

mental policy for dealing with radon contamination that utilizes any Environmental Protection Agency guidelines and standards to ensure that occupants of housing covered by this section are not exposed to hazardous levels of radon; and

“(2) to require the Department of Housing and Urban Development to assist the Environmental Protection Agency in reducing radon contamination.

“(b) PROGRAM.—

“(1) APPLICABILITY.—The housing covered by this section is—

“(A) multifamily housing owned by the Department of Housing and Urban Development;

“(B) public housing and Indian housing assisted under the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.];

“(C) housing receiving project-based assistance under section 8 of the United States Housing Act of 1937 [42 U.S.C. 1437f];

“(D) housing assisted under section 236 of the National Housing Act [12 U.S.C. 1715z-1]; and

“(E) housing assisted under section 221(d)(3) of the National Housing Act [12 U.S.C. 1715(d)(3)].

“(2) IN GENERAL.—The Secretary of Housing and Urban Development shall develop and recommend to the Congress a policy for dealing with radon contamination that specifies programs for education, research, testing, and mitigation of radon hazards in housing covered by this section.

“(3) STANDARDS.—In developing the policy, the Secretary shall utilize any guidelines, information, or standards established by the Environmental Protection Agency for—

“(A) testing residential and nonresidential structures for radon;

“(B) identifying elevated radon levels;

“(C) identifying when remedial actions should be taken; and

“(D) identifying geographical areas that are likely to have elevated levels of radon.

“(4) COORDINATION.—In developing the policy, the Secretary shall coordinate the efforts of the Department of Housing and Urban Development with the Environmental Protection Agency, and other appropriate Federal agencies, and shall consult with State and local governments, the housing industry, consumer groups, health organizations, appropriate professional organizations, and other appropriate experts.

“(5) REPORT.—The Secretary shall submit a report to the Congress within 1 year after the date of the enactment of this Act [Nov. 7, 1988] that describes the Secretary's recommended policy for dealing with radon contamination and the Secretary's reasons for recommending such policy. The report shall include an estimate of the housing covered by this section that is likely to have hazardous levels of radon.

“(c) COOPERATION WITH ENVIRONMENTAL PROTECTION AGENCY.—Within 6 months after the date of the enactment of this Act [Nov. 7, 1988], the Secretary and the Administrator of the Environmental Protection Agency shall enter into a memorandum of understanding describing the Secretary's plan to assist the Administrator in carrying out the Environmental Protection Agency's authority to assess the extent of radon contamination in the United States and assist in the development of measures to avoid and reduce radon contamination.

“(d) DEFINITIONS.—For purposes of this section:

“(1) ADMINISTRATOR.—The term ‘Administrator’ means the Administrator of the Environmental Protection Agency.

“(2) SECRETARY.—The term ‘Secretary’ means the Secretary of Housing and Urban Development.

“(e) AUTHORIZATION.—Funds available for housing covered by this section shall be available to carry out this section with respect to such housing.”

§ 2662. Definitions

For purposes of this subchapter:

(1) The term “local educational agency” means—

(A) any local educational agency as defined in section 7801 of title 20;

(B) the owner of any nonprofit elementary or secondary school building; and

(C) the governing authority of any school operated pursuant to section 241 of title 20, as in effect before enactment of the Improving America's Schools Act of 1994, or successor authority, relating to impact aid for children who reside on Federal property.

(2) The term “nonprofit elementary or secondary school” has the meaning given such term by section 2642(8)¹ of this title.

(3) The term “radon” means the radioactive gaseous element and its short-lived decay products produced by the disintegration of the element radium occurring in air, water, soil, or other media.

(4) The term “school building” has the meaning given such term by section 2642(13) of this title.

(Pub. L. 94-469, title III, §302, as added Pub. L. 100-551, §1(a), Oct. 28, 1988, 102 Stat. 2755; amended Pub. L. 103-382, title III, §391(c)(4), 392(b)(2), Oct. 20, 1994, 108 Stat. 4022, 4026; Pub. L. 107-110, title X, §1076(f)(2), Jan. 8, 2002, 115 Stat. 2091; Pub. L. 114-95, title IX, §9215(xxx)(2), Dec. 10, 2015, 129 Stat. 2191.)

Editorial Notes

REFERENCES IN TEXT

Section 241 of title 20, as in effect before enactment of the Improving America's Schools Act of 1994, referred to in par. (1)(C), means section 241 of Title 20, Education, prior to its repeal by Pub. L. 103-382, title III, §331(b), Oct. 20, 1994, 108 Stat. 3965.

AMENDMENTS

2015—Par. (1)(A). Pub. L. 114-95 made technical amendment to reference in original act which appears in text as reference to section 7801 of title 20.

2002—Par. (1)(A). Pub. L. 107-110 substituted “7801” for “8801”.

1994—Par. (1)(A). Pub. L. 103-382, §391(c)(4)(A), made technical amendment to reference to section 8801 of title 20 to reflect change in reference to corresponding section of original act.

