

Apr. 13, 1976, 90 Stat. 331, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 1801 of this title and Tables.

CODIFICATION

Section was enacted as part of the Commerce, Justice, Science, and Related Agencies Appropriations Act, 2018, and also as part of the Consolidated Appropriations Act, 2018, and not as part of the Magnuson-Stevens Fishery Conservation and Management Act which comprises this chapter.

SUBCHAPTER VI—MISCELLANEOUS

Editorial Notes

CODIFICATION

This subchapter was enacted as part of the Magnuson-Stevens Fishery Conservation and Management Reauthorization Act of 2006, and not as part of the Magnuson-Stevens Fishery Conservation and Management Act which comprises this chapter.

§ 1891. Investment in United States seafood processing facilities

The Secretary of Commerce shall work with the Small Business Administration and other Federal agencies to develop financial and other mechanisms to encourage United States investment in seafood processing facilities in the United States for fisheries that lack capacity needed to process fish harvested by United States vessels in compliance with the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 et seq.).

(Pub. L. 109–479, title I, §106(c), Jan. 12, 2007, 120 Stat. 3593.)

CODIFICATION

Section was enacted as part of the Magnuson-Stevens Fishery Conservation and Management Reauthorization Act of 2006, and not as part of the Magnuson-Stevens Fishery Conservation and Management Act which comprises this chapter.

§ 1891a. Community-based restoration program for fishery and coastal habitats

(a) In general

The Secretary of Commerce shall establish a community-based fishery and coastal habitat restoration program to implement and support the restoration of fishery and coastal habitats.

(b) Authorized activities

In carrying out the program, the Secretary may—

- (1) provide funding and technical expertise to fishery and coastal communities to assist them in restoring fishery and coastal habitat;
- (2) advance the science and monitoring of coastal habitat restoration;
- (3) transfer restoration technologies to the private sector, the public, and other governmental agencies;

(4) develop public-private partnerships to accomplish sound coastal restoration projects;

(5) promote significant community support and volunteer participation in fishery and coastal habitat restoration;

(6) promote stewardship of fishery and coastal habitats; and

(7) leverage resources through national, regional, and local public-private partnerships.

(Pub. L. 109–479, title I, §117, Jan. 12, 2007, 120 Stat. 3606.)

§ 1891b. Fisheries Conservation and Management Fund

(a) In general

The Secretary shall establish and maintain a fund, to be known as the “Fisheries Conservation and Management Fund”, which shall consist of amounts retained and deposited into the Fund under subsection (c).

(b) Purposes

Subject to the allocation of funds described in subsection (d), amounts in the Fund shall be available to the Secretary of Commerce, without appropriation or fiscal year limitation, to disburse as described in subsection (e) for—

(1) efforts to improve fishery harvest data collection including—

(A) expanding the use of electronic catch reporting programs and technology; and

(B) improvement of monitoring and observer coverage through the expanded use of electronic monitoring devices and satellite tracking systems such as VMS on small vessels;

(2) cooperative fishery research and analysis, in collaboration with fishery participants, academic institutions, community residents, and other interested parties;

(3) development of methods or new technologies to improve the quality, health safety, and value of fish landed;

(4) conducting analysis of fish and seafood for health benefits and risks, including levels of contaminants and, where feasible, the source of such contaminants;

(5) marketing of sustainable United States fishery products, including consumer education regarding the health or other benefits of wild fishery products harvested by vessels of the United States;

(6) improving data collection under the Marine Recreational Fishery Statistics Survey in accordance with section 401(g)(3) of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1881(g)(3)); and

(7) providing financial assistance to fishermen to offset the costs of modifying fishing practices and gear to meet the requirements of this Act, the Magnuson-Stevens Fishery Con-
