021, the Secretary, acting through the Under Secretary of Commerce for Standards and Technology, shall commence efforts to pursue the national cybersecurity challenges established under subsection (a).

**(2) Competitions**

The efforts required by paragraph (1) shall include carrying out programs to award prizes, including cash and noncash prizes, competitively pursuant to the authorities and processes established under section 3719 of this title or any other applicable provision of law.

**(3) Additional authorities**

In carrying out paragraph (1), the Secretary may enter into and perform such other transactions as the Secretary considers necessary and on such terms as the Secretary considers appropriate.

**(4) Coordination**

In pursuing national cybersecurity challenges under paragraph (1), the Secretary shall coordinate with the following:

- (A) The Director of the National Science Foundation.
- (B) The Secretary of Homeland Security.
- (C) The Director of the Defense Advanced Research Projects Agency.
- (D) The Director of the Office of Science and Technology Policy.
- (E) The Director of the Office of Management and Budget.
- (F) The Administrator of the General Services Administration.
- (G) The Federal Trade Commission.
- (H) The heads of such other Federal agencies as the Secretary of Commerce considers appropriate for purposes of this section.

**(5) Solicitation of acceptance of funds****(A) In general**

Pursuant to section 3719 of this title, the Secretary shall request and accept funds from other Federal agencies, State, United States territory, local, or Tribal government agencies, private sector for-profit entities, and nonprofit entities to support efforts to pursue a national cybersecurity challenge under this section.

**(B) Rule of construction**

Nothing in subparagraph (A) may be construed to require any person or entity to provide funds or otherwise participate in an effort or competition under this section.

**(c) Recommendations****(1) In general**

In carrying out this section, the Secretary of Commerce shall designate an advisory council to seek recommendations.

**(2) Elements**

The recommendations required by paragraph (1) shall include the following:

- (A) A scope for efforts carried out under subsection (b).
- (B) Metrics to assess submissions for prizes under competitions carried out under subsection (b) as the submissions pertain to the national cybersecurity challenges established under subsection (a).

**(3) No additional compensation**

The Secretary may not provide any additional compensation, except for travel expenses, to a member of the advisory council designated under paragraph (1) for participation in the advisory council.

(Pub. L. 113-274, title II, §205, as added Pub. L. 116-283, div. H, title XCIV, §9407(a), Jan. 1, 2021, 134 Stat. 4813.)

SUBCHAPTER II—EDUCATION AND  
WORKFORCE DEVELOPMENT

**§ 7441. Cybersecurity competitions and challenges**

**(a) In general**

The Secretary of Commerce, Director of the National Science Foundation, and Secretary of

Homeland Security, in consultation with the Director of the Office of Personnel Management, shall—

(1) support competitions and challenges under section 3719 of this title (as amended by section 105 of the America COMPETES Reauthorization Act of 2010 (124 Stat. 3989)) or any other provision of law, as appropriate—

(A) to identify, develop, and recruit talented individuals to perform duties relating to the security of information technology in Federal, State, local, and tribal government agencies, and the private sector; or

(B) to stimulate innovation in basic and applied cybersecurity research, technology development, and prototype demonstration that has the potential for application to the information technology activities of the Federal Government; and

(2) ensure the effective operation of the competitions and challenges under this section.

**(b) Participation**

Participants in the competitions and challenges under subsection (a)(1) may include—

- (1) students enrolled in grades 9 through 12;
- (2) students enrolled in a postsecondary program of study leading to a baccalaureate degree at an institution of higher education;
- (3) students enrolled in a postbaccalaureate program of study at an institution of higher education;

(4) institutions of higher education and research institutions;

(5) veterans; and

(6) other groups or individuals that the Secretary of Commerce, Director of the National Science Foundation, and Secretary of Homeland Security determine appropriate.

**(c) Affiliation and cooperative agreements**

Competitions and challenges under this section may be carried out through affiliation and cooperative agreements with—

- (1) Federal agencies;
- (2) regional, State, or school programs supporting the development of cyber professionals;
- (3) State, local, and tribal governments; or
- (4) other private sector organizations.

**(d) Areas of skill**

Competitions and challenges under subsection (a)(1)(A) shall be designed to identify, develop, and recruit exceptional talent relating to—

- (1) ethical hacking;
- (2) penetration testing;
- (3) vulnerability assessment;
- (4) continuity of system operations;
- (5) security in design;
- (6) cyber forensics;
- (7) offensive and defensive cyber operations;

and

(8) other areas the Secretary of Commerce, Director of the National Science Foundation, and Secretary of Homeland Security consider necessary to fulfill the cybersecurity mission.

**(e) Topics**

In selecting topics for competitions and challenges under subsection (a)(1), the Secretary of Commerce, Director of the National Science
