

(4) Omissions

(A) Limitation

The Secretary shall not omit from a report submitted under this section a study or project that otherwise meets the criteria for inclusion in the report solely on the basis of a policy of the Secretary.

(B) Appendix

If the Secretary omits from a report submitted under this section a study or project that otherwise meets the criteria for inclusion in the report, the Secretary shall include with the report an appendix that lists the name of the study or project and reason for its omission.

(c) Submission to Congress; publication

(1) Submission to Congress

The Secretary may submit a report under this section in conjunction with the submission of the annual report under section 2282d of this title.

(2) Publication

On submission of each report under this section, the Secretary shall make the report publicly available, including through publication on the internet.

(d) Definitions

In this section:

(1) Non-Federal interest

The term “non-Federal interest” has the meaning given that term in section 1962d-5b of title 42.

(2) Water resources development project

The term “water resources development project” includes a separable element of a project, a project under an environmental infrastructure assistance program, and a project the authorized purposes of which include water supply.

§ 2282e. Post-authorization change reports

(a) In general

The completion of a post-authorization change report prepared by the Corps of Engineers for a water resources development project—

- (1) may not be delayed as a result of consideration being given to changes in policy or priority with respect to project consideration; and

(2) shall be submitted, upon completion, to—

(A) the Committee on Environment and Public Works of the Senate; and

(B) the Committee on Transportation and Infrastructure of the House of Representatives.

(b) Completion review

With respect to a post-authorization change report subject to review by the Secretary, the Secretary shall, not later than 120 days after the date of completion of such report—

- (1) review the report; and
- (2) provide to Congress any recommendations of the Secretary regarding modification of the applicable water resources development project.

(c) Prior reports

Not later than 120 days after December 16, 2016, with respect to any post-authorization change report that was completed prior to December 16, 2016, and is subject to a review by the Secretary that has yet to be completed, the Secretary shall complete review of, and provide recommendations to Congress with respect to, the report.

(d) Post-authorization change report inclusions

In this section, the term “post-authorization change report” includes—

- (1) a general reevaluation report;
- (2) a limited reevaluation report; and
- (3) any other report that recommends the modification of an authorized water resources development project.

§ 2282f. Review of resiliency assessments

(a) Resiliency assessment

(1) In general

Not later than 180 days after December 27, 2020, and in conjunction with the development of procedures under section 1962-4 of title 42, the Secretary is directed to review, and where appropriate, revise the existing planning guidance documents and regulations of the Corps of Engineers on the assessment of the effects of sea level rise or inland flooding on future water resources development projects to ensure that such guidance documents and regulations are based on the best available, peer-reviewed science and data on the current and future effects of sea level rise or inland flooding on relevant communities.

(2) Coordination

In carrying out this subsection, the Secretary shall—

(A) coordinate the review with the Engineer Research and Development Center, other Federal and State agencies, and other relevant entities; and

(B) to the maximum extent practicable and where appropriate, utilize data provided to the Secretary by such agencies.

(b) Assessment of benefits from addressing sea level rise and inland flooding resiliency in feasibility reports**(1) In general**

Upon the request of a non-Federal interest, in carrying out a feasibility study for a project for flood risk mitigation, hurricane and storm damage risk reduction, or ecosystem restoration under section 2282 of this title, the Secretary shall consider whether the need for the project is predicated upon or exacerbated by conditions related to sea level rise or inland flooding.

(2) Addressing sea level rise and inland flooding resiliency benefits

To the maximum extent practicable, in carrying out a study pursuant to paragraph (1), the Secretary shall document the potential effects of sea level rise or inland flooding on the project, and the expected benefits of the project relating to sea level rise or inland flooding, during the 50-year period after the date of completion of the project.

Statutory Notes and Related Subsidiaries**“SECRETARY” DEFINED**

Secretary means the Secretary of the Army, see section 2 of div. AA of Pub. L. 116–260, set out as a note under section 2201 of this title.

§ 2283. Fish and wildlife mitigation**(a) Steps to be taken prior to or concurrently with construction**

(1) In the case of any water resources project which is authorized to be constructed by the Secretary before, on, or after November 17, 1986, construction of which has not commenced as of November 17, 1986, and which necessitates the mitigation of fish and wildlife losses, including the acquisition of lands or interests in lands to mitigate losses to fish and wildlife, as a result of such project, such mitigation, including acquisition of the lands or interests—

(A) shall be undertaken or acquired before any construction of the project (other than such acquisition) commences, or

(B) shall be undertaken or acquired concurrently with lands and interests in lands for

project purposes (other than mitigation of fish and wildlife losses),

whichever the Secretary determines is appropriate, except that any physical construction required for the purposes of mitigation may be undertaken concurrently with the physical construction of such project.

(2) For the purposes of this subsection, any project authorized before November 17, 1986, on which more than 50 percent of the land needed for the project, exclusive of mitigation lands, has been acquired shall be deemed to have commenced construction under this subsection.

(b) Acquisition of lands or interests in lands for mitigation

(1) After consultation with appropriate Federal and non-Federal agencies, the Secretary is authorized to mitigate damages to fish and wildlife resulting from any water resources project under his jurisdiction, whether completed, under construction, or to be constructed. Such mitigation may include the acquisition of lands, or interests therein, except that—

(A) acquisition under this paragraph shall not be by condemnation in the case of projects completed as of November 17, 1986, or on which at least 10 percent of the physical construction on the project has been completed as of November 17, 1986; and

(B) acquisition of water, or interests therein, under this paragraph, shall not be by condemnation.

The Secretary, shall, under the terms of this paragraph, obligate no more than \$30,000,000 in any fiscal year. With respect to any water resources project, the authority under this subsection shall not apply to measures that cost more than \$7,500,000 or 10 percent of the cost of the project, whichever is greater.

(2) Whenever, after his review, the Secretary determines that such mitigation features under this subsection are likely to require condemnation under subparagraph (A) or (B) of paragraph (1) of this subsection, the Secretary shall transmit to Congress a report on such proposed modification, together with his recommendations.

(c) Allocation of mitigation costs

Costs incurred after November 17, 1986, including lands, easements, rights-of-way, and relocations, for implementation and operation, maintenance, and rehabilitation to mitigate damages to fish and wildlife shall be allocated among authorized project purposes in accordance with applicable cost allocation procedures, and shall be subject to cost sharing or reimbursement to the same extent as such other project costs are shared or reimbursed, except that when such costs are covered by contracts entered into prior to November 17, 1986, such costs shall not be recovered without the consent of the non-Federal interests or until such contracts are complied with or renegotiated.

(d) Mitigation plans as part of project proposals**(1) In general**

After November 17, 1986, the Secretary shall not submit any proposal for the authorization of any water resources project to Congress in any report, and shall not select a project al-
