EFFECTIVE DATE

Section effective Oct. 1, 2012, see section 3(a) of Pub. L. 112-141, set out as an Effective and Termination Dates of 2012 Amendment note under section 101 of Title 23, Highways.

CONSTRUCTION

Pub. L. 112-141, div. E, title II, §52011(b), July 6, 2012, 126 Stat. 895, provided that: “If the provisions of section 111 of title 49, United States Code, are transferred to chapter 63 of that title, the following rules of construction apply:

“(1) For purposes of determining whether 1 provision of law supersedes another based on enactment later in time, a chapter 63 provision is deemed to have been enacted on the date of enactment of the corresponding section 111 provision [section 111 of this title was enacted Dec. 18, 1991].

“(2) A reference to a section 111 provision, including a reference in a regulation, order, or other law, is deemed to refer to the corresponding chapter 63 provision.

“(3) A regulation, order, or other administrative action in effect under a section 111 provision continues in effect under the corresponding chapter 63 provision.

“(4) An action taken or an offense committed under a section 111 provision is deemed to have been taken or committed under the corresponding chapter 63 provision.”

§ 6302. Bureau of Transportation Statistics

(a) IN GENERAL.—There shall be within the Department of Transportation the Bureau of Transportation Statistics.

(b) DIRECTOR.—

(1) APPOINTMENT.—The Bureau shall be headed by a Director, who shall be appointed in the competitive service by the Secretary.

(2) QUALIFICATIONS.—The Director shall be appointed from among individuals who are qualified to serve as the Director by virtue of their training and experience in the collection, analysis, and use of transportation statistics.

(3) DUTIES.—

(A) IN GENERAL.—The Director shall—

- (i) serve as the senior advisor to the Secretary on data and statistics; and
- (ii) be responsible for carrying out the duties described in subparagraph (B).

(B) DUTIES.—The Director shall—

(i) ensure that the statistics compiled under clause (vi) are designed to support transportation decisionmaking by—

- (I) the Federal Government;
- (II) State and local governments;
- (III) metropolitan planning organizations;
- (IV) transportation-related associations;
- (V) the private sector, including the freight community; and
- (VI) the public;

(ii) establish on behalf of the Secretary a program—

(I) to effectively integrate safety data across modes; and

(II) to address gaps in existing safety data programs of the Department;

(iii) work with the operating administrations of the Department—

(I) to establish and implement the data programs of the Bureau; and

(II) to improve the coordination of information collection efforts with other Federal agencies;

(iv) continually improve surveys and data collection methods of the Department to improve the accuracy and utility of transportation statistics;

(v) encourage the standardization of data, data collection methods, and data management and storage technologies for data collected by—

(I) the Bureau;

(II) the operating administrations of the Department;

(III) State and local governments;

(IV) metropolitan planning organizations; and

(V) private sector entities;

(vi) collect, compile, analyze, and publish a comprehensive set of transportation statistics on the performance and impacts of the national transportation system, including statistics on—

(I) transportation safety across all modes and intermodally;

(II) the state of good repair of United States transportation infrastructure;

(III) the extent, connectivity, and condition of the transportation system, building on the national transportation atlas database developed under section 6309;

(IV) economic efficiency across the entire transportation sector;

(V) employment in the transportation sector;

(VI) the effects of the transportation system, including advanced technologies and automation, on global and domestic economic competitiveness;

(VII) demographic, economic, and other variables influencing travel behavior, including choice of transportation mode and goods movement;

(VIII) transportation-related variables that influence the domestic economy and global competitiveness;

(IX) economic costs and impacts for passenger travel and freight movement;

(X) intermodal and multimodal passenger movement;

(XI) intermodal and multimodal freight movement; and

(XII) consequences of transportation for the human and natural environment;

(vii) build and disseminate the transportation layer of the National Spatial Data Infrastructure developed under Executive Order 12906 (59 Fed. Reg. 17671) (or a successor Executive Order), including by coordinating the development of transpor-

tation geospatial data standards, compiling intermodal geospatial data, and collecting geospatial data that is not being collected by other entities;

(viii) issue guidelines for the collection of information by the Department that the Director determines necessary to develop transportation statistics and carry out modeling, economic assessment, and program assessment activities to ensure that such information is accurate, reliable, relevant, uniform, and in a form that permits systematic analysis by the Department;

(ix) review and report to the Secretary on the sources and reliability of—

(I) the statistics proposed by the heads of the operating administrations of the Department to measure outputs and outcomes as required by the Government Performance and Results Act of 1993 (Public Law 103-62; 107 Stat. 285); and

(II) at the request of the Secretary, any other data collected or statistical information published by the heads of the operating administrations of the Department; and

(x) ensure that the statistics published under this section are readily accessible to the public, consistent with applicable security constraints and confidentiality interests.

