EFFECTIVE DATE OF 2013 AMENDMENT

Amendment by Pub. L. 112-240 effective Sept. 30, 2012, see section 701(j) of Pub. L. 112-240, set out in a 1-Year Extension of Agricultural Programs note under section 8701 of this title.

EFFECTIVE DATE

Enactment of this section and repeal of Pub. L. 110-234 by Pub. L. 110-246 effective May 22, 2008, the date of enactment of Pub. L. 110-234, see section 4 of Pub. L. 110-246, set out as a note under section 8701 of this title.

§ 8107. Rural Energy for America Program**(a) Establishment**

The Secretary, in consultation with the Secretary of Energy, shall establish a Rural Energy for America Program to promote energy efficiency and renewable energy development for agricultural producers and rural small businesses through—

(1) grants for energy audits and renewable energy development assistance; and

(2) financial assistance for energy efficiency improvements and renewable energy systems.

(b) Energy audits and renewable energy development assistance**(1) In general**

The Secretary shall make competitive grants to eligible entities to provide assistance to agricultural producers and rural small businesses—

(A) to become more energy efficient; and

(B) to use renewable energy technologies and resources.

(2) Eligible entities

An eligible entity under this subsection is—

(A) a unit of State, tribal, or local government;

(B) a land-grant college or university or other institution of higher education;

(C) a rural electric cooperative or public power entity;

(D) a council (as defined in section 3451 of title 16); and

(E) any other similar entity, as determined by the Secretary.

(3) Selection criteria

In reviewing applications of eligible entities to receive grants under paragraph (1), the Secretary shall consider—

(A) the ability and expertise of the eligible entity in providing professional energy audits and renewable energy assessments;

(B) the geographic scope of the program proposed by the eligible entity in relation to the identified need;

(C) the number of agricultural producers and rural small businesses to be assisted by the program;

(D) the potential of the proposed program to produce energy savings and environmental benefits;

(E) the plan of the eligible entity for performing outreach and providing information and assistance to agricultural producers and rural small businesses on the benefits of energy efficiency and renewable energy development; and

(F) the ability of the eligible entity to leverage other sources of funding.

(4) Use of grant funds

A recipient of a grant under paragraph (1) shall use the grant funds to assist agricultural producers and rural small businesses by—

(A) conducting and promoting energy audits; and

(B) providing recommendations and information on how—

(i) to improve the energy efficiency of the operations of the agricultural producers and rural small businesses; and

(ii) to use renewable energy technologies and resources in the operations.

(5) Limitation

Grant recipients may not use more than 5 percent of a grant for administrative expenses.

(6) Cost sharing

A recipient of a grant under paragraph (1) that conducts an energy audit for an agricultural producer or rural small business under paragraph (4) shall require that, as a condition of the energy audit, the agricultural producer or rural small business pay at least 25 percent of the cost of the energy audit, which shall be retained by the eligible entity for the cost of the energy audit.

(c) Financial assistance for energy efficiency improvements and renewable energy systems**(1) In general****(A) Assistance**

In addition to any similar authority, the Secretary shall provide—

(i) loan guarantees and grants to agricultural producers and rural small businesses—

(I) to purchase renewable energy systems, including systems that may be used to produce and sell electricity; and

(II) to make energy efficiency improvements; and

(ii) loan guarantees to agricultural producers to purchase and install energy efficient equipment or systems for agricultural production or processing that exceed—

(I) energy efficiency building codes, if applicable;

(II) Federal or State energy efficiency standards, if applicable; and

(III) other energy efficiency standards determined appropriate by the Secretary.

(B) Limitations

With respect to loan guarantees under subparagraph (A)(ii)—

(i) if no codes or standards described in such subparagraph apply to the energy efficient equipment or system to be purchased or installed pursuant to such subparagraph, the Secretary shall require, to the maximum extent practicable, such equipment or system to meet the same efficiency measurements as the most efficient available equipment or system in the market; and

(ii) the Secretary shall not provide such a loan guarantee for the purchase or installation of any energy efficient equipment or system unless more than one type of such equipment or system is available in the market.
