

for such use or occupancy: *Provided, however,* That the cutting and removal of timber, except where clearing is necessary in connection with mining operations or to provide space for buildings or structures used in connection with mining operations, shall be conducted in accordance with the rules for timber cutting on adjoining national-forest land, and no use of the surface of the claim or the resources therefrom not reasonably required for carrying on mining and prospecting shall be allowed except under the national-forest rules and regulations, nor shall the locator prevent or obstruct other occupancy of the surface or use of surface resources under authority of national-forest regulations, or permits issued thereunder, if such occupancy or use is not in conflict with mineral development.

(June 13, 1939, ch. 201, § 1, 53 Stat. 817.)

§ 482f. Patents affecting forest lands

On and after June 13, 1939, all patents issued under the United States mining laws affecting lands within the watershed of headwaters of the Bonito River in the Lincoln Forest, in the State of New Mexico, shall convey title to the mineral deposits within the claim, together with the right to cut and remove so much of the mature timber therefrom as may be needed in extracting and removing the mineral deposits, if the timber is removed in accordance with the rules for timber cutting on adjoining national-forest land, but each patent shall reserve to the United States all title in or to the surface of the lands and products thereof, and no use of the surface of the claim or the resources therefrom not reasonably required for carrying on mining or prospecting shall be allowed except under the rules and regulations of the Department of Agriculture.

(June 13, 1939, ch. 201, § 2, 53 Stat. 818.)

§ 482g. Perfection of claims within forest

Valid mining claims within the watershed of the headwaters of the Bonito River in the Lincoln National Forest, within the State of New Mexico, as above described, existing on June 13, 1939, and thereafter maintained in compliance with the law under which they were initiated and the laws of the State of New Mexico, may be perfected under sections 482e and 482f of this title, or under the laws under which they were initiated, as the claimant may desire.

(June 13, 1939, ch. 201, § 3, 53 Stat. 818.)

§ 482h. Coronado National Forest; mining rights

On and after March 15, 1940, mining locations made under the mining laws of the United States upon lands within four hundred feet of the center line of the Catalina Highway, Coronado National Forest, Arizona, which highway begins at the south boundary of said national forest near the southeast corner of section 7, township 13 south, range 16 east, Gila and Salt River base and meridian, and runs in a general northerly direction for a distance of about twenty-five miles to Soldier Camp, shall confer on the locator no right to the surface of the land described in his location other than the right to occupy and use, under the rules and regulations

relating to the administration of the Coronado National Forest, so much thereof as may be reasonably necessary to carry on prospecting and mining, and shall not authorize the taking of any resource other than the mineral deposits, or the occupancy of said land for any purpose other than prospecting and mining; and each patent issued thereafter under the United States mining laws upon a mineral location made upon lands within four hundred feet of said center line shall convey title only to the mineral deposits within said land and the right, subject to rules and regulations relating to the national forests, to occupy and use the surface of the land for prospecting and mining only: *Provided,* That valid mining claims within said lands existing on March 15, 1940, and thereafter maintained in compliance with the laws under which they were initiated and the laws of the State of Arizona may be perfected in accordance with the laws under which they were initiated.

(Mar. 15, 1940, ch. 59, 54 Stat. 52.)

§ 482h-1. Protection of scenic values of forest

On and after June 11, 1946, mining locations made under mining laws of the United States within the following-described lands within the Coronado National Forest, Pima County, Arizona: Sections 25, 26, 35, and 36, and the east half of section 34, township 11 south, range 15 east; sections 30, 31, 32, and 33, and the west half of section 29, township 11 south, range 16 east; sections 1, 2, and 3, township 12 south, range 15 east; sections 3, 4, 5, 6, 7, 8, 9, 10, 15, and 16, the west half of section 11, the west half of section 14, and the northwest quarter of section 23, township 12 south, range 16 east; Gila and Salt River base and meridian, shall confer on the locator the right to occupy and use so much of the surface of the land covered by the location as may be reasonably necessary to carry on prospecting, mining, and beneficiation of ores including the taking of mineral deposits and timber required by or in the mining and ore reducing operations, and no permit shall be required or charge made for such use or occupancy: *Provided, however,* That the cutting and removal of timber, except where clearing is necessary in connection with mining operations or to provide space for buildings or structures used in connection with mining operations, shall be conducted in accordance with the rules for timber cutting on adjoining national-forest land, and no use of the surface of the claim or the resources therefrom not reasonably required for carrying on mining and prospecting shall be allowed except under the national-forest rules and regulations, nor shall the locator prevent or obstruct other occupancy of the surface or use of surface resources under authority of national-forest regulations, or permits issued thereunder, if such occupancy or use is not in conflict with mineral development.

(June 11, 1946, ch. 377, § 1, 60 Stat. 254.)

§ 482h-2. Cutting of timber; reservation of patent rights

On and after June 11, 1946, all patents issued under the United States mining laws affecting
