TRANSFER OF FUNCTIONS

See Transfer of Functions note set out under section 661 of this title.

§ 665a. Maintenance of adequate water levels in upper Mississippi River

In the management of existing facilities (including locks, dams, and pools) in the Mississippi River between Rock Island, Illinois, and Minneapolis, Minnesota, administered by the United States Corps of Engineers of the Department of the Army, that Department is directed to give full consideration and recognition to the needs of fish and other wildlife resources and their habitat dependent on such waters, without increasing additional liability to the Government, and, to the maximum extent possible without causing damage to levee and drainage districts, adjacent railroads and highways, farm lands, and dam structures, shall generally operate and maintain pool levels as though navigation was carried on throughout the year.

(Mar. 10, 1934, ch. 55, § 5A, as added June 19, 1948, ch. 528, 62 Stat. 497.)

§ 666. Authorization of appropriations

There is authorized to be appropriated from time to time, out of any money in the Treasury not otherwise appropriated, such amounts as may be necessary to carry out the provisions of this Act and regulations made pursuant thereto, including the construction of such facilities, buildings, and other improvements necessary for economical administration of areas made available to the Secretary of the Interior under this Act, and the employment in the city of Washington and elsewhere of such persons and means as the Secretary of the Interior may deem necessary for such purposes.

(Mar. 10, 1934, ch. 55, § 6, 48 Stat. 402; Aug. 14, 1946, ch. 965, 60 Stat. 1081.)