(c) ACCESS TO FEDERAL DATA.—In carrying out subsection (b)(3)(B)(ii), the Director shall be given access to all safety data that the Director determines necessary to carry out that subsection that is held by the Department or any other Federal agency upon written request and subject to any statutory or regulatory restrictions.

(d) INDEPENDENCE OF BUREAU.—

(1) IN GENERAL.—The Director shall not be required—

(A) to obtain the approval of any other officer or employee of the Department with respect to the collection or analysis of any information; or

(B) prior to publication, to obtain the approval of any other officer or employee of the United States Government with respect to the substance of any statistical technical reports or press releases lawfully prepared by the Director.

(2) BUDGET AUTHORITY.—The Director shall have a significant role in the disposition and allocation of the authorized budget of the Bureau, including—

(A) all hiring, grants, cooperative agreements, and contracts awarded by the Bureau to carry out this section; and

(B) the disposition and allocation of amounts paid to the Bureau for cost-reimbursable projects.

(3) EXCEPTIONS.—The Secretary shall direct external support functions, such as the coordination of activities involving multiple modal administrations.

(4) INFORMATION TECHNOLOGY.—The Department Chief Information Officer shall consult with the Director to ensure decisions related

to information technology guarantee the protection of the confidentiality of information provided solely for statistical purposes, in accordance with section 3572 of title 44.

(Added Pub. L. 112–141, div. E, title II, §52011(a), July 6, 2012, 126 Stat. 887; amended Pub. L. 114–94, div. FEDERAL SUPPORT FOR LOCAL DECISIONMAKING

Pub. L. 117–58, div. B, title V, §25003, Nov. 15, 2021, 135 Stat. 838, provided that:

“(a) LOCAL OUTREACH.—To determine the data analysis tools needed to assist local communities in making infrastructure decisions, the Director of the Bureau of Transportation Statistics shall perform outreach to planning and infrastructure decision-making officials in units of local government and other units of government, including a geographically diverse group of individuals from—

- “(1) States;
- “(2) political subdivisions of States;
- “(3) cities;
- “(4) metropolitan planning organizations;
- “(5) regional transportation planning organizations; and
- “(6) federally recognized Indian Tribes.

“(b) WORK PLAN.—

“(1) IN GENERAL.—Not later than 1 year after the date of enactment of this Act [Nov. 15, 2021], based on the outreach performed under subsection (a), the Director of the Bureau of Transportation Statistics shall submit to the Secretary [of Transportation] a work plan for reviewing and updating existing data analysis tools and developing any additional data analysis tools needed to assist local communities with making infrastructure investment decisions.

“(2) CONTENTS.—Based on the needs identified pursuant to the outreach performed under subsection (a), the work plan submitted under paragraph (1) shall include—

“(A) a description of the data analysis tools identified that would benefit infrastructure decision-making by local governments and address the goals described in subsection (c);

“(B) a review of the datasets that local governments need to effectively use the data analysis tools described in subparagraph (A);

“(C) an identification of existing or proposed data analysis tools that use publicly available data;

“(D) the estimated cost of obtaining each dataset described in subparagraph (B);

“(E) the estimated cost to develop the data analysis tools described in subparagraph (A);

“(F) a prioritization for the development of data analysis tools described in subparagraph (A); and

“(G) a determination as to whether it would be appropriate for the Federal Government to develop the data analysis tools described in subparagraph (A).

“(c) GOALS.—

“(1) IN GENERAL.—A data analysis tool created pursuant to the work plan submitted under subsection (b)(1) shall be developed to help inform local communities in making infrastructure investments.

“(2) SPECIFIC ISSUES.—A data analysis tool created pursuant to the work plan submitted under subsection (b)(1) shall be intended to help units of local government and other units of government address 1 or more of the following:

“(A) Improving maintenance of existing assets.

“(B) Rebuilding infrastructure to a state of good repair.

“(C) Creating economic development through infrastructure development.

“(D) Establishing freight plans and infrastructure that connects the community to supply chains.

“(E) Increasing options for communities that lack access to affordable transportation to improve access to jobs, affordable housing, schools, medical services, foods and other essential community services.

“(F) Reducing congestion.

“(G) Improving community resilience to extreme weather events.

