**35.18.005 Definition—"Councilman."** As used in this title, the term "councilman" or "councilmen" means councilmember or councilmembers. [1981 c 213 § 1.]

**35.18.010 The council-manager plan.** Under the council-manager plan of city government, the councilmen shall be the only elective officials. The council shall appoint an officer whose title shall be "city manager" who shall be the chief executive officer and head of the administrative branch of city or town government. The city manager shall be responsible to the council for the proper administration of all affairs of the city or town. [1965 c 7 § 35.18.010. Prior: 1955 c 337 § 2; prior: (i) 1943 c 271 § 8, part; Rem. Supp. 1943 § 9198-17, part. (ii) 1943 c 271 § 12, part; Rem. Supp. 1943 § 9198-21, part. (iii) 1949 c 84 § 2, part; 1943 c 271 § 17, part; Rem. Supp. 1949 § 9198-26, part.]

**35.18.020 Number of councilmembers—Wards, districts—Terms—Vacancies.** (1) The number of councilmembers in a city or town operating with a council-manager plan of government shall be based upon the latest population of the city or town that is determined by the office of financial management as follows:

- (a) A city or town having not more than two thousand inhabitants, five councilmembers; and
- (b) A city or town having more than two thousand, seven councilmembers.

(2) Except for the initial staggering of terms, councilmembers shall serve for four-year terms of office. All councilmembers shall serve until their successors are elected and qualified and assume office in accordance with \*RCW 29.04.170. Councilmembers may be elected on a city-wide or town-wide basis, or from wards or districts, or any combination of these alternatives. Candidates shall run for specific positions. Wards or districts shall be redrawn as provided in \*\*chapter 29.70 RCW. Wards or districts shall be used as follows: (a) Only a resident of the ward or district may be a candidate for, or hold office as, a councilmember of the ward or district; and (b) only voters of the ward or district may vote at a primary to nominate candidates for a councilmember of the ward or district. Voters of the entire city or town may vote at the general election to elect a councilmember of a ward or district, unless the city or town had prior to January 1, 1994, limited the voting in the general election for any or all council positions to only voters residing within the ward or district associated with the council positions. If a city or town had so limited the voting in the general election to only voters resid-

ing within the ward or district, then the city or town shall be authorized to continue to do so.

(3) When a city or town has qualified for an increase in the number of councilmembers from five to seven by virtue of the next succeeding population determination made by the office of financial management, two additional council positions shall be filled at the next municipal general election with the person elected to one of the new council positions receiving the greatest number of votes being elected for a four-year term of office and the person elected to the other additional council position being elected for a two-year term of office. The two additional councilmembers shall assume office immediately when qualified in accordance with \*RCW 29.01.135, but the term of office shall be computed from the first day of January after the year in which they are elected. Their successors shall be elected to four-year terms of office.

Prior to the election of the two new councilmembers, the city or town council shall fill the additional positions by appointment not later than forty-five days following the release of the population determination, and each appointee shall hold office only until the new position is filled by election.

(4) When a city or town has qualified for a decrease in the number of councilmembers from seven to five by virtue of the next succeeding population determination made by the office of financial management, two council positions shall be eliminated at the next municipal general election if four council positions normally would be filled at that election, or one council position shall be eliminated at each of the next two succeeding municipal general elections if three council positions normally would be filled at the first municipal general election after the population determination. The council shall by ordinance indicate which, if any, of the remaining positions shall be elected at-large or from wards or districts.

(5) Vacancies on a council shall occur and shall be filled as provided in chapter 42.12 RCW. [1994 c 223 § 12; 1981 c 260 § 7. In addition to the signature and residence addresses of the petitioners thereon, a petition must contain an affidavit stating the number of signers thereon at the time the affidavit is made.

Petitions containing the required number of signatures shall be accepted by the city or town clerk as prima facie valid until their invalidity has been proved.

A variation on such petitions between the signatures on the petition and that on the voter's permanent registration caused by the substitution of initials instead of the first or middle names or both shall not invalidate the signature on the petition if the surname and handwriting are the same. Signatures, including the original, of any voter who has signed such petitions two or more times shall be stricken. [1965 c 7 § 35.18.240. The staggering of terms of office shall occur at the election when the new councilmembers are elected, where the simple majority of the persons elected as councilmembers receiving the greatest numbers of votes shall be elected to four-year terms of office if the election is held in an odd-numbered year, or three-year terms of office if the election is held in an even-numbered year, and the remainder of the persons elected as councilmembers shall be elected to two-year terms of office if the election is held in an odd-numbered year, or one-year terms of office if the election is held in an even-numbered year. **35.20.010 Municipal court established—Termination of court—Agreement covering costs of handling resulting criminal cases—Arbitration—Notice.** (1) There is hereby created and established in each incorporated city of this state having a population of more than four hundred thousand inhabitants, as shown by the federal or state census, whichever is the later, a municipal court, which shall be styled "The Municipal Court of . . . . . (name of city)," hereinafter designated and referred to as the municipal court, which court shall have jurisdiction and shall exercise all the powers by this chapter declared to be vested in such municipal court, together with such powers and jurisdiction as is generally conferred in this state either by common law or statute.

(2) A municipality operating a municipal court under this section may terminate that court if the municipality has reached an agreement with the county under chapter 39.34 RCW under which the county is to be paid a reasonable amount for costs associated with prosecution, adjudication, and sentencing in criminal cases filed in district court as a

result of the termination. The agreement shall provide for periodic review and renewal of the terms of the agreement. If the municipality and the county are unable to agree on the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter 7.04 RCW. Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter 7.04 RCW.

(3) A city that has entered into an agreement for court services with the county must provide written notice of the intent to terminate the agreement to the county legislative authority not less than one year prior to February 1st of the year in which all district court judges are subject to election. A city that terminates an agreement for court services to be provided by a district court may terminate the agreement only at the end of a four-year district court judicial term.

(4) A county that wishes to terminate an agreement with a city for the provision of court services must provide written notice of the intent to terminate the agreement to the city legislative authority not less than one year prior to the expiration of the agreement. [2001 c 68 § 3; 1984 c 258 § 201; 1975 c 33 § 4; 1965 c 7 § 35.20.010. Prior: 1955 c 290 § 1.]

The legislative body of the city may by ordinance authorize a department of the municipal court to act as a night court, and shall appropriate the necessary funds therefor. [1965 c 7 § 35.20.020. Prior: 1955 c 290 § 2.]

**35.20.030 Jurisdiction—Maximum penalties for criminal violations—Review—Costs.** The municipal court shall have jurisdiction to try violations of all city ordinances and all other actions brought to enforce or recover license penalties or forfeitures declared or given by any such ordinances. All civil and criminal proceedings in municipal court, and judgments rendered therein, shall be subject to review in the superior court by writ of review or on appeal: PROVIDED, That an appeal from the court's determination or order in a traffic infraction proceeding may be taken only in accordance with RCW 46.63.090(5). Costs in civil and criminal cases may be

A municipal court participating in the program established by the office of the administrator for the courts pursuant to RCW 2.56.160 shall have jurisdiction to take recognizance, approve bail, and arraign defendants held within its jurisdiction on warrants issued by any court of limited jurisdiction participating in the program. **35.21.005 Sufficiency of petitions.** Wherever in this title petitions are required to be signed and filed, the following rules shall govern the sufficiency thereof:

(1) A petition may include any page or group of pages containing an identical text or prayer intended by the circulators, signers or sponsors to be presented and considered as one petition and containing the following essential elements when applicable, except that the elements referred to in (d) and (e) of this subsection are essential for petitions referring or initiating legislative matters to the voters, but are directory as to other petitions:

(a) The text or prayer of the petition which shall be a concise statement of the action or relief sought by petitioners and shall include a reference to the applicable state statute or city ordinance, if any;

(b) If the petition initiates or refers an ordinance, a true copy thereof;

(c) If the petition seeks the annexation, incorporation, withdrawal, or reduction of an area for any purpose, an accurate legal description of the area proposed for such action and if practical, a map of the area;

(d) Numbered lines for signatures with space provided beside each signature for the name and address of the signer and the date of signing;

(e) The warning statement prescribed in subsection (2) of this section.

(2) Petitions shall be printed or typed on single sheets of white paper of good quality and each sheet of petition paper having a space thereon for signatures shall contain the text or prayer of the petition and the following warning:

#### WARNING

Every person who signs this petition with any other than his or her true name, or who knowingly signs more than one of these petitions, or signs a petition seeking an election when he or she is not a legal voter, or signs a petition when he or she is otherwise not qualified to sign, or who makes herein any false statement, shall be guilty of a misdemeanor.

Each signature shall be executed in ink or indelible pencil and shall be followed by the name and address of the signer and the date of signing.

(3) The term "signer" means any person who signs his or her own name to the petition.

(4) To be sufficient a petition must contain valid signatures of qualified registered voters or property owners, as the case may be, in the number required by the applicable statute or ordinance. Within three working days after the filing of a petition, the officer with whom the petition is filed shall transmit the petition to the county auditor for petitions signed by registered voters, or to the county assessor for petitions signed by property owners for determination of sufficiency. The officer or officers whose duty it is to determine the sufficiency of the petition shall proceed to make such a determination with reasonable promptness and shall file with the officer receiving the petition for filing a certificate stating the date upon which such determination was begun, which date shall be referred to as the terminal date. Additional pages of one or more signatures may be added to the petition by filing the same with the appropriate filing officer prior to such terminal date. Any signer of a filed petition may withdraw his or her signature by a written request for withdrawal filed with the receiving officer prior to such terminal date. Such written request shall so sufficiently describe the petition as to make identification of the person and the petition certain. The name of any person seeking to withdraw shall be signed exactly the same as contained on the petition and, after the filing of such request for withdrawal, prior to the terminal date, the signature of any person seeking such withdrawal shall be deemed withdrawn.

(5) Petitions containing the required number of signatures shall be accepted as prima facie valid until their invalidity has been proved.

(6) A variation on petitions between the signatures on the petition and that on the voter's permanent registration caused by the substitution of initials instead of the first or middle names, or both, shall not invalidate the signature on the petition if the surname and handwriting are the same.

(7) Signatures, including the original, of any person who has signed a petition two or more times shall be stricken.

(8) Signatures followed by a date of signing which is more than six months prior to the date of filing of the petition shall be stricken.

(9) When petitions are required to be signed by the owners of property, the determination shall be made by the county assessor. Where validation of signatures to the petition is required, the following shall apply:

(a) The signature of a record owner, as determined by the records of the county auditor, shall be sufficient without the signature of his or her spouse;

(b) In the case of mortgaged property, the signature of the mortgagor shall be sufficient, without the signature of his or her spouse;

(c) In the case of property purchased on contract, the signature of the contract purchaser, as shown by the records of the county auditor, shall be deemed sufficient, without the signature of his or her spouse;

(d) Any officer of a corporation owning land within the area involved who is duly authorized to execute deeds or encumbrances on behalf of the corporation, may sign on

behalf of such corporation, and shall attach to the petition a certified excerpt from the bylaws of such corporation showing such authority;

(e) When property stands in the name of a deceased person or any person for whom a guardian has been appointed, the signature of the executor, administrator, or guardian, as the case may be, shall be equivalent to the signature of the owner of the property; and

(f) When a parcel of property is owned by multiple owners, the signature of an owner designated by the multiple owners is sufficient.

(10) The officer or officers responsible for determining the sufficiency of the petition shall do so in writing and transmit the written certificate to the officer with whom the petition was originally filed. [2003 c 331 § 8; 1996 c 286 § 6.]

[1961 ex.s. c 16 § 1.]

**35.21.015 Salary commissions.** (1) Salaries for elected officials of towns and cities may be set by salary commissions established in accordance with city charter or by ordinance and in conformity with this section.

(2) The members of such commissions shall be appointed in accordance with the provisions of a city charter, or as specified in this subsection:

"Immediate family member" as used in this subsection means the parents, spouse, siblings, children, or dependent relatives of the officer, official, or employee, whether or not living in the household of the officer, official, or employee.

In the event of the filing of a valid referendum petition, the salary increase or decrease shall not go into effect until approved by vote of the people.

(7) Referendum measures under this section shall be submitted to the voters of the city or town at the next following general or municipal election occurring thirty days or more after the petition is filed, and shall be otherwise governed by the provisions of the state Constitution, or city charter, or laws generally applicable to referendum measures.

**Findings—Intent—2001 c 73:** "The legislature hereby finds and declares that:

(1) Article XXX, section 1 of the state Constitution permits midterm salary increases for municipal officers who do not fix their own compensation;

(2) The Washington citizens' commission on salaries for elected officials established pursuant to Article XXVIII, section 1 of the state Constitution with voter approval has assured that the compensation for state and county elected officials will be fair and certain, while minimizing the dangers of midterm salary increases being used to influence those officers in the performance of their duties;

(3) The same public benefits of independent salary commissions should be extended to the setting of compensation of municipal elected officers; and

(4) This act is intended to clarify the intent of the legislature that existing state law authorizes:

(a) The establishment of independent salary commissions to set the salaries of city or town elected officials, county commissioners, and county councilmembers; and

(b) The authority of the voters of such cities, towns, and counties to review commission decisions to increase or decrease such salaries by means of referendum." [2001 c 73 § 1.]

Nothing in this section shall be interpreted to reduce the authority of a city to adopt ordinances under RCW 35.21.130(1).

(2) For the purposes of this section, "reduced rate" means a residential solid waste collection rate incorporating a rebate, refund, or discount. Reduced rate shall not include residential solid waste collection rate based on the volume or weight of solid waste set out for collection. [1991 c 319 § 404.]

**Severability—Part headings not law—1991 c 319:** See RCW 70.95F.900 and 70.95F.901.

**35.21.140 Garbage—Notice of lien—Foreclosure.** A notice of the city's or town's lien for garbage collection and disposal service specifying the charges, the period covered by the charges and giving the legal description of the premises sought to be charged, shall be filed with the county auditor within the time required and shall be foreclosed in the manner and within the time prescribed for liens for labor and material. [1965 c 7 § 35.21.140. Prior: 1943 c 270 § 1, part; Rem. Supp. 1943 § 9504-1, part.]

(2004 Ed.)

**35.21.150 Garbage—Lien—Priority.** The garbage collection and disposal service lien shall be prior to all liens and encumbrances filed subsequent to the filing of the notice of it with the county auditor, except the lien of general taxes and local improvement assessments whether levied prior or subsequent thereto. [1965 c 7 § 35.21.150. Prior: 1943 c 270 § 1, part; Rem. Supp. 1943 § 9504-1, part.]

**35.21.152 Solid waste handling—Agreements—Purposes—Terms and conditions.** A city or town may construct, lease, condemn, purchase, acquire, add to, alter, and extend systems, plants, sites, or other facilities for solid waste handling, and shall have full jurisdiction and authority to manage, regulate, maintain, utilize, operate, control, and establish the rates and charges for those solid waste handling systems, plants, sites, or other facilities owned or operated by the city or town. A city or town may enter into agreements with public or private parties to: (1) Construct, lease, purchase, acquire, manage, maintain, utilize, or operate publicly or privately owned or operated solid waste handling systems, plants, sites, or other facilities; (2) establish rates and charges for those systems, plants, sites, or other facilities; (3) designate particular publicly or privately owned or operated systems, plants, sites, or other facilities as disposal sites; and (4) sell the materials or products of those systems, plants, or other facilities. Any agreement entered into shall be for such term and under such conditions as may be determined by the legislative authority of the city or town. [1989 c 399 § 2; 1977 ex.s. c 164 § 1; 1975 1st ex.s. c 208 § 1.]

**35.21.154 Solid waste—Compliance with chapter 70.95 RCW required.** Nothing in RCW 35.21.152 will relieve a city or town of its obligations to comply with the requirements of chapter 70.95 RCW. [1989 c 399 § 3; 1975 1st ex.s. c 208 § 3.]

**35.21.156 Solid waste—Contracts with vendors for solid waste handling systems, plants, sites, or facilities—Requirements—Vendor selection procedures.** (1) Notwithstanding the provisions of any city charter, or any law to the contrary, and in addition to any other authority provided by law, the legislative authority of a city or town may contract with one or more vendors for one or more of the design, construction, or operation of, or other service related to, the systems, plants, sites, or other facilities for solid waste handling in accordance with the procedures set forth in this section. Solid waste handling systems, plants, sites, or other facilities constructed, purchased, acquired, leased, added to, altered, extended, maintained, managed, utilized, or operated pursuant to this section, RCW 35.21.120 and 35.21.152, whether publicly or privately owned, shall be in substantial compliance with the solid waste management plan applicable to the city or town adopted pursuant to chapter 70.95 RCW. Agreements relating to such solid waste handling systems, plants, sites, or other facilities may be for such term and may contain such covenants, conditions, and remedies as the legislative authority of a city or town may deem necessary or appropriate. When a contract for design services is entered into separately from other services permitted under this section, procurement shall be in accordance with chapter 39.80 RCW.

(2) If the legislative authority of the city or town decides to proceed with the consideration of qualifications or proposals for services from vendors, the city or town shall publish notice of its requirements and request submission of qualifications statements or proposals. The notice shall be published in the official newspaper of the city or town at least once a week for two weeks not less than sixty days before the final date for the submission of qualifications statements or proposals. The notice shall state in summary form (a) the general scope and nature of the design, construction, operation, or other service, (b) the name and address of a representative of the city or town who can provide further details, (c) the final date for the submission of qualifications statements or proposals, (d) an estimated schedule for the consideration of qualifications, the selection of vendors, and the negotiation of a contract or contracts for services, (e) the location at which a copy of any request for qualifications or request for proposals will be made available, and (f) the criteria established by the legislative authority to select a vendor or vendors, which may include but shall not be limited to the vendor's prior experience, including design, construction, or operation of other similar facilities; respondent's management capability, schedule availability and financial resources; cost of the services, nature of facility design proposed by the vendor; system reliability; performance standards required for the facilities; compatibility with existing service facilities operated by the public body or other providers of service to the public; project performance guarantees; penalty and other enforcement provisions; environmental protection measures to be used; consistency with the applicable comprehensive solid waste management plan; and allocation of project risks.

(3) If the legislative authority of the city or town decides to proceed with the consideration of qualifications or proposals, it may designate a representative to evaluate the vendors who submitted qualifications statements or proposals and conduct discussions regarding qualifications or proposals with one or more vendors. The legislative authority or representative may request submission of qualifications statements and may later request more detailed proposals from one or more vendors who have submitted qualifications statements, or may request detailed proposals without having first received and evaluated qualifications statements. The legislative authority or its representative shall evaluate the qualifications or proposals, as applicable. If two or more vendors submit qualifications or proposals that meet the criteria established by the legislative authority of the city or town, discussions and interviews shall be held with at least two vendors. Any revisions to a request for qualifications or request for proposals shall be made available to all vendors then under consideration by the city or town and shall be made available to any other person who has requested receipt of that information.

(4) Based on criteria established by the legislative authority of the city or town, the representative shall recommend to the legislative authority a vendor or vendors that are initially determined to be the best qualified to provide one or more of the design, construction or operation of, or other service related to, the proposed project or services. The legislative authority may select one or more qualified vendors for one or more of the design, construction, or operation of, or other service related to, the proposed project or services.

(5) The legislative authority or its representative may attempt to negotiate a contract with the vendor or vendors selected for one or more of the design, construction, or operation of, or other service related to, the proposed project or services on terms that the legislative authority determines to be fair and reasonable and in the best interest of the city or town. If the legislative authority or its representative is unable to negotiate such a contract with any one or more of the vendors first selected on terms that it determines to be fair and reasonable and in the best interest of the city or town, negotiations with any one or more of the vendors shall be terminated or suspended and another qualified vendor or vendors may be selected in accordance with the procedures set forth in this section. If the legislative authority decides to continue the process of selection, negotiations shall continue with a qualified vendor or vendors in accordance with this section at the sole discretion of the legislative authority until an agreement is reached with one or more qualified vendors, or the process is terminated by the legislative authority. The process may be repeated until an agreement is reached.

(6) Prior to entering into a contract with a vendor, the legislative authority of the city or town shall make written findings, after holding a public hearing on the proposal, that it is in the public interest to enter into the contract, that the contract is financially sound, and that it is advantageous for the city or town to use this method for awarding contracts compared to other methods.

(7) Each contract shall include a project performance bond or bonds or other security by the vendor that in the judgment of the legislative authority of the city or town is sufficient to secure adequate performance by the vendor.

(8) The provisions of chapters 39.12, 39.19, and \*39.25 RCW shall apply to a contract entered into under this section to the same extent as if the systems and plants were owned by a public body.

(9) The vendor selection process permitted by this section shall be supplemental to and shall not be construed as a repeal of or limitation on any other authority granted by law.

The alternative selection process provided by this section may not be used in the selection of a person or entity to construct a publicly owned facility for the storage or transfer of solid waste or solid waste handling equipment unless the facility is either (a) privately operated pursuant to a contract greater than five years, or (b) an integral part of a solid waste processing facility located on the same site. Instead, the applicable provisions of RCW 35.22.620, and 35.23.352, and chapters 39.04 and 39.30 RCW shall be followed. [1989 c 399 § 7; 1986 c 282 § 17. Formerly RCW 35.92.024.]

**\*Reviser's note:** Chapter 39.25 RCW was repealed by 1994 c 138 § 2.

**Legislative findings—Construction—1986 c 282 §§ 17-20:** "The legislature finds that the regulation, management, and disposal of solid waste through waste reduction, recycling, and the use of resource recovery facilities of the kind described in RCW 35.92.022 and 36.58.040 should be conducted in a manner substantially consistent with the priorities and policies of the solid waste management act, chapter 70.95 RCW. Nothing contained in sections 17 through 20 of this act shall detract from the powers, duties, and functions given to the utilities and transportation commission in chapter 81.77 RCW." [1986 c 282 § 16.]

**Liberal construction—Supplemental powers—1986 c 282 §§ 16-20:** "Sections 16 through 20 of this act, being necessary for the health and welfare of the state and its inhabitants, shall be liberally construed to effect its purposes. Sections 16 through 20 of this act shall be deemed to provide an alternative method for the performance of those subjects authorized by these

sections and shall be regarded as supplemental and additional to powers conferred by the Washington state Constitution, other state laws, and the charter of any city or county." [1986 c 282 § 21.]

**Severability—1986 c 282:** See RCW 82.18.900.

**35.21.157 Solid waste collection—Rate increase notice.** (1) A city that contracts for the collection of solid waste, or provides for the collection of solid waste directly, shall notify the public of each proposed rate increase for a solid waste handling service. The notice may be mailed to each affected ratepayer or published once a week for two consecutive weeks in a newspaper of general circulation in the collection area. The notice shall be available to affected ratepayers at least forty-five days prior to the proposed effective date of the rate increase.

(2) For purposes of this section, "solid waste handling" has the same meaning as provided in RCW 70.95.030. [1994 c 161 § 2.]

**Findings—Declaration—1994 c 161:** "The legislature finds that local governments and private waste management companies have significantly changed solid waste management services in an effort to preserve landfill space and to avoid costly environmental cleanups of municipal landfills. The legislature recognizes that these new services have enabled the state to achieve one of the nation's highest recycling rates.

The legislature also finds that the need to pay for the cleanup of past disposal practices and to provide new recycling services has caused solid waste rates to increase substantially. The legislature further finds that private solid waste collection companies regulated by the utilities and transportation commission are required to provide public notice but that city-managed solid waste collection systems are not. The legislature declares it to be in the public interest for city-managed systems to provide public notice of solid waste rate increases." [1994 c 161 § 1.]

**35.21.158 Collection and transportation of recyclable materials by recycling companies or nonprofit entities—Reuse or reclamation—Application of chapter.** Nothing in this chapter shall prevent a recycling company or nonprofit entity from collecting and transporting recyclable materials from a buy-back center, drop-box, or from a commercial or industrial generator of recyclable materials, or upon agreement with a solid waste collection company.

Nothing in this chapter shall be construed as prohibiting a commercial or industrial generator of commercial recyclable materials from selling, conveying, or arranging for transportation of such material to a recycler for reuse or reclamation. [1989 c 431 § 33.]

**Severability—1989 c 431:** See RCW 70.95.901.

In calculating the area of any town for the purpose of determining compliance with the limitation on the area of a town prescribed by RCW 35.21.010, the area over which jurisdiction is conferred by this section

shall not be included. [1969 c 124 § 1; 1965 c 7 § 35.21.160. Prior: 1961 c 277 § 4; 1909 c 111 § 1; RRS § 8892.]

**35.21.163 Penalty for act constituting a crime under state law—Limitation.** Except as limited by the maximum penalty authorized by law, no city, code city, or town, may establish a penalty for an act that constitutes a crime under state law that is different from the penalty prescribed for that crime by state statute. **35.21.180 Ordinances—Adoption of codes by reference.** Ordinances passed by cities or towns must be posted or published in a newspaper as required by their respective charters or the general laws: PROVIDED, That ordinances may by reference adopt Washington state statutes and codes, including fire codes and ordinances relating to the construction of buildings, the installation of plumbing, the installation of electric wiring, health and sanitation, the slaughtering, processing and selling of meats and meat products for human consumption, the production, pasteurizing and sale of milk and milk products, or other subjects, may adopt by reference, any printed code or compilation, or portions thereof, together with amendments thereof or additions thereto, on the subject of the ordinance; and where publications of ordinances in a newspaper is required, such Washington state statutes or codes or other codes or compilations so adopted need not be published therein: PROVIDED, HOWEVER, That not less than one copy of such statute, code or compilation and amendments and additions thereto adopted by reference shall be filed for use and examination by the public, in the office of the city or town clerk of said city, or town prior to adoption thereof. Any city or town ordinance heretofore adopting any state law or any such codes or compilations by reference are hereby ratified and validated. [1982 c 226 § 1; 1965 c 7 §

**Effective date—1982 c 226:** "This act shall take effect on July 1, 1982." [1982 c 226 § 8.]

**35.21.185 Ordinances—Information pooling.** (1) It is the purpose of this section to provide a means whereby all cities and towns may obtain, through a single source, information regarding ordinances of other cities and towns that may be of assistance to them in enacting appropriate local legislation.

The municipal research council may provide that information to the entity with which it contracts for the provision of municipal research and services, in order to provide a pool of information for all cities and towns in the state of Washington.

(4) This section is intended to be directory and not mandatory. [1995 c 21 § 1.]

**35.21.190 Parkways, park drives and boulevards.** Any city or town council upon request of the board of park commissioners, shall have authority to designate such streets as they may see fit as parkways, park drives, and boulevards, and to transfer all care, maintenance and improvement of the surface thereof to the board of park commissioners, or to such authority of such city or town as may have the care and management of the parks, parkways, boulevards and park drives of the city.

Any city or town may acquire, either by gift, purchase or the right of eminent domain, the right to limit the class, character and extent of traffic that may be carried on such parkways, park drives and boulevards, and to prescribe that the improvement of the surface thereof shall be made wholly in accordance with plans of such board of park commissioners, but that the setting over of all such streets for such purposes shall not in any wise limit the right and authority of the city council to construct underneath the surface thereof any and all public utilities nor to deprive the council of the right to levy assessments for special benefits. In the construction of any such utilities, any damages done to the surface of such parkways, park drives or boulevards shall not be borne by any park funds of such city or town. [1965 c 7 § 35.21.190. Prior: 1911 c 98 § 57; RRS § 9410.]

**35.21.200 Residence qualifications of appointive officials and employees.** Any city or town may by ordinance of its legislative authority determine whether there shall be any residential qualifications for any or all of its appointive officials or for preference in employment of its employees, but

residence of an employee outside the limits of such city or town shall not be grounds for discharge of any regularly appointed civil service employee otherwise qualified: PROVIDED, That this section shall not authorize a city or town to change any residential qualifications prescribed in any city charter for any appointive official or employee: PROVIDED, FURTHER, That all employees appointed prior to the enactment of any ordinance establishing such residence qualifications as provided herein or who shall have been appointed or employed by such cities or towns having waived such residential requirements shall not be discharged by reason of such appointive officials or employees having established their residence outside the limits of such city or town: PROVIDED, FURTHER, That this section shall not authorize a city or town to change the residential requirements with respect to employees of private public utilities acquired by public utility districts or by the city or town. In addition, any city or town may, as part of maintaining a system of sewers and drains or a system of water supply, or independently of such a system or systems, participate in and expend revenue on cooperative watershed management actions, including watershed management partnerships under RCW 39.34.210 and other intergovernmental agreements, for purposes of water supply, water quality, and water resource and habitat protection and management. **35.21.217 Utility services—Deposit—Tenants' delinquencies—Lien.** (1) Prior to furnishing utility services, a city or town may require a deposit to guarantee payment for services. However, failure to require a deposit does not affect the validity of any lien authorized by RCW 35.21.290 or 35.67.200. A city or town may determine how to apply partial payments on past due accounts.

(2) A city or town may provide a real property owner or the owner's designee with duplicates of tenant utility service bills, or may notify an owner or the owner's designee that a tenant's utility account is delinquent. However, if an owner or the owner's designee notifies the city or town in writing that a property served by the city or town is a rental property, asks to be notified of a tenant's delinquency, and has provided, in writing, a complete and accurate mailing address, the city or town shall notify the owner or the owner's designee of a tenant's delinquency at the same time and in the same manner the city or town notifies the tenant of the tenant's delinquency or by mail. When a city or town provides a real property owner or the owner's designee with duplicates of tenant utility service bills or notice that a tenant's utility account is delinquent, the city or town shall notify the tenant that it is providing the duplicate bills or delinquency notice to the owner or the owner's designee. After January 1, 1999, if a city or town fails to notify the owner of a tenant's delinquency after receiving a written request to do so and after receiving the other information required by this subsection, the city or town shall have no lien against the premises for the tenant's delinquent and unpaid charges. [1998 c 285 § 1.]

sonably impair passage thereon, to and fro, by the public. Such permission shall not be considered as establishing a prescriptive right, and the right may be revoked at any time by the authorities of such cities. [1965 c 7 § 35.21.220. Prior: 1927 c 261 § 1; RRS § 9213-1.]

**35.21.225 Transportation benefit districts.** The legislative authority of a city may establish one or more transportation benefit districts within a city for the purpose of acquiring, constructing, improving, providing, and funding any city street, county road, or state highway improvement that is (1) consistent with state, regional, and local transportation plans, (2) necessitated by existing or reasonably foreseeable congestion levels attributable to economic growth, and (3) partially funded by local government or private developer contributions, or a combination of such contributions. Such transportation improvements shall be owned by the city of jurisdiction if located in an incorporated area, by the county of jurisdiction if located in an unincorporated area, or by the state in cases where the transportation improvement is or becomes a state highway; and all such transportation improvements shall be administered as other public streets, roads, and highways. The district may include any area within the corporate limits of another city if that city has agreed to the inclusion pursuant to chapter 39.34 RCW. The district may include any unincorporated area if the county legislative authority has agreed to the inclusion pursuant to chapter 39.34 RCW. The agreement shall specify the area and such other powers as may be granted to the benefit district.

This plan must describe the city's procedures for (a) reporting and investigating reportable accidents, unacceptable hazardous conditions, and security breaches, (b) submitting corrective action plans and annual safety and security audit reports, (c) facilitating on-site safety and security reviews by the state department of transportation, and (d) addressing passenger and employee security. The plan must, at a minimum, conform to the standards adopted by the state department of transportation. If required by the department, the city or town shall revise its plan to incorporate the department's review

comments within sixty days after their receipt, and resubmit its revised plan for review.

(2) Each city or town shall implement and comply with its system safety and security program plan. This annual report must include the dates the audits were conducted, the scope of the audit activity, the audit findings and recommendations, the status of any corrective actions taken as a result of the audit activity, and the results of each audit in terms of the adequacy and effectiveness of the plan.

(3) Each city or town shall notify the department of transportation within twenty-four hours of an occurrence of a reportable accident, unacceptable hazardous condition, or security breach. The department may adopt rules further defining a reportable accident, unacceptable hazardous condition, or security breach. The city or town shall investigate all reportable accidents, unacceptable hazardous conditions, or security breaches and provide a written investigation report to the department within forty-five calendar days after the reportable accident, unacceptable hazardous condition, or security breach.

(4) The security section of the safety and security plan required in subsection (1)(d) of this section is exempt from public disclosure under chapter 42.17 RCW. However, the activities and plans as described in subsections (1)(a), (b), and (c), (2), and (3) of this section are not subject to this exemption. [1999 c 202 § 1.]

**35.21.275 Street improvements—Provision of supplies or materials.** Any city or town may assist a street abutter in improving the street serving the abutter's premises by providing asphalt, concrete, or other supplies or materials. The furnishing of supplies or materials or paying to the abutter the cost thereof and the providing of municipal inspectors and other incidental personnel shall not render the street improvements a public work or improvement subject to competitive bidding. The legislative authority of such city or town shall approve any such assistance at a public meeting and shall maintain a public register of any such assistance setting forth the value, nature, purpose, date and location of the assistance and the name of the beneficiary. [1983 c 103 § 1.]

**35.21.278 Contracts with community service organizations for public improvements—Limitations.** (1) Without regard to competitive bidding laws for public works, a county, city, town, school district, metropolitan park district, park and recreation district, or park and recreation service area may contract with a chamber of commerce, a service organization, a community, youth, or athletic association, or other similar association located and providing service in the immediate neighborhood, for drawing design plans, making improvements to a park, school playground, or public square, installing equipment or artworks, or providing maintenance services for the facility as a community or neighborhood project, and may reimburse the contracting association its expense. The contracting association may use volunteers in the project and provide the volunteers with clothing or tools; meals or refreshments; accident/injury insurance coverage; and reimbursement of their expenses. The consideration to be received by the public entity through the value of the improvements, artworks, equipment, or maintenance shall have a value at least equal to three times that of the payment to the contracting association. All payments made by a public

entity under the authority of this section for all such contracts in any one year shall not exceed twenty-five thousand dollars or two dollars per resident within the boundaries of the public entity, whichever is greater.

(2) A county, city, town, school district, metropolitan park district, park and recreation district, or park and recreation service area may ratify an agreement, which qualifies under subsection (1) of this section and was made before June 9, 1988. [1988 c 233 § 1.]

**35.21.280 Tax on admissions—Exceptions.** (1) Every city and town may levy and fix a tax of not more than one cent on twenty cents or fraction thereof to be paid by the person who pays an admission charge to any place: **PROVIDED**, No city or town shall impose such tax on persons paying an admission to any activity of any elementary or secondary school or any public facility of a public facility district under chapter 35.57 or 36.100 RCW for which a tax is imposed under RCW 35.57.100 or 36.100.210, except the city or town may impose a tax on persons paying an admission to any activity of such public facility if the city or town uses the admission tax revenue it collects on the admission charges to that public facility for the construction, operation, maintenance, repair, replacement, or enhancement of that public facility or to develop, support, operate, or enhance programs in that public facility.

(2) Tax authorization under this section includes a tax on persons who are admitted free of charge or at reduced rates to any place for which other persons pay a charge or a regular higher charge for the same privileges or accommodations. A city that is located in a county with a population of one million or more may not levy a tax on events in stadia constructed on or after January 1, 1995, that are owned by a public facilities district under chapter 36.100 RCW and that have seating capacities over forty thousand. The city or town may require anyone who receives payment for an admission charge to collect and remit the tax to the city or town.

(3) The term "admission charge" includes:

(a) A charge made for season tickets or subscriptions;

(b) A cover charge, or a charge made for use of seats and tables reserved or otherwise, and other similar accommodations;

(c) A charge made for food and refreshment in any place where free entertainment, recreation or amusement is provided;

(d) A charge made for rental or use of equipment or facilities for purposes of recreation or amusement; if the rental of the equipment or facilities is necessary to the enjoyment of a privilege for which a general admission is charged, the combined charges shall be considered as the admission charge;

(e) Automobile parking charges if the amount of the charge is determined according to the number of passengers in the automobile. **35.21.290 Utility services—Lien for.** Cities and towns owning their own waterworks, or electric light or power plants shall have a lien against the premises to which water, electric light, or power services were furnished for four months charges therefor due or to become due, but not for any charges more than four months past due: **PROVIDED**, That the owner of the premises or the owner of a delinquent mortgage thereon may give written notice to the superintendent or other head of such works or plant to cut off service to such premises accompanied by payment or tender of payment of the then delinquent and unpaid charges for such service against the premises together with the cut-off charge, whereupon the city or town shall have no lien against the premises for charges for such service thereafter furnished, nor shall the owner of the premises or the owner of a delinquent mortgage thereon be held for the payment thereof. [1965 c 7 § 35.21.290. Prior: 1933 c 135 § 1; 1909 c 161 § 1; RRS § 9471.]

**35.21.300 Utility services—Enforcement of lien—Limitations on termination of service for residential heating.** (1) The lien for charges for service by a city waterworks, or electric light or power plant may be enforced only by cutting off the service until the delinquent and unpaid charges are paid, except that until June 30, 1991, utility service for residential space heating may be terminated between November 15 and March 15 only as provided in subsections (2) and (4) of this section. In the event of a disputed account and tender by the owner of the premises of the amount the owner claims to be due before the service is cut off, the right to refuse service to any premises shall not accrue until suit has been entered by the city and judgment entered in the case.

(2) Utility service for residential space heating shall not be terminated between November 15 through March 15 if the customer:

(a) Notifies the utility of the inability to pay the bill, including a security deposit. This notice should be provided within five business days of receiving a payment overdue notice unless there are extenuating circumstances. If the customer fails to notify the utility within five business days and service is terminated, the customer can, by paying reconnection charges, if any, and fulfilling the requirements of this section, receive the protections of this chapter;

(b) Provides self-certification of household income for the prior twelve months to a grantee of the department of community, trade, and economic development which administers federally funded energy assistance programs. The grantee shall determine that the household income does not exceed the maximum allowed for eligibility under the state's plan for low-income energy assistance under 42 U.S.C. 8624 and shall provide a dollar figure that is seven percent of household income. The grantee may verify information in the self-certification;

(c) Has applied for home heating assistance from applicable government and private sector organizations and certifies that any assistance received will be applied to the current bill and future utility bills;

(d) Has applied for low-income weatherization assistance to the utility or other appropriate agency if such assistance is available for the dwelling;

(e) Agrees to a payment plan and agrees to maintain the payment plan. The plan will be designed both to pay the past due bill by the following October 15 and to pay for continued utility service. If the past due bill is not paid by the following October 15, the customer shall not be eligible for protections under this chapter until the past due bill is paid. The plan shall not require monthly payments in excess of seven percent of the customer's monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter during November 15 through March 15. A customer may agree to pay a higher percentage during this period, but shall not be in default unless payment during this period is less than seven percent of monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter. If assistance payments are received by the customer subsequent to implementation of the plan, the customer shall contact the utility to reformulate the plan; and

(f) Agrees to pay the moneys owed even if he or she moves.

(3) The utility shall:

(a) Include in any notice that an account is delinquent and that service may be subject to termination, a description of the customer's duties in this section;

(b) Assist the customer in fulfilling the requirements under this section;

(c) Be authorized to transfer an account to a new residence when a customer who has established a plan under this section moves from one residence to another within the same utility service area;

(d) Be permitted to disconnect service if the customer fails to honor the payment program. Utilities may continue to disconnect service for those practices authorized by law other than for nonpayment as provided for in this section. Customers who qualify for payment plans under this section who default on their payment plans and are disconnected can be reconnected and maintain the protections afforded under this chapter by paying reconnection charges, if any, and by paying all amounts that would have been due and owing under the terms of the applicable payment plan, absent default, on the date on which service is reconnected; and

(e) Advise the customer in writing at the time it disconnects service that it will restore service if the customer contacts the utility and fulfills the other requirements of this section.

(4) All municipal utilities shall offer residential customers the option of a budget billing or equal payment plan. The budget billing or equal payment plan shall be offered low-income customers eligible under the state's plan for low-income energy assistance prepared in accordance with 42 U.S.C. 8624(C)(1) without limiting availability to certain months of the year, without regard to the length of time the customer has occupied the premises, and without regard to whether the customer is the tenant or owner of the premises occupied.

(5) An agreement between the customer and the utility, whether oral or written, shall not waive the protections afforded under this chapter. [1995 c 399 § 36; 1991 c 165 § 2; 1990 1st ex.s. c 1 § 1; 1987 c 356 § 1; 1986 c 245 § 1; 1985 c 6 § 3; 1984 c 251 § 1; 1965 c 7 § 35.21.300. Prior: 1909 c 161 § 2; RRS § 9472.]

**Findings—1991 c 165:** "The legislature finds that the health and welfare of the people of the state of Washington require that all citizens receive essential levels of heat and electric service regardless of economic circumstance and that rising energy costs have had a negative effect on the affordability of housing for low-income citizens and have made it difficult for low-income citizens of the state to afford adequate fuel for residential space heat. The legislature further finds that level payment plans, the protection against winter heating shutoff, and house weatherization programs have all been beneficial to low-income persons." [1991 c 165 § 1.]

**35.21.305 Utility connection charges—Waiver for low-income persons.** A city or town, including a code city, that owns or operates an electric or gas utility may waive connection charges for properties purchased by low-income persons from organizations exempt from tax under section 501(c)(3) of the federal internal revenue code as amended prior to July 23, 1995. Waivers of connection charges for the same class of electric or gas utility service must be uniformly applied to all qualified property. Nothing in this section authorizes the impairment of a contract. [1995 c 140 § 1.]

**35.21.310 Removal of overhanging or obstructing vegetation—Removal, destroying debris.** Any city or town may by general ordinance require the owner of any property therein to remove or destroy all trees, plants, shrubs or vegetation, or parts thereof, which overhang any sidewalk or street or which are growing thereon in such manner as to obstruct or impair the free and full use of the sidewalk or street by the public; and may further so require the owner of any property therein to remove or destroy all grass, weeds, shrubs, bushes, trees or vegetation growing or which has grown and died, and to remove or destroy all debris, upon property owned or occupied by them and which are a fire hazard or a menace to public health, safety or welfare. The ordinance shall require the proceedings therefor to be initiated by a resolution of the governing body of the city or town, adopted after not less than five days' notice to the owner, which shall describe the property involved and the hazardous condition, and require the owner to make such removal or destruction after notice given as required by said ordinance. The ordinance may provide that if such removal or destruction is not made by the owner after notice given as required by the ordinance in any of the above cases, that the city or town will cause the removal or destruction thereof and may also provide that the cost to the city or town shall become a charge against the owner of the property and a lien against the property. Notice of the lien herein authorized shall as nearly as practicable be in substantially the same form, filed with the same officer within the same time and manner, and enforced and foreclosed as is provided by law for liens for labor and materials.

The provisions of this section are supplemental and additional to any other powers granted or held by any city or town on the same or a similar subject. [1969 c 20 § 1; 1965 c 7 § 35.21.310. Prior: 1949 c 113 § 1; Rem. Supp. 1949 § 9213-10.]

emption, 101 FCC 2nd 952 (1985)" issued by the federal communications commission. An ordinance or regulation adopted by a city or town with respect to amateur radio antennas shall conform to the limited federal preemption, that states local regulations that involve placement, screening, or height of antennas based on health, safety, or aesthetic considerations must be crafted to reasonably accommodate amateur communications, and to represent the minimal practicable regulation to accomplish the local authority's legitimate purpose. [1994 c 50 § 1.]

**Effective date—1994 c 50:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [March 23, 1994]." [1994 c 50 § 4.]

**35.21.320 Warrants—Interest rate—Payment.** All city and town warrants shall draw interest from and after their presentation to the treasurer, but no compound interest shall be paid on any warrant directly or indirectly. The city or town treasurer shall pay all warrants in the order of their number and date of issue whenever there are sufficient funds in the treasury applicable to the payment. If five hundred dollars (or any sum less than five hundred dollars as may be prescribed by ordinance) is accumulated in any fund having warrants outstanding against it, the city or town treasurer shall publish a call for warrants to that amount in the next issue of the official newspaper of the city or town. The notice shall describe the warrants so called by number and specifying the fund upon which they were drawn: **PROVIDED**, That no call need be made until the amount accumulated is equal to the amount due on the warrant longest outstanding: **PROVIDED FURTHER**, That no more than two calls shall be made in any one month.

Any city or town treasurer who knowingly fails to call for or pay any warrant in accordance with the provisions of this section shall be fined not less than twenty-five dollars nor more than five hundred dollars and conviction thereof shall be sufficient cause for removal from office. [1985 c 469 § 20; 1965 c 7 § 35.21.320. Prior: (i) 1893 c 48 § 1, part; RRS § 4116, part. (ii) 1895 c 152 § 2, part; RRS § 4119, part. (iii) 1895 c 152 § 1, part; RRS § 4118, part.]

(3) A person seeking appointment to the office of chief of police or marshal shall provide a sworn statement under penalty of perjury to the appointing authority stating that the person meets the requirements of this section. [1987 c 339 § 4.]

**Intent—1987 c 339:** "The intent of this act is to require certain qualifications for candidates for the office of chief of police or marshal, which position in whole or in part oversees law enforcement personnel or activities for a city or town.

The legislature finds that over the past century the field of law enforcement has become increasingly complex and many new techniques and resources have evolved both socially and technically. In addition the ever-changing requirements of law, both constitutional and statutory provisions protecting the individual and imposing responsibilities and legal liabilities of law enforcement officers and the government of which they represent, require an increased level of training and experience in the field of law enforcement.

The legislature, therefore finds that minimum requirements are reasonable and necessary to seek and hold the offices or office of chief of police or marshal, and that such requirements are in the public interest." [1987 c 339 § 3.]

**Severability—1987 c 339:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1987 c 339 § 8.]

**Effective date—1987 c 339:** "This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1987." [1987 c 339 § 9.]

state construction or local design standard. However, any city or town may require that (a) a manufactured home be a new manufactured home; (b) the manufactured home be set upon a permanent foundation, as specified by the manufacturer, and that the space from the bottom of the home to the ground be enclosed by concrete or an approved concrete product which can be either load bearing or decorative; (c) the manufactured home comply with all local design standards applicable to all other homes within the neighborhood in which the manufactured home is to be located; (d) the home is thermally equivalent to the state energy code; and (e) the manufactured home otherwise meets all other requirements for a designated manufactured home as defined in RCW 35.63.160. Sec. 5401-5403); and this federal regulation is equivalent to the state's uniform building code. The legislature also finds that congress has declared that: (1) Manufactured housing plays a vital role in meeting the housing needs of the nation; and (2) manufactured homes provide a significant resource for affordable homeownership and rental housing accessible to all Americans (42 U.S.C. Sec. 5401-5403). The legislature intends to protect the consumers' rights to choose among a number of housing construction alternatives without restraint of trade or discrimination by local governments." (2) A city or town may require that the facility: (a) Comply with all building, fire, safety, health code, and business licensing requirements; (b) conform to lot size, building size, setbacks, and lot coverage standards applicable to the zoning district except if the structure is a legal nonconforming structure; (c) is certified by the office of child care policy licensor as providing a safe passenger loading area; (d) include signage, if any, that conforms to applicable regulations; and (e) limit hours of operations to facilitate neighborhood compatibility, while also providing appropriate opportunity for persons who use family day-care who work a nonstandard work shift.

(3) A city or town may also require that the family day-care provider, before state licensing, require proof of written notification by the provider that the immediately adjoining property owners have been informed of the intent to locate and maintain such a facility. If a dispute arises between neighbors and the day-care provider over licensing requirements, the licensor may provide a forum to resolve the dispute.

(4) This section may not be construed to prohibit a city or town from imposing zoning conditions on the establishment and maintenance of a family day-care provider's home serving twelve or fewer children in an area zoned for residential or commercial use, if the conditions are no more restrictive than conditions imposed on other residential dwellings in the same zone and the establishment of such facilities is not pre-

**Legislative declaration—1987 c 32:** "The legislature hereby declares and finds that professional sports franchises are economic, cultural, and entertainment assets to the state and that unilateral actions by the owners of such franchises to move franchises to other locations result in a loss of direct and indirect employment and national visibility for the state. The legislature finds that the retention of professional sports franchises and the enabling authority created by RCW 35.21.695 are public purposes and that RCW 35.21.695 shall not be construed in any manner contrary to the provisions of Article VIII, section 7, of the Washington state Constitution." **35.21.703 Economic development programs.** It shall be in the public purpose for all cities to engage in economic development programs. In addition, cities may contract with nonprofit corporations in furtherance of this and other acts relating to economic development. [1985 c 92 § 1.]

**35.21.706 Imposition or increase of business and occupation tax—Referendum procedure required—Exclusive procedure.** Every city and town first imposing a business and occupation tax or increasing the rate of the tax after April 22, 1983, shall provide for a referendum procedure to apply to an ordinance imposing the tax or increasing the rate of the tax. This referendum procedure shall specify that a referendum petition may be filed within seven days of passage of the ordinance with a filing officer, as identified in the ordinance. Within ten days, the filing officer shall confer with the petitioner concerning form and style of the petition, issue the petition an identification number, and secure an accurate, concise, and positive ballot title from the designated local official. The petitioner shall have thirty days in which to secure the signatures of not less than fifteen percent of the registered voters of the city, as of the last municipal general election, upon petition forms which contain the ballot title and the full text of the measure to be referred. The filing officer shall verify the sufficiency of the signatures on the petition and, if sufficient valid signatures are properly submitted, shall certify the referendum measure to the next election ballot within the city or at a special election ballot as provided pursuant to RCW 35.17.260(2).

This referendum procedure shall be exclusive in all instances for any city ordinance imposing a business and occupation tax or increasing the rate of the tax and shall supersede the procedures provided under chapters 35.17 and 35A.11 RCW and all other statutory or charter provisions for initiative or referendum which might otherwise apply. **35.21.710 License fees or taxes on certain business activities—Uniform rate required—Maximum rate established.** Any city which imposes a license fee or tax upon business activities consisting of the making of retail sales of tangible personal property which are measured by gross receipts or gross income from such sales, shall impose such tax at a single uniform rate upon all such business activities. The taxing authority granted to cities for taxes upon business activities measured by gross receipts or gross income from sales shall not exceed a rate of .0020; except that any city with an adopted ordinance at a higher rate, as of January 1, 1982 shall be limited to a maximum increase of ten percent of the January 1982 rate, not to exceed an annual incremental increase of two percent of current rate: PROVIDED, That any adopted ordinance which classifies according to different types of business or services shall be subject to both the ten percent and the two percent annual incremental increase limitation on each tax rate: PROVIDED FURTHER, That all surtaxes on business and occupation classifications in effect as of January 1, 1982, shall expire no later than December 31, 1982, or by expiration date established by local ordinance. Cities which impose a license fee or tax upon business activities consisting of the making of retail sales of

tangible personal property which are measured by gross receipts or gross income from such sales shall be required to submit an annual report to the state auditor identifying the rate established and the revenues received from each fee or tax. This section shall not apply to any business activities subject to the tax imposed by chapter 82.16 RCW. For purposes of this section, the providing to consumers of competitive telephone service, as defined in RCW 82.04.065, or the providing of payphone service, shall be subject to tax at the same rate as business activities consisting of the making of retail sales of tangible personal property. As used in this section, "payphone service" means making telephone service available to the public on a fee-per-call basis, independent of any other commercial transaction, for the purpose of making telephone calls, when the telephone can only be activated by inserting coins, calling collect, using a calling card or credit card, or dialing a toll-free number, and the provider of the service owns or leases the telephone equipment but does not own the telephone line providing the service to that equipment and has no affiliation with the owner of the telephone line. (Contingent expiration date.)** (1) Any city which imposes a license fee or tax upon the business activity of engaging in the telephone business which is measured by gross receipts or gross income may impose the fee or tax, if it desires, on one hundred percent of the total gross revenue derived from intrastate toll telephone services subject to the fee or tax: PROVIDED, That the city shall not impose the fee or tax on that portion of network telephone service which represents charges to another telecommunications company, as defined in RCW 80.04.010, for connecting fees, switching charges, or carrier access charges relating to intrastate toll telephone services, or for access to, or charges for, interstate services, or charges for network telephone service that is purchased for the purpose of resale, or charges for mobile telecommunications services provided to customers whose place of primary use is not within the city.

That the city shall not impose the fee or tax on that portion of network telephone service, as defined in RCW 82.04.065, which represents charges to another telecommunications company, as defined in RCW 80.04.010, for connecting fees, switching charges, or carrier access charges relating to intrastate toll telephone services, or for access to, or charges for, interstate services, or charges for network telephone service that is purchased for the purpose of resale. **35.21.715 Taxes on network telephone services.** Notwithstanding RCW 35.21.714 or 35A.82.060, any city or town which imposes a tax upon business activities measured by gross receipts or gross income from sales, may impose such tax on that portion of network telephone service, as defined in RCW 82.04.065, which represents charges to another telecommunications company, as defined in RCW 80.04.010, for connecting fees, switching charges, or carrier access charges relating to intrastate toll services, or charges for network telephone service that is purchased for the purpose of resale. Such tax shall be levied at the same rate as is applicable to other competitive telephone service as defined in RCW 82.04.065. [1989 c 103 § 2; 1986 c 70 § 2.]

**Severability—1989 c 103:** See note following RCW 35.21.714.

**Effective date—1986 c 70 §§ 1, 2, 4, and 5:** See note following RCW 35.21.714.

**35.21.717 Taxation of internet services—Moratorium.** Until July 1, 2006, a city or town may not impose any new taxes or fees specific to internet service providers. A city or town may tax internet service providers under generally applicable business taxes or fees, at a rate not to exceed the rate applied to a general service classification. For the purposes of this section, "internet service" has the same meaning as in RCW 82.04.297. [2004 c 154 § 1; 2002 c 181 § 1; 1999 c 307 § 1; 1997 c 304 § 2.]

**Findings—1997 c 304:** "The legislature finds that the newly emerging business of providing internet service is providing widespread benefits to all levels of society. The legislature further finds that this business is important to our state's continued growth in the high-technology sector of the economy and that, as this industry emerges, it should not be burdened by new taxes that might not be appropriate for the type of service being provided. The legislature further finds that there is no clear statutory guidance as to how internet services should be classified for tax purposes and intends to ratify the state's current treatment of such services." [1997 c 304 § 1.]

**Severability—1997 c 304:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1997 c 304 § 6.]

**35.21.718 State route No. 16—Tax on operation prohibited.** A city or town may not impose a tax on amounts received from operating state route number 16 corridor transportation systems and facilities constructed and operated under chapter 47.46 RCW. [1998 c 179 § 2.]

**Finding—1998 c 179:** "The legislature finds and declares that the people of the state may not enjoy the full benefits of public-private initiative for state route number 16 corridor improvements due to the many taxes that may apply to this project. Generally these taxes would not apply if the state built these projects through traditional financing and construction methods. These tax exemptions will reduce the cost of the project, allow lower tolls, and reduce the time for which tolls are charged." [1998 c 179 § 1.]

**35.21.720 City contracts to obtain sheriff's office law enforcement services.** See RCW 41.14.250 through 41.14.280.

**35.21.730 Public corporations—Powers of cities, towns, and counties—Administration.** In order to improve the administration of authorized federal grants or programs, to improve governmental efficiency and services, or to improve the general living conditions in the urban areas of the state, any city, town, or county may by lawfully adopted ordinance or resolution:

(1) Transfer to any public corporation, commission, or authority created under this section, with or without consideration, any funds, real or personal property, property interests, or services;

(2) Organize and participate in joint operations or cooperative organizations funded by the federal government when acting solely as coordinators or agents of the federal government;

(3) Continue federally-assisted programs, projects, and activities after expiration of contractual term or after expending allocated federal funds as deemed appropriate to fulfill contracts made in connection with such agreements or as may be proper to permit an orderly readjustment by participating corporations, associations, or individuals;

(4) Enter into contracts with public corporations, commissions, and authorities for the purpose of exercising any powers of a community renewal agency under chapter 35.81 RCW; and

(5) Create public corporations, commissions, and authorities to: Administer and execute federal grants or programs; receive and administer private funds, goods, or services for any lawful public purpose; and perform any lawful public purpose or public function. The ordinance or resolution shall limit the liability of such public corporations, commissions, and authorities to the assets and properties of such public corporation, commission, or authority in order to prevent recourse to such cities, towns, or counties or their assets or credit. [2002 c 218 § 23; 1985 c 332 § 1; 1974 ex.s. c 37 § 2.]

**Severability—Savings—Construction—2002 c 218:** See notes following RCW 35.81.005.

**35.21.735 Public corporations—Declaration of public purpose—Power and authority to enter into agreements, receive and expend funds—Security.** (1) The legislature hereby declares that carrying out the purposes of federal grants or programs is both a public purpose and an appropriate function for a city, town, county, or public corporation. The provisions of RCW 35.21.730 through 35.21.755

and RCW 35.21.660 and 35.21.670 and the enabling authority herein conferred to implement these provisions shall be construed to accomplish the purposes of RCW 35.21.730 through 35.21.755.

(2) All cities, towns, counties, and public corporations shall have the power and authority to enter into agreements with the United States or any agency or department thereof, or any agency of the state government or its political subdivisions, and pursuant to such agreements may receive and expend, or cause to be received and expended by a custodian or trustee, federal or private funds for any lawful public purpose. Pursuant to any such agreement, a city, town, county, or public corporation may issue bonds, notes, or other evidences of indebtedness that are guaranteed or otherwise secured by funds or other instruments provided by or through the federal government or by the federal government or an agency or instrumentality thereof under section 108 of the housing and community development act of 1974 (42 U.S.C. Sec. 5308), as amended, or its successor, and may agree to repay and reimburse for any liability thereon any guarantor of any such bonds, notes, or other evidences of indebtedness issued by such jurisdiction or public corporation, or issued by any other public entity. For purposes of this subsection federal housing mortgage insurance shall not constitute a federal guarantee or security.

(3) A city, town, county, or public corporation may pledge, as security for any such bonds, notes, or other evidences of indebtedness or for its obligations to repay or reimburse any guarantor thereof, its right, title, and interest in and to any or all of the following: (a) Any federal grants or payments received or that may be received in the future; (b) any of the following that may be obtained directly or indirectly from the use of any federal or private funds received as authorized in this section: (i) Property and interests therein, and (ii) revenues; (c) any payments received or owing from any person resulting from the lending of any federal or private funds received as authorized in this section; (d) any proceeds under (a), (b), or (c) of this subsection and any securities or investments in which (a), (b), or (c) of this subsection or proceeds thereof may be invested; (e) any interest or other earnings on (a), (b), (c), or (d) of this subsection.

(4) A city, town, county, or public corporation may establish one or more special funds relating to any or all of the sources listed in subsection (3)(a) through (e) of this section and pay or cause to be paid from such fund the principal, interest, premium if any, and other amounts payable on any bonds, notes, or other evidences of indebtedness authorized under this section, and pay or cause to be paid any amounts owing on any obligations for repayment or reimbursement of guarantors of any such bonds, notes, or other evidences of indebtedness. A city, town, county, or public corporation may contract with a financial institution either to act as trustee or custodian to receive, administer, and expend any federal or private funds, or to collect, administer, and make payments from any special fund as authorized under this section, or both, and to perform other duties and functions in connection with the transactions authorized under this section. If the bonds, notes, or other evidences of indebtedness and related agreements comply with subsection (6) of this section, then any such funds held by any such trustee or custodian, or by a public corporation, shall not constitute public

moneys or funds of any city, town, or county and at all times shall be kept segregated and set apart from other funds.

(5) For purposes of this section, "lawful public purpose" includes, without limitation, any use of funds, including loans thereof to public or private parties, authorized by the agreements with the United States or any department or agency thereof under which federal or private funds are obtained, or authorized under the federal laws and regulations pertinent to such agreements.

(6) If any such federal or private funds are loaned or granted to any private party or used to guarantee any obligations of any private party, then any bonds, notes, other evidences of indebtedness issued or entered into for the purpose of receiving or causing the receipt of such federal or private funds, and any agreements to repay or reimburse guarantors, shall not be obligations of any city, town, or county and shall be payable only from a special fund as authorized in this section or from any of the security pledged pursuant to the authority of this section, or both. Any bonds, notes, or other evidences of indebtedness to which this subsection applies shall contain a recital to the effect that they are not obligations of the city, town, or county or the state of Washington and that neither the faith and credit nor the taxing power of the state or any municipal corporation or subdivision of the state or any agency of any of the foregoing, is pledged to the payment of principal, interest, or premium, if any, thereon. Any bonds, notes, other evidences of indebtedness, or other obligations to which this subsection applies shall not be included in any computation for purposes of limitations on indebtedness. To the extent expressly agreed in writing by a city, town, county, or public corporation, this subsection shall not apply to bonds, notes, or other evidences of indebtedness issued for, or obligations incurred for, the necessary support of the poor and infirm by that city, town, county, or public corporation.

(7) Any bonds, notes, or other evidences of indebtedness issued by, or reimbursement obligations incurred by, a city, town, county, or public corporation consistent with the provisions of this section but prior to May 3, 1995, and any loans or pledges made by a city, town, or county in connection therewith substantially consistent with the provisions of this section but prior to May 3, 1995, are deemed authorized and shall not be held void, voidable, or invalid due to any lack of authority under the laws of this state. [1995 c 212 § 2; 1985 c 332 § 3; 1974 ex.s. c 37 § 3.]

**Purpose—1995 c 212:** "The purpose of this act is to assist community and economic development by clarifying the authority of all cities, towns, counties, and public corporations to engage in federally guaranteed "conduit financings" and to specify procedures that may be used for such conduit financings. Generally, in such a conduit financing a municipality borrows funds from the federal government or from private sources with the help of federal guarantees, without pledging the credit or tax revenues of the municipality, and then lends the proceeds for private projects that both fulfill public purposes, such as community and economic development, and provide the revenues to retire the municipal borrowings. Such conduit financings include issuance by municipalities of federally guaranteed notes under section 108 of the housing and community development act of 1974, as amended, to finance projects eligible under federal community development block grant regulations." [1995 c 212 § 1.]

**Severability—1995 c 212:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1995 c 212 § 3.]

**Construction—1995 c 212:** "The authority granted by this act is additional and supplemental to any other authority of any city, town, county, or public corporation. Nothing in this act may be construed to imply that any of the power or authority granted hereby was not available to any city, town, county, or public corporation under prior law. Any previous actions consistent with the provisions of this act are ratified and confirmed." [1995 c 212 § 4.]

