

title, which section related to the collection of statistics on oilseeds, nuts and kernels, fats, oils and greases. For remainder of such sections 74 and 84, see Distribution Table.

Section 74 of title 13, U.S.C., 1952 ed., authorized the making of requests for information by registered mail, and provided that, if so made, the registry receipt should be "accepted as evidence of such demand". Section 84 thereof authorized the making of requests by registered mail, or "by telegraph", and provided that, if so made, the "return" receipt therefor should be "prima facie evidence of an official request". The authorizations contained in such sections have been carried into section 224 of this title, and the evidentiary provisions thereof have been carried into this section, and they apply to investigations other than those to which such sections 74 and 84 related. See Revision Note to section 224 of this title.

In this revised section, the language of section 84 of title 13, U.S.C., 1952 ed., was largely followed as probably being the more desirable, but "or other written receipt thereof" was inserted since there is no return receipt with respect to a telegram, and words "in any prosecution under such section" were inserted for the purpose of completeness.

Further, words "Secretary or other authorized officer or employee of the Department of Commerce or bureau or agency thereof" were substituted for references to the Director of the Census, to conform with 1950 Reorganization Plan No. 5, §§1, 2, eff. May 24, 1950, 15 F.R. 3174, 64 Stat. 1263. See Revision Note to section 4 of this title.

Changes were made in phraseology.

(b) The Secretary shall submit to the Committee on Ways and Means of the House of Representatives and the Committee on Finance of the Senate, on quarterly and cumulative bases, statistics on United States imports for consumption and United States exports by country and by product. Statistics on United States imports shall be submitted in accordance with the Harmonized Tariff Schedule of the United States Annotated for Statistical Reporting Purposes and general statistical note 1 thereof, in detail as follows:

- (7) for transactions where (3) and (4) are equal, the total value of such transactions.

The data for paragraphs (1), (2), (3), (5), and (6) shall be reported separately for nonrelated and related party transactions, and shall also be reported as a total of all transactions.

(c) In submitting any information under subsection (b) with respect to exports, the Secretary shall state separately from the total value of all exports—

the United States Annotated for Statistical Reporting Purposes, the United States port of entry value (as determined under subsection (b)(6)). There shall be reported, on monthly and cumulative bases, the balance of international trade for the United States reflecting (1) the aggregate value of all United States imports as reported in accordance with the first sentence of this subsection, and (2) the aggregate value of all United States exports. The information required to be reported under this subsection shall be reported in a form that is adjusted for economic inflation or deflation (on a constant dollar basis consistent with the reporting of the National Income and Product Accounts), and in a form that is not so adjusted.

(f) On or before January 1, 1981, and as often thereafter as may be necessary to reflect significant changes in rates, there shall be reported for each heading or subheading in the Harmonized Tariff Schedule of the United States Annotated for Statistical Reporting Purposes, the ad valorem or ad valorem equivalent rate of duty which would have been required to be imposed on dutiable imports under that heading or subheading, if the United States customs values of such imports were based on the United States port of entry value (as reported in accordance with the first sentence of subsection (e)) in order to collect the same amount of duties on imports under that heading or subheading as are currently collected.

(g) Shippers' Export Declarations (or any successor document), wherever located, shall be exempt from public disclosure unless the Secretary determines that such exemption would be contrary to the national interest.
