

**(c) Comptroller General enforcement study****(1) In general**

The Comptroller General shall conduct a study to consider and evaluate the following:

(A) The Commission's compliance with the requirements of this section, including the Commission's level of compliance with the deadlines established under and pursuant to this section and deadlines for acting on complaints pursuant to subsection (a).

(B) Whether the enforcement actions taken by the Commission pursuant to this section have been appropriate and effective in ensuring compliance with this section.

(C) Whether the enforcement provisions under this section are adequate to ensure compliance with this section.

(D) Whether, and to what extent (if any), the requirements of this section have an effect on the development and deployment of new communications technologies.

**(2) Report**

Not later than 5 years after October 8, 2010, the Comptroller General shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Energy and Commerce of the House of Representatives a report on the results of the study required by paragraph (1), with recommendations for how the enforcement process and measures under this section may be modified or improved.

**(d) Clearinghouse**

Within one year after October 8, 2010, the Commission shall, in consultation with the Architectural and Transportation Barriers Compliance Board, the National Telecommunications and Information Administration, trade associations, and organizations representing individuals with disabilities, establish a clearinghouse of information on the availability of accessible products and services and accessibility solutions required under sections 255, 617, and 619 of this title. Such information shall be made publicly available on the Commission's website and by other means, and shall include an annually updated list of products and services with access features.

**(e) Outreach and education**

Upon establishment of the clearinghouse of information required under subsection (d), the Commission, in coordination with the National Telecommunications and Information Administration, shall conduct an informational and educational program designed to inform the public about the availability of the clearinghouse and the protections and remedies available under sections 255, 617, and 619 of this title.

## AMENDMENTS

2010—Subsec. (a)(5)(C). Pub. L. 111-265 substituted "provider," for "provider in the manner prescribed in paragraph (3),".

**§ 619. Internet browsers built into telephones used with public mobile services****(a) Accessibility**

If a manufacturer of a telephone used with public mobile services (as such term is defined in section 610(b)(4)(B) of this title) includes an Internet browser in such telephone, or if a provider of mobile service arranges for the inclusion of a browser in telephones to sell to customers, the manufacturer or provider shall ensure that the functions of the included browser (including the ability to launch the browser) are accessible to and usable by individuals who are blind or have a visual impairment, unless doing so is not achievable, except that this subsection shall not impose any requirement on such manufacturer or provider—

(1) to make accessible or usable any Internet browser other than a browser that such manufacturer or provider includes or arranges to include in the telephone; or

(2) to make Internet content, applications, or services accessible or usable (other than enabling individuals with disabilities to use an included browser to access such content, applications, or services).

**(b) Industry flexibility**

A manufacturer or provider may satisfy the requirements of subsection (a) with respect to such telephone or services by—

(1) ensuring that the telephone or services that such manufacture or provider offers is accessible to and usable by individuals with disabilities without the use of third party applications, peripheral devices, software, hardware, or customer premises equipment; or

(2) using third party applications, peripheral devices, software, hardware, or customer premises equipment that is available to the consumer at nominal cost and that individuals with disabilities can access.