**Effective date—1995 c 212:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [May 3, 1995]." [1995 c 212 § 5.]

**35.21.740 Public corporations—Exercise of powers, authorities, or rights—Territorial jurisdiction.** Powers, authorities, or rights expressly or impliedly granted to any city, town, or county or their agents under any provision of RCW 35.21.730 through 35.21.755 shall not be operable or applicable, or have any effect beyond the limits of the incorporated area of any city or town implementing RCW 35.21.730 through 35.21.755, unless so provided by contract between the city and another city or county. [1985 c 332 § 4; 1974 ex.s. c 37 § 4.]

**35.21.745 Public corporations—Provision for, control over—Powers.** (1) Any city, town, or county which shall create a public corporation, commission, or authority pursuant to RCW 35.21.730 or 35.21.660, shall provide for its organization and operations and shall control and oversee its operation and funds in order to correct any deficiency and to assure that the purposes of each program undertaken are reasonably accomplished.

(2) Any public corporation, commission, or authority created as provided in RCW 35.21.730 may be empowered to own and sell real and personal property; to contract with a city, town, or county to conduct community renewal activities under chapter 35.81 RCW; to contract with individuals, associations, and corporations, and the state and the United States; to sue and be sued; to loan and borrow funds and issue bonds and other instruments evidencing indebtedness; transfer any funds, real or personal property, property interests, or services; to do anything a natural person may do; and to perform all manner and type of community services. However, the public corporation, commission, or authority shall have no power of eminent domain nor any power to levy taxes or special assessments. [2002 c 218 § 24; 1985 c 332 § 2; 1974 ex.s. c 37 § 5.]

**Severability—Savings—Construction—2002 c 218:** See notes following RCW 35.81.005.

**35.21.747 Public corporations—Real property transferred by city, town, or county—Restrictions, notice, public meeting.** (1) In transferring real property to a public corporation, commission, or authority under RCW 35.21.730, the city, town, or county creating such public corporation, commission, or authority shall impose appropriate deed restrictions necessary to ensure the continued use of such property for the public purpose or purposes for which such property is transferred.

(2) The city, town, or county that creates a public corporation, commission, or authority under RCW 35.21.730 shall require of such public corporation, commission, or authority thirty days' advance written notice of any proposed sale or

encumbrance of any real property transferred by such city, town, or county to such public corporation, commission, or authority pursuant to RCW 35.21.730(1). At a minimum, such notice shall be provided by such public corporation, commission, or authority to the chief executive or administrative officer of such city, town, or county, and to all members of its legislative body, and to each local newspaper of general circulation, and to each local radio or television station or other news medium which has on file with such corporation, commission, or authority a written request to be notified.

(3) Any property transferred by the city, town, or county that created such public corporation, commission, or authority may be sold or encumbered by such public corporation, commission, or authority only after approval of such sale or encumbrance by the governing body of the public corporation, commission, or authority at a public meeting of which notice was provided pursuant to RCW 42.30.080. Nothing in this section shall be construed to prevent the governing body of the public corporation, commission, or authority from holding an executive session during a regular or special meeting in accordance with RCW 42.30.110(1)(c). In addition, the public corporation, commission, or authority shall advertise notice of the meeting in a local newspaper of general circulation at least twice no less than seven days and no more than two weeks before the public meeting. [1990 c 189 § 1.]

**35.21.750 Public corporations—Insolvency or dissolution.** In the event of the insolvency or dissolution of a public corporation, commission, or authority, the superior court of the county in which the public corporation, commission, or authority is or was operating shall have jurisdiction and authority to appoint trustees or receivers of corporate property and assets and supervise such trusteeship or receivership: PROVIDED, That all liabilities incurred by such public corporation, commission, or authority shall be satisfied exclusively from the assets and properties of such public corporation, commission, or authority and no creditor or other person shall have any right of action against the city, town, or county creating such corporation, commission or authority on account of any debts, obligations, or liabilities of such public corporation, commission, or authority. [1974 ex.s. c 37 § 6.]

**35.21.755 Public corporations—Exemption or immunity from taxation—In lieu excise tax.** (1) A public corporation, commission, or authority created pursuant to RCW 35.21.730, 35.21.660, or 81.112.320 shall receive the same immunity or exemption from taxation as that of the city, town, or county creating the same: PROVIDED, That, except for (a) any property within a special review district established by ordinance prior to January 1, 1976, or listed on or which is within a district listed on any federal or state register of historical sites or (b) any property owned, operated, or controlled by a public corporation that is used primarily for low-income housing, or that is used as a convention center, performing arts center, public assembly hall, public meeting place, public esplanade, street, public way, public open space, park, public utility corridor, or view corridor for the general public or (c) any blighted property owned, operated, or controlled by a public corporation that was acquired for the purpose of remediation and redevelopment of the property in

**35.21.779 Fire protection services for state-owned facilities—Contracts with the department of community, trade, and economic development—Consolidation of**

**negotiations with multiple state agencies—Arbitration.**

(1) In cities or towns where the estimated value of state-owned facilities constitutes ten percent or more of the total assessed valuation, the state agency or institution owning the facilities shall contract with the city or town to pay an equitable share for fire protection services. The contract shall be negotiated as provided in subsections (2) through (6) of this section and shall provide for payment by the agency or institution to the city or town.

(2) A city or town seeking to enter into fire protection contract negotiations shall provide written notification to the department of community, trade, and economic development and the state agencies or institutions that own property within the jurisdiction, of its intent to contract for fire protection services. Where there are multiple state agencies located within a single jurisdiction, a city may choose to notify only the department of community, trade, and economic development, which in turn shall notify the agencies or institution that own property within the jurisdiction of the city's intent to contract for fire protection services. Any such notification shall be based on the valuation procedures, based on commonly accepted standards, adopted by the department of community, trade, and economic development in consultation with the department of general administration and the association of Washington cities.

(3) The department of community, trade, and economic development shall review any such notification to ensure that the valuation procedures and results are accurate. The department will notify each affected city or town and state agency or institution of the results of their review within thirty days of receipt of notification.

(4) The parties negotiating fire protection contracts under this section shall conduct those negotiations in good faith. Whenever there are multiple state agencies located within a single jurisdiction, every effort shall be made by the state to consolidate negotiations on behalf of all affected agencies.

(5) In the event of notification by one of the parties that an agreement cannot be reached on the terms and conditions of a fire protection contract, the director of the department of community, trade, and economic development shall mediate a resolution of the disagreement. In the event of a continued impasse, the director of the department of community, trade, and economic development shall recommend a resolution.

(6) If the parties reject the recommendation of the director and an impasse continues, the director shall direct the parties to arbitration. The parties shall agree on a neutral arbitrator, and the fees and expenses of the arbitrator shall be shared equally between the parties. The arbitration shall be a final offer, total arbitration, with the arbitrator empowered only to pick the final offer of one of the parties or the recommended resolution by the director of the department of community, trade, and economic development. The decision of the arbitrator shall be final, binding, and nonappealable on the parties.

(7) The provisions of this section shall not apply if a city or town and a state agency or institution have contracted pursuant to RCW 35.21.775.

(8) The provisions of this section do not apply to cities and towns not meeting the conditions in subsection (1) of this section. Cities and towns not meeting the conditions of sub-

(2) The revision of a corporate boundary as authorized by this section shall become effective when approved by ordinance of the city or town council or commission and by ordinance or resolution of the county legislative authority. Such a boundary revision is not subject to potential review by a boundary review board. [1989 c 84 § 10; 1975 1st ex.s. c 220 § 17.]

**Effective date—1977 ex.s. c 196:** See note following RCW 24.46.010.

**35.21.810 Hydroplane races—Providing for restrooms and other services in public parks for spectators—Admission fees—Authorized.** Any city or town may provide restrooms and other services in its public parks to be used by spectators of any hydroplane race held on a lake or river which is located adjacent to or within the city or town, and in addition any city or town may charge admission fees for persons to observe a hydroplane race from public park property which is sufficient to defray the costs of the city or town accommodating spectators, cleaning up after the race, and other costs related to the hydroplane race. Any city or town may authorize the organization which sponsors a hydroplane race to provide restroom and other services for the public on park property and may authorize the organization to collect any admission fees charged by the city or town. *Ride sharing: Chapter 46.74 RCW.*

**35.21.830 Controls on rent for residential structures—Prohibited—Exceptions.** The imposition of controls on rent is of statewide significance and is preempted by the state. No city or town of any class may enact, maintain, or enforce ordinances or other provisions which regulate the amount of rent to be charged for single family or multiple unit residential rental structures or sites other than properties in public ownership, under public management, or properties providing low-income rental housing under joint public-private agreements for the financing or provision of such low-

income rental housing. This section shall not be construed as prohibiting any city or town from entering into agreements with private persons which regulate or control the amount of rent to be charged for rental properties. [1981 c 75 § 1.]

**Applicability to floating home moorage sites—1981 c 75:** "Nothing in this act shall be construed to preempt local ordinances that relate to the control of rents or other relationships at floating home moorage sites." [1981 c 75 § 3.]

**Severability—1981 c 75:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1981 c 75 § 4.]

**35.21.840 Taxation of motor carriers of freight for hire—Allocation of gross receipts.** The following principles shall allocate gross receipts of a motor carrier of freight for hire (called the "motor carrier" in this section) to prevent multiple taxation by two or more municipalities. They shall apply when two or more municipalities in this state impose a license fee or tax for the act or privilege of engaging in business activities; each municipality has a basis in local activity for imposing its tax; and the gross receipts measured by all taxing municipalities, added together, exceed the motor carrier's gross receipts.

(1) No municipality shall be entitled to an allocation of the gross receipts of a motor carrier on account of the use of its streets or highways when no pick-up or delivery occurs therein.

(2) Gross receipts of a motor carrier derived within a municipality, where it solicits orders and engages in business activities that are a significant factor in holding the market but where it maintains no office or terminal, shall be allocated equally between the municipality providing the local market and the municipality where the motor carrier's office or terminal is located. Where no such local solicitation and business activity occurs, all the gross receipts shall be allocated to the municipality where the office or terminal is located irrespective of the place of pick-up or delivery. The word "terminal" means a location at which any three of the following four occur: Dispatching takes place, from which trucks operate or are serviced, personnel report and receive assignments, and orders are regularly received from the public.

(3) Gross receipts of a motor carrier that are not attributable to transportation services, such as investment income, truck repair, and rental of equipment, shall be allocated to the office or terminal conducting such activities.

(4) Gross receipts of a motor carrier with an office or terminal in two or more municipalities in this state shall be allocated to the office or terminal at which the transportation services commenced. [1982 c 169 § 1.]

**Applicability—1982 c 169:** "This act applies to motor carriers of freight for hire only. Nothing in this act applies to a person engaged in the business of making sales at retail or wholesale or of providing storage services for tangible personal property." [1982 c 169 § 4.]

**35.21.845 Taxation of motor carriers of freight for hire—Tax allocation formula.** A motor carrier of freight for hire whose gross receipts are subject to multiple taxation by two or more municipalities in this state may request and

thereupon shall be given a joint audit of the taxpayer's books and records by all of the taxing authorities seeking to tax all or part of such gross receipts. Such taxing authorities shall agree upon and establish a tax allocation formula which shall be binding upon the taxpayer and the taxing authorities participating in the audit or receiving a copy of such request from the taxpayer. Payment by the taxpayer of the taxes to each taxing authority in accordance with such tax allocation formula shall be a complete defense in any action by any taxing authority to recover additional taxes, interest, and/or penalties. A taxing municipality, whether or not a party to such joint audit, may seek a revision of the formula by giving written notice to each other taxing municipality concerned and the taxpayer. Any such revision as may be agreed upon by the taxing municipalities, or as may be decreed by a court of competent jurisdiction in an action initiated by one or more taxing authorities, shall apply only to gross receipts of the taxpayer received after the date of any such agreed revision or effective date of the judgment or order of any such court. [1982 c 169 § 2.]

**Applicability—1982 c 169:** See note following RCW 35.21.840.

**35.21.850 Taxation of motor carriers of freight for hire—Limitation—Exceptions.** No demand for a fee or tax or penalty shall be made by a city or town against a motor carrier of freight for hire on gross income derived from providing transportation services more than four years after the close of the year in which the same accrued except (1) against a taxpayer who has been guilty of fraud or misrepresentation of a material fact; or (2) where a taxpayer has executed a written waiver of such limitations; or (3) against a taxpayer who has not registered as required by the ordinance of the city or town imposing such tax or fee, provided this subsection shall not apply to a taxpayer who has registered in any city or town where the taxpayer maintains an office or terminal, or in the case of a taxpayer who has paid a license fee or tax based on such gross receipts to any city or town levying same which may reasonably be construed to be the principal market of the taxpayer but in which he maintains no office or terminal. [1982 c 169 § 3.]

**Applicability—1982 c 169:** See note following RCW 35.21.840.

**35.21.855 Taxation of intellectual property creating activities—Gross receipts tax prohibited—Exceptions.** (1) A city may not impose a gross receipts tax on intellectual property creating activities.

(2) A city may impose a gross receipts tax measured by gross receipts from royalties only on taxpayers domiciled in the city. For the purposes of this section, "royalties" does not include gross receipts from casual or isolated sales as defined in RCW 82.04.040, grants, capital contributions, donations, or endowments.

(3) This section does not prohibit a city from imposing a gross receipts tax measured by the value of products manufactured in the city merely because intellectual property creating activities are involved in the design or manufacturing of the products. An intellectual property creating activity shall not constitute an activity defined within the meaning of the term "to manufacture" under chapter 82.04 RCW.

(4) This section does not prohibit a city from imposing a gross receipts tax measured by the gross proceeds of sales made in the city merely because intellectual property creating activities are involved in creation of the articles sold.

(5) This section does not prohibit a city from imposing a gross receipts tax measured by the gross income received for services rendered in the city merely because intellectual property creating activities are some part of services rendered.

(6) A tax in effect on January 1, 2002, is not subject to this section until January 1, 2004.

(7) The definitions in this subsection apply to this section.

(a) "Gross receipts tax" means a tax measured by gross proceeds of sales, gross income of the business, or value proceeding or accruing.

(b) "City" includes cities, code cities, and towns.

(c) "Domicile" means the principal place from which the trade or business of the taxpayer is directed and managed. A taxpayer has only one domicile.

(d) "Intellectual property creating activity" means research, development, authorship, creation, or general or specific inventive activity without regard to whether the intellectual property creating activity actually results in the creation of patents, trademarks, trade secrets, subject matter subject to copyright, or other intellectual property.

(e) "Manufacture," "gross proceeds of sales," "gross income of the business," "value proceeding or accruing," and "royalties" have the same meanings as under chapter 82.04 RCW.

(f) "Value of products" means the value of products as determined under RCW 82.04.450. [2003 c 69 § 1.]

**35.21.860 Electricity, telephone, or natural gas business, service provider—Franchise fees prohibited—Exceptions.** (1) No city or town may impose a franchise fee or any other fee or charge of whatever nature or description upon the light and power, or gas distribution businesses, as defined in RCW 82.16.010, or telephone business, as defined in RCW 82.04.065, or service provider for use of the right of way, except:

(a) A tax authorized by RCW 35.21.865 may be imposed;

(c) Taxes permitted by state law on service providers;

(d) Franchise requirements and fees for cable television services as allowed by federal law; and

(e) A site-specific charge pursuant to an agreement between the city or town and a service provider of personal wireless services acceptable to the parties for:

(i) The placement of new structures in the right of way regardless of height, unless the new structure is the result of a mandated relocation in which case no charge will be imposed if the previous location was not charged;

(ii) The placement of replacement structures when the replacement is necessary for the installation or attachment of

wireless facilities, and the overall height of the replacement structure and the wireless facility is more than sixty feet; or

(iii) The placement of personal wireless facilities on structures owned by the city or town located in the right of way. However, a site-specific charge shall not apply to the placement of personal wireless facilities on existing structures, unless the structure is owned by the city or town.

A city or town is not required to approve the use permit for the placement of a facility for personal wireless services that meets one of the criteria in this subsection absent such an agreement. If the parties are unable to agree on the amount of the charge, the service provider may submit the amount of the charge to binding arbitration by serving notice on the city or town. Within thirty days of receipt of the initial notice, each party shall furnish a list of acceptable arbitrators. The parties shall select an arbitrator; failing to agree on an arbitrator, each party shall select one arbitrator and the two arbitrators shall select a third arbitrator for an arbitration panel. The arbitrator or arbitrators shall determine the charge based on comparable siting agreements involving public land and rights of way. The arbitrator or arbitrators shall not decide any other disputed issues, including but not limited to size, location, and zoning requirements. Costs of the arbitration, including compensation for the arbitrator's services, must be borne equally by the parties participating in the arbitration and each party shall bear its own costs and expenses, including legal fees and witness expenses, in connection with the arbitration proceeding.

(2) Subsection (1) of this section does not prohibit franchise fees imposed on an electrical energy, natural gas, or telephone business, by contract existing on April 20, 1982, with a city or town, for the duration of the contract, but the franchise fees shall be considered taxes for the purposes of the limitations established in RCW 35.21.865 and 35.21.870 to the extent the fees exceed the costs allowable under subsection (1) of this section. [1983 c 99 § 4; 1982 1st ex.s. c 49 § 3.]

**Severability—1983 c 99:** See note following RCW 82.14.200.

energy, or telephone business at a rate which exceeds six percent unless the rate is first approved by a majority of the voters of the city or town voting on such a proposition.

(2) If a city or town is imposing a rate of tax under subsection (1) of this section in excess of six percent on April 20, 1982, the city or town shall decrease the rate to a rate of six percent or less by reducing the rate each year on or before November 1st by ordinances to be effective on January 1st of the succeeding year, by an amount equal to one-tenth the difference between the tax rate on April 20, 1982, and six percent.

Nothing in this subsection prohibits a city or town from reducing its rates by amounts greater than the amounts required in this subsection.

Voter approved rate increases under subsection (1) of this section shall not be included in the computations under this subsection. [1984 c 225 § 6; 1983 c 99 § 5; 1982 1st ex.s. c 49 § 4.]

If the delay in rate reductions authorized by the preceding sentence is inadequate for a city or town to offset the impact of revenue reductions arising from the removal of revenues from connecting fees, switching charges, or carrier access charges under the provisions of RCW 35.21.714, then the legislative body of such city or town may reimpose for 1987 the rates that such city or town had in effect upon telephone business during 1985. In each succeeding year, the city or town shall reduce the rate by one-tenth of the difference between the tax rate on April 20, 1982, and six percent. [1986 c 70 § 3.]

**35.21.873 Procedure to correct erroneous mobile telecommunications service tax. (Contingent expiration date.)** If a customer believes that an amount of city tax or an assignment of place of primary use or taxing jurisdiction included on a billing for mobile telecommunications services is erroneous, the customer shall notify the home service provider in writing. The customer shall include in this written notification the street address for the customer's place of primary use, the account name and number for which the customer seeks a correction, and a description of the error asserted by the customer. Within sixty days of receiving a notice under this section, the home service provider shall review its records and the electronic data base or enhanced zip code used pursuant to RCW 82.32.490 and 82.32.495 to determine the customer's taxing jurisdiction. The home service provider shall notify the customer in writing of the results of its review.

The procedures in this section shall be the first remedy available to customers seeking correction of assignment of place of primary use or taxing jurisdiction, or a refund of or other compensation for taxes, charges, and fees erroneously

collected by the home service provider, and no cause of action based upon a dispute arising from such taxes, charges, or fees shall accrue to the extent otherwise permitted by law until a customer has reasonably exercised the rights and procedures set forth in this section. [2002 c 67 § 16.]

**35.21.880 Right of way donations—Credit against required improvements.** Where the zoning and planning provisions of a city or town require landscaping, parking, or other improvements as a condition to granting permits for commercial or industrial developments, the city or town may credit donations of right of way in excess of that required for traffic improvement against such landscaping, parking, or other requirements. [1987 c 267 § 7.]

(2) To provide for levying and collecting taxes on real and personal property for its corporate uses and purposes, and to provide for the payment of the debts and expenses of the corporation;

(3) To control the finances and property of the corporation, and to acquire, by purchase or otherwise, such lands and other property as may be necessary for any part of the corporate uses provided for by its charter, and to dispose of any such property as the interests of the corporation may, from time to time, require;

(4) To borrow money for corporate purposes on the credit of the corporation, and to issue negotiable bonds therefor, on such conditions and in such manner as shall be prescribed in its charter; but no city shall, in any manner or for any purpose, become indebted to an amount in the aggregate to exceed the limitation of indebtedness prescribed by chapter 39.36 RCW as now or hereafter amended;

(5) To issue bonds in place of or to supply means to meet maturing bonds or other indebtedness, or for the consolidation or funding of the same;

(6) To purchase or appropriate private property within or without its corporate limits, for its corporate uses, upon making just compensation to the owners thereof, and to institute and maintain such proceedings as may be authorized by the general laws of the state for the appropriation of private property for public use;

(7) To lay out, establish, open, alter, widen, extend, grade, pave, plank, establish grades, or otherwise improve streets, alleys, avenues, sidewalks, wharves, parks, and other public grounds, and to regulate and control the use thereof, and to vacate the same, and to authorize or prohibit the use of electricity at, in, or upon any of said streets, or for other purposes, and to prescribe the terms and conditions upon which the same may be so used, and to regulate the use thereof;

In any case where, owing to death or lapse of time, there is neither donor, heir, successor, or assignee to give consent, this consent may be executed by the city and filed for record with an affidavit setting forth all efforts made to locate people entitled to give such consent together with the facts which establish that no consent by such persons is attainable. Whenever the words "public markets" are used in this chapter, and the public market is managed in whole or in part by a public corporation created by a city, the words shall be construed to include all real or personal property located in a district or area designated by a city as a public market and traditionally devoted to providing farmers, crafts vendors and other merchants with retail space to market their wares to the public.

Property located in such a district or area need not be exclusively or primarily used for such traditional public market retail activities and may include property used for other public purposes including, but not limited to, the provision of human services and low-income or moderate-income housing;

(17) To erect and establish hospitals and pesthouses, and to control and regulate the same;

(18) To provide for establishing and maintaining reform schools for juvenile offenders;

This provision shall supersede any provision of any city charter to the contrary. [1967 ex.s. c 37 § 1.]

*Residence requirements for appointive city officials and employees: RCW 35.21.200.*

**35.22.620 Public works or improvements—Limitations on work by public employees—Small works roster—Purchase of reused or recycled materials or products.** (1) As used in this section, the term "public works" means as defined in RCW 39.04.010.

(2) A first class city may have public works performed by contract pursuant to public notice and call for competitive bids. As limited by subsection (3) of this section, a first class city may have public works performed by city employees in any annual or biennial budget period equal to a dollar value not exceeding ten percent of the public works construction budget, including any amount in a supplemental public works construction budget, over the budget period. The amount of public works that a first class city has a county perform for it under RCW 35.77.020 shall be included within this ten percent limitation.

If a first class city has public works performed by public employees in any budget period that are in excess of this ten percent limitation, the amount in excess of the permitted amount shall be reduced from the otherwise permitted amount of public works that may be performed by public employees for that city in its next budget period. Twenty percent of the motor vehicle fuel tax distributions to that city shall be withheld if two years after the year in which the excess amount of work occurred, the city has failed to so reduce the amount of public works that it has performed by public employees. The amount so withheld shall be distributed to the city when it has demonstrated in its reports to the state auditor that the amount of public works it has performed by public employees has been so reduced.

Whenever a first class city has had public works performed in any budget period up to the maximum permitted amount for that budget period, all remaining public works within that budget period shall be done by contract pursuant to public notice and call for competitive bids.

The state auditor shall report to the state treasurer any first class city that exceeds this amount and the extent to which the city has or has not reduced the amount of public works it has performed by public employees in subsequent years.

(3) In addition to the percentage limitation provided in subsection (2) of this section, a first class city with a population in excess of one hundred fifty thousand shall not have public employees perform a public works project in excess of seventy thousand dollars, or ninety thousand dollars after January 1, 2010, if more than a single craft or trade is involved with the public works project, or a public works project in excess of thirty-five thousand dollars, or forty-five thousand dollars after January 1, 2010, if only a single craft or trade is involved with the public works project or the public works project is street signalization or street lighting. In addition to the percentage limitation provided in subsection (2) of this section, a first class city with a population of one hundred fifty thousand or less shall not have public employ-

ees perform a public works project in excess of fifty thousand dollars, or sixty-five thousand dollars after January 1, 2010, if more than one craft or trade is involved with the public works project, or a public works project in excess of thirty thousand dollars, or forty thousand dollars after January 1, 2010, if only a single craft or trade is involved with the public works project or the public works project is street signalization or street lighting. A public works project means a complete project. The restrictions in this subsection do not permit the division of the project into units of work or classes of work to avoid the restriction on work that may be performed by day labor on a single project.

(4) In addition to the accounting and record-keeping requirements contained in RCW 39.04.070, every first class city annually shall prepare a report for the state auditor indicating the total public works construction budget and supplemental public works construction budget for that year, the total construction costs of public works performed by public employees for that year, and the amount of public works that is performed by public employees above or below ten percent of the total construction budget. However, if a city budgets on a biennial basis, this annual report shall indicate the amount of public works that is performed by public employees within the current biennial period that is above or below ten percent of the total biennial construction budget.

Each first class city with a population of one hundred fifty thousand or less shall use the form required by RCW 43.09.205 to account and record costs of public works in excess of five thousand dollars that are not let by contract.

(5) The cost of a separate public works project shall be the costs of materials, supplies, equipment, and labor on the construction of that project. The value of the public works budget shall be the value of all the separate public works projects within the budget.

(6) The competitive bidding requirements of this section may be waived by the city legislative authority pursuant to RCW 39.04.280 if an exemption contained within that section applies to the work or contract.

(7) In lieu of the procedures of subsections (2) and (6) of this section, a first class city may let contracts using the small works roster process in RCW 39.04.155.

Whenever possible, the city shall invite at least one proposal from a minority or woman contractor who shall otherwise qualify under this section.

(8) The allocation of public works projects to be performed by city employees shall not be subject to a collective bargaining agreement.

(9) This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(4), that are negotiated under chapter 39.35A RCW.

(10) Nothing in this section shall prohibit any first class city from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused. [2002 c 94 § 1; 2000 c 138 § 203; 1998 c 278 § 2; 1993 c 198 § 9; 1989 c 431 § 59; 1987 c 120 § 1. Prior: 1985 c 219 § 1; 1985 c 169 § 6; 1979 ex.s. c 89 § 1; 1975 1st ex.s. c 56 § 1.]

[1989 c 399 § 4; 1987 c 436 § 8.]

**35.22.630 Public works or improvements—Cost amounts—How determined.** The cost of any public work or improvement for the purposes of RCW 35.22.620 and 35.22.640 shall be the aggregate of all amounts to be paid for labor, material, and equipment on one continuous or interrelated project where work is to be performed simultaneously or in close sequence: PROVIDED, That the cost of water services and metering equipment furnished by any first class city in the course of a water service installation from the utility-owned main to and including the meter box assembly shall not be included as part of the aggregate cost as provided herein. The breaking down of any public work or improvement into units or accomplishing any public work or improvement by phases for the purpose of avoiding the minimum dollar amount prescribed in RCW 35.22.620 is contrary to public policy and is prohibited. [1975 1st ex.s. c 56 § 2.]

**35.22.635 Public works or improvements—Low bidder claiming error—Prohibition on later bid for same project.** A low bidder who claims error and fails to enter into a contract with a city for a public works project is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. [1996 c 18 § 1.]

**35.22.640 Public works or improvements—Electrical distribution and generating systems—Customer may contract with qualified electrical contractor.** Cities of the first class are relieved from complying with the provisions of RCW 35.22.620 with respect to any public work or improvement relating solely to electrical distribution and generating systems on public rights of way or on municipally owned property: PROVIDED, That if a city-owned electrical utility directly assesses its customers a service installation charge for a temporary service, permanent service, or expanded service, the customer may, with the written approval of the city-owned electric utility, contract with a qualified electrical contractor licensed under chapter 19.28 RCW to install any material or equipment in lieu of having city utility personnel perform the installation. In the event the city-owned electric utility denies the customer's request to utilize a private electrical contractor for such installation work, it shall provide the customer with written reasons for such denial: PROVIDED FURTHER, That nothing herein shall prevent any first class city from operating a solid waste department utilizing its own personnel.

If a customer elects to employ a private electrical contractor as provided in this section, the private electrical contractor shall be solely responsible for any damages resulting from the installation of any temporary service, permanent service, or expanded service and the city-owned electrical utility shall be immune from any tortious conduct actions as to that installation. [1983 c 217 § 1; 1975 1st ex.s. c 56 § 3.]

**35.22.650 Public works or improvements—Minority business, employees—Contract, contents.** All contracts by and between a first class city and contractors for any public work or improvement exceeding the sum of ten thousand dollars, or fifteen thousand dollars for construction of water mains, shall contain the following clause:

"Contractor agrees that the contractor shall actively solicit the employment of minority group members. Contractor further agrees that the contractor shall actively solicit bids for the subcontracting of goods or services from qualified minority businesses. Contractor shall furnish evidence of the contractor's compliance with these requirements of minority employment and solicitation. Contractor further agrees to consider the grant of subcontracts to said minority bidders on the basis of substantially equal proposals in the light most favorable to said minority businesses. The contractor shall be required to submit evidence of compliance with this section as part of the bid."

As used in this section, the term "minority business" means a business at least fifty-one percent of which is owned by minority group members. Minority group members include, but are not limited to, blacks, women, native Americans, Asians, Eskimos, Aleuts, and Hispanics. [2002 c 307 § 3; 1975 1st ex.s. c 56 § 4.]

The review shall be completed by August 30, 1990. **35.23.010 Rights, powers and privileges—Exchange of park purpose property.** Every city of the second class shall be entitled "City of . . . ." (naming it), and by such name shall have perpetual succession; may sue and be sued in all courts and in all proceedings; shall have and use a common seal which it may alter at pleasure; may acquire, hold, lease, use and enjoy property of every kind and control and dispose of it for the common benefit; and, upon making a finding that any property acquired for park purposes is not useful for such purposes and that an exchange thereof for other property to be dedicated for park purposes is in the public interest, may, with the consent of the dedicator or donor, his heirs, successors or assigns, exchange such property for other property to be dedicated for park purposes and make, execute and deliver proper conveyances to effect the exchange. In any case where owing to death or lapse of time there is neither donor, heir, successor, nor assigns to give consent to the exchange, then this consent may be executed by the grantee. Title to property so conveyed by the city shall vest in the grantee free and clear of any trust in favor of the public arising out of any prior dedication for park purposes. [1965 c 7 § 35.23.010. Prior: 1953 c 190 § 1; 1907 c 241 § 1; RRS § 9006.]

**35.23.021 City officers enumerated—Compensation—Appointment and removal.** The government of a second class city shall be vested in a mayor, a city council of seven members, a city attorney, a clerk, a treasurer, all elective; and a chief of police, municipal judge, city engineer, street superintendent, health officer and such other appointive officers as may be provided for by ordinance: PROVIDED, That the council may enact an ordinance providing for the appointment of the city clerk, city attorney, and trea-

surer by the mayor, which appointment shall be subject to confirmation by a majority vote of the city council. Such ordinance shall be enacted and become effective not later than thirty days prior to the first day allowed for filing declarations of candidacy for such offices when such offices are subject to an approaching city primary election. Elective incumbent city clerks, city attorneys, and city treasurers shall serve for the remainder of their unexpired term notwithstanding any appointment made pursuant to this section and RCW 35.23.051. If a free public library and reading room is established, five library trustees shall be appointed. The city council by ordinance shall prescribe the duties and fix the compensation of all officers and employees: PROVIDED, That the provisions of any such ordinance shall not be inconsistent with any statute: PROVIDED FURTHER, That where the city council finds that the appointment of a full time city engineer is unnecessary, it may in lieu of such appointment, by resolution provide for the performance of necessary engineering services on either a part time, temporary or periodic basis by a qualified engineering firm, pursuant to any reasonable contract.

The mayor shall appoint and at his or her pleasure may remove all appointive officers except as otherwise provided herein: PROVIDED, That municipal judges shall be removed only upon conviction of misconduct or malfeasance in office, or because of physical or mental disability rendering the judge incapable of performing the duties of his or her office. Every appointment or removal must be in writing signed by the mayor and filed with the city clerk. **Severability—1987 c 3:** See note following RCW 3.46.020.

**35.23.031 Eligibility to hold elective office.** No person is eligible to hold an elective office in a second class city unless the person is a resident and registered voter in the city. [1997 c 361 § 7.]

**35.23.051 Elections—Terms of office—Positions and wards.** General municipal elections in second class cities shall be held biennially in the odd-numbered years and shall be subject to general election law.

The terms of office of the mayor, city attorney, clerk, and treasurer shall be four years and until their successors are elected and qualified and assume office in accordance with \*RCW 29.04.170: PROVIDED, That if the offices of city attorney, clerk, and treasurer are made appointive, the city attorney, clerk, and treasurer shall not be appointed for a definite term: PROVIDED FURTHER, That the term of the elected treasurer shall not commence in the same biennium in which the term of the mayor commences, nor in which the terms of the city attorney and clerk commence if they are elected.

(2004 Ed.)

Council positions shall be numbered in each second class city so that council position seven has a two-year term of office and council positions one through six shall each have four-year terms of office. Each councilmember shall remain in office until a successor is elected and qualified and assumes office in accordance with \*RCW 29.04.170.

In its discretion the council of a second class city may divide the city by ordinance, into a convenient number of wards, not exceeding six, fix the boundaries of the wards, and change the ward boundaries from time to time and as provided in \*RCW 29.70.100. No change in the boundaries of any ward shall be made within one hundred twenty days next before the date of a general municipal election, nor within twenty months after the wards have been established or altered. However, if a boundary change results in one ward being represented by more councilmembers than the number to which it is entitled, those having the shortest unexpired terms shall be assigned by the council to wards where there is a vacancy, and the councilmembers so assigned shall be deemed to be residents of the wards to which they are assigned for purposes of determining whether those positions are vacant.

Whenever such city is so divided into wards, the city council shall designate by ordinance the number of councilmembers to be elected from each ward, apportioning the same in proportion to the population of the wards. Thereafter the councilmembers so designated shall be elected by the voters resident in such ward, or by general vote of the whole city as may be designated in such ordinance. Council position seven shall not be associated with a ward and the person elected to that position may reside anywhere in the city and voters throughout the city may vote at a primary to nominate candidates for position seven, when a primary is necessary, and at a general election to elect the person to council position seven. Additional territory that is added to the city shall, by act of the council, be annexed to contiguous wards without affecting the right to redistrict at the expiration of twenty months after last previous division. The removal of a councilmember from the ward for which he or she was elected shall create a vacancy in such office.

Wards shall be redrawn as provided in \*\*chapter 29.70 RCW. Wards shall be used as follows: (1) Only a resident of the ward may be a candidate for, or hold office as, a councilmember of the ward; and (2) only voters of the ward may vote at a primary to nominate candidates for a councilmember of the ward. Voters of the entire city may vote at the general election to elect a councilmember of a ward, unless the city had prior to January 1, 1994, limited the voting in the general election for any or all council positions to only voters residing within the ward associated with the council positions. If a city had so limited the voting in the general election to only voters residing within the ward, then the city shall be authorized to continue to do so. The elections for the remaining council position or council positions that are not associated with a ward shall be conducted as if the wards did not exist. [1997 c 361 § 13; 1995 c 134 § 8. The city attorney, clerk and treasurer, if elective, shall severally receive at stated times a compensation to be fixed by ordinance by the city council.

The mayor and other officers shall receive such compensation as may be fixed by the city council at the time the estimates are made as provided by law.

Any city that provides a pension for any of its employees under a plan not administered by the state must notify the state auditor of the existence of the plan at the time of an audit of the city by the auditor. No city may establish a pension plan for its employees that is not administered by the state, except that any defined contribution plan in existence as of January 1, 1990, is deemed to have been authorized. **35.23.352 Public works—Contracts—Bids—Small works roster—Purchasing requirements, recycled or reused materials or products.** (1) Any second class city or any town may construct any public works, as defined in RCW 39.04.010, by contract or day labor without calling for bids therefor whenever the estimated cost of the work or improvement, including cost of materials, supplies and equipment will not exceed the sum of forty-five thousand dollars, or sixty thousand dollars after January 1, 2010, if more than one craft or trade is involved with the public works, or thirty thousand dollars, or forty thousand dollars after January 1, 2010, if a single craft or trade is involved with the public works or the public works project is street signalization or street lighting. A public works project means a complete project. The restrictions in this subsection do not permit the division of the project into units of work or classes

of work to avoid the restriction on work that may be performed by day labor on a single project.

Whenever the cost of the public work or improvement, including materials, supplies and equipment, will exceed these figures, the same shall be done by contract. All such contracts shall be let at public bidding upon publication of notice calling for sealed bids upon the work. The notice shall be published in the official newspaper, or a newspaper of general circulation most likely to bring responsive bids, at least thirteen days prior to the last date upon which bids will be received. The notice shall generally state the nature of the work to be done that plans and specifications therefor shall then be on file in the city or town hall for public inspections, and require that bids be sealed and filed with the council or commission within the time specified therein. Each bid shall be accompanied by a bid proposal deposit in the form of a cashier's check, postal money order, or surety bond to the council or commission for a sum of not less than five percent of the amount of the bid, and no bid shall be considered unless accompanied by such bid proposal deposit. The council or commission of the city or town shall let the contract to the lowest responsible bidder or shall have power by resolution to reject any or all bids and to make further calls for bids in the same manner as the original call.

When the contract is let then all bid proposal deposits shall be returned to the bidders except that of the successful bidder which shall be retained until a contract is entered into and a bond to perform the work furnished, with surety satisfactory to the council or commission, in accordance with RCW 39.08.030. If the bidder fails to enter into the contract in accordance with his or her bid and furnish a bond within ten days from the date at which he or she is notified that he or she is the successful bidder, the check or postal money order and the amount thereof shall be forfeited to the council or commission or the council or commission shall recover the amount of the surety bond. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

If no bid is received on the first call the council or commission may readvertise and make a second call, or may enter into a contract without any further call or may purchase the supplies, material or equipment and perform the work or improvement by day labor.

(2) The allocation of public works projects to be performed by city or town employees shall not be subject to a collective bargaining agreement.

(3) In lieu of the procedures of subsection (1) of this section, a second class city or a town may let contracts using the small works roster process provided in RCW 39.04.155.

Whenever possible, the city or town shall invite at least one proposal from a minority or woman contractor who shall otherwise qualify under this section.

(4) The form required by RCW 43.09.205 shall be to account and record costs of public works in excess of five thousand dollars that are not let by contract.

(5) The cost of a separate public works project shall be the costs of the materials, equipment, supplies, and labor on that construction project.

(6) Any purchase of supplies, material, or equipment, except for public work or improvement, where the cost

thereof exceeds seven thousand five hundred dollars shall be made upon call for bids.

(7) Bids shall be called annually and at a time and in the manner prescribed by ordinance for the publication in a newspaper of general circulation in the city or town of all notices or newspaper publications required by law. The contract shall be awarded to the lowest responsible bidder.

(8) For advertisement and formal sealed bidding to be dispensed with as to purchases with an estimated value of fifteen thousand dollars or less, the council or commission must authorize by resolution, use of the uniform procedure provided in RCW 39.04.190.

(9) The city or town legislative authority may waive the competitive bidding requirements of this section pursuant to RCW 39.04.280 if an exemption contained within that section applies to the purchase or public work.

(10) This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(4), that are negotiated under chapter 39.35A RCW.

(11) Nothing in this section shall prohibit any second class city or any town from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused. Such resolution must be adopted at least one hundred eighty days before the general municipal election at which the new election procedures are implemented. Within ten days after the passage of the resolution, the legislative body shall cause it to be published at least once in a newspaper of general circulation within the city.

In addition, this chapter shall not apply to any municipal transportation system managed by a separate commission, the making of expenditures from proceeds of general obligation and revenue bond sales, or the expenditure of moneys derived from grants, gifts, bequests or devises for specified purposes. [1985 c 175 § 3; 1967 c 7 § 3.]

**35.32A.020 Budget director.** There shall be a budget director, appointed by the mayor without regard to civil service rules and regulations and subject to confirmation by a majority of the members of the city council, who shall be in charge of the city budget office and, under the direction of the mayor, shall be responsible for preparing the budget and supervising its execution. The budget director may be removed by the mayor upon filing with the city council a statement of his reasons therefor. [1967 c 7 § 4.]

**35.32A.030 Estimates of revenues and expenditures—Preparation of proposed budget—Submission to city council—Copies—Publication.** The heads of all departments, divisions or agencies of the city government, including the library department, and departments headed by commissions or elected officials shall submit to the mayor estimates of revenues and necessary expenditures for the ensuing fiscal year in such detail, in such form and at such time as the mayor shall prescribe.

The budget director shall assemble all estimates of revenues; necessary departmental expenditures; interest and redemption requirements for any city debt; and other pertinent budgetary information as may be required by uniform regulations of the state auditor; and, under the direction of the mayor, prepare a proposed budget for presentation to the city council.

The revenue estimates shall be based primarily on the collection experience of the first six months of the current fiscal year and the last six months of the preceding fiscal year and shall not include revenue from any source in excess of the amount so collected unless it shall be reasonably anticipated that such excess amounts will in fact be realized. The estimated revenues shall include sources previously established by law and unencumbered fund balances estimated to be available at the close of the current fiscal year. The estimated expenditures in the proposed budget shall, in no event, exceed such estimated revenues: PROVIDED, That the mayor may recommend expenditures exceeding the esti-

mated revenues when accompanied by proposed legislation to raise at least an equivalent amount of additional revenue.

The mayor shall submit the proposed budget to the city council not later than ninety days prior to the beginning of the ensuing fiscal year.

The budget director shall cause sufficient copies of the proposed budget to be prepared and made available to all interested persons and shall cause a summary of the proposed budget to be published at least once in the city official newspaper. [1985 c 175 § 62; 1967 c 7 § 5.]

**35.32A.050 Adoption of budget—Expenditure allowances constitute appropriations—Reappropriations—Transfers of allowances.** Not later than thirty days prior to the beginning of the ensuing fiscal year the city council shall, by ordinance adopt the budget submitted by the mayor as modified by the city council.

The expenditure allowances as set forth in the enacted budget shall constitute the budget appropriations for the ensuing fiscal year. The city council by ordinance may, during the fiscal year covered by the enacted budget, abrogate or decrease any unexpended allowance contained within the budget and reappropriate such unexpended allowances for other functions or programs. Transfers between allowances in the budget of any department, division or agency may be made upon approval by the budget director pursuant to such regulations as may be prescribed by ordinance. [1967 c 7 § 7.]

**35.32A.060 Emergency fund.** Every city having a population of over three hundred thousand may maintain an emergency fund, which fund balance shall not exceed thirty-seven and one-half cents per thousand dollars of assessed value. Such fund shall be maintained by an annual budget allowance. When the necessity therefor arises transfers may be made to the emergency fund from any tax-supported fund except bond interest and redemption funds.

The city council by an ordinance approved by two-thirds of all of its members may authorize the expenditure of sufficient money from the emergency fund, or other designated funds, to meet the expenses or obligations:

**35.33.075 Budget—Final—Adoption—Appropriations.** Following conclusion of the hearing, and prior to the beginning of the fiscal year, the legislative body shall make such adjustments and changes as it deems necessary or proper and after determining the allowance in each item, department, classification and fund, and shall by ordinance, adopt the budget in its final form and content. Appropriations shall be limited to the total estimated revenues contained therein including the amount to be raised by ad valorem taxes and the unencumbered fund balances estimated to be avail-

able at the close of the current fiscal year. Such ordinances may adopt the final budget by reference: PROVIDED, That the ordinance adopting such budget shall set forth in summary form the totals of estimated revenues and appropriations for each separate fund and the aggregate totals for all such funds combined.

A complete copy of the final budget as adopted shall be transmitted to the association of Washington cities. [1995 c 301 § 41; 1969 ex.s. c 95 § 10.]

[1969 ex.s. c 95 § 11.]

**35.33.091 Emergency expenditures—Other emergencies—Hearing.** If a public emergency which could not reasonably have been foreseen at the time of filing the preliminary budget requires the expenditure of money not provided for in the annual budget, and if it is not one of the emergencies specifically enumerated in RCW 35.33.081, the city or town legislative body before allowing any expenditure therefor shall adopt an ordinance stating the facts constituting the emergency and the estimated amount required to meet it and declaring that an emergency exists.

Such ordinance shall not be voted on until five days have elapsed after its introduction, and for passage shall require the vote of one more than the majority of all members of the legislative body of the city or town.

Any taxpayer may appear at the meeting at which the emergency ordinance is to be voted on and be heard for or against the adoption thereof. [1969 ex.s. c 95 § 12.]

**35.33.101 Emergency warrants.** All expenditures for emergency purposes as provided in this chapter shall be paid by warrants from any available money in the fund properly chargeable with such expenditures. If, at any time, there is insufficient money on hand in a fund with which to pay such warrants as presented, the warrants shall be registered, bear interest and be called in the same manner as other registered warrants as prescribed in RCW 35.33.111. [1969 ex.s. c 95 § 13.]

*Warrants—Interest rate—Payment: RCW 35.21.320.*

**35.33.106 Registered warrants—Payment.** In adopting the final budget for any fiscal year, the legislative body shall appropriate from estimated revenue sources available, a sufficient amount to pay the principal and interest on all outstanding registered warrants issued since the adoption of the last preceding budget except those issued and identified as revenue warrants and except those for which an appropriation previously has been made: PROVIDED, That no portion of the revenues which are restricted in use by law may be appropriated for the redemption of warrants issued against a utility or other special purpose fund of a self-supporting nature: PROVIDED FURTHER, That all or any portion of the city's or town's outstanding registered warrants may be funded into bonds in any manner authorized by law. [1969 ex.s. c 95 § 14.]

**35.33.107 Adjustment of wages, hours and conditions of employment.** Notwithstanding the appropriations for any salary, or salary range of any employee or employees adopted in a final budget, the legislative body of any city or town may, by ordinance, change the wages, hours, and conditions of employment of any or all of its appointive employees if sufficient funds are available for appropriation to such purposes. [1969 ex.s. c 95 § 15.]

**35.33.111 Forms—Accounting—Supervision by state.** The state auditor is empowered to make and install the forms and classifications required by this chapter to define what expenditures are chargeable to each budget class and to establish the accounting and cost systems necessary to secure accurate budget information. [1995 c 301 § 42; 1969 ex.s. c 95 § 16.]

**35.33.121 Funds—Limitations on expenditures—Transfers.** The expenditures as classified and itemized in the final budget shall constitute the city's or town's appropriations for the ensuing fiscal year. Unless otherwise ordered by a court of competent jurisdiction, and subject to further limitations imposed by ordinance of the city or town, the expenditure of city or town funds or the incurring of current liabilities on behalf of the city or town shall be limited to the following:

(1) The total amount appropriated for each fund in the budget for the current fiscal year, without regard to the individual items contained therein, except that this limitation shall not apply to wage adjustments authorized by RCW 35.33.107; and

(2) The unexpended appropriation balances of a preceding budget which may be carried forward from prior fiscal years pursuant to RCW 35.33.151; and

(3) Funds received from the sale of bonds or warrants which have been duly authorized according to law; and

(4) Funds received in excess of estimated revenues during the current fiscal year, when authorized by an ordinance amending the original budget; and

(5) Expenditures required for emergencies, as authorized in RCW 35.33.081 and 35.33.091.

Transfers between individual appropriations within any one fund may be made during the current fiscal year by order of the city's or town's chief administrative officer subject to such regulations, if any, as may be imposed by the city or

town legislative body. Notwithstanding the provisions of RCW 43.09.210 or of any statute to the contrary, transfers, as herein authorized, may be made within the same fund regardless of the various offices, departments or divisions of the city or town which may be affected.

The city or town legislative body, upon a finding that it is to the best interests of the city or town to decrease, revoke or recall all or any portion of the total appropriations provided for any one fund, may, by ordinance, approved by the vote of one more than the majority of all members thereof, stating the facts and findings for doing so, decrease, revoke or recall all or any portion of an unexpended fund balance, and by said ordinance, or a subsequent ordinance adopted by a like majority, the moneys thus released may be reappropriated for another purpose or purposes, without limitation to department, division or fund, unless the use of such moneys is otherwise restricted by law, charter, or ordinance. [1969 ex.s. c 95 § 17.]

**35.33.123 Administration, oversight, or supervision of utility—Reimbursement from utility budget authorized.** Whenever any city or town apportions a percentage of the city manager's, administrator's, or supervisor's time, or the time of other management or general government staff, for administration, oversight, or supervision of a utility operated by the city or town, or to provide services to the utility, the utility budget may identify such services and budget for reimbursement of the city's or town's current expense fund for the value of such services. [1991 c 152 § 1.]

**35.33.125 Liabilities incurred in excess of budget.** Liabilities incurred by any officer or employee of the city or town in excess of any budget appropriations shall not be a liability of the city or town. The clerk shall issue no warrant and the city or town legislative body or other authorized person shall approve no claim for an expenditure in excess of the total amount appropriated for any individual fund, except upon an order of a court of competent jurisdiction or for emergencies as provided in this chapter. [1969 ex.s. c 95 § 18.]

**35.33.131 Funds received from sale of bonds and warrants—Expenditure program.** Moneys received from the sale of bonds or warrants shall be used for no other purpose than that for which they were issued and no expenditure shall be made for that purpose until the bonds have been duly authorized. If any unexpended fund balance remains from the proceeds realized from the bonds or warrants after the accomplishment of the purpose for which they were issued it shall be used for the redemption of such bond or warrant indebtedness. Where a budget contains an expenditure program to be financed from a bond issue to be authorized thereafter, no such expenditure shall be made or incurred until after the bonds have been duly authorized. [1969 ex.s. c 95 § 19.]

**35.33.135 Revenue estimates—Amount to be raised by ad valorem taxes.** At a time fixed by the city's or town's ordinance or city charter, not later than the first Monday in October of each year, the chief administrative officer shall provide the city's or town's legislative body with current

information on estimates of revenues from all sources as adopted in the budget for the current year, together with estimates submitted by the clerk under RCW 35.33.051. The city's or town's legislative body and the city's or town's administrative officer or his designated representative shall consider the city's or town's total anticipated financial requirements for the ensuing fiscal year, and the legislative body shall determine and fix by ordinance the amount to be raised by ad valorem taxes. Upon adoption of the ordinance fixing the amount of ad valorem taxes to be levied, the clerk shall certify the same to the board of county commissioners as required by RCW 84.52.020. [1969 ex.s. c 95 § 20.]

**35.33.141 Report of expenditures and liabilities against budget appropriations.** At such intervals as may be required by city charter or city or town ordinance, however, being not less than quarterly, the clerk shall submit to the city's or town's legislative body and chief administrative officer a report showing the expenditures and liabilities against each separate budget appropriation incurred during the preceding reporting period and like information for the whole of the current fiscal year to the first day of the current reporting period together with the unexpended balance of each appropriation. The report shall also show the receipts from all sources. [1969 ex.s. c 95 § 21.]

**35.33.145 Contingency fund—Creation—Purpose—Support—Lapse.** Every city or town may create and maintain a contingency fund to provide moneys with which to meet any municipal expense, the necessity or extent of which could not have been foreseen or reasonably evaluated at the time of adopting the annual budget, or from which to provide moneys for those emergencies described in RCW 35.33.081 and 35.33.091. Such fund may be supported by a budget appropriation from any tax or other revenue source not restricted in use by law, or also may be supported by a transfer from other unexpended or decreased funds made available by ordinance as set forth in RCW 35.33.121: PROVIDED, That the total amount accumulated in such fund at any time shall not exceed the equivalent of thirty-seven and one-half cents per thousand dollars of assessed valuation of property within the city or town at such time. Any moneys in the contingency fund at the end of the fiscal year shall not lapse except upon reappropriation by the council to another fund in the adoption of a subsequent budget. [1973 1st ex.s. c 195 § 21; 1969 ex.s. c 95 § 22.]

**Severability—Effective dates—Construction—1973 1st ex.s. c 195:** See notes following RCW 84.52.043.

**35.33.147 Contingency fund—Withdrawals.** No money shall be withdrawn from the contingency fund except by transfer to the appropriate operating fund authorized by a resolution or ordinance of the legislative body of the city or town, adopted by a majority vote of the entire legislative body, clearly stating the facts constituting the reason for the withdrawal or the emergency as the case may be, specifying the fund to which the withdrawn money shall be transferred. [1969 ex.s. c 95 § 23.]

[Title 35 RCW—page 138]

**35.33.151 Unexpended appropriations.** All appropriations in any current operating fund shall lapse at the end of each fiscal year: PROVIDED, That this shall not prevent payments in the following year upon uncompleted programs or improvements in progress or on orders subsequently filled or claims subsequently billed for the purchase of material, equipment and supplies or for personal or contractual services not completed or furnished by the end of the fiscal year, all of which have been properly budgeted and contracted for prior to the close of such fiscal year but furnished or completed in due course thereafter.

All appropriations in a special fund authorized by ordinance or by state law to be used only for the purpose or purposes therein specified, including any cumulative reserve funds lawfully established in specific or general terms for any municipal purpose or purposes, or a contingency fund as authorized by RCW 35.33.145, shall not lapse, but shall be carried forward from year to year until fully expended or the purpose has been accomplished or abandoned, without necessity of reappropriation.

The accounts for budgetary control for each fiscal year shall be kept open for twenty days after the close of such fiscal year for the purpose of paying and recording claims for indebtedness incurred during such fiscal year; any claim presented after the twentieth day following the close of the fiscal year shall be paid from appropriations lawfully provided for the ensuing period, including those made available by provisions of this section, and shall be recorded in the accounts for the ensuing fiscal year. [1969 ex.s. c 95 § 24.]

**35.33.170 Violations and penalties.** Upon the conviction of any city or town official, department head or other city or town employee of knowingly failing, or refusing, without just cause, to perform any duty imposed upon such officer or employee by this chapter, or city charter or city or town ordinance, in connection with the giving of notice, the preparing and filing of estimates of revenues or expenditures or other information required for preparing a budget report in the time and manner required, or of knowingly making expenditures in excess of budget appropriations, he shall be guilty of a misdemeanor and shall be fined not more than five hundred dollars for each separate violation. [1969 ex.s. c 95 § 25.]

**35.34.010 Legislative intent.** The legislature hereby recognizes that the development and adoption of a budget by a city or town is a lengthy and intense process designed to provide adequate opportunities for public input and sufficient time for deliberation and enactment by the legislative authority. The legislature also recognizes that there are limited amounts of time available and that time committed for budgetary action reduces opportunities for deliberating other issues. It is, therefore, the intent of the legislature to authorize cities and towns to establish by ordinance a biennial budget and to provide the means for modification of such budget. This chapter and chapter 35A.34 RCW shall be known as the municipal biennial budget act. [1985 c 175 § 1.]

**35.34.020 Application of chapter.** This chapter applies to all cities of the first and second classes and to all towns, that have by ordinance adopted this chapter authorizing the adoption of a fiscal biennium budget. [1997 c 361 § 15; 1985 c 175 § 5.]

**35.34.030 Definitions.** Unless the context clearly indicates otherwise, the definitions in this section apply throughout this chapter.

(1) "Clerk" includes the officer performing the functions of a finance or budget director, comptroller, auditor, or by whatever title the officer may be known in any city or town. However, for cities over three hundred thousand, "clerk" means the budget director as authorized under RCW 35.32A.020.

(2) "Department" includes each office, division, service, system, or institution of the city or town for which no other statutory or charter provision is made for budgeting and accounting procedures or controls.

(3) "Legislative body" includes the council, commission, or any other group of officials serving as the legislative body of a city or town.

*"Fiscal biennium" defined: RCW 1.16.020.*

**35.34.040 Biennial budget authorized—Limitations.** All first and second class cities and towns are authorized to establish by ordinance a two-year fiscal biennium budget. The ordinance shall be enacted at least six months prior to commencement of the fiscal biennium and this chapter applies to all cities and towns which utilize a fiscal biennium budget. Cities and towns which establish a fiscal biennium budget are authorized to repeal such ordinance and provide for reversion to a fiscal year budget. The ordinance may only be repealed effective as of the conclusion of a fiscal biennium. However, the city or town shall comply with chapter 35.32A or 35.33 RCW, whichever the case may be, in developing and adopting the budget for the first fiscal year following repeal of the ordinance. [1994 c 81 § 56; 1985 c 175 § 7.]

**35.34.050 Budget estimates—Submittal.** On or before the second Monday of the fourth month prior to the beginning of the city's or town's next fiscal biennium, or at such other time as the city or town may provide by ordinance or charter, the clerk shall notify in writing the head of each department of a city or town to file with the clerk within fourteen days of the receipt of such notification, detailed estimates of the probable revenue from sources other than ad valorem taxation and of all expenditures required by the department for the ensuing fiscal biennium. The notice shall be accompanied by the proper forms provided by the clerk, prepared in accordance with the requirements and classification established by the state auditor. The clerk shall prepare the estimates for interest and debt redemption requirements and all other estimates, the preparation of which falls properly within the duties of the clerk's office. The chief administrative officers of the city or town shall submit to the clerk detailed estimates of all expenditures proposed to be financed from the proceeds of bonds or warrants not yet authorized, together with a statement of the proposed method of financing them. In the absence or disability of the official or person regularly in charge of a department, the duties required by this section shall devolve upon the person next in charge of such department. [1995 c 301 § 43; 1985 c 175 § 8.]

**35.34.060 Budget estimates—Classification and segregation.** All estimates of receipts and expenditures for the ensuing fiscal biennium shall be fully detailed in the biennial budget and shall be classified and segregated according to a standard classification of accounts to be adopted and prescribed by the state auditor after consultation with the Washington finance officers association, the association of Wash-

ington cities, and the association of Washington city managers. [1995 c 301 § 44; 1985 c 175 § 9.]

**35.34.070 Proposed preliminary budget.** On or before the first business day in the third month prior to the beginning of the biennium of a city or town or at such other time as the city or town may provide by ordinance or charter, the clerk or other person designated by the charter, by ordinances, or by the chief administrative officer of the city or town shall submit to the chief administrative officer a proposed preliminary budget which shall set forth the complete financial program of the city or town for the ensuing fiscal biennium, showing the expenditure program requested by each department and the sources of revenue by which each such program is proposed to be financed.

The revenue section shall set forth in comparative and tabular form for each fund the actual receipts for the last completed fiscal biennium, the estimated receipts for the current fiscal biennium, and the estimated receipts for the ensuing fiscal biennium, which shall include the amount to be raised from ad valorem taxes and unencumbered fund balances estimated to be available at the close of the current fiscal biennium. However, if the city or town was not utilizing a fiscal biennium budget for the previous three years, it shall set forth its fiscal years' revenues to reflect actual and estimated receipts as if it had previously utilized a biennial budgetary process.

The expenditure section shall set forth in comparative and tabular form for each fund and every department operating within each fund the actual expenditures for the last completed fiscal biennium, the appropriations for the current fiscal biennium, and the estimated expenditures for the ensuing fiscal biennium. However, if the city or town was not utilizing a fiscal biennium budget for the previous three years, it shall set forth its fiscal years' expenditures to reflect actual and estimated levels as if it had previously utilized a biennial budgetary process. The expenditure section shall further set forth separately the salary or salary range for each office, position, or job classification together with the title or position designation thereof. However, salaries may be set out in total amounts under each department if a detailed schedule of such salaries and positions be attached and made a part of the budget document. [1985 c 175 § 10.]

**35.34.080 Preliminary budget.** The chief administrative officer shall prepare the preliminary budget in detail, making any revisions or additions to the reports of the department heads deemed advisable by such chief administrative officer. At least sixty days before the beginning of the city's or town's next fiscal biennium the chief administrative officer shall file it with the clerk as the recommendation of the chief administrative officer for the final budget. The clerk shall provide a sufficient number of copies of such preliminary budget and budget message to meet the reasonable demands of taxpayers therefor and have them available for distribution not later than six weeks before the beginning of the city's or town's next fiscal biennium. [1985 c 175 § 11.]

**35.34.090 Budget message—Hearings.** (1) In every city or town, a budget message prepared by or under the

direction of the city's or town's chief administrative officer shall be submitted as a part of the preliminary budget to the city's or town's legislative body at least sixty days before the beginning of the city's or town's next fiscal biennium and shall contain the following:

- (a) An explanation of the budget document;
- (b) An outline of the recommended financial policies and programs of the city or town for the ensuing fiscal biennium;
- (c) A statement of the relation of the recommended appropriation to such policies and programs;
- (d) A statement of the reason for salient changes from the previous biennium in appropriation and revenue items; and
- (e) An explanation for any recommended major changes in financial policy.

(2) Prior to the final hearing on the budget, the legislative body or a committee thereof shall schedule hearings on the budget or parts thereof, and may require the presence of department heads to give information regarding estimates and programs. [1985 c 175 § 12.]

**35.34.100 Budget—Notice of hearing.** Immediately following the filing of the preliminary budget with the clerk, the clerk shall publish a notice once a week for two consecutive weeks stating that the preliminary budget for the ensuing fiscal biennium has been filed with the clerk, that a copy thereof will be made available to any taxpayer who will call at the clerk's office therefor, that the legislative body of the city or town will meet on or before the first Monday of the month next preceding the beginning of the ensuing fiscal biennium for the purpose of fixing the final budget, designating the date, time, and place of the legislative budget meeting, and that any taxpayer may appear thereat and be heard for or against any part of the budget. The publication of the notice shall be made in the official newspaper of the city or town if there is one, otherwise in a newspaper of general circulation in the city or town. If there is no newspaper of general circulation in the city or town, then notice may be made by posting in three public places fixed by ordinance as the official places for posting the city's or town's official notices. [1985 c 175 § 13.]

**35.34.110 Budget—Hearing.** The legislative body shall meet on the day fixed by RCW 35.34.100 for the purpose of fixing the final budget of the city or town at the time and place designated in the notice thereof. Any taxpayer may appear and be heard for or against any part of the budget. The hearing may be continued from day to day but not later than the twenty-fifth day prior to commencement of the city's or town's fiscal biennium. [1985 c 175 § 14.]

**35.34.120 Budget—Adoption.** Following conclusion of the hearing, and prior to the beginning of the fiscal biennium, the legislative body shall make such adjustments and changes as it deems necessary or proper and, after determining the allowance in each item, department, classification, and fund, shall by ordinance adopt the budget in its final form and content. Appropriations shall be limited to the total estimated revenues contained therein including the amount to be raised by ad valorem taxes and the unencumbered fund bal-

ances estimated to be available at the close of the current fiscal biennium. Such ordinances may adopt the final budget by reference. However, the ordinance adopting the budget shall set forth in summary form the totals of estimated revenues and appropriations for each separate fund and the aggregate totals for all such funds combined.

