Editorial Notes

CODIFICATION

Section was enacted as part of the Energy and Water Development and Related Agencies Appropriations Act, 2014, and also as part of the Consolidated Appropriations Act, 2014, and not as part of the Water Resources Development Act of 1986 which comprises this chapter.

§ 2282c. Vertical integration and acceleration of studies

(a) In general

To the extent practicable, a feasibility study initiated by the Secretary, after June 10, 2014, under section 2282(a) of this title shall—

- (1) result in the completion of a final feasibility report not later than 3 years after the date of initiation;
- (2) have a maximum Federal cost of \$3,000,000; and
- (3) ensure that personnel from the district, division, and headquarters levels of the Corps of Engineers concurrently conduct the review required under that section.

(b) Extension

If the Secretary determines that a feasibility study described in subsection (a) will not be conducted in accordance with subsection (a), the Secretary, not later than 30 days after the date of making the determination, shall—

- (1) prepare an updated feasibility study schedule and cost estimate;
- (2) notify the non-Federal feasibility cost-sharing partner that the feasibility study has been delayed; and
- (3) provide written notice to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives as to the reasons the requirements of subsection (a) are not attainable.

(c) Exception

(1) In general

The Secretary may extend the timeline of a study by a period not to exceed 3 years, if the

Secretary determines that the feasibility study is too complex to comply with the requirements of subsection (a).

(2) Factors

In making a determination that a study is too complex to comply with the requirements of subsection (a), the Secretary shall consider—

- (A) the type, size, location, scope, and overall cost of the project;
- (B) whether the project will use any innovative design or construction techniques;
- (C) whether the project will require significant action by other Federal, State, or local agencies;
- (D) whether there is significant public dispute as to the nature or effects of the project; and
- (E) whether there is significant public dispute as to the economic or environmental costs or benefits of the project.

(3) Notification

Each time the Secretary makes a determination under this subsection, the Secretary shall provide written notice to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives as to the results of that determination, including an identification of the specific 1 or more factors used in making the determination that the project is complex.

(d) Reviews

Not later than 90 days after the date of the initiation of a study described in subsection (a) for a project, the Secretary shall—

- (1) take all steps necessary to initiate the process for completing federally mandated reviews that the Secretary is required to complete as part of the study, including the environmental review process under section 1005;
- (2) convene a meeting of all Federal, tribal, and State agencies identified under section 2348(e) of this title that may be required by law to conduct or issue a review, analysis, or opinion on or to make a determination concerning a permit or license for the study; and
- (3) take all steps necessary to provide information that will enable required reviews and analyses related to the project to be conducted by other agencies in a thorough and timely manner.

(e) Interim report

Not later than 18 months after June 10, 2014, the Secretary shall submit to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives and make publicly available a report that describes—

- (1) the status of the implementation of the planning process under this section, including the number of participating projects;
- (2) a review of project delivery schedules, including a description of any delays on those studies participating in the planning process under this section; and
- (3) any recommendations for additional authority necessary to support efforts to expe-
