**(a) Set-aside for expenses for administration of this chapter**

**(1) In general**

**(A) Set-aside**

For fiscal year 2001 and each fiscal year thereafter, of the revenues (excluding interest accruing under section 669b(b) of this title) covered into the fund for the fiscal year, the Secretary of the Interior may use not more than the available amount specified in subparagraph (B) for the fiscal year for expenses for administration incurred in implementation of this chapter, in accordance with this subsection and section 669h of this title.

**(B) Available amounts**

The available amount referred to in subparagraph (A) is—

(i) for the fiscal year that includes November 15, 2021, the sum obtained by adding—

(I) the available amount specified in this subparagraph for the preceding fiscal year; and

(II) \$979,500; and

(ii) for each fiscal year thereafter, the sum obtained by adding—

(II) the product obtained by multiplying—

(aa) the available amount specified in this subparagraph for the preceding fiscal year; and

(bb) the change, relative to the preceding fiscal year, in the Consumer Price Index for All Urban Consumers published by the Department of Labor.

**(2) Period of availability; apportionment of unobligated amounts**

**(A) Period of availability**

For each fiscal year, the available amount under paragraph (1) shall remain available for obligation for use under that paragraph until the end of the subsequent fiscal year.

**(B) Apportionment of unobligated amounts**

**(i) In general**

Not later than 60 days after the end of a fiscal year, the Secretary of the Interior shall apportion among the States any of the available amount under paragraph (1) that remained available for obligation pursuant to subparagraph (A) during that fis-

cal year and remains unobligated at the end of that fiscal year.

**(ii) Requirement**

The available amount apportioned under clause (i) shall be apportioned on the same basis and in the same manner as other amounts made available under this chapter were apportioned among the States for the fiscal year in which the amount was originally made available.

**(b) Apportionment to States**

The Secretary of the Interior, after deducting the available amount under subsection (a), the amount apportioned under subsection (c), any amount apportioned under section 669g-1 of this title, and amounts provided as grants under sections 669h-1 and 669h-2 of this title, shall apportion the remainder of the revenue in said fund for each fiscal year among the several States in the following manner: One-half in the ratio which the area of each State bears to the total area of all the States, and one-half in the ratio which the number of paid hunting-license holders of each State in the second fiscal year preceding the fiscal year for which such apportionment is made, as certified to said Secretary by the State fish and game departments, bears to the total number of paid hunting-license holders of all the States. Such apportionments shall be adjusted equitably so that no State shall receive less than one-half of 1 per centum nor more than 5 per centum of the total amount apportioned. The term fiscal year as used in this chapter shall be a period of twelve consecutive months from October 1 through the succeeding September 30, except that the period for enumeration of paid hunting-license holders shall be a State's fiscal or license year.

**(c) Apportionment of revenues from pistols, revolvers, bows, and arrows**

**(1) In general**

Subject to paragraph (2),  $\frac{1}{2}$  of the revenues accruing to the fund under this chapter each fiscal year (beginning with the fiscal year 1975) from any tax imposed on pistols, revolvers, bows, and arrows shall be apportioned among the States in proportion to the ratio that the population of each State bears to the population of all the States.

**(2) Condition**

The amount apportioned to each State under paragraph (1) shall be not greater than 3 percent and not less than 1 percent of the revenues described in such paragraph and Guam, the Virgin Islands, American Samoa, Puerto Rico, and the Northern Mariana Islands shall each be apportioned one-sixth of 1 per centum of such revenues.

**(3) Population determination**

For the purpose of this subsection, population shall be determined on the basis of the latest decennial census for which figures are available, as certified by the Secretary of Commerce.

**(4) Use of funds**

In addition to other uses authorized under this chapter, amounts apportioned under this

subsection may be used for hunter recruitment and recreational shooter recruitment.

**(d) Apportionment of Wildlife Conservation and Restoration Account**

(1) The Secretary of the Interior shall make the following apportionment from the Wildlife Conservation and Restoration Account:

(A) to the District of Columbia and to the Commonwealth of Puerto Rico, each a sum equal to not more than one-half of 1 percent thereof.

(ii) two-thirds of which is based on the ratio to which the population of such State bears to the total population of all such States.

(B) The amounts apportioned under this paragraph shall be adjusted equitably so that no such State shall be apportioned a sum which is less than one percent of the amount available for apportionment under this paragraph for any fiscal year or more than five percent of such amount.

(2) A State shall provide an opportunity for public participation in the development of the comprehensive plan required under paragraph (1).

(3) If the Secretary finds that the comprehensive plan submitted by a State complies with paragraph (1), the Secretary shall approve the wildlife conservation and restoration program of the State and set aside from the apportionment to the State made pursuant to subsection (d), as redesignated<sup>1</sup> an amount that shall not exceed 75 percent of the estimated cost of developing and implementing the program.

#### § 669e. Submission and approval of plans and projects

##### (a) Setting aside funds

Any State desiring to avail itself of the benefits of this chapter shall, by its State fish and game department, submit programs or projects for wildlife restoration in either of the following two ways:

(1) The State shall prepare and submit to the Secretary of the Interior a comprehensive fish and wildlife resource management plan which shall insure the perpetuation of these resources for the economic, scientific, and recreational enrichment of the people. Such plan shall be for a period of not less than five years and be based on projections of desires and needs of the people for a period of not less than fifteen years. It shall include provisions for updating at intervals of not more than three years and be provided in a format as may be required by the Secretary of the Interior. If the Secretary of the Interior finds that such plans conform to standards established by him and approves such plans, he may finance up to 75 per centum of the cost of implementing segments of those plans meeting the purposes of this chapter from funds apportioned under this chapter upon his approval of an annual agreement submitted to him.

(2) A State may elect to avail itself of the benefits of this chapter by its State fish and game department submitting to the Secretary of the Interior full and detailed statements of any wildlife-restoration project proposed for that State. If the Secretary of the Interior finds that such project meets with the standards set by him and approves said project, the State fish and game department shall furnish to him such surveys, plans, specifications, and estimates therefor as he may require. If the Secretary of the Interior approves the plans, specifications, and estimates for the project, he shall notify the State fish and game department and immediately set aside so much of said fund as represents the share of the United States payable under this chapter on account of such project, which sum so set aside shall not exceed 75 per centum of the total estimated cost thereof.

The Secretary of the Interior shall approve only such comprehensive plans or projects as may be substantial in character and design and the expenditure of funds hereby authorized shall be applied only to such approved comprehensive wildlife plans or projects and if otherwise applied they shall be replaced by the State before it may participate in any further apportionment under this chapter. No payment of any money apportioned under this chapter shall be made on any comprehensive wildlife plan or project until an agreement to participate therein shall have been submitted to and approved by the Secretary of the Interior.

##### (b) “Project” defined

If the State elects to avail itself of the benefits of this chapter by preparing a comprehensive fish and wildlife plan under option (1) of subsection (a) of this section, then the term “project” may be defined for the purposes of this chapter as a wildlife program, all other definitions notwithstanding.