A complete copy of the final budget as adopted shall be transmitted to the state auditor and to the association of Washington cities. [1995 c 301 § 45; 1985 c 175 § 15.]

**35.34.130 Budget—Mid-biennial review and modification.** The legislative authority of a city or town having adopted the provisions of this chapter shall provide by ordinance for a mid-biennial review and modification of the biennial budget. The ordinance shall provide that such review and modification shall occur no sooner than eight months after the start nor later than conclusion of the first year of the fiscal biennium. The chief administrative officer shall prepare the proposed budget modification and shall provide for publication of notice of hearings consistent with publication of notices for adoption of other city or town ordinances. City or town ordinances providing for a mid-biennium review and modification shall establish procedures for distribution of the proposed modification to members of the city or town legislative authority, procedures for making copies available to the public, and shall provide for public hearings on the proposed budget modification. The budget modification shall be by ordinance approved in the same manner as are other ordinances of the city or town.

A complete copy of the budget modification as adopted shall be transmitted to the state auditor and to the association of Washington cities. [1995 c 301 § 46; 1985 c 175 § 16.]

**35.34.140 Emergency expenditures—Nondebatable emergencies.** Upon the happening of any emergency caused by violence of nature, casualty, riot, insurrection, war, or other unanticipated occurrence requiring the immediate preservation of order or public health, or for the property which has been damaged or destroyed by accident, or for public relief from calamity, or in settlement of approved claims for personal injuries or property damages, or to meet mandatory expenditures required by law enacted since the last budget was adopted, or to cover expenses incident to preparing for or establishing a new form of government authorized or assumed after adoption of the current budget, including any expenses incident to selection of additional or new officials required thereby, or incident to employee recruitment at any time, the city or town legislative body, upon the adoption of an ordinance, by the vote of one more than the majority of all members of the legislative body, stating the facts constituting the emergency and the estimated amount required to meet it, may make the expenditures therefor without notice or hearing. [1985 c 175 § 17.]

**35.34.150 Emergency expenditures—Other emergencies—Hearing.** If a public emergency which could not reasonably have been foreseen at the time of filing the preliminary budget requires the expenditure of money not provided for in the budget, and if it is not one of the emergencies specifically enumerated in RCW 35.34.140, the city or town

legislative body before allowing any expenditure therefor shall adopt an ordinance stating the facts constituting the emergency and the estimated amount required to meet it and declaring that an emergency exists.

The ordinance shall not be voted on until five days have elapsed after its introduction, and for passage shall require the vote of one more than the majority of all members of the legislative body of the city or town.

Any taxpayer may appear at the meeting at which the emergency ordinance is to be voted on and be heard for or against the adoption thereof. [1985 c 175 § 18.]

**35.34.160 Emergency expenditures—Warrants—Payment.** All expenditures for emergency purposes as provided in this chapter shall be paid by warrants from any available money in the fund properly chargeable with such expenditures. If, at any time, there is insufficient money on hand in a fund with which to pay such warrants as presented, the warrants shall be registered, bear interest, and be called in the same manner as other registered warrants as prescribed in RCW 35.21.320. [1985 c 175 § 19.]

**35.34.170 Registered warrants—Payment.** In adopting the final budget for any fiscal biennium, the legislative body shall appropriate from estimated revenue sources available, a sufficient amount to pay the principal and interest on all outstanding registered warrants issued since the adoption of the last preceding budget except those issued and identified as revenue warrants and except those for which an appropriation previously has been made. However, no portion of the revenues which are restricted in use by law may be appropriated for the redemption of warrants issued against a utility or other special purpose fund of a self-supporting nature. In addition, all or any portion of the city's or town's outstanding registered warrants may be funded into bonds in any manner authorized by law. [1985 c 175 § 20.]

**35.34.180 Adjustment of wages, hours, and conditions of employment.** Notwithstanding the appropriations for any salary or salary range of any employee or employees adopted in a final budget, the legislative body of any city or town may, by ordinance, change the wages, hours, and conditions of employment of any or all of its appointive employees if sufficient funds are available for appropriation to such purposes. [1985 c 175 § 21.]

**35.34.190 Forms—Accounting—Supervision by state.** The state auditor is empowered to make and install the forms and classifications required by this chapter to define what expenditures are chargeable to each budget class and to establish the accounting and cost systems necessary to secure accurate budget information. [1995 c 301 § 47; 1985 c 175 § 22.]

**35.34.200 Funds—Limitations on expenditures—Transfers and adjustments.** (1) The expenditures as classified and itemized in the final budget shall constitute the city's or town's appropriations for the ensuing fiscal biennium. Unless otherwise ordered by a court of competent jurisdiction, and subject to further limitations imposed by ordinance

of the city or town, the expenditure of city or town funds or the incurring of current liabilities on behalf of the city or town shall be limited to the following:

(a) The total amount appropriated for each fund in the budget for the current fiscal biennium, without regard to the individual items contained therein, except that this limitation does not apply to wage adjustments authorized by RCW 35.34.180;

(b) The unexpended appropriation balances of a preceding budget which may be carried forward from prior fiscal periods pursuant to RCW 35.34.270;

(c) Funds received from the sale of bonds or warrants which have been duly authorized according to law;

(d) Funds received in excess of estimated revenues during the current fiscal biennium, when authorized by an ordinance amending the original budget; and

(e) Expenditures authorized by budget modification as provided by RCW 35.34.130 and those required for emergencies, as authorized by RCW 35.34.140 and 35.34.150.

(2) Transfers between individual appropriations within any one fund may be made during the current fiscal biennium by order of the city's or town's chief administrative officer subject to such regulations, if any, as may be imposed by the city or town legislative body. Notwithstanding the provisions of RCW 43.09.210 or of any statute to the contrary, transfers, as authorized in this section, may be made within the same fund regardless of the various offices, departments, or divisions of the city or town which may be affected.

(3) The city or town legislative body, upon a finding that it is to the best interests of the city or town to decrease, revoke, or recall all or any portion of the total appropriations provided for any one fund, may, by ordinance, approved by the vote of one more than the majority of all members thereof, stating the facts and findings for doing so, decrease, revoke, or recall all or any portion of an unexpended fund balance, and by said ordinance, or a subsequent ordinance adopted by a like majority, the moneys thus released may be reappropriated for another purpose or purposes, without limitation to department, division, or fund, unless the use of such moneys is otherwise restricted by law, charter, or ordinance. [1985 c 175 § 23.]

**35.34.205 Administration, oversight, or supervision of utility—Reimbursement from utility budget authorized.** Whenever any city or town apportions a percentage of the city manager's, administrator's, or supervisor's time, or the time of other management or general government staff, for administration, oversight, or supervision of a utility operated by the city or town, or to provide services to the utility, the utility budget may identify such services and budget for reimbursement of the city's or town's current expense fund for the value of such services. [1991 c 152 § 2.]

**35.34.210 Liabilities incurred in excess of budget.** Liabilities incurred by any officer or employee of the city or town in excess of any budget appropriations shall not be a liability of the city or town. The clerk shall issue no warrant and the city or town legislative body or other authorized person shall approve no claim for an expenditure in excess of the total amount appropriated for any individual fund, except

upon an order of a court of competent jurisdiction or for emergencies as provided in this chapter. [1985 c 175 § 24.]

**35.34.220 Funds received from sales of bonds and warrants—Expenditures.** Moneys received from the sale of bonds or warrants shall be used for no other purpose than that for which they were issued and no expenditure shall be made for that purpose until the bonds have been duly authorized. If any unexpended fund balance remains from the proceeds realized from the bonds or warrants after the accomplishment of the purpose for which they were issued, it shall be used for the redemption of such bond or warrant indebtedness. Where a budget contains an expenditure program to be financed from a bond issue to be authorized thereafter, no such expenditure shall be made or incurred until after the bonds have been duly authorized. [1985 c 175 § 25.]

**35.34.230 Revenue estimates—Amount to be raised by ad valorem taxes.** At a time fixed by the city's or town's ordinance or city charter, not later than the first Monday in October of the second year of each fiscal biennium, the chief administrative officer shall provide the city's or town's legislative body with current information on estimates of revenues from all sources as adopted in the budget for the current biennium, together with estimates submitted by the clerk under RCW 35.34.070. The city's or town's legislative body and the city's or town's administrative officer or the officer's designated representative shall consider the city's or town's total anticipated financial requirements for the ensuing fiscal biennium, and the legislative body shall determine and fix by ordinance the amount to be raised the first year of the biennium by ad valorem taxes. The legislative body shall review such information as is provided by the chief administrative officer and shall adopt an ordinance establishing the amount to be raised by ad valorem taxes during the second year of the biennium. Upon adoption of the ordinance fixing the amount of ad valorem taxes to be levied, the clerk shall certify the same to the county legislative authority as required by RCW 84.52.020. [1985 c 175 § 26.]

**35.34.240 Funds—Quarterly report of status.** At such intervals as may be required by city charter or city or town ordinance, however, being not less than quarterly, the clerk shall submit to the city's or town's legislative body and chief administrative officer a report showing the expenditures and liabilities against each separate budget appropriation incurred during the preceding reporting period and like information for the whole of the current fiscal biennium to the first day of the current reporting period together with the unexpended balance of each appropriation. The report shall also show the receipts from all sources. [1985 c 175 § 27.]

**35.34.250 Contingency fund—Creation.** Every city or town may create and maintain a contingency fund to provide moneys with which to meet any municipal expense, the necessity or extent of which could not have been foreseen or reasonably evaluated at the time of adopting the annual budget, or from which to provide moneys for those emergencies described in RCW 35.34.140 and 35.34.150. Such fund may be supported by a budget appropriation from any tax or other

revenue source not restricted in use by law, or also may be supported by a transfer from other unexpended or decreased funds made available by ordinance as set forth in RCW 35.34.200. However, the total amount accumulated in such fund at any time shall not exceed the equivalent of thirty-seven and one-half cents per thousand dollars of assessed valuation of property within the city or town at such time. Any moneys in the emergency fund at the end of the fiscal biennium shall not lapse except upon reappropriation by the council to another fund in the adoption of a subsequent budget. [1985 c 175 § 28.]

**35.34.260 Contingency fund—Withdrawals.** No money shall be withdrawn from the contingency fund except by transfer to the appropriate operating fund authorized by a resolution or ordinance of the legislative body of the city or town, adopted by a majority vote of the entire legislative body, clearly stating the facts constituting the reason for the withdrawal or the emergency as the case may be, specifying the fund to which the withdrawn money shall be transferred. [1985 c 175 § 29.]

**35.34.270 Unexpended appropriations.** All appropriations in any current operating fund shall lapse at the end of each fiscal biennium. However, this shall not prevent payments in the following biennium upon uncompleted programs or improvements in progress or on orders subsequently filled or claims subsequently billed for the purchase of material, equipment, and supplies or for personal or contractual services not completed or furnished by the end of the fiscal biennium, all of which have been properly budgeted and contracted for prior to the close of such fiscal biennium, but furnished or completed in due course thereafter.

All appropriations in a special fund authorized by ordinance or by state law to be used only for the purpose or purposes therein specified, including any cumulative reserve funds lawfully established in specific or general terms for any municipal purpose or purposes, or a contingency fund as authorized by RCW 35.34.250, shall not lapse, but shall be carried forward from biennium to biennium until fully expended or the purpose has been accomplished or abandoned, without necessity of reappropriation.

The accounts for budgetary control for each fiscal biennium shall be kept open for twenty days after the close of such fiscal biennium for the purpose of paying and recording claims for indebtedness incurred during such fiscal biennium; any claim presented after the twentieth day following the close of the fiscal biennium shall be paid from appropriations lawfully provided for the ensuing period, including those made available by provisions of this section, and shall be recorded in the accounts for the ensuing fiscal biennium. [1985 c 175 § 30.]

**35.34.280 Violations and penalties.** Upon the conviction of any city or town official, department head, or other city or town employee of knowingly failing, or refusing, without just cause, to perform any duty imposed upon such officer or employee by this chapter, or city charter or city or town ordinance, in connection with the giving of notice, the preparing and filing of estimates of revenues or expenditures

or other information required for preparing a budget report in the time and manner required, or of knowingly making expenditures in excess of budget appropriations, the official or employee shall be guilty of a misdemeanor and shall be fined not more than five hundred dollars for each separate violation. [1985 c 175 § 31.]

[1965 c 7 § 35.36.030. Prior: 1929 c 212 § 5; RRS § 9005-9.]

**35.36.040 Designation of bonds to be signed.** (1) The officer whose duty it is to cause any bonds to be printed, engraved, or lithographed, shall specify in a written order or requisition to the printer, engraver, or lithographer the number of bonds to be printed, engraved, or lithographed and the manner of numbering them.

**35.36.050 Liability of officer.** A mayor, comptroller, or clerk authorizing the affixing of his signature to a bond by a proxy shall be subject to the same liability personally and on his bond for any signature so affixed and to the same extent as if he had affixed his signature in person. [1965 c 7 § 35.36.050. Prior: 1929 c 212 § 3; RRS § 9005-7.]

**35.36.060 Notice to council.** In order to designate a proxy to affix his signature to bonds, a mayor, comptroller, or clerk shall address a written notice to the governing body of the city giving the name of the person whom he has selected therefor and stating generally or specifically what bonds are to be so signed.

Attached to or included in the notice shall be a written signature of the officer making the designation executed by the proposed proxy followed by the word "by" and his own signature; or, if the notice so states, the specimen signatures may consist of a facsimile reproduction of the officer's signature impressed by some mechanical process followed by the word "by" and the proxy's own signature.

If the authority is intended to include the signature upon bonds bearing an earlier date than the effective date of the notice, the prior dated bonds must be specifically described by reasonable reference thereto.

The notice designating a proxy shall be filed with the city comptroller or city clerk, together with the specimen signatures attached thereto and a record of the filing shall be made in the journal of the governing body. This record shall note the date and hour of filing and may be made by the official who keeps the journal at any time after filing of the notice, even during a period of recess or adjournment of the governing body. The notice shall be effective from the time of its recording. [1965 c 7 § 35.36.060. Prior: 1929 c 212 § 2, part; RRS § 9005-6, part.]

It shall be effective from the time of its recording but shall not affect the validity of any signature theretofore made. [1965 c 7 § 35.36.070. Prior: 1929 c 212 § 2, part; RRS § 9005-6, part.]

[1965 c 7 § 35.42.010. Prior: 1959 c 80 § 1.]

The lessor shall furnish a bond satisfactory to the lessee conditioned on the delivery of possession of the completed building to the lessee city or town at the time prescribed in the lease, unavoidable delay excepted. The lease shall provide that no part of the cost of construction of the building shall ever become an obligation of the lessee city or town. [1965 c 7 § 35.42.060. Prior: 1959 c 80 § 6.]

If such remaining amount to be paid to purchase such leased property will result in a total indebtedness in excess of one and one-half percent of the taxable property of such city or town, a proposition in regard to whether or not to purchase the property shall be submitted to the voters for approval or rejection in the same manner that bond issues for capital purposes are submitted to the voters. [1965 c 7 § 35.42.210. Prior: 1963 c 170 § 2.]

**35.43.042 Authority to establish utility local improvement districts—Procedure.** Whenever the legislative authority of any city or town has provided pursuant to law for the acquisition, construction, reconstruction, purchase, condemnation and purchase, addition to, repair, or renewal of the whole or any portion of a:

(1) System for providing the city or town and the inhabitants thereof with water, which system includes as a whole or as a part thereof water mains, hydrants or appurtenances which are authorized subjects for local improvements under RCW 35.43.040(13) or other law; or a

(2) System for providing the city or town with sewerage and storm or surface water disposal, which system includes as a whole or as a part thereof drains, sewers or sewer appurtenances which are authorized subjects for local improvements under RCW 35.43.040(7) or other law; or

(3) Off-street parking facilities; and

Has further provided in accordance with any applicable provisions of the Constitution or statutory authority for the issuance and sale of revenue bonds to pay the cost of all or a portion of any such system, such legislative authority shall have the authority to establish utility local improvement districts, and to levy special assessments on all property specially benefited by any such local improvement to pay in whole or in part the damages or costs of any local improvements so provided for.

The initiation and formation of such utility local improvement districts and the levying, collection and enforcement of assessments shall be in the manner and subject to the same procedures and limitations as are now or hereafter provided by law for the initiation and formation of local improvement districts in cities and towns and the levying, collection and enforcement of assessments pursuant thereto.

It must be specified in any petition or resolution initiating the formation of such a utility local improvement district in a city or town and in the ordinance ordered pursuant thereto, that the assessments shall be for the sole purpose of payment into such revenue bond fund as may be specified by the legislative authority for the payment of revenue bonds issued to defray the cost of such system or facilities or any portion thereof as provided for in this section.

Assessments in any such utility local improvement district may be made on the basis of special benefits up to but not in excess of the total cost of the local improvements portion of any system or facilities payable by issuance of revenue bonds. No warrants or bonds shall be issued in any such utility local improvement district, but the collection of interest and principal on all assessments in such utility local improvement district, when collected, shall be paid into any such revenue bond fund.

When in the petition or resolution for establishment of a local improvement district and in the ordinance ordered pursuant thereto, it is specified or provided that the assessments shall be for the sole purpose of payment into a revenue bond fund for the payment of revenue bonds, then the local improvement district shall be designated a "utility local improvement district".

The provisions of chapters 35.45, 35.47 and 35.48 RCW shall have no application to utility local improvement dis-

tricts created under authority of this section. [1969 ex.s. c 258 § 2; 1967 c 52 § 1.]

**Construction—1967 c 52:** "The authority granted by this 1967 amendatory act shall be considered an alternative and additional method of securing payment of revenue bonds issued for the purposes specified in RCW 35.43.042 and shall not be construed as a restriction or limitation upon any other method for providing for the payment of any such revenue bonds." [1967 c 52 § 27.]

**Severability—1967 c 52:** "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1967 c 52 § 29.]

**35.43.043 Conversion of local improvement district into utility local improvement district.** The legislative authority of any city or town may by ordinance convert any then existing local improvement district into a utility local improvement district at any time prior to the adoption of an ordinance approving and confirming the final assessment roll of such local improvement district. The ordinance so converting the local improvement district shall provide for the payment of the special assessments levied in that district into the special fund established or to be established for the payment of revenue bonds issued to defray the cost of the local improvement in that district. [1967 c 52 § 28.]

**Construction—Severability—1967 c 52:** See notes following RCW 35.43.042.

**35.43.045 Open canals or ditches—Safeguards.** Every city or town shall have the right of entry upon all irrigation, drainage, or flood control canal or ditch rights of way within its limits for all purposes necessary to safeguard the public from the hazards of such open canals or ditches, and the right to cause to be constructed, installed, and maintained upon or adjacent to such rights of way safeguards as provided in RCW 35.43.040: PROVIDED, That such safeguards must not unreasonably interfere with maintenance of the canal or ditch or with the operation thereof. The city or town, at its option, notwithstanding any laws to the contrary, may require the irrigation, drainage, flood control, or other district, agency, person, corporation, or association maintaining the canal or ditch to supervise the installation and construction of such safeguards, or to maintain the same. If such option is exercised reimbursement must be made by the city or town for all actual costs thereof. [1965 c 7 § 35.43.045. Prior: 1959 c 75 § 2.]

*Safeguarding open canals or ditches, assessments: RCW 35.43.040, 35.43.045, 36.88.015, 36.88.350, 36.88.380 through 36.88.400, 87.03.480, 87.03.526.*

**35.43.050 Authority—Noncontinuous improvements.** When the legislative body of any city or town finds that all of the property within a local improvement district or utility local improvement district will be benefited by the improvements as a whole, a local improvement district or utility local improvement district may include adjoining, vicinal, or neighboring streets, avenues, and alleys or other improvements even though the improvements thus made are not connected or continuous. The assessment rates may be ascertained on the basis of the special benefit of the improvements as a whole to the properties within the entire local improvement district or utility local improvement district, or

on the basis of the benefit of each unit of the improvements to the properties specially benefited by that unit, or the assessment rates may be ascertained by a combination of the two bases. Where no finding is made by the legislative body as to the benefit of the improvements as a whole to all of the property within a local improvement district or utility local improvement district, the cost and expense of each continuous unit of the improvements shall be ascertained separately, as near as may be, and the assessment rates shall be computed on the basis of the cost and expense of each unit. In the event of the initiation of a local improvement district authorized by this section or a utility local improvement district authorized by this section, the legislative body may, in its discretion, eliminate from the district any unit of the improvement which is not connected or continuous and may proceed with the balance of the improvement within the local improvement district or utility local improvement district, as fully and completely as though the eliminated unit had not been included within the improvement district, without the giving of any notices to the property owners remaining within the district, other than such notices as are required by the provisions of this chapter to be given subsequent to such elimination. [1985 c 397 § 2; 1967 c 52 § 3; 1965 c 7 § 35.43.050. Prior: 1957 c 144 § 14; prior: 1947 c 155 § 1, part; 1941 c 90 § 1, part; 1915 c 168 § 2, part; 1911 c 98 § 13, part; Rem. **35.43.060 Consolidated cities—Procedure.** The city council of any city which is composed of two or more cities or towns which have been or may hereafter be consolidated may make and pass all resolutions, orders and ordinances necessary for any assessment where the improvement was made or was being made by a component city or town prior to consolidation. [1965 c 7 § 35.43.060. Prior: 1911 c 98 § 64; RRS § 9417.]

**35.43.070 Ordinance—Action on petition or resolution.** A local improvement may be ordered only by an ordinance of the city or town council, pursuant to either a resolution or petition therefor. The ordinance must receive the affirmative vote of at least a majority of the members of the council.

Charters of cities of the first class may prescribe further limitations. In cities and towns other than cities of the first class, the ordinance must receive the affirmative vote of at least two-thirds of the members of the council if, prior to its passage, written objections to its enactment are filed with the city clerk by or on behalf of the owners of a majority of the lineal frontage of the improvement and of the area within the limits of the proposed improvement district. [1965 c 7 § 35.43.070. Prior: (i) 1911 c 98 § 8; RRS § 9359. (ii) 1911 c 98 § 66; RRS § 9419.]

**35.43.075 Petition for district outside city may be denied.** Whenever the formation of a local improvement district or utility local improvement district which lies entirely or in part outside of a city or town's corporate limits is initi-

ated by petition the legislative authority of the city or town may by a majority vote deny the petition and refuse to form the local improvement district or utility local improvement district. [1967 c 52 § 4; 1965 c 7 § 35.43.075. Prior: 1963 c 56 § 3.]

**Construction—Severability—1967 c 52:** See notes following RCW 35.43.042.

**35.43.080 Ordinance—Creation of district.** Every ordinance ordering a local improvement to be paid in whole or in part by assessments against the property specially benefited shall describe the improvement and establish a local improvement district to be known as "local improvement district No. . . .," or a utility local improvement district to be known as "utility local improvement district No. . . ." which shall embrace as nearly as practicable all the property specially benefited by the improvement. [1969 ex.s. c 258 § 3; 1967 c 52 § 5; 1965 c 7 § 35.43.080. Prior: 1957 c 144 § 15; prior: (i) 1947 c 155 § 1, part; 1941 c 90 § 1, part; 1915 c 168 § 2, part; 1911 c 98 § 13, part; Rem. Supp. 1947 § 9365, part. (ii) 1929 c 97 § 2; 1911 c 98 § 14; RRS § 9366.]

**Construction—Severability—1967 c 52:** See notes following RCW 35.43.042.

**35.43.100 Ordinance—Finality—Limitation upon challenging jurisdiction or authority to proceed.** The council may continue the hearing upon any petition or resolution provided for in this chapter and shall retain jurisdiction thereof until it is finally disposed of. The action and decision of the council as to all matters passed upon by it in relation to any petition or resolution shall be final and conclusive. No lawsuit whatsoever may be maintained challenging the jurisdiction or authority of the council to proceed with the improvement and creating the local improvement district or in any way challenging the validity thereof or any proceedings relating thereto unless that lawsuit is served and filed no later than thirty days after the date of passage of the ordinance ordering the improvement and creating the district or, when applicable, no later than thirty days after the expiration of the thirty-day protest period provided in RCW 35.43.180. [1969 ex.s. c 258 § 4; 1965 c 7 § 35.43.100. Prior: 1911 c 98 § 19; RRS § 9371.]

**35.43.110 Petition—Mandatory, when.** Proceedings to establish local improvement districts must be initiated by petition in the following cases:

(1) Any local improvement payable in whole or in part by special assessments which includes a charge for the cost and expense of operation and maintenance of escalators or moving sidewalks shall be initiated only upon a petition signed by the owners of two-thirds of the lineal frontage upon the improvement to be made and two-thirds of the area within the limits of the proposed improvement district;

(2) If the management of park drives, parkways, and boulevards of a city has been vested in a board of park commissioners or similar authority: PROVIDED, That the proceedings may be initiated by a resolution, if the ordinance is passed at the request of the park board or similar authority therefor specifying the particular drives, parkways, or boulevards, or portions thereof to be improved and the nature of the improvement. [1981 c 313 § 10; 1965 c 7 § 35.43.110. Prior:

1957 c 144 § 3; prior: (i) 1911 c 98 § 58, part; RRS § 9411, part. (ii) 1945 c 190 § 1, part; 1915 c 168 § 6, part; 1913 c 131 § 1, part; 1911 c 98 § 6, part; Rem. Supp. 1945 § 9357, part.]

**Severability—1981 c 313:** See note following RCW 36.94.020.

**35.43.120 Petition—Requirements.** Any local improvement may be initiated upon a petition signed by the owners of property aggregating a majority of the area within the proposed district. The petition must briefly describe: (1) The nature of the proposed improvement, (2) the territorial extent of the proposed improvement, (3) what proportion of the area within the proposed district is owned by the petitioners as shown by the records in the office of the county auditor, and (4) the fact that actual assessments may vary from assessment estimates so long as they do not exceed a figure equal to the increased true and fair value the improvement, or street lighting, adds to the property.

If any of the property within the area of the proposed district stands in the name of a deceased person, or of any person for whom a guardian has been appointed and not discharged, the signature of the executor, administrator, or guardian, as the case may be, shall be equivalent to the signature of the owner of the property on the petition. The petition must be filed with the clerk or with such other officer as the city or town by charter or ordinance may require. [1989 c 243 § 1; 1981 c 323 § 1; 1969 ex.s. c 258 § 5; 1965 c 7 § 35.43.120. Prior: 1957 c 144 § 6; prior: 1911 c 98 § 9, part; RRS § 9360, part.]

**35.43.125 Petition—Notice and public hearing required.** A public hearing shall be held on the creation of a proposed local improvement district or utility local improvement district that is initiated by petition. Notice requirements for this public hearing shall be the same as for the public hearing on the creation of a proposed local improvement district or utility local improvement district that is initiated by resolution. [1987 c 315 § 2.]

**35.43.130 Preliminary estimates and assessment roll.** Upon the filing of a petition or upon the adoption of a resolution, as the case may be, initiating a proceeding for the formation of a local improvement district or utility local improvement district, the proper board, officer, or authority designated by charter or ordinance to make the preliminary estimates and assessment roll shall cause an estimate to be made of the cost and expense of the proposed improvement and certify it to the legislative authority of the city or town together with all papers and information in its possession touching the proposed improvement, a description of the boundaries of the district, and a statement of what portion of the cost and expense of the improvement should be borne by the property within the proposed district.

If the proceedings were initiated by petition the designated board, officer or authority shall also determine the sufficiency of the petition and whether the facts set forth therein are true. If the petition is found to be sufficient and in all proceedings initiated by resolution of the legislative authority of the city or town, the estimates must be accompanied by a diagram showing thereon the lots, tracts, and parcels of land and other property which will be specially benefited by the pro-

posed improvement and the estimated amount of the cost and expense thereof to be borne by each lot, tract, or parcel of land or other property: PROVIDED, That no such diagram shall be required where such estimates are on file in the office of the city engineer, or other designated city office, together with a detailed copy of the preliminary assessment roll and the plans and assessment maps of the proposed improvement.

For the purpose of estimating and levying local improvement assessments, the value of property of the United States, of the state, or of any county, city, town, school district, or other public corporation whose property is not assessed for general taxes shall be computed according to the standards afforded by similarly situated property which is assessed for general taxes. **35.43.140 Resolutions—Contents, publication—Hearing, by whom held.** Any local improvement to be paid for in whole or in part by the levy and collection of assessments upon the property within the proposed improvement district may be initiated by a resolution of the city or town council or other legislative authority of the city or town, declaring its intention to order the improvement, setting forth the nature and territorial extent of the improvement, containing a statement that actual assessments may vary from assessment estimates so long as they do not exceed a figure equal to the increased true and fair value the improvement, or street lighting, adds to the property, and notifying all persons who may desire to object thereto to appear and present their objections at a time to be fixed therein.

In the case of trunk sewers and trunk water mains the resolution must describe the routes along which the trunk sewer, subsewer and branches of trunk water main and laterals are to be constructed.

In case of dikes or other structures to protect the city or town or any part thereof from overflow or to open, deepen, straighten, or enlarge watercourses, waterways and other channels the resolution must set forth the place of commencement and ending thereof and the route to be used.

In the case of auxiliary water systems, or extensions thereof or additions thereto for protection of the city or town or any part thereof from fire, the resolution must set forth the routes along which the auxiliary water system or extensions thereof or additions thereto are to be constructed and specifications of the structures or works necessary thereto or forming a part thereof.

The resolution shall be published in at least two consecutive issues of the official newspaper of the city or town, the first publication to be at least fifteen days before the day fixed for the hearing.

The hearing herein required may be held before the city or town council, or other legislative authority, or before a

committee thereof. The legislative authority of a city or town may designate an officer to conduct the hearings. The committee or hearing officer shall report recommendations on the resolution to the legislative authority for final action. ### 35.43.150 Resolutions—Hearing upon—Notice.

Notice of the hearing upon a resolution declaring the intention of the legislative authority of a city or town to order an improvement shall be given by mail at least fifteen days before the day fixed for hearing to the owners or reputed owners of all lots, tracts, and parcels of land or other property to be specially benefited by the proposed improvement, as shown on the rolls of the county assessor, directed to the address thereon shown.

[1989 c 243 § 3; 1983 c 303 § 2; 1965 c 7 § 35.43.150. Prior: 1957 c 144 § 9; prior: 1929 c 97 § 1, part; 1911 c 98 § 10, part; RRS § 9361, part.]

**Severability—1983 c 303:** See RCW 36.60.905.

**35.43.180 Restraint by protest.** The jurisdiction of the legislative authority of a city or town to proceed with any local improvement initiated by resolution shall be divested by a protest filed with the city or town council within thirty days from the date of passage of the ordinance ordering the improvement, signed by the owners of the property within the proposed local improvement district or utility local improvement district subject to sixty percent or more of the total cost of the improvement including federally-owned or other non-assessable property as shown and determined by the preliminary estimates and assessment roll of the proposed improvement district or, if all or part of the local improvement district or utility local improvement district lies outside of the city or town, such jurisdiction shall be divested by a protest filed in the same manner and signed by the owners of property which is within the proposed local improvement district or utility local improvement district but outside the boundaries of the city or town, and which is subject to sixty percent or more of that part of the total cost of the improvement allocable to property within the proposed local improvement district or utility local improvement district but outside the boundaries of the city or town, including federally-owned or other non-assessable property: PROVIDED, That such restraint by protest shall not apply to any of the following local improvements, if the legislative body finds and recites in the ordinance or resolution authorizing the improvement that such

improvement is necessary for the protection of the public health and safety and such ordinance or resolution is passed by unanimous vote of all members present: (1) Sanitary sewers or watermains where the health officer of the city or town, or department of ecology, files with the legislative authority a report showing the necessity for such improvement; and (2) fire hydrants where the chief of the fire department files a report showing the necessity for such improvement. ### 35.43.182 Waivers of protest—Recording—Limits on enforceability.

If an owner of property enters into an agreement with a city or town waiving the property owner's right under RCW 35.43.180 to protest formation of a local improvement district, the agreement must specify the improvements to be financed by the district and shall set forth the effective term of the agreement, which shall not exceed ten years. The agreement must be recorded with the auditor of the county in which the property is located. It is against public policy and void for an owner, by agreement, as a condition imposed in connection with proposed property development, or otherwise, to waive rights to object to the property owner's individual assessment (including the determination of special benefits allocable to the property), or to appeal to the superior court the decision of the city or town council affirming the final assessment roll. [1988 c 179 § 8.]

**Severability—Prospective application—Section captions—1988 c 179:** See RCW 39.92.900 and 39.92.901.

**35.43.184 Preformation expenditures.** The city or town engineer or other designated official may contract with owners of real property to provide for payment by the owners of the cost of the preparation of engineering plans, surveys, studies, appraisals, legal services, and other expenses associated with improvements to be financed in whole or in part by a local improvement district (not including the cost of actual construction of such improvements), that the owners elect to undertake. The contract may provide for reimbursement to the owner of such costs from the proceeds of bonds issued by the district after formation of a district under this chapter, from assessments paid to the district as appropriate, or by a credit in the amount of such costs against future assessments assessed against such property under the district. Such reimbursement shall be made to the owner of the property at the time of reimbursement. The contract shall also provide that such costs shall not be reimbursed to the owner if a district to construct the specified improvements (as the project may be amended) is not formed within six years of the date of the contract. The contract shall provide that any preformation work shall be conducted only under the direction of the city or town engineer or other appropriate city or town authority. [1988 c 179 § 9.]

**Severability—Prospective application—Section captions—1988 c 179:** See RCW 39.92.900 and 39.92.901.

**35.43.186 Credits for other assessments.** A city or town ordering a local improvement upon which special assessments on property specifically benefited by the improvement are levied and collected, may provide as part of the ordinance creating the local improvement district that moneys paid or the cost of facilities constructed by a property owner in the district in satisfaction of obligations under chapter 39.92 RCW, shall be credited against assessments due from the owner of such property at the time the credit is made, if those moneys paid or facilities constructed directly defray the cost of the specified improvements under the district and if credit for such amounts is reflected in the final assessment roll confirmed for the district. [1988 c 179 § 10.]

**Severability—Prospective application—Section captions—1988 c 179:** See RCW 39.92.900 and 39.92.901.

**35.43.188 Assessment reimbursement accounts.** A city or town ordering a local improvement upon which special assessments on property specifically benefited by the improvement are levied and collected, may provide as part of the ordinance creating the local improvement district that the payment of an assessment levied for the district on underdeveloped properties may be made by owners of other properties within the district, if they so elect, subject to terms of reimbursement set forth in the ordinance. The terms for reimbursement shall require the owners of underdeveloped properties on whose behalf payments of assessments have been made to reimburse all such assessment payments to the party who made them when those properties are developed or redeveloped, together with interest at a rate specified in the ordinance. The ordinance may provide that reimbursement shall be made on a one-time, lump sum basis, or may provide that reimbursement shall be made over a period not to exceed five years. The ordinance may provide that reimbursement shall be made no later than the time of dissolution of the district, or may provide that no reimbursement is due if the underdeveloped properties are not developed or redeveloped before the dissolution of the district. Reimbursement amounts due from underdeveloped properties under this section are liens upon the underdeveloped properties in the same manner and with like effect as assessments made under this chapter. For the purposes of this section, "underdeveloped properties" may include those properties that, in the discretion of the legislative body of the city or town, (1) are undeveloped or are not developed to their highest and best use, and (2) are likely to be developed or redeveloped before the dissolution of the district. [1988 c 179 § 11.]

[1967 c 52 § 10; 1965 c 7 § 35.44.030. Prior: 1957 c 144 § 17; prior: 1947 c 155 § 1, part; 1941 c 90 § 1, part; 1915 c 168 § 2, part; 1911 c 98 § 13, part; Rem. Supp. 1947 § 9365, part.]

**Construction—Severability—1967 c 52:** See notes following RCW 35.43.042.

**35.44.040 Assessment rate per square foot.** The rate of assessment per square foot in each subdivision of an improvement district shall be fixed on the basis that the special benefits conferred on a square foot of land in subdivisions first, second, third, fourth and fifth, respectively, are related to each other as are the numbers, forty-five, twenty-five, twenty, ten, and five, respectively, and shall be ascertained in the following manner:

(1) The products of the number of square feet in subdivisions first, second, third, fourth, and fifth, respectively, and the numbers forty-five, twenty-five, twenty, ten, and five, respectively, shall be ascertained;

(2) The aggregate sum thereof shall be divided into the total cost and expense of the improvement;

(3) The resultant quotient multiplied by forty-five, twenty-five, twenty, ten, and five, respectively, shall be the respective rate of assessment per square foot for subdivisions first, second, third, fourth and fifth: PROVIDED, That in lieu of the above formula the rate of assessment per square foot in each subdivision of an improvement district may be fixed on the basis that the special benefits conferred on a square foot of land in subdivisions first, second, third, fourth and fifth, respectively, are related to each other as are the numbers 0.015000, 0.008333, 0.006666, 0.003333, and 0.001666, respectively; and the method of determining the assessment on each lot, tract, or parcel of land in the improvement district may be ascertained in the following manner:

(1) The products of the number of square feet in subdivisions first, second, third, fourth and fifth, respectively, for each lot, tract or parcel of land in the improvement district and the numbers 0.015000, 0.008333, 0.006666, 0.003333 and 0.001666, respectively, shall be ascertained. The sum of all such products for each such lot, tract or parcel of land shall be the number of "assessable units of frontage" therein;

(2) The rate for each assessable unit of frontage shall be determined by dividing that portion of the total cost of the improvement representing special benefits by the aggregate sum of all assessable units of frontage;

(3) The assessment for each lot, tract or parcel of land in the improvement district shall be the product of the assessable units of frontage therefor, multiplied by the rate per assessable unit of frontage. [1965 c 7 § 35.44.040. Prior: 1957 c 144 § 18; prior: 1947 c 155 § 1, part; 1941 c 90 § 1, part; 1915 c 168 § 2, part; 1911 c 98 § 13, part; Rem. Supp. 1947 § 9365, part.]

**35.44.045 Open canals or ditches—Safeguards—Ascertaining assessments.** As an alternative to other methods of ascertaining assessments for local improvements, in a local improvement district established for safeguarding open canals or ditches, the district may be sectioned into subdivisions or zones paralleling the canal or ditch, numbered respectively, first, second, third and fourth. Each subdivision shall be equal to one-quarter of the width of the district as measured back from the margin of the canal right of way. The rate of assessment per square foot in each subdivision so formed shall be fixed on the basis that the special benefits conferred on a square foot of land in subdivisions first, second, third, and fourth, respectively, are related to each other as are the numbers, forty, thirty, twenty, and ten, respectively, and shall be ascertained in the following manner:

(1) The products of the number of square feet in subdivisions first, second, third, and fourth, respectively, and the numbers forty, thirty, twenty, and ten, respectively, shall be ascertained;

(2) The aggregate sum thereof shall be divided into the total cost and expense of the local improvement;

(3) The resultant quotient multiplied by forty, thirty, twenty, and ten, respectively, shall be the respective rate of assessment per square foot for each subdivision. [1965 c 7 § 35.44.045. Prior: 1959 c 75 § 3.]

The failure of the council to specifically recite in its ordinance ordering the improvement and creating the local improvement district that it will not use the zone and termini method of assessment shall not invalidate the use of any other method or methods of assessment. [1969 ex.s. c 258 § 7.]

**35.44.050 Assessment roll—Entry of assessments against property.** The total assessment thus ascertained against each separate lot, tract, parcel of land, or other property in the district shall be entered upon the assessment roll as the amount to be levied and assessed against each separate lot, tract, parcel of land, or other property. adopt or reject the recommendations of the committee or officer. If a hearing is held before such a committee or officer it shall not be necessary to hold a hearing on the assessment roll before such legislative authority. A local ordinance shall provide for an appeal by any person protesting his or her assessment to the legislative authority of a decision made by such officer. The same procedure may if so directed by such legislative authority be followed with respect to any assessment upon the roll which is raised or changed to include omitted property. The judgment of the court shall confirm, unless the court shall find from the evidence that such assessment is founded upon a fundamentally wrong basis and/or the decision of the council or other legislative body thereon was arbitrary or capricious; in which event the judgment of the court shall correct, change, modify, or annul the assessment insofar as it affects the property of the appellant. [1969 ex.s. c 258 § 9; 1965 c 7 § 35.44.250. Prior: 1957 c 143 § 7; prior: 1911 c 98 § 22, part; RRS § 9374, part.]

[1988 c 202 § 37; 1971 c 81 § 92; 1965 c 7 § 35.44.270. Prior: 1957 c 143 § 9; prior: 1911 c 98 § 22, part; RRS § 9374, part.]

**Severability—1988 c 202:** See note following RCW 2.24.050.

**35.44.280 Reassessments—When authorized.** In all cases of special assessments for local improvements wherein the assessments are not valid in whole or in part for want of form, or insufficiency, informality, irregularity, or nonconformance with the provisions of law, charter, or ordinance, the city or town council may reassess the assessments and enforce their collection in accordance with the provisions of law and ordinance existing at the time the reassessment is made. This shall apply not only to an original assessment but also to any reassessment, to any assessment upon omitted property and to any supplemental assessment which is declared void and its enforcement refused by any court or which for any cause has been set aside, annulled or declared void by any court either directly or by virtue of any decision thereof. [1965 c 7 § 35.44.280. Prior: 1911 c 98 § 42, part; 1893 c 96 § 3; RRS § 9395, part.]

**35.44.290 Reassessments—Basis—Property included.** Every reassessment shall be made upon the property which has been or will be specially benefited by the local improvement and may be made upon property whether or not it abuts upon, is adjacent to, or proximate to the improvement or was included in the original assessment district.

Property not included in the original improvement district when so assessed shall become a part of the improvement district and all payments of assessments shall be paid into and become part of the local improvement fund to pay for the improvement.

Property in the original local improvement district which is excluded in reassessment need not be entered upon the assessment roll.

Every reassessment must be based upon the actual cost of the improvement at the time of its completion. [1965 c 7 § 35.44.290. Prior: (i) 1911 c 98 § 42, part; 1893 c 96 § 3, part; RRS § 9395, part. (ii) 1911 c 98 § 43, part; 1909 c 71 § 1, part; 1893 c 95 § 2, part; RRS § 9396, part.]

**35.44.300 Reassessments—Irregularities not fatal.** The fact that the contract has been let or that the improvement has been made and completed in whole or in part shall not prevent the reassessment from being made, nor shall the omission or neglect of any office or officers to comply with the law, the charter, or ordinances governing the city or town as to petition, notice, resolution to improve, estimate, survey, diagram, manner of letting contract, or execution of work or any other matter connected with the improvement and the first assessment thereof operate to invalidate or in any way affect the making of a reassessment. [1965 c 7 § 35.44.300. Prior: 1911 c 98 § 43, part; 1909 c 71 § 1, part; 1893 c 95 § 2, part; RRS § 9396, part.]

**35.44.310 Reassessments—Amount thereof.** The reassessment shall be for an amount which shall not exceed the actual cost and expense of the improvement, together with the accrued interest thereon, it being the true intent and meaning of the statutes relating to local improvements to make the cost and expense of local improvements payable by the property specially benefited thereby, notwithstanding the proceedings of the council, board of public works or other board, officer, or authority may be found to be irregular or defective, whether jurisdictional or otherwise. [1965 c 7 § 35.44.310. Prior: 1911 c 98 § 43, part; 1909 c 71 § 1, part; 1893 c 95 § 2, part; RRS § 9396, part.]

**35.44.320 Reassessments—Credit for prior payments.** In case of reassessment, all sums paid on the former attempted assessments shall be credited to the property on account of which they were paid. **35.44.330 Reassessments—Payment.** In case of reassessment after the certification of the assessment roll to the city or town treasurer for collection, the same length of time for payment of the assessment thereon without the imposition of any penalties or interest and the notice that the assessments are in the hands of the treasurer for collection shall be given

as in case of an original assessment. After delinquency, penalties and interest may be charged as in cases of original assessment and if the original assessment was payable in installments, the new assessment may be divided into equal installments and made payable at such times as the city or town council may prescribe in the ordinance ordering the new assessment. [1965 c 7 § 35.44.330. Prior: 1911 c 98 § 43, part; 1909 c 71 § 1, part; 1893 c 95 § 2, part; RRS § 9396, part.]

**35.44.340 Reassessments—Limitation of time for.** No city or town shall have jurisdiction to proceed with any reassessment unless the ordinance ordering it is passed by the city or town council within ten years from and after the time the original assessment for the same improvement was finally held to be invalid, insufficient or for any cause set aside, in whole or in part or its enforcement denied directly or indirectly by the courts. [1965 c 7 § 35.44.340. Prior: 1911 c 98 § 45, part; RRS § 9398, part.]

**35.44.350 Reassessments, assessments on omitted property, supplemental assessments—Provisions governing.** All of the provisions of law relating to the filing of assessment rolls, time and place for hearing thereon, notice of hearing, the hearing upon the roll, the confirmation of the assessment roll, the time when the assessments become a lien upon the property assessed, the proceedings on appeal from any such assessment, the method of collecting the assessment and all proceedings for enforcing the lien thereof shall be had and conducted the same in the case of reassessments, assessments on omitted property, or supplemental assessments as in the case of an original assessment. [1965 c 7 § 35.44.350. Prior: 1911 c 98 § 44; 1893 c 95 § 1; RRS § 9397.]

**35.44.360 Assessments on omitted property—Authority.** If by reason of mistake, inadvertence, or for any cause, property in a local improvement district or utility local improvement district which except for its omission would have been subject to assessment has been omitted from the assessment roll, the city or town council, upon its own motion, or upon the application of the owner of any property in the district which has been assessed for the improvement, may proceed to assess the property so omitted in accordance with the benefits accruing to it by reason of the improvement in proportion to the assessments levied upon other property in the district. [1967 c 52 § 12; 1965 c 7 § 35.44.360. Prior: 1911 c 98 § 37, part; RRS § 9390, part.]

**Construction—Severability—1967 c 52:** See notes following RCW 35.43.042.

**35.44.370 Assessments on omitted property—Resolution—Notice.** In case of assessments on omitted property the city or town council shall pass a resolution:

- (1) Setting forth that the property therein described was omitted from the assessment;
- (2) Notifying all persons who may desire to object thereto to appear at a meeting of the city or town council at a time specified in the resolution and present their objections thereto, and

(2004 Ed.)

- (3) Directing the proper board, officer, or authority to report to the council at or prior to the date fixed for the hearing the amount which should be borne by each lot, tract, or parcel of land or other property so omitted. The resolution shall be published in all respects as provided for publishing the resolutions for an original assessment. [1965 c 7 § 35.44.370. Prior: 1911 c 98 § 37, part; RRS § 9390, part.]

**35.44.380 Assessments on omitted property—Confirmation ordinance—Collection.** At the conclusion of the hearing or any adjournment thereof upon proposed assessments on omitted property the council shall consider the matter as though the property were included in the original roll and may confirm the roll or any portion thereof by ordinance. Thereupon the roll of omitted property shall be certified to the treasurer for collection as other assessments. [1965 c 7 § 35.44.380. Prior: 1911 c 98 § 37, part; RRS § 9390, part.]

**35.44.390 Supplemental assessments—When authorized.** If by reason of any mistake, inadvertence, or other cause, the amount assessed was not equal to the cost and expense of a local improvement or that portion thereof to be paid by assessment of the property benefited the city or town council shall make supplemental assessments on all the property in the district. The property found to be specially benefited shall not be limited to the property included in the original assessment district.

These assessments shall be made in accordance with the provisions of law, charter, and ordinances existing at the time of the levy. [1965 c 7 § 35.44.390. Prior: 1911 c 98 § 42, part; 1893 c 96 § 3, part; RRS § 9395, part.]

**35.44.400 Supplemental assessments—Limitation of time for.** No city or town shall have jurisdiction to proceed with any supplemental assessment unless the ordinance ordering it is passed by the city or town council within ten years from and after the time that it was finally determined that the total amount of valid assessments levied and assessed on account of a local improvement was insufficient to pay the whole or that portion of the cost and expense thereof to be paid by special assessment. [1965 c 7 § 35.44.400. Prior: 1911 c 98 § 45, part; RRS § 9398, part.]

**35.44.410 Segregation of assessments.** Whenever any land against which there has been levied any special assessment by any city or town shall have been sold in part or subdivided, the legislative authority of that city or town shall have the power to order a segregation of the assessment.

Any person desiring to have such a special assessment against a tract of land segregated to apply to smaller parts thereof shall apply to the city or town which levied the assessment. If the legislative authority thereof determines that a segregation should be made, it shall by resolution order the city or town treasurer to make segregation on the original assessment roll as directed in the resolution. The segregation shall be made as nearly as possible on the same basis as the original assessment was levied, and the total of the segregated parts of the assessment shall equal the assessment before segregation. The resolution shall describe the original tract, the amount and date of the original assessment, and

shall define the boundaries of the divided parts and the amount of the assessment chargeable to each part. A certified copy of the resolution shall be delivered to the city or town treasurer who shall proceed to make the segregation ordered upon being tendered a fee of ten dollars for each tract of land for which a segregation is to be made. In addition to such charge the legislative authority of the city or town may require as a condition to the order of segregation that the person seeking it pay the city or town the reasonable engineering and clerical costs incident to making the segregation. No segregation need be made if the legislative authority of the city or town shall find that by such segregation the security of the lien for such assessment will be so jeopardized as to reduce the security for any outstanding local improvement district obligations payable from such assessment. [1969 ex.s. c 258 § 10.]

**35.44.420 Property donations—Credit against assessments.** A city legislative authority may give credit for all or any portion of any property donation against an assessment, charge, or other required financial contribution for transportation improvements within a local improvement district. The credit granted is available against any assessment, charge, or other required financial contribution for any transportation purpose that uses the donated property. [1987 c 267 § 9.]

**Severability—1987 c 267:** See RCW 47.14.910.

**35.45.050 Call of bonds.** Except when bonds have been issued with a fixed maturity schedule or with a fixed maximum annual retirement schedule as authorized in RCW 35.45.020, the city or town treasurer shall call in and pay the principal of one or more bonds of any issue (1) in their numerical order; or (2) where bonds are issued with an estimated redemption schedule, in either numerical order or chronological order by maturity and within each maturity by date of estimated redemption as determined in the bond authorizing ordinance, whenever there is sufficient money in any local improvement fund, against which the bonds have been issued, over and above that which is sufficient for the payment of interest on all unpaid bonds of that issue. The call shall be made for publication in the city or town official newspaper in its first publication following the date of delinquency of any installment of the assessment or as soon thereafter as practicable. The call shall state that bonds No. . . . (giving the serial number or numbers of the bonds called) will be paid on the day the next interest payments are due and that interest on those bonds will cease upon that date. [2003 c 139 § 2; 1983 c 167 § 43; 1971 ex.s. c 116 § 11; 1965 c 7 § 35.45.050. Prior: 1911 c 98 § 54, part; RRS § 9407, part.]

**Effective date—2003 c 139:** See note following RCW 35.45.180.

**Liberal construction—Severability—1983 c 167:** See RCW 39.46.010 and note following.

**35.45.060 Interest on bonds—How payable.** The city or town treasurer shall pay interest on the bonds issued against local improvement funds out of the local improvement fund from which the bonds are payable. [1965 c 7 § 35.45.060. Prior: 1911 c 98 § 54, part; RRS § 9407, part.]

**35.45.065 Interest on bonds—Payment from general revenues—Authority—Procedure.** The city or town council may provide by ordinance that all or part of the interest upon said bonds shall be paid from the general revenues of the city or town and may create a local improvement district bond interest fund for this purpose. If the city or town council determine that the city or town shall pay all interest on such bonds from its general revenues, the interest coupons attached to the bond shall recite that the interest thereby evidenced is payable from general revenues. If the city or town council determines that the city or town council shall pay a part of the interest on such bonds from its general revenues,

(2004 Ed.)

the interest coupons representing interest payable from the general revenues of the city or town shall be denominated as "B" coupons and shall recite that the interest payable thereunder is payable from the general revenues of the city or town. [1967 ex.s. c 44 § 2.]

**35.45.070 Nonliability of city or town.** (1)(a) Neither the holder nor owner of any bond, interest coupon, warrant, or other short-term obligation issued against a local improvement fund shall have any claim therefor against the city or town by which it is issued, except for payment from the special assessments made for the improvement for which the bond or warrant was issued and except also for payment from the local improvement guaranty fund of the city or town as to bonds issued after the creation of a local improvement guaranty fund of that city or town. The city or town shall not be liable to the holder or owner of any bond, interest coupon, warrant, or other short-term obligation for any loss to the local improvement guaranty fund occurring in the lawful operation thereof.

(b) A copy of the foregoing in (a) of this subsection shall be plainly written, printed, or engraved on each bond, interest coupon, warrant, or other short-term obligation.

(2) Notwithstanding the provisions of subsection (1) of this section, with respect to bonds, interest coupons, warrants, or other short-term obligations issued under an ordinance providing that the obligations are not secured by the local improvement guaranty fund:

(a) Neither the holder nor owner of any obligation issued against a local improvement fund shall have any claim against the city or town by which it is issued, except for payment from the special assessments made for the improvement for which the obligation was issued.

(b) A copy of the foregoing in (a) of this subsection shall be plainly written, printed, or engraved on each bond, interest coupon, warrant, or other short-term obligation. [2002 c 41 § 2; 1965 c 7 § 35.45.070. Prior: (i) 1911 c 98 § 52, part; RRS § 9405, part. (ii) 1927 c 209 § 5; 1925 ex.s. c 183 § 5; 1923 c 141 § 5, part; RRS § 9351-5, part.]

**35.45.080 Remedy of bondholders.** If a city or town fails to pay any bonds or to promptly collect any local improvement assessments when due, the owner of the bonds may proceed in his own name to collect the assessment and foreclose the lien thereof in any court of competent jurisdiction and shall recover in addition to the amount of the bond and interest thereon, five percent, together with the cost of suit. Any number of holders of bonds for any single improvement may join as plaintiffs and any number of owners of property upon which the assessments are liens may be joined as defendants in the same suit.

The owners of local improvement bonds issued by a city or town after the creation of a local improvement guaranty fund therein, shall also have recourse against the local improvement guaranty fund of such city or town unless the ordinance under which the bonds were issued provides that the bonds are not secured by the local improvement guaranty fund. [2002 c 41 § 3; 1965 c 7 § 35.45.080. Prior: (i) 1927 c 209 § 5, part; 1925 ex.s. c 183 § 5, part; 1923 c 141 § 5, part;

RRS § 9351-5, part. (ii) 1911 c 98 § 51; 1899 c 124 § 6; RRS § 9404.]

**35.45.090 Excess to be refunded—Demand—Right of action.** Any funds in the treasury of any municipal corporation belonging to the fund of any local improvement district after the payment of the whole cost and expense of such improvement, in excess of the total sum required to defray all the expenditures by such municipal corporation on account thereof, shall be refunded, on demand, to the payers into such fund. Each such payer shall be entitled to such proportion of such excess as his original assessment bears to the entire original assessment levied for such improvement. Such municipal corporation may, after one year from the date on which the last installment becomes due, transfer any balance remaining on hand to the general fund of such municipal corporation, but shall, notwithstanding such transfer remain liable for the refund herein provided for until such refund shall have been made, unless the actual cost involved in making such refund shall exceed the excess in such fund.

Such demand shall be made in writing to the treasurer of such municipal corporation. No action shall be commenced in any court to obtain any such refund, except upon such demand, and until ninety days after making such demand. No excess shall be recovered in any action where the excess in the fund does not average the sum of one dollar in favor of all payers into such fund.

This section shall not be deemed to require the refunding of any balance left in any local improvement fund after the payment of all outstanding obligations issued against such fund, where such balance accrues from any saving in interest or from penalties collected upon delinquent assessments, but any such balance, whether accruing heretofore or hereafter, may be turned into the general fund or otherwise disposed of, as the legislative authority of the city may direct.

The provisions of this chapter relating to the refund of excess local improvement district funds shall not apply to any district whose obligations are guaranteed by the local improvement guaranty fund. [1965 c 7 § 35.45.090. Prior: 1917 c 140 § 1; 1909 c 108 § 1; RRS § 9351.]

**35.45.130 Warrants against local improvement fund authorized.** Every city and town may provide by ordinance for the issuance of warrants in payment of the cost and expense of any local improvement, payable out of the local improvement district fund. The warrants shall bear interest at a rate or rates established by the issuing officer under the direction of the legislative authority of the city or town and shall be redeemed either in cash or by local improvement bonds for the same improvement authorized by ordinance.

All warrants against any local improvement fund sold by the city or town or issued to a contractor and by him sold or hypothecated for a valuable consideration shall be claims and liens against the improvement fund against which they are drawn prior and superior to any right, lien, or claim of any surety upon the bond or bonds given to the city or town by or for the contractor to secure the performance of his contract or to secure the payment of persons who have performed work thereon, furnished materials therefor, or provisions and supplies for the carrying on of the work. [1981 c 323 § 3; 1970

ex.s. c 56 § 36; 1965 c 7 § 35.45.130. Prior: 1953 c 117 § 1; prior: 1915 c 168 § 3; 1911 c 98 § 72; 1899 c 146 § 7; RRS 9425.]

**Purpose—1970 ex.s. c 56:** See note following RCW 39.52.020.

**35.45.140 Warrants acceptable in payment of assessments.** Cities and towns may accept warrants drawn against any local improvement fund upon such conditions as they may by ordinance or resolution prescribe, in satisfaction of:

(1) Assessments levied to supply such fund, in due order of priority of right;

(2) Judgments rendered against property owners who have become delinquent in the payment of assessments levied to supply such fund; and

(3) In payment of certificates of purchase in cases where property of delinquents has been sold under execution or at tax sale for failure to pay assessments levied to supply such fund. [1965 c 7 § 35.45.140. Prior: (i) 1899 c 97 § 1; RRS § 9346. (ii) 1899 c 97 § 2; RRS § 9347. (iii) 1899 c 97 § 3; RRS § 9348. (iv) 1899 c 97 § 4; RRS § 9349. (v) 1899 c 97 § 5; RRS § 9350.]

**35.45.150 Installment notes—Interest certificates.** In addition to the issuance of bonds and warrants in payment of the cost and expense of any local improvement, any city or town may also issue and sell installment notes payable out of the local improvement district fund. Such installment notes may be issued any time after the thirty day period allowed by law for the payment of assessments of any district without penalty or interest, and may bear any denomination or denominations, the aggregate of which shall represent the balance of the cost and expense of the local improvement district which is to be borne by the property owners therein.

Application of local improvement district funds for the reduction of the principal and interest amounts due on any notes herein provided to finance said improvement shall be made not less than once each year beginning with the issue date thereof. Appropriate notification of such application of funds shall be made by the city or town treasurer to the registered payees of said notes, except those notes owned by funds of the issuing municipality. Such notes may be registered as provided in RCW 39.46.030. If more than one local improvement installment note is issued for a single district, said notes shall be numbered consecutively. All notes issued shall bear on the face thereof: (1) The name of the payee; (2) the number of the local improvement district from whose funds the notes are payable; (3) the date of issue of each note; (4) the date on which the note, or the final installment thereon shall become due; (5) the rate or rates of interest, as provided by the city or town legislative authority, to be paid on the unpaid balance thereof, and; (6) such manual or facsimile signatures and attestations as are required by state statute or city charter to appear on the warrants of each issuing municipality.

The reverse side of each installment note issued pursuant to this section shall bear a tabular payment record which shall indicate at prescribed installment dates, the receipt of any local improvement district funds for the purpose of servicing the debt evidenced by said notes. Such receipts shall first be applied toward the interest due on the unpaid balance of the note, and any additional moneys shall thereafter apply as a

reduction of the principal amount thereof. The tabular payment record shall, in addition to the above, show the unpaid principal balance due on each installment note, together with sufficient space opposite each transaction affecting said note for the manual signature of the city's or town's clerk, treasurer or other properly designated receiving officer of the municipality, or of any other registered payee presenting said note for such installment payments.

Whenever there are insufficient funds in a local improvement district to meet any payment of installment interest due on any note herein authorized, a noninterest-bearing defaulted installment interest certificate shall be issued by the city or town treasurer which shall consist of a written statement certifying the amount of such defaulted interest installment; the name of the payee of the note to whom the interest is due and the number of the local improvement district from whose funds the note and interest thereon is payable. Such certificates may be registered as provided in RCW 39.46.030. The certificate herein provided shall bear the manual signature of the city or town treasurer or his authorized agent. The defaulted installment interest certificate so issued shall be redeemed for the face amount thereof with any available funds in the local improvement guaranty fund.

Whenever at the date of maturity of any installment note issued pursuant to this section, there are insufficient funds in a local improvement district, due to delinquencies in the collection of assessments, to pay the final installment of the principal due thereon, the note shall be redeemed with any available funds in the local improvement guaranty fund for the amount of said final installment.

All certificates and notes issued pursuant to this section are to become subject to the same redemption privileges as apply to any local improvement district bonds and warrants now accorded the protection of the local improvement guaranty fund as provided in chapter 35.54 RCW, and whenever the certificates or notes issued as herein provided are redeemed by said local improvement guaranty fund, they shall be held therein as investments thereof in the same manner as prescribed for other defaulted local improvement district obligations.

Notwithstanding any other statutory provisions, local improvement installment notes authorized by this section which are within the protection of the local improvement guaranty fund law shall be considered legal investments for any available surplus funds of the issuing municipality which now or hereafter may be authorized to be invested in the city's or town's local improvement districts' bonds or warrants and shall be considered legal investments for all national and state banks, savings and loan institutions, and any and all other commercial banking or financial institutions to the same extent that the local improvement district bonds and any coupons issued pursuant to the provisions of this chapter have been and are legal investments for such institutions. Any such local improvement installment notes may be transferred or sold by said city or town upon such terms or conditions and in such manner as the local governing body of said city or town may determine, or may be issued to another fund of the city or town: PROVIDED, HOWEVER, That the same shall not be sold at less than par plus accrued interest.

Notwithstanding the provisions of this section, such notes and certificates may be issued, and such notes may be

sold, in accordance with chapter 39.46 RCW. [1983 c 167 § 44. Prior: 1981 c 323 § 4; 1981 c 156 § 2; prior: 1970 ex.s. c 93 § 2; 1970 ex.s. c 56 § 37; 1965 c 7 § 35.45.150; prior: 1961 c 165 § 1.]