“(H) Any other subject, as the Director determines to be necessary.

“(d) IMPLEMENTATION.—Subject to the availability of appropriations, the Secretary shall develop data anal-

ysis tools and purchase datasets as prioritized in the work plan.

“(e) COORDINATION.—The Director of the Bureau of Transportation Statistics may utilize existing working groups or advisory committees to perform the local outreach required under subsection (a).”

OFFICE OF AIRLINE INFORMATION

Pub. L. 106-181, title I, §103(b), Apr. 5, 2000, 114 Stat. 67, provided that: “There is authorized to be appropriated from the Airport and Airway Trust Fund to the Secretary [of Transportation] \$4,000,000 for fiscal years beginning after September 30, 2000, to fund the activities of the Office of Airline Information in the Bureau of Transportation Statistics of the Department of Transportation.”

§ 6303. Intermodal transportation database

(a) IN GENERAL.—In consultation with the Under Secretary Transportation for Policy, the Assistant Secretaries of the Department, and the heads of the operating administrations of the Department, the Director shall establish and maintain a transportation database for all modes of transportation.

(b) USE.—The database established under this section shall be suitable for analyses carried out by the Federal Government, the States, and metropolitan planning organizations.

(c) CONTENTS.—The database established under this section shall include—

(1) information on the volumes and patterns of movement of goods, including local, inter-regional, and international movement, by all modes of transportation, intermodal combinations, and relevant classification;

(2) information on the volumes and patterns of movement of people, including local, inter-regional, and international movements, by all modes of transportation (including bicycle and pedestrian modes), intermodal combinations, and relevant classification;

(3) information on the location and connectivity of transportation facilities and services; and

(4) a national accounting of expenditures and capital stocks on each mode of transportation and intermodal combination.

(Added Pub. L. 112-141, div. E, title II, §52011(a), July 6, 2012, 126 Stat. 890.)

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE

Section effective Oct. 1, 2012, see section 3(a) of Pub. L. 112-141, set out as an Effective and Termination Dates of 2012 Amendment note under section 101 of Title 23, Highways.

§ 6304. National Transportation Library

(a) PURPOSE AND ESTABLISHMENT.—To support the information management and decision-making needs of transportation officials at the Federal, State, and local levels, there is established in the Bureau a National Transportation Library which shall—

(1) be headed by an individual who is highly qualified in library and information science;

(2) acquire, preserve, and manage transportation information and information products and services for use by the Department, other Federal agencies, and the general public;

(3) provide reference and research assistance;

(4) serve as a central depository for research results and technical publications of the Department;

(5) provide a central clearinghouse for transportation data and information of the Federal Government;

(6) serve as coordinator and policy lead for transportation information access;

(7) provide transportation information and information products and services to—

- (A) the Department;
- (B) other Federal agencies;
- (C) public and private organizations; and
- (D) individuals, within the United States and internationally;

(8) coordinate efforts among, and cooperate with, transportation libraries, information providers, and technical assistance centers, in conjunction with private industry and other transportation library and information centers, with the goal of developing a comprehensive transportation information and knowledge network that supports the activities described in section 6302(b)(3)(B)(vi); and

(9) engage in such other activities as the Director determines to be necessary and as the resources of the Library permit.

(b) ACCESS.—The Director shall publicize, facilitate, and promote access to the information products and services described in subsection (a), to improve the ability of the transportation community to share information and the ability of the Director to make statistics and other information readily accessible as required under section 6302(b)(3)(B)(x).

(c) AGREEMENTS.—

(1) IN GENERAL.—To carry out this section, the Director may enter into agreements with, award grants to, and receive amounts from, any—

- (A) State or local government;
- (B) organization;
- (C) business; or
- (D) individual.

(2) CONTRACTS, GRANTS, AND AGREEMENTS.—The Library may initiate and support specific information and data management, access, and exchange activities in connection with matters relating to the Department’s strategic goals, knowledge networking, and national and international cooperation, by entering into contracts or other agreements or awarding grants for the conduct of such activities.

(3) AMOUNTS.—Any amounts received by the Library as payment for library products and services or other activities shall be made available to the Director to carry out this section, deposited in the Office of the Assistant Secretary for Research and Technology of the Department of Transportation’s general fund account, and remain available until expended.

(Added Pub. L. 112-141, div. E, title II, §52011(a), July 6, 2012, 126 Stat. 890; amended Pub. L. 113-76, div. L, title I, Jan. 17, 2014, 128 Stat. 574.)
