SECTIONS 423 TO 423g AND 610 UNAFFECTED BY SECTIONS 451 TO 451k OF THIS TITLE

Act Aug. 13, 1953, ch. 428, §10, 67 Stat. 568, provided in part that: "Nothing contained in this Act [enacting sections 451 to 451k of this title] shall be held to repeal, supersede, or supplement the provisions for exchange and matters related thereto contained in the Act of May 25, 1926 (44 Stat. 636), as amended and supplemented [sections 423 to 423g and 610 of this title]."

§ 423a. Construction charges on permanently unproductive lands already paid; disposition

The construction charges prior to May 25, 1926, paid on permanently unproductive lands excluded from the project shall be applied as a credit on charges due or to become due on any remaining irrigable land covered by the same water-right contract or land taken in exchange as provided in section 423c of this title. If the charges so paid exceed the amount of all water-right charges due and unpaid, plus the construction charges not yet due, the balance shall be paid in cash to the holder of the water-right contract covering the land so excluded or to the irrigation district affected; which in turn shall be charged with the responsibility of making suitable adjustment with the landowners involved. Should all the irrigable lands of a water-right applicant be excluded from the project as permanently unproductive, and no exchange be made as provided in said section, the total construction charges paid before May 25, 1926, less any accrued charges on account of operation and maintenance, shall be refunded in cash, the water-right contract shall be canceled, and all liens on account of water-right charges shall be released.

(May 25, 1926, ch. 383, §42, 44 Stat. 647.)

§ 423b. Suspension of payment of construction charges against areas temporarily unproductive

The payment of all construction charges against said areas temporarily unproductive shall remain suspended until the Secretary of the Interior shall declare them to be possessed of sufficient productive power properly to be placed in a paying class, whereupon payment of construction charges against such areas shall be resumed or shall begin, as the case may be. Any payments made on such areas shall be credited to the unpaid balance of the construction charge on the productive area of each unit. Such credit shall be applied on and after April 23, 1930, which shall not be construed to require revision of accounts adjusted before April 23, 1930, under the provisions of this section as originally enacted. While said lands so classified as temporarily unproductive and the construction charges against them are suspended, water for irrigation purposes may be furnished upon payment of the usual operation and maintenance charges, or such other charges as may be fixed by the Secretary of the Interior the advance payment of which may be required, in the discretion of the said Secretary. Should said lands temporarily classed as unproductive, or any of them, in the future be found by the Secretary of the Interior to be permanently unproductive, the charges
