

(B) Independent review

The methodology for developing the estimates under subparagraph (A) shall be subject to periodic independent review to ensure compliance with subparagraph (D).

(C) Schedule

The Secretary concerned shall submit an estimate under subparagraph (A) during—

- (i) the first week of March of each year;
- (ii) the first week of May of each year;
- (iii) the first week of July of each year;
- and
- (iv) if a bill making appropriations for the Department of the Interior and the Forest Service for the following fiscal year has not been enacted by September 1, the first week of September of each year.

(D) Requirements

An estimate of anticipated wildfire suppression costs shall be developed using the best available—

- (i) climate, weather, and other relevant data; and
- (ii) models and other analytic tools.

(i) Termination of authority

The authority of the Secretary concerned to use the FLAME Fund established for that Secretary shall terminate at the end of the third fiscal year in which no appropriations to, or withdrawals from, that FLAME Fund have been made for a period of three consecutive fiscal years. Upon termination of such authority, any amounts remaining in the affected FLAME Fund shall be transferred to, and made a part of, the Wildland Fire Management appropriation account of the Secretary concerned for wildland suppression activities.

(Pub. L. 111-88, div. A, title V, § 502, Oct. 30, 2009, 123 Stat. 2968.)

Editorial Notes

CODIFICATION

Section was enacted as part of the Federal Land Assistance, Management, and Enhancement Act of 2009, also known as the FLAME Act of 2009, and also as part of the Department of the Interior, Environment, and Related Agencies Appropriations Act, 2010, and not as part of the Federal Land Policy and Management Act of 1976 which comprises this chapter.

§ 1748a-1. Request for additional wildfire suppression funds

If the amount provided for wildfire suppression operations for that fiscal year will be exhausted within 30 calendar days, the Secretary of the Interior or the Secretary of Agriculture (as applicable), in consultation with the Director of the Office of Management and Budget, shall promptly submit a request to Congress for supplemental appropriations.

(Pub. L. 115-141, div. O, title I, § 103, Mar. 23, 2018, 132 Stat. 1060.)

Editorial Notes

CODIFICATION

Section was enacted as part of the Wildfire Suppression Funding and Forest Management Activities Act,

and also as part of the Consolidated Appropriations Act, 2018, and not as part of the Federal Land Policy and Management Act of 1976 which comprises this chapter.

§ 1748a-2. Reporting requirements**(a) In general**

Not later than 90 days after the end of the fiscal year for which additional new budget authority is used, pursuant to section 901(b)(2)(F)(i) of title 2, as added by section 102 of this division, the Secretary of the Interior or the Secretary of Agriculture (as applicable), in consultation with the Director of the Office of Management and Budget, shall—

- (1) prepare an annual report with respect to the additional new budget authority;
- (2) submit to the Committees on Appropriations, the Budget, and Natural Resources of the House of Representatives and the Committees on Appropriations, the Budget, and Energy and Natural Resources of the Senate the annual report prepared under paragraph (1); and
- (3) make the report prepared under paragraph (1) available to the public.

(b) Components

The annual report prepared under subsection (a)(1) shall—

- (1) document obligations and outlays of the additional new budget authority for wildfire suppression operations;
- (2) identify risk-based factors that influenced management decisions with respect to wildfire suppression operations;
- (3) analyze a statistically significant sample of large fires, including an analysis for each fire of—
 - (A) cost drivers;
 - (B) the effectiveness of risk management techniques and whether fire operations strategy tracked the risk assessment;
 - (C) any resulting ecological or other benefits to the landscape;
 - (D) the impact of investments in wildfire suppression operations preparedness;
 - (E) effectiveness of wildfire suppression operations, including an analysis of resources lost versus dollars invested;
 - (F) effectiveness of any fuel treatments on fire behavior and suppression expenditures;
 - (G) levels of exposure experienced by firefighters;
 - (H) suggested corrective actions; and
 - (I) any other factors the Secretary of the Interior or Secretary of Agriculture (as applicable) determines to be appropriate;

(4) include an accounting of overall fire management and spending by the Department of the Interior or the Department of Agriculture, which shall be analyzed by fire size, cost, regional location, and other factors;

(5) describe any lessons learned in the conduct of wildfire suppression operations; and

(6) include any other elements that the Secretary of the Interior or the Secretary of Agriculture (as applicable) determines to be necessary.

(Pub. L. 115-141, div. O, title I, § 104, Mar. 23, 2018, 132 Stat. 1061.)

REFERENCES IN TEXT

Section 102 of this division, referred to in subsec. (a), means section 102 of div. O of Pub. L. 115–141.

CODIFICATION

Section was enacted as part of the Wildfire Suppression Funding and Forest Management Activities Act, and also as part of the Consolidated Appropriations Act, 2018, and not as part of the Federal Land Policy and Management Act of 1976 which comprises this chapter.

