

(b) Updating

At such times as the Secretary determines to be necessary, the State forester or equivalent State official shall update and resubmit to the Secretary the State-wide assessment and State-wide strategy required by subsection (a).

(c) Coordination

In developing or updating the State-wide assessment and State-wide strategy required by subsection (a), the State Forester or equivalent State official shall coordinate with—

- (1) the State Forest Stewardship Coordinating Committee established for the State under section 2113(b) of this title;
- (2) the State wildlife agency, with respect to strategies contained in the State wildlife action plans;
- (3) the State Technical Committee;
- (4) applicable Federal land management agencies;
- (5) as feasible, appropriate military installations where the voluntary participation and management of private or State-owned or other public forestland is able to support, promote, and contribute to the missions of such installations; and
- (6) for purposes of the Forest Legacy Program under section 2103c of this title, the State lead agency designated by the Governor.

(d) Incorporation of other plans

In developing or updating the State-wide assessment and State-wide strategy required by subsection (a), the State forester or equivalent State official shall incorporate any forest management plan of the State, including community wildfire protection plans and State wildlife action plans.

(e) Sufficiency

Once approved by the Secretary, a State-wide assessment and State-wide strategy developed under subsection (a) shall be deemed to be sufficient to satisfy all relevant State planning and assessment requirements under this chapter.

(f) Funding**(1) Authorization of appropriations**

There are authorized to be appropriated to carry out this section up to \$10,000,000 for each of fiscal years 2008 through 2023.

(2) Additional funding sources

In addition to the funds appropriated for a fiscal year pursuant to the authorization of appropriations in paragraph (1) to carry out this section, the Secretary may use any other funds made available for planning under this chapter to carry out this section, except that the total amount of combined funding used to carry out this section may not exceed \$10,000,000 in any fiscal year.

(g) Annual report on use of funds

The State forester or equivalent State official shall submit to the Secretary an annual report detailing how funds made available to the State under this chapter are being used.

§ 2102. Rural forestry assistance**(a) Assistance to forest landowners and others**

The Secretary may provide financial, technical, educational, and related assistance to State foresters or equivalent State officials, and State extension directors, to enable such officials to provide technical information, advice, and related assistance to private forest land owners and managers, vendors, forest resource operators, forest resource professionals, public agencies, and individuals to enable such persons to carry out activities that are consistent with the purposes of this chapter, including—

- (1) protecting, maintaining, enhancing, restoring, and preserving forest lands and the multiple values and uses that depend on such lands;
- (2) identifying, protecting, maintaining, enhancing, and preserving wildlife and fish species, including threatened and endangered species, and their habitats;
- (3) implementing forest management technologies;
- (4) selecting, producing, and marketing alternative forest crops, products and services from forest lands;
- (5) protecting forest land from damage caused by fire, insects, disease, and damaging weather;
- (6) managing the rural-land and urban-land interface to balance the use of forest resources in and adjacent to urban and community areas;

(7) identifying and managing recreational forest land resources;

(8) identifying and protecting the aesthetic character of forest lands;

(9) protecting forest land from conversion to alternative uses; and

(10) the management of resources of forest lands, including—

(A) the harvesting, processing, and marketing of timber and other forest resources and the marketing and utilization of wood and wood products;

(B) the conversion of wood to energy for domestic, industrial, municipal, and other uses;

(C) the planning, management, and treatment of forest land, including site preparation, reforestation, thinning, prescribed burning, and other silvicultural activities designed to increase the quantity and improve the quality of timber and other forest resources;

(D) ensuring that forest regeneration or reforestation occurs if needed to sustain long-term resource productivity;

(E) protecting and improving forest soil fertility and the quality, quantity, and timing of water yields; and

(F) encouraging the investment of a portion of the proceeds from the sale of timber or other forest resources in stewardship activities that preserve, protect, maintain, and enhance their forest land.

(b) State forestry assistance

The Secretary is authorized to provide financial, technical, and related assistance to State foresters, or equivalent State officials, to—

(1) develop genetically improved tree seeds;

(2) develop and contract for the development of field arboretums, greenhouses, and tree nurseries, in cooperation with a State, to facilitate production and distribution of tree seeds and seedlings in States where the Secretary determines that there is an inadequate capacity to carry out present and future reforestation needs;

(3) procure, produce, and distribute tree seeds and trees for the purpose of establishing forests, windbreaks, shelterbelts, woodlots, and other plantings;

(4) plant tree seeds and seedlings on non-Federal forest lands that are suitable for the production of timber, recreation, and for other benefits associated with the growing of trees;

(5) plan, organize, and implement measures on non-Federal forest lands, including thinning, prescribed burning, and other silvicultural activities designed to increase the quantity and improve the quality of trees and other vegetation, fish and wildlife habitat, and water yielded therefrom; and

(6) protect or improve soil fertility on non-Federal forest lands and the quality, quantity, and timing of water yields therefrom.

(c) Implementation

In implementing this section, the Secretary shall cooperate with other Federal, State, and local natural resource management agencies, universities and the private sector.

(d) Authorization of appropriations

There are authorized to be appropriated such sums as may be necessary to carry out this section.

PURPOSES OF FOREST LAND ENHANCEMENT PROGRAM

Pub. L. 107-171, title VIII, §8002(a), May 13, 2002, 116 Stat. 468, which listed purposes for the establishment of a forest land enhancement program, was repealed by Pub. L. 113-79, title VIII, §8001(b), Feb. 7, 2014, 128 Stat. 913.

§ 2103a. Forest Stewardship Program

(a) Establishment

The Secretary, in consultation with State foresters or equivalent State officials, shall establish a Forest Stewardship Program (hereafter referred to in this section as the “Program”) to encourage the long-term stewardship of non-industrial private forest lands by assisting owners of such lands to more actively manage their forest and related resources by utilizing existing State, Federal, and private sector resource management expertise and assistance programs.

(b) Goal

The goal of the Program shall be to enter at least 25,000,000 acres of nonindustrial private forest lands in the Program by December 31, 1995.

(c) “Nonindustrial private forest lands” defined

For the purposes of this section, the term “nonindustrial private forest lands” means rural, as determined by the Secretary, lands with existing tree cover, or suitable for growing trees, and owned by any private individual, group, association, corporation, Indian tribe, or other private legal entity.

(d) Implementation

In carrying out the Program the Secretary, in consultation with State foresters or equivalent State officials, shall provide financial, technical, educational, and related assistance to
