

§ 320. Acquisition of lands for reservoirs or materials

When, in the judgment of the Secretary of the Interior, it is necessary for any railway company owning or operating a line of railway in any Indian reservation to acquire lands in such Indian reservation for reservoirs, material, or ballast pits for the construction, repair, and maintenance of its railway, or for the purpose of planting and growing thereon trees to protect its line of railway, the said Secretary is authorized to grant such lands to any such railway company under such terms and conditions and such rules and regulations as may be prescribed by the said Secretary.

When any railway company desiring to secure the benefits of this provision shall file with the Secretary of the Interior an application describing the lands which it desires to purchase, upon the payment of the price agreed upon the said Secretary shall cause such lands to be conveyed to the railway company applying therefor upon such terms and conditions as he may deem proper: *Provided*, That no lands shall be acquired under the terms of this provision in greater quantities than forty acres for any one reservoir, and one hundred and sixty acres for any material or ballast pit, to the extent of not more than one reservoir and one material or gravel pit in any one section of ten miles of any such railway in any Indian reservation: *And provided further*, That the lands acquired for tree planting shall be taken only at such places along the line of the railway company applying therefor as in the judgment of the said Secretary may be necessary, and shall be taken in strips adjoining and parallel with the right of way of the railway company taking the same, and shall not exceed one hundred and fifty feet in width.

All moneys paid for such lands shall be deposited in the Treasury of the United States to the credit of the tribe or tribes, and the moneys received by said Secretary as damages sustained by individual members of the Indian tribe, which damages shall be ascertained by the Secretary of the Interior and paid by the railway company taking such lands, shall be paid by said Secretary to the Indian or Indians sustaining such damages. The provisions of this section are extended and made applicable to any lands which have been allotted in severalty to any individual Indian under any law or treaty, but which have not been conveyed to the allottee with full power of alienation; the damages and compensation to be paid to any Indian allottee shall be ascertained and fixed in such manner as the Secretary of the Interior may direct and shall be paid by the railway company to said Secretary; the damages and compensation paid to the Secretary of the Interior by the railway company taking any such land shall be paid by said Secretary to the allottee sustaining such damages.

(Mar. 3, 1909, ch. 263, 35 Stat. 781, 782; May 6, 1910, ch. 204, 36 Stat. 349.)

§ 321. Rights-of-way for pipe lines

The Secretary of the Interior is authorized and empowered to grant a right-of-way in the nature

of an easement for the construction, operation, and maintenance of pipe lines for the conveyance of oil and gas through any Indian reservation, through any lands held by an Indian tribe or nation in the former Indian Territory, through any lands reserved for an Indian agency or Indian school, or for other purpose in connection with the Indian Service, or through any lands which have been allotted in severalty to any individual Indian under any law or treaty, but which have not been conveyed to the allottee with full power of alienation upon the terms and conditions herein expressed. Before title to rights of way applied for hereunder shall vest, maps of definite location shall be filed with and approved by the Secretary of the Interior: *Provided*, That before such approval the Secretary of the Interior may, under such rules and regulations as he may prescribe, grant temporary permits revocable in his discretion for the construction of such lines: *Provided*, That the construction of lateral lines from the main pipe line establishing connection with oil and gas wells on the individual allotments of citizens may be constructed without securing authority from the Secretary of the Interior and without filing maps of definite location, when the consent of the allottee upon whose lands oil or gas wells may be located and of all other allottees through whose lands said lateral pipe lines may pass has been obtained by the pipe-line company: *Provided further*, That in case it is desired to run a pipe line under the line of any railroad, and satisfactory arrangements cannot be made with the railroad company, then the question shall be referred to the Secretary of the Interior, who shall prescribe the terms and conditions under which the pipe-line company shall be permitted to lay its lines under said railroad. The compensation to be paid the tribes in their tribal capacity and the individual allottees for such right of way through their lands shall be determined in such manner as the Secretary of the Interior may direct, and shall be subject to his final approval. And where such lines are not subject to State or Territorial taxation the company or owner of the line shall pay to the Secretary of the Interior, for the use and benefit of the Indians, such annual tax as he may designate, not exceeding \$5 for each ten miles of line so constructed and maintained under such rules and regulations as said Secretary may prescribe. But nothing herein contained shall be so construed as to exempt the owners of such lines from the payment of any tax that may be lawfully assessed against them by either State, Territorial, or municipal authority. And incorporated cities and towns into and through which such pipe lines may be constructed shall have the power to regulate the manner of construction therein, and nothing herein contained shall be so construed as to deny the right of municipal taxation in such towns and cities, and nothing herein shall authorize the use of such right of way except for pipe line, and then only so far as may be necessary for its construction, maintenance, and care: *Provided*, That the rights herein granted shall not extend beyond a period of twenty years: *Provided further*, That the Secretary of the Interior, at the expiration of said twenty years, may extend the right to maintain

any pipe line constructed under this section for another period not to exceed twenty years from the expiration of the first right, upon such terms and conditions as he may deem proper. The right to alter, amend, or repeal this section is expressly reserved.

§ 322a. Renewal of rights-of-way without consent of Pueblo Tribes; authority of Secretary; compensation, etc.

Notwithstanding such provisions, the Secretary of the Interior may, without the consent of the affected Pueblo Tribes, grant one renewal for a period not to exceed ten years of any right-of-way acquired through litigation initiated under the Act of May 10, 1926 (44 Stat. 498), or by compromise and settlement in such litigation, prior to January 1, 1975. The Secretary shall require, as compensation for the Pueblo involved, the fair market value, as determined by the Secretary, of the grant of such renewal. The Secretary may grant such right-of-way renewal under this section only in the event the owner of such existing right-of-way and the Pueblo Tribe involved cannot reach agreement on renewal within ninety days after such renewal is requested. Nothing in this section shall be deemed to validate or authorize the renewal of a right-of-way which is otherwise invalid by reason of the invalidity of the Act of May 10, 1926, on the date said right-of-way was originally obtained.

(Apr. 21, 1928, ch. 400, §2, as added Pub. L. 94-416, §3, Sept. 17, 1976, 90 Stat. 1275.)
