SAVINGS PROVISION

For provisions that nothing in amendment by Pub. L. 101-508 be construed to affect treatment of certain transactions occurring, property acquired, or items of income, loss, deduction, or credit taken into account prior to Nov. 5, 1990, for purposes of determining liability for tax for periods ending after Nov. 5, 1990, see section 11821(b) of Pub. L. 101-508, set out as a note under section 45K of this title.

§ 422. Incentive stock options

(a) In general

Section 421(a) shall apply with respect to the transfer of a share of stock to an individual pursuant to his exercise of an incentive stock option if—

(1) no disposition of such share is made by him within 2 years from the date of the granting of the option nor within 1 year after the transfer of such share to him, and

(2) at all times during the period beginning on the date of the granting of the option and ending on the day 3 months before the date of such exercise, such individual was an employee of either the corporation granting such option, a parent or subsidiary corporation of such corporation, or a corporation or a parent or subsidiary corporation of such corporation issuing or assuming a stock option in a transaction to which section 424(a) applies.

(b) Incentive stock option

For purposes of this part, the term “incentive stock option” means an option granted to an individual for any reason connected with his employment by a corporation, if granted by the employer corporation or its parent or subsidiary corporation, to purchase stock of any of such corporations, but only if—

(1) the option is granted pursuant to a plan which includes the aggregate number of shares which may be issued under options and the employees (or class of employees) eligible to receive options, and which is approved by the stockholders of the granting corporation within 12 months before or after the date such plan is adopted;

(2) such option is granted within 10 years from the date such plan is adopted, or the date

such plan is approved by the stockholders, whichever is earlier;

(3) such option by its terms is not exercisable after the expiration of 10 years from the date such option is granted;

(4) the option price is not less than the fair market value of the stock at the time such option is granted;

(5) such option by its terms is not transferable by such individual otherwise than by will or the laws of descent and distribution, and is exercisable, during his lifetime, only by him; and

(6) such individual, at the time the option is granted, does not own stock possessing more than 10 percent of the total combined voting power of all classes of stock of the employer corporation or of its parent or subsidiary corporation.

Such term shall not include any option if (as of the time the option is granted) the terms of such option provide that it will not be treated as an incentive stock option. Such term shall not include any option if an election is made under section 83(i) with respect to the stock received in connection with the exercise of such option.

(c) Special rules

(1) Good faith efforts to value stock

If a share of stock is transferred pursuant to the exercise by an individual of an option which would fail to qualify as an incentive stock option under subsection (b) because there was a failure in an attempt, made in good faith, to meet the requirement of subsection (b)(4), the requirement of subsection (b)(4) shall be considered to have been met. To the extent provided in regulations by the Secretary, a similar rule shall apply for purposes of subsection (d).

(2) Certain disqualifying dispositions where amount realized is less than value at exercise

If—

(A) an individual who has acquired a share of stock by the exercise of an incentive stock option makes a disposition of such share within either of the periods described in subsection (a)(1), and

(B) such disposition is a sale or exchange with respect to which a loss (if sustained) would be recognized to such individual,

then the amount which is includible in the gross income of such individual, and the amount which is deductible from the income of his employer corporation, as compensation attributable to the exercise of such option shall not exceed the excess (if any) of the amount realized on such sale or exchange over the adjusted basis of such share.

(3) Certain transfers by insolvent individuals

If an insolvent individual holds a share of stock acquired pursuant to his exercise of an incentive stock option, and if such share is transferred to a trustee, receiver, or other similar fiduciary in any proceeding under title 11 or any other similar insolvency proceeding, neither such transfer, nor any other transfer of such share for the benefit of his creditors in

such proceeding, shall constitute a disposition of such share for purposes of subsection (a)(1).

(4) Permissible provisions

An option which meets the requirements of subsection (b) shall be treated as an incentive stock option even if—

(A) the employee may pay for the stock with stock of the corporation granting the option,

(B) the employee has a right to receive property at the time of exercise of the option, or

(C) the option is subject to any condition not inconsistent with the provisions of subsection (b).

Subparagraph (B) shall apply to a transfer of property (other than cash) only if section 83 applies to the property so transferred.

(5) 10-percent shareholder rule

Subsection (b)(6) shall not apply if at the time such option is granted the option price is at least 110 percent of the fair market value of the stock subject to the option and such option by its terms is not exercisable after the expiration of 5 years from the date such option is granted.

(6) Special rule when disabled

For purposes of subsection (a)(2), in the case of an employee who is disabled (within the meaning of section 22(e)(3)), the 3-month period of subsection (a)(2) shall be 1 year.

(7) Fair market value

For purposes of this section, the fair market value of stock shall be determined without regard to any restriction other than a restriction which, by its terms, will never lapse.

