

(e) New England rivers fish and wildlife inventory

The Director shall inventory the natural values of river basins in New England, including the Connecticut, Pawcatuck, Acushnet, North and South (in Plymouth County, Massachusetts), Charles, Merrimack, Saco, Androscoggin, Kennebec, Penobscot, Union, St. Croix, and Aroostock Rivers and their tributaries, and identify fish and wildlife habitat in most need of protection or where public access to the rivers should be provided. In addition, the Director shall, in cooperation with appropriate State agencies and local governments and after providing notice and opportunity for public comment, identify appropriate public or private measures for providing the necessary protection or access for each area included in the inventory. Within two years of November 16, 1990, the Director shall submit a report containing the findings, conclusions, and recommendations of the inventory and assessment to the House Committee on Merchant Marine and Fisheries and the Senate Committee on Environment and Public Works.

(f) Authorization of appropriations

There are authorized to be appropriated to the Director—

(1) \$5,000,000 per year for fiscal years 1991, 1992, 1993, 1994, and 1995 to implement fishery resource restoration plans and programs, except for activities related to the design and construction of fish passage facilities, as directed by subsection (c);

(2) \$500,000 per year for fiscal years 1991, 1992, and 1993 to conduct the study required under subsection (d); and

(3) \$500,000 to conduct the inventory and assessment required under section¹ (e).

ABOLITION OF HOUSE COMMITTEE ON MERCHANT MARINE AND FISHERIES

Committee on Merchant Marine and Fisheries of House of Representatives abolished and its jurisdiction transferred by House Resolution No. 6, One Hundred Fourth Congress, Jan. 4, 1995. Committee on Merchant Marine and Fisheries of House of Representatives treated as referring to Committee on Resources of House of Representatives in case of provisions relating to fish-

eries, wildlife, international fishing agreements, marine affairs (including coastal zone management) except for measures relating to oil and other pollution of navigable waters, or oceanography by section 1(b)(3) of Pub. L. 104-14, set out as a note preceding section 21 of Title 2, The Congress, Committee on Resources of House of Representatives changed to Committee on Natural Resources of House of Representatives by House Resolution No. 6, One Hundred Tenth Congress, Jan. 5, 2007.

§ 777f. Payments by United States**(a) Payments and advances to States**

When the Secretary of the Interior shall find that any project approved by him has been completed or, if involving research relating to fish, is being conducted, in compliance with said plans and specifications, he shall cause to be paid to the proper authority of said State the amount set aside for said project. The Secretary of the Interior may, in his discretion, from time to time, make payments on said project as the same progresses; but these payments, including previous payments, if any, shall not be more than the United States' pro rata share of the project in conformity with said plans and specifications. If a State has elected to avail itself of the benefits of this chapter by preparing a comprehensive fish and wildlife plan as provided for under option (1) of subsection (a) of section 777e of this title, and this plan has been approved by the Secretary of the Interior, then the Secretary may, in his discretion, and under such rules and regulations, as he may prescribe, advance funds to the State for financing the United States' pro rata share agreed upon between the State fish and game department and the Secretary.

(b) Construction work; joint payments

Any construction work and labor in each State shall be performed in accordance with its laws and under the direct supervision of the State fish and game department, subject to the inspection and approval of the Secretary of the Interior and in accordance with the rules and regulations made pursuant to this chapter. The Secretary of the Interior and the State fish and game department of each State may jointly determine at what times and in what amounts payments shall be made under this chapter. Such payments shall be made against the said appropriation to such official or officials, or depository, as may be designated by the State fish and game department and authorized under the laws of the State to receive public funds of the State.

§ 777g. Maintenance of projects

(a) Duty of States; status of projects; title to property

To maintain fish-restoration and management projects established under the provisions of this chapter shall be the duty of the States according to their respective laws. Beginning July 1, 1953, maintenance of projects heretofore completed under the provisions of this chapter may be considered as projects under this chapter. Title to any real or personal property acquired by any State, and to improvements placed on State-owned lands through the use of funds paid to the State under the provisions of this chapter, shall be vested in such State.

(b) Funding requirements

(1) Each State shall allocate 15 percent of the funds apportioned to it for each fiscal year under section 777c of this title for the payment of up to 75 per centum of the costs of the acquisition, development, renovation, or improvement of facilities (and auxiliary facilities necessary to insure the safe use of such facilities) that create, or add to, public access to the waters of the United States to improve the suitability of such waters for recreational boating purposes. Notwithstanding this provision, States within a United States Fish and Wildlife Service Administrative Region may allocate more or less than 15 percent in a fiscal year, provided that the total regional allocation averages 15 percent over a 5 year period.

(2) So much of the funds that are allocated by a State under paragraph (1) in any fiscal year that remained unexpended or unobligated at the close of such year are authorized to be made available for the purposes described in paragraph (1) during the succeeding four fiscal years, but any portion of such funds that remain unexpended or unobligated at the close of such period are authorized to be made available for expenditure by the Secretary of the Interior to supplement the 58.012 percent of the balance of each annual appropriation to be apportioned among the States under section 777c(c) of this title.

(c) Aquatic resource education program; funding, etc.

Each State may use not to exceed 15 percent of the funds apportioned to it under section 777c of this title to pay up to 75 per centum of the costs of an aquatic resource education and outreach and communications program for the purpose of increasing public understanding of the Nation's water resources and associated aquatic life forms. The non-Federal share of such costs may not be derived from other Federal grant programs. The Secretary shall issue not later than the one hundred and twentieth day after the effective date of this subsection such regulations as he deems advisable regarding the criteria for such programs.

(d) National Outreach and Communications Program

(1) Implementation

Within 1 year after June 9, 1998, the Secretary of the Interior shall develop and imple-

ment, in cooperation and consultation with the Sport Fishing and Boating Partnership Council, a national plan for outreach and communications.

(2) Content

The plan shall provide—

(A) guidance, including guidance on the development of an administrative process and funding priorities, for outreach and communications programs; and

(B) for the establishment of a national program.

(3) Secretary may match or fund programs

Under the plan, the Secretary may obligate amounts available under subsection (a)(5) or subsection (b) of section 777c of this title—

(A) to make grants to any State or private entity to pay all or any portion of the cost of carrying out any outreach and communications program under the plan; or

(B) to fund contracts with States or private entities to carry out such a program.

(4) Review

The plan shall be reviewed periodically, but not less frequently than once every 3 years.

(e) State outreach and communications program

Within 12 months after the completion of the national plan under subsection (d)(1), a State shall develop a plan for an outreach and communications program and submit it to the Secretary. In developing the plan, a State shall—

(1) review the national plan developed under subsection (d);

(2) consult with anglers, boaters, the sportfishing and boating industries, and the general public; and

(3) establish priorities for the State outreach and communications program proposed for implementation.

(f) Pumpout stations and waste reception facilities

Amounts apportioned to States under section 777c of this title may be used to pay not more than 75 percent of the costs of constructing, renovating, operating, or maintaining pumpout stations and waste reception facilities (as those terms are defined in the Clean Vessel Act of 1992).

(g) Surveys

(1) National framework

Within 6 months after June 9, 1998, the Secretary, in consultation with the States, shall adopt a national framework for a public boat access needs assessment which may be used by States to conduct surveys to determine the adequacy, number, location, and quality of facilities providing access to recreational waters for all sizes of recreational boats.

(2) State surveys

Within 18 months after June 9, 1998, each State that agrees to conduct a public boat access needs survey following the recommended national framework shall report its findings to the Secretary for use in the development of a comprehensive national assessment of recreational boat access needs and facilities.
