

(C) improve interagency collaboration to help expedite the permitting process for the lead agency and agencies of jurisdiction.

(d) INTERAGENCY COLLABORATION.—

(1) IN GENERAL.—Consistent with Federal environmental statutes, the Secretary of Transportation shall facilitate annual interagency collaboration sessions at the appropriate jurisdictional level to coordinate business plans and facilitate coordination of workload planning and workforce management.

(2) PURPOSE OF COLLABORATION SESSIONS.—The interagency collaboration sessions shall ensure that agency staff is—

- (A) fully engaged;
- (B) utilizing the flexibility of existing regulations, policies, and guidance; and

(C) identifying additional actions to facilitate high quality, efficient, and targeted environmental reviews and permitting decisions.

(3) FOCUS OF COLLABORATION SESSIONS.—The interagency collaboration sessions, and the interagency collaborations generated by the sessions, shall focus on methods to—

- (A) work with State and local transportation entities to improve project planning, siting, and application quality; and
- (B) consult and coordinate with relevant stakeholders and Federal, tribal, State, and local representatives early in permitting processes.

(4) CONSULTATION.—The interagency collaboration sessions shall include a consultation with groups or individuals representing State, tribal, and local governments that are engaged in the infrastructure permitting process.

(e) PERFORMANCE MEASUREMENT.—Not later than 1 year after the date of enactment of this section, the Secretary of Transportation, in coordination with relevant Federal agencies, shall establish a program to measure and report on progress toward aligning Federal reviews and reducing permitting and project delivery time as outlined in this section.

(f) REPORTS.—

(1) REPORT TO CONGRESS.—Not later than 2 years after the date of enactment of this section and biennially thereafter, the Secretary of Transportation shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives, and make publicly available on the Department of Transportation website, a report that describes—

- (A) progress in aligning Federal environmental reviews under this section; and
- (B) the impact this section has had on accelerating the environmental review and permitting process.

(2) INSPECTOR GENERAL REPORT.—Not later than 3 years after the date of enactment of this section, the Inspector General of the Department of Transportation shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report that describes—

(A) progress in aligning Federal environmental reviews under this section; and

(B) the impact this section has had on accelerating the environmental review and permitting process.

(g) SAVINGS PROVISION.—This section shall not apply to any project subject to section 139 of title 23.

#### § 311. Congressional notification requirements

(a) IN GENERAL.—Except as provided in subsection (b) or as expressly provided in another provision of law, the Secretary of Transportation shall provide to the appropriate committees of Congress notice of an announcement concerning a covered project at least 3 full business days before the announcement is made by the Department.

(b) EMERGENCY PROGRAM.—With respect to an allocation of funds under section 125 of title 23, the Secretary shall provide to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Environment and Public Works of the Senate notice of the allocation—

- (1) at least 3 full business days before the issuance of the allocation; or
- (2) concurrently with the issuance of the allocation, if the allocation is made using the quick release process of the Department (or any successor process).

(c) DEFINITIONS.—In this section, the following definitions apply:

(1) APPROPRIATE COMMITTEES OF CONGRESS.—The term “appropriate committees of Congress” means—

- (A) the Committee on Transportation and Infrastructure of the House of Representatives; and

(B) the Committee on Environment and Public Works, the Committee on Commerce, Science, and Transportation, and the Committee on Banking, Housing, and Urban Affairs of the Senate.

(2) COVERED PROJECT.—The term “covered project” means a project competitively selected by the Department to receive a discretionary grant award, letter of intent, loan commitment, loan guarantee commitment, or line of credit commitment in an amount equal to or greater than \$750,000.

(3) DEPARTMENT.—The term “Department” means the Department of Transportation, including the modal administrations of the Department.

(Added Pub. L. 114-322, title IV, §5001(a), Dec. 16, 2016, 130 Stat. 1884.)

### § 312. Alternative timing system

(a) IN GENERAL.—Subject to the availability of appropriations, the Secretary of Transportation shall provide for the establishment, sustainment, and operation of a land-based, resilient, and reliable alternative timing system—

(1) to reduce critical dependencies and provide a complement to and backup for the timing component of the Global Positioning System (referred to in this section as “GPS”); and

(2) to ensure the availability of uncorrupted and non-degraded timing signals for military and civilian users in the event that GPS timing signals are corrupted, degraded, unreliable, or otherwise unavailable.

(b) ESTABLISHMENT OF REQUIREMENTS.—

(1) IN GENERAL.—Not later than 180 days after the date of enactment of the National Timing Resilience and Security Act of 2018, the Secretary of Transportation shall establish requirements for the procurement of the system required by subsection (a) as a complement to and backup for the timing component of GPS in accordance with the timing requirements study required by section 1618 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328; 130 Stat. 2595).

(2) REQUIREMENTS.—The Secretary of Transportation shall ensure, to the maximum extent practicable, that the system established under subsection (a) will—

- (A) be wireless;
- (B) be terrestrial;
- (C) provide wide-area coverage;
- (D) be synchronized with coordinated universal time;
- (E) be resilient and extremely difficult to disrupt or degrade;
- (F) be able to penetrate underground and inside buildings;
- (G) be capable of deployment to remote locations;
- (H) be developed, constructed, and operated incorporating applicable private sector expertise;
- (I) work in concert with and complement any other similar positioning, navigation, and timing systems, including enhanced long-range navigation systems and Nationwide Differential GPS systems;

(J) be available for use by Federal and non-Federal government agencies for public purposes at no net cost to the Federal Government within 10 years of initiation of operation;

(K) be capable of adaptation and expansion to provide position and navigation capabilities;

(L) incorporate the recommendations from any GPS back-up demonstration program initiated and completed by the Secretary, in coordination with other Federal agencies, before the date specified in subsection (c)(1); and

(M) incorporate such other elements as the Secretary considers appropriate.

(c) IMPLEMENTATION PLAN.—

(1) PLAN REQUIRED.—Not later than 180 days after the date of enactment of the National Timing Resilience and Security Act of 2018, the Secretary of Transportation shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report setting forth the following:

(A) A plan to develop, construct, and operate the system required by subsection (a).

(B) A description and assessment of the advantages of a system to provide a follow-on complementary and backup positioning and navigation capability to the timing component of GPS.

(2) DEADLINE FOR COMMENCEMENT OF OPERATION.—The system required by subsection (a) shall be in operation by not later than 2 years after the date of enactment of the National Timing Resilience and Security Act of 2018.

(3) MINIMUM DURATION OF OPERATIONAL CAPABILITY.—The system required by subsection (a) shall be designed to be fully operational for not less than 20 years.

(d) LORAN FACILITIES.—

(1) IN GENERAL.—If the Secretary of Transportation determines that any LORAN infrastructure, including the underlying real property and any spectrum associated with LORAN, in the possession of the Coast Guard is required by the Department of Transportation for the purpose of establishing the system required by subsection (a), the Commandant shall transfer such property, spectrum, and equipment to the Secretary.

(2) CERCLA NOT AFFECTED.—This subsection shall not be construed to limit the application of or otherwise affect section 120(h) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9620(h)) with respect to the Federal Government facilities described in paragraph (1).

(e) COOPERATIVE AGREEMENT.—

(1) IN GENERAL.—The Secretary of Transportation may enter into a cooperative agreement (as that term is described in section 6305 of title 31) with an entity upon such terms and conditions as the Secretary of Transportation determines will fulfill the purpose and requirements of this section and be in the public interest.
