§ 70302. International measures for seaport and vessel security

Congress encourages the President to continue to seek agreement on international seaport and vessel security through the International Maritime Organization. The agreement would establish seaport and vessel security measures and could include—

- (1) seaport screening of cargo and baggage similar to that done at airports;
- (2) security measures to restrict access to cargo, vessels, and dockside property to authorized personnel only;
- (3) additional security on board vessels;
- (4) licensing or certification of compliance with appropriate security standards; and
- (5) other appropriate measures to prevent unlawful acts against passengers and crews on vessels.
