The term “renewable fuel” means any fuel—

(A) at least 85 percent of the volume of which consists of ethanol; or

(B) any mixture of biodiesel and diesel or renewable diesel (as defined in regulations adopted pursuant to section 7545(o) of title 42 (40 CFR, part 80)), determined without regard to any use of kerosene and containing at least 20 percent biodiesel or renewable diesel.

(2) Franchise-related document

The term “franchise-related document” means—

(A) a franchise under this chapter; and

(B) any other contract or directive of a franchisor relating to terms or conditions of the sale of fuel by a franchisee.

(b) Prohibitions

(1) In general

No franchise-related document entered into or renewed on or after December 19, 2007, shall contain any provision allowing a franchisor to restrict the franchisee or any affiliate of the franchisee from—

(A) installing on the marketing premises of the franchisee a renewable fuel pump or tank, except that the franchisee’s franchisor may restrict the installation of a tank on leased marketing premises of such franchisor;

(B) converting an existing tank or pump on the marketing premises of the franchisee for renewable fuel use, so long as such tank or pump and the piping connecting them are either warranted by the manufacturer or certified by a recognized standards setting organization to be suitable for use with such renewable fuel;

(D) selling renewable fuel in any specified area on the marketing premises of the franchisee (including any area in which a name or logo of a franchisor or any other entity appears);