**35.45.155 Installment notes—Refunding.** Any city or town having issued one or more installment notes pursuant to RCW 35.45.150 may refund all of such notes or the principal thereof then outstanding payable from any one local improvement district fund by the issuance of local improvement district bonds pursuant to chapter 35.45 RCW and by the payment into the city or town fund or funds holding such notes the then outstanding principal amount of such notes plus the interest thereon accrued to the date of such refunding. The bonds shall be payable from the same local improvement district fund from which such notes were payable; shall be payable no later than the final payment date of the notes being refunded; shall be in the same total principal amount as the outstanding principal amount of the notes being refunded less any sums in the local improvement district fund the city or town applies to the redemption of such notes; and shall be sold at not less than par plus accrued interest to date of delivery. Any interest payable on the bonds in excess of the interest payable on assessment installments payable into the local improvement district fund shall be paid from the general fund of the city or town in accordance with RCW 35.45.065. The principal proceeds and interest accrued to date of delivery of the bonds shall be paid into the local improvement district fund and the notes shall be redeemed on that date. The city or town shall pay all costs and expenses of such refunding from moneys available therefor. [1969 ex.s. c 258 § 12.]

**35.45.160 Consolidated local improvement districts—Authorized—Purpose.** For the purpose of issuing bonds only, the governing body of any municipality may authorize the establishment of consolidated local improvement districts. The local improvements within such consolidated districts need not be adjoining, vicinal or neighboring. If the governing body orders the creation of such consolidated local improvement districts, the moneys received from the installment payment of the principal of and interest on assessments levied within original local assessment districts shall be deposited in a consolidated local improvement district bond redemption fund to be used to redeem outstanding consolidated local improvement district bonds. [1967 ex.s. c 44 § 3.]

**35.45.170 Refunding bonds—Limitations.** The legislative authority of any city or town may issue and sell bonds to refund outstanding local improvement district or consolidated local improvement district bonds issued after June 7, 1984, on the earliest date such outstanding bonds may be redeemed following the date of issuance of such refunding bonds. Such refunding shall be subject to the following:

(1) The refunding shall result in a net interest cost savings after paying the costs and expenses of the refunding, and the principal amount of the refunding bonds may not exceed the principal balance of the assessment roll or rolls pledged to pay the bonds being refunded at the time of the refunding.

(2) The refunding bonds shall be paid from the same local improvement fund or bond redemption fund as the bonds being refunded.

(3) The costs and expenses of the refunding shall be paid from the proceeds of the refunding bonds, or the same local improvement district fund or bond redemption fund for the bonds being refunded, except the city or town may advance such costs and expenses to such fund pending the receipt of assessment payments available to reimburse such advances.

(4) The last maturity of the refunding bonds shall be no later than one year after the last maturity of bonds being refunded.

(5) The refunding bonds may be exchanged for the bonds being refunded or may be sold in the same manner permitted at the time of sale for local improvement district bonds.

(6) All other provisions of law applicable to the refunded bonds shall apply to the refunding bonds. [1984 c 186 § 66.]

**Purpose—1984 c 186:** See note following RCW 39.46.110.

**35.45.180 Transfer from general fund to local improvement fund authorized—Ordinance.** Any city or town, when authorized by ordinance, may transfer permanently or temporarily, money from its general fund, or from any other municipal fund as its council shall specify in that ordinance, to its local improvement guaranty fund or any of its local improvement funds to be used for the purposes of these local improvement funds, including the payment of bonds, interest coupons, warrants, or other short-term obligations. The powers granted by this section are to be exercised at the discretion of a council when found to be in the public interest, but money transferred by means of these powers shall not be pledged to the payment of any local improvement district obligations. [2003 c 139 § 1.]

**Effective date—2003 c 139:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 7, 2003]." [2003 c 139 § 4.]

If the outstanding bonds or warrants are not presented for payment within one year after the last date of publication of notice provided for herein, the money being held in the local improvement fund of a city or town shall be deemed abandoned, and shall be transferred to the city or town general fund: PROVIDED, That the city or town shall publish a notice once each week for two successive weeks in the official newspaper of the city or town in which it is indicated that L.I.D. bonds for . . . . . **35.48.010 Special revolving fund for delinquent nonguaranteed bonds and warrants—Composition.** If any city or town has issued bonds or warrants payable from a local improvement or condemnation award fund, to which the local improvement guaranty fund law is not applicable, and if the assessment, or last installment thereof, against which the bonds or warrants were issued has been delinquent not more than thirty-two years, the city or town may create a special revolving fund and may provide moneys therefor by general tax levy, if the levy, together with other levies made or authorized by such city or town, will not exceed the levy which is legally allowed; or such city or town may place in said fund or advance or loan to said fund any money which it is not prohibited by law from advancing, loaning to or placing in said fund. [1965 c 7 § 35.48.010. Prior: 1961 c 46 § 1; 1943 c 244 § 2; Rem. Supp. 1943 § 9351-11.]

**Purpose—1943 c 244:** "WHEREAS, there are many millions of dollars of delinquent and unpaid local improvement district and condemnation award bonds and warrants issued by various cities of the state and not protected by the Local Improvement Guaranty Fund, only a small part of which for the present at least can be paid and many of which will never be paid because of inability of property owners to pay the special assessments levied to provide funds for payment thereof and the depreciated value of the real estate which is the only security provided by present law from which payment of the assessments may be enforced; and, WHEREAS, the cities are not legally liable under existing law for payment of such bonds and warrants except as there are moneys available in the special fund from which the same are payable; and, WHEREAS, such cities and its citizens as a whole have derived benefit from the improvements installed with the proceeds or as a result of the issuance of such bonds and warrants; and, WHEREAS, the nonpayment of such unpaid and delinquent bonds and warrants not only causes great hardship and suffering on those who have invested money in such bonds and warrants, but also reflects discredit on the financial structure of the various cities involved, to the detriment of the cities as a whole and also the entire state; NOW, THEREFORE, this law is enacted to enable cities to provide some relief from the hardship imposed by such conditions." [1943 c 244 § 1.]

**35.48.020 Use of revolving fund—Maximum bond price.** Any moneys in such revolving fund may be used for

(2004 Ed.)

the purchase of unpaid delinquent local improvement warrants, or bonds and interest payments, or bonds and interest coupons thereon, issued by the city or town, payable from a local improvement district fund or condemnation award fund, to which the local improvement guaranty fund law is not applicable, if the assessment, or last installment thereof, against which the bonds or warrants have been issued, has been delinquent not more than thirty-two years. The maximum purchase price to be paid for said bonds or warrants shall be fixed by the municipality, and may from time to time be changed but shall never exceed fifty percent of the face value of the bonds, interest payments, interest coupons, or warrants: PROVIDED, That no warrants shall be issued payable from the revolving fund unless there is sufficient cash in said fund available for payment of such warrants. [1983 c 167 § 45; 1965 c 7 § 35.48.020. Prior: 1961 c 46 § 2; 1943 c 244 § 3; Rem. Supp. 1943 § 9351-12.]

**Liberal construction—Severability—1983 c 167:** See RCW 39.46.010 and note following.

**35.48.030 Subrogation—Refund of surplus.** The purchase of any such bonds or warrants shall not relieve the local improvement or condemnation award fund from which the same are payable from liability for payment of the same, but the city or town upon purchase thereof shall become subrogated to all the rights of the former owners thereof and may proceed to enforcement of said bonds or warrants as any owner thereof might do. The city or town may sell any property acquired by it in such proceedings upon such terms and for such prices as it sees fit, or it may resell any of the bonds or warrants for such prices as it shall fix.

Any excess in any local improvement district fund or condemnation award fund which will average a payment of one dollar to each payer into said fund shall, after payment, retirement, or cancellation of all bonds or warrants payable from said fund, be refunded and paid to the payers into the fund in the proportion that their respective assessments bear to the entire original assessment levied for such improvement, and any unpaid assessments, or portion thereof, shall be reduced in the same proportion. Any proceeds derived from the sale of any bonds or warrants, or from the sale of real estate, shall be placed in the revolving fund. [1965 c 7 § 35.48.030. Prior: 1943 c 244 § 4; Rem. Supp. 1943 § 9351-13.]

**35.48.040 Refund to revolving fund.** If there are funds in any local improvement district fund or condemnation award fund sufficient to pay or retire any bond or warrant issued and payable from said fund, and the city or town is the owner and holder of the bond or warrant next payable from the fund, the city or town treasurer shall from the moneys in the local improvement or condemnation award fund place in the revolving fund a sum of money equivalent to the amount paid by the city or town for such bond or warrant and shall thereupon cancel, mark paid and remove from said revolving fund such bond or warrant. [1965 c 7 § 35.48.040. Prior: 1943 c 244 § 5; Rem. Supp. 1943 § 9351-14.]

All assessments for local improvements in a utility local improvement district shall be collected by the city treasurer, shall be paid into the appropriate revenue bond fund, and shall be used for no other purpose than the redemption of revenue bonds issued to provide funds for the cost and expense of the improvement.

As soon as the assessment roll has been placed in the hands of the city or town treasurer for collection, he shall publish a notice in the official newspaper of the city or town once a week for two consecutive weeks, that the roll is in his hands for collection and that all or any portion of the assessment may be paid within thirty days from the date of the first publication of the notice without penalty, interest or costs.

Within fifteen days of the first newspaper publication, the city or town treasurer shall notify each owner or reputed owner whose name appears on the assessment roll, at the address shown on the tax rolls of the county treasurer for each item of property described on the list, of the nature of the assessment, of the amount of his real property subject to such assessment, of the total amount of assessment due, and of the time during which such assessment may be paid without penalty, interest, or costs. The number of installments shall be less by two than the number of years which the bonds issued to pay for the improvement are to run. The estimated interest rate may be stated in the ordinance confirming the assessment roll. Where payment is required in equal annual principal installments, interest on the whole amount unpaid at the rate fixed by the ordinance authorizing the issuance and sale of the bonds shall be due on the due date of the first installment of principal and each year thereafter on the due date of each installment of principal: PROVIDED, That the legislative

[1969 ex.s. c 258 § 16; 1965 c 7 § 35.50.005. Prior: 1955 c 353 § 1.]

**35.50.010 Assessment lien—Attachment—Priority.** The charge assessed upon the respective lots, tracts, or par-

cels of land and other property in the assessment roll confirmed by ordinance of the city or town council for the purpose of paying the cost and expense in whole or in part of any local improvement, shall be a lien upon the property assessed from the time the assessment roll is placed in the hands of the city or town treasurer for collection, but as between the grantor and grantee, or vendor and vendee of any real property, when there is no express agreement as to payment of the local improvement assessments against the real property, the lien of such assessment shall attach thirty days after the filing of the diagram or print and the estimated cost and expense of such improvement to be borne by each lot, tract, or parcel of land, as provided in RCW 35.50.005. Interest and penalty shall be included in and shall be a part of the assessment lien.

The assessment lien shall be paramount and superior to any other lien or encumbrance theretofore or thereafter created except a lien for general taxes. [1965 c 7 § 35.50.010. It shall be no objection to the validity of the assessment, or the lien thereof:

(1) That the contract for the improvement was not awarded in the manner or at the time required by law; or

(2) That the assessment was made by an unauthorized officer or person if the assessment roll was confirmed by the city or town authorities; or

(3) That the assessment is based upon a front foot basis, or upon a basis of benefits to the property within the improvement district unless it is made to appear that the city or town authorities did not act in good faith and did not attempt to act fairly in regard thereto or unless it is made to appear that the city or town authorities acted fraudulently or oppressively in making the assessment.

All local improvement assessments heretofore or hereafter made by city or town authorities in good faith are valid and in full force and effect. [1967 c 52 § 17; 1965 c 7 § 35.50.020. Prior: 1911 c 98 § 61; RRS § 9414.]

**Construction—Severability—1967 c 52:** See notes following RCW 35.43.042.

The proceedings shall be commenced on or before March 1st of that year or on or before such other date in such year as may be fixed by general ordinance, but not before the city or town treasurer has notified by certified mail the per-

sons whose names appear on the current assessment roll as owners of the property charged with the assessments or installments which are delinquent, at the address last known to the treasurer, a notice thirty days before the commencement of the proceedings. If the person whose name appears on the assessment rolls of the county assessor as owner of the property, or whose name appears on the tax rolls of the county treasurer as taxpayer of the property, or the address shown for the owner, differs from that appearing on the city or town assessment roll, then the treasurer shall also mail a copy of the notice to that person or that address.

The notice shall state the amount due, including foreclosure costs, upon each separate lot, tract, or parcel of land and the date after which the proceedings will be commenced. Where foreclosure of two installments of the same assessment on any lot, tract, or parcel is sought, the city or town treasurer shall cause such lot, tract, or parcel to be dismissed from the action, if the installment first delinquent together with interest, penalty, administrative costs, and charges is paid at any time before sale. You may prevent the sale by paying the amount of the judgment at any time prior to the sale.

If your property is sold, you may redeem the property at any time up to two years after the date of the sale, by paying the amount for which the property was sold, plus interest and costs of the sale.

If you wish to seek the advice of an attorney in this matter, you should do so promptly so that your written response, if any, may be served on time.

**35.50.230 Procedure—Parties and property included.** In foreclosing local improvement assessment liens, it is not necessary to bring a separate suit for each of the lots, tracts, or parcels of land or other property or for each separate local improvement district or utility local improvement district. All or any of the lots, tracts, or parcels of land or other property upon which local improvement assessments are delinquent under any and all local improvement assessment rolls in the city or town may be proceeded against in the same action. For all lots, tracts, or parcels which contain a residential structure with an assessed value of at least two thousand dollars, all persons owning or claiming to own the property shall be made defendants thereto. For all other lots, tracts, or parcels, the persons whose names appear on the assessment roll and property tax rolls as owners of the property charged with the assessments or taxes shall be made defendants thereto. **35.50.240 Procedure—Pleadings and evidence.** In foreclosing local improvement assessment liens, the assessment roll and the ordinance confirming it, or duly authenticated copies thereof shall be prima facie evidence of the regularity and legality of the proceedings connected therewith and the burden of proof shall be on the defendants. [1982 c 91 § 4; 1965 c 7 § 35.50.240. Prior: 1933 c 9 § 2, part; RRS § 9386-1, part.]

*Commencement of actions:* Chapter 4.28 RCW.

**35.50.260 Procedure—Trial and judgment—Notice of sale.** In foreclosing local improvement assessments the action shall be tried to the court without a jury. If the parties interested in any particular lot, tract, or parcel default, the court may enter judgment of foreclosure and sale as to such parties and lots, tracts, or parcels and the action may proceed as to the remaining defendants and lots, tracts, or parcels. Judgment and order of sale may be entered as to any one or more separate lots, tracts, or parcels involved in the action and the court shall retain jurisdiction to others.

The judgment shall specify separately the amount of the installments with interest, penalty, and all reasonable administrative costs, including, but not limited to, the title searches, chargeable to each lot, tract, or parcel. The judgment shall have the effect of a separate judgment as to each lot, tract, or parcel described in the judgment, and any appeal shall not invalidate or delay the judgment except as to the property concerning which the appeal is taken. In the judgment the court shall order the lots, tracts, or parcels therein described sold by the city or town treasurer or by the county sheriff and an order of sale shall issue pursuant thereto for the enforcement of the judgment.

In all other respects, the trial, judgment, and appeals to the supreme court or the court of appeals shall be governed by the statutes governing the foreclosure of mortgages on real property.

Prior to the sale of the property, if the property is shown on the property tax rolls under unknown owner or if the property contains a residential structure having an assessed value of two thousand dollars or more, the treasurer shall order or conduct a title search of the property to determine the record title holders and all persons claiming a mortgage, deed of trust, or mechanic's, laborer's, materialmen's, or vendor's lien on the property.

At least thirty days prior to the sale of the property, a copy of the notice of sale shall be mailed by certified and regular mail to all defendants in the foreclosure action as to that parcel, lot, or tract and, if the owner is unknown or the property contains a residential structure having an assessed value of two thousand dollars or more, a copy of the notice of sale shall be mailed by regular and certified mail to any additional record title holders and persons claiming a mortgage, deed of trust, or mechanic's, laborer's, materialmen's, or vendor's lien on the property.

In all other respects the procedure for sale shall be conducted in the same manner as property tax sales described in RCW 84.64.080. [1997 c 393 § 3; 1983 c 303 § 21; 1982 c

35.51.901	Severability—1985 c 397.

**35.51.010 Definitions.** The definitions set forth in this section apply throughout this chapter.

(1) "Local improvement district" means any local improvement district, local utility district, or any other similar special assessment district.

(2) "Municipality" means any city, town, county, metropolitan municipal corporation, or any other municipal corporation or quasi-municipal corporation of the state of Washington authorized to order local improvements, to establish local improvement districts, and to levy special assessments on property specially benefited thereby to pay the expense of the improvements.

(3) "Permissible floor area" means the maximum total floor area, at grade and above and below grade, of a building or other structure that may lawfully be developed on a property.

(4) "Private land use restriction" means any restriction on the use of property imposed by agreement and enforceable by a court of law and that the legislative authority of a municipality determines is useful in measuring special benefits to a property from an improvement. Such restrictions include but are not limited to easements, covenants, and equitable servitudes that are not mere personal obligations.

(5) "Public land use restriction" means any restriction on the use of property imposed by federal, state, or local laws, regulations, ordinances, or resolutions. Such restrictions include but are not limited to local zoning ordinances and historic preservation statutes. [1985 c 397 § 5.]

**35.51.020 Joint planning, construction, and operation of improvements.** A municipality may contract with any other municipality, with a public corporation, or with the state of Washington, for the following purposes:

(1) To have the acquisition or construction of the whole or any part of an improvement performed by another municipality, by a public corporation, or by the state of Washington;

(2) To pay, from assessments on property within a local improvement district or from the proceeds of local improvement district bonds, notes or warrants, the whole or any part of the expense of an improvement ordered, constructed, acquired, or owned by another municipality or a public corporation; or

(3) To integrate the planning, financing, construction, acquisition, management, or operation, or any combination thereof, of the improvements of one municipality or a public corporation with the planning, financing, construction, acquisition, management, or operation, or any combination thereof, of the improvements of another municipality or public corporation on such terms and conditions as may be mutually agreed upon including, but not limited to, the allocation of the costs of the improvements and the allocation of planning, financing, construction, management, operation, or other responsibilities. [1987 c 242 § 5; 1985 c 397 § 6.]

**Policy—1987 c 242:** See note following RCW 35.43.005.

**35.51.030 Alternative or additional method of assessment—Classification of property.** (1) As an alternative or in addition to other methods of ascertaining assessments for local improvements, the legislative authority of a municipality may develop and apply a system of classification of properties based upon some or all of the public land use restrictions or private land use restrictions to which such property may be put at the time the assessment roll is confirmed.

(2) The legislative authority of a municipality may classify property into office, retail, residential, public, or any other classifications the legislative authority finds reasonable, and may levy special assessments upon different classes of property at different rates, but in no case may a special assessment exceed the special benefit to a particular property. A municipality also may exempt certain classes of property from assessment if the legislative authority of the municipality determines that properties within such classes will not specially benefit from the improvement.

(3) For each property within a classification, the legislative authority of the municipality may determine the special assessment after consideration of any or all of the following:

(a) Square footage of the property;

(b) Permissible floor area;

(c) Distance from or proximity of access to the local improvement;

(d) Private land use restrictions and public land use restrictions;

(e) Existing facilities on the property at the time the assessment roll is confirmed; and

(f) Any other factor the legislative authority finds to be a reasonable measure of the special benefits to the properties being assessed.

(4) If after the assessment roll is confirmed, the legislative authority of a municipality finds that the lawful uses of any assessed property have changed and that the property no

longer falls within its original classification, the legislative authority may, in its discretion, reclassify and reassess such property whether or not the bonds issued to pay any part of such costs remain outstanding. If such reassessment reduces the total outstanding assessments within the local improvement district, the legislative authority shall either reassess all other properties upward in an aggregate amount equal to such reduction, or shall pledge additional money, including money in a reserve fund, to the payment of principal of and interest on such bonds in an amount equal to such reduction.

(5) When the legislative authority of a municipality determines that it will use the alternative or additional method of assessment authorized by this section, it may select and describe the method or methods of assessment in the ordinance ordering a local improvement and creating a local improvement district if such method or methods of assessment have been described in the notice of hearing required under RCW 35.43.150. If the method or methods of assessment are so selected and described in the ordinance ordering a local improvement and creating a local improvement district, the action and decision of the legislative authority as to such method or methods of assessment shall be final and conclusive, and no lawsuit whatsoever may be maintained challenging such method or methods of assessment unless that lawsuit is served and filed no later than thirty days after the date of passage of the ordinance ordering the improvement, and creating the district or, when applicable, no later than thirty days after the expiration of the thirty-day protest period provided in RCW 35.43.180. [1985 c 397 § 7.]

**35.51.040 Reserve fund authorized—Use.** For the purpose of securing the payment of the principal of and interest on an issue of local improvement bonds, notes, warrants, or other short-term obligations, the legislative authority of a municipality may create a reserve fund in an amount not exceeding fifteen percent of the principal amount of the bonds, notes, or warrants issued. The cost of a reserve fund may be included in the cost and expense of any local improvement for assessment against the property in the local improvement district to pay the cost, or any part thereof. The reserve fund may be provided for from the proceeds of the bonds, notes, warrants, or other short-term obligations, from special assessment payments, or from any other money legally available therefor. The legislative authority of a municipality shall provide that after payment of administrative costs a sum in proportion to the ratio between the part of the original assessment against a given lot, tract, or parcel of land in a local improvement district assessed to create a reserve fund, if any, and the total original amount of such assessment, plus a proportionate share of any interest accrued in the reserve fund, shall be credited and applied, respectively, to any nondelinquent portion of the principal of that assessment and any nondelinquent installment interest on that assessment paid by a property owner, but in no event may the principal amount of bonds outstanding exceed the principal amount of assessments outstanding. Whether the payment is made during the thirty-day prepayment period referred to in RCW 35.49.010 and 35.49.020 or thereafter and whenever all or part of a remaining nondelinquent assessment or any nondelinquent installment payment of principal and interest is paid, the reserve fund balance shall be reduced accordingly as

each such sum is thus credited and applied to a nondelinquent principal payment and a nondelinquent interest payment. Each payment of a nondelinquent assessment or any nondelinquent installment payment of principal and interest shall be reduced by the amount of the credit. The balance of a reserve fund remaining after payment in full and retirement of all local improvement bonds, notes, warrants, or other short-term obligations secured by such fund shall be transferred to the municipality's guaranty fund.

Where, before July 26, 1987, a municipality established a reserve fund under this section that did not provide for a credit or reimbursement of the money remaining in the reserve fund to the owners of the lots, tracts, or parcels of property subject to the assessments, the balance in the reserve fund shall be distributed, after payment in full and retirement of all local improvement district bonds and other obligations secured by the reserve fund, to those owners of the lots, tracts, or parcels of property subject to the assessments at the time the final installment or assessment payment on the lot, tract, or parcel was made. No owner is eligible to receive reimbursement for a lot, tract, or parcel if a lien on an unpaid assessment, or an installment thereon, that was imposed on such property remains in effect at the time the reimbursement is made or was foreclosed on the property. The amount to be distributed to the owners of each lot, tract, or parcel that is eligible for reimbursement shall be equal to the balance in the reserve fund, multiplied by the assessment imposed on the lot, tract, or parcel, divided by the total of all the assessments on the lots, tracts, or parcels eligible for reimbursement. [1987 c 340 § 1; 1985 c 397 § 8.]

**35.51.050 Loan agreements—Assessments may be pledged.** Assessments for local improvements in a local improvement district created by a municipality may be pledged and applied when collected to the payment of its obligations under a loan agreement entered into under chapter 39.69 RCW to pay costs of improvements in such a local improvement district. [1997 c 426 § 4.]

**35.51.900 Authority supplemental—1985 c 397.** The authority granted by sections 1 through 8 of this act is supplemental and in addition to the authority granted by Title 35 RCW and to any other authority granted to cities, towns, or municipal corporations to levy special assessments. [1985 c 397 § 12.]

**35.51.9001 Authority supplemental—1997 c 426.** The authority granted by RCW 35.51.050 is supplemental and in addition to the authority granted by Title 35 RCW and to any other authority granted to cities, towns, or municipal corporations to levy, pledge, and apply special assessments. [1997 c 426 § 5.]

**35.51.901 Severability—1985 c 397.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1985 c 397 § 13.]

**35.54.060 Source—Taxation.** For the purpose of maintaining the local improvement guaranty fund, every city and town shall, at the time of making its annual budget and tax levy, provide for the levy of a sum sufficient, with the other sources of the fund, to pay the warrants issued against the fund during the preceding fiscal year and to establish a balance therein: PROVIDED, That the levy in any one year shall not exceed the greater of: (1) Twelve percent of the outstanding obligations guaranteed by the fund, or (2) the total amount of delinquent assessments and interest accumulated on the delinquent assessments before the levy as of September 1.

The taxes levied for the maintenance of the local improvement guaranty fund shall be additional to and, if need be, in excess of all statutory and charter limitations applicable to tax levies in any city or town. **35.54.070 Use of fund—Purchase of bonds, coupons and warrants.** Defaulted bonds, interest coupons and warrants against local improvement funds shall be purchased out of the guaranty fund, and as between the several issues of bonds, coupons, or warrants no preference shall exist, but they shall be purchased in the order of their presentation. [1965 c 7 § 35.54.070. Prior: 1933 c 109 § 1, part; 1927 c 209 § 3, part; 1925 ex.s. c 183 § 3, part; 1923 c 141 § 3, part; RRS § 9351-3, part.]

**35.54.080 Use of fund—Purchase of general tax certificates or property on or after foreclosure—Disposition.** For the purpose of protecting the guaranty fund, so much of the guaranty fund as is necessary may be used to purchase certificates of delinquency for general taxes on property subject to local improvement assessments which underlie the bonds, coupons, or warrants guaranteed by the fund, or to purchase such property at county tax foreclosures, or from the county after foreclosure.

The city or town, as trustee of the fund, may foreclose the lien of general tax certificates of delinquency and purchase the property at foreclosure sale; when doing so the court costs, costs of publication, expense for clerical work and other expenses incidental thereto shall be charged to and paid from the local improvement guaranty fund.

After acquiring title to property by purchase at general tax foreclosure sale or from the county after foreclosure, a city or town may lease it or sell it at public or private sale at such price on such terms as may be determined by resolution of the council. All proceeds shall belong to and be paid into the local improvement guaranty fund. [1965 c 7 § 35.54.080. Prior: 1933 c 109 § 1, part; 1927 c 209 § 3, part; 1925 ex.s. c 183 § 3, part; 1923 c 141 § 3, part; RRS § 9351-3, part.]

**35.54.090 Warrants against fund.** Warrants drawing interest at a rate established by the issuing officer under the direction of the legislative authority of the city or town shall be issued against the local improvement guaranty fund to meet any liability accruing against it. The warrants so issued shall at no time exceed five percent of the outstanding obligations guaranteed by the fund. [1981 c 323 § 8; 1965 c 7 § 35.54.090. **35.54.095 Transfer of assets to general fund—When authorized—Payment of claims as general obligation, when.** (1) Any city or town maintaining a local improvement guaranty fund under this chapter, upon certification by the city or town treasurer that the local improvement guaranty fund has sufficient funds currently on hand to meet all valid outstanding obligations of the fund and all other obligations of the fund reasonably expected to be incurred in the near future, may by ordinance transfer assets from such fund to its general fund. The net cash of the local improvement guaranty fund may be reduced by such transfer to an amount not less than ten percent of the net outstanding obligations guaranteed by such fund.

(2) If, at any time within five years of any transfer of assets from the local improvement guaranty fund to the general fund of a city or town, the net cash of the local improvement guaranty fund is reduced below the minimum amount specified in subsection (1) of this section, the city or town shall, to the extent of the amount transferred, pay valid claims against the local improvement guaranty fund as a general obligation of the city or town. In addition, such city or town shall pay all reasonable costs of collection necessarily incurred by the holders of valid claims against the local improvement guaranty fund. [1979 c 55 § 1.]

**35.54.100 Deferral of collection of assessments for economically disadvantaged persons—Payment from guaranty fund—Lien—Payment dates for deferred obligations.** Whenever payment of a local improvement district assessment is deferred pursuant to the provisions of RCW 35.43.250 the amount of the deferred assessment shall be paid out of the local improvement guaranty fund. The local improvement guaranty fund shall have a lien on the benefited property in an amount equal to the deferral together with interest as provided for by the establishing ordinance.

The lien may accumulate up to an amount not to exceed the sum of two installments: PROVIDED, That the ordinance creating the local improvement district may provide for one or additional deferrals of up to two installments. Local improvement assessment obligations deferred under chapter 137, Laws of 1972 ex. sess. shall become payable upon the earliest of the following dates:

(1) Upon the date and pursuant to conditions established by the political subdivision granting the deferral; or

(2) Upon the sale of property which has a deferred assessment lien upon it from the purchase price; or

(3) Upon the death of the person to whom the deferral was granted from the value of his estate; except a surviving spouse shall be allowed to continue the deferral which shall then be payable by that spouse as provided in this section. [1972 ex.s. c 137 § 3.]

*Assessments and charges against state lands: Chapter 79.44 RCW.*

**35.55.010 Authority—Second class cities.** If the city council of any city of the second class deems it necessary or expedient on account of the public health, sanitation, the general welfare, or other cause, to fill or raise the grade of any marshlands, swamplands, tidelands, shorelands, or lands commonly known as tideflats, or any other lowlands situated within the limits of the city, and to clear and prepare the lands for such filling, it may do so and assess the expense thereof, including the cost of making compensation for property taken or damaged, and all other costs and expense incidental to such improvement, to the property benefited, except such amount of such expense as the city council may direct to be paid out of the current or general expense fund.

If, in the judgment of the city council the special benefits for any such improvement shall extend beyond the boundaries of the filled area, the council may create an enlarged district which shall include, as near as may be, all the property, whether actually filled or not, which will be specially benefited by such improvement, and in such case the council shall specify and describe the boundaries of such enlarged district in the ordinance providing for such improvement and shall specify that such portion of the total cost and expense of such improvement as may not be borne by the current or general expense fund, shall be distributed and assessed against all the property of such enlarged district. [1994 c 81 § 57; 1965 c 7 § 35.55.010. Prior: 1917 c 63 § 1; 1909 c 147 § 1; RRS § 9432.]

**35.55.020 Alternative methods of financing.** If the city council desires to make any improvement authorized by the provisions of this chapter it shall provide therefor by ordinance and unless the ordinance provides that the improvement shall be paid for wholly or in part by special assessments upon the property benefited, compensation therefor shall be made from any general funds of the city applicable thereto. If the ordinance provides that the improvement shall be paid for wholly or in part by special assessments upon property benefited, the proceedings for the making of the special assessments shall be as hereinafter provided. [1965 c 7 § 35.55.020. Prior: 1909 c 147 § 2, part; RRS § 9433, part.]

*Special assessments or taxation for local improvements: State Constitution Art. 7 § 9.*

**35.55.030 Boundaries—Excepted property.** Such ordinance shall specify the boundaries of the proposed improvement district and shall describe the lands which it is proposed to assess for said improvement. If any parcel of land within the boundaries of such proposed improvement district has been wholly filled to the proposed grade elevation of the proposed fill, such parcel of land may be excluded from the lists of lands to be assessed, when in the opinion of the city council justice and equity require its exclusion. The boundaries of any improvement district may be altered so as to exclude land therefrom at any time up to the levying of the assessment but such changing of the boundaries shall be by ordinance. [1965 c 7 § 35.55.030. Prior: 1909 c 147 § 2, part; RRS § 9433, part.]

**35.55.040 Damages—Eminent domain.** If an ordinance has been passed as in this chapter provided, and it appears that in making of the improvement so authorized, pri-

vate property will be taken or damaged thereby, the city shall file a petition in the superior court of the county in which such city is situated, in the name of the city, praying that just compensation to be made for the property to be taken or damaged for the improvement specified in the ordinance be ascertained, and conduct proceedings in eminent domain in accordance with the statutes relating to cities for the ascertainment of the compensation to be made for the taking and damaging of property, except insofar as the same may be inconsistent with this chapter.

The filling of unimproved and uncultivated lowlands of the character mentioned in RCW 35.55.010 shall not be considered as damaging or taking of such lands. The damage if any, done to cultivated lands or growing crops thereon, or to buildings and other improvements situated within the district proposed to be filled, shall be ascertained and determined in the manner above provided; but no damage shall be awarded to any property owner for buildings or improvements placed upon lands included within said district after the publication of the ordinance defining the boundaries of the proposed improvement district: PROVIDED, That the city shall after the passage of such ordinance, proceed with said improvement with due diligence. If the improvement is to be made at the expense of the property benefited, no account shall be taken of benefits by the jury or court in assessing the amount of compensation to be made to the owner of any property within such district, but such compensation shall be assessed without regard to benefits to the end that said property for which damages may be so awarded, may be assessed the same as other property within the district for its just share and proportion of the expense of making said improvement, and the fact that compensation has been awarded for the damaging or taking of any parcel of land shall not preclude the assessment of such parcel of land for its just proportion of said improvement. [1965 c 7 § 35.55.040. Prior: 1909 c 147 § 3; RRS § 9434.]

*Eminent domain by cities: Chapter 8.12 RCW.*

**35.55.050 Estimates—Plans and specifications.** At the time of the initiation of the proceedings for any improvement as contemplated by this chapter, or at any time afterward, the city council shall cause plans and specifications for said improvement to be prepared and shall cause an estimate to be made of the cost and expense of making said improvement, including the cost of supervision and engineering, abstractor's fees, interest and discounts and all other expenses incidental to said improvement, including an estimate of the amount of damages for property taken or damaged, which plans, specifications and estimates shall be approved by the city council. [1965 c 7 § 35.55.050. Prior: 1909 c 147 § 4; RRS § 9435.]

**35.55.060 Assessment roll—Items—Assessment units—Installments.** When such plans and specifications have been prepared and the estimates of the cost and expense of making the improvement have been adopted by the council and when an estimate has been made of the compensation to be paid for property damaged or taken, either before or after the compensation has been ascertained in the eminent domain proceedings, the city council shall cause an assessment roll to

be prepared containing a list of all of the property within the improvement district which it is proposed to assess for the improvement, together with the names of the owners, if known, and if unknown the property shall be assessed to an unknown owner, and opposite each description shall be set the amount assessed to such description.

When so ordered by the council, the entire amount of compensation paid or to be paid for property damaged or taken, including all of the costs and expenses incidental to the condemnation proceedings together with the entire cost and expense of making the improvement, may be assessed against the property within the district subject to assessment, but the council may order any portion of the costs paid out of the current or general expense fund of the city.

The assessments shall be made according to and in proportion to surface area one square foot of surface to be the unit of assessment, except that the several parcels of land in any enlarged district not actually filled shall be assessed in accordance with special benefits: PROVIDED, That where any parcel of land was partially filled by the owner prior to the initiation of the improvement, an equitable deduction for such partial filling may be allowed.

The cost and expense incidental to the filling of the streets, alleys and public places within such assessment district shall be borne by the private property within such district subject to assessment when so ordered by the council. When the assessments are payable in installments, the assessment roll when equalized, shall show the number of installments and the amounts thereof. The assessments may be made payable in any number of equal annual installments not exceeding ten in number. [1965 c 7 § 35.55.060. Prior: 1917 c 63 § 2; 1909 c 147 § 5; RRS § 9436.]

**35.55.070 Hearing on assessment roll—Notice—Council's authority.** When such assessment roll has been prepared it shall be filed in the office of the city clerk and thereupon the city clerk shall give notice by publication in at least three issues of the official paper that such roll is on file in his office and that at a date mentioned in said notice, which shall be at least twenty days after the date of the first publication thereof, the city council will sit as a board of equalization to equalize said roll and to hear, consider and determine protests and objections against the same.

At the time specified in the notice, the city council shall sit as a board of equalization to equalize the roll and they may adjourn the sitting from time to time until the equalization of such roll is completed. The city council as board of equalization may hear, consider and determine objections and protests against any assessment and may make such alterations and modifications in the assessment roll as justice and equity may require. [1965 c 7 § 35.55.070. Prior: 1909 c 147 § 6; RRS § 9437.]

**35.55.080 Hearings—Appellate review.** Any person who has made objections to the assessment as equalized, shall have the right to appeal from the equalization as made by the city council to the superior court of the county. The appeal shall be made by filing a written notice of appeal with the city clerk within ten days after the equalization of the assessments by the council. The notice of appeal shall

describe the property and the objections of such appellant to such assessment.

The appellant shall also file with the clerk of the superior court within ten days from the time of taking the appeal a copy of the notice of appeal together with a copy of the assessment roll and proceedings thereon, certified by the city clerk and a bond to the city conditioned to pay all costs that may be awarded against appellant in such sum not less than two hundred dollars and with such security as shall be approved by the clerk of the court.

The case shall be docketed by the clerk of the court in the name of the person taking the appeal as plaintiff and the city as defendant. The cause shall then be at issue and shall be tried immediately by the court as in the case of equitable causes; no further pleadings shall be necessary. The judgment of the court shall be either to confirm, modify or annul the assessment insofar as the same affects the property of the appellant. Appellate review of the superior court's decision may be sought as in other causes. [1988 c 202 § 38; 1971 c 81 § 94; 1965 c 7 § 35.55.080. Prior: 1909 c 147 § 7; RRS § 9438.]

**Severability—1988 c 202:** See note following RCW 2.24.050.

**35.55.090 Lien—Collection of assessments.** From and after the equalization of the roll, the several assessments therein shall become a lien upon the real estate described therein and shall remain a lien until paid. The assessment lien shall take precedence of all other liens against such property, except the lien of general taxes. The assessments shall be collected by the same officers and enforced in the same manner as provided by law for the collection and enforcement of local assessments for street improvements. All of the provisions of laws and ordinances relative to the enforcement and collection of local assessments for street improvements shall be applicable to these assessments. [1965 c 7 § 35.55.090. Prior: 1909 c 147 § 8; RRS § 9439.]

*Assessments for local improvements, collection and foreclosure: Chapters 35.49, 35.50 RCW.*

**35.55.100 Interest on assessments.** The local assessments shall bear interest at such rate as may be fixed by the council after the expiration of thirty days after the equalization of the assessment roll and shall bear such interest after delinquency as may be provided by general ordinance of the city. [1981 c 156 § 3; 1965 c 7 § 35.55.100. Prior: 1909 c 147 § 12, part; RRS § 9443, part.]

**35.55.110 Payment of cost of improvement—Interest on warrants.** If the improvement contemplated by this chapter is ordered to be made upon the immediate payment plan, the city council shall provide for the payment thereof by the issuance of local improvement fund warrants against the local improvement district, which warrants shall be paid only out of the funds derived from the local assessments in the district and shall bear interest at a rate determined by the city council from date of issuance. If the improvement is ordered to be made upon the bond installment plan, the city council shall provide for the issuance of bonds against the improvement district. [1981 c 156 § 4; 1965 c 7 § 35.55.110. Prior:

(i) 1909 c 147 § 12, part; RRS § 9443, part. (ii) 1909 c 147 § 9; RRS § 9440.]

**35.55.120 Local improvement bonds—Terms.** The city council shall have full authority to provide for the issuance of bonds against the improvement district fund in such denominations as the city council may provide which shall bear such rate of interest as the city council may fix. Interest shall be paid annually and the bonds shall become due and payable at such time, not exceeding ten years from the date thereof, as may be fixed by the council and shall be payable out of the local assessment district fund.

If so ordered by the council, the bonds may be issued in such a way that different numbers of the bonds may become due and payable at different intervals of time, or they may be so issued that all of the bonds against said district mature together. [1981 c 156 § 5; 1965 c 7 § 35.55.120. Prior: 1909 c 147 § 10, part; RRS § 9441, part.]

**35.55.130 Local improvement bonds—Guaranties.** The city may guarantee the payment of the whole or any part of the bonds issued against a local improvement district, but the guaranties on the part of the city, other than a city operating under the council-manager form or the commission form, shall be made only by ordinance passed by the vote of not less than nine councilmembers and the approval of the mayor in noncharter code cities that retained the old second class city plan of government with twelve council positions, and six councilmembers and approval of the mayor in cities of the second class. In a city under the council-manager form of government, such guaranties shall be made only in an ordinance passed by a vote of three out of five or five out of seven councilmembers, as the case may be, and approval of the mayor. In a city under the commission form of government, such guaranties shall be made only in an ordinance passed by a vote of two out of three of the commissioners. The mayor's approval shall not be necessary in commission form cities. [1994 c 81 § 58; 1965 c 7 § 35.55.130. Prior: 1909 c 147 § 10, part; RRS § 9441, part.]

**35.55.140 Local improvement bonds and warrants—Sale to pay damages, preliminary financing.** The city council may negotiate sufficient warrants or bonds against any local improvement district at a price not less than ninety-five percent of their par value to raise sufficient money to pay any and all compensation which may be awarded for property damaged or taken in the eminent domain proceedings including the costs of such proceedings. In lieu of so doing, the city council may negotiate current or general expense fund warrants at par to raise funds for the payment of such compensation and expenses in the first instance, but in that event the current or general expense fund shall be reimbursed out of the first moneys collected in any such local assessment district or realized from the negotiation or sale of local improvement warrants or bonds. [1965 c 7 § 35.55.140. Prior: 1909 c 147 § 11; RRS § 9442.]

**35.55.150 Local improvement fund—Investment.** If money accumulates in an improvement fund and is likely to lie idle awaiting the maturity of the bonds against the district,

the city council, under proper safeguards, may invest it temporarily, or may borrow it temporarily, at a reasonable rate of interest, but when so invested or borrowed, the city shall be responsible and liable for the restoration to such fund of the money so invested or borrowed with interest thereon, whenever required for the redemption of bonds maturing against such district. [1965 c 7 § 35.55.150. Prior: 1909 c 147 § 15; RRS § 9446.]

**35.55.160 Letting contract for improvement—Excess or deficiency of fund.** The contract for the making of the improvement may be let either before or after the making up of the equalization of the assessment roll, and warrants, or bonds may be issued against the local improvement district fund either before or after the equalization of the roll as in the judgment of the council may best subserve the public interest.

If, after the assessment roll is made up and equalized, based in whole or in part upon an estimate of the cost of the improvement, and it is found that the estimate was too high, the excess shall be rebated pro rata to the property owners on the assessment roll, the rebates to be deducted from the last installment, or installments, when the assessment is upon the installment plan.

If it is found that the estimated cost was too low and that the actual bona fide cost of the improvement is greater than the estimate, the city council, after due notice and a hearing, as in case of the original equalization of the roll, may add the required additional amount to the assessment roll to be apportioned among the several parcels of property upon the same rules and principles as if it had been originally included, except that the additional amount shall be added to the last installment of an assessment if assessments are payable upon the installment plan. The same notice shall be required for adding to the assessment roll in this manner as is required for the original equalization of the roll, and the property owner shall have the right of appeal. [1965 c 7 § 35.55.160. Prior: 1909 c 147 § 13; RRS § 9444.]

**35.55.170 Payment of contractor—Bonds, warrants, cash.** The city council may provide in letting the contract for an improvement, that the contractor shall accept special fund warrants or local improvement bonds against the local improvement district within which such improvement is to be made, in payment for the contract price of the work, and that the warrants or bonds may be issued to the contractor from time to time as the work progresses, or the city council may negotiate the special fund warrants or bonds against the local improvement district at not less than ninety-five cents in money for each dollar of warrants or bonds, and with the proceeds pay the contractor for the work and pay the other costs of such improvement. [1965 c 7 § 35.55.170. Prior: 1909 c 147 § 14; RRS § 9445.]

**35.55.180 Reassessments.** If any assessment is found to be invalid for any cause or if it is set aside for any reason in judicial proceeding, a reassessment may be made and all laws relative to the reassessment of local assessments, for street or other improvements, shall, as far as practicable, be applicable hereto. [1965 c 7 § 35.55.180. Prior: 1909 c 147 § 16; RRS § 9447.]

**35.55.190 Provisions of chapter not exclusive.** The provisions of this chapter shall not be construed as repealing or in any wise affecting any existing laws relative to the making of any such improvements, but shall be considered as concurrent therewith. [1965 c 7 § 35.55.190. Prior: 1909 c 147 § 17; RRS § 9448.]

*Assessments and charges against state lands: Chapter 79.44 RCW.*

**35.56.010 Authority—First and second class cities.** If the city council or commission of any city of the first or second class in this state deems it necessary or expedient on account of the public health, sanitation, the general welfare, or other cause, to fill or raise the grade or elevation of any marshlands, swamplands, tidelands or lands commonly known as tideflats, or any other lands situated within the limits of such city and to clear and prepare said lands for such filling it may do so by proceeding in accordance with the provisions of this chapter.

For the purpose of filling and raising the grade or elevation of such lands and to secure material therefor and to provide for the proper drainage thereof after such fill has been effected, the city council or commission may acquire rights of way (and where necessary or desirable, may vacate, use and appropriate streets and alleys for such purposes) and lay out, build, construct and maintain over and across such lowlands, canals or artificial waterways of at least sufficient width, depth and length to provide and afford the quantity of earth, dirt and material required to complete such fill, and with the earth, dirt and material removed in digging and constructing such canals and waterways, fill and raise the grade

or elevation of such marshlands, swamplands, tidelands or tideflats; and such canals or waterways shall be constructed of such width and depth (provided that all the earth, dirt and other suitable material removed in constructing the same shall be used to fill the lowlands as herein provided) as will make them available, convenient and suitable to provide water frontage for landings, wharves and other conveniences of navigation and commerce for the use and benefit of the city and the public. If canals or waterways are to be constructed as herein provided, such city may construct and maintain the necessary bridges over and across the same; such canals or waterways shall be forever under the control of such city and shall be and become public thoroughfares and waterways for the use and benefit of commerce, shipping, the city and the public generally.

The expense of making such improvement and in doing, accomplishing and effecting all the work provided for in this chapter including the cost of making compensation for property taken or damaged, and all other cost and expense incidental to such improvement, shall be assessed to the property benefited, except such amount of such expense as the city council or commission, in its discretion, may direct to be paid out of the current or general expense fund. [1994 c 81 § 59; 1965 c 7 § 35.56.010. Prior: 1929 c 63 § 1; 1913 c 16 § 1; RRS § 9449.]

**35.56.020 Alternative methods of financing.** If the city council or commission desires to make any improvement authorized by the provisions of this chapter it shall provide therefor by ordinance and unless the ordinance provides that the improvement shall be paid for wholly or in part by special assessment upon the property benefited, compensation therefor shall be made from any general or special funds of the city applicable thereto. If the ordinance provides that the improvement shall be paid for wholly or in part by special assessments upon property benefited, the proceedings for the making of such special assessment shall be as hereafter provided. [1965 c 7 § 35.56.020. Prior: 1913 c 16 § 2, part; RRS § 9450, part.]

*Special assessments or taxation for local improvements: State Constitution Art. 7 § 9.*

**35.56.030 Boundaries—Excepted property.** Such ordinance shall specify the boundaries of the proposed improvement district and shall describe the lands which it is proposed to assess for said improvement, and shall provide for the filling of such lowlands and shall outline the general scheme or plan of such fill. If any parcel of land within the boundaries of such proposed improvement district prior to the initiation of the improvement has been wholly filled to the proposed grade or elevation of the proposed fill, such parcel of land may be excluded from the lands to be assessed when in the opinion of the city council or commission justice and equity require its exclusion. The boundaries of any improvement district may be altered so as to exclude land therefrom at any time up to the levying of the assessment but such changing of the boundaries shall be by ordinance. [1965 c 7 § 35.56.030. Prior: 1913 c 16 § 2, part; RRS § 9450, part.]

**35.56.040 Conditions precedent to passage of ordinance—Protests.** Upon the introduction of an ordinance providing for such fill, if the city council or commission desires to proceed, it shall fix a time, not less than ten days, in which protests against said fill may be filed in the office of the city clerk. Thereupon it shall be the duty of the clerk of said city to publish in the official newspaper of said city in at least two consecutive issues thereof before the time fixed for the filing of protests, a notice of the time fixed for the filing of protests together with a copy of the proposed ordinance as introduced.

Protests against the proposed fill to be effective must be filed by the owners of more than half of the area of land situated within the proposed filling district exclusive of streets, alleys and public places on or before the date fixed for such filing. If an effective protest is filed the council shall not proceed further unless two-thirds of the members of the city council vote to proceed with the work; if the city is operating under a commission form of government composed of three commissioners, the commission shall not proceed further except by a unanimous affirmative vote of all the members thereof, if the commission is composed of five members, at least four affirmative votes thereof shall be necessary before proceeding.

If no effective protest is filed or if an effective protest is filed and two-thirds of the councilmen vote to proceed with the work or in cases where cities are operating under the commission form of government, the commissioners vote unanimously or four out of five commissioners vote to proceed with the work, the city council or commission shall at such meeting or in a succeeding meeting proceed to pass the proposed ordinance for the work, with such amendments and modifications as to the said city council or commission of said city may seem proper. The local improvement district shall be called "filling district No. . . ." [1965 c 7 § 35.56.040. Prior: 1913 c 16 § 2, part; RRS § 9450, part.]

**35.56.050 Damages—Eminent domain.** If an ordinance is passed as in this chapter provided, and it appears that in making of the improvements so authorized, private property will be taken or damaged thereby within or without the city, the city shall file a petition in the superior court of the county in which such city is situated, in the name of the city, praying that just compensation be made for the property to be taken or damaged for the improvement specified in the ordinance and conduct proceedings in eminent domain in accordance with the statutes relating to cities for the ascertainment of the compensation to be made for the taking and damaging of property, except insofar as the same may be inconsistent with this chapter.

The filling of unimproved and uncultivated lowlands of the character mentioned in RCW 35.56.010 shall not be considered as a damaging or taking of such lands. The damage, if any, done to cultivated lands or growing crops thereon, or to buildings and other improvements situated within the district proposed to be filled shall be ascertained and determined in the manner above provided; but no damage shall be awarded to any property owner for buildings or improvements placed upon lands included within said district after the publication of the ordinance defining the boundaries of the proposed improvement district: PROVIDED, That the city shall, after

the passage of such ordinance, proceed with said improvement with due diligence.

If the improvement is to be made at the expense of the property benefited, no account shall be taken of benefits by the jury or court in assessing the amount of compensation to be made to the owner of any property within such district, but such compensation shall be assessed without regard to benefits to the end that said property for which damages may be so awarded, may be assessed the same as other property within the district for its just share and proportion of the expense of making said improvement, and the fact that compensation has been awarded for the damaging or taking of any parcel of land shall not preclude the assessment of such parcel of land for its just proportion of said improvement. [1965 c 7 § 35.56.050. Prior: (i) 1913 c 16 § 3; RRS § 9451. (ii) 1929 c 63 § 4; 1913 c 16 § 21; RRS § 9469.]

*Eminent domain, cities: Chapter 8.12 RCW.*

**35.56.060 Estimates—Plans and specifications.** At the time of the initiation of the proceedings for any improvement as contemplated by this chapter or at any time afterward, the city council or commission shall cause plans and specifications for said improvement to be prepared and shall cause an estimate to be made of the cost and expense of making said improvement, including the cost of supervision and engineering, abstractor's fees, interest and discounts and all other expenses incidental to said improvement, including an estimate of the amount of damages for property taken or damaged, which plans, specifications and estimates shall be approved by the city council or commission. [1965 c 7 § 35.56.060. Prior: 1913 c 16 § 4; RRS § 9452.]

**35.56.070 Assessment roll—Items—Assessment units—Installments.** When such plans and specifications shall have been prepared and the estimate of the cost and expense of making the improvement has been adopted by the council or commission and when an estimate has been made of the compensation to be paid for property damaged or taken, either before or after the compensation has been ascertained in the eminent domain proceedings, the city council or commission shall cause an assessment roll to be prepared containing a list of all the property within the improvement district which it is proposed to assess for the improvements together with the names of the owners, if known, and if unknown, the property shall be assessed to an unknown owner, and opposite each description shall be set the amount assessed to such description.

When so ordered by the city council or commission, the entire amount of compensation paid or to be paid for property damaged or taken, including all of the costs and expenses incidental to the condemnation proceedings together with the entire cost and expense of making the improvement may be assessed against the property within the district subject to assessment, but the city council or commission may order any portion of the costs paid out of the current or general expense fund of the city. The assessments shall be made according to and in proportion to surface area, one square foot of surface to be the unit of assessment: PROVIDED, That where any parcel of land was wholly or partially filled by the owner prior to the initiation of the improvement an

equitable deduction for such filling or partial filling may be allowed.

The cost and expense incidental to the filling of the streets, alleys and public places within said assessment district shall be borne by the private property within such district subject to assessment when so ordered by the city council or commission. When the assessments are payable in installments, the assessment roll when equalized shall show the number of installments and the amounts thereof. The assessment may be made payable in any number of equal annual installments not exceeding fifteen in number. [1965 c 7 § 35.56.070. Prior: 1913 c 16 § 5; RRS § 9453.]

**35.56.080 Hearing on assessment roll—Notice—Council's authority.** When such assessment roll has been prepared it shall be filed in the office of the city clerk and thereupon the city clerk shall give notice by publication in at least three issues of the official paper that such roll is on file in his office and on a date mentioned in said notice, which shall be at least twenty days after the date of the first publication thereof, the city council or commission will sit as a board of equalization to equalize said roll and to hear, consider and determine protests and objections against the same.

At the time specified in the notice, the city council or commission shall sit as a board of equalization to equalize the roll and they may adjourn the sitting from time to time until the equalization of such roll is completed. The city council or commission as such board of equalization may hear, consider and determine objections and protests against any assessment and make such alterations and modifications in the assessment roll as justice and equity may require. [1965 c 7 § 35.56.080. Prior: 1913 c 16 § 6; RRS § 9454.]

**35.56.090 Hearing—Appellate review.** Any person who has made objections to the assessment as equalized, shall have the right to appeal from the equalization as made by the city council or commission to the superior court of the county. The appeal shall be made by filing a written notice of appeal with the city clerk within ten days after the equalization of the assessments by the council or commission. The notice of appeal shall describe the property and the objections of such appellant to such assessment.

The appellant shall also file with the clerk of the superior court within ten days from the time of taking the appeal a copy of the notice of appeal together with a copy of the assessment roll and proceedings thereon, certified by the city clerk and a bond to the city conditioned to pay all costs that may be awarded against appellant in such sum not less than two hundred dollars, and with such security as shall be approved by the clerk of the court.

The case shall be docketed by the clerk of the court in the name of the person taking the appeal as plaintiff, and the city as defendant. The cause shall then be at issue and shall be tried immediately by the court as in the case of equitable causes; no further pleadings shall be necessary. The judgment of the court shall be either to confirm, modify or annul the assessment insofar as the same affects the property of the appellant. Appellate review of the superior court's decision may be sought as in other causes. [1988 c 202 § 39; 1971 c

81 § 95; 1965 c 7 § 35.56.090. Prior: 1913 c 16 § 7; RRS § 9455.]

**Severability—1988 c 202:** See note following RCW 2.24.050.

**35.56.100 Lien—Collection of assessments.** From and after the equalization of the roll, the several assessments therein shall become a lien upon the real estate described therein and shall remain a lien until paid. The assessment lien shall take precedence of all other liens against such property, except the lien of general taxes. The assessments shall be collected by the same officers and enforced in the same manner as provided by law for the collection and enforcement of local assessments for street improvements. All of the provisions of laws and ordinances relative to the guaranty, enforcement, and collection of local assessments for street improvements, including foreclosure in case of delinquency, shall be applicable to these assessments. [1965 c 7 § 35.56.100. Prior: 1929 c 63 § 2; 1913 c 16 § 8; RRS § 9456.]

*Assessments for local improvements, collection and foreclosure: Chapters 35.49, 35.50 RCW.*

**35.56.110 Interest on assessments.** The local assessments shall bear interest at such rate as may be fixed by the council or commission from and after the expiration of thirty days after the equalization of the assessment roll and shall bear such interest after delinquency as may be provided by general ordinance of the city. [1981 c 156 § 6; 1965 c 7 § 35.56.110. Prior: 1929 c 63 § 3; 1913 c 16 § 12; RRS § 9460.]

**35.56.120 Payment of cost of improvement—Interest on warrants.** If the improvement contemplated by this chapter is ordered to be made upon the immediate payment plan, the city council or commission shall provide for the payment thereof by the issuance of local improvement fund warrants against the local improvement district, which warrants shall be paid only out of the funds derived from the local assessments in the district and shall bear interest at a rate determined by the city council or commission from date of issuance. If the improvement is ordered to be made upon the bond installment plan, the city council or commission shall provide for the issuance of bonds against the improvement district. [1981 c 156 § 7; 1965 c 7 § 35.56.120. Prior: 1913 c 16 § 9; RRS § 9457.]

**35.56.130 Local improvement bonds—Terms.** The city council or commission shall have full authority to provide for the issuance of such bonds against the improvement district fund in such denominations as the city council or commission may provide, which shall bear such rate of interest as the city council or commission may fix. Interest shall be paid annually and the bonds shall become due and payable at such time, not exceeding fifteen years from the date thereof, as may be fixed by the said council or commission and shall be payable out of the assessment district funds.

If so ordered by the council or commission, the bonds may be issued in such a way that different numbers of the bonds may become due and payable at different intervals of time, or they may be so issued that all of the bonds against said district mature together. The city may reserve the right to

call or mature any bond on any interest paying date when sufficient funds are on hand for its redemption; but bonds shall be called in numerical order. [1981 c 156 § 8; 1965 c 7 § 35.56.130. Prior: 1913 c 16 § 10, part; RRS § 9458, part.]

**35.56.140 Local improvement bonds—Guaranties.** The city may guarantee the payment of the whole or any part of the bonds issued against a local improvement district, but the guaranties on the part of the city shall be made only by ordinance passed by the vote of not less than two-thirds of the councilmen and the approval of the mayor, or three commissioners in case the governing body consist of three commissioners, or four where such city is governed by five commissioners. [1965 c 7 § 35.56.140. Prior: 1913 c 16 § 10, part; RRS § 9458, part.]

**35.56.150 Local improvement bonds and warrants—Sale to pay damages—Preliminary financing.** The city council or commission may negotiate sufficient warrants or bonds against any local improvement district at a price not less than ninety-five percent of their par value to raise sufficient money to pay any and all compensation which may be awarded for property damaged or taken in the eminent domain proceedings, including the costs of such proceedings. In lieu of so doing, the city council or commission may negotiate current or general expense fund warrants at par to raise funds for the payment of such compensation and expenses in the first instance, but in that event the current or general expense fund shall be reimbursed out of the first moneys collected in any such local assessment district or realized from the negotiation or sale of local improvement warrants or bonds. [1965 c 7 § 35.56.150. Prior: 1913 c 16 § 11; RRS § 9459.]

**35.56.160 Local improvement fund—Investment.** If money accumulates in an improvement fund and is likely to lie idle waiting the maturity of the bonds against the district, the city council or commission, under proper safeguards, may invest it temporarily, or may borrow it temporarily, at a reasonable rate of interest, but when so invested or borrowed, the city shall be responsible and liable for the restoration to such fund of the money so invested or borrowed with interest thereon, whenever required for the redemption of bonds maturing against such district. [1965 c 7 § 35.56.160. Prior: 1913 c 16 § 15; RRS § 9463.]

**35.56.170 Letting contracts for improvement—Excess or deficiency of fund.** The contract for the making of the improvement may be let either before or after the making up of the equalization of the assessment roll, and warrants or bonds may be issued against the local improvement district fund either before or after the equalization of the roll as in the judgment of the council or commission may best subserve the public interest.

If after the assessment roll is made up and equalized, based in whole or in part upon an estimate of the cost of the improvement, and it is found that the estimate was too high, the excess shall be rebated pro rata to the property owners on the assessment roll, the rebates to be deducted from the last

installment, or installments, when the assessment is upon the installment plan.

If it is found that the estimated cost was too low and that the actual bona fide cost of the improvement is greater than the estimate, the city council or commission after due notice and a hearing, as in case of the original equalization of the roll, may add the required additional amount to the assessment roll to be apportioned among the several parcels of property upon the same rules and principles as if it had been originally included except that the additional amount shall be added to the last installment of an assessment if assessments are payable upon the installment plan. The same notice shall be required for adding to the assessment roll in this manner as is required for the original equalization of the roll, and the property owner shall have the right of appeal. [1965 c 7 § 35.56.170. Prior: 1913 c 16 § 13; RRS § 9461.]

**35.56.180 Payment of contractor—Bonds—Warrants—Cash.** The city council or commission may provide in letting the contract for an improvement, that the contractor shall accept special fund warrants or local improvement bonds against the local improvement district within which such improvement is to be made, in payment for the contract price of the work, and that the warrants or bonds may be issued to the contractor from time to time as the work progresses, or the city council or commission may negotiate the special fund warrants or bonds against the local improvement district at not less than ninety-five cents in money for each dollar of warrants or bonds, and with the proceeds pay the contractor for the work and pay the other costs of such improvement. [1965 c 7 § 35.56.180. Prior: 1913 c 16 § 14; RRS § 9462.]

**35.56.190 Tax levy—General—Purposes—Limit.** For the purpose of raising revenues to carry on any project under this chapter including funds for the payment for the lands taken, purchased, acquired or condemned and the expenses incident to the acquiring thereof, or any other cost or expenses incurred by the city under the provisions of this chapter but not including the cost of actually filling the lands for which the local improvement district was created, a city may levy an annual tax of not exceeding seventy-five cents per thousand dollars of assessed valuation of all property within the city. The city council or commission may create a fund into which all moneys so derived from taxation and moneys derived from rents and issues of the lands shall be paid and against which special fund warrants may be drawn or negotiable bonds issued to meet expenditures under this chapter. [1973 1st ex.s. c 195 § 22; 1965 c 7 § 35.56.190. Prior: 1913 c 16 § 19; RRS § 9467.]

**Severability—Effective dates—Construction—1973 1st ex.s. c 195:** See notes following RCW 84.52.043.

**35.56.200 Waterways constructed—Requirements.** In the filling of any marshland, swampland, tideland or tide-flats no canal or waterway shall be constructed in connection therewith less than three hundred feet wide at the top between the shore lines and with sufficient slope to the sides or banks thereof to as nearly as practicable render bulkheadings or other protection against caving or falling in of said sides or

banks unnecessary and of sufficient depth to meet all ordinary requirements of navigation and commerce. [1965 c 7 § 35.56.200. Prior: 1913 c 16 § 17, part; RRS § 9465, part.]

