poser, to develop, assist in the demonstration of, manufacture, distribute, sell, provide warranties for, service, and ensure the continued availability of parts for, electric motor vehicles in the demonstration project;

(2) the geographic and climatic diversity of the eligible metropolitan area or areas in which the demonstration project is to be undertaken, when considered in combination with other proposals and other selected demonstration projects;

(3) the long-term technical and competitive viability of the electric motor vehicles;

(4) the suitability of the electric motor vehicles for their intended uses;

(5) the environmental effects of the use of the proposed electric motor vehicles;

(6) the price differential and the proposed discount payment;

(7) the extent of involvement of State or local government and other persons in the demonstration project, and whether such involvement will—

(A) permit a reduction of the Federal cost share per vehicle; or

(B) otherwise be used to allow the Federal contribution to be provided for a greater number of electric motor vehicles;

(8) the proportion of domestic content of the electric motor vehicles and associated equipment;

(9) the safety of the electric motor vehicles; and

(10) such other criteria as the Secretary considers appropriate.

(c) Conditions

The Secretary shall require that-

(1) as a part of a demonstration project, the user or users of the electric motor vehicles will provide to the proposer and the manufacturer information regarding the operation, maintenance, performance, and use of the electric motor vehicles for 5 years after the beginning of the demonstration project;

(2) the proposer shall provide to the Secretary such information regarding the operation, maintenance, performance, and use of the electric motor vehicles as the Secretary may request during the period of the demonstration project;

(3) in the case of a demonstration project including automobiles or light duty trucks, the number of electric motor vehicles to be included in the demonstration project shall be no less than 50, except that the Secretary may select a demonstration project with fewer than 50 electric motor vehicles if the Secretary determines that selection of such a proposal will ensure that there is geographic or climatic diversity among the proposals selected and that an adequate demonstration to accelerate the development and use of electric motor vehicles can be undertaken with fewer than 50 electric motor vehicles; and

(4) the procurement practices of the manufacturer do not discriminate against United States producers of vehicle parts.

(Pub. L. 102-486, title VI, §612, Oct. 24, 1992, 106 Stat. 2901.)

§13283. Discount payments

(a) Certification

The Secretary shall provide a discount payment to a proposer of a proposal selected under this part for purposes of reimbursing the proposer for a discount provided to the users if the proposer certifies to the Secretary that—

(1) the electric motor vehicles have been purchased or leased by a user or users in accordance with the requirements of this part; and

(2) the proposer has provided to the user or users a discount payment in accordance with the requirements of this part.

(b) Payment

Not later than 30 days after receipt from the proposer of certification that the Secretary determines satisfies the requirements of subsection (a), the Secretary shall pay to the proposer the full amount of the discount payment, to the extent provided in advance in appropriations Acts.

(c) Calculations of discount payments

(1) The discount payment shall be no greater than—

(A) the price differential; or

(B) the price of the comparable conventionally fueled motor vehicle.

(2) The purchase price of the electric motor vehicle, less the discount payment and less any additional reduction in the purchase price of the electric motor vehicle that may result from contributions provided by other parties, may not be less than the manufacturer's suggested retail price of a comparable conventionally fueled motor vehicle.

(3) The maximum discount payment shall be no greater than 10,000 per electric motor vehicle.

(Pub. L. 102-486, title VI, §613, Oct. 24, 1992, 106 Stat. 2902.)

§13284. Cost-sharing

(a) Requirement

The Secretary shall require at least 50 percent of the costs directly and specifically related to any project under this part to be from non-Federal sources. Such share may be in the form of cash, personnel, services, equipment, and other resources.

(b) Reduction

The Secretary may reduce the amount of costs required to be provided by non-Federal sources under subsection (a) if the Secretary determines that the reduction is necessary and appropriate—

(1) considering the technological risks involved in the project; and

 $\left(2\right)$ in order to meet the objectives of this part.

(Pub. L. 102-486, title VI, §614, Oct. 24, 1992, 106 Stat. 2903.)

§13285. Reports to Congress

(a) Progress reports

The Secretary shall report annually to Congress on the progress being made, through demonstration projects supported under this part, to accelerate the development and use of electric motor vehicles.

