

SEC. 3. *Strategy for Mapping the Arctic and Sub-Arctic Shoreline and Nearshore of Alaska.* Within 180 days of the date of this memorandum, the Administrator of the National Oceanic and Atmospheric Administration, in coordination, as appropriate, with the State of Alaska and the Alaska Mapping Executive Committee, shall develop a proposed strategy to map the shoreline and nearshore of Alaska and shall submit it to the Director and the Chairman to inform actions of the Ocean Policy Committee and relevant agencies.

SEC. 4. *Efficient Permitting of Mapping, Exploration, and Characterization Activities.* The United States Government, in coordination with non-United States Government entities, conducts hundreds of ocean exploration, mapping, and research activities every year across the U.S. EEZ. These activities improve our understanding of our oceans, including by identifying potential new sources of critical minerals, biopharmaceuticals, energy, and other resources. These activities frequently require multiple environmental reviews, consultations, permits, and other authorizations under Federal laws and regulations that protect resources such as maritime heritage sites and sensitive or protected marine natural resources. In order to reduce duplication and promote efficiency across agencies, within 180 days of the date of this memorandum, the Ocean Policy Committee, working through its Ocean Resource Management Subcommittee, shall identify opportunities and recommend actions to the Director and the Chairman to increase the efficiency of the permitting and authorization processes for ocean research, mapping, and characterization activities across agencies.

SEC. 5. *General Provisions.* (a) Nothing in this memorandum shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This memorandum shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

(d) The Secretary of Commerce is hereby authorized and directed to publish this memorandum in the Federal Register.

DONALD J. TRUMP.

### § 3502. Interagency committee on ocean and coastal mapping

#### (a) In general

The Administrator of the National Oceanic and Atmospheric Administration, within 30 days after March 30, 2009, shall convene or utilize an existing interagency committee on ocean and coastal mapping to implement section 3501 of this title.

#### (b) Membership

The committee shall be comprised of senior representatives from Federal agencies with ocean and coastal mapping and surveying responsibilities. The representatives shall be high-ranking officials of their respective agencies or departments and, whenever possible, the head of the portion of the agency or department that is most relevant to the purposes of this chapter. Membership shall include senior representatives from the National Oceanic and Atmospheric Ad-

ministration, the Chief of Naval Operations, the United States Geological Survey, the Minerals Management Service, the National Science Foundation, the National Geospatial-Intelligence Agency, the United States Army Corps of Engineers, the Coast Guard, the Environmental Protection Agency, the Federal Emergency Management Agency, the National Aeronautics and Space Administration, and other appropriate Federal agencies involved in ocean and coastal mapping.

#### (c) Co-chairmen

The Committee shall be co-chaired by the representative of the Department of Commerce and a representative of the Department of the Interior.

#### (d) Subcommittee

The co-chairmen shall establish a subcommittee to carry out the day-to-day work of the Committee, comprised of senior representatives of any member agency of the committee. Working groups may be formed by the full Committee to address issues of short duration. The subcommittee shall be chaired by the representative from the National Oceanic and Atmospheric Administration. The chairmen of the Committee may create such additional subcommittees and working groups as may be needed to carry out the work of Committee.

#### (e) Meetings

The committee shall meet on a quarterly basis, but each subcommittee and each working group shall meet on an as-needed basis.

#### (f) Coordination

The committee shall coordinate activities when appropriate, with—

(1) other Federal efforts, including the Digital Coast, Geospatial One-Stop, and the Federal Geographic Data Committee;

(2) international mapping activities;

(3) coastal states;

(4) user groups through workshops and other appropriate mechanisms; and

(5) representatives of nongovernmental entities.

#### (g) Advisory panel

The Administrator may convene an ocean and coastal mapping advisory panel consisting of representatives from non-governmental entities to provide input regarding activities of the committee in consultation with the interagency committee.