**35.56.210 Waterways constructed—Control.** The canal or waterway shall be and remain under the control of the city and immediately upon its completion the city shall establish outer dock lines lengthwise of said canal or waterway on both sides thereof in such manner and position that not less than two hundred feet of the width thereof shall always remain open between such lines and beyond and between which lines no right shall ever be granted to build wharves or other obstructions except bridges; nor shall any permanent obstruction to the free use of the channel so laid out between said wharf or dock lines excepting bridges, their approaches, piers, abutments and spans, ever be permitted but the same shall be kept open for navigation. [1965 c 7 § 35.56.210. Prior: 1913 c 16 § 17, part; RRS § 9465, part.]

**35.56.220 Waterways constructed—Leasing facilities.** The city shall have the right to lease the area so created between the said shore lines and the wharf lines so established or any part, parts or parcels thereof during times when the use thereof is not required by the city, for periods not exceeding thirty years, to private individuals or concerns for wharf, warehouse or manufacturing purposes at such annual rate or rental per lineal foot of frontage on the canal or waterway as it may deem reasonable.

The rates of wharfage, and other charges to the public which any lessee may impose shall be reasonable; and the city council or commission may regulate such rates. The lease so granted by the city shall never be transferred or assigned without the consent of the city council or commission having been first obtained.

A city shall never lease to any individual or concern more than four hundred lineal feet of frontage of the area lying between the shore lines and the dock lines and no individual or concern shall ever hold or occupy by lease, sublease or otherwise more than the said four hundred lineal feet of frontage of such area: PROVIDED, That any individual or concern may acquire by lease or sublease whatever additional number of lineal feet of frontage of such area may in the judgment of the city council or commission be necessary for the use of such individual or concern, upon petition therefor to the city council or commission signed by not less than five hundred resident freeholders of the city. [1965 c 7 § 35.56.220. Prior: 1913 c 16 § 17, part; RRS § 9465, part.]

**35.56.230 Waterway shoreline front—Lessee must lease abutting property.** If the city owns the land abutting upon any part of the area between the shore lines and dock lines, no portion of the area which has city owned property abutting upon it shall ever be leased unless an equal frontage of the abutting property immediately adjoining it is leased at the same time for the same period to the same individual or concern. [1965 c 7 § 35.56.230. Prior: 1913 c 16 § 17, part; RRS § 9465, part.]

**35.56.240 Waterways constructed—Acquisition of abutting property.** While acquiring the rights of way for

such canals or waterways or at any time thereafter such city may acquire for its own use and public use by purchase, gift, condemnation or otherwise, and pay therefor by any lawful means including but not restricted to payment out of the current expense fund of such city or by bonding the city or by pledging revenues to be derived from rents and issues therefrom, lands abutting upon the shore lines or right-of-way of such canals or waterways to a distance, depth or width of not more than three hundred feet back from the banks or shore lines of such canals or waterways on either side or both sides thereof, or not more than three hundred lineal feet back from and abutting on the outer lines of such rights-of-way on either side or both sides of such rights-of-way, and such area of such abutting lands as the council or commission may deem necessary for its use for public docks, bridges, wharves, streets and other conveniences of navigation and commerce and for its own use and benefit generally. [1965 c 7 § 35.56.240. Prior: 1913 c 16 § 18, part; RRS § 9466, part.]

**35.56.250 Waterways—Abutting city owned lands—Lease of.** If the city is not using the abutting lands so acquired it may lease any parcels thereof as may be deemed for the best interest and convenience of navigation, commerce and the public interest and welfare to private individuals or concerns for terms not exceeding thirty years each at such annual rate or rental as the city council or commission of such city may deem just, proper and fair, for the purpose of erecting wharves for wholesale and retail warehouses and for general commercial purposes and manufacturing sites, but the said city shall never convey or part with title to the abutting lands above mentioned and so acquired nor with the control other than in the manner herein specified. Any lease or leases granted by the city on such abutting lands shall never be transferred or assigned without the consent of the city council or commission having been first obtained.

A city shall never lease to any individual or concern more than four hundred lineal feet of canal or waterway frontage of said land and no individual or concern shall ever hold or occupy by lease, sublease, or otherwise more than the said four hundred lineal feet of said frontage: **PROVIDED**, That any individual or concern may acquire by lease or sublease whatever additional frontage of such abutting land may be in the judgment of the city council or commission necessary for the use of such individual or concern, upon petition presented to the city council or commission therefor signed by not less than five hundred resident freeholders of such city. [1965 c 7 § 35.56.250. Prior: 1913 c 16 § 18, part; RRS § 9466, part.]

**35.56.260 Waterways—Abutting lands—Lessee must lease shoreline property.** At the time that the city leases to any individual or concern any of the land abutting on the area between the shore lines and the dock lines the same individual or concern must likewise for the same period of time lease all of the area between the shore line and dock line of such canal or waterway lying contiguous to and immediately in front of the abutting land so leased. [1965 c 7 § 35.56.260. Prior: 1913 c 16 § 18, part; RRS § 9466, part.]

**35.56.270 Work by day labor.** When a city undertakes any improvement authorized by this chapter and the expenditures required exceed the sum of five hundred dollars, it shall be done by contract and shall be let to the lowest responsible bidder, after due notice, under such regulation as may be prescribed by ordinance: **PROVIDED**, That the city council or commission may reject all bids presented and readvertise, or, if in the judgment of the city council or commission the work can be performed, or supplies or materials furnished by the city independent of contract, cheaper than under the bid submitted, it may after having so advertised and examined the bids, cause the work to be performed or supplies or materials to be furnished independent of contract. This section shall be construed as a concurrent and cumulative power conferred on cities and shall not be construed as in any wise repealing or affecting any law now in force relating to the performing, execution and construction of public works. [1965 c 7 § 35.56.270. Prior: 1913 c 16 § 20; RRS § 9468.]

**35.56.280 Reassessments.** If any assessment is found to be invalid for any cause or if it is set aside for any reason in judicial proceeding, a reassessment may be made and all laws then in force relative to the reassessment of local assessments, for street or other improvements, shall, as far as practical, be applicable hereto. [1965 c 7 § 35.56.280. Prior: 1913 c 16 § 16; RRS § 9464.]

*Local improvements, assessments and reassessments: Chapter 35.44 RCW.*

**35.56.290 Provisions of chapter not exclusive.** The provisions of this chapter shall not be construed as repealing or in any wise affecting other existing laws relative to the making of any such improvements but shall be considered as concurrent therewith. [1965 c 7 § 35.56.290. Prior: 1929 c 63 § 5; 1913 c 16 § 22; RRS § 9470.]

The resolution shall, among other things, establish procedures for approving such expenses; the form of the travel and expense voucher; and requirements governing the use of credit cards issued in the name of the district. The resolution may also establish procedures for payment of per diem to board members. The state auditor shall, as provided by general law, cooperate with the public facilities district in establishing adequate procedures for regulating and auditing the reimbursement of all such expenses. [1999 c 165 § 5.]

**35.57.060 Expenditure of funds—Purposes.** The board of directors of the public facilities district shall have authority to authorize the expenditure of funds for the public purposes of preparing and distributing information to the general public and promoting, advertising, improving, developing, operating, and maintaining a regional center. **35.57.090 Revenue bonds—Limitations.** (1) A public facilities district may issue revenue bonds to fund revenue-generating facilities, or portions of facilities, which it is authorized to provide or operate. Whenever revenue bonds

are to be issued, the board of directors of the district shall create or have created a special fund or funds from which, along with any reserves created pursuant to RCW 39.44.140, the principal and interest on such revenue bonds shall exclusively be payable. The board may obligate the district to set aside and pay into the special fund or funds a fixed proportion or a fixed amount of the revenues from the public improvements, projects, or facilities, and all related additions, that are funded by the revenue bonds. This amount or proportion shall be a lien and charge against these revenues, subject only to operating and maintenance expenses. The board shall have due regard for the cost of operation and maintenance of the public improvements, projects, or facilities, or additions, that are funded by the revenue bonds, and shall not set aside into the special fund or funds a greater amount or proportion of the revenues that in its judgment will be available over and above the cost of maintenance and operation and the amount or proportion, if any, of the revenue so previously pledged. The board may also provide that revenue bonds payable out of the same source or sources of revenue may later be issued on a parity with any revenue bonds being issued and sold.

(2) Revenue bonds issued under this section shall not be an indebtedness of the district issuing the bonds, and the interest and principal on the bonds shall only be payable from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created under RCW 39.44.140. The owner or bearer of a revenue bond or any interest coupon issued under this section shall not have any claim against the district arising from the bond or coupon except for payment from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created under RCW 39.44.140. The substance of the limitations included in this subsection shall be plainly printed, written, or engraved on each bond issued under this section.

(3) Revenue bonds with a maturity in excess of thirty years shall not be issued. Facsimile signatures may be used on the bonds and any coupons. Refunding revenue bonds may be issued in the same manner as revenue bonds are issued. [1999 c 165 § 9.]

For the purposes of this section, "vehicle parking charges" means only the actual parking charges exclusive of taxes and service charges and the value of any other benefit conferred. The tax authorized under this section shall be at the rate of not more than ten percent. [1999 c 165 § 11.]

**35.57.900 Severability—1999 c 165.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1999 c 165 § 23.]

**35.58.010 Declaration of policy and purpose.** It is hereby declared to be the public policy of the state of Washington to provide for the people of the populous metropolitan areas in the state the means of obtaining essential services not adequately provided by existing agencies of local government. The growth of urban population and the movement of people into suburban areas has created problems of water pollution abatement, garbage disposal, water supply, transportation, planning, parks and parkways which extend beyond the boundaries of cities, counties and special districts. For reasons of topography, location and movement of population, and land conditions and development, one or more of these problems cannot be adequately met by the individual cities, counties and districts of many metropolitan areas.

It is the purpose of this chapter to enable cities and counties to act jointly to meet these common problems in order that the proper growth and development of the metropolitan areas of the state may be assured and the health and welfare of the people residing therein may be secured. [1974 ex.s. c 70 § 1; 1965 c 7 § 35.58.010. Prior: 1957 c 213 § 1.]

**35.58.070 Resolution, petition for election—Requirements, procedure.** A metropolitan municipal corporation may be created by vote of the qualified electors residing in a metropolitan area in the manner provided in this chapter. An election to authorize the creation of a metropolitan municipal corporation may be called pursuant to resolution or petition in the following manner:

- (1) A resolution or concurring resolutions calling for such an election may be adopted by either:
  - (a) The city council of a central city; or
  - (b) The city councils of two or more component cities other than a central city; or
  - (c) The board of commissioners of a central county.

A certified copy of such resolution or certified copies of such concurring resolutions shall be transmitted to the board of commissioners of the central county.

(2) A petition calling for such an election shall be signed by at least four percent of the qualified voters residing within the metropolitan area and shall be filed with the auditor of the central county.

Any resolution or petition calling for such an election shall describe the boundaries of the proposed metropolitan area, name the metropolitan function or functions which the metropolitan municipal corporation shall be authorized to perform initially and state that the formation of the metropolitan municipal corporation will be conducive to the welfare and benefit of the persons and property within the metropolitan area. After the filing of a first sufficient petition or resolution with such county auditor or board of county commissioners respectively, action by such auditor or board shall be deferred on any subsequent petition or resolution until after the election has been held pursuant to such first petition or resolution.

Upon receipt of such a petition, the auditor shall examine the same and certify to the sufficiency of the signatures thereon. For the purpose of examining the signatures on such petition, the auditor shall be permitted access to the voter registration books of each component county and each component city. No person may withdraw his name from a petition after it has been filed with the auditor. Within thirty days following the receipt of such petition, the auditor shall transmit the same to the board of commissioners of the central county, together with his certificate as to the sufficiency thereof. [1965 c 7 § 35.58.070. Prior: 1957 c 213 § 7.]

**35.58.080 Hearings on petition, resolution—Inclusion, exclusion of territory—Boundaries—Calling election.** Upon receipt of a duly certified petition or a valid resolution calling for an election on the formation of a metropolitan municipal corporation, the board of commissioners of the central county shall fix a date for a public hearing thereon which shall be not more than sixty nor less than forty days following the receipt of such resolution or petition. Notice of such hearing shall be published once a week for at least four consecutive weeks in one or more newspapers of general circulation within the metropolitan area. The notice shall contain a description of the boundaries of the proposed metropolitan area, shall name the initial metropolitan function or functions and shall state the time and place of the hearing and the fact that any changes in the boundaries of the metropolitan area will be considered at such time and place. At such hearing or any continuation thereof, any interested person may appear and be heard on all matters relating to the effect of the formation of the proposed municipal metropolitan corporation. The commissioners may make such changes in the boundaries of the metropolitan area as they shall deem reasonable and proper, but may not delete any portion of the proposed area which will create an island of included or excluded lands, may not delete a portion of any city, and may not delete any portion of the proposed area which is contributing or may reasonably be expected to contribute to the pollution of any water course or body of water in the proposed area when the petition or resolution names metropolitan water pollution abatement as a function to be performed by the proposed metropolitan municipal corporation. If the commissioners shall determine that any additional territory should be included in the metropolitan area, a second hearing

shall be held and notice given in the same manner as for the original hearing. The commissioners may adjourn the hearing on the formation of a metropolitan municipal corporation from time to time not exceeding thirty days in all. At the next regular meeting following the conclusion of such hearing the commissioners shall adopt a resolution fixing the boundaries of the proposed metropolitan municipal corporation, declaring that the formation of the proposed metropolitan municipal corporation will be conducive to the welfare and benefit of the persons and property therein and providing for the calling of a special election on the formation of the metropolitan municipal corporation to be held not more than one hundred twenty days nor less than sixty days following the adoption of such resolution. [1974 ex.s. c 70 § 4; 1965 c 7 § 35.58.080. Prior: 1957 c 213 § 8.]

Notice of the election shall be published in one or more newspapers of general circulation in each component county in the manner provided in the general election laws. No person shall be entitled to vote at such election unless that person is a qualified voter under the laws of the state in effect at the time of such election and has resided within the metropolitan area for at least thirty days preceding the date of the election. The ballot proposition shall be in substantially the following form:

NO . . . . .  "

If a majority of the persons voting on the proposition residing within the central city shall vote in favor thereof and a majority of the persons voting on the proposition residing in the metropolitan area outside of the central city shall vote in favor thereof, the metropolitan municipal corporation shall thereupon be established and the county legislative authority of the central county shall adopt a resolution setting a time and place for the first meeting of the metropolitan council which shall be held not later than sixty days after the date of such election. A copy of such resolution shall be transmitted to the legislative body of each component city and county and

of each special district which shall be affected by the particular metropolitan functions authorized.

At the same election there shall be submitted to the voters residing within the metropolitan area, for their approval or rejection, a proposition authorizing the metropolitan municipal corporation, if formed, to levy at the earliest time permitted by law on all taxable property located within the metropolitan municipal corporation a general tax, for one year, of twenty-five cents per thousand dollars of assessed value in excess of any constitutional or statutory limitation for authorized purposes of the metropolitan municipal corporation. Such proposition to be effective must be approved by a majority of at least three-fifths of the persons voting on the proposition to levy such tax, with a forty percent validation requirement, in the manner set forth in Article VII, section 2(a) of the Constitution of this state. [1993 c 240 § 3; 1973 1st ex.s. c 195 § 23; 1965 c 7 § 35.58.090. Prior: 1957 c 213 § 9.]

35.58.100 Additional functions—Authorized by election. A metropolitan municipal corporation may be authorized to perform one or more metropolitan functions in addition to those which it has previously been authorized to perform, with the approval of the voters at an election, in the manner provided in this section.

An election to authorize a metropolitan municipal corporation to perform one or more additional metropolitan functions may be called pursuant to a resolution or a petition in the following manner:

- (1) A resolution calling for such an election may be adopted by:
(a) The city council of the central city; or
(b) The city councils of at least one-half in number of the component cities other than the central city; or
(c) The board of commissioners of the central county. Such resolution shall be transmitted to the metropolitan council.
(2) A petition calling for such an election shall be signed by at least four percent of the registered voters residing within the metropolitan area and shall be filed with the auditor of the central county.

Any resolution or petition calling for such an election shall name the additional metropolitan functions which the metropolitan municipal corporation shall be authorized to perform.

Upon receipt of such a petition, the auditor shall examine the signatures thereon and certify to the sufficiency thereof. For the purpose of examining the signatures on such petition, the auditor shall be permitted access to all voter registration books of any component county and of all component cities. No person may withdraw his name from a petition after it has been filed with the auditor. Within thirty days following the receipt of such petition, the auditor shall transmit the same to the metropolitan council, together with his certificate as to the sufficiency of signatures thereon.

Upon receipt of a valid resolution or duly certified petition calling for an election on the authorization of the performance of one or more additional metropolitan functions, the metropolitan council shall cause to be called a special election to be held not more than one hundred and twenty days nor less than sixty days following such receipt. Such special election shall be conducted and canvassed as provided in this chapter for an election on the question of forming a metropolitan municipal corporation. The ballot proposition shall be in substantially the following form:

"Shall the . . . . . metropolitan municipal corporation be authorized to perform the additional metropolitan functions of . . . . . (here insert the title of each of the additional functions to be authorized as set forth in the petition or resolution)?

YES ..... 
NO .....  "

If a majority of the persons voting on the proposition shall vote in favor thereof, the metropolitan municipal corporation shall be authorized to perform such additional metropolitan function or functions. [1967 c 105 § 2; 1965 c 7 § 35.58.100. Prior: 1957 c 213 § 10.]

35.58.110 Additional functions—Authorized without election. A metropolitan municipal corporation may be authorized to perform one or more metropolitan functions in addition to those which it previously has been authorized to perform, without an election, in the manner provided in this section. A resolution providing for the performance of such additional metropolitan function or functions shall be adopted by the metropolitan council. A copy of such resolution shall be transmitted by registered mail to the legislative body of each component city and county. If, within ninety days after the date of such mailing, a concurring resolution is adopted by the legislative body of each component county, of each component city of the first class, and of at least two-thirds of all other component cities, and such concurring resolutions are transmitted to the metropolitan council, such council shall by resolution declare that the metropolitan municipal corporation has been authorized to perform such additional metropolitan function or functions. A copy of such resolution shall be transmitted by registered mail to the legislative body of each component city and county and of each special district which will be affected by the particular addi-

tional metropolitan function authorized. [1965 c 7 § 35.58.110. Prior: 1957 c 213 § 11.]

*Election required to authorize public transportation function: RCW 35.58.245.*

**35.58.112 Recommended comprehensive plan for performance of additional function—Study and preparation.** The metropolitan council of a metropolitan municipal corporation upon the affirmative vote of two-thirds of the members of such council may make planning, engineering, legal, financial and feasibility studies preliminary to or incident to the preparation of a recommended comprehensive plan for any metropolitan function, and may prepare such a recommended comprehensive plan before the metropolitan municipal corporation has been authorized to perform such function. The studies and plan may cover territory within and without the metropolitan municipal corporation. A recommended comprehensive plan prepared pursuant to this section for any metropolitan function may not be adopted by the metropolitan council unless the metropolitan municipal corporation shall have been authorized to perform such function. [1967 c 105 § 7.]

**35.58.114 Recommended comprehensive plan for performance of additional function—Resolution for special election to authorize additional function—Contents—Hearings—Election procedure.** Whenever a recommended comprehensive plan for the performance of any additional metropolitan function shall have been prepared and the metropolitan council shall have found the plan to be feasible the council may by resolution call a special election to authorize the performance of such additional function without the filing of the petitions or resolutions provided for in RCW 35.58.100.

If the metropolitan council shall determine that the performance of such function requires enlargement of the metropolitan area, such resolution shall contain a description of the boundaries of the proposed metropolitan area and may be adopted only after a public hearing thereon before the council. Notice of such hearing shall be published once a week for at least two consecutive weeks in one or more newspapers of general circulation within the proposed metropolitan area. The notice shall contain a description of the boundaries of the proposed metropolitan area, shall name the additional function or functions to be performed and shall state the time and place of the hearing and the fact that any changes in the boundaries of the proposed metropolitan area will be considered at such time and place. At such hearing any interested person may appear and be heard. The council may make such changes in the proposed metropolitan area as they shall deem reasonable and proper, but may not delete any portion of the existing metropolitan area and may not delete any portion of the proposed additional area which will create an island of included or excluded lands. If the council shall determine that the proposed additional area should be further enlarged, a second hearing shall be held and notice given in the same manner as for the original hearing. The council may adjourn the hearing or hearings from time to time.

Following the conclusion of such hearing or hearings the council may adopt a resolution fixing the boundaries of the proposed metropolitan area and calling a special election on

the performance of such additional function. If the metropolitan municipal corporation is then authorized to perform the function of metropolitan sewage disposal the council may provide in such resolution that local governmental agencies collecting sewage from areas outside the metropolitan area as same is constituted on the date of adoption of such resolution will not thereafter be required to discharge such sewage into the metropolitan sewer system or to secure approval of local construction plans from the metropolitan municipal corporation unless such local agency shall first have entered into a contract with the metropolitan municipal corporation for the disposal of such sewage. The metropolitan council may also provide in such resolution that the authorization to perform such additional function be effective only if the voters at such election also authorize the issuance of any general obligation bonds required to carry out the recommended comprehensive plan.

The resolution calling such election shall fix the form of the ballot proposition and the same may vary from that specified in RCW 35.58.100. If the metropolitan council shall find that the issuance of general obligation bonds is necessary to perform such additional function and to carry out such recommended comprehensive plan then the ballot proposition shall set forth the principal amount of such bonds and the maximum maturity thereof and the proposition shall be so worded that the voters may by a single yes or no vote authorize the performance of the designated function in the area described in the resolution and the issuance of such general obligation bonds.

The persons voting at such election shall be all of the qualified voters who have resided within the boundaries of the proposed metropolitan area for at least thirty days preceding the date of the election. The election shall be conducted and canvassed as provided in RCW 35.58.090.

If the resolution calling such election does not require the approval of general obligation bonds as a condition of the performance of such additional function and if a majority of the persons voting on the ballot proposition residing within the existing metropolitan municipal corporation shall vote in favor thereof and a majority of the persons residing within the area proposed to be added to the existing metropolitan municipal corporation shall vote in favor thereof the boundaries described in the resolution calling the election shall become the boundaries of the metropolitan municipal corporation and the metropolitan municipal corporation shall be authorized to perform the additional function described in the proposition.

If the resolution calling such election shall require the authorization of general obligation bonds as a condition of the performance of such additional function, then to be effective the ballot proposition must be approved as provided in the preceding paragraph and must also be approved by at least three-fifths of the persons voting thereon and the number of persons voting on such proposition must constitute not less than forty percent of the total number of votes cast within such area at the last preceding state general election. [1967 c 105 § 8.]

**35.58.116 Proposition for issuance of general obligation bonds or levy of general tax—Submission at same election or special election.** The metropolitan council may

at the same election called to authorize the performance of an additional function or at a special election called by the council after it has been authorized to perform any metropolitan function submit a proposition for the issuance of general obligation bonds for capital purposes as provided in RCW 35.58.450 or a proposition for the levy of a general tax for any authorized purpose for one year in such total dollar amount as the metropolitan council may determine and specify in such proposition. Any such proposition to be effective must be assented to by at least three-fifths of the persons voting thereon and the number of persons voting on such proposition shall constitute not less than forty percent of the total number of votes cast within the metropolitan area at the last preceding state general election. Any such proposition shall only be effective if the performance of the additional function shall be authorized at such election or shall have been authorized prior thereto. [1967 c 105 § 9.]

#### **35.58.120 Metropolitan council—Composition.**

Unless the rights, powers, functions, and obligations of a metropolitan municipal corporation have been assumed by a county as provided in chapter 36.56 RCW, a metropolitan municipal corporation shall be governed by a metropolitan council composed of elected officials of the component counties and component cities, and possibly other persons, as determined by agreement of each of the component counties and the component cities equal in number to at least twenty-five percent of the total number of component cities that have at least seventy-five percent of the combined component city populations. The agreement shall remain in effect until altered in the same manner as the initial composition is determined. As its first official act the council shall elect a chairman. The chairman shall be a voting member of the council and shall preside at all meetings. In the event of his absence or inability to act the council shall select one of its members to act as chairman pro tempore. A majority of all members of the council shall constitute a quorum for the transaction of business. A smaller number of council members than a quorum may adjourn from time to time and may compel the attendance of absent members in such manner and under such penalties as the council may provide. The council shall determine its own rules and order of business, shall provide by resolution for the manner and time of holding all regular and special meetings and shall keep a journal of its proceedings which shall be a public record. Every legislative act of the council of a general or permanent nature shall be by resolution. [1965 c 7 § 35.58.130. Prior: 1957 c 213 § 13.]

**35.58.140 Metropolitan council—Terms.** Each member of a metropolitan council except those selected under the provisions of \*RCW 35.58.120 (1)(a), (5), (7), and (8), shall

hold office at the pleasure of the body which selected him. Each member, who shall hold office ex officio, may not hold office after he ceases to hold the position of elected county executive, mayor, commissioner, or councilman. The chairman shall hold office until the second Tuesday in July of each even-numbered year and may, if reelected, serve more than one term. Each member shall hold office until his successor has been selected as provided in this chapter. [1971 ex.s. c 303 § 6; 1969 ex.s. c 135 § 2; 1967 c 105 § 4; 1965 c 7 § 35.58.140. Prior: 1957 c 213 § 14.]

**\*Reviser's note:** RCW 35.58.120 was amended by 1993 c 240 § 4 deleting subsections (1)(a), (5), (7), and (8).

#### **35.58.150 Metropolitan council—Vacancies.**

A vacancy in the office of a member of the metropolitan council shall be filled in the same manner as provided for the original selection. The meeting of mayors to fill a vacancy of the member selected under the provisions of \*RCW 35.58.120(4) or of special district representatives to fill a vacancy of a member selected under \*RCW 35.58.120(7) shall be held at such time and place as shall be designated by the chairman of the metropolitan council after ten days' written notice mailed to the mayors of each of the cities specified in \*RCW 35.58.120(4) or to the representatives of the special purpose districts specified in \*RCW 35.58.120(7), whichever is applicable. [1984 c 44 § 1; 1967 c 105 § 5; 1965 c 7 § 35.58.150. Prior: 1957 c 213 § 15.]

#### **35.58.160 Metropolitan council—Compensation—Waiver of compensation.**

The chairman and committee chairmen of the metropolitan council except elected public officials serving on a full-time salaried basis may receive such compensation as the other members of the metropolitan council shall provide. Members of the council other than the chairman and committee chairmen shall receive compensation of fifty dollars per day or portion thereof for attendance at metropolitan council or committee meetings, or for performing other services on behalf of the metropolitan municipal corporation, but not exceeding a total of four thousand eight hundred dollars in any year, in addition to any compensation which they may receive as officers of component cities or counties: **PROVIDED**, That elected public officers serving in such capacities on a full-time basis shall not receive compensation for attendance at metropolitan, council, or committee meetings, or otherwise performing services on behalf of the metropolitan municipal corporation: **PROVIDED FURTHER**, That committee chairmen shall not receive compensation in any one year greater than one-third of the compensation authorized for the county commissioners or county councilmen of the central county.

The waiver shall specify the month or period of months for which it is made.

Each metropolitan municipal corporation shall adopt a corporate seal containing the name of the corporation and the date of its formation. [1965 c 7 § 35.58.170. Prior: 1957 c 213 § 17.]

**35.58.190 Performance of function or functions—Commencement date.** The metropolitan council shall provide by resolution the effective date on which the metropolitan municipal corporation will commence to perform any one or more of the metropolitan functions which it shall have been authorized to perform. [1965 c 7 § 35.58.190. Prior: 1957 c 213 § 19.]

**35.58.200 Powers relative to water pollution abatement.** If a metropolitan municipal corporation shall be

authorized to perform the function of metropolitan water pollution abatement, it shall have the following powers in addition to the general powers granted by this chapter:

(1) To prepare a comprehensive water pollution abatement plan including provisions for waterborne pollutant removal, water quality improvement, sewage disposal, and storm water drainage for the metropolitan area.

Sewer facilities which are owned by a county, city, or special district may be acquired or used by the metropolitan municipal corporation only with the consent of the legislative body of the county, city, or special districts owning such facilities. Counties, cities, and special districts are hereby authorized to convey or lease such facilities to metropolitan municipal corporations or to contract for their joint use on such terms as may be fixed by agreement between the legislative body of such county, city, or special district and the metropolitan council, without submitting the matter to the voters of such county, city, or district.

Adoption of such regulations and compliance therewith shall not constitute a breach of any sewage disposal contract between a metropolitan municipal corporation and its component agencies nor a defense to an action for the performance of all terms and conditions of such contracts not inconsistent with such regulations and such contracts, as modified by such regulations, shall be in all respects valid and enforceable. [1975 c 36 § 1; 1974 ex.s. c 70 § 6; 1971 ex.s. c 303 § 7; 1965 c 7 § 35.58.200. Prior: 1957 c 213 § 20.]

**35.58.410 Budget—Expenditures—Revenue estimates—Requirements for a county assuming the powers of a metropolitan municipal corporation.** (1) On or before the third Monday in June of each year, each metropolitan municipal corporation shall adopt a budget for the following calendar year. Such budget shall include a separate section for each authorized metropolitan function. Expenditures shall be segregated as to operation and maintenance expenses and capital and betterment outlays. Administrative and other expense general to the corporation shall be allocated between the authorized metropolitan functions. The budget shall contain an estimate of all revenues to be collected during the following budget year, including any surplus funds remaining unexpended from the preceding year. The metropolitan council shall not be required to confine capital or betterment expenditures made from bond proceeds or emergency expenditures to items provided in the budget. The affirmative vote of three-fourths of all members of the metropolitan council shall be required to authorize emergency expenditures.

(2) Subsection (1) of this section shall not apply to a county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW. This subsection (2) shall apply only to each county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW.

Each county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW shall, on or before the third Monday in June of each year, prepare an estimate of all revenues to be collected during the following calendar year, including any surplus funds remaining unexpended from the preceding year for each authorized metropolitan function.

By June 30 of each year, the county shall adopt the rate for sewage disposal that will be charged to component cities and water-sewer districts during the following budget year.

As long as any general obligation indebtedness remains outstanding that was issued by the metropolitan municipal corporation prior to the assumption by the county, the county shall continue to impose the taxes authorized by RCW 82.14.045 and \*35.58.273(4) at the maximum rates and on all of the taxable events authorized by law. If, despite the continued imposition of those taxes, the estimate of revenues made on or before the third Monday in June shows that estimated revenues will be insufficient to make all debt service payments falling due in the following calendar year on all general obligation indebtedness issued by the metropolitan municipal corporation prior to the assumption by the county of the rights, powers, functions, and obligations of the metropolitan municipal corporation, the remaining amount required to make the debt service payments shall be designated as "supplemental income" and shall be obtained from component cities and component counties as provided under RCW 35.58.420.

The county shall prepare and adopt a budget each year in accordance with applicable general law or county charter. If supplemental income has been designated under this subsection, the supplemental income shall be reflected in the budget

that is adopted. If during the budget year the actual tax revenues from the taxes imposed under the authority of RCW 82.14.045 and \*35.58.273(4) exceed the estimates upon which the supplemental income was based, the difference shall be refunded to the component cities and component counties in proportion to their payments promptly after the end of the budget year. A county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW shall not be required to confine capital or betterment expenditures for authorized metropolitan functions from bond proceeds or emergency expenditures to items provided in the budget. If sections 1 through 21 and 44 through 46 of this act are not approved and ratified, sections 23 through 42 of this act are null and void in their entirety." [1998 c 321 § 47 (Referendum Bill No. 49, approved November 3, 1998).]

**35.58.420 Supplemental income payments by component city and county.** Each component city shall pay such proportion of the supplemental income of the metropolitan municipal corporation as the assessed valuation of property within its limits bears to the total assessed valuation of taxable property within the metropolitan area. Each component county shall pay such proportion of such supplemental income as the assessed valuation of the property within the unincorporated area of such county lying within the metropolitan area bears to the total assessed valuation of taxable property within the metropolitan area. In making such determination, the metropolitan council shall use the last available assessed valuations. The metropolitan council shall certify to each component city and county, prior to the fourth Monday in June of each year, the share of the supplemental income to be paid by such component city or county for the next calendar year. The latter shall then include such amount in its budget for the ensuing calendar year, and during such year shall pay to the metropolitan municipal corporation, in equal quarterly installments, the amount of its supplemental income share from whatever sources may be available to it. [1965 c 7 § 35.58.420. Prior: 1957 c 213 § 42.]

**35.58.430 Funds—Disbursements—Treasurer—Expenses—Election expenses.** The treasurer of each component county shall create a separate fund into which shall be paid all money collected from taxes levied by the metropolitan municipal corporation on property in such county and such money shall be forwarded quarterly by the treasurer of each such county to the treasurer of the central county as directed by the metropolitan council. The treasurer of the central county shall act as the treasurer of the metropolitan municipal corporation and shall establish and maintain such

funds as may be authorized by the metropolitan council. Money shall be disbursed from such funds upon warrants drawn by the auditor of the central county as authorized by the metropolitan council. The central county shall be reimbursed by the metropolitan municipal corporation for services rendered by the treasurer and auditor of the central county in connection with the receipt and disbursement of such funds. The expense of all special elections held pursuant to this chapter shall be paid by the metropolitan municipal corporation. [1965 c 7 § 35.58.430. Prior: 1957 c 213 § 43.]

**35.58.450 General obligation bonds—Issuance, sale, form, term, election, payment.** Notwithstanding the limitations of chapter 39.36 RCW and any other statutory limitations otherwise applicable and limiting municipal debt, a metropolitan municipal corporation shall have the power to contract indebtedness and issue general obligation bonds and to pledge the full faith and credit of the corporation to the payment thereof, for any authorized capital purpose of the metropolitan municipal corporation, not to exceed an amount, together with any outstanding nonvoter approved general indebtedness, equal to three-fourths of one percent of the value of the taxable property within the metropolitan municipal corporation, as the term "value of the taxable property" is defined in RCW 39.36.015. A metropolitan municipal corporation may additionally contract indebtedness and issue general obligation bonds, for any authorized capital purpose of a metropolitan municipal corporation, together with any other outstanding general indebtedness, not to exceed an amount equal to five percent of the value of the taxable property within the corporation, as the term "value of the taxable property" is defined in RCW 39.36.015, when a proposition authorizing the indebtedness has been approved by three-fifths of the persons voting on said proposition at said election at which such election the total number of persons voting on such bond proposition shall constitute not less than forty percent of the total number of voters voting within the area of said metropolitan municipal corporation at the last preceding state general election. Such general obligation bonds may be authorized in any total amount in one or more propositions and the amount of such authorization may exceed the amount of bonds which could then lawfully be issued. Such bonds may be issued in one or more series from time to time out of such authorization. The elections shall be held pursuant to RCW 39.36.050.

Whenever the voters of a metropolitan municipal corporation have, pursuant to RCW 84.52.056, approved excess property tax levies to retire such bond issues, both the principal of and interest on such general obligation bonds may be made payable from annual tax levies to be made upon all the taxable property within the metropolitan municipal corporation in excess of the constitutional and/or statutory tax limit. The principal of and interest on any general obligation bond may be made payable from any other taxes or any special assessments which the metropolitan municipal corporation may be authorized to levy or from any otherwise unpledged revenue which may be derived from the ownership or operation of properties or facilities incident to the performance of the authorized function for which such bonds are issued or may be made payable from any combination of the foregoing sources. The metropolitan council may include in the princi-

pal amount of such bond issue an amount for engineering, architectural, planning, financial, legal, urban design and other services incident to acquisition or construction solely for authorized capital purposes.

**35.58.460 Revenue bonds—Issuance, sale, form, term, payment, reserves, actions.** (1) A metropolitan municipal corporation may issue revenue bonds to provide funds to carry out its authorized metropolitan water pollution abatement, water supply, garbage disposal or transportation purposes, without submitting the matter to the voters of the metropolitan municipal corporation. The metropolitan council shall create a special fund or funds for the sole purpose of paying the principal of and interest on the bonds of each such issue, into which fund or funds the metropolitan council may obligate the metropolitan municipal corporation to pay such amounts of the gross revenue of the particular utility constructed, acquired, improved, added to, or repaired out of the proceeds of sale of such bonds, as the metropolitan council shall determine and may obligate the metropolitan municipal corporation to pay such amounts out of otherwise unpledged revenue which may be derived from the ownership, use or operation of properties or facilities owned, used or operated incident to the performance of the authorized function for which such bonds are issued or out of otherwise unpledged fees, tolls, charges, tariffs, fares, rentals, special taxes or other sources of payment lawfully authorized for such purpose, as the metropolitan council shall determine. The principal of, and interest on, such bonds shall be payable only out of such special fund or funds, and the owners of such bonds shall have a lien and charge against the gross revenue of such utility or any other revenue, fees, tolls, charges, tariffs, fares, special taxes or other authorized sources pledged to the payment of such bonds.

Such revenue bonds and the interest thereon issued against such fund or funds shall be a valid claim of the owners thereof only as against such fund or funds and the revenue pledged therefor, and shall not constitute a general indebtedness of the metropolitan municipal corporation.

Each such revenue bond shall state upon its face that it is payable from such special fund or funds, and all revenue bonds issued under this chapter shall be negotiable securities

within the provisions of the law of this state. Such revenue bonds may be registered either as to principal only or as to principal and interest as provided in RCW 39.46.030, or may be bearer bonds; shall be in such denominations as the metropolitan council shall deem proper; shall be payable at such time or times and at such places as shall be determined by the metropolitan council; shall bear interest at such rate or rates as shall be determined by the metropolitan council; shall be signed by the chairman and attested by the secretary of the metropolitan council, any of which signatures may be facsimile signatures, and the seal of the metropolitan municipal corporation shall be impressed or imprinted thereon; any attached interest coupons shall be signed by the facsimile signatures of said officials.

Such revenue bonds shall be sold in such manner, at such price and at such rate or rates of interest as the metropolitan council shall deem to be for the best interests of the metropolitan municipal corporation, either at public or private sale.

The metropolitan council may at the time of the issuance of such revenue bonds make such covenants with the owners of said bonds as it may deem necessary to secure and guarantee the payment of the principal thereof and the interest thereon, including but not being limited to covenants to set aside adequate reserves to secure or guarantee the payment of such principal and interest, to maintain rates sufficient to pay such principal and interest and to maintain adequate coverage over debt service, to appoint a trustee or trustees for the bond owners to safeguard the expenditure of the proceeds of sale of such bonds and to fix the powers and duties of such trustee or trustees and to make such other covenants as the metropolitan council may deem necessary to accomplish the most advantageous sale of such bonds. The metropolitan council may also provide that revenue bonds payable out of the same source may later be issued on a parity with revenue bonds being issued and sold.

The metropolitan council may include in the principal amount of any such revenue bond issue an amount to establish necessary reserves, an amount for working capital and an amount necessary for interest during the period of construction of any such metropolitan facilities plus six months. The metropolitan council may, if it deems it to be the best interest of the metropolitan municipal corporation, provide in any contract for the construction or acquisition of any metropolitan facilities or additions or improvements thereto or replacements or extensions thereof that payment therefor shall be made only in such revenue bonds at the par value thereof.

If the metropolitan municipal corporation shall fail to carry out or perform any of its obligations or covenants made in the authorization, issuance and sale of such bonds, the owner of any such bond may bring action against the metropolitan municipal corporation and compel the performance of any or all of such covenants.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. The funding or refunding revenue bonds shall, except as specifically provided in this section, be issued in accordance with the provisions of this chapter with respect to revenue bonds.

The metropolitan council may exchange the funding or refunding bonds at par for the bonds which are being funded or refunded, or it may sell them in such manner, at such price and at such rate or rates of interest as it deems for the best interest of the metropolitan municipal corporation. **35.58.500 Local improvement districts—Utility local improvement districts.** The metropolitan municipal corporation shall have the power to levy special assessments payable over a period of not exceeding twenty years on all property within the metropolitan area specially benefited by any improvement, on the basis of special benefits conferred, to pay in whole, or in part, the damages or costs of any such improvement, and for such purpose may establish local improvement districts and enlarged local improvement districts, issue local improvement warrants and bonds to be repaid by the collection of local improvement assessments and generally to exercise with respect to any improvements which it may be authorized to construct or acquire the same powers as may now or hereafter be conferred by law upon cities. Territory within a metropolitan municipal corporation may be annexed to a city which is not within such metropolitan municipal corporation in the manner provided by law and in such event either (1) such city may be annexed to such metropolitan municipal corporation by ordinance of the legislative body of the city concurred in by resolution of the metropolitan council, or (2) if such city shall not be so annexed such territory shall remain within the metropolitan municipal corporation unless such city shall by resolution of its legislative body request the withdrawal of such territory subject to any outstanding indebtedness of the metropolitan corporation and the metropolitan council shall by resolution consent to such withdrawal.

Any territory located within a component county that is contiguous to a metropolitan municipal corporation and lying wholly within an incorporated city or town may be annexed to such metropolitan municipal corporation by ordinance of the legislative body of such city or town requesting such annexation concurred in by resolution of the metropolitan council.

Any other territory located within a component county that is adjacent to a metropolitan municipal corporation may be annexed thereto by vote of the qualified electors residing in the territory to be annexed, in the manner provided in this chapter. An election to annex such territory may be called pursuant to a petition or resolution in the following manner:

Notice of such hearing shall be published once a week for at least four consecutive weeks in one or more newspapers of general circulation within the territory proposed to be annexed. The notice shall contain a description of the boundaries of the territory proposed to be annexed and shall state the time and place of the hearing thereon and the fact that any changes in the boundaries of such territory will be considered at such time and place. At such hearing or any continuation thereof, any interested person may appear and be heard on all matters relating to the proposed annexation. The metropolitan council may make such changes in the boundaries of the territory proposed to be annexed as it shall deem reasonable and proper, but may not delete any portion of the proposed area which will create an island of included or excluded lands and may not delete a portion of any city. If the metropolitan council shall determine that any additional territory should be included in the territory to be annexed, a second hearing shall be held and notice given in the same manner as for the original hearing. The metropolitan council may adjourn the hearing on the proposed annexation from time to time not exceeding thirty days in all. At the next regular meeting following the conclusion of such hearing, the metropolitan council shall, if it finds that the annexation of such territory will be conducive to the welfare and benefit of the persons and property therein and the welfare and benefit of the persons and property within the metropolitan municipal corporation, adopt a resolution fixing the boundaries of the territory to be annexed and causing to be called a special election on such annexation to be held not more than one hundred twenty days nor less than sixty days following the adoption of such resolution. (2) The capacity charge is a monthly charge reviewed and approved annually by the metropolitan council. A metropolitan municipal corporation may charge property owners seeking to connect to the sewage facilities of the metropolitan municipal corporation as a condition to granting the right to so connect, in addition to the cost of such connection, such reasonable capacity charge as the legislative body of the metropolitan municipal corporation shall determine proper in order that such property owners shall bear their equitable share of the cost of such system. The equitable share may include interest charges applied from the date of construction of the sewage facilities until the connection, or for a period not to exceed ten years, at a rate commensurate with the rate of interest applicable to the metropolitan municipal corporation at the time of construction or major rehabilitation of the sewage facilities, or at the time of installation of the sewer lines to which the property owner is seeking to connect but not to exceed ten percent per year: PROVIDED, That the aggregate amount of interest shall not exceed the equitable share of the cost of the sewage facilities allocated to such property owners. **35.61.020 Election—Resolution or petition—Area.** (1) When proposed by citizen petition or by local government resolution as provided in this section, a ballot proposition authorizing the creation of a metropolitan park district shall be submitted by resolution to the voters of the area proposed to be included in the district at any general election, or at any special election which may be called for that purpose.

(2) The ballot proposition shall be submitted if the governing body of each city in which all or a portion of the proposed district is located, and the legislative authority of each county in which all or a portion of the proposed district is located within the unincorporated portion of the county, each adopts a resolution submitting the proposition to create a metropolitan park district.

(3) As an alternative to the method provided under subsection (2) of this section, the ballot proposition shall be submitted if a petition proposing creation of a metropolitan park district is submitted to the county auditor of each county in which all or a portion of the proposed district is located that is signed by at least fifteen percent of the registered voters residing in the area to be included within the proposed district. Where the petition is for creation of a district in more than one county, the petition shall be filed with the county auditor of the county having the greater area of the proposed district, and a copy filed with each other county auditor of the other counties covering the proposed district.

Where the petition or copy thereof is filed with two or more county auditors in the case of a proposed district in two or more counties, the county auditors shall confer and issue a joint certification upon finding that the required number of signatures on the petition has been obtained.

(2) Where the proposed district is located wholly or in part in a county in which a boundary review board has been created, notice of the proposal to create a metropolitan park district shall be filed with the boundary review board as provided under RCW 36.93.090 and the special election at which a ballot proposition authorizing creation of the park district shall be held on the special election date specified under \*RCW 29.13.020 that is sixty or more days after the date the boundary review board is deemed to have approved the proposal, approves the proposal, or modifies and approves the proposal. Within six months of the date of certification of election results approving creation of the district, the size and membership of the board shall be determined through interlocal agreement of each city and county. The interlocal agreement shall specify the method for filling vacancies on the board.

(5) Metropolitan park districts created by a vote of the people prior to June 13, 2002, may not change the composition and method of selection of their governing authority without approval of the voters. Should such a change be desired, the board of park commissioners shall submit a ballot proposition to the voters of the metropolitan park district. Although park districts are authorized to impose two separate regular property tax levies, the levies shall be considered to be a single levy for purposes of the limitation provided for in chapter 84.55 RCW.

The board is hereby authorized to levy a general tax in excess of its regular property tax levy or levies when authorized so to do at a special election conducted in accordance with and subject to all the requirements of the Constitution and laws of the state now in force or hereafter enacted governing the limitation of tax levies. The board is hereby authorized to call a special election for the purpose of submitting to the qualified voters of the park district a proposition to levy a tax in excess of the seventy-five cents per thousand dollars of assessed value herein specifically authorized. The manner of submitting any such proposition, of certifying the same, and of giving or publishing notice thereof, shall be as provided by law for the submission of propositions by cities or towns.

The board shall include in its general tax levy for each year a sufficient sum to pay the interest on all outstanding bonds and may include a sufficient amount to create a sinking fund for the redemption of all outstanding bonds. The levy shall be certified to the proper county officials for collection the same as other general taxes and when collected, the general tax shall be placed in a separate fund in the office of the county treasurer to be known as the "metropolitan park district fund" and paid out on warrants. [1989 c 319 § 6.]

**35.61.280 Territorial annexation—Election—Result.**

Said park district is hereby given authority to issue refunding bonds when necessary in order to enable it to comply with this section. [1985 c 416 § 6; 1965 c 7 § 35.61.300. **35.61.360 Withdrawal or reannexation of areas.** (1) As provided in this section, a metropolitan park district may withdraw areas from its boundaries, or reannex areas into the metropolitan park district that previously had been withdrawn from the metropolitan park district under this section.

(2) The withdrawal of an area shall be authorized upon: (a) Adoption of a resolution by the park district commissioners requesting the withdrawal and finding that, in the opinion of the commissioners, inclusion of this area within the metropolitan park district will result in a reduction of the district's tax levy rate under the provisions of RCW 84.52.010; and (b) adoption of a resolution by the city or town council approving the withdrawal, if the area is located within the city or town, or adoption of a resolution by the county legislative authority of the county within which the area is located approving the withdrawal, if the area is located outside of a city or town. (3) An area that has been withdrawn from the boundaries of a metropolitan park district under this section may be reannexed into the metropolitan park district upon: (a) Adoption of a resolution by the park district commissioners proposing the reannexation; and (b) adoption of a resolution by the city or town council approving the reannexation, if the area is located within the city or town, or adoption of a resolution by the county legislative authority of the county within which the area is located approving the reannexation, if the area is located outside of a city or town. The reannexation shall be effective at the end of the day on the thirty-first day of December in the year in which the adoption of the second resolution occurs, but for purposes of establishing boundaries for property tax purposes, the boundaries shall be established immediately upon the adoption of the second resolution. Referendum action on the proposed reannexation may be taken by the voters of the area proposed to be reannexed if a peti-

If a valid petition signed by the requisite number of registered voters has been so filed, the effect of the resolutions shall be held in abeyance and a ballot proposition to authorize the reannexation shall be submitted to the voters of the area at the next special election date specified in \*RCW 29.13.020 that occurs forty-five or more days after the petitions have been validated. Approval of the ballot proposition authorizing the reannexation by a simple majority vote shall authorize the reannexation. [1987 c 138 § 2.]

**\*Reviser's note:** As enacted by 1987 c 138 § 2, this section contained an apparently erroneous reference to RCW 29.13.030, a section repealed in 1965. However, for any newly incorporated city or town that has not had city officials elected at a normal general municipal election, the election that is used as the base for determining the num-

The election on changing the name of the city or town shall be held at the next general election occurring sixty or more days after the resolution was adopted, or the resolution [petition] was submitted that has been certified by the county auditor as having sufficient valid signatures. If a majority of the votes cast on the first proposition favor changing the name, the name that receives at least a majority of the total number of votes cast for an alternative name shall become the new name of the city or town effective thirty days after the certification of the election results.

If no alternative name receives a simple majority vote, then an election shall be held at the next November special election date, at which voters shall be given the option of choosing which of the two alternative names that received the most votes shall become the new name of the city or town. This ballot proposition shall be worded substantially as follows:

"Which of the following names shall become the new name of the city (or town) of (insert name) ?

(insert name)

(2) The supply of licensed child care facilities in Washington state is insufficient to meet the growing demand for child care services;

(3) The most convenient location of child care facilities for many working families is near the family's home or workplace." [1989 c 335 § 1.]

**Purpose—1989 c 335:** "The purpose of this act is to encourage the dispersion of child care facilities throughout cities and counties in Washington state so that child care services are available at convenient locations to working parents." [1989 c 335 § 2.]

**Severability—1989 c 335:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1989 c 335 § 10.]

(3) A city may also require that the family day-care provider, before state licensing, require proof of written notification by the provider that the immediately adjoining property owners have been informed of the intent to locate and maintain such a facility. If a dispute arises between neighbors and the family day-care provider over licensing requirements, the licenser may provide a forum to resolve the dispute.

(4) Nothing in this section shall be construed to prohibit a city from imposing zoning conditions on the establishment and maintenance of a family day-care provider's home in an area zoned for residential or commercial use, so long as such conditions are no more restrictive than conditions imposed on other residential dwellings in the same zone and the establishment of such facilities is not precluded. As used in this section, "family day-care provider" is as defined in RCW 74.15.020. [2003 c 286 § 3; 1995 c 49 § 1; 1994 c 273 § 14.]

The agreement to mediate shall be in writing and subject to RCW 5.60.070. If the parties are unable to agree on a mediator, each party shall nominate a mediator and the mediator shall be selected by lot from among the nominees. The mediator must be selected within five days after formal mediation procedures are initiated. The mediation process must be completed within fourteen days from the time the mediator is selected except that the mediation process may extend beyond fourteen days by agreement of the parties. The mediator shall, within the fourteen-day period or within the extension if an extension is agreed to, provide the parties with a written summary of the issues and any agreements reached. If the parties

agree, the mediation report shall be made available to the governing jurisdiction. The cost of the mediation shall be shared by the parties.

(2) Any time limits for filing of appeals are tolled during the pendency of the mediation process.

(3) As part of the management and operation contract, the legislative authority of the city may authorize the managing and operating entity to grant to any nonprofit corporation or public or private organization franchises or concessions that further the public use and enjoyment of the zoo or aquarium, as the case may be, and may authorize the managing and operating entity to contract with any public or private organization for any specific services as are routinely so procured by the city.

(4) Notwithstanding any provision in the charter of the city so contracting for the overall management and operation of a zoo or an aquarium, or any other provision of law, the nonprofit corporation or other public organization with responsibility for overall management or operation of any such facilities pursuant to a contract under this section may, in carrying out that responsibility under such contract, manage, supervise, and control those employees of the city employed in connection with the zoo or aquarium and may hire, fire, and otherwise discipline those employees. **Finding—Purpose—1997 c 447:** See note following RCW 70.05.074.

**35.67.020 Authority to construct system and fix rates and charges—Classification of services and facilities—Assistance for low-income persons.** (1) Every city and town may construct, condemn and purchase, acquire, add to, maintain, conduct, and operate systems of sewerage and systems and plants for refuse collection and disposal together with additions, extensions, and betterments thereto, within and without its limits. Every city and town has full jurisdiction and authority to manage, regulate, and control them and, except as provided in subsection (3) of this section, to fix, alter, regulate, and control the rates and charges for their use.

(2) Subject to subsection (3) of this section, the rates charged under this section must be uniform for the same class of customers or service and facilities furnished. In classifying customers served or service and facilities furnished by such system of sewerage, the city or town legislative body may in its discretion consider any or all of the following factors:

- (a) The difference in cost of service and facilities to the various customers;
- (b) The location of the various customers within and without the city or town;
- (c) The difference in cost of maintenance, operation, repair, and replacement of the various parts of the system;
- (d) The different character of the service and facilities furnished various customers;
- (e) The quantity and quality of the sewage delivered and the time of its delivery;
- (f) The achievement of water conservation goals and the discouragement of wasteful water use practices;
- (g) Capital contributions made to the system, including but not limited to, assessments;

(2004 Ed.)

(h) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and

(i) Any other matters which present a reasonable difference as a ground for distinction.

(3) The rate a city or town may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(4) Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

(5) A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

(6) Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

(7) Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

(8) A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law. **35.67.025 Public property subject to rates and charges for storm water control facilities.** Except as otherwise provided in RCW 90.03.525, any public entity and public property, including the state of Washington and state property, shall be subject to rates and charges for storm water control facilities to the same extent private persons and private property are subject to such rates and charges that are imposed by cities and towns pursuant to RCW 35.67.020. **35.67.110 General obligation bonds—Payment—Revenue from service charges.** In addition to taxes pledged to pay the principal of and interest on general obligation bonds issued to pay for costs of purchasing, acquiring, or constructing any public utility mentioned in RCW 35.67.020, or to make any additions, betterments, or alterations thereto, or extensions thereof, the city or town legislative body, may set aside into a special fund and pledge to the payment of such principal and interest any sums or amounts which may accrue from the collection of service rates and charges for the private and public use of said sewerage system or systems for the collection and disposal of refuse, in excess of the cost of operation and maintenance thereof as constructed or added to, and the same shall be applied solely to the payment of such interest and bonds. Such pledge of revenue shall constitute a binding obligation, according to its terms, to continue the collection of such revenue so long as such bonds or any of them are outstanding. If the rates and charges are sufficient to meet the debt service requirements on such bonds no general

tax need be levied. [1985 c 445 § 3; 1965 c 118 § 1; 1965 c 7 § 35.67.110. Prior: 1941 c 193 § 3, part; Rem. Supp. 1941 § 9354-6, part.]

**35.67.120 Revenue bond fund—Authority to establish.** After the city or town legislative body adopts a proposition for any such public utility, and either (1) no general indebtedness has been authorized, or (2) the city or town legislative body does not desire to incur a general indebtedness, and the legislative body can lawfully proceed without submitting the proposition to a vote of the people, it may create a special fund or funds for the sole purpose of defraying the cost of the proposed system, or additions, betterments or extensions thereto.

The city or town legislative body may obligate the city or town to set aside and pay into this special fund: (1) A fixed proportion of the gross revenues of the system, or (2) a fixed amount out of and not exceeding a fixed proportion of the gross revenues, or (3) a fixed amount without regard to any fixed proportion, and (4) amounts received from any utility local improvement district assessments pledged to secure such bonds. It shall not set aside into the special fund a greater amount or proportion of the revenue and proceeds than in its judgment will be available over and above the cost of maintenance and operation and the amount or proportion of the revenue so previously pledged. All property owners within the area served by such sewerage system shall be compelled to connect their private drains and sewers with such city or town system, under such penalty as the legislative body of such city or town may by ordinance direct. Such penalty may in the discretion of such legislative body be an amount equal to the charge that would be made for sewer service if the property was connected to such system. All penalties collected shall be considered revenue of the system. [1995 c 124 § 4; 1965 c 7 § 35.67.190. Prior: 1959 c 90 § 2; 1941 c 193 § 5; Rem. Supp. 1941 § 9354-8.]

All or any of the tracts subject to the lien may be proceeded against in the same action, and all parties appearing of record as owning or claiming to own, having or claiming to have any interest in or lien upon the tracts involved in the action shall be impleaded in the action as parties defendant. [1965 c 7 § 35.67.220. Prior: 1941 c 193 § 7, part; Rem. Supp. 1941 § 9354-10, part.]

Prior: 1941 c 193 § 7, part; Rem. Supp. 1941 § 9354-10, part.]

**35.67.250 Sewerage lien foreclosure—Trial.** A sewerage lien foreclosure action shall be tried before the court without a jury. The court may allow in addition to interest on the service charges at a rate not exceeding eight percent per year from date of delinquency, costs and disbursements as provided by statute and such attorneys' fees as the court may adjudge reasonable.

If the owners and parties interested in any particular tract default, the court may enter judgment of foreclosure and sale as to such parties and tracts and the action may proceed as to the remaining defendants and tracts. The judgment shall specify separately the amount of the sewerage charges, with interest, penalty and costs chargeable to each tract. The judgment shall have the effect of a separate judgment as to each tract described in the judgment, and any appeal shall not invalidate or delay the judgment except as to the property concerning which the appeal is taken. In the judgment the court shall order the tracts therein described sold at one general sale, and an order of sale shall issue pursuant thereto for the enforcement of the judgment. Judgment may be entered as to any one or more separate tracts involved in the action, and the court shall retain jurisdiction of other properties. [1965 c 7 § 35.67.250. Prior: 1941 c 193 § 7, part; Rem. Supp. 1941 § 9354-10, part.]

**35.67.260 Sewerage lien foreclosure—Redemption.** All sales shall be subject to the right of redemption within one year from date of sale. [1965 c 7 § 35.67.260. Prior: 1941 c 193 § 7, part; Rem. Supp. 1941 § 9354-10, part.]

**35.67.270 Sewerage sale acquired property—Disposition.** At any time after deed is issued to it pursuant to lien, a city or town may lease or sell or convey any property at public or private sale for such price and on such terms as may be determined by resolution of the city or town legislative body, any provision of law, charter or ordinance to the contrary notwithstanding. [1965 c 7 § 35.67.270. Prior: 1941 c 193 § 8; Rem. Supp. 1941 § 9354-11.]

**35.67.280 Sewerage sale acquired property—Payment of delinquent taxes.** After the entry of judgment of foreclosure against any tract, the city or town may pay delinquent general taxes or purchase certificates of delinquency

for general taxes on the tract or purchase the tract at county tax foreclosure or from the county after foreclosure.

After entry of judgment of foreclosure against any premises the city or town may pay local or special assessments which are delinquent or are about to become delinquent and if the tract has been foreclosed upon for local or special assessments and the time for redemption has not expired, it may redeem it.

No moneys shall be expended for the purposes enumerated in this section except upon enactment by the city or town legislative body of a resolution determining the desirability or necessity of making the expenditure. [1965 c 7 § 35.67.280. Prior: 1941 c 193 § 9; Rem. Supp. 1941 § 9354-12.]

**35.67.290 Sewerage lien—Enforcement—Alternative method.** As an additional and concurrent method of enforcing the lien authorized in this chapter any city or town operating its own municipal water system may provide by ordinance for the enforcement of the lien by cutting off the water service from the premises to which such sewer service was furnished after the charges become delinquent and unpaid, until the charges are paid.

The right to enforce the lien by cutting off and refusing water service shall not be exercised after two years from the date of the recording of sewerage lien notice except to enforce payment of six months' charges for which no lien notice is required to be recorded. [1965 c 7 § 35.67.290. Prior: 1941 c 193 § 10; Rem. Supp. 1941 § 9354-13.]

**35.67.300 Water-sewer districts and municipalities—Joint agreements.** Any city, town, or organized and established water-sewer district owning or operating its own sewer system, whenever topographic conditions shall make it feasible and whenever such existing sewer system shall be adequate therefor in view of the sewerage and drainage requirements of the property in such city, town, or water-sewer district, served or to be served by such system, may contract with any other city, town, or organized and established water-sewer district for the discharge into its sewer system of sewage from all or any part or parts of such other city, town, or water-sewer district upon such terms and conditions and for such periods of time as may be deemed reasonable.

Any city, town, or organized and established water-sewer district may contract with any other city, town, or organized and established water-sewer district for the construction and/or operation of any sewer or sewage disposal facilities for the joint use and benefit of the contracting parties upon such terms and conditions and for such period of time as the governing bodies of the contracting parties may determine. Any such contract may provide that the responsibility for the management of the construction and/or maintenance and operation of any sewer disposal facilities or part thereof covered by such contract shall be vested solely in one of the contracting parties, with the other party or parties thereto paying to the managing party such portion of the expenses thereof as shall be agreed upon. [1999 c 153 § 37; 1965 c 7 § 35.67.300. Prior: 1947 c 212 § 3; 1941 c 193 § 11; Rem. Supp. 1947 § 9354-14.]

(2004 Ed.)

**Part headings not law—1999 c 153:** See note following RCW 57.04.050.

**35.67.310 Sewers—Outside city connections.** Every city or town may permit connections with any of its sewers, either directly or indirectly, from property beyond its limits, upon such terms, conditions and payments as may be prescribed by ordinance, which may be required by the city or town to be evidenced by a written agreement between the city or town and the owner of the property to be served by the connecting sewer.

If any such agreement is made and filed with the county auditor of the county in which said property is located, it shall constitute a covenant running with the land and the agreements and covenants therein shall be binding on the owner and all persons subsequently acquiring any right, title or interest in or to said property.

If the terms and conditions of the ordinance or of the agreement are not kept and performed, or the payments made, as required, the city or town may disconnect the sewer and for that purpose may at any time enter upon any public street or road or upon said property. [1965 c 7 § 35.67.310. Prior: 1941 c 75 § 1; Rem. Supp. 1941 § 9354-19.]

All powers granted to cities and towns to acquire, construct, maintain and operate such systems may be exercised in the joint acquisition, construction, maintenance and operation of such combined systems: PROVIDED, That if a general indebtedness is to be incurred to pay a part or all of the cost of construction, maintenance, or operation of such a combined system, no such indebtedness shall be incurred without such indebtedness first being authorized by a vote of the people at a special or general election conducted in the manner prescribed by law: PROVIDED FURTHER, That nothing in chapter 51, Laws of 1969 ex. sess. shall be construed to supersede charter provisions to the contrary. [1969 ex.s. c 51 § 1.]

