SUBCHAPTER III—INDEMNITY PAYMENTS TO DAIRY FARMERS

Editorial Notes

CODIFICATION

Subchapter was enacted as Pub. L. 90-484, and not as part of the Dairy Production Stabilization Act of 1983 which comprises this chapter.

§ 4551. Indemnity payments to dairy farmers and manufacturers of dairy products; milk removed for its residue of chemical or toxic substances; nuclear radiation or fallout contaminants; other legal recourse

The Secretary of Agriculture is authorized to make indemnity payments for milk or cows producing such milk at a fair market value, to dairy farmers who have been directed since January 1, 1964 (but only since August 10, 1973, in the case of indemnity payments not authorized prior to August 10, 1973), to remove their milk, and to make indemnity payments for dairy products at fair market value to manufacturers of dairy products who have been directed since November 30, 1970, to remove their dairy products from commercial markets because of residues of chemicals registered and approved for use by the Federal Government at the time of such use. The Secretary is also authorized to make indemnity payments for milk, or cows producing such milk, at a fair market value to any dairy farmer who is directed to remove his milk from commercial markets because of (1) the presence of products of nuclear radiation or fallout if such contamination is not due to the fault of the farmer, or (2) residues of chemicals or toxic substances not included under the first sentence of this section if such chemicals or toxic substances were not used in a manner contrary to applicable regulations or labeling instructions provided at the time of use and the contamination is not due to the fault of the farmer: *Provided*, That no indemnity payment may be made for contamination resulting from such residues of chemicals or toxic substances if the Secretary determines within thirty days after the date of application for payment that other legal recourse is available to the farmer. Any indemnity payment to any farmer shall continue until he has been reinstated and is again allowed to dispose of his milk on commercial markets.

AMENDMENTS

1977—Pub. L. 95-113 authorized indemnity payments for milk, or cows producing such milk, at a fair market value to any dairy farmer who is directed to remove his milk from commercial markets because of the presence of products of nuclear radiation or fallout if such contamination is not due to the fault of the farmer, or because of residues of chemicals or toxic substances not included under the first sentence of this section if such chemicals or toxic substances were not used in a manner contrary to applicable regulations or labeling instructions provided at the time of use and the contamination is not due to the fault of the farmer, and inserted provision that no indemnity payment may be made for contamination resulting from residues of chemicals or toxic substances if the Secretary determines within thirty days after the date of application for payment that other legal recourse is available to the farmer.

1973—Pub. L. 93-86 inserted "for milk or cows producing such milk" after "The Secretary of Agriculture is authorized to make indemnity payments" and "(but only since August 10, 1973, in the case of indemnity payments not authorized prior to August 10, 1973)" after "January 1, 1964" and substituted ", and to make indemnity payments for dairy products at fair market value to" for "and" after "remove their milk" and "of" for "it contained" before "residues of chemicals".

1970—Pub. L. 91-524 inserted "and manufacturers of dairy products who have been directed since November 30, 1970, to remove their dairy products," after "milk", in first sentence, and substituted "Any indemnity payment to any farmer shall continue" for "Such indemnity payments shall continue to each dairy farmer" in second sentence.
