

**§ 15873. Deposit and use of geothermal lease revenues for 5 fiscal years**

**(a) Deposit of geothermal resources leases**

Notwithstanding any other provision of law, amounts received by the United States in the first 5 fiscal years beginning after August 8, 2005, as rentals, royalties, and other payments required under leases under the Geothermal Steam Act of 1970 [30 U.S.C. 1001 et seq.], excluding funds required to be paid to State and county governments, shall be deposited into a separate account in the Treasury.

**(b) Use of deposits**

Amounts deposited under subsection (a) shall be available to the Secretary of the Interior for expenditure, without further appropriation and without fiscal year limitation, to implement the Geothermal Steam Act of 1970 [30 U.S.C. 1001 et seq.] and this Act.

**(c) Transfer of funds**

For the purposes of coordination and processing of geothermal leases and geothermal use authorizations on Federal land the Secretary of the Interior may authorize the expenditure or transfer of such funds as are necessary to the Forest Service.

**§ 15874. Intermountain West Geothermal Consortium**

**(a) Participation authorized**

The Secretary, acting through the Idaho National Laboratory, may participate in a consortium described in subsection (b) to address science and science policy issues surrounding the expanded discovery and use of geothermal energy, including from geothermal resources on public lands.

**(b) Members**

The consortium referred to in subsection (a) shall—

- (1) be known as the “Intermountain West Geothermal Consortium”;
- (2) be a regional consortium of institutions and government agencies that focuses on building collaborative efforts among the universities in the State of Idaho, other regional universities, State agencies, and the Idaho National Laboratory;
- (3) include Boise State University, the University of Idaho (including the Idaho Water

Resources Research Institute), the Oregon Institute of Technology, the Desert Research Institute with the University and Community College System of Nevada, and the Energy and Geoscience Institute at the University of Utah;

(4) be hosted and managed by Boise State University; and

(5) have a director appointed by Boise State University, and associate directors appointed by each participating institution.

**(c) Financial assistance**

The Secretary, acting through the Idaho National Laboratory and subject to the availability of appropriations, will provide financial assistance to Boise State University for expenditure under contracts with members of the consortium to carry out the activities of the consortium.

PART C—HYDROELECTRIC

**§ 15881. Hydroelectric production incentives**

**(a) Incentive payments**

For electric energy generated and sold by a qualified hydroelectric facility during the incentive period, the Secretary shall make, subject to the availability of appropriations, incentive payments to the owner or operator of such facility. The amount of such payment made to any such owner or operator shall be as determined under subsection (e) of this section. Payments under this section may only be made upon receipt by the Secretary of an incentive payment application which establishes that the applicant is eligible to receive such payment and which satisfies such other requirements as the Secretary deems necessary. Such application shall be in such form, and shall be submitted at such time, as the Secretary shall establish.

**(b) Definitions**

For purposes of this section:

**(1) Qualified hydroelectric facility**

The term “qualified hydroelectric facility” means a turbine or other generating device owned or solely operated by a non-Federal entity—

- (A) that generates hydroelectric energy for sale; and
- (B)(i) that is added to an existing dam or conduit; or
- (ii)(I) that has a generating capacity of not more than 20 megawatts;
- (II) for which the non-Federal entity has received a construction authorization from the Federal Energy Regulatory Commission, if applicable; and
- (III) that is constructed in an area in which there is inadequate electric service, as determined by the Secretary, including by taking into consideration—
  - (aa) access to the electric grid;
  - (bb) the frequency of electric outages; or
  - (cc) the affordability of electricity.

**(2) Existing dam or conduit**

The term “existing dam or conduit” means any dam or conduit the construction of which