**35.67.340 Statutes governing combined facility.** The operation by a city or town of a combined facility as provided for in RCW 35.67.331 shall be governed by the statutes relating to the establishment and maintenance of a city or town water system if the water system is one of the systems included in the combined acquisition, construction, or operation; otherwise the combined system shall be governed by the statutes relating to the establishment and maintenance of a city or town sewerage system. [1969 ex.s. c 51 § 2; 1965 c 7 § 35.67.340. Prior: 1941 c 193 § 12, part; Rem. Supp. 1941 § 9354-15, part.]

**35.67.350 Penalty for sewer connection without permission.** It is unlawful and a misdemeanor to make or cause to be made or to maintain any sewer connection with any sewer of any city or town, or with any sewer which is connected directly or indirectly with any sewer of any city or town without having permission from the city or town. [1965

c 7 § 35.67.350. Prior: 1943 c 100 § 1; Rem. Supp. 1943 § 9354-20.]

**35.67.360 Conservation of storm water and sewer services—Use of public moneys.** Any city, code city, town, county, special purpose district, municipal corporation, or quasi-municipal corporation that is engaged in the sale or distribution of storm water or sewer services may use public moneys or credit derived from operating revenues from the sale of storm water or sewer services to assist the owners of structures or equipment in financing the acquisition and installation of materials and equipment, for compensation or otherwise, for the conservation or more efficient use of storm water or sewer services in such structures or equipment. Except for the necessary support of the poor and infirm, an appropriate charge-back shall be made for the extension of public moneys or credit. The charge-back shall be a lien against the structure benefited or a security interest in the equipment benefited. [1998 c 31 § 2.]

**Findings—Intent—1998 c 31:** "The legislature finds that the voters approved an amendment to Article VIII, section 10 of the state Constitution in 1997. The legislature finds that this amendment to the state Constitution will allow necessary improvements to be made to storm water and sewer services so that less pollution is discharged into the waters of the state, less treatment will be needed, and capacity for existing treatment systems will be saved. It is the intent of the legislature to enact legislation that grants specific authority to units of local government that provide storm water and sewer services to operate programs that are consistent with the authority granted in House Joint Resolution No. 4209." [1998 c 31 § 1.]

**Effective date—1998 c 31 § 2:** "Section 2 of this act takes effect July 1, 1998." [1998 c 31 § 3.]

**35.67.370 Mobile home parks—Replacement of septic systems—Charges for unused sewer service.** (1) Cities, towns, or counties may not require existing mobile home parks to replace existing, functional septic systems with a sewer system within the community unless the local board of health determines that the septic system is failing.

(2) Cities, towns, and counties are prohibited from requiring existing mobile home parks to pay a sewer service availability charge, standby charge, consumption charge, or any other similar types of charges associated with available but unused sewer service, including any interest or penalties for nonpayment or enforcement charges, until the mobile home park connects to the sewer service. When a mobile home park connects to a sewer, cities, towns, and counties may only charge mobile home parks prospectively from the date of connection for their sewer service. Chapter 297, Laws of 2003 is remedial in nature and applies retroactively to 1993. [2003 c 297 § 1; 1998 c 61 § 1.]

**35.67.380 Cooperative watershed management.** In addition to the authority provided in RCW 35.67.020, a city may, as part of maintaining a system sewerage, participate in and expend revenue on cooperative watershed management actions, including watershed management partnerships under RCW 39.34.210 and other intergovernmental agreements, for purposes of water supply, water quality, and water resource and habitat protection and management. [2003 c 327 § 12.]

**Finding—Intent—2003 c 327:** See note following RCW 39.34.190.

*Assessments and charges against state lands: Chapter 79.44 RCW.*

**35.68.010 Authority conferred.** Any city or town, hereinafter referred to as city, is authorized to construct, reconstruct, and repair sidewalks, gutters and curbs along and driveways across sidewalks, which work is hereafter referred to as the improvement, and to pay the costs thereof from any available funds, or to require the abutting property owner to construct the improvement at the owner's own cost or expense, or, subject to the limitations in RCW 35.69.020 (2) and (3), to assess all or any portion of the costs thereof against the abutting property owner. [1996 c 19 § 1; 1965 c 7 § 35.68.010. Prior: 1949 c 177 § 1; Rem. Supp. 1949 § 9332a.]

**35.68.020 Resolution—Contents.** No such improvement shall be undertaken or required except pursuant to a resolution of the council or commission of the city or town, hereinafter referred to as the city council. The resolution shall state whether the cost of the improvement shall be borne by the city or whether all or a specified portion shall be borne by the abutting property owner; or whether the abutting owner is required to construct the improvement at his own cost and expense. If the abutting owner is required to construct the improvement the resolution shall specify the time within which the construction shall be commenced and completed; and further that if the improvement or construction is not undertaken and completed within the time specified that the city will perform or complete the improvement and assess the cost against the abutting owner. [1965 c 7 § 35.68.020. Prior: 1949 c 177 § 2; Rem. Supp. 1949 § 9332b.]

**35.68.030 Resolution—Publication—Notice—Hearing.** If all or any portion of the cost is to be assessed against the abutting property owner, or if the abutting property owner is required to construct the improvement, the resolution shall fix a time from and after its passage, and a place, for hearing on the resolution. The resolution shall be published for two consecutive weeks before the time of hearing in the official newspaper or regularly published official publication of the city or town and a notice of the date of the hearing shall be given each owner or reputed owner of the abutting property by mailing to the owner or reputed owner of the property as shown on the tax rolls of the county treasurer, at the address shown thereon a notice of the date of hearing, the mailing to be at least ten days before the date fixed for the hearing. If the publication and mailing is made as herein required, proof

thereof by affidavit shall be filed with the city clerk, comptroller or auditor of the city before the hearing. The hearing may be postponed from time to time to a definite date until the hearing is held. At the time of hearing the council shall hear persons who appear for or against the improvement, and determine whether it will or will not proceed with the improvement and whether it will make any changes in the original plan, and what the changes shall be. This action may be taken by motion adopted in the usual manner. [1985 c 469 § 37; 1965 c 7 § 35.68.030. Prior: 1949 c 177 § 3; Rem. Supp. 1949 § 9332c.]

**35.68.040 "Sidewalk construction fund."** When all or any portion of the cost is to be assessed against the abutting property owner, the city council may create a "sidewalk construction fund No. . . ." to be numbered differently for each improvement; and with warrants drawn on this fund the cost of the respective improvements may be paid. The city may advance as a loan to the sidewalk construction fund from any available funds the amounts necessary to pay any costs of the improvement. When any assessments are made for the improvement, payments therefor shall be paid into the particular sidewalk improvement fund; and whenever any funds are available over the amounts necessary to pay outstanding warrants any advances or loans made to the fund shall be repaid. Whenever warrants are drawn on any such fund which are not paid for want of sufficient funds, they shall be so stamped and shall bear interest until called and paid at a rate established by the city council by resolution. [1965 c 7 § 35.68.040. Prior: 1949 c 177 § 4; Rem. Supp. 1949 § 9332d.]

**35.68.050 Assessment roll—Hearing—Notice—Confirmation—Appeal.** Where all or any portion of the costs are to be assessed against the abutting property, an assessment roll shall be prepared by the proper city official or by the city council which shall to the extent necessary be based on benefits and which shall describe the property assessed, the name of the owner, if known, otherwise stating that the owner is unknown and fixing the amount of the assessment. The assessment roll shall be filed with the city clerk, and when so filed the council shall by resolution fix a date for hearing thereon and direct the clerk to give notice of the hearing and the time and place thereof. The notice of hearing shall be mailed to the person whose name appears on the county treasurer's tax roll as the owner or reputed owner of the property, at the address shown thereon, and shall be published before the date fixed for the hearing for two consecutive weeks in the official newspaper or regular official publication of the city. The notice shall be mailed and first publication made at least ten days before the hearing date. Proof of mailing and publication shall be made by affidavit and shall be filed with the city clerk before the date fixed for the hearing. Following the hearing the city council shall by ordinance affirm, modify, or reject or order recasting of the assessment roll. An appeal may be taken to the superior court from the ordinance confirming the assessment roll in the same manner as is provided for appeals from the assessment roll by chapters 35.43 to 35.54 RCW, inclusive, as now or hereafter amended. [1985 c 469 § 38; 1965 c 7 § 35.68.050. Prior: 1949 c 177 § 5; Rem. Supp. 1949 § 9332e.]

(2004 Ed.)

**35.68.060 Method of payment of assessments.** The city council shall by resolution provide whether the full amount of the assessment shall be paid in one payment or whether it may be paid in installments and shall prescribe the time and amount of such payments; and if more than one payment is provided for, the city council may by resolution provide for interest on unpaid installments and fix the rate thereof. [1965 c 7 § 35.68.060. Prior: 1949 c 177 § 6; Rem. Supp. 1949 § 9332f.]

**35.68.070 Collection of assessments.** The assessment roll as affirmed or modified by the city council shall be filed with the city treasurer for collection, and the amount thereof including interest, if any, shall become a lien against the property described therein from the date of such filing. Whenever any payment on any assessment or installment is delinquent and unpaid for a period of thirty days or more the lien may be foreclosed in the same manner and with the same effect as is provided by chapters 35.43 to 35.54 RCW, inclusive; as now or hereafter amended. Whenever the deed is issued after the sale therein provided, the regularity, validity and correctness of the proceedings relating to such improvement and the assessment therefor shall be final and conclusive and no action shall thereafter be brought by or in behalf of any person to set aside said deed. [1965 c 7 § 35.68.070. Prior: 1949 c 177 § 7; Rem. Supp. 1949 § 9332g.]

**35.68.075 Curb ramps for physically handicapped—Required—Standards and requirements.** (1) The standard for construction on any county road, or city or town street, for which curbs in combination with sidewalks, paths, or other pedestrian access ways are to be constructed, shall be not less than two ramps per lineal block on or near the crosswalks at intersections. Such ramps shall be at least thirty-six inches wide and so constructed as to allow reasonable access to the crosswalk for physically handicapped persons, without uniquely endangering blind persons.

(2) Standards set for curb ramping under subsection (1) of this section shall not apply to any curb existing upon enactment of this section but shall apply to all new curb construction and to all replacement curbs constructed at any point in a block which gives reasonable access to a crosswalk.

(3) Upon September 21, 1977, every ramp thereafter constructed under subsection (1) of this section, which serves one end of a crosswalk, shall be matched by another ramp at the other end of the crosswalk. However, no ramp shall be required at the other end of the crosswalk if there is no curb nor sidewalk at the other end of the crosswalk. Nor shall any matching ramp constructed pursuant to this subsection require a subsequent matching ramp. [1989 c 173 § 1; 1977 ex.s. c 137 § 1; 1973 c 83 § 1.]

**35.68.076 Curb ramps for physically handicapped—Model standards.** The department of general administration shall, pursuant to chapter 34.05 RCW, the Administrative Procedure Act, adopt several suggested model design, construction, or location standards to aid counties, cities, and towns in constructing curb ramps to allow reasonable access to the crosswalk for physically handicapped persons without uniquely endangering blind persons. The department of general administration shall consult with handicapped persons,

blind persons, counties, cities, and the state building code council in adopting the suggested standards. [1989 c 175 § 84; 1977 ex.s. c 137 § 2.]

**Effective date—1989 c 175:** See note following RCW 34.05.010.

**35.68.080 Construction of chapter.** This chapter is supplemental and additional to any and all other laws relating to construction, reconstruction, and repair of sidewalks, gutters, and curbs along driveways across sidewalks in cities and towns. [1965 c 7 § 35.68.080. Prior: 1949 c 177 § 8; Rem. Supp. 1949 § 9332h.]

**35.69.010 Definitions.** The term "street" as used herein includes boulevard, avenue, street, alley, way, lane, square or place.

The term "city" includes any city of the first or second class or any other city of equal population working under a special charter.

The term "sidewalk" includes any and all pedestrian structures or forms of improvement for pedestrians included in the space between the street margin, as defined by a curb or the edge of the traveled road surface, and the line where the public right of way meets the abutting property. [1996 c 19 § 2; 1994 c 81 § 61; 1965 c 7 § 35.69.010. Prior: 1927 c 203 § 1; RRS § 9332-1.]

**35.69.020 Resolution of necessity—Liability of abutting property—Reconstruction.** (1) Whenever a portion, not longer than one block in length, of any street in any city is not improved by the construction of a sidewalk thereon, or the sidewalk thereon has become unfit or unsafe for purposes of public travel, and such street adjacent to both ends of said portion is so improved and in good repair, and the city council of such city by resolution finds that the improvement of such portion of such street by the construction or reconstruction of a sidewalk thereon is necessary for the public safety and convenience, the duty, burden, and expense of constructing or reconstructing such sidewalk shall devolve upon the property directly abutting upon such portion except as provided in subsections (2) and (3) of this section.

(2) An abutting property shall not be charged with any costs of construction or reconstruction under this chapter, or under chapter 35.68 or 35.70 RCW, in excess of fifty percent of the valuation of such abutting property, exclusive of improvements thereon, according to the valuation last placed upon it for purposes of general taxation.

(3) An abutting property shall not be charged with any costs of reconstruction under this chapter, or under chapter 35.68 or 35.70 RCW, if the reconstruction is required to correct deterioration of or damage to the sidewalk that is the direct result of actions by the city or its agents or to correct deterioration of or damage to the sidewalk that is the direct result of the failure of the city to enforce its ordinances. [1996 c 19 § 3; 1965 c 7 § 35.69.020. Prior: 1927 c 203 § 2; RRS § 9332-2.]

**35.69.030 Notice to owners—Service—Contents—Assessment—Collection.** Whenever the city council of any such city has adopted such resolution it shall cause a notice to be served on the owner of the property directly abutting on such portion of such street, instructing him to construct or reconstruct a sidewalk on such portion in accordance with the plans and specifications which shall be attached to such notice. The notice shall be deemed sufficiently served if delivered in person to the owner or if left at the home of such owner with a person of suitable age and discretion then resident therein, or with an agent of such owner, authorized to collect rentals on such property, or, if the owner is a nonresident of the state of Washington, by mailing a copy to his last known address, or if he is unknown or if his address is unknown, then by posting a copy in a conspicuous place at such portion of the street where the improvement is to be made. The notice shall specify a reasonable time within which such construction or reconstruction shall be made, and shall state that in case the owner fails to make the same within such time, the city will proceed to make it through the officer or department thereof charged with the inspection of sidewalks and that such officer or department will report to the city council, at a subsequent date, to be definitely stated in the notice, an assessment roll showing the lot or parcel of land directly abutting on such portion of the street so improved, the cost of the improvement, and the name of the owner, if known, and that the city council at the time stated in the notice or at the time or times to which the same may be adjourned, will hear any and all protests against the proposed assessment. Upon the expiration of the time fixed within which the owner is required to construct or reconstruct such sidewalk, if the owner has failed to perform such work, the city may proceed to perform it, and the officer or department of the city performing the work shall, within the time fixed in the notice, report to the city council an assessment roll showing the lot or parcel of land directly abutting on that portion of the street so improved, the cost of the work, and the name of the owner, if known. The city council shall, at the time in such notice designated, or at an adjourned time or times, assess the cost of such improvement against said property and shall fix the time and manner for payment thereof, which said assessment shall become a lien upon said property and shall be collected in the manner as is provided by law for collection of local improvements assessments under this title. [1965 c 7 § 35.69.030. Prior: 1927 c 203 § 3; RRS § 9332-3.]

**35.69.040 Abutting property defined.** For the purposes of this chapter all property having a frontage upon the sides or margins of any street shall be deemed to be abutting property, and such property shall be chargeable, as provided

herein, for all costs of construction or reconstruction or any form of sidewalk improvement between the margin of said street and the roadway lying in front of and adjacent to said property. [1965 c 7 § 35.69.040. Prior: 1927 c 203 § 4; RRS § 9332-4.]

**35.69.050 Construction of chapter.** Nothing in this chapter shall be construed to limit or repeal any existing powers of cities with reference to the construction or reconstruction of sidewalks or the improvement or maintenance of streets, but the power and authority herein granted is to be exercised concurrent with or in extension of powers and authority now existing. The legislative authority of any city before exercising the powers and authority herein granted shall, by proper ordinance, provide for the application and enforcement of the same within the limitations herein specified. **35.71.010 Definitions.** As used in this chapter, the following terms shall have the meaning herein given to each of them:

"City" means any city or town.

"Chief executive" means the mayor in a mayor-council or commission city and city manager in a council-manager city.

"Corporate authority" means the legislative body of any city.

"Project" means a pedestrian mall project.

"Right of way" means that area of land dedicated for public use or secured by the public for purposes of ingress and egress to abutting property and other public purposes.

"Mall" means an area of land, part of which may be surfaced, landscaped, and used entirely for pedestrian movements, except with respect to governmental functions, utilities, and loading and unloading of goods.

"Mall organization" means a group of property owners, lessors, or lessees in an area that has been organized to consider the establishment, maintenance, and operation of a mall in a given area and persons owning or having any legal or equitable interest in the real property affected by the establishment of the mall. [1965 c 7 § 35.71.010. Prior: 1961 c 111 § 1.]

**35.71.020 Establishment declared public purpose—Authority to establish—General powers.** The establishment of pedestrian malls is declared to be for a public purpose. Any corporate authority, by ordinance, may establish and regulate any street right of way as a mall, may prohibit, in whole or in part, vehicular traffic on a mall, and may provide for the acquisition of any interest in the right of way necessary to its establishment, and may provide for the determination of legal damages, if any, to abutting property. [1965 c 7 § 35.71.020. Prior: 1961 c 111 § 2.]

**35.71.030 Resolution of intention—Traffic limitation—Property owner's right of ingress and egress.** When the corporate authority determines that the public interest, safety, and convenience is best served by the establishment of a mall and that vehicular traffic will not be unduly inconvenienced thereby, it may adopt a resolution declaring its intention to do so, and announcing the intended extent of traffic limitation. Any corporate authority is authorized to limit the utilization of any right of way, except for utilities and governmental functions, provided adequate alternative routes for vehicular movement, and the loading and unloading of goods are established or are available. The abutting property owner's right of ingress and egress shall be considered to have been satisfied whenever the corporate authority has planned and constructed, or there is available, an alternate route, alleyway, and service driveway. [1965 c 7 § 35.71.030. Prior: 1961 c 111 § 3.]

**35.71.040 Plan—Alternate vehicle routes—Off-street parking—Hearing, notice.** Before a mall is established, a plan shall be formulated consistent with the city's comprehensive plan, including at least the area of the right of way between two intersecting streets and showing alternate routes outside the mall area upon which any vehicles excluded from using the mall may be accommodated; it may include a provision for on and off-street parking. After the plans have been prepared, the corporate authority shall hold a public hearing thereon, giving notice of time and place at least two weeks in advance of the hearing in a newspaper of general circulation in the city and as required by chapter 42.32 RCW. [1965 c 7 § 35.71.040. Prior: 1961 c 111 § 4.]

**35.71.050 Real estate appraisers—Report.** The corporate authority is authorized to engage duly qualified real estate appraisers, for the purpose of determining the value, or legal damages, if any, to any person, owning or having any legal or equitable interest in any real property who contends that he would suffer damage if a projected mall were established; in connection therewith the city shall take into account any increment in value that may result from the establishment of the mall. The appraisers shall submit their findings in writing to the chief executive of the city. [1965 c 7 § 35.71.050. Prior: 1961 c 111 § 5.]

**35.71.060 Financing methods.** The corporate authority may finance the establishment of a mall, including, but not limited to, right of way improvements, traffic control devices, and off-street parking facilities in the vicinity of the mall, by one or more of the following methods or by a combination of any two or more of them:

(1) By creating local improvement districts under the laws applicable thereto in Title 35 RCW.

(2) By issuing revenue bonds pursuant to chapter 35.41 RCW, \*RCW 35.24.305, chapter 35.92 RCW, RCW 35.81.100, and by such other statutes that may authorize such bonds.

(3) By issuing general obligation bonds pursuant to chapter 39.52 RCW, RCW 35.81.115, and by such other statutes and applicable provisions of the state Constitution that may authorize such bonds.

(4) By use of gifts and donations.

(5) General fund and other available moneys: PROVIDED, That if any general fund moneys are expended for a mall, provision may be made for repayment thereof to the general fund from money received from the financing of the mall.

The corporate authority may include within the cost of any mall project the expense of moving utilities, or any facility located within a right of way. [1965 c 7 § 35.71.060. Prior: 1961 c 111 § 6.]

\*Reviser's note: RCW 35.24.305 was recodified as RCW 35.23.454 pursuant to 1994 c 81 § 90.

**35.71.070 Waivers and quitclaim deeds—Rights in right of way.** The corporate authority may formulate, solicit, finance and acquire, purchase, or negotiate the acquisition of waivers and the execution of quitclaim deeds by persons owning or having any legal or equitable interest in the real property affected by the establishment of a mall, conveying

(2004 Ed.)

the necessary rights to the city to prohibit through vehicular traffic and otherwise limit vehicular access to, and from, such right of way: PROVIDED, That the execution of such waivers and quitclaim deeds shall not operate to extinguish the rights of the abutting owner, lessor, or lessee in the right of way, not included in such waiver or quitclaim deed. [1965 c 7 § 35.71.070. Prior: 1961 c 111 § 7.]

**35.71.080 Vacating, replatting right of way for mall purposes.** The corporate authority, as an alternate to the preceding methods, may find that the right of way no longer is needed as a right of way. When persons owning or having any legal or equitable interest in the real property affected by a proposed mall, present a petition to the corporate authority for vacating the right of way pursuant to chapter 35.79 RCW, or the corporate authority initiates by resolution such a vacation proceeding, a right of way may be vacated and replatted for mall purposes, and closed to vehicular traffic except as provided in RCW 35.71.030, consistent with the subdivision standards allowed by Title 58 RCW, and chapter 35.63 RCW. [1965 c 7 § 35.71.080. Prior: 1961 c 111 § 8.]

**35.71.090 "Mall organization"—Powers in general—Directors—Officers.** The corporate authority may cause an organization of persons to be known as a "Mall organization" interested in creating a mall in a given area to be formed to provide for consultative assistance to the city with respect to the establishment and administration of a mall. This organization may elect a board of directors of not less than three nor more than twelve members. The board shall elect a president, a vice president, and a secretary from its membership. [1965 c 7 § 35.71.090. Prior: 1961 c 111 § 9.]

**35.71.100 Special assessment.** After the establishment of the mall, the corporate authority may levy a special assessment on the real property within the area specially benefited by the improvement. Such special levy, if any, shall be for operation and maintenance of the mall and appurtenances thereto, which may not exceed one percent of the aggregate actual valuation of the real property (including twenty-five percent of the actual valuation of the improvements thereon) according to the valuation last placed upon it for purposes of general taxation: PROVIDED, That if a mall organization board of directors exists as authorized by RCW 35.71.090, the corporate authority may entertain a recommendation from this organization with respect to such a levy by the corporate authority. [1965 c 7 § 35.71.100. Prior: 1961 c 111 § 10.]

**35.71.110 Claims for damages.** Following the public hearing on the ordinance to establish a mall any person owning or having any legal or equitable interest in property which might be affected by reason of the establishment of the proposed mall or the board of directors of a mall organization shall, within twenty days of such hearing, file with the city clerk a statement describing the real property as to which the claim is made, the nature of the claimant's interest therein, the nature of the alleged damage thereto and the amount of damages claimed. After the receipt thereof, the corporate authority may negotiate with the affected parties concerning them

or deny them. [1965 c 7 § 35.71.110. Prior: 1961 c 111 § 11.]

**35.71.120 Contracts with mall organization for administration—Conflicting charter provisions.** If the corporate authority desires to have the mall administered by a mall organization rather than by one of its departments, the corporate authority may execute a contract with such an organization for the administration of the mall upon mutually satisfactory terms and conditions: PROVIDED, That if any provision of a city charter conflicts with this section, such provision of the city charter shall prevail. [1965 c 7 § 35.71.120. Prior: 1961 c 111 § 12.]

**35.71.130 Election to discontinue mall—Ordinance—Outstanding obligations—Restoration to former status.** The board of directors of a mall organization may call for an election, after the mall has been in operation for two years, at which the voting shall be by secret ballot, on the question: "Shall the mall be continued in operation?" If sixty percent of the membership of the organization vote to discontinue the mall, the results of the election shall be submitted to the corporate authority. The corporate authority may initiate proceedings by ordinance for the discontinuation of the mall, allocate the proportionate amount of the outstanding obligations of the mall to the abutting property of the mall or property specially benefited if a local improvement district is established, subject to the provisions of any applicable statutes and bond ordinances, resolutions, or agreements, and thereafter, at a time set by the corporate authority, the mall may be restored to its former right of way status. [1965 c 7 § 35.71.130. Prior: 1961 c 111 § 13.]

**35.71.910 Chapter controls inconsistent laws.** Insofar as the provisions of this chapter are inconsistent with a provision of any other law, the provisions of this chapter shall be controlling. [1965 c 7 § 35.71.910. Prior: 1961 c 111 § 15.]

### Chapter 35.72 RCW

#### CONTRACTS FOR STREET, ROAD, AND HIGHWAY PROJECTS

##### Sections

35.72.010	Contracts authorized for street projects.
35.72.020	Reimbursement by other property owners.
35.72.030	Reimbursement by other property owners—Reimbursement share.
35.72.040	Assessment reimbursement contracts.
35.72.050	Alternative financing methods—Participation in or creation of assessment reimbursement area by county, city, town, or department of transportation—Eligibility for reimbursement.

**35.72.010 Contracts authorized for street projects.** The legislative authority of any city, town, or county may contract with owners of real estate for the construction or improvement of street projects which the owners elect to install as a result of ordinances that require the projects as a prerequisite to further property development. [1983 c 126 § 1.]

#### **35.72.020 Reimbursement by other property owners.**

The contract may provide for the partial reimbursement to the owner or the owner's assigns for a period not to exceed fifteen years of a portion of the costs of the project by other property owners who:

- (1) Are determined to be within the assessment reimbursement area pursuant to RCW 35.72.040;
- (2) Are determined to have a reimbursement share based upon a benefit to the property owner pursuant to RCW 35.72.030;
- (3) Did not contribute to the original cost of the street project; and
- (4) Subsequently develop their property within the fifteen-year period and at the time of development were not required to install similar street projects because they were already provided for by the contract.

Street projects subject to reimbursement may include design, grading, paving, installation of curbs, gutters, storm drainage, sidewalks, street lighting, traffic controls, and other similar improvements, as required by the street standards of the city, town, or county. [1983 c 126 § 2.]

**35.72.030 Reimbursement by other property owners—Reimbursement share.** The reimbursement shall be a pro rata share of construction and reimbursement of contract administration costs of the street project. A city, town, or county shall determine the reimbursement share by using a method of cost apportionment which is based on the benefit to the property owner from such project. [1983 c 126 § 3.]

**35.72.040 Assessment reimbursement contracts.** The procedures for assessment reimbursement contracts shall be governed by the following:

(1) An assessment reimbursement area shall be formulated by the city, town, or county based upon a determination by the city, town, or county of which parcels adjacent to the improvements would require similar street improvements upon development.

(2) The preliminary determination of area boundaries and assessments, along with a description of the property owners' rights and options, shall be forwarded by certified mail to the property owners of record within the proposed assessment area. If any property owner requests a hearing in writing within twenty days of the mailing of the preliminary determination, a hearing shall be held before the legislative body, notice of which shall be given to all affected property owners. The legislative body's ruling is determinative and final.

(3) The contract must be recorded in the appropriate county auditor's office within thirty days of the final execution of the agreement.

(4) If the contract is so filed, it shall be binding on owners of record within the assessment area who are not party to the contract. [1988 c 179 § 16; 1983 c 126 § 4.]

**Severability—Prospective application—Section captions—1988 c 179:** See RCW 39.92.900 and 39.92.901.

**35.72.050 Alternative financing methods—Participation in or creation of assessment reimbursement area by county, city, town, or department of transportation—Eligibility for reimbursement.** (1) As an alternative to financ-

ing projects under this chapter solely by owners of real estate, a county, city, or town may join in the financing of improvement projects and may be reimbursed in the same manner as the owners of real estate who participate in the projects, if the county, city, or town has specified the conditions of its participation in an ordinance. As another alternative, a county, city, or town may create an assessment reimbursement area on its own initiative, without the participation of a private property owner, finance the costs of the road or street improvements, and become the sole beneficiary of the reimbursements that are contributed. A county, city, or town may be reimbursed only for the costs of improvements that benefit that portion of the public who will use the developments within the assessment reimbursement area established pursuant to RCW 35.72.040(1). No county, city, or town costs for improvements that benefit the general public may be reimbursed.

(2) The department of transportation may, for state highways, participate with the owners of real estate or may be the sole participant in the financing of improvement projects, in the same manner and subject to the same restrictions as provided for counties, cities, and towns, in subsection (1) of this section. The department shall enter into agreements whereby the appropriate county, city, or town shall act as an agent of the department in administering this chapter. [1997 c 158 § 1; 1987 c 261 § 1; 1986 c 252 § 1.]

**35.73.010 Authority—First and second class cities.** If a city of the first or second class establishes the grade of any street or alley at a higher elevation than any private property abutting thereon, thereby rendering the drainage of such private property or any part thereof impracticable without the raising of the surface of such private property, or if the surface of any private property in any such city is so low as to make sanitary drainage thereof impracticable and it is determined by resolution of the city council of such city that a fill of such private property is necessary as a sanitary measure, the city may provide therefor, and by general or special ordinance or both make provision for the necessary surveys, estimates, bids, contract, bond and supervision of the work and for making and approving the assessment roll of the local improvement district and for the collection of the assessments made thereby, and for the doing of everything which in their discretion may be necessary or be incidental thereto: PROVIDED, That before the approval of the assessment roll, notice shall be given and an opportunity offered for the owners of the property affected by the assessment roll to be heard before such city council in the same manner as in case of assessments for drainage or sewerage in the city. [1965 c 7 §

(2004 Ed.)

35.73.010. Prior: (i) 1907 c 243 § 1; RRS § 9426. (ii) 1907 c 243 § 4; RRS § 9429.]

**35.73.020 Estimates—Intention—Property included—Resolution.** Before establishing a grade for property or providing for the fill of property, the city must adopt a resolution declaring its intention to do so.

The resolution shall:

- (1) Describe the property proposed to be improved by the fill,
- (2) State the estimated cost of making the improvement,
- (3) State that the cost thereof is to be assessed against the property improved thereby, and
- (4) Fix a time not less than thirty days after the first publication of the resolution within which protests against the proposed improvement may be filed with the city clerk.

The resolution may include as many separate parcels of property as may seem desirable whether or not they are contiguous so long as they lie in the same general neighborhood and may be included conveniently in one local improvement district. [1965 c 7 § 35.73.020. Prior: 1907 c 243 § 2, part; RRS § 9427, part.]

**35.73.030 Hearing—Time of—Publication of resolution.** Upon the passage of the resolution the city clerk shall cause it to be published in the official newspaper of the city in at least two successive issues before the time fixed in the resolution for filing protests. Proof of publication by affidavit shall be filed as part of the record of the proceedings. [1965 c 7 § 35.73.030. Prior: 1907 c 243 § 2, part; RRS § 9427, part.]

**35.73.040 Ordinance—Assessments.** If no protest is filed, or if protests are filed but the city council after full hearing determines that it is necessary to fill any portion of the private property it shall proceed to enact an ordinance for such improvement. By the provisions of the ordinance, a local improvement district shall be established to be called "local improvement district No. . . .," which shall include all the property found by the said council to require the fill as a sanitary measure. The ordinance shall provide that such improvement shall be made and shall fix and establish the grades to which the said property and the different portions thereof shall be brought by such improvement, and that the cost and expense thereof shall be taxed and assessed upon all the property in such local improvement district, which cost shall be assessed in proportion to the number of cubic yards of earth and bulkheading required for the different portions of said property included in said improvement district and in proportion to the benefits derived by such improvement: PROVIDED, That the city council may expend from the general fund for such purposes such sums as in its judgment may seem fair and equitable in consideration of the benefits accruing to the general public by reason of such improvement. [1965 c 7 § 35.73.040. Prior: 1907 c 243 § 3, part; RRS § 9428, part.]

**35.73.050 Lien of assessments.** Whenever any expense or cost of work has been assessed the amount of such expense and cost shall become a lien upon said lands against which

the same are so assessed and shall take precedence of all other liens, except general tax liens and special assessment liens theretofore assessed by the said city thereon and which may be foreclosed in accordance with law in the name of such city as plaintiff. And in any such proceeding if the court trying the same shall be satisfied that the work has been done or material furnished for the fill of such property, a recovery shall be permitted or charge enforced to the extent of the proper proportion of the value of the work or material which would be chargeable on such lot or land notwithstanding any informality, irregularity or defects in any of the proceedings of such municipal corporation or its officers. The bonds may be issued subject to call, the amount of the said assessment to be payable in installments or otherwise, and the bonds to be of such terms as may be provided in the ordinances and to bear interest at such rate or rates as may be prescribed in the ordinances. Such bonds or warrants may be of any form, including bearer bonds or bearer warrants, or registered bonds or registered warrants as provided in RCW 39.46.030.

**35.76.050 Cost-audit examination and report.** The state auditor shall annually make a cost-audit examination of street records for each city and town and make a written report thereon to the legislative body of each city and town. The expense of the examination shall be paid out of that portion of the motor vehicle fund allocated to the cities and towns and withheld for use by the state department of transportation under the terms of RCW 46.68.110(1). [1995 c 301 § 50; 1984 c 7 § 22; 1965 c 7 § 35.76.050. Prior: 1963 c 115 § 5.]

for purposes of accounting and reporting as provided in RCW 35.76.020 and 35.76.030.

In the preparation of city and town budgets, including the preparation and filing of budget estimates, adoption of preliminary budgets and adoption of final budgets, all expenditures for street purposes shall be designated by such functional categories only. The six-year plan for each city or town shall specifically set forth those projects and programs of regional significance for inclusion in the transportation improvement program within that region.

**35.79.020 Notice of hearing—Objections prior to hearing.** Upon the passage of the resolution the city or town clerk shall give twenty days' notice of the pendency of the petition by a written notice posted in three of the most public places in the city or town and a like notice in a conspicuous place on the street or alley sought to be vacated. The said notice shall contain a statement that a petition has been filed to vacate the street or alley described in the notice, together with a statement of the time and place fixed for the hearing of the petition. In all cases where the proceeding is initiated by resolution of the city or town council or similar legislative authority without a petition having been signed by the owners of more than two-thirds of the property abutting upon the part of the street or alley sought to be vacated, in addition to the notice hereinabove required, there shall be given by mail at least fifteen days before the date fixed for the hearing, a similar notice to the owners or reputed owners of all lots, tracts or parcels of land or other property abutting upon any street or alley or any part thereof sought to be vacated, as shown on the rolls of the county treasurer, directed to the address thereon shown: PROVIDED, That if fifty percent of the abutting property owners file written objection to the proposed vacation with the clerk, prior to the time of hearing, the city shall be prohibited from proceeding with the resolution.

[1965 c 7 § 35.79.020. Prior: 1957 c 156 § 3; 1901 c 84 § 1, part; RRS § 9297, part.]

**35.79.030 Hearing—Ordinance of vacation.** The hearing on such petition may be held before the legislative authority, or before a committee thereof upon the date fixed by resolution or at the time said hearing may be adjourned to. If the hearing is before such a committee the same shall, following the hearing, report its recommendation on the petition to the legislative authority which may adopt or reject the recommendation. If such hearing be held before such a committee it shall not be necessary to hold a hearing on the petition before such legislative authority. If the legislative authority determines to grant said petition or any part thereof, such city or town shall be authorized and have authority by ordinance to vacate such street, or alley, or any part thereof, and the ordinance may provide that it shall not become effective until the owners of property abutting upon the street or alley, or part thereof so vacated, shall compensate such city or town in an amount which does not exceed one-half the appraised value of the area so vacated. If the street or alley has been part of a dedicated public right-of-way for twenty-five years or more, or if the subject property or portions thereof were acquired at public expense, the city or town may require the owners of the property abutting the street or alley to compensate the city or town in an amount that does not exceed the full appraised value of the area vacated. The ordinance may provide that the city retain an easement or the right to exercise and grant easements in respect to the vacated land for the construction, repair, and maintenance of public utilities and services. A certified copy of such ordinance shall be recorded by the clerk of the legislative authority and in the office of the auditor of the county in which the vacated land is located. One-half of the revenue received by the city or town as compensation for the area vacated must be dedicated to the acquisition, improvement, development, and related maintenance of public open space or transportation capital projects within the city or town. [2002 c 55 § 1; 2001 c 202 § 1; 1987 c 228 § 1; 1985 c 254 § 1; 1969 c 28 § 4. **35.79.035 Limitations on vacations of streets abutting bodies of water—Procedure.** (1) A city or town shall not vacate a street or alley if any portion of the street or alley abuts a body of fresh or salt water unless:

(a) The vacation is sought to enable the city or town to acquire the property for port purposes, beach or water access purposes, boat moorage or launching sites, park, public view, recreation, or educational purposes, or other public uses;

(b) The city or town, by resolution of its legislative authority, declares that the street or alley is not presently being used as a street or alley and that the street or alley is not suitable for any of the following purposes: Port, beach or water access, boat moorage, launching sites, park, public view, recreation, or education; or

(c) The vacation is sought to enable a city or town to implement a plan, adopted by resolution or ordinance, that provides comparable or improved public access to the same shoreline area to which the streets or alleys sought to be

(2004 Ed.)

vacated abut, had the properties included in the plan not been vacated.

(2) Before adopting a resolution vacating a street or alley under subsection (1)(b) of this section, the city or town shall:

(b) Conduct a study to determine if the street or alley to be vacated is suitable for use by the city or town for any of the following purposes: Port, boat moorage, launching sites, beach or water access, park, public view, recreation, or education;

(c) Hold a public hearing on the proposed vacation in the manner required by this chapter, where in addition to the normal requirements for publishing notice, notice of the public hearing is posted conspicuously on the street or alley sought to be vacated, which posted notice indicates that the area is public access, it is proposed to be vacated, and that anyone objecting to the proposed vacation should attend the public hearing or send a letter to a particular official indicating his or her objection; and

(d) Make a finding that the street or alley sought to be vacated is not suitable for any of the purposes listed under (b) of this subsection, and that the vacation is in the public interest.

(3) No vacation shall be effective until the fair market value has been paid for the street or alley that is vacated. Moneys received from the vacation may be used by the city or town only for acquiring additional beach or water access, acquiring additional public view sites to a body of water, or acquiring additional moorage or launching sites. [1987 c 228 § 2.]

**35.79.040 Title to vacated street or alley.** If any street or alley in any city or town is vacated by the city or town council, the property within the limits so vacated shall belong to the abutting property owners, one-half to each. [1965 c 7 § 35.79.040. Prior: 1901 c 84 § 3; RRS § 9299.]

**35.80.010 Declaration of purpose.** It is hereby found that there exist, in the various municipalities and counties of the state, dwellings which are unfit for human habitation, and buildings, structures, and premises or portions thereof which are unfit for other uses due to dilapidation, disrepair, structural defects, defects increasing the hazards of fire, accidents, or other calamities, inadequate ventilation and uncleanliness, inadequate light or sanitary facilities, inadequate drainage,

overcrowding, or due to other conditions which are inimical to the health and welfare of the residents of such municipalities and counties.

It is further found and declared that the powers conferred by this chapter are for public uses and purposes for which public money may be expended, and that the necessity of the public interest for the enactment of this law is hereby declared to be a matter of local legislative determination. [1989 c 133 § 1; 1969 ex.s. c 127 § 1; 1967 c 111 § 1; 1965 c 7 § 35.80.010. Prior: 1959 c 82 § 1.]

**35.80.020 Definitions.** The following terms, however used or referred to in this chapter, shall have the following meanings, unless a different meaning is clearly indicated by the context:

(1) "Board" shall mean the improvement board as provided for in RCW 35.80.030(1)(a);

(2) "Local governing body" shall mean the council, board, commission, or other legislative body charged with governing the municipality or county;

(3) "Municipality" shall mean any city, town or county in the state;

**35.80.030 Permissible ordinances—Appeal.** (1) Whenever the local governing body of a municipality finds that one or more conditions of the character described in RCW 35.80.010 exist within its territorial limits, said governing body may adopt ordinances relating to such dwellings, buildings, structures, or premises. Such ordinances may provide for the following:

(a) That an "improvement board" or officer be designated or appointed to exercise the powers assigned to such board or officer by the ordinance as specified herein. Said board or officer may be an existing municipal board or officer in the municipality, or may be a separate board or officer appointed solely for the purpose of exercising the powers assigned by said ordinance.

If a board is created, the ordinance shall specify the terms, method of appointment, and type of membership of said board, which may be limited, if the local governing body chooses, to public officers as herein defined.

(b) If a board is created, a public officer, other than a member of the improvement board, may be designated to work with the board and carry out the duties and exercise the powers assigned to said public officer by the ordinance.

(c) That if, after a preliminary investigation of any dwelling, building, structure, or premises, the board or officer finds that it is unfit for human habitation or other use, he shall cause to be served either personally or by certified mail, with return receipt requested, upon all persons having any interest therein, as shown upon the records of the auditor's office of the county in which such property is located, and shall post in a conspicuous place on such property, a complaint stating in

what respects such dwelling, building, structure, or premises is unfit for human habitation or other use. If the whereabouts of any of such persons is unknown and the same cannot be ascertained by the board or officer in the exercise of reasonable diligence, and the board or officer makes an affidavit to that effect, then the serving of such complaint or order upon such persons may be made either by personal service or by mailing a copy of the complaint and order by certified mail, postage prepaid, return receipt requested, to each such person at the address of the building involved in the proceedings, and mailing a copy of the complaint and order by first class mail to any address of each such person in the records of the county assessor or the county auditor for the county where the property is located. Such complaint shall contain a notice that a hearing will be held before the board or officer, at a place therein fixed, not less than ten days nor more than thirty days after the serving of said complaint; and that all parties in interest shall be given the right to file an answer to the complaint, to appear in person, or otherwise, and to give testimony at the time and place in the complaint. The rules of evidence prevailing in courts of law or equity shall not be controlling in hearings before the board or officer. A copy of such complaint shall also be filed with the auditor of the county in which the dwelling, building, structure, or premise [premises] is located, and such filing of the complaint or order shall have the same force and effect as other lis pendens notices provided by law.

(d) That the board or officer may determine that a dwelling, building, structure, or premises is unfit for human habitation or other use if it finds that conditions exist in such dwelling, building, structure, or premises which are dangerous or injurious to the health or safety of the occupants of such dwelling, building, structure, or premises, the occupants of neighboring dwellings, or other residents of such municipality. Such conditions may include the following, without limitations: Defects therein increasing the hazards of fire or accident; inadequate ventilation, light, or sanitary facilities, dilapidation, disrepair, structural defects, uncleanliness, overcrowding, or inadequate drainage. The ordinance shall state reasonable and minimum standards covering such conditions, including those contained in ordinances adopted in accordance with subdivision (7)(a) herein, to guide the board or the public officer and the agents and employees of either, in determining the fitness of a dwelling for human habitation, or building, structure, or premises for other use.

(e) That the determination of whether a dwelling, building, structure, or premises should be repaired or demolished, shall be based on specific stated standards on (i) the degree of structural deterioration of the dwelling, building, structure, or premises, or (ii) the relationship that the estimated cost of repair bears to the value of the dwelling, building, structure, or premises, with the method of determining this value to be specified in the ordinance.

(f) That if, after the required hearing, the board or officer determines that the dwelling is unfit for human habitation, or building or structure or premises is unfit for other use, it shall state in writing its findings of fact in support of such determination, and shall issue and cause to be served upon the owner or party in interest thereof, as is provided in subdivision (1)(c), and shall post in a conspicuous place on said property, an order which (i) requires the owner or party in interest,

within the time specified in the order, to repair, alter, or improve such dwelling, building, structure, or premises to render it fit for human habitation, or for other use, or to vacate and close the dwelling, building, structure, or premises, if such course of action is deemed proper on the basis of the standards set forth as required in subdivision (1)(e); or (ii) requires the owner or party in interest, within the time specified in the order, to remove or demolish such dwelling, building, structure, or premises, if this course of action is deemed proper on the basis of said standards. If no appeal is filed, a copy of such order shall be filed with the auditor of the county in which the dwelling, building, structure, or premises is located.

(g) The owner or any party in interest, within thirty days from the date of service upon the owner and posting of an order issued by the board under the provisions of subdivision (c) of this subsection, may file an appeal with the appeals commission.

The local governing body of the municipality shall designate or establish a municipal agency to serve as the appeals commission. The local governing body shall also establish rules of procedure adequate to assure a prompt and thorough review of matters submitted to the appeals commission, and such rules of procedure shall include the following, without being limited thereto: (i) All matters submitted to the appeals commission must be resolved by the commission within sixty days from the date of filing therewith and (ii) a transcript of the findings of fact of the appeals commission shall be made available to the owner or other party in interest upon demand.

The findings and orders of the appeals commission shall be reported in the same manner and shall bear the same legal consequences as if issued by the board, and shall be subject to review only in the manner and to the extent provided in subdivision (2) of this section.

If the owner or party in interest, following exhaustion of his rights to appeal, fails to comply with the final order to repair, alter, improve, vacate, close, remove, or demolish the dwelling, building, structure, or premises, the board or officer may direct or cause such dwelling, building, structure, or premises to be repaired, altered, improved, vacated, and closed, removed, or demolished.

(h) That the amount of the cost of such repairs, alterations or improvements; or vacating and closing; or removal or demolition by the board or officer, shall be assessed against the real property upon which such cost was incurred unless such amount is previously paid. Upon certification to him by the treasurer of the municipality in cases arising out of the city or town or by the county improvement board or officer, in cases arising out of the county, of the assessment amount being due and owing, the county treasurer shall enter the amount of such assessment upon the tax rolls against the property for the current year and the same shall become a part of the general taxes for that year to be collected at the same time and with interest at such rates and in such manner as provided for in RCW 84.56.020, as now or hereafter amended, for delinquent taxes, and when collected to be deposited to the credit of the general fund of the municipality. If the dwelling, building, structure, or premises is removed or demolished by the board or officer, the board or officer shall, if possible, sell the materials of such dwelling, building, structure, [or] premises in accordance with procedures set forth in said

(2004 Ed.)

ordinance, and shall credit the proceeds of such sale against the cost of the removal or demolition and if there be any balance remaining, it shall be paid to the parties entitled thereto, as determined by the board or officer, after deducting the costs incident thereto.

The assessment shall constitute a lien against the property which shall be of equal rank with state, county and municipal taxes.

(2) Any person affected by an order issued by the appeals commission pursuant to subdivision (1)(f) hereof may, within thirty days after the posting and service of the order, petition to the superior court for an injunction restraining the public officer or members of the board from carrying out the provisions of the order. In all such proceedings the court is authorized to affirm, reverse, or modify the order and such trial shall be heard de novo.

(3) An ordinance adopted by the local governing body of the municipality may authorize the board or officer to exercise such powers as may be necessary or convenient to carry out and effectuate the purposes and provisions of this section. These powers shall include the following in addition to others herein granted: (a)(i) To determine which dwellings within the municipality are unfit for human habitation; (ii) to determine which buildings, structures, or premises are unfit for other use; (b) to administer oaths and affirmations, examine witnesses and receive evidence; and (c) to investigate the dwelling and other property conditions in the municipality or county and to enter upon premises for the purpose of making examinations when the board or officer has reasonable ground for believing they are unfit for human habitation, or for other use: PROVIDED, That such entries shall be made in such manner as to cause the least possible inconvenience to the persons in possession, and to obtain an order for this purpose after submitting evidence in support of an application which is adequate to justify such an order from a court of competent jurisdiction in the event entry is denied or resisted.

(4) The local governing body of any municipality adopting an ordinance pursuant to this chapter may appropriate the necessary funds to administer such ordinance.

(5) Nothing in this section shall be construed to abrogate or impair the powers of the courts or of any department of any municipality to enforce any provisions of its charter or its ordinances or regulations, nor to prevent or punish violations thereof; and the powers conferred by this section shall be in addition and supplemental to the powers conferred by any other law.

(6) Nothing in this section shall be construed to impair or limit in any way the power of the municipality to define and declare nuisances and to cause their removal or abatement, by summary proceedings or otherwise.

(7) Any municipality may (by ordinance adopted by its governing body) (a) prescribe minimum standards for the use and occupancy of dwellings throughout the municipality, or county, (b) prescribe minimum standards for the use or occupancy of any building, structure, or premises used for any other purpose, (c) prevent the use or occupancy of any dwelling, building, structure, or premises, which is injurious to the public health, safety, morals, or welfare, and (d) prescribe punishment for the violation of any provision of such ordinance. **35.80.040 Discrimination prohibited.** For all the purposes of this chapter and the ordinances adopted as provided herein, no person shall, because of race, creed, color, or national origin, be subjected to any discrimination. [1965 c 7 § 35.80.040. Prior: 1959 c 82 § 4.]

**35.80A.010 Condemnation of blighted property.** Every county, city, and town may acquire by condemnation, in accordance with the notice requirements and other procedures for condemnation provided in Title 8 RCW, any property, dwelling, building, or structure which constitutes a blight on the surrounding neighborhood. A "blight on the surrounding neighborhood" is any property, dwelling, building, or structure that meets any two of the following factors: (1) If a dwelling, building, or structure exists on the property, the dwelling, building, or structure has not been lawfully occupied for a period of one year or more; (2) the property, dwelling, building, or structure constitutes a threat to the public health, safety, or welfare as determined by the executive authority of the county, city, or town, or the designee of the executive authority; or (3) the property, dwelling, building, or structure is or has been associated with illegal drug activity during the previous twelve months. Prior to such condemnation, the local governing body shall adopt a resolution declaring that the acquisition of the real property described therein is necessary to eliminate neighborhood blight. The purchasers or lessees and their successors and assigns shall be obligated to comply with such other requirements as the county, city, or town may determine to be in the public interest, including the obligation to begin, within a reasonable time, any improvements on such property required to make the dwelling, building, or structure habitable. Such real property or interest shall be sold, leased, or otherwise transferred,

at not less than its fair market value. In determining the fair market value of real property for uses in accordance with this section, a municipality shall take into account and give consideration to, the restrictions upon and the covenants, conditions, and obligations assumed by the purchaser or lessee. [1989 c 271 § 240.]

**35.80A.030 Disposition of blighted property—Procedures.** A county, city, or town may dispose of real property acquired pursuant to this section to private persons only under such reasonable, competitive procedures as it shall prescribe. **35.81.005 Declaration of purpose and necessity.** It is hereby found and declared that blighted areas which constitute a serious and growing menace, injurious to the public health, safety, morals and welfare of the residents of the state exist in municipalities of the state; that the existence of such areas contributes substantially and increasingly to the spread of disease and crime and depreciation of property values, constitutes an economic and social liability, substantially impairs or arrests the sound growth of municipalities, retards the provision of housing accommodations, hinders job creation and economic growth, aggravates traffic problems and substantially impairs or arrests the elimination of traffic hazards and the improvement of traffic facilities; and that the prevention and elimination of such areas is a matter of state policy and state concern in order that the state and its municipalities shall not continue to be endangered by areas which are focal centers of disease, promote juvenile delinquency, are conducive to fires, are difficult to police and to provide police protection for, and, while contributing little to the tax income of the state and its municipalities, consume an excessive proportion of its revenues because of the extra services required for police, fire, accident, hospitalization and other forms of public protection, services, and facilities.

It is further found and declared that certain of such areas, or portions thereof, may require acquisition, clearance, and disposition subject to use restrictions, as provided in this chapter, since the prevailing condition of decay may make impracticable the reclamation of the area by rehabilitation; that other areas or portions thereof may, through the means provided in this chapter, be susceptible of rehabilitation in such a manner that the conditions and evils hereinbefore enumerated may be eliminated, remedied or prevented; and that to the extent feasible salvable blighted areas should be rehabilitated through voluntary action and the regulatory process.

It is further found and declared that there is an urgent need to enhance the ability of municipalities to act effectively and expeditiously to revive blighted areas and to prevent further blight due to shocks to the economy of the state and their actual and threatened effects on unemployment, poverty, and the availability of private capital for businesses and projects in the area.

It is further found and declared that the powers conferred by this chapter are for public uses and purposes for which public money may be expended and the power of eminent domain exercised; and that the necessity in the public interest for the provisions herein enacted is hereby declared as a matter of legislative determination. [2002 c 218 § 2; 1965 c 7 § 35.81.020. Prior: 1957 c 42 § 2. Formerly RCW 35.81.020.]

**Severability—2002 c 218:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2002 c 218 § 28.]

**Savings—Construction—2002 c 218:** "(1) This act does not impair any authority granted, any actions undertaken, or any liability or obligation incurred under the sections amended in this act or under any rule, order, plan, or project adopted under those sections, nor does it impair any proceedings instituted under those sections.

(2) Any power granted in this act with respect to a community renewal

plan, and any process authorized for the exercise of the power, may be used by any municipality in implementing any urban renewal plan or project adopted under chapter 35.81 RCW, to the same extent as if the plan were adopted as a community renewal plan.

(3) This act shall be liberally construed." [2002 c 218 § 29.]

**35.81.015 Definitions.** The following terms wherever used or referred to in this chapter, shall have the following meanings, unless a different meaning is clearly indicated by the context:

(3) "Bonds" means any bonds, notes, or debentures (including refunding obligations) herein authorized to be issued.

(4) "Clerk" means the clerk or other official of the municipality who is the custodian of the official records of such municipality.

(a) By appointing a board or commission composed of not less than five members, which board or commission shall include municipal officials and elected officials, selected by the mayor, with approval of the local governing body of the municipality; or

(2004 Ed.)

**35.81.060 Comprehensive plan—Preparation—Hearing—Approval—Modification—Effect.** (1) A municipality shall not approve a community renewal project for a community renewal area unless the local governing body has, by ordinance or resolution, determined such an area to be a blighted area and designated the area as appropriate for a community renewal project. The local governing body shall not approve a community renewal plan until a comprehensive plan or parts of the plan for an area which would include a community renewal area for the municipality have been prepared as provided in chapter 36.70A RCW. For municipalities not subject to the planning requirements of chapter 36.70A RCW, any proposed comprehensive plan must be consistent with a local comprehensive plan adopted under chapter 35.63 or 36.70 RCW, or any other applicable law. A municipality shall not acquire real property for a community renewal project unless the local governing body has approved the community renewal project plan in accordance with subsection (4) of this section.

(2) The municipality may itself prepare or cause to be prepared a community renewal plan, or any person or agency, public or private, may submit such a plan to the municipality. Prior to its approval of a community renewal project, the local governing body shall review and determine the conformity of the community renewal plan with the comprehensive plan or parts thereof for the development of the municipality as a whole. If the community renewal plan is not consistent with the existing comprehensive plan, the local governing body may amend its comprehensive plan or community renewal plan.

(3) Prior to adoption, the local governing body shall hold a public hearing on a community renewal plan after providing public notice. The notice shall be given by publication once each week for two consecutive weeks not less than ten nor more than thirty days prior to the date of the hearing in a newspaper having a general circulation in the community renewal area of the municipality and by mailing a notice of the hearing not less than ten days prior to the date of the hearing to the persons whose names appear on the county treasurer's tax roll as the owner or reputed owner of the property, at the address shown on the tax roll. The notice shall describe the time, date, place, and purpose of the hearing, shall generally identify the community renewal area affected, and shall outline the general scope of the community renewal plan under consideration.

(4) Following the hearing, the local governing body may approve a community renewal project if it finds that (a) a feasible plan exists for making available adequate housing for the residents who may be displaced by the project; (b) the community renewal plan conforms to the comprehensive plan for the municipality; (c) the community renewal plan will afford maximum opportunity, consistent with the needs of the municipality, for the rehabilitation or redevelopment of the community renewal area by private enterprise; (d) a sound and adequate financial program exists for the financing of the project; and (e) the community renewal project area is a blighted area as defined in RCW 35.81.015(2).

(5) A community renewal project plan may be modified at any time by the local governing body. However, if modified after the lease or sale by the municipality of real property in the community renewal project area, the modification shall

be subject to the rights at law or in equity as a lessee or purchaser, or the successor or successors in interest may be entitled to assert.

(6) Unless otherwise expressly stated in an ordinance or resolution of the governing body of the municipality, a community renewal plan shall not be considered a subarea plan or part of a comprehensive plan for purposes of chapter 36.70A RCW. However, a municipality that has adopted a comprehensive plan under chapter 36.70A RCW may adopt all or part of a community renewal plan at any time as a new or amended subarea plan, whether or not any subarea plan has previously been adopted for all or part of the community renewal area. Any community renewal plan so adopted, unless otherwise determined by the growth management hearings board with jurisdiction under a timely appeal in RCW 36.70A.280, shall be conclusively presumed to comply with the requirements in this chapter for consistency with the comprehensive plan. [2002 c 218 § 6; 1965 c 7 § 35.81.060. Prior: 1957 c 42 § 6.]

**Severability—Savings—Construction—2002 c 218:** See notes following RCW 35.81.005.

**35.81.070 Powers of municipality.** Every municipality shall have all the powers necessary or convenient to carry out and effectuate the purposes and provisions of this chapter, including the following powers in addition to others granted under this chapter:

(1) To undertake and carry out community renewal projects within the municipality, to make and execute contracts and other instruments necessary or convenient to the exercise of its powers under this chapter, and to disseminate blight clearance and community renewal information.

(2) To provide or to arrange or contract for the furnishing or repair by any person or agency, public or private, of services, privileges, works, streets, roads, public utilities or other facilities for, or in connection with, a community renewal project; to install, construct, and reconstruct streets, utilities, parks, playgrounds, and other public improvements; and to agree to any conditions that it may deem reasonable and appropriate attached to federal financial assistance and imposed pursuant to federal law relating to the determination of prevailing salaries or wages or compliance with labor standards, in the undertaking or carrying out of a community renewal project, and to include in any contract let in connection with such a project, provisions to fulfill such of said conditions as it may deem reasonable and appropriate.

(3) To provide financial or technical assistance, using available public or private funds, to a person or public body for the purpose of creating or retaining jobs, a substantial portion of which, as determined by the municipality, shall be for persons of low income.

(4) To make payments, loans, or grants to, provide assistance to, and contract with existing or new owners and tenants of property in the community renewal areas as compensation for any adverse impacts, such as relocation or interruption of business, that may be caused by the implementation of a community renewal project, and/or consideration for commitments to develop, expand, or retain land uses that contribute to the success of the project or plan, including without limitation businesses that will create or retain jobs, a substan-

tial portion of which, as determined by the municipality, shall be for persons of low income.

(5) To contract with a person or public body to provide financial assistance, authorized under this section, to property owners and tenants impacted by the implementation of the community renewal plan and to provide incentives to property owners and tenants to encourage them to locate in the community renewal area after adoption of the community renewal plan.

(6) Within the municipality, to enter upon any building or property in any community renewal area, in order to make surveys and appraisals, provided that such entries shall be made in such a manner as to cause the least possible inconvenience to the persons in possession, and to obtain an order for this purpose from a court of competent jurisdiction in the event entry is denied or resisted; to acquire by purchase, lease, option, gift, grant, bequest, devise, eminent domain, or otherwise, any real property and such personal property as may be necessary for the administration of the provisions herein contained, together with any improvements thereon; to hold, improve, clear, or prepare for redevelopment any such property; to dispose of any real property; to insure or provide for the insurance of any real or personal property or operations of the municipality against any risks or hazards, including the power to pay premiums on any such insurance: **PROVIDED**, That no statutory provision with respect to the acquisition, clearance, or disposition of property by public bodies shall restrict a municipality in the exercise of such functions with respect to a community renewal project.

(7) To invest any community renewal project funds held in reserves or sinking funds or any such funds which are not required for immediate disbursement, in property or securities in which mutual savings banks may legally invest funds subject to their control; to redeem such bonds as have been issued pursuant to RCW 35.81.100 at the redemption price established therein or to purchase such bonds at less than redemption price, all such bonds so redeemed or purchased to be canceled.

(8) To borrow money and to apply for, and accept, advances, loans, grants, contributions and any other form of financial assistance from the federal government, the state, county, or other public body, or from any sources, public or private, for the purposes of this chapter, and to enter into and carry out contracts in connection therewith. A municipality may include in any application or contract for financial assistance with the federal government for a community renewal project such conditions imposed pursuant to federal laws as the municipality may deem reasonable and appropriate and which are not inconsistent with the purposes of this chapter.

(9) Within the municipality, to make or have made all plans necessary to the carrying out of the purposes of this chapter and to contract with any person, public or private, in making and carrying out such plans and to adopt or approve, modify, and amend such plans. Such plans may include, without limitation: (a) A comprehensive plan or parts thereof for the locality as a whole, (b) community renewal plans, (c) plans for carrying out a program of voluntary or compulsory repair and rehabilitation of buildings and improvements, (d) plans for the enforcement of state and local laws, codes, and regulations relating to the use of land and the use and occupancy of buildings and improvements and to the compulsory

repair, rehabilitation, demolition, or removal of buildings and improvements, (e) appraisals, title searches, surveys, studies, and other preliminary plans and work necessary to prepare for the undertaking of community renewal projects, and (f) plans to provide financial or technical assistance to a person or public body for the purpose of creating or retaining jobs, a substantial portion of which, as determined by the municipality, shall be for persons of low income. The municipality is authorized to develop, test, and report methods and techniques, and carry out demonstrations and other activities, for the prevention and the elimination of blight, for job creation or retention activities, and to apply for, accept, and utilize grants of, funds from the federal government for such purposes.

(10) To prepare plans for the relocation of families displaced from a community renewal area, and to coordinate public and private agencies in such relocation, including requesting such assistance for this purpose as is available from other private and governmental agencies, both for the municipality and other parties.

(11) To appropriate such funds and make such expenditures as may be necessary to carry out the purposes of this chapter, and in accordance with state law: (a) Levy taxes and assessments for such purposes; (b) acquire land either by negotiation or eminent domain, or both; (c) close, vacate, plan, or replan streets, roads, sidewalks, ways, or other places; (d) plan or replan, zone or rezone any part of the municipality; (e) adopt annual budgets for the operation of a community renewal agency, department, or offices vested with community renewal project powers under RCW 35.81.150; and (f) enter into agreements with such agencies or departments (which agreements may extend over any period) respecting action to be taken by such municipality pursuant to any of the powers granted by this chapter.

