

Memorandum for the Secretary of Agriculture

By the authority vested in me as President by the Constitution and the laws of the United States, including section 301 of title 3, United States Code, I hereby delegate to you the functions and authority conferred upon the President by section 7 of the Soil and Water Resources Conservation Act of 1977 (16 U.S.C. 2006), as amended by section 2804 of the Food, Conservation, and Energy Act of 2008, to make the specified reports to the Congress.

You are authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.

§ 2007. Authorization of appropriations

There are authorized to be appropriated such funds as may be necessary to carry out the purposes of this chapter.

(Pub. L. 95–192, § 8, Nov. 18, 1977, 91 Stat. 1411.)

§ 2008. Utilization of available information and data

In the implementation of this chapter, the Secretary shall utilize information and data available from other Federal, State, tribal, and local governments, and private organizations and he shall coordinate his actions with the resource appraisal and planning efforts of other Federal agencies and avoid unnecessary duplication and overlap of planning and program efforts.

§ 2101. Findings, purpose, and policy

(a) Findings

Congress finds that—

(1) most of the productive forest land of the United States is in private, State, and local governmental ownership, and the capacity of the United States to produce renewable forest resources is significantly dependent on such non-Federal forest lands;

(2) adequate supplies of timber and other forest resources are essential to the United States, and adequate supplies are dependent on efficient methods for establishing, managing, and harvesting trees and processing, marketing, and using wood and wood products;

(3) nearly one-half of the wood supply of the United States comes from nonindustrial private timberlands and such percentage could rise with expanded assistance programs;

(4) managed forest lands provide habitats for fish and wildlife, as well as aesthetics, outdoor recreation opportunities, and other forest resources;

(5) the soil, water, and air quality of the United States can be maintained and improved
