

(2) The Secretary may approve the measures under paragraph (1) if he finds—

(A) that such measures when in effect will conserve at least as much energy as would be conserved by such Federal measure which would have otherwise been in effect in such State or political subdivision;

(B) such measures otherwise meet the requirements of this paragraph; and

(C) such measures would be approved under section 8512(c)(1)(B), (C), and (D) of this title.

(3) If the Secretary approves measures under this subsection such Federal measure shall cease to be effective in that State or political subdivision. Nothing in this paragraph shall affect any action or pending proceedings, administrative or civil, not finally determined on the date the Federal measure ceases to be effective in that State or political subdivision, nor any administrative or civil action or proceeding, whether or not pending, based upon any act committed or liability incurred prior to such cessation of effectiveness.

(4) If the Secretary finds after a reasonable period of time that the requirements of this subsection are not being met under the measures in effect under this subsection he may reimpose the Federal measure referred to in paragraph (1).

(f) State authority to administer plan

At the request of the Governor of any State, the President may provide that the administration and enforcement of all or a portion of the standby Federal conservation plan made effective in that State under subsection (b) be in accordance with section 8512(d)(1), (2), and (4) of this title.

(g) Presidential authority not to be delegated

Notwithstanding any other provision of law (other than subsection (f)), the authority vested in the President under this section may not be delegated.

(h) Requirements of plan

The plan established under subsection (a) shall—

(1) taken as a whole, be designed so that the plan, if implemented, would be likely to achieve the emergency conservation target under section 8511 of this title for which it would be implemented,

(2) taken as a whole, be designed so as not to impose an unreasonably disproportionate share of the burden of restrictions on energy use on any specific class of industry, business, or commercial enterprise, or any individual segment thereof, and

(3) not contain any measure which the Secretary finds—

(A) is inconsistent with any otherwise applicable Federal law (including any rule or regulation under such law),

(B) is an undue burden on interstate commerce,

(C) is a tax, tariff, or user fee, or

(D) is a program for the assignment of rights for end-user purchases of gasoline or diesel fuel, as described in section 6263(a)(1)(A) and (B)¹ of this title.

(i) Plan may not authorize weekend closings of retail gasoline stations

(1) Except as provided in paragraph (2), the plan established under subsection (a) may not provide for the restriction of hours of sale of motor fuel at retail at any time between Friday noon and Sunday midnight.

(2) Paragraph (1) shall not preclude the restriction on such hours of sale if that restriction occurs in connection with a program for restricting hours of sale of motor fuel each day of the week on a rotating basis.

(j) Civil penalties

(1) Whoever violates the requirements of such a plan implemented under subsection (b) shall be subject to a civil penalty not to exceed \$1,000 for each violation.

(2) Any penalty under paragraph (1) may be assessed by the court in any action brought in any appropriate United States district court or any other court of competent jurisdiction. Except to the extent provided under paragraph (3), any such penalty collected shall be deposited into the general fund of the United States Treasury as miscellaneous receipts.

(3) The Secretary may enter into an agreement with the Governor of any State under which amounts collected pursuant to this subsection may be collected and retained by the State to the extent necessary to cover costs incurred by that State in connection with the administration and enforcement of that portion of the standby Federal conservation plan for which authority is delegated to that State under subsection (f).