(12) Within the municipality, to organize, coordinate, and direct the administration of the provisions of this chapter as they apply to such municipality in order that the objective of remedying blighted areas and preventing the causes thereof within such municipality may be most effectively promoted and achieved, and to establish such new office or offices of the municipality or to reorganize existing offices in order to carry out such purpose most effectively.

(13) To contract with a person or public body to assist in carrying out the purposes of this chapter.

(14) To exercise all or any part or combination of powers herein granted. [2002 c 218 § 7; 1965 c 7 § 35.81.070. Prior: 1957 c 42 § 7.]

**Severability—Savings—Construction—2002 c 218:** See notes following RCW 35.81.005.

**35.81.080 Eminent domain.** A municipality shall have the right to acquire by condemnation, in accordance with the procedure provided for condemnation by such municipality for other purposes, any interest in real property, which it may deem necessary for a community renewal project under this chapter after the adoption by the local governing body of a resolution declaring that the acquisition of the real property described therein is necessary for such purpose. Condemnation for community renewal of blighted areas is declared to be a public use, and property already devoted to any other public use or acquired by the owner or a predecessor in inter-

est by eminent domain may be condemned for the purposes of this chapter.

The award of compensation for real property taken for such a project shall not be increased by reason of any increase in the value of the real property caused by the assembly, clearance, or reconstruction, or proposed assembly, clearance, or reconstruction in the project area. No allowance shall be made for the improvements begun on real property after notice to the owner of such property of the institution of proceedings to condemn such property. Evidence shall be admissible bearing upon the insanitary, unsafe, or substandard condition of the premises, or the unlawful use thereof. [2002 c 218 § 8; 1965 c 7 § 35.81.080. Prior: 1957 c 42 § 8.]

*Eminent domain by cities: Chapter 8.12 RCW.*

**35.81.090 Acquisition, disposal of real property in community renewal area.** (1) A municipality, with approval of its legislative authority, may acquire real property, or any interest therein, for the purposes of a community renewal project (a) prior to the selection of one or more persons interested in undertaking to redevelop or rehabilitate the real property, or (b) after the selection of one or more persons interested in undertaking to redevelop or rehabilitate such real property. In either case the municipality may select a redeveloper through a competitive bidding process consistent with this section or through a process consistent with RCW 35.81.095.

(2) A municipality, with approval of its legislative authority, may sell, lease, or otherwise transfer real property or any interest therein acquired by it for a community renewal project, in a community renewal area for residential, recreational, commercial, industrial, or other uses or for public use, and may enter into contracts with respect thereto, or may retain such a property or interest only for parks and recreation, education, public utilities, public transportation, public safety, health, highways, streets, and alleys, administrative buildings, or civic centers, in accordance with the community renewal project plan, subject to such covenants, conditions, and restrictions, including covenants running with the land, as it may deem to be necessary or desirable to assist in preventing the development or spread of blighted areas or otherwise to carry out the purposes of this chapter. However, such a sale, lease, other transfer, or retention, and any agreement relating thereto, may be made only after the approval of the community renewal plan by the local governing body. The purchasers or lessees and their successors and assigns shall be obligated to devote the real property only to the uses specified in the community renewal plan, and may be obligated to comply with any other requirements as the municipality may determine to be in the public interest, including the obligation to begin and complete, within a reasonable time, any improvements on the real property required by the community renewal plan or promised by the transferee. The real property or interest shall be sold, leased, or otherwise transferred for the consideration the municipality determines adequate. In determining the adequacy of consideration, a municipality may take into account the uses permitted under the community renewal plan; the restrictions upon, and the covenants, conditions, and obligations assumed by, the trans-

ferree; and the public benefits to be realized, including furthering of the objectives of the plan for the prevention of the recurrence of blighted areas.

(3) The municipality in any instrument of conveyance to a private purchaser or lessee may provide that the purchaser or lessee shall be without power to sell, lease, or otherwise transfer the real property, or to permit changes in ownership or control of a purchaser or lessee that is not a natural person, in each case without the prior written consent of the municipality until the purchaser or lessee has completed the construction of all improvements that it has obligated itself to construct thereon. The municipality may also retain the right, upon any earlier transfer or change in ownership or control without consent; or any failure or change in ownership or control without consent; or any failure to complete the improvements within the time agreed to terminate the transferee's interest in the property; or to retain or collect on any deposit or instrument provided as security, or both. The enforcement of these restrictions and remedies is declared to be consistent with the public policy of this state. Real property acquired by a municipality that, in accordance with the provisions of the community renewal plan, is to be transferred, shall be transferred as rapidly as feasible, in the public interest, consistent with the carrying out of the provisions of the community renewal plan. The inclusion in any contract or conveyance to a purchaser or lessee of any covenants, restrictions, or conditions (including the incorporation by reference therein of the provisions of a community renewal plan or any part thereof) shall not prevent the recording of such a contract or conveyance in the land records of the auditor or the county in which the city or town is located, in a manner that affords actual or constructive notice thereof.

(4)(a)(i) A municipality may dispose of real property in a community renewal area, acquired by the municipality under this chapter, to any private persons only under those reasonable competitive bidding procedures as it shall prescribe, or by competitive bidding as provided in this subsection, through direct negotiation where authorized under (c) of this subsection, or by a process authorized in RCW 35.81.095.

(ii) A competitive bidding process may occur (A) prior to the purchase of the real property by the municipality, or (B) after the purchase of the real property by the municipality.

(b)(i) A municipality may, by public notice by publication once each week for three consecutive weeks in a newspaper having a general circulation in the community, prior to the execution of any contract or deed to sell, lease, or otherwise transfer real property and prior to the delivery of any instrument of conveyance with respect thereto under the provisions of this section, invite bids from, and make available all pertinent information to, private redevelopers or any persons interested in undertaking to redevelop or rehabilitate a community renewal area, or any part thereof. This notice shall identify the area, or portion thereof, and shall state that further information as is available may be obtained at the office as shall be designated in the notice.

(ii) The municipality shall consider all responsive redevelopment or rehabilitation bids and the financial and legal ability of the persons making the bids to carry them out. The municipality may accept the bids as it deems to be in the pub-

lic interest and in furtherance of the purposes of this chapter. Thereafter, the municipality may execute, in accordance with the provisions of subsection (2) of this section, and deliver contracts, deeds, leases, and other instruments of transfer.

(c) If the legislative authority of the municipality determines that the sale of real property to a specific person is necessary to the success of a neighborhood revitalization or community renewal project for which the municipality is providing assistance to a nonprofit organization from federal community development block grant funds under 42 U.S.C. Sec. 5305(a)(15), or successor provision, under a plan or grant application approved by the United States department of housing and urban development, or successor agency, then the municipality may sell or lease that property to that person through direct negotiation, for consideration determined by the municipality to be adequate consistent with subsection (2) of this section. This direct negotiation may occur, and the municipality may enter into an agreement for sale or lease, either before or after the acquisition of the property by the municipality. Unless the municipality has provided notice to the public of the intent to sell or lease the property by direct negotiation, as part of a citizen participation process adopted under federal regulations for the plan or grant application under which the federal community development block grant funds have been awarded, the municipality shall publish notice of the sale at least fifteen days prior to the conveyance of the property.

(5) A municipality may operate and maintain real property acquired in a community renewal area for a period of three years pending the disposition of the property for redevelopment, without regard to the provisions of subsection (2) of this section, for such uses and purposes as may be deemed desirable even though not in conformity with the community renewal plan. However, the municipality may, after a public hearing, extend the time for a period not to exceed three years.

(6) Any covenants, restrictions, promises, undertakings, releases, or waivers in favor of a municipality contained in any deed or other instrument accepted by any transferee of property from the municipality or community renewal agency under this chapter, or contained in any document executed by any owner of property in a community renewal area, shall run with the land to the extent provided in the deed, instrument, or other document, so as to bind, and be enforceable by the municipality against, the person accepting or making the deed, instrument, or other document and that person's heirs, successors in interest, or assigns having actual or constructive notice thereof. [2002 c 218 § 9; 1965 c 7 § 35.81.090. Prior: 1957 c 42 § 9.]

**Severability—Savings—Construction—2002 c 218:** See notes following RCW 35.81.005.

**35.81.095 Selection of person to undertake redevelopment or rehabilitation of real property.** (1) The process authorized under this section may occur (a) prior to the purchase of the real property by the municipality, or (b) after the purchase of the real property by the municipality.

(2) A municipality may, by public notice once each week for three consecutive weeks in a legal newspaper in the municipality, or prior to the execution of any contract or deed to sell, lease, or otherwise transfer real property and prior to

the delivery of any instrument of conveyance with respect thereto under the provisions of this section, invite statements of interest and qualifications and, at the municipality's option, proposals from any persons interested in undertaking to redevelop or rehabilitate the real property.

(3) The notice required under this section shall identify the area, or portion thereof, the process the municipality will use to evaluate qualifications and, if applicable, proposals submitted by redevelopers or any persons, and other information relevant to the community renewal project. The notice shall also state that further information, as is available, may be obtained at the offices designated in the notice.

(4)(a) Based on its evaluation of qualifications and, if applicable, proposals, the municipality may select a proposer with whom to negotiate or may select two or more finalists to submit proposals, or to submit more detailed or revised proposals. The municipality may, in its sole discretion, reject all responses or proposals, amend any solicitation to allow modification or supplementation of qualifications or proposals, or waive irregularities in the content or timing of any qualifications or proposals.

(b) The municipality may initiate negotiations with the person selected on the basis of qualifications or proposals. If the municipality does not enter into a contract with that person, it may (i) enter into negotiations with the person that submitted the next highest ranked qualifications or proposal, (ii) solicit additional proposals using a process permitted by RCW 35.81.090, or (iii) otherwise dispose of or retain the real property consistent with the provisions of this chapter. A municipality shall not be required to select or enter into a contract with any proposer or to compensate any proposer for the cost of preparing a proposal or negotiating with the municipality.

(c) A municipality, with approval of its legislative authority, may select and enter into a contract with more than one proposer to carry out different aspects or parts of a community renewal plan. [2002 c 218 § 10.]

**Severability—Savings—Construction—2002 c 218:** See notes following RCW 35.81.005.

**35.81.100 Bonds—Issuance—Form, terms, payment, etc.—Fund for excess property tax, excise tax.** (1) A municipality shall have the power to issue bonds from time to time in its discretion to finance the undertaking of any community renewal project under this chapter, including, without limiting the generality of this power, the payment of principal and interest upon any advances for surveys and plans for community renewal projects, and shall also have power to issue refunding bonds for the payment or retirement of such bonds previously issued by it. Such bonds shall not pledge the general credit of the municipality and shall be made payable, as to both principal and interest, solely from the income, proceeds, revenues, and funds of the municipality derived from, or held in connection with, its undertaking and carrying out of community renewal projects under this chapter. However, the payment of such bonds, both as to principal and interest, may be further secured by a pledge of any loan, grant, or contribution from the municipality, the federal government, or from other sources, in aid of any community renewal projects of the municipality under this chapter.

(2004 Ed.)

(2) Bonds issued under this section shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, and shall not be subject to the provisions of any other law or charter relating to the authorization, issuance, or sale of bonds. Bonds issued under the provisions of this chapter are declared to be issued for an essential public and governmental purpose, and together with interest thereon and income therefrom, shall be exempted from all taxes.

**35.82.010 Finding and declaration of necessity.** It is hereby declared: (1) That there exist in the state insanitary or unsafe dwelling accommodations and that persons of low income are forced to reside in such insanitary or unsafe accommodations; that within the state there is a shortage of safe or sanitary dwelling accommodations available at rents which persons of low income can afford and that such persons are forced to occupy overcrowded and congested dwelling accommodations; that the aforesaid conditions cause an increase in and spread of disease and crime and constitute a menace to the health, safety, morals and welfare of the residents of the state and impair economic values; that these conditions necessitate excessive and disproportionate expenditures of public funds for crime prevention and punishment,

(2004 Ed.)

public health and safety, fire and accident protection, and other public services and facilities; (2) that these areas in the state cannot be cleared, nor can the shortage of safe and sanitary dwellings for persons of low income be relieved, through the operation of private enterprise, and that the construction of housing projects for persons of low income (as herein defined) would therefore not be competitive with private enterprise; (3) that the clearance, replanning and reconstruction of the areas in which insanitary or unsafe housing conditions exist and the providing of safe and sanitary dwelling accommodations for persons of low income are public uses and purposes for which public money may be spent and private property acquired and are governmental functions of state concern; (4) that it is in the public interest that work on projects for such purposes be commenced as soon as possible in order to relieve unemployment which now (1939) constitutes an emergency; and the necessity in the public interest for the provisions hereinafter enacted, is hereby declared as a matter of legislative determination. [1965 c 7 § 35.82.010. Prior: 1939 c 23 § 2; RRS § 6889-2. Formerly RCW 74.24.010.]

**Severability—1979 ex.s. c 187:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 ex.s. c 187 § 4.]

**35.82.030 Creation of housing authorities.** In each city (as herein defined) and in each county of the state there is hereby created a public body corporate and politic to be known as the "Housing Authority" of the city or county: PROVIDED, HOWEVER, That such authority shall not transact any business or exercise its powers hereunder until or unless the governing body of the city or the county, as the case may be, by proper resolution shall declare at any time hereafter that there is need for an authority to function in such city or county. The determination as to whether or not there is such need for an authority to function (1) may be made by the governing body on its own motion or (2) shall be made by the governing body upon the filing of a petition signed by twenty-five residents of the city or county, as the case may be, asserting that there is need for an authority to function in such city or county and requesting that the governing body so declare.

The governing body shall adopt a resolution declaring that there is need for a housing authority in the city or county, as the case may be, if it shall find (1) that insanitary or unsafe inhabited dwelling accommodations exist in such city or county; (2) that there is a shortage of safe or sanitary dwelling accommodations in such city or county available to persons of low income at rentals they can afford; or (3) that there is a shortage of safe or sanitary dwellings, apartments, mobile home parks, or other living accommodations available for senior citizens. In determining whether dwelling accommodations are unsafe or insanitary said governing body may take into consideration the degree of overcrowding, the percentage of land coverage, the light, air, space and access available to the inhabitants of such dwelling accommodations, the size and arrangement of the rooms, the sanitary facilities, and the extent to which conditions exist in such

buildings which endanger life or property by fire or other causes.

In any suit, action or proceeding involving the validity or enforcement of or relating to any contract of the authority, the authority shall be conclusively deemed to have become established and authorized to transact business and exercise its powers hereunder upon proof of the adoption of a resolution by the governing body declaring the need for the authority. Such resolution or resolutions shall be deemed sufficient if it declares that there is such need for an authority and finds in substantially the foregoing terms (no further detail being necessary) that either or both of the above enumerated conditions exist in the city or county, as the case may be. A copy of such resolution duly certified by the clerk shall be admissible in evidence in any suit, action or proceeding. [1979 ex.s. c 187 § 2; 1965 c 7 § 35.82.030. Prior: 1939 c 23 § 4; RRS § 6889-4. Formerly RCW 74.24.030.]

**Severability—1979 ex.s. c 187:** See note following RCW 35.82.020.

**35.82.040 Appointment, qualifications, and tenure of commissioners.** Except as provided in RCW 35.82.045, when the governing body of a city adopts a resolution declaring that there is a need for a housing authority, it shall promptly notify the mayor of such adoption. Upon receiving such notice, the mayor shall appoint five persons as commissioners of the authority created for the city. When the governing body of a county adopts a resolution declaring that there is a need for a housing authority, it shall appoint five persons as commissioners of the authority created for the county. The commissioners who are first appointed shall be designated to serve for terms of one, two, three, four and five years, respectively, from the date of their appointment, but thereafter commissioners shall be appointed for a term of office of five years except that all vacancies shall be filled for the unexpired term. No commissioner of an authority may be an officer or employee of the city or county for which the authority is created, unless the commissioner is an employee of a separately elected county official other than the county governing body in a county with a population of less than one hundred seventy-five thousand as of the 1990 federal census, and the total government employment in that county exceeds forty percent of total employment. A commissioner shall hold office until a successor has been appointed and has qualified, unless sooner removed according to this chapter. A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk and such certificate shall be conclusive evidence of the due and proper appointment of such commissioner. A commissioner shall receive no compensation for his or her services for the authority, in any capacity, but he or she shall be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of his or her duties.

The powers of each authority shall be vested in the commissioners thereof in office from time to time. Except as provided in RCW 35.82.045, three commissioners shall constitute a quorum of the authority for the purpose of conducting its business and exercising its powers and for all other purposes. Action may be taken by the authority upon a vote of a majority of the commissioners present, unless in any case the bylaws of the authority shall require a larger number. The

(2004 Ed.)

mayor (or in the case of an authority for a county, the governing body of the county) shall designate which of the commissioners appointed shall be the first chair of the commission and he or she shall serve in the capacity of chair until the expiration of his or her term of office as commissioner. When the office of the chair of the authority becomes vacant, the authority shall select a chair from among its commissioners. An authority shall select from among its commissioners a vice-chair, and it may employ a secretary (who shall be executive director), technical experts and such other officers, agents and employees, permanent and temporary, as it may require, and shall determine their qualifications, duties and compensation. For such legal services as it may require, an authority may call upon the chief law officer of the city or the county or may employ its own counsel and legal staff. An authority may delegate to one or more of its agents or employees such powers or duties as it may deem proper.

If federal law requires that the membership of the board of commissioners of a local authority contains one member who is directly assisted by the authority, the board may by resolution temporarily or permanently increase its size to six members. The board may determine the length of the term of the position filled by a directly assisted member. A person appointed to such a position may serve in that position only as long as he or she is directly assisted by the authority. [1999 c 77 § 1; 1998 c 140 § 1; 1995 c 293 § 1; 1965 c 7 § 35.82.040. **35.82.045 Cities with a population of 400,000 or more—Appointment of additional commissioners—Appointment, compensation of commissioners—Organization of authority.** (1) After June 11, 1998, the governing body of a city with a population of four hundred thousand or more, that has created a housing authority under RCW 35.82.040, shall adopt a resolution to expand the number of commissioners on the housing authority from five to seven. Upon receiving the notice, the mayor, with approval of the city council, shall appoint additional persons as commissioners of the authority created for the city.

(2) In appointing commissioners, the mayor shall consider persons that represent the community, provided that two commissioners shall consist of tenants that reside in a housing project that is owned by the housing authority.

(3) After June 11, 1998, all commissioners shall be appointed to serve four-year terms, except that all vacancies shall be filled for the remainder of the unexpired term. A commissioner of an authority may not be an officer or employee of the city for which the authority is created. A commissioner shall hold office until a successor has been appointed and has qualified, unless sooner removed according to this chapter.

(4) A commissioner may be reappointed only after review and approval by the city council.

(5) A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk and the certificate is conclusive evidence of the due and proper appointment of the commissioner.

(6) A commissioner shall receive no compensation for his or her services for the authority, in any capacity, but he or

she is entitled to the necessary expenses, including traveling expenses, incurred in the discharge of his or her duties.

(7) The powers of each authority vest in the commissioners of the authority in office from time to time. Four commissioners shall constitute a quorum of the authority for the purpose of conducting its business and exercising its powers and for all other purposes. Action may be taken by the authority upon a vote of a majority of the commissioners present, unless in any case the bylaws of the authority shall require a larger number.

(8) The mayor, with consent of the city council, shall designate which of the commissioners appointed shall be the first chair of the commission and he or she shall serve in the capacity of chair until the expiration of his or her term of office as commissioner. When the office of the chair of the authority becomes vacant, the authority shall select a chair from among its commissioners. An authority shall select from among its commissioners a vice-chair, and the authority may employ a secretary, who shall be executive director, technical experts and such other officers, agents, and employees, permanent and temporary, as the authority requires, and shall determine their qualifications, duties, and compensation.

(9) For such legal services as it may require, an authority may call upon the chief law officer of the city or may employ its own counsel and legal staff. An authority may delegate to one or more of its agents or employees such powers or duties as it may deem proper. [1998 c 140 § 2.]

**35.82.050 Conflicts of interest for commissioners, employees, and appointees.** (1) No commissioner, employee, or appointee to any decision-making body for the housing authority shall own or hold an interest in any contract or property or engage in any business, transaction, or professional or personal activity, that would:

(a) Be, or appear to be, in conflict with the commissioner's, employee's, or appointee's official duties to any decision-making body for the housing authority duties relating to the housing authority served by or subject to the authority of such commissioner, employee, or appointee to any decision-making body for the housing authority;

(b) Secure, or appear to secure, unwarranted privileges or advantages for such commissioner, employee, or appointee to any decision-making body for the housing authority, or others; or

(c) Prejudice, or appear to prejudice, such commissioner's, employee's, or appointee's to any decision-making body for the housing authority independence of judgment in exercise of his or her official duties relating to the housing authority served by or subject to the authority of the commissioner, employee, or appointee to any decision-making body for the housing authority.

(2) No commissioner, employee, or appointee to any decision-making body for the housing authority shall act in an official capacity in any manner in which such commissioner, employee, or appointee to any decision-making body of the housing authority has a direct or indirect financial or personal involvement.

(3) No commissioner, employee, or appointee to any decision-making body for the housing authority shall use his or her public office or employment to secure financial gain to

such commissioner, employee, or appointee to any decision-making body for the housing authority.

(4) If any commissioner or employee of an authority or any appointee to any decision-making body for the housing authority owns or controls an interest direct or indirect in any property included or planned to be included in any housing project, he immediately shall disclose the same in writing to the authority and such disclosure shall be entered upon the minutes of the authority. Failure to disclose such interest shall constitute misconduct in office. Upon such disclosure such commissioner, employee, or appointee to any decision-making body for the housing authority shall not participate in any action by the authority affecting such property.

(5) No provision of this section shall preclude a tenant of the public housing authority from serving as a commissioner, employee, or appointee to any decision-making body of the housing authority. No provision of this section shall preclude a tenant of the public housing authority who is serving as a commissioner, employee, or appointee to any decision-making body of the housing authority from voting on any issue or decision, or participating in any action by the authority, unless a conflict of interest, as set forth in subsections (1) through (4) of this section, exists as to that particular tenant and the particular property or interest at issue before, or subject to action by the housing authority. [1998 c 140 § 3; 1965 c 7 § 35.82.050. Prior: 1939 c 23 § 6; RRS § 6889-6. Formerly RCW 74.24.050.]

**35.82.060 Removal of commissioners.** For inefficiency or neglect of duty or misconduct in office, a commissioner of an authority may be removed by the mayor (or in the case of an authority for a county, by the governing body of said county), but a commissioner shall be removed only after he shall have been given a copy of the charges at least ten days prior to the hearing thereon and had an opportunity to be heard in person or by counsel. In the event of the removal of any commissioner, a record of the proceedings, together with the charges and findings thereon, shall be filed in the office of the clerk. [1965 c 7 § 35.82.060. Prior: 1939 c 23 § 7; RRS § 6889-7. Formerly RCW 74.24.060.]

**35.82.070 Powers of authority.** An authority shall constitute a public body corporate and politic, exercising public and essential governmental functions, and having all the powers necessary or convenient to carry out and effectuate the purposes and provisions of this chapter, including the following powers in addition to others herein granted:

(1) To sue and be sued; to have a seal and to alter the same at pleasure; to have perpetual succession; to make and execute contracts and other instruments, including but not limited to partnership agreements and joint venture agreements, necessary or convenient to the exercise of the powers of the authority; to participate in the organization or the operation of a nonprofit corporation which has as one of its purposes to provide or assist in the provision of housing for persons of low income; and to make and from time to time amend and repeal bylaws, rules and regulations, not inconsistent with this chapter, to carry into effect the powers and purposes of the authority.

(2) Within its area of operation: To prepare, carry out, acquire, lease and operate housing projects; to provide for the construction, reconstruction, improvement, alteration or repair of any housing project or any part thereof; to agree to rent or sell dwellings forming part of the projects to or for persons of low income. Where an agreement or option is made to sell a dwelling to a person of low income, the authority may convey the dwelling to the person upon fulfillment of the agreement irrespective of whether the person is at the time of the conveyance a person of low income. Leases, options, agreements, or conveyances may include such covenants as the authority deems appropriate to assure the achievement of the objectives of this chapter.

(3) To acquire, lease, rent, sell, or otherwise dispose of any commercial space located in buildings or structures containing a housing project or projects.

(4) To arrange or contract for the furnishing by any person or agency, public or private, of services, privileges, works, or facilities for, or in connection with, a housing project or the occupants thereof; and (notwithstanding anything to the contrary contained in this chapter or in any other provision of law) to include in any contract let in connection with a project, stipulations requiring that the contractor and any subcontractors comply with requirements as to minimum wages and maximum hours of labor, and comply with any conditions which the federal government may have attached to its financial aid of the project.

(5) To lease or rent any dwellings, houses, accommodations, lands, buildings, structures or facilities embraced in any housing project and (subject to the limitations contained in this chapter) to establish and revise the rents or charges therefor; to own or manage buildings containing a housing project or projects as well as commercial space or other dwelling units that do not constitute a housing project as that term is defined in this chapter. However, notwithstanding the provisions under subsection (1) of this section, dwelling units made available or sold to persons of low income, together with functionally related and subordinate facilities, shall occupy at least fifty percent of the interior space in the total development owned by the authority or at least fifty percent of the total number of units in the development owned by the authority, whichever produces the greater number of units for persons of low income, and for mobile home parks, the mobile home lots made available to persons of low income shall be at least fifty percent of the total number of mobile home lots in the park owned by the authority; to own, hold, and improve real or personal property; to purchase, lease, obtain options upon, acquire by gift, grant, bequest, devise, or otherwise including financial assistance and other aid from the state or any public body, person or corporation, any real or personal property or any interest therein; to acquire by the exercise of the power of eminent domain any real property; to sell, lease, exchange, transfer, assign, pledge, or dispose of any real or personal property or any interest therein; to sell, lease, exchange, transfer, or dispose of any real or personal property or interest therein at less than fair market value to a governmental entity for any purpose when such action assists the housing authority in carrying out its powers and purposes under this chapter, to a low-income person or family for the purpose of providing housing for that person or family, or to a nonprofit corporation provided the nonprofit corporation

agrees to sell the property to a low-income person or family or to use the property for the provision of housing for persons of low income for at least twenty years; to insure or provide for the insurance of any real or personal property or operations of the authority against any risks or hazards; to procure or agree to the procurement of insurance or guarantees from the federal government of the payment of any bonds or parts thereof issued by an authority, including the power to pay premiums on any such insurance.

(6) To invest any funds held in reserves or sinking funds, or any funds not required for immediate disbursement, in property or securities in which savings banks may legally invest funds subject to their control; to purchase its bonds at a price not more than the principal amount thereof and accrued interest, all bonds so purchased to be canceled.

(7) Within its area of operation: To investigate into living, dwelling and housing conditions and into the means and methods of improving such conditions; to determine where slum areas exist or where there is a shortage of decent, safe and sanitary dwelling accommodations for persons of low income; to make studies and recommendations relating to the problem of clearing, replanning and reconstructing of slum areas, and the problem of providing dwelling accommodations for persons of low income, and to cooperate with the city, the county, the state or any political subdivision thereof in action taken in connection with such problems; and to engage in research, studies and experimentation on the subject of housing.

(8) Acting through one or more commissioners or other person or persons designated by the authority: To conduct examinations and investigations and to hear testimony and take proof under oath at public or private hearings on any matter material for its information; to administer oaths, issue subpoenas requiring the attendance of witnesses or the production of books and papers and to issue commissions for the examination of witnesses who are outside of the state or unable to attend before the authority, or excused from attendance; to make available to appropriate agencies (including those charged with the duty of abating or requiring the correction of nuisances or like conditions, or of demolishing unsafe or insanitary structures within its area of operation) its findings and recommendations with regard to any building or property where conditions exist which are dangerous to the public health, morals, safety or welfare.

(9) To initiate eviction proceedings against any tenant as provided by law. Activity occurring in any housing authority unit that constitutes a violation of chapter 69.41, 69.50 or 69.52 RCW shall constitute a nuisance for the purpose of RCW 59.12.030(5).

(10) To exercise all or any part or combination of powers herein granted.

No provisions of law with respect to the acquisition, operation or disposition of property by other public bodies shall be applicable to an authority unless the legislature shall specifically so state.

(11) To agree (notwithstanding the limitation contained in RCW 35.82.210) to make such payments in lieu of taxes as the authority finds consistent with the achievement of the purposes of this chapter.

(12) Upon the request of a county or city, to exercise any powers of a community renewal agency under chapter 35.81

RCW or a public corporation, commission, or authority under chapter 35.21 RCW.

(13) To exercise the powers granted in this chapter within the boundaries of any city, town, or county not included in the area in which such housing authority is originally authorized to function: PROVIDED, HOWEVER, The governing or legislative body of such city, town, or county, as the case may be, adopts a resolution declaring that there is a need for the authority to function in such territory.

(14) To administer contracts for assistance payments to persons of low income in accordance with section 8 of the United States Housing Act of 1937, as amended by Title II, section 201 of the Housing and Community Development Act of 1974, P.L. 93-383.

(15) To sell at public or private sale, with or without public bidding, for fair market value, any mortgage or other obligation held by the authority.

(16) To the extent permitted under its contract with the holders of bonds, notes, and other obligations of the authority, to consent to any modification with respect to rate of interest, time and payment of any installment of principal or interest security, or any other term of any contract, mortgage, mortgage loan, mortgage loan commitment, contract or agreement of any kind to which the authority is a party.

(17) To make, purchase, participate in, invest in, take assignments of, or otherwise acquire loans to persons of low income to enable them to acquire, construct, reconstruct, rehabilitate, improve, lease, or refinance their dwellings, and to take such security therefor as is deemed necessary and prudent by the authority.

(18) To make, purchase, participate in, invest in, take assignments of, or otherwise acquire loans for the acquisition, construction, reconstruction, rehabilitation, improvement, leasing, or refinancing of land, buildings, or developments for housing for persons of low income. For purposes of this subsection, development shall include either land or buildings or both.

(a) Any development financed under this subsection shall be subject to an agreement that for at least twenty years the dwelling units made available to persons of low income together with functionally related and subordinate facilities shall occupy at least fifty percent of the interior space in the total development or at least fifty percent of the total number of units in the development, whichever produces the greater number of units for persons of low income. For mobile home parks, the mobile home lots made available to persons of low income shall be at least fifty percent of the total number of mobile home lots in the park. During the term of the agreement, the owner shall use its best efforts in good faith to maintain the dwelling units or mobile home lots required to be made available to persons of low income at rents affordable to persons of low income. The twenty-year requirement under this subsection (18)(a) shall not apply when an authority finances the development by nonprofit corporations or governmental units of dwellings or mobile home lots intended for sale to persons of low and moderate income, and shall not apply to construction or other short-term financing provided to nonprofit corporations or governmental units when the financing has a repayment term of one year or less.

(b) In addition, if the development is owned by a for-profit entity, the dwelling units or mobile home lots required

to be made available to persons of low income shall be rented to persons whose incomes do not exceed fifty percent of the area median income, adjusted for household size, and shall have unit or lot rents that do not exceed fifteen percent of area median income, adjusted for household size, unless rent subsidies are provided to make them affordable to persons of low income.

For purposes of this subsection (18)(b), if the development is owned directly or through a partnership by a governmental entity or a nonprofit organization, which nonprofit organization is itself not controlled by a for-profit entity or affiliated with any for-profit entity that a nonprofit organization itself does not control, it shall not be treated as being owned by a for-profit entity when the governmental entity or nonprofit organization exercises legal control of the ownership entity and in addition, (i) the dwelling units or mobile home lots required to be made available to persons of low income are rented to persons whose incomes do not exceed sixty percent of the area median income, adjusted for household size, and (ii) the development is subject to an agreement that transfers ownership to the governmental entity or nonprofit organization or extends an irrevocable right of first refusal to purchase the development under a formula for setting the acquisition price that is specified in the agreement.

(c) Commercial space in any building financed under this subsection that exceeds four stories in height shall not constitute more than twenty percent of the interior area of the building. Before financing any development under this subsection the authority shall make a written finding that financing is important for project feasibility or necessary to enable the authority to carry out its powers and purposes under this chapter.

(19) To contract with a public authority or corporation, created by a county, city, or town under RCW 35.21.730 through 35.21.755, to act as the developer for new housing projects or improvement of existing housing projects. **Purpose—Part headings not law—2000 c 138:** See notes following RCW 39.04.155.

**35.82.080 Operation not for profit.** It is hereby declared to be the policy of this state that each housing authority shall manage and operate its housing projects in an efficient manner so as to enable it to fix the rentals for low-income dwelling accommodations at the lowest possible rates consistent with its providing decent, safe and sanitary dwelling accommodations, and that no housing authority shall construct or operate any such project for profit, or as a source of revenue to the city or the county. To this end, an authority shall fix the rentals for rental units for persons of low income in projects owned or leased by the authority at no higher rates

than it shall find to be necessary in order to produce revenues which (together with all other available moneys, revenues, income and receipts of the authority from whatever sources derived) will be sufficient (1) to pay, as the same become due, the principal and interest on the bonds or other obligations of the authority issued or incurred to finance the projects; (2) to meet the cost of, and to provide for, maintaining and operating the projects (including the cost of any insurance) and the administrative expenses of the authority; and (3) to create (during not less than the six years immediately succeeding its issuance of any such bonds) a reserve sufficient to meet the largest principal and interest payments which will be due on such bonds in any one year thereafter and to maintain such reserve. Nothing contained in this section shall be construed to limit an authority's power to rent commercial space located in buildings containing housing projects or non low-income units owned, acquired, financed, or constructed under \*RCW 35.82.070(5), (16), or (17) at profitable rates and to use any profit realized from such rentals in carrying into effect the powers and purposes provided to housing authorities under this chapter. **Severability—1983 c 225:** See note following RCW 35.82.020.

**35.82.090 Rentals and tenant selection.** In the operation and management of rental units which are rented to persons of low income in any housing project an authority shall at all times observe the following duties with respect to rentals and tenant selection: (1) It may rent or lease the dwelling accommodations therein to persons of low income and at rentals within the financial reach of such persons of low income; (2) it may rent or lease to a low-income tenant dwelling accommodations consisting of the number of rooms (but no greater number) which it deems necessary to provide safe and sanitary accommodations to the proposed occupants thereof, without overcrowding; and (3) it shall not accept any person as a low income tenant in any housing project designated for persons of low income if the person or persons who would occupy the dwelling accommodations have an annual net income in excess of five times the annual rental of the quarters to be furnished such person or persons, except that in the case of families with three or more minor dependents, such ratio shall not exceed six to one; in computing the rental for this purpose of selecting tenants, there shall be included in the rental the average annual cost (as determined by the authority) to occupants of heat, water, electricity, gas, cooking range and other necessary services or facilities, whether or not the charge for such services and facilities is in fact included in the rental. This income limitation does not apply to housing projects designated for senior citizens.

Nothing contained in this section or RCW 35.82.080 shall be construed as limiting the power of an authority to vest in an obligee the right, in the event of a default by the authority, to take possession of a housing project or cause the appointment of a receiver thereof, free from all the restric-

tions imposed by this section or RCW 35.82.080. [1989 c 363 § 4; 1979 ex.s. c 187 § 3; 1977 ex.s. c 274 § 4; 1965 c 7 § 35.82.090. Prior: 1939 c 23 § 10; RRS § 6889-10. Formerly RCW 74.24.090.]

**35.82.110 Eminent domain.** An authority shall have the right to acquire by the exercise of the power of eminent domain any real property which it may deem necessary for its purposes under this chapter after the adoption by it of a resolution declaring that the acquisition of the real property described therein is necessary for such purposes. An authority may exercise the power of eminent domain in the same manner and under the same procedure as now is or may be hereafter provided by law in the case of other corporations authorized by the laws of the state to exercise the right of eminent domain; or it may exercise the power of eminent domain in the manner now or which may be hereafter provided by any other applicable statutory provisions for the exercise of the power of eminent domain. Property already devoted to a public use may be acquired in like manner: PROVIDED, That no real property belonging to the city, the county, the state or any political subdivision thereof may be acquired without its consent. **35.82.120 Planning, zoning and building laws.** All housing projects of an authority shall be subject to the planning, zoning, sanitary and building laws, ordinances and regulations applicable to the locality in which the housing project is situated. In the planning and location of any housing project, an authority shall take into consideration the relationship of the project to any larger plan or long-range program for the development of the area in which the housing authority functions. [1965 c 7 § 35.82.120. Prior: 1939 c 23 § 13; RRS § 6889-13. Formerly RCW 74.24.120.]

**35.82.130 Bonds.** An authority shall have power to issue bonds from time to time in its discretion, for any of its corporate purposes. An authority shall also have power to issue refunding bonds for the purpose of paying or retiring bonds previously issued by it. An authority may issue such types of bonds as it may determine, including (without limiting the generality of the foregoing) bonds on which the principal and interest are payable: (1) Exclusively from the income and revenues of the housing project financed with the proceeds of such bonds; (2) exclusively from the income and revenues of certain designated housing projects whether or

not they are financed in whole or in part with the proceeds of such bonds; or (3) from all or part of its revenues or assets generally. Any such bonds may be additionally secured by a pledge of any grant or contributions from the federal government or other source, or a pledge of any income or revenues of the authority, or a mortgage of any housing project, projects or other property of the authority. Any pledge made by the authority shall be valid and binding from the time when the pledge is made; the revenues, moneys, or property so pledged and thereafter received by the authority shall immediately be subject to the lien of the pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the authority, irrespective of whether the parties have notice thereof.

Neither the commissioners of an authority nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof. The bonds and other obligations of an authority (and such bonds and obligations shall so state on their face) shall not be a debt of the city, the county, the state or any political subdivision thereof and neither the city or the county, nor the state or any political subdivision thereof shall be liable thereon, nor in any event shall such bonds or obligations be payable out of any funds or properties other than those of the authority. The bonds shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction. Bonds of an authority are declared to be issued for an essential public and governmental purpose and to be public instrumentalities and, together with interest thereon and income therefrom, shall be exempt from taxes. Nothing in this section shall prevent an authority from issuing bonds the interest on which is included in gross income of the owners thereof for income tax purposes. [1995 c 293 § 2; 1991 c 167 § 2; 1977 ex.s. c 274 § 5; 1965 c 7 § 35.82.130. Prior: 1939 c 23 § 14; RRS § 6889-14. Formerly RCW 74.24.130.]

The bonds may be sold at public or private sale.

In case any of the commissioners or officers of the authority whose signatures appear on any bond or any coupons shall cease to be such commissioners or officers before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if they had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to this chapter shall be fully negotiable.

In any suit, action or proceedings involving the validity or enforceability of any bond of an authority or the security

therefor, any such bond reciting in substance that it has been issued by the authority to aid in financing a housing project to provide dwelling accommodations for persons of low income shall be conclusively deemed to have been issued for a housing project of such character and said project shall be conclusively deemed to have been planned, located and constructed in accordance with the purposes and provisions of this chapter.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 65; 1977 ex.s. c 274 § 6; 1970 ex.s. c 56 § 45; 1969 ex.s. c 232 § 22; 1965 c 7 § 35.82.140. Prior: 1939 c 23 § 15; RRS § 6889-15. Formerly RCW 74.24.140.]

Upon the submission of such proceedings to the attorney general, it shall be the duty of the attorney general to examine into and pass upon the validity of such bonds and the regularity of all proceedings in connection therewith. If such proceedings conform to the provisions of this chapter and are otherwise regular in form and if such bonds when delivered and paid for will constitute binding and legal obligations of the authority enforceable according to the terms thereof, the attorney general shall certify in substance upon the back of each of said bonds that it is issued in accordance with the Constitution and laws of the state of Washington. The findings listed in RCW 35.82.030 to activate the housing authority shall be considered prior to deactivating the housing authority. For the sole purposes of winding up the affairs of a deactivated housing authority, the

governing body of the city, town, or county may exercise any power granted to a housing authority under this chapter. [1987 c 275 § 1.]

**35.82.325 Deactivation of housing authority—Distribution of assets.** The assets of an authority in the process of deactivation shall be applied and distributed as follows:

*Housing authorities law: Chapter 35.82 RCW.*

**35.83.005 Short title.** This act may be referred to as the "Housing Cooperation Law." [1965 c 7 § 35.83.005. Prior: 1939 c 24 § 1; RRS § 6889-31.]

**35.83.010 Finding and declaration of necessity.** It has been found and declared in the housing authorities law that there exist in the state unsafe and insanitary housing conditions and a shortage of safe and sanitary dwelling accommodations for persons of low income; that these conditions necessitate excessive and disproportionate expenditures of public funds for crime prevention and punishment, public health and safety, fire and accident protection, and other public services and facilities; and that the public interest requires the remedying of these conditions. It is hereby found and

declared that the assistance herein provided for the remedying of the conditions set forth in the housing authorities law constitutes a public use and purpose and an essential governmental function for which public moneys may be spent, and other aid given; that it is a proper public purpose for any state public body to aid any housing authority operating within its boundaries or jurisdiction or any housing project located therein, as the state public body derives immediate benefits and advantages from such an authority or project; and that the provisions hereinafter enacted are necessary in the public interest. [1965 c 7 § 35.83.010. Prior: 1939 c 24 § 2; RRS § 6889-32. Formerly RCW 74.28.010.]

**35.83.020 Definitions.** The following terms, whenever used or referred to in this chapter shall have the following respective meanings, unless a different meaning clearly appears from the context:

(1) "Housing authority" shall mean any housing authority created pursuant to the housing authorities law of this state.

(2) "Housing project" shall mean any work or undertaking of a housing authority pursuant to the housing authorities law or any similar work or undertaking of the federal government.

(3) "State public body" shall mean the state of Washington and any city, town, county, municipal corporation, commission, district, authority, other subdivision or public body of the state.

(4) "Governing body" shall mean the council, the commission, board of county commissioners or other body having charge of the fiscal affairs of the state public body.

**Finding—Intent—2003 c 363:** "The legislature finds that roads, streets, bridges, and highways in the state represent public assets worth over one hundred billion dollars. *First class cities, generally: Chapter 35.22 RCW.*

**35.85.020 Assessment district—Resolution—Hearing—Ordinance ordering improvement.** Any such improvement may be initiated by the city council, or other legislative body, by a resolution, declaring its intention to

(2004 Ed.)

order such improvement, which resolution shall set forth the nature and territorial extent of such proposed improvement, shall specify and describe the boundaries of the proposed improvement district and notify all persons who may desire to object thereto to appear and present such objections at a meeting of the council specified in such resolution and directing the board of public works, or other proper board, officer, or authority of the city, to submit to such council at or prior to the date fixed for such hearing the estimated cost and expense of the improvement, and a statement of the proportionate amount thereof which should be borne by the property within the proposed improvement district, and a statement of the aggregate assessed valuation of the real property exclusive of improvements, within said district, according to the valuation last placed upon it for purposes of general taxation. Such resolution shall be published in at least two consecutive issues of the official newspaper of the city, the date of the first publication to be at least thirty days prior to the date fixed by the resolution for hearing before the council.

Upon such hearing, or upon any adjournment thereof, the council shall have power to amend, change, extend, or contract the boundaries of the proposed improvement district as specified in the resolution, and to consider and determine all matters in relation to the proposed improvement, and, upon the conclusion of the hearing, or any adjournment thereof, shall have power by ordinance to order the improvement to be made and to adopt, fix and establish the boundaries of the improvement district. The action of such council in ordering such improvement, or in abandoning it, and in fixing and establishing the boundaries of the improvement district shall be final and conclusive. Any such ordinance may be passed upon majority vote of the council or other legislative body of the city.

Such ordinance may provide for the construction of the improvement in sections, the letting of separate contracts for each such section, and, in case the same is made in sections, separate assessment rolls to defray the cost and expense of any such section of such improvement may be prepared, and the amounts thereon appearing as finally determined, may be levied and assessed against real property within the improvement district. The provisions of law, charter and ordinance of any such city, relating to supplemental assessments, reassessments and omitted property shall be applicable to any improvement authorized in this chapter.

The city council, or other legislative body of such city, shall by general ordinance, make provision for hearing any objections in writing, to any assessment roll for such improvement, filed with the city clerk or comptroller at a prior date to the hearing thereon. Any right of appeal to the superior court provided by law to be taken from any local improvement assessment levied and assessed by any such city, may be exercised, within the time and in the manner therein provided, by any person so objecting to any assessment levied and assessed for any improvement authorized in this chapter. and manner in which the charge upon property in such local improvement district shall be assessed and determined for the purpose of paying the cost and expense of establishing and constructing such improvement: PROVIDED, That no assessment shall be levied on any such district, the aggregate of which is a greater sum than twenty-five percent of the assessed value of all the real property in such district according to the last equalized assessment thereof for general taxation: PROVIDED FURTHER, That there shall be, in all cases, an opportunity for a hearing upon objections to the assessment roll by the parties affected thereby, before the council as a board of equalization, which hearing shall be after publication of a reasonable notice thereof, such notice to be published in such manner and for such time as may be prescribed by ordinance. At such hearing, or at legal adjournments thereof, such changes may be made in the assessment roll as the city council may find necessary to make the same just and equitable. Railroad rights-of-way shall be assessed for such benefits as shall inure or accrue to the owners, lessees, or operators of the same, resulting or to result from the construction and maintenance of any such improvement, whether such rights-of-way lie within the limits of any street or highway or not; such assessment to lie against the franchise rights when such right-of-way is within such street or highway.

When the assessment roll has been finally confirmed by the city council, the charges therein made shall be and become a lien against the property or franchise therein described, paramount to all other liens (except liens for assessments and taxes) upon the property assessed from the time the assessment roll shall be placed in the hands of the collector. [1965 c 7 § 35.85.030. Prior: 1909 ex.s. c 14 § 3; RRS § 9003.]

The rate of lease or use of such street railway tracks for streets or interurban cars shall be as fixed by the legislative authority of the city, but shall not be less than one mill for each passenger carried, or ten cents for each freight car moved over such improvement. The income from such charges, rental and leasing shall be used wholly for the maintenance, repair and betterment of said improvement and the extinguishment of any debt incurred by the city in constructing it. [1965 c 7 § 35.85.040. Prior: 1909 ex.s. c 14 § 4; RRS § 9004.]

The word "approaches," as used in this section, shall include any arterial highway or highways or streets connecting with any such tunnel or subway which may be necessary to give convenient access thereto or therefrom from any portion of the improvement district which may be specially benefited by such improvement, and which is liable to assessment for such improvement.

Whenever it is desired to pay the whole or any portion of the cost and expense of any such improvement by special assessments, the council or other legislative body of such city shall, in the ordinance ordering such improvement, fix and establish the boundaries of the improvement district, the property in which is to bear such assessment, which district shall include as near as may be all the property specially benefited by such improvement. [1965 c 7 § 35.85.050. Prior: 1925 ex.s. c 168 § 1; RRS § 9005-1.]

**35.85.060 Procedure.** Any such improvement may be initiated and assessments therefor determined and levied as prescribed in RCW 35.85.020 to 35.85.040, inclusive. [1965 c 7 § 35.85.060. Prior: 1925 ex.s. c 168 § 2; RRS § 9005-2.]

[1965 c 7 § 35.85.070. Prior: 1925 ex.s. c 168 § 3; RRS § 9005-3.]

**35.86A.010 Declaration.** It is hereby determined and declared:

(1) The free circulation of traffic of all kinds through our cities is necessary to the health, safety and general welfare of the public, whether residing in, traveling to or through the cities of this state;

(2) The most efficient use of the street and highway system requires availability of strategically located parking for vehicles in localities where large numbers of persons congregate;

(3) An expanding suburban population has increased demands for further concentration of uses in central metropolitan areas, necessitating an increasing investment in streets and highways;

(4) On-street parking is now inadequate, and becomes increasingly an inefficient and uneconomical method for temporary storage of vehicles in commercial, industrial and high-density residential areas, causing such immediate adverse consequences as the following, among others:

(a) Serious traffic congestion from on-street parking, which interferes with use of streets for travel, disrupts public surface transportation at peak hours, impedes rapid and effective fighting of fires and disposition of police forces, slows emergency vehicles, and inflicts hardship upon handicapped persons and others dependent upon private vehicles for transportation;

(b) On-street parking absorbs right-of-way useful and usable for travel;

(c) On-street parking reduces the space available for truck and passenger loading for the abutting properties, hinders ready access, and impedes cleaning of streets;

(d) Inability to temporarily store automobiles has discouraged the public from travel to and within our cities, from

congregating at public events, and from using public facilities.

(5) Insufficient off-street parking has had long-range results, as the following, among others:

(a) Metropolitan street and highway systems have lost efficiency and the free circulation of traffic and persons has been impaired;

(b) The growth and development of metropolitan areas has been retarded;

(c) Business, industry, and housing has become unnecessarily and uneconomically dispersed;

(d) Limited and valuable land area is under used.

All of which cause loss of payrolls, business and productivity, and property values, with resulting impairment of the public health, safety and welfare, the utility of our streets and highways, and tax revenues;

(6) Establishment of public off-street parking facilities will promote the public health, safety, convenience, and welfare, by:

(a) Expediting the movement of the public, and of goods in metropolitan areas, alleviating traffic congestion, and preserving the large investment in streets and highways;

(b) Permitting a greater use of public facilities, congregation of the public, and more intensive development of private property within the community;

(7) Establishment of public off-street parking is a necessary ancillary to and extension of an efficient street and highway system in metropolitan areas, as much so as a station or terminal is to a railroad or urban transit line;

(8) Public off-street parking facilities, open to the public and owned by a city or town, are and remain a public use and a public function, irrespective of whether:

(a) Parking fees are charged to users;

(b) The management or operation of one or more parking facilities is conducted by a public agency, or under contract or lease by private enterprise; or

(c) A portion of the facilities is used for commercial, store or automobile accessory purposes;

(9) Public parking facilities under the control of a parking commission are appropriately treated differently from other parking facilities of a city. [1969 ex.s. c 204 § 1.]

**Severability—1969 ex.s. c 204:** "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1969 ex.s. c 204 § 15.]

**35.86A.020 Authority of cities of first and second class to establish parking facilities through parking commissions.** Cities of the first and second class are authorized and empowered to establish and maintain public off-street parking facilities through a parking commission; the use of property and property rights for such purpose is declared to be a public use; and parking facilities under the control of such parking commission shall be governed by the provisions of this chapter. [1994 c 81 § 64; 1969 ex.s. c 204 § 2.]

**35.86A.030 Definitions.** (1) "Parking facilities" means lots, garages, parking terminals, buildings and structures and accommodations for parking of motor vehicles off the street or highway, open to public use, with or without charge.

(2) "Parking commission" shall mean the department or agency created by the legislative authority of the municipality as hereinafter provided.

(3) "City council" shall mean the city council or legislative authority of the municipality.

(4) "Mayor" shall mean the chief executive officer of the municipality. [1969 ex.s. c 204 § 3.]

**35.86A.040 Ownership, control and use of parking facilities.** Parking facilities established pursuant to this chapter shall be owned by the city, under the control of the parking commission (unless relinquished), and for the use of the public. **35.86A.050 Parking commission—Creation authorized—Purpose—Membership—Terms—Vacancies—Expenses.** Any city of the first or second class may by ordinance create a parking commission for the purpose of establishing and operating off-street parking facilities.

Such parking commission shall consist of five members appointed by the mayor and confirmed by the city council, who shall serve without compensation but may be reimbursed for necessary expenses. One member of the parking commission shall be selected from among persons actively engaged in the private parking industry, if available.

Three of those first appointed shall be designated to serve for one, two, and three years respectively, and two shall be designated to serve four years. The terms for all subsequently appointed members shall be four years. In event of any vacancy, the mayor, subject to confirmation of the city council, shall make appointments to fill the unexpired portion of the term.

A member may be reappointed, and shall hold office until his or her successor has been appointed and has qualified. Members may be removed by the mayor upon consent of the city council. [1994 c 81 § 65; 1969 ex.s. c 204 § 5.]

**35.86A.060 Parking commission—Chairman—Rules—Resolutions.** The parking commission shall select from its members a chairman, and may establish its own rules, regulations and procedures not inconsistent with this chapter. No resolution shall be adopted by the parking commission except upon the concurrence of at least three members. [1969 ex.s. c 204 § 6.]

**35.86A.070 Powers and authority of parking commission.** The parking commission is authorized and empowered, in the name of the municipality by resolution to:

(1) Own and acquire property and property rights by purchase, gift, devise, or lease for the construction, maintenance, or operation of off-street parking facilities, or for effectuating the purpose of this chapter; and accept grants-in-aid, including compliance with conditions attached thereto;

(2) Construct, maintain, and operate off-street parking facilities located on land dedicated for park or civic center purposes, or on other municipally-owned land where the primary purpose of such off-street parking facility is to provide

parking for persons who use such park or civic center facilities, and undertake research, and prepare plans incidental thereto subject to applicable statutes and charter provisions for municipal purchases, expenditures, and improvements; and in addition may own other off-street parking facilities and operate them in accordance with RCW 35.86A.120: PROVIDED, That the provisions of chapter 35.86 RCW as now or hereafter amended shall not apply to such construction, operation or maintenance;

(3) Establish and collect parking fees, require that receipts be provided for parking fees, make exemption for handicapped persons, lease space for commercial, store, advertising or automobile accessory purposes, and regulate prices and service charges, for use of and within and the aerial space over parking facilities under its control;

(7) Execute and accept instruments, including deeds, necessary or convenient for the carrying on of its business; acquire rights to develop parking facilities over or under city property; and to contract to operate and manage parking facilities under the jurisdiction of other city departments or divisions and of other public bodies;

(8) Determine the need for and recommend to the city council:

(a) The establishment of local improvement districts to pay the cost of parking facilities or any part thereof;

(b) The issuance of bonds or other financing by the city for construction of parking facilities;

(c) The acquisition of property and property rights by condemnation from the public, or in street areas;

(9) Transfer its control of property to the city and liquidate its affairs, so long as such transfer does not contravene any covenant or agreement made with the holders of bonds or other creditors; and

(10) Require payment of the excise tax hereinafter provided.

Parking fees for parking facilities under the control of the parking commission shall be maintained commensurate with and neither higher nor lower than prevailing rates for parking charged by commercial operators in the general area. [1980 c 127 § 1; 1975 1st ex.s. c 221 § 3; 1969 ex.s. c 204 § 7.]

**Severability—1975 1st ex.s. c 221:** See note following RCW 35.86.010.

**35.86A.080 New off-street parking facilities—Powers of parking commission and city council.** (1) Whenever the parking commission intends to construct new off-street parking facilities it shall:

(a) Prepare plans for such proposed development, which shall meet the approval of the planning commission, other appropriate city planning agency, or city council;

(b) Prepare a report to the city council stating the proposed method of financing and property acquisition;

(c) Specify the property rights, if any, to be secured from the public or of property devoted to public use; the uses of streets necessary therefor, or realignment or vacation of streets and alleys; the relocation of street utilities; and any street area to be occupied or closed during construction.

(2) In the event the proposed parking facility shall require:

(a) Creation of a local improvement district;

(b) Issuance of bonds, allocation or appropriation of municipal revenues from other sources, or guarantees of or use of the credit of the municipality;

(c) Exercise of the power of eminent domain; or

(d) Use of, or vacation, realignment of streets and alleys, or relocation of municipal utilities.

One or more public hearings shall be held thereon before the city council, or an assigned committee thereof, which shall report its recommendations to be approved, revised, or rejected by the city council. Such hearings may be consolidated with any required hearings for street vacations, or creation of a local improvement district. Pursuant to such hearing, the city council may:

(1) Create a local improvement district to finance all or part of the parking facility, in accordance with Title 35 RCW, as now existing or hereinafter amended: PROVIDED, HOWEVER, That assessments against property within the district may be measured per lot, per square foot, by property valuation, or any other method as fairly reflects the special benefits derived therefrom, and credit in calculating the assessment may be allowed for property rights or services performed;

(2) Provide for issuance of revenue bonds payable from revenues of the proposed parking facility, from other off-street parking facilities, on-street meter collections, or allocations of other sources of funds; issue general obligation bonds; make reimbursable or nonrefundable appropriations from the general fund, or reserves; and/or guarantee bonds issued or otherwise pledge the city's credit, all in such combination, and under such terms and conditions as the city council shall specify;

(3) Authorize acquisition of the necessary property and property rights by eminent domain proceedings, in the manner authorized by law for cities in Title 8 RCW: PROVIDED, That the city council shall first determine that the proposed parking facility will promote the circulation of traffic or the more convenient or efficient use by the public of streets or public facilities in the immediate area than would exist if the proposed parking facility were not provided, or that the parking facility otherwise enhances the public health, safety and welfare; and

(4) Authorize and execute the necessary transfer or control of property rights; vacate or realign streets and alleys or permit uses within the same; and direct relocation of street utilities.

In event none of the four above powers need be exercised, the city council's approval of construction plans shall

be deemed full authority to construct and complete the parking facility. [1969 ex.s. c 204 § 8.]

**35.86A.090 Powers of cities.** The city may:

(1) Transfer control of off-street parking facilities under other departments to the parking commission under such conditions as deemed appropriate;

(2) Issue revenue bonds pursuant to chapter 35.41 RCW, and RCW \*35.24.305, and 35.81.100 as now or hereafter amended, and such other statutes as may authorize such bonds for parking facilities authorized herein;

(3) Issue general obligation bonds pursuant to chapters 39.44, 39.52 RCW, and RCW 35.81.115 as now or hereafter amended, and such other statutes and applicable provisions of the state Constitution that may authorize such bonds for parking facilities authorized herein;

(4) Appropriate funds for the parking commission; and

(5) Enact such ordinances as may be necessary to carry out the provisions of this chapter, notwithstanding any charter provisions to the contrary. [1969 ex.s. c 204 § 9.]

\*Reviser's note: RCW 35.24.305 was recodified as RCW 35.23.454 pursuant to 1994 c 81 § 90.

**35.86A.100 Disposition of revenues—Expenditure procedure.** All revenues received shall be paid to the municipal treasurer for the credit of the general fund, or such other funds as may be provided by ordinance.

Expenditures of the parking commission shall be made in accordance with the budget adopted by the municipality pursuant to chapter 35.32A RCW. [1969 ex.s. c 204 § 10.]

**35.86A.110 Excise tax to reimburse taxing authorities for loss of property tax revenue.** Such cities shall pay to the county treasurer an annual excise tax equal to the amount which would be paid upon real property devoted to the purpose of off-street parking, were it in private ownership. This section shall apply to parking facilities acquired and/or operated under this chapter. The proceeds of such excise tax shall be allocated by the county treasurer to the various taxing authorities in which such property is situated, in the same manner as though the property were in private ownership. [1969 ex.s. c 204 § 11.]

**35.86A.120 Operation of parking facilities—Bid requirements and procedure.** Except for off-street parking facilities situated on real property leased or rented to a city and not used for park and civic center parking, cities may operate off-street parking facilities with city forces. Leased or rented off-street parking facilities shall be operated by responsible, experienced private operators of such facilities. The call for bids shall specify the terms and conditions under which the facility will be leased for private operation. The call for bids shall specify the time and place at which the bids will be received and the time and when the same will be opened, and such call shall be advertised once a week for two successive weeks before the time fixed for the filing of bids in a newspaper of general circulation in the city. If no bid is received for the operation of such an off-street parking facility, or if the bids received are not satisfactory, the legislative body of the city may reject such bids and shall readvertise the

facility for lease. In the event that no bids or no satisfactory bids shall have been received following the second advertising, the city may negotiate with a private operator for the operation of the facility without competitive bidding. In the event the city shall be unable to negotiate for satisfactory private operation within a reasonable time, the city may operate the facility for a period not to exceed three years, at which time it shall readvertise as provided above in this section. [1980 c 127 § 2; 1975 1st ex.s. c 221 § 4; 1969 ex.s. c 204 § 12.]

(1) "Business" means all types of business, including professions.

(2) "Legislative authority" means the legislative authority of any city or town including unclassified cities or towns operating under special charters or the legislative authority of any county.

(3) "Multifamily residential or mixed-use project" means any building or buildings containing four or more residential units or a combination of residential and commercial units, whether title to the entire property is held in single or undivided ownership or title to individual units is held by owners who also, directly or indirectly through an association, own real property in common with the other unit owners.

(4) "Residential operator" means the owner or operator of a multifamily residential or mixed-use project if title is held in single or undivided ownership, or, if title is held in a form of common interest ownership, the association of unit owners, condominium association, homeowners' association, property owners' association, or residential cooperative corporation. [1993 c 429 § 2; 1971 ex.s. c 45 § 2.]

**35.87A.030 Initiation petition or resolution—Contents.** For the purpose of establishing a parking and business improvement area, an initiation petition may be presented to the legislative authority having jurisdiction of the area in which the proposed parking and business improvement area is to be located or the legislative authority may by resolution initiate a parking and business improvement area. The initiation petition or resolution shall contain the following:

- (1) A description of the boundaries of the proposed area;
- (2) The proposed uses and projects to which the proposed special assessment revenues shall be put and the total estimated cost thereof;
- (3) The estimated rate of levy of special assessment with a proposed breakdown by class of business and multifamily

residential or mixed-use project if such classification is to be used.

The initiating petition shall also contain the signatures of the persons who operate businesses and residential operators in the proposed area which would pay fifty percent of the proposed special assessments. [1993 c 429 § 3; 1971 ex.s. c 45 § 3.]

**35.87A.040 Resolution of intention to establish—Contents—Hearing.** The legislative authority, after receiving a valid initiation petition or after passage of an initiation resolution, shall adopt a resolution of intention to establish an area. The resolution shall state the time and place of a hearing to be held by the legislative authority to consider establishment of an area and shall restate all the information contained in the initiation petition or initiation resolution regarding boundaries, projects and uses, and estimated rates of assessment. [1971 ex.s. c 45 § 4.]

**35.87A.050 Notice of hearing.** Notice of a hearing held under the provisions of this chapter shall be given by:

(1) One publication of the resolution of intention in a newspaper of general circulation in the city; and

(2) Mailing a complete copy of the resolution of intention to each business and multifamily residential or mixed-use project in the proposed, or established, area. Publication and mailing shall be completed at least ten days prior to the time of the hearing. [1993 c 429 § 4; 1971 ex.s. c 45 § 5.]

**35.87A.060 Hearings.** Whenever a hearing is held under this chapter, the legislative authority shall hear all protests and receive evidence for or against the proposed action. The legislative authority may continue the hearing from time to time. Proceedings shall terminate if protest is made by businesses and residential operators in the proposed area which would pay a majority of the proposed special assessments. [1993 c 429 § 5; 1971 ex.s. c 45 § 6.]

