

§ 695. Migratory waterfowl and other wildlife refuge in California; participation by State of California

The Secretary of the Interior is authorized to purchase or rent not to exceed twenty thousand acres of land or interests therein in suitable locations in the State of California, for the management and control of migratory waterfowl and other wildlife in connection therewith, from moneys to be appropriated by Congress from time to time: *Provided*, That no sums appropriated under this authority for the acquisition of lands shall be expended for such purpose unless and until the State of California shall have set aside and made available for expenditure funds for the purchase of equivalent acreages as determined by the Secretary of the Interior.

(May 18, 1948, ch. 303, § 1, 62 Stat. 238.)

§ 695a. Title in United States of California refuge areas; existence of easements, reservations, etc.; affecting acquisition

The Secretary of the Interior may do all things and make all expenditures necessary to secure the safe title in the United States to the areas which may be acquired under sections 695 to 695c of this title, including purchase of options when deemed necessary, and expenses incident to the location, examination and survey of such areas and the acquisition of title thereto, but no payments shall be made for any such areas until the title thereto shall be satisfactory to the Attorney General. The acquisition of such areas by the United States shall in no case be defeated because of rights-of-way, easements, exceptions, and reservations which from their nature will, in the opinion of the Secretary of the Interior, in no manner interfere with the use of the areas so encumbered for the purposes of said sections.

(May 18, 1948, ch. 303, § 2, 62 Stat. 238.)

§ 695b. Applicability of certain statutes

Sections 715g to 715i and 715l to 715n of this title are made applicable for the purposes of sections 695 to 695c of this title in the same manner and to the same extent as though they were enacted as part of sections 695 to 695c of this title, except that lands acquired hereunder may be administered primarily as wildlife management areas not subject to the prohibition against the taking of birds or nests or the eggs thereof, as contained in section 715i of this title, and hunting thereon may be regulated, at the option of the Fish and Game Commission of the State of California, in such cooperative manner as is deemed necessary to carry out the purposes of sections 695 to 695c of this title subject, however, to the provisions of the Migratory Bird Treaty Act of July 3, 1918 [16 U.S.C. 703 et seq.].
