

ity for utilizing groundwater recharge in water resource development projects.

(c) Reports to Congress

(1) Within twelve months after the initiation of phase II, and at annual intervals thereafter, the Secretary shall submit interim reports to Congress. Each report shall contain a detailed statement of his findings and progress respecting the design, construction, and operation of the demonstration projects referred to in subsection (a) and the study referred to in subsection (b).

(2) Within five years after the initiation of phase II, the Secretary shall submit a summary report to Congress. The summary report shall contain—

(A) a detailed evaluation of the demonstration projects referred to in subsection (a);

(B) the results of the studies referred to in subsection (b);

(C) specific recommendations regarding the location, scope, and feasibility of operational groundwater recharge projects to be constructed and maintained by the Bureau; and

(D) an evaluation of the feasibility of integrating these groundwater recharge projects into existing reclamation projects.

(3) In addition to recommendations made under section 390g-1 of this title, the Secretary shall make additional recommendations for design, construction, and operation of demonstration projects. Such projects are authorized to be designed, constructed, and operated in accordance with subsection (a).

(4) Each project under this section shall terminate five years after the date on which construction on the project is completed.

(5) At the conclusion of phase II the Secretary shall submit a final report to the Congress which shall include, but not be limited to, a detailed evaluation of the projects under this section.

AMENDMENTS

1992—Subsec. (c). Pub. L. 102-575 substituted “summary report” for “final report” in two places in introductory provisions of par. (2) and added pars. (3) to (5).

§ 390g-3. Evaluation of water quality impacts

The Secretary, acting through the Bureau, and the Administrator of the Environmental Protection Agency (hereinafter referred to as the “Administrator”) shall enter into a memorandum-of-understanding to provide for an evaluation of the impacts to surface water and groundwater quality resulting from the groundwater recharge demonstration projects constructed pursuant to sections 390g to 390g-8 of this title. The Administrator shall consult with the United States Geological Survey and shall make maximum use of data, studies, and other technical resources and assistance available from State and local entities in conducting the evaluation. The evaluation of water quality impacts shall be completed

so as to be included in the Secretary’s summary report to the Congress referred to in section 390g-2(c)(2) of this title.

AMENDMENTS

1992—Pub. L. 102-575 substituted “summary report” for “final report”.

§ 390g-4. Authorization of appropriations to carry out phase I

There is authorized to be appropriated \$500,000 for fiscal years beginning after September 30, 1983, to carry out phase I. Amounts shall be made available pursuant to the authorization contained in this section in a single sum for all demonstration project sites, and it shall be within the discretion of the Secretary to apportion such sum among such sites.

(Pub. L. 98-434, §6, Sept. 28, 1984, 98 Stat. 1677.)

§ 390g-5. Authorization of appropriations to carry out phase II

There is authorized to be appropriated for fiscal years beginning after September 30, 1983, \$31,000,000 (October 1990 price levels) plus or minus such amounts, if any, as may be required by reason of ordinary fluctuations in construction costs as indicated by engineering cost indexes applicable to the type of construction involved herein to carry out phase II. Amounts shall be made available pursuant to the authorization contained in this section in sums for individual projects based on findings of feasibility by the Secretary.

(Pub. L. 98-434, §7, Sept. 28, 1984, 98 Stat. 1677; Pub. L. 102-575, title XXVI, §2601(3), Oct. 30, 1992, 106 Stat. 4689.)

AMENDMENTS

1992—Pub. L. 102-575 substituted “\$31,000,000 (October 1990 price levels) plus or minus such amounts, if any, as may be required by reason of ordinary fluctuations in construction costs as indicated by engineering cost indexes applicable to the type of construction involved herein” for “\$20,000,000 (October 1983 price levels)”.

§ 390g-6. Matching basis for funding phase II from non-Federal sources

The funds authorized to be appropriated pursuant to section 390g-5 of this title shall match on a four-to-one basis funds made available by the States, their political subdivisions, or other non-Federal entities to meet the cost of phase II: *Provided*, That, in-kind services or other contributions by the States, their political subdivisions, or other non-Federal entities shall be considered in the determination of the matching non-Federal share. The Secretary is authorized to enter into memoranda of agreement with any appropriate agencies or departments of the High Plains States and other Reclamation Act States to share the costs of phase II.
