In such proceeding the Secretary shall consider, at a minimum—

(a) EVALUATION OF EXISTING LAWS.—In consultation with affected parties, the Secretary of Transportation shall evaluate and review current local, State, and Federal laws regarding trespassing on railroad property, vandalism affecting railroad safety, and violations of highway-rail grade crossing signs, signals, markings, or other warning devices and develop model prevention strategies and enforcement laws to be used for the consideration of State and local legislatures and governmental entities. The first such evaluation and review shall be completed within 1 year after the date of enactment of the Rail Safety Improvement Act of 2008. The Secretary shall revise the model prevention strategies and enforcement codes periodically.

(b) OUTREACH PROGRAM FOR TRESPASSING AND VANDALISM PREVENTION.—The Secretary shall develop and maintain a comprehensive outreach program to improve communications among Federal railroad safety inspectors, State inspectors certified by the Federal Railroad Administration, railroad police, and State and local law enforcement officers, for the purpose of addressing trespassing and vandalism problems on railroad property, and strengthening relevant enforcement strategies. This program shall be designed to increase public and police awareness of the illegality of, dangers inherent in, and the extent of, trespassing on railroad rights-of-way, to develop strategies to improve the prevention of trespassing and vandalism, and to improve the enforcement of laws relating to railroad trespass, vandalism, and safety.

(c) MODEL LEGISLATION.—(1) Within 18 months after November 2, 1994, the Secretary, after consultation with State and local governments and railroad carriers, shall develop and make available to State and local governments model State legislation providing for—

and local governments model State legislation providing for civil or criminal penalties, or both, for violations of highway-rail grade crossing signs, signals, markings, or other warning devices.

(a) IN GENERAL.—Not later than 18 months after the date of enactment of the Rail Safety Improvement Act of 2008, the Secretary of Transportation shall require each railroad carrier to—

(1) establish and maintain a toll-free telephone service for rights-of-way over which it dispatches trains, to directly receive calls reporting—

(A) malfunctions of signals, crossing gates, and other devices to promote safety at the grade crossing of railroad tracks on those rights-of-way and public or private roads;

(B) disabled vehicles blocking railroad tracks at such grade crossings;

(C) obstructions to the view of a pedestrian or a vehicle operator for a reasonable distance in either direction of a train’s approach; or

(D) other safety information involving such grade crossings;

(2) upon receiving a report pursuant to paragraph (1)(A) or (B), immediately contact trains operating near the grade crossing to warn them of the malfunction or disabled vehicle;

(3) upon receiving a report pursuant to paragraph (1)(A) or (B), and after contacting trains pursuant to paragraph (2), contact, as necessary, appropriate public safety officials having jurisdiction over the grade crossing to provide them with the information necessary for them to direct traffic, assist in the removal of the disabled vehicle, or carry out other activities as appropriate;

(4) upon receiving a report pursuant to paragraph (1)(C) or (D), timely investigate the report, remove the obstruction if possible, or correct the unsafe circumstance; and

(5) ensure the placement at each grade crossing on rights-of-way that it owns of appropriately located signs, on which shall appear, at a minimum—

(A) a toll-free telephone number to be used for placing calls described in paragraph (1) to the railroad carrier dispatching trains on that right-of-way;
