TRANSFER OF FUNCTIONS

For transfer of functions of the Secretary of Agriculture relating to agricultural import and entry in-

spection activities under this chapter to the Secretary of Homeland Security, and for treatment of related references, see sections 231, 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

NATIONAL POULTRY IMPROVEMENT PLAN

Pub. L. 113–79, title XII, §12107, Feb. 7, 2014, 128 Stat. 982, provided that: “The Secretary of Agriculture shall ensure that the Department of Agriculture continues to administer the diagnostic surveillance program for H5/H7 low pathogenic avian influenza with respect to commercial poultry under section 146.14 of title 9, Code of Federal Regulations (or a successor regulation), without amending the regulations in section 147.43 of title 9, Code of Federal Regulations (as in effect on the date of the enactment of this Act [Feb. 7, 2014]), with respect to the governance of the General Conference Committee established under such section. The Secretary of Agriculture shall maintain—

“(1) the operations of the General Conference Committee—

“(A) in the physical location at which the Committee was located on the date of the enactment of this Act; and

“(B) with the organizational structure within the Department of Agriculture in effect as of such date; and

“(2) the funding levels for the National Poultry Improvement Plan for Commercial Poultry (established under part 146 of title 9, Code of Federal Regulations, or a successor regulation) at the fiscal year 2013 funding levels for the Plan.”

§ 8308a. Animal disease prevention and management

(a) National Animal Health Laboratory Network

(1) Definition of eligible laboratory

In this subsection, the term “eligible laboratory” means a diagnostic laboratory that meets specific criteria developed by the Secretary, in consultation with State animal health officials, State veterinary diagnostic laboratories, and veterinary diagnostic laboratories at institutions of higher education (as defined in section 1001 of title 20).

(2) In general

The Secretary, in consultation with State veterinarians, shall offer to enter into contracts, grants, cooperative agreements, or other legal instruments with eligible laboratories for any of the following purposes:

(A) To enhance the capability of the Secretary to respond in a timely manner to emerging or existing bioterrorist threats to animal health.

(B) To provide the capacity and capability for standardized—

(i) test procedures, reference materials, and equipment;

(ii) laboratory biosafety and biosecurity levels;

(iii) quality management system requirements;

(iv) interconnected electronic reporting and transmission of data; and

(v) evaluation for emergency preparedness.

(C) To coordinate the development, implementation, and enhancement of national veterinary diagnostic laboratory capabili-

ties, with special emphasis on surveillance planning and vulnerability analysis, technology development and validation, training, and outreach.

(3) Priority

To the extent practicable and to the extent capacity and specialized expertise may be necessary, the Secretary shall give priority to existing Federal facilities, State facilities, and facilities at institutions of higher education.

(b) National Animal Disease Preparedness and Response Program

(1) Program required

The Secretary shall establish a program, to be known as the National Animal Disease Preparedness and Response Program (referred to in this section as “the Program”), to address the increasing risk of the introduction and spread within the United States of animal pests and diseases affecting the economic interests of the livestock and related industries of the United States, including the maintenance and expansion of export markets.

(2) Program activities

Activities under the Program shall include, to the extent practicable, the following:

(A) Enhancing animal pest and disease analysis and surveillance.

(B) Expanding outreach and education.

(C) Targeting domestic inspection activities at vulnerable points in the safeguarding continuum.

(D) Enhancing and strengthening threat identification technology.

(E) Improving biosecurity.

(F) Enhancing emergency preparedness and response capabilities, including training additional emergency response personnel.

(G) Conducting technology development to enhance electronic sharing of animal health data for risk analysis between State and Federal animal health officials.

(H) Enhancing the development and effectiveness of animal health technologies to treat and prevent animal disease, including—

(i) veterinary biologics and diagnostics;

(ii) animal drugs for minor uses and minor species;

(iii) animal medical devices; and

(iv) emerging veterinary countermeasures.

(I) Such other activities as determined appropriate by the Secretary, in consultation with eligible entities specified in paragraph (3).

(3) Eligible entities

To carry out the Program, the Secretary shall offer to enter into cooperative agreements or other legal instruments, as authorized under section 8312 of this title (referred to in this section as “agreements”) with eligible entities, to be selected by the Secretary, which may include any of the following entities, either individually or in combination:

(A) A State department of agriculture.

(B) The office of the chief animal health official of a State.
