Rules of the Special Court, Regional Rail Reorganization Act of 1973, formerly set out under this section, were omitted because the Special Court was abolished effective 90 days after Oct. 19, 1996. See subsec. (b)(2) of this section.

§ 720. Obligations of Association

(a) General

To carry out the purposes of this chapter, the Association is authorized to issue bonds, debentures, trust certificates, securities, or other obligations (herein cited as "obligations") in accordance with this section. Such obligations shall have such maturities and bear such rate or rates of interest as are determined by the Association with the approval of the Secretary of the Treasury. Such obligations shall be redeemable at the option of the Association prior to maturity in the manner stipulated in each such obligation, and may be purchased by the Association in the open market at a price which is reasonable.

(b) Maximum obligational authority

The aggregate principal amount (exclusive of interest or additions to principal on account of accrual of interest) of obligations issued by the Association under this section which may be outstanding at any one time shall not exceed \$395,000,000. No obligations or proceeds thereof shall be issued or made available after February 5, 1976, except—

(1) to meet existing or potential commitments for loans under section 721 of this title made or applied for prior to January 1, 1976; and

(2) for the purpose of providing loans pursuant to subsections (g) and (h) of section 721 of this title.

(c) Guarantees

The Secretary shall guarantee the payment of principal and interest on all obligations issued by the Association in accordance with this chapter and which the Association requests be guaranteed. All guarantees entered into by the Secretary under this section shall constitute general obligations of the United States for the payment of which its full faith and credit are pledged.

(d) Validity

No obligation issued by the Association under this section shall be terminated, canceled, or otherwise revoked, except in accordance with lawful terms and conditions prescribed by the Association. Such an obligation shall be conclusive evidence that it is in compliance with this section, has been approved, and is legal as to principal, interest, and other terms. An obligation of the Association shall be valid and incontestable in the hands of a holder, except as to fraud, duress, mutual mistake of fact, or material misrepresentation by or involving such holder.

(e) The Secretary of the Treasury

If at any time the moneys available to the Secretary are insufficient to enable him to dis-

charge his responsibilities under subsection (c) of this section or under subsection (a) of section 746 of this title, he shall issue notes or other obligations to the Secretary of the Treasury in such forms and denominations, bearing such maturities, and subject to such terms and conditions as may be prescribed by the Secretary of the Treasury. Such obligations shall bear interest at a rate to be determined by the Secretary of the Treasury taking into consideration the current average market yield on outstanding marketable obligations of the United States of comparable maturities during the month preceding the issuance of such obligations. The Secretary of the Treasury is authorized and directed to purchase any such obligations and for such purposes is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under chapter 31 of title 31. The purposes for which securities may be issued under such chapter are extended to include any purchase of notes or other obligations issued under this subsection. At any time, the Secretary of the Treasury may sell any such obligations, and all sales, purchases, and redemptions of such obligations by the Secretary of the Treasury shall be treated as public debt transactions of the United States.

(f) Authorization for appropriations

There are hereby authorized to be appropriated to the Secretary such amounts as are necessary to discharge the obligations of the United States arising under this section.

(g) Lawful investments

All obligations issued by the Association shall be lawful investments and may be accepted as security for all fiduciary, trust, and public funds, the investment or deposit of which shall be under the authority and control of the United States or any officer or officers thereof. All such obligations issued pursuant to this section shall be exempt securities within the meaning of laws administered by the Securities and Exchange Commission.

§ 721. Loans

(a) General

The Association is authorized, in accordance with the provisions of this section and such rules and regulations as it shall prescribe, to make loans to the Corporation, the National Railroad Passenger Corporation, and other railroads (including a railroad in reorganization which has been found to be reorganizable under section 77 of the Bankruptcy Act pursuant to section 717(b) of this title) in the region, for purposes of achieving the goals of this chapter; to a State or local or regional transportation authority pursuant to section 763¹ of this title; and to provide assistance in the form of loans to any railroad which (A) connects with a railroad in reorganization, and (B) is in need of financial assistance to avoid reorganization proceedings under section 77 of the Bankruptcy Act. No such loan shall be made by the Association to a railroad unless such loans shall, where applicable, be treated as an expense of administration. The rights referred to in the last sentence of section 77(j) of the Bankruptcy Act shall in no way be affected by this chapter.

(b) Applications

Each application for such a loan shall be made in writing to the Association in such form and with such content and other submissions as the Association shall prescribe to protect reasonably the interests of the United States. The Association shall publish a notice of the receipt of each such application in the Federal Register and shall afford interested persons an opportunity to comment thereon.

¹ See References in Text note below.

(c) Terms and conditions

Each loan shall be extended in such form, under such terms and conditions, and pursuant to such regulations as the Association deems appropriate. Such loan shall bear interest at a rate not less than the greater of a rate determined by the Secretary of the Treasury taking into consideration (1) the rate prevailing in the private market for similar loans as determined by the Secretary of the Treasury, or (2) the current average yield on outstanding marketable obligations of the Association with remaining periods of maturity comparable to the average maturities of such loans, plus such additional charge, if any, toward covering costs of the Association as the Association may determine to be consistent with the purposes of this chapter.

(d) Modifications

The Association is authorized to approve any modification of any provision of a loan under this section, including the rate of interest, time of payment of interest or principal, security, or any other term or condition, upon agreement of the recipient of the loan and upon a finding by the Association that such modification is equitable and necessary or appropriate to achieve the policy declared in subsection (f) of this section. Notwithstanding any other provision of this section, in the case of a loan made under subsection (a) of this section to a railroad in the region, the Association is not required to make the findings with respect to subsections (e)(3) and (f) and may, upon the request of such railroad—

(1) continue to make advances to such railroad pursuant to such loan, up to the total principal provided, as of November 8, 1978, under the agreement between such railroad and the Association under this section, upon finding only that (A) a good faith effort has been commenced by such railroad toward the establishment of an employee stock ownership plan, and (B) such continued advances will permit the continuation of rail service determined by the Association, in the Final System Plan or under the goals of this chapter, to be desirable; and

(2) increase the principal amount of such loan to such railroad, in an amount not to exceed \$7,500,000, only if the Association makes the finding referred to in paragraph (1)(B) of this subsection and determines that such railroad is making a good faith effort to establish an employee stock ownership plan for review and approval by the Association. Any such approval shall be conditioned upon a written commitment that by December 31, 1980, the railroad will adopt an employee stock ownership plan which will acquire qualifying employer securities with a fair market value of \$250,000.

The Association may not take any action pursuant to the preceding sentence of this subsection after December 31, 1981.

(e) Prerequisites

The Association shall make a finding in writing, before making a loan to any applicant under this section, that—

(1) the loan is necessary to achieve the goals of this chapter or to prevent insolvency;
