

Smoky Mountains National Park and the Blue Ridge Parkway, for the Yellow Face tract adjacent to the Waterrock Knob Visitor Center on the Blue Ridge Parkway; stated congressional findings and purposes for such land exchange; contained descriptions and provision relating to treatment of exchanged lands; set forth implementation process; and prohibited gaming on the Ravensford tract.

**§ 460a-6. Blue Ridge Parkway extension; acceptance of lands; public use, administration, and maintenance areas; survey location of parkway extension crossing national forest land; transfer from Federal agency to administrative jurisdiction of Secretary of the Interior; national forest uses following transfer within national forest**

The Secretary of the Interior is authorized to accept, on behalf of the United States, donations of land and interests in land in the States of North Carolina and Georgia, to construct thereon an extension of the Blue Ridge Parkway from the vicinity of Beech Gap, North Carolina, to the vicinity of Kennesaw Mountain National Battlefield Park north of Atlanta and Marietta, Georgia, and to provide public use, administration, and maintenance areas in connection therewith. The lands accepted for the parkway extension may vary in width but shall average not more than one hundred and twenty-five acres per mile in fee simple plus not more than twenty-five acres per mile in scenic easements. The survey location and width of any portion of the parkway extension that crosses national forest land shall be jointly determined by the Secretary of the Interior and the Secretary of Agriculture. Where the parkway extension designated by the Secretary of the Interior traverses Federal lands, the head of the department or agency having jurisdiction over such lands is authorized to transfer to the Secretary of the Interior the part of the Federal lands mutually agreed upon as necessary for the construction, maintenance and administration of the parkway extension and public use thereof, without transfer of funds. Any such transfer within a national forest shall not preclude any national forest use that is compatible with parkway use and that is agreed upon by the Secretary of the Interior and the Secretary of Agriculture.

(Pub. L. 90-555, § 1, Oct. 9, 1968, 82 Stat. 967.)

**§ 460a-7. Coordination of recreational development on parkway and national forest lands; administration of forest land recreational facilities and access road development by Secretary of Agriculture; forest road and Appalachian Trail relocation and reconstruction and alternative forest road provision by Secretary of the Interior**

To effectuate the recommendations in the report to the Congress on the North Carolina-Georgia extension of the Blue Ridge Parkway, made pursuant to the Act of August 10, 1961 (75 Stat. 337)—

(1) The Secretary of the Interior and the Secretary of Agriculture shall, insofar as practicable, coordinate and correlate recreational development on lands within the parkway and adjacent or related national forests land: *Provided*, That within national forest boundaries

recreational developments and facilities on Federal lands other than those actually within the national parkway shall be administered by the Secretary of Agriculture;

(2) Upon the request of the Secretary of Agriculture, the Secretary of the Interior shall relocate and reconstruct any national forest roads that may be disturbed by the parkway extension, or provide alternative roads that are necessary to the protection, administration, or utilization of the national forests, and shall allow access to areas to be developed by the Secretary of Agriculture on adjacent national forest lands unless to do so will materially impair the primary purposes of the parkway;

(3) The Secretary of the Interior may relocate and reconstruct portions of the Appalachian Trail, including trail shelters, that may be disturbed by the parkway extension and such relocation and reconstruction may be performed (A) on non-Federal lands when the Appalachian Trail Conference obtains the consent of the owner to the use of the lands for the purpose and agrees to assume maintenance thereof, and (B) upon national forest lands with the approval of the Secretary of Agriculture.

SUBCHAPTER LXVI—PUBLIC PARK AND RECREATIONAL FACILITIES AT WATER RESOURCE DEVELOPMENT PROJECTS

**§ 460d. Construction and operation of public parks and recreational facilities in water resource development projects; lease of lands; preference for use; penalty; application of section 3401 of title 18; citations and arrests with and without process; limitations; disposition of receipts**

The Chief of Engineers, under the supervision of the Secretary of the Army, is authorized to construct, maintain, and operate public park and recreational facilities at water resource development projects under the control of the Department of the Army, to permit the construction of such facilities by local interests (particularly those to be operated and maintained by such interests), and to permit the maintenance and operation of such facilities by local interests. The Secretary of the Army is also authorized to grant leases of lands, including structures or facilities thereon, at water resource development projects for such periods, and upon such terms and for such purposes as he may deem reasonable in the public interest: *Provided*, That leases to nonprofit organizations for park or recreational purposes may be granted at reduced or nominal considerations in recognition of the public service to be rendered in utilizing the leased premises: *Provided further*, That preference shall be given to federally recognized Indian tribes and Federal, State, or local governmental agencies, and licenses or leases where appropriate, may be granted without monetary considerations, to such Indian tribes or agencies for the use of all or any portion of a project area for any public purpose, when the Secretary of the Army determines such action to be in the public interest, and for such periods of time and upon such conditions as he may find advisable: *And provided further*, That in any such lease or license to a federally recognized Indian tribe<sup>1</sup> Federal, State, or local governmental agency which involves lands to be utilized for the development and conservation of fish and wildlife,

forests, and other natural resources, the licensee or lessee may be authorized to cut timber and harvest crops as may be necessary to further such beneficial uses and to collect and utilize the proceeds of any sales of timber and crops in the development, conservation, maintenance, and utilization of such lands. Any balance of proceeds not so utilized shall be paid to the United States at such time or times as the Secretary of the Army may determine appropriate. The water areas of all such projects shall be open to public use generally for boating, swimming, bathing, fishing, and other recreational purposes, and ready access to and exit from such areas along the shores of such projects shall be maintained for general public use, when such use is determined by the Secretary of the Army not to be contrary to the public interest, all under such rules and regulations as the Secretary of the Army may deem necessary, including but not limited to prohibitions of dumping and unauthorized disposal in any manner of refuse, garbage, rubbish, trash, debris, or litter of any kind at such water resource development projects, either into the waters of such projects or onto any land federally owned and administered by the Chief of Engineers. Any violation of such rules and regulations shall be punished by a fine of not more than \$500 or imprisonment for not more than six months, or both. Any persons charged with the violation of such rules and regulations may be tried and sentenced in accordance with the provisions of section 3401 of title 18. All persons designated by the Chief of Engineers for that purpose shall have the authority to issue a citation for violation of the regulations adopted by the Secretary of the Army, requiring the appearance of any person charged with violation to appear before the United States magistrate judge, within whose jurisdiction the water resource development project is located, for trial; and upon sworn information of any competent person any United States magistrate judge in the proper jurisdiction shall issue process for the arrest of any person charged with the violation of said regulations; but nothing herein contained shall be construed as preventing the arrest by any officer of the United States, without process, of any person taken in the act of violating said regulations. No use of any area to which this section applies shall be permitted which is inconsistent with the laws for the protection of fish and game of the State in which such area is situated. All moneys received by the United States for leases or privileges shall be deposited in the Treasury of the United States as miscellaneous receipts.