§ 1748b. Cohesive wildfire management strategy**(a) Strategy required**

Not later than one year after October 30, 2009, the Secretary of the Interior and the Secretary of Agriculture, acting jointly, shall submit to Congress a report that contains a cohesive wildfire management strategy, consistent with the recommendations described in recent reports of the Government Accountability Office regarding management strategies.

(b) Elements of strategy

The strategy required by subsection (a) shall provide for—

- (1) the identification of the most cost-effective means for allocating fire management budget resources;
- (2) the reinvestment in non-fire programs by the Secretary of the Interior and the Secretary of Agriculture;
- (3) employing the appropriate management response to wildfires;
- (4) assessing the level of risk to communities;
- (5) the allocation of hazardous fuels reduction funds based on the priority of hazardous fuels reduction projects;
- (6) assessing the impacts of climate change on the frequency and severity of wildfire; and
- (7) studying the effects of invasive species on wildfire risk.

(c) Revision

At least once during each five-year period beginning on the date of the submission of the cohesive wildfire management strategy under subsection (a), the Secretary of the Interior and the Secretary of Agriculture shall revise the strategy to address any changes affecting the strategy, including changes with respect to landscape, vegetation, climate, and weather.

(Pub. L. 111–88, div. A, title V, § 503, Oct. 30, 2009, 123 Stat. 2971.)

Executive Documents

EX. ORD. NO. 13855. PROMOTING ACTIVE MANAGEMENT OF AMERICA'S FORESTS, RANGELANDS, AND OTHER FEDERAL LANDS TO IMPROVE CONDITIONS AND REDUCE WILDFIRE RISK

Ex. Ord. No. 13855, Dec. 21, 2018, 84 F.R. 45, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. Policy. It is the policy of the United States to protect people, communities, and watersheds, and to promote healthy and resilient forests, rangelands, and other Federal lands by actively managing them through partnerships with States, tribes, communities, non-profit organizations, and the private sector. For decades, dense trees and undergrowth have amassed in these lands, fueling catastrophic wildfires. These conditions, along with insect infestation, invasive species, disease, and drought, have weakened our forests, rangelands, and other Federal lands, and have placed communities and homes at risk of damage from catastrophic wildfires.

Active management of vegetation is needed to treat these dangerous conditions on Federal lands but is often delayed due to challenges associated with regulatory analysis and current consultation requirements. In addition, land designations and policies can reduce emergency responder access to Federal land and restrict management practices that can promote wildfire-resistant landscapes. With the same vigor and commitment that characterizes our efforts to fight wildfires, we must actively manage our forests, rangelands, and other Federal lands to improve conditions and reduce wildfire risk.

In recognition of these regulatory, policy, and coordinating challenges, the Secretary of the Interior and the Secretary of Agriculture (the Secretaries) each shall implement the following policies in their respective departments:

(a) **Shared Management Priorities.** The goal of Federal fire management policy for forests, rangelands, and other Federal lands shall be to agree on a set of shared priorities with Federal land managers, States, tribes, and other landowners to manage fire risk across landscapes.

(b) **Coordinating Federal, State, Tribal, and Local Assets.** Wildfire prevention and suppression and post-wildfire restoration require a variety of assets and skills across landscapes. Federal, State, tribal, and local governments should coordinate the deployment of appropriate assets and skills to restore our landscapes and communities after damage caused by fires and to help reduce hazardous fuels through active forest management in order to protect communities, critical infrastructure, and natural and cultural resources.

(c) **Removing Hazardous Fuels, Increasing Active Management, and Supporting Rural Economies.** Post-fire assessments show that reducing vegetation through hazardous fuel management and strategic forest health treatments is effective in reducing wildfire severity and loss. Actions must be taken across landscapes to prioritize treatments in order to enhance fuel reduction and forest-restoration projects that protect life and property, and to benefit rural economies through encouraging utilization of the by-products of forest restoration.

SEC. 2. Goals. (a) To protect communities and watersheds, to better prevent catastrophic wildfires, and to improve the health of America's forests, rangelands, and other Federal lands, the Secretaries shall each develop goals and implementation plans for wildfire prevention activities and programs in their respective departments. In the development of such goals and plans:

(i) The Secretary of the Interior shall review the Secretary's 2019 budget justifications and give all due consideration to establishing the following objectives for 2019, as feasible and appropriate in light of those budget justifications, and consistent with applicable law and available appropriations:

(A) Treating 750,000 acres of Department of the Interior (DOI)-administered lands to reduce fuel loads;

(B) Treating 500,000 acres of DOI-administered lands to protect water quality and mitigate severe flooding and erosion risks arising from forest fires;

(C) Treating 750,000 acres of DOI-administered lands for native and invasive species;
