(4) Redressing misreporting of information

The Fund should have in place and apply systematically a strong framework of safeguards and measures to respond to, correct, and discourage cases of misreporting of information in the context of a Fund program, including—

(A) suspending Fund disbursements and ensuring that Fund lending is not resumed to members that engage in serious misreporting of material information until such time as remedial actions and sanctions, as appropriate, have been applied;

(B) ensuring that members make early repayments, where appropriate, of Fund resources disbursed on the basis of misreported information;

(C) making public cases of serious misreporting of material information;

(D) requiring all members receiving new disbursements from the Fund to undertake annually independent audits of central bank financial statements and publish the resulting audits; and

(E) requiring all members seeking new loans from the Fund to provide to the Fund detailed information regarding their internal control procedures, financial reporting and audit mechanisms and, in cases where there are questions about the adequacy of these systems, undertaking an on-site review and identifying needed remedies.
