

AMENDMENTS

1977—Subsec. (a)(4). Pub. L. 95-91 added par. (4).

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE

Section effective 150 days after Aug. 14, 1976, see section 143 of Pub. L. 94-385, set out as a note under section 790 of this title.

TRANSFER OF FUNCTIONS

Functions assigned to Director of Office of Energy Information and Analysis under this subchapter vested in Administrator of Energy Information Administration within Department of Energy by section 7135(c) of Title 42, The Public Health and Welfare.

Federal Energy Administration terminated and functions vested by law in Administrator thereof transferred to Secretary of Energy (unless otherwise specifically provided) by sections 7151(a) and 7293 of Title 42.

§ 790b. Administrative provisions**(a) Compensation of Director**

The Director of the Office shall receive compensation at the rate now or hereafter prescribed for offices and positions at level IV of the Executive Schedule as specified in section 5315 of title 5.

(b) Authorization of Director to appoint and fix compensation of employees

To carry out the functions of the Office, the Director, on behalf of the Administrator, is authorized to appoint and fix the compensation of such professionally qualified employees as he deems necessary, including up to ten of the employees in grade GS-16, GS-17, or GS-18 authorized by section 766 of this title.

(c) Delegation of functions by the Director

The functions and powers of the Office shall be vested in or delegated to the Director, who may from time to time, and to the extent permitted by law, consistent with the purposes of this chapter, delegate such of his functions as he deems appropriate. Such delegation may be made, upon request, to any officer or agency of the Federal Government.

(d) Access to Director by Congress; requests for appropriations

(1) The Director shall be available to the Congress to provide testimony on such subjects under his authority and responsibility as the Congress may request, including but not limited to energy information and analyses thereof.

(2) Any request for appropriations for the Federal Energy Administration submitted to the Congress shall identify the portion of such request intended for the support of the Office, and a statement of the differences, if any, between the amounts requested and the Director's assessment of the budgetary needs of the Office.

(Pub. L. 93-275, § 53, as added Pub. L. 94-385, title I, § 142, Aug. 14, 1976, 90 Stat. 1136.)

REFERENCES IN OTHER LAWS TO GS-16, 17, OR 18 PAY RATES

References in laws to the rates of pay for GS-16, 17, or 18, or to maximum rates of pay under the General Schedule, to be considered references to rates payable under specified sections of Title 5, Government Organization and Employees, see section 529 [title I, § 101(c)(1)] of Pub. L. 101-509, set out in a note under section 5376 of Title 5.

§ 790c. Analysis and evaluation of energy information; establishment and maintenance by Director of professional, etc., capability; specific capabilities

(a) The Director shall establish and maintain the scientific, engineering, statistical, or other technical capability to perform analysis of energy information to—

(1) verify the accuracy of items of energy information submitted to the Director; and

(2) insure the coordination and comparability of the energy information in possession of the Office and other Federal agencies.

(b) The Director shall establish and maintain the professional and analytic capability to evaluate independently the adequacy and comprehensiveness of the energy information in possession of the Office and other agencies of the Federal Government in relation to the purposes of this chapter and for the performance of the analyses described in section 790a of this title. Such analytic capability shall include—

(1) expertise in economics, finance, and accounting;

(2) the capability to evaluate estimates of reserves of mineral fuels and nonmineral energy resources utilizing alternative methodologies;

(3) the development and evaluation of energy flow and accounting models describing the production, distribution, and consumption of energy by the various sectors of the economy and lines of commerce in the energy industry;

(4) the development and evaluation of alternative forecasting models describing the short- and long-term relationships between energy supply and consumption and appropriate variables; and

(5) such other capabilities as the Director deems necessary to achieve the purposes of this chapter.
