§ 3232. Recommendations of President to Congress

(a) Recommendation

At any time after December 2, 1980, the President may transmit a recommendation to the Congress that mineral exploration, develop-

Notice of such transmittal shall be published in the Federal Register. No recommendation of the President under this section may be transmitted to the Congress before ninety days after publication in the Federal Register of notice of his intention to submit such recommendation.

(b) Findings

A recommendation may be transmitted to the Congress under subsection (a) if the President finds that, based on the information available to him—

(c) Report

Together with his recommendation, the President shall submit to the Congress—

(1) a report setting forth in detail the relevant factual background and the reasons for his findings and recommendation;

(2) a statement of the conditions and stipulations which would govern the activity if approved by the Congress; and
