**§ 262p-6. Improvement of the Heavily Indebted Poor Countries Initiative**

**(a) Improvement of the HIPC Initiative**

In order to accelerate multilateral debt relief and promote human and economic development and poverty alleviation in heavily indebted poor countries, the Congress urges the President to commence immediately efforts, with the Paris Club of Official Creditors, as well as the International Monetary Fund (IMF), the International Bank for Reconstruction and Development (World Bank), and other appropriate multilateral development institutions to accomplish the following modifications to the Heavily Indebted Poor Countries Initiative:

**(1) Focus on poverty reduction, good governance, transparency, and participation of citizens**

A country which is otherwise eligible to receive cancellation of debt under the modified Heavily Indebted Poor Countries Initiative may receive such cancellation only if the country has committed, in connection with social and economic reform programs that are jointly developed, financed, and administered by the World Bank and the IMF—

(A) to enable, facilitate, or encourage the implementation of policy changes and institutional reforms under economic reform programs, in a manner that ensures that such policy changes and institutional reforms are designed and adopted through transparent and participatory processes;

(B) to adopt an integrated development strategy to support poverty reduction through economic growth, that includes monitorable poverty reduction goals;

(C) to take steps so that the financial benefits of debt relief are applied to programs to combat poverty (in particular through concrete measures to improve economic infrastructure, basic services in education, nutrition, and health, particularly treatment and prevention of the leading causes of mortality) and to redress environmental degradation;

(D) to take steps to strengthen and expand the private sector, encourage increased trade and investment, support the development of free markets, and promote broad-based economic growth;

(E) to implement transparent policy making and budget procedures, good governance, and effective anticorruption measures;

(F) to broaden public participation and popular understanding of the principles and goals of poverty reduction, particularly through economic growth, and good governance; and

(G) to promote the participation of citizens and nongovernmental organizations in the economic policy choices of the government.

**(2) Faster debt relief**

The Secretary of the Treasury should urge the IMF and the World Bank to complete a debt sustainability analysis by December 31, 2000, and determine eligibility for debt relief, for as many of the countries under the modified Heavily Indebted Poor Countries Initiative as possible.

**(b) Heavily Indebted Poor Countries review**

The Secretary of the Treasury, after consulting with the Committees on Banking and Financial Services and International Relations of the House of Representatives, and the Committees on Foreign Relations and Banking, Housing, and Urban Affairs of the Senate, shall make every effort (including instructing the United States Directors at the IMF and World Bank) to ensure that an external assessment of the modified Heavily Indebted Poor Countries Initiative, including the reformed Enhanced Structural Adjustment Facility program as it relates to that Initiative, takes place by December 31, 2001, incorporating the views of debtor governments and civil society, and that such assessment be made public.

**(c) Definition**

**§ 262p-7. Reform of the Enhanced Structural Adjustment Facility**

The Secretary of the Treasury shall instruct the United States Executive Directors at the International Bank for Reconstruction and Development (World Bank) and the International Monetary Fund (IMF) to use the voice and vote of the United States to promote the establishment of poverty reduction strategy policies and procedures at the World Bank and the IMF that

support countries' efforts under programs developed and jointly administered by the World Bank and the IMF that have the following components:

(1) The development of country-specific poverty reduction strategies (Poverty Reduction Strategies) under the leadership of such countries that—

(A) will be set out in poverty reduction strategy papers (PRSPs) that provide the basis for the lending operations of the International Development Association (IDA) and the reformed Enhanced Structural Adjustment Facility (ESAF);

(B) will reflect the World Bank's role in poverty reduction and the IMF's role in macroeconomic issues;

(C) will make the IMF's and the World Bank's advice and operations fully consistent with the objectives of poverty reduction through broad-based economic growth; and

(D) should include—

(i) implementation of transparent budgetary procedures and mechanisms to help ensure that the financial benefits of debt relief under the modified Heavily Indebted Poor Countries Initiative (as defined in section 262p-6 of this title) are applied to programs that combat poverty; and

(2) The adoption of procedures for periodic comprehensive reviews of reformed ESAF and IDA programs to help ensure progress toward longer-term poverty goals outlined in the Poverty Reduction Strategies and to allow adjustments in such programs.

(3) The publication of the PRSPs prior to Executive Board review of related programs under IDA and the reformed ESAF.

(4) The establishment of a standing evaluation unit at the IMF, similar to the Operations Evaluation Department of the World Bank, that would report directly to the Executive Board of the IMF and that would undertake periodic reviews of IMF operations, including the operations of the reformed ESAF, including—

(B) assessments of the extent and quality of participation in program design by citizens;

(C) verifications that reformed ESAF programs are designed in a manner consistent with the Poverty Reduction Strategies; and

(D) prompt release to the public of all reviews by the standing evaluation unit.

(5) The promotion of clearer conditionality in IDA and reformed ESAF programs that focuses on reforms most likely to support poverty reduction through broad-based economic growth.

(6) The adoption by the IMF of policies aimed at reforming ESAF so that reformed ESAF programs are consistent with the Poverty Reduction Strategies.
