##### (a) Relinquishment or surrender authority; continuation of liability

Any licensee may at any time, without penalty, surrender to the Administrator a license issued to him, or relinquish to the Administrator, in whole or in part, any right to conduct construction or operation of an ocean thermal energy conversion facility or plantship, including part or all of any right of way which may have been granted in conjunction with such license: *Provided*, That such surrender or relinquishment shall not relieve the licensee of any obligation or liability established by this chapter, or any other Act, or of any obligation or liability for actions taken by him prior to such surrender or relinquishment, or during disposal or removal of any components required to be disposed of or removed pursuant to this chapter.

Additionally, the Secretary of Energy is authorized to propose, based on such review, such revisions for the same purpose. The Administrator or such Secretary, as appropriate, shall have exclusive jurisdiction with respect to any such proposal by the Secretary of Energy and, pursuant to applicable procedures, shall consider and take final action on any such proposal in an expeditious manner. Such consideration shall include at least one informal hearing pursuant to the procedures in section 553 of title 5.