Par. (1)(C). Pub. L. 103-382 directed two separate amendments of par. (1)(C), the first, by section 391(c)(4)(B) of Pub. L. 103-382, directed the insertion of “or successor authority” immediately after “section 241 of title 20”, the second, by section 392(b)(2) of Pub. L. 103-382, directed the insertion (without reference to the first amendment) of “as in effect before enactment of the Improving America's Schools Act of 1994” immediately after “section 241 of title 20.”. Literal execution of the second amendment was not possible, as “section 241 of title 20,” was amended to read “section 241 of title 20 or successor authority,” by the first amendment. Commas were editorially inserted before and after the phrase added by the second amendment and it was inserted immediately after “section 241 of title 20” to reflect the probable intent of Congress.

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 2015 AMENDMENT

Amendment by Pub. L. 114-95 effective Dec. 10, 2015, except with respect to certain noncompetitive pro-

¹ So in original. Probably should be section “2642(9)”.

grams and competitive programs, see section 5 of Pub. L. 114-95, set out as a note under section 6301 of Title 20, Education.

EFFECTIVE DATE OF 2002 AMENDMENT

Amendment by Pub. L. 107-110 effective Jan. 8, 2002, except with respect to certain noncompetitive programs and competitive programs, see section 5 of Pub. L. 107-110, set out as an Effective Date note under section 6301 of Title 20, Education.

§ 2663. EPA citizen's guide

(a) Publication

In order to make continuous progress toward the long-term goal established in section 2661 of this title, the Administrator of the Environmental Protection Agency shall, not later than June 1, 1989, publish and make available to the public an updated version of its document titled "A Citizen's Guide to Radon". The Administrator shall revise and republish the guide as necessary thereafter.

(b) Information included

(1) Action levels

The updated citizen's guide published as provided in subsection (a) shall include a description of a series of action levels indicating the health risk associated with different levels of radon exposure.

(2) Other information

The updated citizen's guide shall also include information with respect to each of the following:

(A) The increased health risk associated with the exposure of potentially sensitive populations to different levels of radon.

(B) The increased health risk associated with the exposure to radon of persons engaged in potentially risk-increasing behavior.

(C) The cost and technological feasibility of reducing radon concentrations within existing and new buildings.

(D) The relationship between short-term and long-term testing techniques and the relationship between (i) measurements based on both such techniques, and (ii) the actions¹ levels set forth as provided in paragraph (1).

(E) Outdoor radon levels around the country.

(Pub. L. 94-469, title III, §303, as added Pub. L. 100-551, §1(a), Oct. 28, 1988, 102 Stat. 2755.)

§ 2664. Model construction standards and techniques

The Administrator of the Environmental Protection Agency shall develop model construction standards and techniques for controlling radon levels within new buildings. To the maximum extent possible, these standards and techniques should be developed with the assistance of organizations involved in establishing national building construction standards and techniques. The Administrator shall make a draft of the document containing the model standards and techniques available for public review and com-

ment. The model standards and techniques shall provide for geographic differences in construction types and materials, geology, weather, and other variables that may affect radon levels in new buildings. The Administrator shall make final model standards and techniques available to the public by June 1, 1990. The Administrator shall work to ensure that organizations responsible for developing national model building codes, and authorities which regulate building construction within States or political subdivisions within States, adopt the Agency's model standards and techniques.

(Pub. L. 94-469, title III, §304, as added Pub. L. 100-551, §1(a), Oct. 28, 1988, 102 Stat. 2756.)

§ 2665. Technical assistance to States for radon programs

(a) Required activities

The Administrator (or another Federal department or agency designated by the Administrator) shall develop and implement activities designed to assist State radon programs. These activities may include, but are not limited to, the following:

(1) Establishment of a clearinghouse of radon related information, including mitigation studies, public information materials, surveys of radon levels, and other relevant information.

(2) Operation of a voluntary proficiency program for rating the effectiveness of radon measurement devices and methods, the effectiveness of radon mitigation devices and methods, and the effectiveness of private firms and individuals offering radon-related architecture, design, engineering, measurement, and mitigation services. The proficiency program under this subparagraph shall be in operation within one year after October 28, 1988.

(3) Design and implementation of training seminars for State and local officials and private and professional firms dealing with radon and addressing topics such as monitoring, analysis, mitigation, health effects, public information, and program design.

(4) Publication of public information materials concerning radon health risks and methods of radon mitigation.

(5) Operation of cooperative projects between the Environmental Protection Agency's Radon Action Program and the State's radon program. Such projects shall include the Home Evaluation Program, in which the Environmental Protection Agency evaluates homes and States demonstrate mitigation methods in these homes. To the maximum extent practicable, consistent with the objectives of the evaluation and demonstration, homes of low-income persons should be selected for evaluation and demonstration.

(6) Demonstration of radon mitigation methods in various types of structures and in various geographic settings and publication of findings. In the case of demonstration of such methods in homes, the Administrator should select homes of low-income persons, to the maximum extent practicable and consistent with the objectives of the demonstration.

¹ So in original. Probably should be "action".
