

ests on the annual process and on opportunities to address local water resources challenges through the missions and authorities of the Corps of Engineers;

“(C) issue guidance for non-Federal interests to assist such interests in developing proposals for water resources development projects that satisfy the requirements of such section 7001; and

“(D) provide, at the request of a non-Federal interest, assistance with researching and identifying existing project authorizations and Corps of Engineers decision documents.

“(2) ANNUAL REPORTING.—Not less frequently than annually, the Secretary shall provide to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a written update on the progress of the implementation of paragraph (1), including a description of each education and outreach action the Secretary is taking to implement that paragraph.

“(3) GUIDANCE; COMPLIANCE.—The Secretary shall—

“(A) issue guidance on the uniform implementation by each district of the Corps of Engineers of the process for submitting proposals under section 7001 of the Water Resources Reform and Development Act of 2014 (33 U.S.C. 2282d); and

“(B) each year, ensure compliance with the guidance issued under subparagraph (A).”

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 2 of Pub. L. 113–121, set out as a note under section 2201 of this title.

§ 2282d-1. Report to Congress on authorized studies and projects

(a) In general

Not later than February 1 of each year, the Secretary shall develop and submit to Congress an annual report, to be entitled “Report to Congress on Authorized Water Resources Development Projects and Studies”, that identifies—

(1) ongoing or new feasibility studies, authorized within the previous 20 years, for which a Report of the Chief of Engineers has not been issued;

(2) authorized feasibility studies for projects in the preconstruction, engineering and design phase;

(3) ongoing or new water resources development projects authorized for construction within the previous 20 years; and

(4) authorized and constructed water resources development projects the Secretary has the responsibility to operate or maintain.

(b) Contents

(1) Inclusions

(A) Criteria

The Secretary shall include in each report submitted under this section only a feasibility study or water resources development project—

(i) that has been authorized by Congress to be carried out by the Secretary and does not require any additional congressional authorization to be carried out;

(ii) that the Secretary has the capability to carry out if funds are appropriated for such study or project under any of the “Investigations”, “Construction”, “Operation and Maintenance”, or “Mississippi River and Tributaries” appropriations accounts for the Corps of Engineers; and

(iii) for which a non-Federal interest—

(I) in the case of a study or a project other than a project for which funds may be appropriated for operation and maintenance, has entered into a feasibility cost-sharing agreement, design agreement, or project partnership agreement with the Corps of Engineers, or has informed the Secretary that the non-Federal interest has the financial capability to enter into such an agreement within 1 year; and

(II) demonstrates the legal and financial capability to satisfy the requirements for local cooperation with respect to the study or project.

(B) Description of benefits

(i) Description

The Secretary shall, to the maximum extent practicable, describe in each report submitted under this section the benefits, as described in clause (ii), of each feasibility study and water resources development project included in the report.

(ii) Benefits

The benefits referred to in clause (i) are benefits to—

(I) the protection of human life and property;

(II) improvement to transportation;

(III) the national, regional, or local economy;

(IV) the environment; or

(V) the national security interests of the United States.

(2) Transparency

The Secretary shall include in each report submitted under this section, for each feasibility study and water resources development project included in the report—

(A) the name of the associated non-Federal interest, including the name of any non-Federal interest that has contributed, or is expected to contribute, a non-Federal share of the cost of the study or project;

(B) the purpose of the study or project;

(C) an estimate, to the extent practicable, of the Federal, non-Federal, and total costs of the study or project, including, to the extent practicable, the fully funded capability of the Corps of Engineers for—

(i) the 3 fiscal years following the fiscal year in which the report is submitted, in the case of a feasibility study; and

(ii) the 5 fiscal years following the fiscal year in which the report is submitted, in the case of a water resources development project; and

(D) an estimate, to the extent practicable, of the monetary and nonmonetary benefits of the study or project.

(3) Certification

The Secretary shall include in each report submitted under this section a certification stating that each feasibility study or water resources development project included in the report meets the criteria described in paragraph (1)(A).

(4) Omissions

(A) Limitation

The Secretary shall not omit from a report submitted under this section a study or project that otherwise meets the criteria for inclusion in the report solely on the basis of a policy of the Secretary.

(B) Appendix

If the Secretary omits from a report submitted under this section a study or project that otherwise meets the criteria for inclusion in the report, the Secretary shall include with the report an appendix that lists the name of the study or project and reason for its omission.

(c) Submission to Congress; publication

(1) Submission to Congress

The Secretary may submit a report under this section in conjunction with the submission of the annual report under section 2282d of this title.

(2) Publication

On submission of each report under this section, the Secretary shall make the report publicly available, including through publication on the internet.

(d) Definitions

In this section:

(1) Non-Federal interest

The term “non-Federal interest” has the meaning given that term in section 1962d-5b of title 42.

(2) Water resources development project

The term “water resources development project” includes a separable element of a project, a project under an environmental infrastructure assistance program, and a project the authorized purposes of which include water supply.

§ 2282e. Post-authorization change reports

(a) In general

The completion of a post-authorization change report prepared by the Corps of Engineers for a water resources development project—

- (1) may not be delayed as a result of consideration being given to changes in policy or priority with respect to project consideration; and

(2) shall be submitted, upon completion, to—

(A) the Committee on Environment and Public Works of the Senate; and

(B) the Committee on Transportation and Infrastructure of the House of Representatives.

(b) Completion review

With respect to a post-authorization change report subject to review by the Secretary, the Secretary shall, not later than 120 days after the date of completion of such report—

- (1) review the report; and
- (2) provide to Congress any recommendations of the Secretary regarding modification of the applicable water resources development project.

(c) Prior reports

Not later than 120 days after December 16, 2016, with respect to any post-authorization change report that was completed prior to December 16, 2016, and is subject to a review by the Secretary that has yet to be completed, the Secretary shall complete review of, and provide recommendations to Congress with respect to, the report.

(d) Post-authorization change report inclusions

In this section, the term “post-authorization change report” includes—

- (1) a general reevaluation report;
- (2) a limited reevaluation report; and
- (3) any other report that recommends the modification of an authorized water resources development project.
