

temwide shortages of coal or other alternate fuels, or disruption of transportation facilities, which emergency is likely to affect reliability of service of any such electric powerplant.

(d) Duration of emergency orders

(1) Except as provided in paragraph (3), any order issued by the President under this section shall not be effective for longer than the duration of the interruption or emergency, or 90 days, whichever is less.

(2) Any such order may be extended by a subsequent order which the President shall transmit to the Congress in accordance with section 6421 of this title. Such order shall be subject to congressional review pursuant to such section.

(3) Notwithstanding paragraph (1), the effectiveness of any order issued under this section shall not terminate under this subsection during the 15-calendar-day period during which any such subsequent order described in paragraph (2) is subject to congressional review under section 6421 of this title.

(4) For purposes of this subsection, the provisions of this subsection supersede the provisions of subchapter II of chapter 34 of title 50.

(e) Delegation of authority prohibited

The authority of the President to issue any order under this section may not be delegated. This subsection shall not be construed to prevent the President from directing any Federal agency to issue rules or regulations or take such other action, consistent with this section, in the implementation of such order.

(f) Publication and reports to Congress of orders

Any order issued under this section shall be published in the Federal Register. To the greatest extent practicable, the President shall, before issuing any order under this section, but in no event later than 5 days after issuing such order, report to the Congress of his intention to issue such order and state his reasons therefor.

Editorial Notes

REFERENCES IN TEXT

Section 7410(d) of this title, referred to in subsec. (b), was repealed by Pub. L. 101-549, title I, §101(d)(4), Nov. 15, 1990, 104 Stat. 2409.

This chapter, referred to in subsec. (c), was in the original "this Act", meaning Pub. L. 95-620, Nov. 9, 1978, 92 Stat. 3289, known as the Powerplant and Industrial Fuel Use Act of 1978, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 8301 of this title and Tables.

Subchapter II (§1621 et seq.) of chapter 34 of title 50, referred to in subsec. (d)(4), was in the original "title II of the Act of September 14, 1976 (Public Law 94-412)", which is known as the National Emergencies Act.

AMENDMENTS

1987—Subsec. (g). Pub. L. 100-42 struck out subsec. (g) which permitted use of natural gas or petroleum as primary energy source in peakload powerplant or major fuel-burning installation during temporary emergency condition (other than emergency conditions provided for under section 8302(a)(15) of this title).

§ 8375. Repealed. Pub. L. 100-42, § 1(a)(5), May 21, 1987, 101 Stat. 310

Section, Pub. L. 95-620, title IV, §405, Nov. 9, 1978, 92 Stat. 3320, prohibited increased use of petroleum as primary energy source in existing electric powerplants which, during calendar year 1977, used coal or another alternate fuel as primary energy source, unless permit authorizing such increased use had been issued by Secretary.

SUBCHAPTER V—SYSTEM COMPLIANCE OPTION

§ 8391. Repealed. Pub. L. 100-42, § 1(a)(6), May 21, 1987, 101 Stat. 310

Section, Pub. L. 95-620, title V, §501, Nov. 9, 1978, 92 Stat. 3321, mandated that existing electric powerplants owned or operated by an electric utility be considered in compliance with prohibitions under subchapter III of this chapter relating to use of natural gas if there is in effect an approved plan of system compliance for such utility, and set forth requirements for approval of such plan.

SUBCHAPTER VI—FINANCIAL ASSISTANCE

§ 8401. Assistance to areas impacted by increased coal or uranium production

(a) Designation of impacted areas

(1) In accordance with such criteria and guidelines as the Secretary of Agriculture shall, by rule, prescribe, the Governor of any State may designate any area within such State for the purposes of this section, if he finds that—

(A) either (i) employment in coal or uranium production development activities in such area has increased for the most recent calendar year by 8 percent or more from the immediately preceding year or (ii) employment in such activities will increase 8 percent or more per year during each of the 3 calendar years beginning after the date of such finding;

(B) such employment increase has required or will require substantial increases in housing or public facilities and services or a combination of both in such area; and

(C) the State and the local government or governments serving such area lack the financial and other resources to meet any such increases in public facilities and services within a reasonable time.

The Secretary of Agriculture shall prescribe a rule containing criteria and guidelines for making a designation under this subsection, after consultation with the Secretary of Labor and the Secretary of Energy, not later than 180 days after the effective date of this chapter.

(2) For purposes of paragraph (1)(C), increased revenues, including severance tax revenues, royalties, and similar fees to the State and local governments which are associated with the increase in coal or uranium development activities and which are not prohibited from being used under provisions of law in effect on November 9, 1978, shall be taken into account in determining if a State or local government lacks financial resources.

(3) The Secretary shall, after consultation with the Secretary of Agriculture, approve any designation of an area under paragraph (1) only if—
