

(3) In determining the amount of Federal financial assistance to be provided to any State under this subsection, the Secretary shall consider—

(A) the contribution to energy conservation which can reasonably be expected,

(B) the number of people affected by such plan, and

(C) the consistency of such plan with the purposes of this chapter, and such other factors as the Secretary deems appropriate.

(c) Records

Each recipient of Federal financial assistance under subsection (b) shall keep such records as the Secretary shall require, including records which fully disclose the amount and disposition by each recipient of the proceeds of such assistance, the total cost of the plan, program, projects, measures, or systems for which such assistance was given or used, the source and amount of funds for such plan, program, projects, measures, or systems not supplied by the Secretary, and such other records as the Secretary determines necessary to facilitate an effective audit and performance evaluation. The Secretary and Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination, at reasonable times and under reasonable conditions, to any pertinent books, documents, papers, and records of any recipient of Federal assistance under this part.

(d) Assistance as supplementing and not supplanting State and local funds

Each State receiving Federal financial assistance pursuant to this section shall provide reasonable assurance to the Secretary that it has established policies and procedures designed to assure that Federal financial assistance under this part and under part E of this subchapter will be used to supplement, and not to supplant, State and local funds, and to the extent practicable, to increase the amount of such funds that otherwise would be available, in the absence of such Federal financial assistance, for those programs set forth in the State energy conservation plan approved pursuant to subsection (b).

(e) State buildings energy efficiency improvements incentive fund

If the Secretary determines that a State has demonstrated a commitment to improving the energy efficiency of buildings within such State, the Secretary may, beginning in fiscal year 1994, provide up to \$1,000,000 to such State for deposit into a revolving fund established by such State for the purpose of financing energy efficiency improvements in State and local government buildings. In making such determination the Secretary shall consider whether—

(1) such State, or a majority of the units of local government with jurisdiction over building energy codes within such State, has adopted codes for energy efficiency in new buildings that are at least as stringent as American Society of Heating, Refrigerating, and Air-Conditioning Engineers Standard 90.1-1989 (with respect to commercial buildings) and Council of

American Building Officials Model Energy Code, 1992 (with respect to residential buildings);

(2) such State has established a program, including a revolving fund, to finance energy efficiency improvement projects in State and local government facilities and buildings; and

(3) such State has obtained funding from non-Federal sources, including but not limited to, oil overcharge funds, State or local government appropriations, or utility contributions (including rebates) equal to or greater than three times the amount provided by the Secretary under this subsection for deposit into such revolving fund.

AMENDMENTS

2021—Subsecs. (e), (f). Pub. L. 117-58 redesignated subsec. (f) as (e) and struck out former subsec. (e) which related to energy emergency planning program as prerequisite to assistance.

1992—Subsec. (f). Pub. L. 102-486 added subsec. (f).

1990—Subsecs. (d), (e). Pub. L. 101-440 added subsecs. (d) and (e).

1978—Pub. L. 95-619 substituted “Secretary” for “Administrator”, meaning Administrator of the Federal Energy Administration, wherever appearing.

1976—Subsec. (b)(2). Pub. L. 94-385, §432(b), inserted provision requiring notice and opportunity to present views prior to disapproval of plans.

Subsec. (c). Pub. L. 94-385, §432(c), inserted references to plan, measures, or systems wherever appearing and required that examinations be at reasonable times and under reasonable conditions.

AMENDMENTS

2005—Pub. L. 109-58 reenacted section catchline without change and amended text generally. Prior to amendment, text read as follows: “Each State energy conservation plan with respect to which assistance is made available under this part on or after October 1, 1991, shall contain a goal, consisting of an improvement of 10 percent or more in the efficiency of use of energy in the State concerned in the calendar year 2000 as compared to the calendar year 1990, and may contain interim goals.”

1990—Pub. L. 101-440 amended section generally. Prior to amendment, section read as follows: “Upon the basis of the reports submitted pursuant to this part and such other information as is available, the Secretary shall, at the earliest practicable date, set an energy conservation goal for each State for 1980 and may set interim goals. Such goal or goals shall consist of the maximum reduction in the consumption of energy during any year as a result of the implementation of the State energy conservation plan described in section 6322(b) of this title which is consistent with technological feasibility, financial resources, and economic objectives, by comparison with the projected energy consumption for such State in such year. The Secretary shall specify the assumptions used in the determination of the projected energy consumption in each State, taking into account population trends, economic growth, and the effects of national energy conservation programs.”

1978—Pub. L. 95-619 substituted “Secretary” for “Administrator”, meaning Administrator of the Federal Energy Administration, wherever appearing.

§ 6325. General provisions**(a) Rules**

The Secretary may prescribe such rules as may be necessary or appropriate to carry out his authority under this part.

(b) Departmental consultation

In carrying out the provisions of sections 6322 and 6324 of this title and subsection (a) of section 6323 of this title, the Secretary shall consult with appropriate departments and Federal agencies.

(c) Annual report

The Secretary shall, as part of the report required under section 7267 of this title, report to the President and the Congress, and shall furnish copies of such report to the Governor of each State, on the operation of the program under this part. Such report shall include an estimate of the energy conservation achieved, the degree of State participation and achievement, a description of innovative conservation programs undertaken by individual States, and the recommendations of the Secretary, if any, for additional legislation.

(d) Duty of Federal Trade Commission to prevent unfair or deceptive practices or acts relating to implementation of energy measures

The Federal Trade Commission shall (1) cooperate with and assist State agencies which have primary responsibilities for the protection of consumers in activities aimed at preventing unfair and deceptive acts or practices affecting commerce which relate to the implementation of measures likely to conserve, or improve efficiency in the use of, energy, including energy conservation measures and renewable-resource energy measures, and (2) undertake its own program, pursuant to the Federal Trade Commission Act [15 U.S.C. 41 et seq.], to prevent unfair or deceptive acts or practices affecting commerce which relate to the implementation of any such measures.

(e) List of energy measures eligible for financial assistance; designation of types and requirements of energy audits

Within 90 days after August 14, 1976, the Secretary shall—

(1) develop, by rule after consultation with the Secretary of Housing and Urban Development, and publish a list of energy conservation measures and renewable-resource energy measures which are eligible (on a national or regional basis) for financial assistance pursuant to section 1701z-8 of title 12 or section 6881 of this title;

(2) designate, by rule, the types of, and requirements for, energy audits.

(f) Authorization of appropriations**(1) In general**

There is authorized to be appropriated to carry out this part \$500,000,000 for the period of fiscal years 2022 through 2026.

(2) Distribution

Amounts made available under paragraph (1)—

(A) shall be distributed to the States in accordance with the applicable distribution formula in effect on January 1, 2021; and
