§ 16539. National Laboratory Jobs ACCESS Program

(a) In general

On or after the date that is 180 days after December 20, 2019, the Secretary may establish a

program, to be known as the “Department of Energy National Lab Jobs ACCESS Program”, under which the Secretary may award, on a competitive basis, 5-year grants to eligible entities described in subsection (c) for the Federal share of the costs of pre-apprenticeship programs and apprenticeship programs described in subsection (b).

(b) Pre-apprenticeship and apprenticeship programs described

A pre-apprenticeship program or apprenticeship program described in this subsection is a pre-apprenticeship program or apprenticeship program that—

(1) leads to recognized postsecondary credentials for secondary school and postsecondary students;

(2) is focused on skills and qualifications needed, as determined by the Secretary in consultation with the directors of the National Laboratories, to meet the immediate and ongoing needs of traditional and emerging technician positions (including machinists and cybersecurity technicians) at the National Laboratories and covered facilities of the National Nuclear Security Administration;

(3) is established in consultation with a National Laboratory or covered facility of the National Nuclear Security Administration;

(4) is registered with and approved by the Secretary of Labor or a State apprenticeship agency; and

(5) ensures that participants in the pre-apprenticeship program or apprenticeship program do not displace paid employees.

(c) Eligible entities described

An eligible entity described in this subsection is a workforce intermediary or an eligible sponsor of a pre-apprenticeship program or apprenticeship program that—

(1) demonstrates experience in implementing and providing career planning and career pathways toward pre-apprenticeship programs or apprenticeship programs;

(2)(A) has a relationship with a National Laboratory or covered facility of the National Nuclear Security Administration;

(B) has knowledge of the technician workforce needs of the laboratory or facility and the associated security requirements of the laboratory or facility; and

(C) is eligible to enter into an agreement with the laboratory or facility that would be paid for in part or entirely from grant funds received under this section;

(3) demonstrates the ability to recruit and support individuals who plan to work in relevant technician positions upon the successful completion of the pre-apprenticeship program or apprenticeship program;

(4) provides students who complete the pre-apprenticeship program or apprenticeship program with, or prepares such students for obtaining, a recognized postsecondary credential;

(5) uses related instruction that is specifically aligned with the needs of the laboratory or facility and utilizes workplace learning advisors and on-the-job training to the greatest extent possible; and

(6) demonstrates successful outcomes connecting graduates of the pre-apprenticeship program or apprenticeship program to careers relevant to the program.

(d) Applications

If the Secretary establishes the program described in subsection (a), an eligible entity described in subsection (c) seeking a grant under the program shall submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require.

(e) Priority

In selecting eligible entities described in subsection (c) to receive grants under this section, the Secretary may prioritize an eligible entity that—

(1) is a member of an industry or sector partnership;

(2) provides related instruction for a pre-apprenticeship program or apprenticeship program through—

(A) a local educational agency, a secondary school, a provider of adult education, an area career and technical education school, or an institution of higher education (such as a community college) that includes basic science, technology, and mathematics education in the related instruction; or

(B) an apprenticeship program that was registered with the Department of Labor or a State apprenticeship agency before the date on which the eligible entity applies for the grant under subsection (d);

(3) works with the Secretary of Defense, the Secretary of Veterans Affairs, or veterans organizations to transition members of the Armed Forces and veterans to pre-apprenticeship programs or apprenticeship programs in a relevant sector;

(4) plans to use the grant to carry out the pre-apprenticeship program or apprenticeship program with an entity that receives State funding or is operated by a State agency; and

(5) plans to use the grant to carry out the pre-apprenticeship program or apprenticeship program for—

(A) young adults ages 16 to 29, inclusive; or

(B) individuals with barriers to employment.

(f) Additional consideration

In making grants under this section, the Secretary may consider regional diversity.

(g) Limitation on applications

An eligible entity described in subsection (c) may not submit, either individually or as part of a joint application, more than one application for a grant under this section during any one fiscal year.

(h) Limitations on amount of grant

The amount of a grant provided under this section may not, for any 24-month period of the 5-year grant period, exceed \$500,000.

(i) Non-Federal share

The non-Federal share of the cost of a pre-apprenticeship program or apprenticeship program carried out using a grant under this section

shall be not less than 25 percent of the total cost of the program.

(j) Technical assistance

The Secretary may provide technical assistance to eligible entities described in subsection (c) to leverage the existing job training and education programs of the Department of Labor and other relevant programs at appropriate Federal agencies.

(k) Report

(1) In general

If the Secretary establishes the program described in subsection (a), not less than once every 2 years thereafter, the Secretary shall submit to Congress, and make publicly available on the website of the Department of Energy, a report on the program, including—

(A) a description of—

(i) any entity that receives a grant under this section;

(ii) any activity carried out using a grant under this section; and

(iii) best practices used to leverage the investment of the Federal Government under this section; and

(B) an assessment of the results achieved by the program, including the rate of employment for participants after completing a pre-apprenticeship program or apprenticeship program carried out using a grant under this section.

(2) Performance reports

Not later than one year after the establishment of a pre-apprenticeship program or apprenticeship program using a grant awarded under this section, and annually thereafter, the entity carrying out the program shall submit to the Secretary and the Secretary of Labor a report on the effectiveness of the program based on the accountability measures described in clauses (i) and (ii) of section 3141(b)(2)(A) of title 29.