(b) Report on encouraging purchase and use of electric motor vehicles

Within 18 months after October 24, 1992, the Secretary shall submit to the Congress a report on methods for encouraging the purchase and use of electric motor vehicles. Such report shall—

(1) address the potential cost of purchasing and maintaining electric motor vehicles, including the initial cost of the batteries and the cost of replacement batteries;

(2) identify methods for reducing, subsidizing, or sharing such costs; and

(3) include recommendations for legislative and administrative measures to encourage the purchase and use of electric motor vehicles.

(Pub. L. 102-486, title VI, §615, Oct. 24, 1992, 106 Stat. 2903.)

§13286. Authorization of appropriations

There are authorized to be appropriated to the Secretary for purposes of this part \$50,000,000 for the 10-year period beginning with the first full fiscal year after October 24, 1992, to remain available until expended.

(Pub. L. 102-486, title VI, §616, Oct. 24, 1992, 106 Stat. 2903.)

PART B-ELECTRIC MOTOR VEHICLE INFRASTRUC-TURE AND SUPPORT SYSTEMS DEVELOPMENT PROGRAM

§13291. General authority

(a) **Program**

The Secretary shall undertake a program with one or more non-Federal persons, including fleet operators, for cost-shared research, development, demonstration, or commercial application of an infrastructure and support systems program.

(b) Eligibility

A non-Federal person shall be eligible to receive financial assistance under this part only if such person demonstrates, to the satisfaction of the Secretary, that the person will conduct a substantial portion of activities under the project in the United States using domestic labor and materials.

(c) Coordination

Activities under this part shall be coordinated with activities under part A.

(Pub. L. 102-486, title VI, §621, Oct. 24, 1992, 106 Stat. 2904.)

§13292. Proposals

(a) Solicitation

Not later than one year after October 24, 1992, the Secretary shall solicit proposals from non-Federal persons, including fleet operators, for projects under this part. Within 240 days after proposals have been solicited, the Secretary shall select proposals.

(b) Criteria

(1) The Secretary shall provide financial assistance to no more than 10 projects under this part, unless the Secretary determines that the total amount of available funds is not likely to be otherwise used.

(2) The proposals selected by the Secretary shall, to the extent practicable, represent geographically and climatically diverse regions of the United States.

(3) The aggregate Federal financial assistance for each project under this part may not exceed \$4,000,000.

(c) Projects

The infrastructure and support systems programs for which projects are selected under this part may address—

(1) the ability to service electric motor vehicles and to provide or service associated equipment:

(2) the installation of charging facilities;

(3) rates and cost recovery for electric utilities who invest in infrastructure capital-related expenditures;

(4) the development of safety and health procedures and guidelines related to battery charging, watering, and emissions;

(5) the conduct of information dissemination programs: and

(6) such other subjects as the Secretary considers necessary in order to address the infrastructure and support systems needed to support the development and use of energy storage technologies, including advanced batteries, and the demonstration of electric motor vehicles.

(Pub. L. 102-486, title VI, §622, Oct. 24, 1992, 106 Stat. 2904.)

§13293. Protection of proprietary information

(a) In general

In the case of activities, including joint venture activities, under this subchapter, and in the case of any existing or future activities, including joint venture activities, related primarily to battery technology for electric motor vehicles under other provisions of law, where the knowledge resulting from research and development activities conducted pursuant to such activities, including joint venture activities, is for the benefit of the participants (particularly domestic companies) that provide financial resources to a project under this subchapter, the Secretary, for a period of up to 5 years after the development of information that—

 $\left(1\right)$ results from research and development activities conducted under this subchapter; and

(2) would be a trade secret or commercial or financial information that is privileged or confidential if the information had been obtained from a participant,

shall, notwithstanding any other provision of law, provide appropriate protections against the dissemination of such information to the public, and the provisions of section 1905 of title 18 shall apply to such information. Nothing in this subsection provides protections against the dissemination of such information to Congress.

(b) "Domestic companies" defined

For purposes of subsection (a), the term "domestic companies" means entities which are
