

§ 278g-1. Education and outreach**(a) In general**

The Director is authorized to expend funds appropriated for activities of the Institute in any fiscal year, to support, promote, and coordinate activities and efforts to enhance public awareness and understanding of measurement sciences, standards and technology at the national measurement laboratories and otherwise in fulfillment of the mission of the Institute. The Director may carry out activities under this subsection, including education and outreach activities to the general public, industry and academia in support of the Institute's mission.

(b) Hiring

The Director, in coordination with the Director of the Office of Personnel Management, may revise the procedures the Director applies when making appointments to laboratory positions within the competitive service—

- (1) to ensure corporate memory of and expertise in the fundamental ongoing work, and on developing new capabilities in priority areas;
- (2) to maintain high overall technical competence;
- (3) to improve staff diversity;
- (4) to balance emphases on the noncore and core areas; or
- (5) to improve the ability of the Institute to compete in the marketplace for qualified personnel.

(c) Volunteers**(1) In general**

The Director may establish a program to use volunteers in carrying out the programs of the Institute.

(2) Acceptance of personnel

The Director may accept, subject to regulations issued by the Office of Personnel Management, voluntary service for the Institute for such purpose if the service—

- (A) is to be without compensation; and
- (B) will not be used to displace any current employee or act as a substitute for any future full-time employee of the Institute.

(3) Federal employee status

Any individual who provides voluntary service under this subsection shall not be considered a Federal employee, except for purposes of chapter 81 of title 5 (relating to compensation for injury), and sections 2671 through 2680 of title 28 (relating to tort claims).

(d) Research fellowships**(1) In general**

The Director may expend funds appropriated for activities of the Institute in any fiscal year, as the Director considers appropriate, for awards of research fellowships and other forms of financial and logistical assistance, including direct stipend awards to—

- (A) students at institutions of higher learning within the United States who show promise as present or future contributors to the mission of the Institute; and
- (B) United States citizens for research and technical activities of the Institute, including programs.

(2) Selection criteria

The selection of persons to receive such fellowships and assistance shall be made on the basis of ability and of the relevance of the proposed work to the mission and programs of the Institute.

(3) Financial and logistical assistance

Notwithstanding section 1345 of title 31 or any other law to the contrary, the Director may include as a form of financial or logistical assistance under this subsection temporary housing and transportation to and from Institute facilities.

(e) Educational outreach activities

The Director may—

- (1) facilitate education programs for undergraduate and graduate students, postdoctoral researchers, and academic and industry employees;
- (2) sponsor summer workshops for STEM kindergarten through grade 12 teachers as appropriate;
- (3) develop programs for graduate student internships and visiting faculty researchers;
- (4) document publications, presentations, and interactions with visiting researchers and sponsoring interns as performance metrics for improving and continuing interactions with those individuals; and
- (5) facilitate laboratory tours and provide presentations for educational, industry, and community groups.

EFFECTIVE DATE

Pub. L. 99-574, § 8(b), Oct. 28, 1986, 100 Stat. 3238, provided that: “The amendments made by subsection (a)

[enacting this section] shall be effective October 1, 1987.”

SAVINGS CLAUSE FOR POST-DOCTORAL FELLOWSHIP PROGRAM

Pub. L. 114-329, title III, § 306(d)(2), Jan. 6, 2017, 130 Stat. 3010, provided that: “The amendment made by subsection (c) of this section [amending this section] shall not affect any award of a post-doctoral fellowship or other form of financial assistance made under section 19 of the National Institute of Standards and Technology Act (15 U.S.C. 278g-2) before the date of enactment of this Act [Jan. 6, 2017]. Such awards shall continue to be subject to the requirements to which such funds were subject under that section before the date of enactment of this Act.”

§ 278g-2a. Teacher science and technology enhancement Institute program

(a) Establishment

The Director shall establish within the Institute a teacher science and technology enhancement program to provide for professional development of mathematics and science teachers of elementary, middle, and secondary schools (as those terms are defined by the Director), including providing for the improvement of those teachers with respect to the understanding of science and the impacts of science on commerce.

(b) Areas of focus

In carrying out the program under this section, the Director shall focus on the areas of—

- (1) scientific measurements;
- (2) tests and standards development;
- (3) industrial competitiveness and quality;
- (4) manufacturing;
- (5) technology transfer; and

(6) any other area of expertise of the Institute that the Director determines to be appropriate.

(c) Procedures and selection criteria

The Director shall develop and issue procedures and selection criteria for participants in the program. The Director shall give special consideration to an application from a teacher from a high-need school, as defined in section 1021 of title 20.

(d) Scheduling

The program under this section shall be conducted on an annual basis during the summer months, during the period of time when a majority of elementary, middle, and secondary schools have not commenced a school year.

(e) Means of accomplishing goals

The program shall provide for teachers’ participation in activities at the laboratory facilities of the Institute, or shall utilize other means of accomplishing the goals of the program as determined by the Director, which may include the Internet, video conferencing and recording, and workshops and conferences.
