§ 8813. Insured loans

(a) Authority of Secretary of Agriculture; maximum amount per project

Subject to sections 8812 and 8817 of this title, the Secretary of Agriculture may commit to make, and make, insured loans in amounts not to exceed \$1,000,000 per project for the construction of small-scale biomass energy projects.

(b) Estimated project construction costs as determinative of initial and revised amount of loan; interest rate

(1) Any insured loan under this section—

(A) may not exceed 90 per centum of the total estimated cost of construction of the biomass energy project involved, and

(B) shall bear interest at rates determined by the Secretary of Agriculture, taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans, plus not to exceed one per centum, as determined by the Secretary of Agriculture, and adjusted to the nearest one-eighth of one per centum.

(2) In the event the total estimated costs of construction of the project thereafter exceed the total estimated costs initially determined by the Secretary of Agriculture, the Secretary may in addition, upon application therefor, make an insured loan for so much of the additional estimated total costs as does not exceed 10 per centum of the total costs initially estimated.

(c) Funding requirements; "insured loan" defined

(1) The Secretary of Agriculture shall make insured loans under this section using, to the extent provided in advance in appropriations Acts, the Agricultural Credit Insurance Fund in section 309 of the Consolidated Farm and Rural Development Act [7 U.S.C. 1929] or the Rural Development Insurance Fund in section 309A of such Act [7 U.S.C. 1929a] (hereinafter in this section referred to as the "Funds"). The Secretary of Agriculture may not use an aggregate amount

The terms, conditions, and requirements applicable to such insured loans shall be in accordance with this subchapter.

(2) There shall be reimbursed to the Funds, from appropriations made under section 8803 of this title, amounts equal to the operating and administrative costs incurred by the Secretary of Agriculture in insuring loans under this section.

(3) Notwithstanding any provision of the Consolidated Farm and Rural Development Act [7 U.S.C. 1921 et seq.], no funds made available to the Secretary of Agriculture under this section for insured loans shall be used for any other purpose.

(4) For purposes of this section, the term "insured loan" means a loan which is made, sold, and insured.

(d) Preconditions

An insured loan may not be made under this section unless the applicant for such loan has established to the satisfaction of the Secretary that the applicant is unable without such a loan to obtain sufficient credit elsewhere at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms for loans for similar purposes and periods of time, to finance the construction of the biomass energy project for which such loan is sought.