(d) \$100,000 per year limitation

(1) In general

To the extent that the aggregate fair market value of stock with respect to which incentive stock options (determined without regard to this subsection) are exercisable for the 1st time by any individual during any calendar year (under all plans of the individual's employer corporation and its parent and subsidiary corporations) exceeds \$100,000, such options shall be treated as options which are not incentive stock options.

(2) Ordering rule

Paragraph (1) shall be applied by taking options into account in the order in which they were granted.

(3) Determination of fair market value

For purposes of paragraph (1), the fair market value of any stock shall be determined as of the time the option with respect to such stock is granted.

[§ 422A. Renumbered § 422]

§ 423. Employee stock purchase plans

(a) General rule

Section 421(a) shall apply with respect to the transfer of a share of stock to an individual pursuant to his exercise of an option granted under an employee stock purchase plan (as defined in subsection (b)) if—

(1) no disposition of such share is made by him within 2 years after the date of the granting of the option nor within 1 year after the transfer of such share to him; and

(2) at all times during the period beginning with the date of the granting of the option and ending on the day 3 months before the date of such exercise, he is an employee of the corporation granting such option, a parent or subsidiary corporation of such corporation, or a corporation or a parent or subsidiary corporation of such corporation issuing or assuming a stock option in a transaction to which section 424(a) applies.

(b) Employee stock purchase plan

For purposes of this part, the term “employee stock purchase plan” means a plan which meets the following requirements:

(1) the plan provides that options are to be granted only to employees of the employer corporation or of its parent or subsidiary corporation to purchase stock in any such corporation;

(2) such plan is approved by the stockholders of the granting corporation within 12 months before or after the date such plan is adopted;

(3) under the terms of the plan, no employee can be granted an option if such employee, immediately after the option is granted, owns stock possessing 5 percent or more of the total combined voting power or value of all classes of stock of the employer corporation or of its parent or subsidiary corporation. For purposes of this paragraph, the rules of section 424(d) shall apply in determining the stock ownership of an individual, and stock which the employee may purchase under outstanding options shall be treated as stock owned by the employee;

(4) under the terms of the plan, options are to be granted to all employees of any corporation whose employees are granted any of such options by reason of their employment by such corporation, except that there may be excluded—

(A) employees who have been employed less than 2 years,

(B) employees whose customary employment is 20 hours or less per week,

(C) employees whose customary employment is for not more than 5 months in any calendar year, and

(D) highly compensated employees (within the meaning of section 414(q));

(5) under the terms of the plan, all employees granted such options shall have the same rights and privileges, except that the amount of stock which may be purchased by any em-

ployee under such option may bear a uniform relationship to the total compensation, or the basic or regular rate of compensation, of employees, the plan may provide that no employee may purchase more than a maximum amount of stock fixed under the plan, and the rules of section 83(i) shall apply in determining which employees have a right to make an election under such section;

(6) under the terms of the plan, the option price is not less than the lesser of—

(A) an amount equal to 85 percent of the fair market value of the stock at the time such option is granted, or

(B) an amount which under the terms of the option may not be less than 85 percent of the fair market value of the stock at the time such option is exercised;

(7) under the terms of the plan, such option cannot be exercised after the expiration of—

(A) 5 years from the date such option is granted if, under the terms of such plan, the option price is to be not less than 85 percent of the fair market value of such stock at the time of the exercise of the option, or

(B) 27 months from the date such option is granted, if the option price is not determinable in the manner described in subparagraph (A);

(8) under the terms of the plan, no employee may be granted an option which permits his rights to purchase stock under all such plans of his employer corporation and its parent and subsidiary corporations to accrue at a rate which exceeds \$25,000 of fair market value of such stock (determined at the time such option is granted) for each calendar year in which such option is outstanding at any time. For purposes of this paragraph—

(A) the right to purchase stock under an option accrues when the option (or any portion thereof) first becomes exercisable during the calendar year;

(B) the right to purchase stock under an option accrues at the rate provided in the option, but in no case may such rate exceed \$25,000 of fair market value of such stock (determined at the time such option is granted) for any one calendar year; and

(C) a right to purchase stock which has accrued under one option granted pursuant to the plan may not be carried over to any other option; and

(9) under the terms of the plan, such option is not transferable by such individual otherwise than by will or the laws of descent and distribution, and is exercisable, during his lifetime, only by him.

For purposes of paragraphs (3) to (9), inclusive, where additional terms are contained in an offering made under a plan, such additional terms shall, with respect to options exercised under such offering, be treated as a part of the terms of such plan.

(c) Special rule where option price is between 85 percent and 100 percent of value of stock

If the option price of a share of stock acquired by an individual pursuant to a transfer to which subsection (a) applies was less than 100 percent