**35.87A.070 Change of boundaries.** If the legislative authority decides to change the boundaries of the proposed area, the hearing shall be continued to a time at least fifteen days after such decision and notice shall be given as prescribed in RCW 35.87A.050, showing the boundary amendments, but no resolution of intention is required. [1971 ex.s. c 45 § 7.]

**35.87A.075 Modification of boundaries.** (1) The legislative authority may modify the boundaries of a parking and business improvement area by ordinance, adopted after a hearing before the legislative authority. The legislative authority may modify an area either by expanding or reducing the existing boundaries. If the modification to the boundaries is to expand existing boundaries, the expansion area must be adjacent to an existing boundary. A modification to an existing boundary may occur no more than once per year and may not affect an area with a projected assessment fee greater than ten percent of the current assessment role for the existing area. If the modification of an area results in the boundary being expanded, the assessments for the new area shall be established pursuant to RCW 35.87A.080 and

35.87A.090 and any other applicable provision of this chapter.

(2) The legislative authority shall adopt a resolution of intention to modify the boundaries of an area at least fifteen days prior to the hearing required in subsection (1) of this section. The resolution shall specify the proposed modification and shall give the time and place of the hearing. Notice of the hearing shall be made in accordance with RCW 35.87A.050. [2002 c 69 § 1.]

**35.87A.080 Special assessments—Legislative authority may make reasonable classifications—Assessments for separate purposes.** For purposes of the special assessments to be imposed pursuant to this chapter, the legislative authority may make a reasonable classification of businesses and multifamily residential or mixed-use projects, giving consideration to various factors such as business and occupation taxes imposed, square footage of the business, number of employees, gross sales, or any other reasonable factor relating to the benefit received, including the degree of benefit received from parking. Whenever it is proposed that a parking and business improvement area provide more than one of the purposes listed in RCW 35.87A.010, special assessments may be imposed in a manner that measures benefit from each of the separate purposes, or any combination of the separate purposes. Special assessments shall be imposed and collected annually, or on another basis specified in the ordinance establishing the parking and business improvement area. [1993 c 429 § 6; 1985 c 128 § 2; 1981 c 279 § 2; 1971 ex.s. c 45 § 8.]

**35.87A.090 Special assessments—Same basis or rate for classes not required—Factors as to parking facilities.** The special assessments need not be imposed on different classes of business and multifamily residential or mixed-use projects, as determined pursuant to RCW 35.87A.080, on the same basis or the same rate. The special assessments imposed for the purpose of the acquisition, construction or maintenance of parking facilities for the benefit of the area shall be imposed on the basis of benefit determined by the legislative authority after giving consideration to the total cost to be recovered from the businesses and multifamily residential or mixed-use projects upon which the special assessment is to be imposed, the total area within the boundaries of the parking and business improvement area, the assessed value of the land and improvements within the area, the total business volume generated within the area and within each business, and such other factors as the legislative authority may find and determine to be a reasonable measure of such benefit. [1993 c 429 § 7; 1971 ex.s. c 45 § 9.]

**35.87A.100 Ordinance to establish—Adoption—Contents.** If the legislative authority, following the hearing, decides to establish the proposed area, it shall adopt an ordinance to that effect. This ordinance shall contain the following information:

(1) The number, date and title of the resolution of intention pursuant to which it was adopted;

(2) The time and place the hearing was held concerning the formation of such area;

(3) The description of the boundaries of such area;

(4) A statement that the businesses and multifamily residential or mixed-use projects in the area established by the ordinance shall be subject to the provisions of the special assessments authorized by RCW 35.87A.010;

(5) The initial or additional rate or levy of special assessment to be imposed with a breakdown by classification of business and multifamily residential or mixed-use project, if such classification is used; and

**35.92.010 Authority to acquire and operate waterworks—Generation of electricity—Classification of services for rates.** A city or town may construct, condemn and purchase, purchase, acquire, add to, alter, maintain and operate waterworks, including fire hydrants as an integral utility service incorporated within general rates, within or without its limits, for the purpose of furnishing the city and its inhabitants, and any other persons, with an ample supply of water for all purposes, public and private, including water power and other power derived therefrom, with full power to regulate and control the use, distribution, and price thereof: **PROVIDED**, That the rates charged must be uniform for the same class of customers or service. Such waterworks may include facilities for the generation of electricity as a byproduct and such electricity may be used by the city or town or sold to an entity authorized by law to distribute electricity. Such electricity is a byproduct when the electrical generation is subordinate to the primary purpose of water supply.

In classifying customers served or service furnished, the city or town governing body may in its discretion consider any or all of the following factors: The difference in cost of service to the various customers; location of the various customers within and without the city or town; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of

the water furnished; the time of its use; the achievement of water conservation goals and the discouragement of wasteful water use practices; capital contributions made to the system including, but not limited to, assessments; and any other matters which present a reasonable difference as a ground for distinction. No rate shall be charged that is less than the cost of the water and service to the class of customers served.

For such purposes any city or town may take, condemn and purchase, purchase, acquire, and retain water from any public or navigable lake or watercourse, surface or ground, and, by means of aqueducts or pipe lines, conduct it to the city or town; and it may erect and build dams or other works across or at the outlet of any lake or watercourse in this state for the purpose of storing and retaining water therein up to and above high water mark; and for all the purposes of erecting such aqueducts, pipe lines, dams, or waterworks or other necessary structures in storing and retaining water, or for any of the purposes provided for by this chapter, the city or town may occupy and use the beds and shores up to the high water mark of any such watercourse or lake, and acquire the right by purchase, or by condemnation and purchase, or otherwise, to any water, water rights, easements or privileges named in this chapter, or necessary for any of said purposes, and the city or town may acquire by purchase or condemnation and purchase any properties or privileges necessary to be had to protect its water supply from pollution. Should private property be necessary for any such purposes or for storing water above high water mark, the city or town may condemn and purchase, or purchase and acquire such private property. For the purposes of waterworks which include facilities for the generation of electricity as a byproduct, nothing in this section may be construed to authorize a city or town that does not own or operate an electric utility system to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner. Supp. 1947 § 9488, part. Formerly RCW 80.40.010.]

**Purpose—Findings—2002 c 102:** "The purpose of this act is to affirm the authority of cities and towns to operate fire hydrants and streetlights as part of their rate-based water and electric utilities, respectively. The legislature finds that it has been the practice of most, if not all, cities and towns, as well as water and sewer districts, to include the operation of fire hydrants for fire and maintenance purposes and to incorporate the cost of this operation as a normal part of the utility's services and general rate structure. The legislature further finds and declares that it has been the intent of the legislature that cities and towns, just as water and sewer districts, have the right to operate and maintain streetlights in the same manner as fire hydrants, that is, as a normal part of the electric utility and a normal part of that utility's general rate structure. The legislature therefore affirms that authority." [2002 c 102 § 1.]

**Severability—2002 c 102:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2002 c 102 § 4.]

**Purposes—1991 c 347:** See note following RCW 90.42.005.

**Severability—1991 c 347:** See RCW 90.42.900.

**Intent—1985 c 444:** "For the purposes of this act, the legislature finds it is the policy of the state of Washington that:

(1) The quality of the natural environment shall be protected and, where possible, enhanced as follows: Perennial rivers and streams of the state shall be retained with base flows necessary to provide for preservation of wildlife, fish, scenic, aesthetic and other environmental values, and navigational values. Lakes and ponds shall be retained substantially in their natural condition. Withdrawals of water which would conflict therewith shall be authorized only in those situations where it is clear that overriding considerations of the public interest will be served.

(2) Development of water supply systems, whether publicly or privately owned, which provide water to the public generally in regional areas within the state shall be encouraged. Development of water supply systems for multiple domestic use which will not serve the public generally shall be discouraged where water supplies are available from water systems serving the public." [1985 c 444 § 1.]

**Construction—Economic feasibility study—1985 c 444:** "(1) Nothing in this act exempts any city or town, water district, or sewer district from compliance with applicable state and federal statutes and regulations including but not limited to: State environmental policy act, chapter 43.21C RCW; national environmental policy act, 42 U.S.C. Sec. 4321 et seq.; federal power act, 16 U.S.C. Sec. 791 et seq.; public utility regulatory policies act, 15 U.S.C. Sec. 717f; Pacific northwest electric power planning and conservation act, 16 U.S.C. Sec. 839; energy financing voter approval act, chapter 80.52 RCW; water resources act, chapter 90.54 RCW; federal clean water act, 33 U.S.C. Sec. 1251 et seq.; the public water system coordination act, chapter 70.116 RCW; and the state clean water act, chapter 90.48 RCW.

(2) In addition, if the work proposed under this act involves a new water supply project combined with an electric generation facility with an installed capacity in excess of five megawatts which may produce electricity for sale in excess of present and future needs of the water system, then each of those with a greater than twenty-five percent ownership interest in the project shall jointly prepare an independent economic feasibility study evaluating the cost-effectiveness of the combined facility in the context of forecast regional water needs, alternate sources of water supply, and the potential impact of the combined facility on rates charged for water and electricity.

In addition to the economic feasibility study, the results of the environmental impact statement required by chapter 43.21C RCW and any review by the department of ecology made pursuant to chapter 90.54 RCW shall be made available to the public at least sixty days prior to any public vote on the new combined project.

(3) This act supplements the authority of cities and towns, water districts, and sewer districts and does not restrict or impose limits on any authority such municipal corporations may otherwise have under any laws of this state nor may the authority of such municipal corporations under other laws of this state be construed more narrowly on account of this act." [1985 c 444 § 7.]

**Severability—1985 c 444:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1985 c 444 § 8.]

**Validating—1917 c 12:** "Whenever any city or town has heretofore issued or authorized to be issued by such vote of its electors as is required by law at any election duly and legally held to vote on such proposition, such utility bonds for the purpose of purchasing, paying for or acquiring any such utility as is described in this act, in every such case such utility bonds are hereby declared to be legal and valid, and such city or town is hereby authorized and empowered to proceed to issue and negotiate such bonds and to continue and conclude proceedings for the purchase or acquirement of such utility, and is hereby given full power to maintain and operate the same within all and every part of such contiguous territory whether incorporated or unincorporated." [1917 c 12 § 2.]

**Validating—1909 c 150:** "That in all cases where the qualified electors of any city or town have heretofore, at any election, ratified any plan or system of any public utility mentioned in section 1 of this act, and shall have authorized a general indebtedness of such city or town and the issuance of bonds therefor, or the creation of a special fund or funds out of the revenues of the public utility the plan or system of which was so ratified, and the issuance of bonds or warrants payable only out of such fund or funds; and pursuant to such authorization or ratification a general indebtedness shall have been incurred or authorized to be incurred, and bonds or other obligations issued or contracted to be issued or authorized to be issued, or a special fund or funds shall have been created out of the revenue of any such public utility by pledging or setting aside a fixed proportion of such revenues, or a fixed amount out of and not exceeding a fixed proportion or a fixed amount without regard to any fixed proportion, and bonds or warrants payable either upon the call of such city or town or at a fixed date, but only out of such spe-

cial fund or funds, issued or contracted to be issued or authorized to be issued, or a contract or contracts for the purchase, construction, acquisition, improvement, betterment, or addition to such public utility entered into; such general indebtedness, bonds or other obligations, contracts, special funds, and bonds or warrants, payable out of such special funds, and all proceedings relating thereto, are hereby ratified, confirmed and validated; and any bonds or other obligations constituting a general indebtedness, or bonds or warrants payable out of such special funds, heretofore so authorized, may be hereafter issued or sold as if all of said proceedings were taken pursuant to and under the authority of this act, and in full compliance therewith." **35.92.012 May accept and operate water-sewer district's property when boundaries are identical.** A city or town, whose boundaries are identical with those of a water-sewer district, or within which a water-sewer district is entirely located, which is free from all debts and liabilities except contractual obligations between the district and the town, may accept the property and assets of the district and operate such property and assets as a municipal waterworks, if the district and the city or town each participate in a summary dissolution proceedings for the district as provided in RCW 57.04.110. [1999 c 153 § 39; 1965 c 7 § 35.92.012. Prior: 1955 c 358 § 2. Formerly RCW 80.40.012.]

**Part headings not law—1999 c 153:** See note following RCW 57.04.050.

**35.92.014 Acquisition of out-of-state waterworks.** Municipalities of this state under ordinance of the governing body are empowered to acquire by purchase or lease, and to maintain and operate, in cooperation with neighboring municipalities of states bordering this state, the out-of-state property, plant and equipment of privately owned utilities supplying water to the purchasing municipalities from an out-of-state source: PROVIDED, The legislature of the state in which such property, plant, equipment and supply are located, by enabling legislation similar to this, authorizes its municipalities to join in such acquisition, maintenance and operation. [1965 c 7 § 35.92.014. Prior: 1951 c 39 § 1. Formerly RCW 80.40.014.]

**35.92.015 Acquisition of out-of-state waterworks—Joint acquisition and operation.** The governing bodies of the municipalities acting jointly under RCW 35.92.014 and this section shall have authority by mutual agreement to exercise jointly all powers granted to each individual municipality in the acquisition, maintenance and operation of a water supply system. [1965 c 7 § 35.92.015. Prior: 1951 c 39 § 2. Formerly RCW 80.40.015.]

**35.92.017 Authority to assist customers in the acquisition of water conservation equipment—Limitations.** Any city or town engaged in the sale or distribution of water is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of structures in financing the acquisition and installation of fixtures, systems, and equipment, for compensation or otherwise, for the conservation or more efficient use of water in the structures under a water conservation plan adopted by the city or town if the cost per unit of water saved or conserved

by the use of the fixtures, systems, and equipment is less than the cost per unit of water supplied by the next least costly new water source available to the city or town to meet future demand. Except where otherwise authorized, assistance shall be limited to:

(1) Providing an inspection of the structure, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation fixtures, systems, and equipment for which financial assistance will be approved and the estimated life cycle savings to the water system and the consumer that are likely to result from the installation of the fixtures, systems, or equipment;

(2) Providing a list of businesses that sell and install the fixtures, systems, and equipment within or in close proximity to the service area of the city or town, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize the fixtures, systems, and equipment in accordance with the prevailing national standards;

(3) Arranging to have approved conservation fixtures, systems, and equipment installed by a private contractor whose bid is acceptable to the owner of the structure and verifying the installation; and

(4) Arranging or providing financing for the purchase and installation of approved conservation fixtures, systems, and equipment. The fixtures, systems, and equipment shall be purchased or installed by a private business, the owner, or the utility.

Pay back shall be in the form of incremental additions to the utility bill, billed either together with use charge or separately. Loans shall not exceed one hundred twenty months in length. [1989 c 421 § 3.]

**Intent—Water conservation encouraged—1989 c 421:** "The conservation and efficient use of water is found and declared to be a public purpose of highest priority. The legislature further finds and declares that all municipal corporations, public utility districts, water districts, and other political subdivisions of the state that are engaged in the sale or distribution of water should be granted the authority to develop and carry out programs that will conserve resources, reduce waste, and encourage more efficient use of water by consumers.

In order to establish the most effective statewide program for water conservation, the legislature hereby encourages any company, corporation, or association engaged in selling or furnishing utility services to assist their customers in the acquisition and installation of fixtures, systems, and equipment, for compensation or otherwise, for the conservation or more efficient use of water." [1989 c 421 § 1.]

**Contingent effective date—1989 c 421:** "This act shall take effect on the same date as the proposed amendment to Article VIII of the state Constitution, authorizing the use of public moneys or credit to promote conservation or more efficient use of water, is validly submitted and is approved and ratified by the voters at a general election held in November 1989. If the proposed amendment is not so approved and ratified, this act shall be void in its entirety." [1989 c 421 § 6.] Senate Joint Resolution No. 8210 was approved and ratified by the voters at the November 7, 1989, general election.

**35.92.020 Authority to acquire and operate sewerage and solid waste handling systems, plants, sites, or facilities—Classification of services and facilities for rates—Assistance for low-income persons.** (1) A city or town may construct, condemn and purchase, purchase, acquire, add to, alter, maintain, and operate systems, plants, sites, or other facilities of sewerage as defined in RCW 35.67.010, or solid waste handling as defined by RCW 70.95.030. A city or

town shall have full authority to manage, regulate, operate, control, and, except as provided in subsection (3) of this section, to fix the price of service and facilities of those systems, plants, sites, or other facilities within and without the limits of the city or town.

(2) Subject to subsection (3) of this section, the rates charged shall be uniform for the same class of customers or service and facilities. In classifying customers served or service and facilities furnished by a system or systems of sewerage, the legislative authority of the city or town may in its discretion consider any or all of the following factors:

(a) The difference in cost of service and facilities to customers;

(b) The location of customers within and without the city or town;

(c) The difference in cost of maintenance, operation, repair, and replacement of the parts of the system;

(d) The different character of the service and facilities furnished to customers;

(e) The quantity and quality of the sewage delivered and the time of its delivery;

(f) Capital contributions made to the systems, plants, sites, or other facilities, including but not limited to, assessments;

(g) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and

(h) Any other factors that present a reasonable difference as a ground for distinction.

(3) The rate a city or town may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(4) Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

(5) A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

(6) Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

(7) Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide informa-

tion on estimated rates or charges that may be imposed for the service.

(8) A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law. In setting these rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property. [1986 c 278 § 56; 1983 c 315 § 2.]

It shall be provided in such agreements that each city shall use or own a percentage of any common facility equal to the percentage of the money furnished or the value of property supplied by it for the acquisition and construction of or additions or improvements to the facility and shall own and control or provide for the use of a like percentage of the electrical transmission or output.

(2) A city using or owning common facilities under this section may issue revenue bonds or other obligations to finance the city's share of the use or ownership of the common facilities.

(3) Cities of the first class shall have the power and authority to participate and enter into agreements for the use or undivided ownership of a coal-fired thermal electric generating plant and facility placed in operation before July 1, 1975, including related common facilities, and for the plan-

(6) In carrying out the powers granted in this section, each such city shall be severally liable only for its own acts and not jointly or severally liable for the acts, omissions, or obligations of others. No money or property supplied by any such city for the planning, financing, acquisition, construction, operation, or maintenance of, or addition or improvement to any common facility shall be credited or otherwise applied to the account of any other participant therein, nor shall the undivided share of any city in any common facility be charged, directly or indirectly, with any debt or obligation of any other participant or be subject to any lien as a result thereof. (1) No submission shall be necessary:

(a) When the work proposed is an addition to, or betterment of, extension of, or an increased water supply for existing waterworks, or an addition, betterment, or extension of an existing system or plant of any other public utility;

(b) When in the charter of a city a provision has been adopted authorizing the corporate authorities thereof to provide by ordinance for acquiring, opening, or operating any of such public utilities; or

(c) When in the judgment of the corporate authority, the public health is being endangered by the discharge of raw or untreated sewage into any body of water and the danger to the public health may be abated by the construction and maintenance of a sewage disposal plant.

(2) Notwithstanding subsection (1) of this section, submission to the voters shall be necessary if:

(a) The project or work may produce electricity for sale in excess of present or future needs of the water system;

(b) The city or town does not own or operate an electric utility system;

(c) The work involves an ownership greater than twenty-five percent in a new water supply project combined with an electric generation facility; and

(d) The combined facility has an installed capacity in excess of five megawatts.

(3) Notwithstanding subsection (1) of this section, submission to the voters shall be necessary to make extensions to a public utility which would expand the previous service capacity by fifty percent or more, where such increased service capacity is financed by the issuance of general obligation bonds.

(4) Thirty days' notice of the election shall be given in the official newspaper of the city or town, by publication at least once each week in the paper during such time.

(5) When a proposition has been adopted, or in the cases where no submission is necessary, the corporate authorities of the city or town may proceed forthwith to purchase, construct, and acquire the public utility or make additions, betterments, and extensions thereto and to make payment therefor. **35.92.075 Indebtedness incurred on credit of expected utility revenues.** A city or town may contract indebtedness and borrow money for a period not in excess of two years for any public utility purpose on the credit of the revenues expected from such public utility. [1982 c 24 § 1.]

**35.92.080 General obligation bonds.** General obligation bonds may be issued by a city or town for the purposes of providing all or part of the costs of purchasing, acquiring, or constructing a public utility or making any additions, betterments, or alterations thereto, or extensions thereof. There shall be levied each year a tax upon the taxable property of the city or town sufficient to pay the interest on and principal of the bonds then due, which taxes shall become due and collectible as other taxes: PROVIDED, That it may pledge to the payment of such principal and interest

the revenue of the public utility being acquired, constructed, or improved out of the proceeds of sale of such bonds. Such pledge of revenue shall constitute a binding obligation, according to its terms, to continue the collection of such revenue so long as such bonds or any of them are outstanding, and to the extent that revenues are insufficient to meet the debt service requirements on such bonds, the governing body of the municipality shall provide for the levy of taxes sufficient to meet such deficiency. **35.92.100 Revenue bonds or warrants.** (1) When the voters of a city or town, or the corporate authorities thereof, have adopted a proposition for any public utility and either no general indebtedness has been authorized or the corporate authorities do not desire to incur a general indebtedness, and when the corporate authorities are authorized to exercise any of the powers conferred by this chapter without submitting the proposition to a vote, the corporate authorities may create a special fund for the sole purpose of defraying the cost of the public utility or addition, betterment, or extension thereto, into which special fund they may obligate and bind the city or town to set aside and pay a fixed proportion of the gross revenues of the utility, or any fixed amount out of and not exceeding a fixed proportion of such revenues, or a fixed amount without regard to any fixed proportion, and issue and sell bonds or warrants bearing interest at a rate or rates as authorized by the corporate authorities; payable semiannually, executed in such manner and payable at such times and places as the corporate authorities shall determine, but the bonds or warrants and the interest thereon shall be payable only out of the special fund and shall be a lien and charge against payments received from any utility local improvement district assessments pledged to secure such bonds. Such bonds shall be negotiable instruments within the meaning of the negotiable instruments law, Title 62A RCW, notwithstanding same are made payable out of a particular fund contrary to the provisions of RCW 62A.3-105. Such bonds and warrants may be of any form, including bearer bonds or

bearer warrants, or registered bonds or registered warrants as provided in RCW 39.46.030.

When corporate authorities deem it necessary to construct any sewage disposal plant, it may be considered as a part of the waterworks department of the city or town and the cost of construction and maintenance thereof may be chargeable to the water fund of the municipality, or to any other special fund which the corporate authorities may by ordinance designate.

In creating a special fund, the corporate authorities shall have due regard to the cost of operation and maintenance of the plant or system as constructed or added to, and to any proportion or part of the revenue previously pledged as a fund for the payment of bonds, warrants, or other indebtedness, and shall not set aside into such special fund a greater amount or proportion of the revenue and proceeds than in their judgment will be available above such cost of maintenance and operation and the amount or proportion, if any, of the revenue so previously pledged. Rates shall be maintained adequate to service such bonds and to maintain the utility in sound financial condition.

The bonds or warrants and interest thereon issued against any such fund shall be a valid claim of the owner thereof only as against the special fund and its fixed proportion or amount of the revenue pledged thereto, and shall not constitute an indebtedness of the city or town within the meaning of constitutional provisions and limitations. Each bond or warrant shall state upon its face that it is payable from a special fund, naming it and the ordinance creating it. The bonds and warrants shall be sold in such manner as the corporate authorities shall deem for the best interest of the city or town, and they may provide in any contract for the construction and acquirement of the proposed improvement that payment therefor shall be made only in such bonds and warrants at par value thereof.

When a special fund is created and any such obligation is issued against it, a fixed proportion, or a fixed amount out of and not exceeding such fixed proportion, or a fixed amount without regard to any fixed proportion, of revenue shall be set aside and paid into such fund as provided in the ordinance creating it, and in case the city or town fails to thus set aside and pay such fixed proportion or amount, the owner of any bond or warrant against the fund may bring action against the city or town and compel such setting aside and payment: PROVIDED, That whenever the corporate authorities of any city or town shall so provide by ordinance then all such bonds thereafter issued shall be on a parity, without regard to date of issuance or authorization and without preference or priority of right or lien with respect to participation of special funds in amounts from gross revenues for payment thereof.

In creating such special fund, the legislative authority shall have due regard to the cost of operation and maintenance of the utility as constructed or added to, and to any proportion or part of the revenue thereof previously pledged as a fund for the payment of bonds, warrants, or other indebtedness, and shall not bind and obligate the city or town to set aside into the fund a greater amount of the revenue of the utility than in its judgment will be available above the cost of maintenance and operation and the amount or proportion of the revenue thereof so previously pledged. **35.92.150 Funding or refunding bonds—Terms of bonds.** (1) Such funding or refunding bonds, together with the interest thereon, issued against the special fund shall be a valid claim of the owner thereof only as against such fund, and the amount of the revenue of the utility pledged thereto, and shall not constitute an indebtedness of the city or town within the meaning of constitutional or statutory provisions and limitations. They shall be sold in such manner as the corporate authorities shall deem for the best interest of the municipality. The effective rate of interest on the bonds shall not exceed the effective rate of interest on warrants or bonds to be funded or refunded thereby. Interest on the bonds shall be paid semiannually. The bonds shall be executed in such manner and payable at such time and place as the legislative authority shall by ordinance determine. Nothing in this chapter shall prevent a city or town from funding or refunding any of its indebtedness in any other manner provided by law. ity deems it feasible to furnish water for irrigation and domestic purposes, or either, and where the water used for irrigation and domestic purposes or either, is appurtenant or may become appurtenant to the land located within such city or town, may purchase, lease, or otherwise acquire water or water rights for the purpose of furnishing the city or town and the inhabitants thereof with a supply of water for irrigation and domestic purposes, or either; purchase, construct, or otherwise acquire systems and means of distribution and delivery of water within and without the limits of the city or town, or for the delivery of water where the owner of land within the city or town owns a water right appurtenant to his or her land, with full power to maintain, repair, reconstruct, regulate, and control the same, and if private property is necessary for such purposes, the city or town may condemn and purchase or purchase and acquire property, enter into any contract, and order any and all work to be done that is necessary to carry out such purposes, and it may do so either by the entire city or town or by assessment districts, consisting of the whole or any portion thereof, as the legislative authority of the city or town may determine.

(2) The legislative authority of any city or town may by ordinance authorize the consolidation of separate irrigation assessment districts, previously established pursuant to this section, for the purposes of construction or rehabilitation of improvements, or of ongoing administration, service, repair, and reconstruction of irrigation systems. The separate irrigation assessment districts to be consolidated need not be adjoining, vicinal, or neighboring. If the legislative authority orders the creation of such consolidated irrigation assessment districts, the money received and on hand from assessments levied within the original districts shall be deposited in a consolidated fund to be used by the municipality for future expenses within the consolidated district. **35.92.260 Acquisition of water rights—Mode of assessment.** When a city or town makes local improvements for any of the purposes specified in RCW 35.92.220 and RCW 35.92.230, as now or hereafter amended, the proceedings relative to the creation of districts, financing of improvements, levying and collecting assessments and all other procedure shall be had, and the legislative authority shall proceed in accordance with the provisions of the laws relating to local improvement districts in cities of the first class: PROVIDED, That when the improvement is initiated upon petition, the petition shall set forth the fact that the signers are the owners according to the records in the office of the county auditor, of property to an aggregate amount of a majority of the surface area within the limits of the assessment district to be created: PROVIDED FURTHER, That when an assessment is made for any purpose other than the construction or reconstruction of any system or means of distribution or delivery of water, it shall not be necessary for the legislative authority to be furnished with a statement of the aggregate assessed valuation of the real estate exclusive of improvements in the district according to the valuation last placed upon it for purposes of general taxation, or the estimated amount of the cost of the improvement to be borne by each

tract of land or other property, but a statement by the engineer or other officer, showing the estimated cost of the improvement per square foot, shall be sufficient: PROVIDED FURTHER, That when the legislative authority of a city or town shall deem it necessary to levy special assessments for the purposes specified in RCW 35.92.230, as now or hereafter amended, other than for the purpose of paying the costs of acquiring, constructing or reconstructing any system or means of distribution or delivery of water for irrigation or domestic purposes, the legislative authority for such city or town may hold a single hearing on the assessment rolls for all irrigation local improvement districts within the city or town. Such legislative authority shall fix the date of such hearing and shall direct the city or town clerk to give notice thereof, in the form prescribed by RCW 35.44.080, by publication thereof in a legal newspaper of general circulation in the city or town, once, not less than fifteen days prior to the date fixed for hearing; and by mailing, not less than fifteen days prior to the date fixed for hearing, notice thereof to the owner or reputed owner of each item of property described on the assessment roll whose name appears on such roll at the address of such owner or reputed owner shown on the tax rolls of the county treasurer for each such item of property: PROVIDED FURTHER, That when an assessment roll is once prepared and does not include the cost of purchase, construction, or reconstruction of works of delivery or distribution and the legislative authority of such city or town decides to raise a similar amount the ensuing year, it shall not be necessary to prepare a new assessment roll, but the legislative authority may pass a resolution of intention estimating the cost for the ensuing year to be the same as the preceding year, and directing the clerk to give notice stating the estimated cost per square foot of all land within the district and refer persons interested to the books of the treasurer, and fixing the date for a hearing on such assessment roll. Notice of such hearing shall be given by the city or town clerk in the form and manner required in the preceding proviso. The treasurer shall be present at the hearing and shall note any changes on his books. The legislative authority shall have the same right to make changes in the assessment roll as in an original assessment, and after all changes have been made it shall, by ordinance, confirm the assessment and direct the treasurer to extend it on the books of his office. **35.92.350 Electrical construction or improvement—Bid proposals—Contract proposal forms—Conditions for issuance—Refusal—Appeal.** Any city or town owning an electrical utility shall require that bid proposals upon any electrical construction or improvement shall be made upon contract proposal form supplied by the governing authority of such utility, and in no other manner. The governing authority shall, before furnishing any person, firm or corporation desiring to bid upon any electrical work with a contract proposal form, require from such person, firm or corporation, answers to questions contained in a standard form of questionnaire and financial statement, including a complete statement of the financial ability and experience of such person, firm, or corporation in performing electrical work. Such questionnaire shall be sworn to before a notary public or other person authorized to take acknowledgment of deeds, and shall be submitted once a year and at such other times as the governing authority may require. Whenever the governing authority is not satisfied with the sufficiency of the answers contained in such questionnaire and financial statement or whenever the governing authority determines that such person, firm, or corporation does not meet all of the requirements hereinafter set forth it may refuse to furnish such person, firm or corporation with a contract proposal form and any bid proposal of such person, firm or corporation must be disregarded. In order to obtain a contract proposal form, a person, firm or corporation shall have all of the following requirements:

- (1) Adequate financial resources, or the ability to secure such resources;
- (2) The necessary experience, organization, and technical qualifications to perform the proposed contract;
- (3) The ability to comply with the required performance schedule taking into consideration all of its existing business commitments;
- (4) A satisfactory record of performance, integrity, judgment, and skills; and
- (5) Be otherwise qualified and eligible to receive an award under applicable laws and regulations.

Such refusal shall be conclusive unless appeal therefrom to the superior court of the county where the utility district is situated or Thurston county be taken within fifteen days, which appeal shall be heard summarily within ten days after the same is taken and on five days' notice thereof to the governing authority of the utility. [1971 ex.s. c 220 § 1.]

**35.92.355 Energy conservation—Legislative findings.** The conservation of energy in all forms and by every possible means is found and declared to be a public purpose of highest priority. The legislature further finds and declares that all municipal corporations, quasi municipal corporations, and other political subdivisions of the state which are engaged in the generation, sale, or distribution of energy should be granted the authority to develop and carry out programs which will conserve resources, reduce waste, and encourage more efficient use of energy by consumers.

In order to establish the most effective statewide program for energy conservation, the legislature hereby encourages any company, corporation, or association engaged in selling or furnishing utility services to assist their customers in the acquisition and installation of materials and equipment, for compensation or otherwise, for the conservation or more

efficient use of energy. The use of appropriate tree plantings for energy conservation is encouraged as part of these programs. [1993 c 204 § 5; 1979 ex.s. c 239 § 1.]

**Findings—1993 c 204:** See note following RCW 35.92.390.

**Effective date—Contingency—1979 ex.s. c 239:** See note following RCW 35.92.360.

**35.92.360 Energy conservation plan—Financing authorized for energy conservation projects in structures or equipment—Limitations.** Any city or town engaged in the generation, sale, or distribution of energy is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of structures or equipment in financing the acquisition and installation of materials and equipment, for compensation or otherwise, for the conservation or more efficient use of energy in such structures or equipment pursuant to an energy conservation plan adopted by the city or town if the cost per unit of energy saved or produced by the use of such materials and equipment is less than the cost per unit of energy produced by the next least costly new energy resource which the city or town could acquire to meet future demand. Any financing authorized under this chapter shall only be used for conservation purposes in existing structures, and such financing shall not be used for any purpose which results in a conversion from one energy source to another. For the purposes of this section, "conservation purposes in existing structures" may include projects to allow a municipal electric utility's customers to generate all or a portion of their own electricity through the on-site installation of a distributed electricity generation system that uses as its fuel solar, wind, geothermal, or hydro-power, or other renewable resource that is available on-site and not from a commercial source. Such projects shall not be considered "a conversion from one energy source to another" which is limited to the change or substitution of one commercial energy supplier for another commercial energy supplier. Except where otherwise authorized, such assistance shall be limited to:

(1) Providing an inspection of the structure or equipment, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation materials and equipment for which financial assistance will be approved and the estimated life cycle savings in energy costs that are likely to result from the installation of such materials or equipment;

(2) Providing a list of businesses who sell and install such materials and equipment within or in close proximity to the service area of the city or town, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize such materials in accordance with the prevailing national standards.

(3) Arranging to have approved conservation materials and equipment installed by a private contractor whose bid is acceptable to the owner of the residential structure and verifying such installation; and

(4) Arranging or providing financing for the purchase and installation of approved conservation materials and equipment. Such materials and equipment shall be purchased

from a private business and shall be installed by a private business or the owner.

(5) Pay back shall be in the form of incremental additions to the utility bill, billed either together with use charge or separately. Loans shall not exceed one hundred twenty months in length. [2002 c 276 § 2; 1989 c 268 § 1; 1979 ex.s. c 239 § 2.]

**Findings—Intent—2002 c 276:** "The legislature finds that energy conservation can take many useful and cost-effective forms, and that the types of conservation projects available to utilities and customers evolve with time as technologies are developed and market conditions change. In some cases, electricity conservation projects are most cost-effective when they reduce the total amount of electricity consumed by an individual customer, and in other cases they can be cost-effective by reducing the amount of electricity a customer needs to purchase from an electric utility.

The legislature intends to encourage and support a broad array of cost-effective energy conservation by electric utilities and customers alike by clarifying that public utilities may assist in the financing of projects that allow customers to generate their own electricity from renewable resources that do not depend on commercial sources of fuel thereby reducing the amount of electricity a public utility needs to generate or acquire on their customers' behalf." [2002 c 276 § 1.]

**Effective date—Contingency—1979 ex.s. c 239:** "This 1979 act shall take effect on the same date as the proposed amendment to Article VIII of the state Constitution, authorizing the use of public moneys or credit to promote conservation or more efficient use of energy, is validly submitted and is approved and ratified by the voters at a general election held in November, 1979. If the proposed amendment is not so approved and ratified, this 1979 act shall be null and void in its entirety." [1979 ex.s. c 239 § 4.] The referenced constitutional amendment (1979 Substitute Senate Joint Resolution No. 120) was approved by the voters on November 6, 1979. See Article VIII, section 10 of the state Constitution.

**35.92.365 Tariff for irrigation pumping service—Authority to buy back electricity.** The council or board may approve a tariff for irrigation pumping service that allows the municipal utility to buy back electricity from customers to reduce electricity usage by those customers during the municipal utility's particular irrigation season. [2001 c 122 § 3.]

**Effective date—2001 c 122:** See note following RCW 80.28.310.

**35.92.370 Lease of real property under electrical transmission lines for private gardening purposes.** A city or town owning facilities for the purpose of furnishing the city or town and its inhabitants with electricity may lease for private gardening purposes the real property under its electrical transmission and distribution lines for a nominal rent to any person who has an income of less than ten thousand dollars per year. [1981 c 100 § 1.]

**35.92.380 Waiver or delay of collection of tap-in charges, connection or hookup fees for low income persons.** Whenever a city or town waives or delays collection of tap-in charges, connection fees, or hookup fees for low income persons, or class of low income persons, to connect to lines or pipes used by the city or town to provide utility service, the waiver or delay shall be pursuant to a program established by ordinance. As used in this section, the provision of "utility service" includes, but is not limited to, water, sanitary or storm sewer service, electricity, gas, other means of power, and heat. [1980 c 150 § 1.]

**35.92.390 Municipal utilities encouraged to provide customers with landscaping information and to request**

**voluntary donations for urban forestry.** (1) Municipal utilities under this chapter are encouraged to provide information to their customers regarding landscaping that includes tree planting for energy conservation.

(2) Municipal utilities under this chapter are encouraged to request voluntary donations from their customers for the purposes of urban forestry. The request may be in the form of a check-off on the billing statement or other form of request for a voluntary donation. [1993 c 204 § 2.]

**Findings—1993 c 204:** "The legislature finds that large-scale reduction of tree cover increases the temperature of urban areas, known as the "heat island effect." Planting trees in urban areas for shading and cooling mitigates the urban heat island effect and reduces energy consumption. Tree planting also can benefit the environment by combating global climate change, reducing soil erosion, and improving air quality. Urban forestry programs can improve urban aesthetics that will improve public and private property values.

The legislature also finds that urban forestry programs should consider the relationship between urban forests and public service facilities such as water, sewer, natural gas, telephone, and electric power lines. Urban forestry programs should promote the use of appropriate tree species that will not interfere with or cause damage to such public service facilities." [1993 c 204 § 1.]

#### **35.92.400 Provision of water services and facilities—**

**Contract with Canadian corporation.** A city or town contiguous with Canada may contract with a Canadian corporation for the purchase of water and for the construction, purchase, maintenance, and supply of waterworks to furnish the city or town and other areas within its water service area, and inhabitants thereof, and residents of Canada with an ample supply of water. [1999 c 61 § 1.]

#### **35.92.410 Provision of sewer services and facilities—**

**Contract with Canadian corporation.** A city or town contiguous with Canada may contract with a Canadian corporation for the discharge of sewage from all or any portion of the city's or town's sewer service area into the sewer system of the Canadian corporation. A city or town contiguous with Canada may contract with a Canadian corporation for the construction, operation, or maintenance of sewers and sewage treatment and disposal facilities for their joint use and benefit upon such terms and conditions and for such period of time as the contracting parties may determine, which may include vesting one of the contracting parties with the sole authority to construct, operate, or maintain the facilities with the other contracting party or parties paying an agreed-upon portion of the expenses to the party with sole authority to construct, operate, or maintain the facilities. [1999 c 61 § 2.]

**35.92.420 Purchase of electric power and energy from joint operating agency.** A city or town may contract to purchase from a joint operating agency electric power and energy required for its present or future requirements. For projects the output of which is limited to qualified alternative energy resources as defined by RCW 19.29A.090(3), the contract may include the purchase of capability of the projects to produce electricity in addition to the actual output of the projects. The contract may provide that the city or town must make the payments required by the contract whether or not a project is completed, operable, or operating and notwithstanding the suspension, interruption, interference, reduction, or curtailment of the output of a project or the power and

energy contracted for. The contract may also provide that payments under the contract are not subject to reduction, whether by offset or otherwise, and shall not be conditioned upon the performance or nonperformance of the joint operating agency or a city, town, or public utility district under the contract or other instrument. 35.94.010	Authority to sell or let.
35.94.020	Procedure.
35.94.030	Execution of lease or conveyance.
35.94.040	Lease or sale of land or property originally acquired for public utility purposes.
35.94.050	Application of chapter to certain service provider agreements under chapter 70.150 RCW.

**35.94.010 Authority to sell or let.** A city may lease for any term of years or sell and convey any public utility works, plant, or system owned by it or any part thereof, together with all or any equipment and appurtenances thereof. [1965 c 7 § 35.94.010. Prior: 1917 c 137 § 1; RRS § 9512. Cf. 1907 c 86 §§ 1-3; 1897 c 106 §§ 1-4. Formerly RCW 80.48.010.]

**35.94.020 Procedure.** The legislative authority of the city, if it deems it advisable to lease or sell the works, plant, or system, or any part thereof, shall adopt a resolution stating whether it desires to lease or sell. If it desires to lease, the resolution shall state the general terms and conditions of the lease, but not the rent. If it desires to sell the general terms of sale shall be stated, but not the price. The resolution shall direct the city clerk, or other proper official, to publish the resolution not less than once a week for four weeks in the official newspaper of the city, together with a notice calling for sealed bids to be filed with the clerk or other proper official not later than a certain time, accompanied by a certified check payable to the order of the city, for such amount as the resolution shall require, or a deposit of a like sum in money. Each bid shall state that the bidder agrees that if his bid is accepted and he fails to comply therewith within the time hereinafter specified, the check or deposit shall be forfeited to the city. If bids for a lease are called for, bidders shall bid the amount to be paid as the rent for each year of the term of the lease. If bids for a sale are called for, the bids shall state the price offered. The legislative authority of the city may reject any or all bids and accept any bid which it deems best. At the first meeting of the legislative authority of the city held after the expiration of the time fixed for receiving bids, or at some later meeting, the bids shall be considered. In order for the legislative authority to declare it advisable to accept any bid it shall be necessary for two-thirds of all the members elected to the legislative authority to vote in favor of a resolution making the declaration. If the resolution is adopted it shall be necessary, in order that the bid be accepted, to enact an ordinance accepting it and directing the execution of a lease or conveyance by the mayor and city clerk or other proper official. The ordinance shall not take effect until it has been submitted to the voters of the city for their approval or rejection at the next general election or at a special election called for that purpose, and a majority of the voters voting thereon have

approved it. If approved it shall take effect as soon as the result of the vote is proclaimed by the mayor. If it is so submitted and fails of approval, it shall be rejected and annulled. The mayor shall proclaim the vote as soon as it is properly certified. [1985 c 469 § 40; 1965 c 7 § 35.94.020. Prior: 1917 c 137 § 2; RRS § 9513. Cf. 1907 c 86 §§ 1-3; 1897 c 106 §§ 1-4. Formerly RCW 80.48.020.]

*Elections: Title 29A RCW.*

**35.94.030 Execution of lease or conveyance.** Upon the taking effect of the ordinance the mayor and the city clerk or other proper official shall execute, in the name and on behalf of the city, the lease or conveyance directed thereby. The lessee or grantee shall accept and execute the instrument within ten days after notice of its execution by the city or forfeit to the city, the amount of the check or deposit accompanying his bid: PROVIDED, That if litigation in good faith is instituted within ten days to determine the rights of the parties, no forfeiture shall take place unless the lessee or grantee fails for five days after the termination of the litigation in favor of the city to accept and execute the lease or conveyance. [1965 c 7 § 35.94.030. Prior: 1917 c 137 § 3; RRS § 9514. Cf. 1907 c 86 §§ 1-3; 1897 c 106 §§ 1-4. Formerly RCW 80.48.030.]

**35.94.040 Lease or sale of land or property originally acquired for public utility purposes.** Whenever a city shall determine, by resolution of its legislative authority, that any lands, property, or equipment originally acquired for public utility purposes is surplus to the city's needs and is not required for providing continued public utility service, then such legislative authority by resolution and after a public hearing may cause such lands, property, or equipment to be leased, sold, or conveyed. Such resolution shall state the fair market value or the rent or consideration to be paid and such other terms and conditions for such disposition as the legislative authority deems to be in the best public interest.

The provisions of RCW 35.94.020 and 35.94.030 shall not apply to dispositions authorized by this section. [1973 1st ex.s. c 95 § 1.]

**35.94.050 Application of chapter to certain service provider agreements under chapter 70.150 RCW.** This chapter does not apply to dispositions of utility property in connection with an agreement entered into pursuant to chapter 70.150 RCW provided there is compliance with the procurement procedure under RCW 70.150.040. *Public transportation systems: RCW 35.58.272 through 35.58.2794.*

**35.95.010 Declaration of intent and purpose.** We, the legislature find that an increasing number of municipally owned, or leased, and operated transportation systems in the urban areas of the state of Washington, as in the nation, are finding it impossible, from the revenues derived from tolls, tariffs and fares, to maintain the financial solvency of such systems, and as a result thereof such municipalities have been forced to subsidize such systems to the detriment of other essential public services.

All persons in a community benefit from a solvent and adequate public transportation system, either directly or indirectly, and the responsibility of financing the operation, maintenance, and capital needs of such systems is a community obligation and responsibility which should be shared by all.

We further find and declare that the maintenance and operation of an adequate public transportation system is an absolute necessity and is essential to the economic, industrial and cultural growth, development and prosperity of a municipality and of the state and nation, and to protect the health and welfare of the residents of such municipalities and the public in general.

We further find and declare that the appropriation of general funds and levying and collection of taxes by such municipalities as authorized in the succeeding sections of this chapter is necessary, and any funds so derived and expended are for a public purpose for which public funds may properly be used. [1969 ex.s. c 255 § 1; 1965 ex.s. c 111 § 1.]

**Construction—Severability—1969 ex.s. c 255:** See notes following RCW 35.58.272.

(2) "Authority area" means the territory within a city as designated in the ordinance creating the authority.

(3) "Bonds" means bonds, notes, or other evidences of indebtedness.

(4) "Public monorail transportation function" means the transportation of passengers and their incidental baggage by means of public monorail transportation facilities as authorized in this chapter.

(6) "Qualified elector" means any person registered to vote within the city boundaries. [2002 c 248 § 1.]

**35.95A.020 Creation of authority—Vote of the people.** (1) A city transportation authority to perform a public monorail transportation function may be created in every city with a population greater than three hundred thousand to perform a public monorail transportation function. The authority shall embrace all the territory in the authority area. A city transportation authority is a municipal corporation, an independent taxing "authority" within the meaning of Article 7, section 1 of the state Constitution, and a "taxing district"

within the meaning of Article 7, section 2 of the state Constitution.

(2) Any city transportation authority and proposed taxes established pursuant to this chapter, either by ordinance or petition as provided in this chapter, must be approved by a majority vote of the electors residing within the proposed authority area voting at a regular or special election. [2002 c 248 § 2.]

**35.95A.030 Creation by ordinance—Proposal by petition.** (1) A city that undertakes to propose creation of an authority must propose the authority by ordinance of the city legislative body. The ordinance must:

(a) Propose the authority area and the size and method of selection of the governing body of the authority, which governing body may be appointed or elected, provided that officers or employees of any single city government body may not compose a majority of the members of the authority's governing body;

(b) Propose whether all or a specified portion of the public monorail transportation function will be exercised by the authority;

(c) Propose an initial array of taxes to be voted upon by the electors within the proposed authority area; and

(d) Provide for an interim governing body of the authority which will govern the authority upon voter approval of formation of the authority, until a permanent governing body is selected, but in no event longer than fourteen months.

(2) An authority may also be proposed to be created by a petition setting forth the matters described in subsection (1) of this section, and signed by one percent of the qualified electors of the proposed authority area.

(3) Upon approval by the qualified electors of the formation of the city transportation authority and any proposed taxes, either by ordinance or by petition as provided in this chapter, the governing body of an authority, or interim governing body, as applicable, will adopt bylaws determining, among other things, the authority's officers and the method of their selection, and other matters the governing body deems appropriate. [2002 c 248 § 3.]

**35.95A.040 Authority subject to standard requirements of governmental entity.** The authority is subject to all standard requirements of a governmental entity pursuant to RCW 35.21.759. [2002 c 248 § 4.]

**35.95A.050 Powers.** Every authority has the following powers:

(1) To acquire by purchase, condemnation, gift, or grant and to lease, construct, add to, improve, replace, repair, maintain, operate, and regulate the use of public monorail transportation facilities, including passenger terminal and parking facilities and properties, and other facilities and properties as may be necessary for passenger and vehicular access to and from public monorail transportation facilities, together with all lands, rights of way, and property within or outside the authority area, and together with equipment and accessories necessary or appropriate for these facilities, except that property, including but not limited to other types of public transportation facilities, that is owned by any city, county, county

transportation authority, public transportation benefit area, metropolitan municipal corporation, or regional transit authority may be acquired or used by an authority only with the consent of the public entity owning the property. The entities are authorized to convey or lease property to an authority or to contract for their joint use on terms fixed by agreement between the entity and the authority;

(2) To fix rates, tolls, fares, and charges for the use of facilities and to establish various routes and classes of service. Rates, tolls, fares, or charges may be adjusted or eliminated for any distinguishable class of users including, but not limited to, senior citizens and handicapped persons;

(3) To contract with the United States or any of its agencies, any state or any of its agencies, any metropolitan municipal corporation, and other country, city, other political subdivision or governmental instrumentality, or governmental agency, or any private person, firm, or corporation for the purpose of receiving any gifts or grants or securing loans or advances for preliminary planning and feasibility studies, or for the design, construction, operation, or maintenance of public monorail transportation facilities as follows:

(a) Notwithstanding the provisions of any law to the contrary, and in addition to any other authority provided by law, the governing body of a city transportation authority may contract with one or more vendors for the design, construction, operation, or maintenance, or other service related to the development of a monorail public transportation system including, but not limited to, monorail trains, operating systems and control equipment, guideways, and pylons, together with the necessary passenger stations, terminals, parking facilities, and other related facilities necessary and appropriate for passenger and vehicular access to and from the monorail train.

(b) If the governing body of the city transportation authority decides to proceed with the consideration of qualifications or proposals for services from qualified vendors, the authority must publish notice of its requirements and request submission of qualifications statements or proposals. The notice must be published in the official newspaper of the city creating the authority at least once a week for two weeks, not less than sixty days before the final date for the submission of qualifications statements or proposals. The notice must state in summary form: (i) The general scope and nature of the design, construction, operation, maintenance, or other services being sought related to the development of the proposed monorail, tram, or trolley public transportation system; (ii) the name and address of a representative of the city transportation authority who can provide further details; (iii) the final date for the submission of qualifications statements or proposals; (iv) an estimated schedule for the consideration of qualifications statements or proposals, the selection of vendors, and the negotiation of a contract or contracts for services; (v) the location of which a copy of any requests for qualifications statements or requests for proposals will be made available; and (vi) the criteria established by the governing body of the authority to select a vendor or vendors, which may include, but is not limited to, the vendor's prior experience, including design, construction, operation, or maintenance of other similar public transportation facilities, respondent's management capabilities, proposed project schedule, availability and financial resources, costs of the

services to be provided, nature of facility design proposed by the vendors, system reliability, performance standards required for the facilities, compatibility with existing public transportation facilities operated by the authority or any other public body or other providers of similar services to the public, project performance guarantees, penalties, and other enforcement provisions, environmental protection measures to be used by the vendor, consistency with the applicable regional transportation plans, and the proposed allocation of project risks.

(c) If the governing body of the city transportation authority decides to proceed with the consideration of qualifications statements or proposals submitted by vendors, it may designate a representative to evaluate the vendors who submitted qualifications statements or proposals and conduct discussions regarding qualifications or proposals with one or more vendors. The governing body or its representative may request submission of qualifications statements and may later request more detailed proposals from one or more vendors who have submitted qualifications statements, or may request detailed proposals without having first received and evaluated qualifications statements. The governing body or its representative will evaluate the qualifications or proposals, as applicable. If two or more vendors submit qualifications or proposals that meet the criteria established by the governing body of the authority, discussions and interviews must be held with at least two vendors. Any revisions to a request for qualifications or request for proposals must be made available to all vendors then under consideration by the governing body of the authority and must be made available to any other person who has requested receipt of that information.

(d) Based on the criteria established by the governing body of the authority, the representative will recommend to the governing body a vendor or vendors that are initially determined to be the best qualified to provide one or more of the design, construction, operation or maintenance, or other service related to the development of the proposed monorail public transportation system.

(e) The governing body of the authority or its representative may attempt to negotiate a contract with the vendor or vendors selected for one or more of the design, construction, operation or maintenance, or other service related to the development of the proposed monorail public transportation system on terms that the governing body of the authority determines to be fair and reasonable and in the best interest of the authority. If the governing body, or its representative, is unable to negotiate a contract with any one or more of the vendors first selected on terms that it determines to be fair and reasonable and in the best interest of the authority, negotiations with any one or more of the vendors must be terminated or suspended and another qualified vendor or vendors may be selected in accordance with the procedures set forth in this section. If the governing body decides to continue the process of selection, negotiations will continue with a qualified vendor or vendors in accordance with this section at the sole discretion of the governing body of the authority until an agreement is reached with one or more qualified vendors, or the process is terminated by the governing body. The process may be repeated until an agreement is reached.

(f) Prior to entering into a contract with a vendor, the governing body of the authority must make written findings,

after holding a public hearing on the proposal, that it is in the public interest to enter into the contract, that the contract is financially sound, and that it is advantageous for the governing body of the authority to use this method for awarding contracts for one or more of the design, construction, or operation or maintenance of the proposed monorail public transportation system as compared to all other methods of awarding such contracts.

(g) Each contract must include a project performance bond or bonds or other security by the vendor.

(h) The provisions of chapters 39.12 and 39.19 RCW apply to a contract entered into under this section as if the public transportation systems and facilities were owned by a public body.

(i) The vendor selection process permitted by this section is supplemental to and is not construed as a repeal of or limitation on any other authority granted by law.

(j) Contracts for the construction of facilities, other than contracts for facilities to be provided by the selected vendor, with an estimated cost greater than two hundred thousand dollars must be awarded after a competitive bid process consistent with chapter 39.04 RCW or awarded through an alternative public works contracting procedure consistent with chapter 39.10 RCW;

(4) To contract with the United States or any of its agencies, any state or any of its agencies, any metropolitan municipal corporation, any other county, city, other political subdivision or governmental instrumentality, any governmental agency, or any private person, firm, or corporation for the use by either contracting party of all or any part of the facilities, structures, lands, interests in lands, air rights over lands, and rights of way of all kinds which are owned, leased, or held by the other party and for the purpose of planning, designing, constructing, operating any public transportation facility, or performing any service related to transportation which the authority is authorized to operate or perform, on terms as may be agreed upon by the contracting parties;

(5) To acquire any existing public transportation facility by conveyance, sale, or lease. In any acquisition from a county, city, or other political subdivision of the state, the authority will receive credit from the county or city or other political subdivision for any federal assistance and state matching assistance used by the county or city or other political subdivision in acquiring any portion of the public transportation facility. Upon acquisition, the authority must assume and observe all existing labor contracts relating to the public transportation facility and, to the extent necessary for operation of the public transportation facility, all of the employees of the public transportation facility whose duties are necessary to efficiently operate the public transportation facility must be appointed to comparable positions to those which they held at the time of the transfer, and no employee or retired or pensioned employee of the public transportation facility will be placed in any worse position with respect to pension seniority, wages, sick leave, vacation, or other benefits than he or she enjoyed as an employee of the public transportation facility prior to the acquisition. Furthermore, the authority must engage in collective bargaining with the duly appointed representatives of any employee labor organization having existing contracts with the acquired facility and

may enter into labor contracts with the employee labor organization;

(6) To contract for, participate in, and support research, demonstration, testing, and development of public monorail transportation facilities, equipment, and use incentives, and have all powers necessary to comply with any criteria, standards, and regulations which may be adopted under state and federal law, and to take all actions necessary to meet the requirements of those laws. The authority has, in addition to these powers, the authority to prepare, adopt, and carry out a comprehensive public monorail plan and to make other plans and studies and to perform programs as the authority deems necessary to implement and comply with those laws;

(7) To establish local improvement districts within the authority area to finance public monorail transportation facilities, to levy special assessments on property specially benefited by those facilities, and to issue local improvement bonds to be repaid by the collection of local improvement assessments. The method of establishment, levying, collection, enforcement, and all other matters relating to the local improvement districts, assessments, collection, and bonds are as provided in the statutes governing local improvement districts of cities and towns. The duties devolving upon the city treasurer in those statutes are imposed on the treasurer of the authority;

(8) To exercise all other powers necessary and appropriate to carry out its responsibilities, including without limitation the power to sue and be sued, to own, construct, purchase, lease, add to, and maintain any real and personal property or property rights necessary for the conduct of the affairs of the authority, to enter into contracts, and to employ the persons as the authority deems appropriate. An authority may also sell, lease, convey, or otherwise dispose of any real or personal property no longer necessary for the conduct of the affairs of the authority. [2002 c 248 § 5.]

**35.95A.060 Funds and accounts—Designation of treasurer.** Each authority will establish necessary and appropriate funds and accounts consistent with the uniform system of accounts developed pursuant to RCW 43.09.210. The authority may designate a treasurer or may contract with any city with territory within the authority area for treasury and other financial functions. The city must be reimbursed for the expenses of treasury services. However, no city whose treasurer serves as treasurer of an authority is liable for the obligations of the authority. [2002 c 248 § 6.]

**35.95A.070 Excess levies—General obligation bonds—Revenue bonds.** Every authority has the power to:

(1) Levy excess levies upon the property included within the authority area, in the manner prescribed by Article VII, section 2 of the state Constitution and by RCW 84.52.052 for operating funds, capital outlay funds, and cumulative reserve funds;

(2) Issue general obligation bonds, not to exceed an amount, together with any outstanding nonvoter-approved general obligation indebtedness equal to one and one-half percent of the value of the taxable property within the authority area, as the term "value of the taxable property" is defined in RCW 39.36.015. An authority may additionally issue gen-

eral obligation bonds, together with outstanding voter-approved and nonvoter-approved general obligation indebtedness, equal to two and one-half percent of the value of the taxable property within the authority area, as the term "value of the taxable property" is defined in RCW 39.36.015, when the bonds are approved by three-fifths of the qualified electors of the authority at a general or special election called for that purpose and may provide for the retirement thereof by levies in excess of dollar rate limitations in accordance with the provisions of RCW 84.52.056. These elections will be held as provided in RCW 39.36.050;

(3) Issue revenue bonds payable from any revenues other than taxes levied by the authority, and to pledge those revenues for the repayment of the bonds. Proceeds of revenue bonds may only be expended for the costs of public monorail transportation facilities, for financing costs, and for capitalized interest during construction plus six months thereafter. The bonds and warrants will be issued and sold in accordance with chapter 39.46 RCW.

No bonds issued by an authority are obligations of any city, county, or the state of Washington or any political subdivision thereof other than the authority, and the bonds will so state, unless the legislative authority of any city or county or the legislature expressly authorizes particular bonds to be either guaranteed by or obligations of its respective city or county or of the state. [2002 c 248 § 8.]

#### **35.95A.080 Special excise tax—Public hearings.** (1)

Every authority has the power to levy and collect a special excise tax not exceeding two and one-half percent on the value of every motor vehicle owned by a resident of the authority area for the privilege of using a motor vehicle. Before utilization of any excise tax money collected under this section for acquisition of right of way or construction of a public monorail transportation facility on a separate right of way, the authority must adopt rules affording the public an opportunity for corridor public hearings and design public hearings, which provide in detail the procedures necessary for public participation in the following instances: (a) Prior to adoption of location and design plans having a substantial social, economic, or environmental effect upon the locality upon which they are to be constructed; or (b) on the public transportation facilities operating on a separate right of way whenever a substantial change is proposed relating to location or design in the adopted plan. In adopting rules the authority must adhere to the provisions of the administrative procedure act.

(2) A "corridor public hearing" is a public hearing that: (a) Is held before the authority is committed to a specific route proposal for the public transportation facility, and before a route location is established; (b) is held to afford an opportunity for participation by those interested in the determination of the need for, and the location of, the public transportation facility; and (c) provides a public forum that affords a full opportunity for presenting views on the public transportation facility route location, and the social, economic, and environmental effects on that location and alternate locations. However, the hearing is not deemed to be necessary before adoption of a transportation plan as provided in \*section 7 of this act or a vote of the qualified electors under subsection (5) of this section.

(3) A "design public hearing" is a public hearing that: (a) Is held after the location is established but before the design is adopted; (b) is held to afford an opportunity for participation by those interested in the determination of major design features of the public monorail transportation facility; and (c) provides a public forum to afford a full opportunity for presenting views on the public transportation system design, and the social, economic, and environmental effects of that design and alternate designs, including people-mover technology.

(4) An authority imposing a tax under subsection (1) of this section may also impose a sales and use tax, in addition to any tax authorized by RCW 82.14.030, upon retail car rentals within the city that are taxable by the state under chapters 82.08 and 82.12 RCW. The rate of tax must not exceed 1.944 percent of the base of the tax. The base of the tax will be the selling price in the case of a sales tax or the rental value of the vehicle used in the case of a use tax. The revenue collected under this subsection will be distributed in the same manner as sales and use taxes under chapter 82.14 RCW.

(5) Before any authority may impose any of the taxes authorized under this section, the authorization for imposition of the taxes must be approved by the qualified electors of the authority area. [2002 c 248 § 9.]

\*Reviser's note: Section 7 of this act was vetoed by the governor.

#### **35.95A.090 Vehicle license fees—Vote of the people.**

(1) Every authority has the power to fix and impose a fee, not to exceed one hundred dollars per vehicle, for each vehicle that is subject to relicensing tab fees under RCW 46.16.0621 and for each vehicle that is subject to RCW 46.16.070 with an unladen weight of six thousand pounds or less, and that is determined by the department of licensing to be registered within the boundaries of the authority area. The department of licensing must provide an exemption from the fee for any vehicle the owner of which demonstrates is not operated within the authority area.

(2) The department of licensing will administer and collect the fee. The department will deduct a percentage amount, as provided by contract, not to exceed two percent of the taxes collected, for administration and collection expenses incurred by it. The remaining proceeds will be remitted to the custody of the state treasurer for monthly distribution to the authority.

(3) The authority imposing this fee will delay the effective date at least six months from the date the fee is approved by the qualified voters of the authority area to allow the department of licensing to implement administration and collection of the fee.

(4) Before any authority may impose any of the fees authorized under this section, the authorization for imposition of the fees must be approved by a majority of the qualified electors of the authority area voting. [2002 c 248 § 10.]

**35.95A.100 Property tax levies.** (1) Every authority has the power to impose annual regular property tax levies in an amount equal to one dollar and fifty cents or less per thousand dollars of assessed value of property in the authority area when specifically authorized to do so by a majority of the voters voting on a proposition submitted at a special elec-

tion or at the regular election of the authority. A proposition authorizing the tax levies will not be submitted by an authority more than twice in any twelve-month period. Ballot propositions must conform with \*RCW 29.30.111. The number of years during which the regular levy will be imposed may be limited as specified in the ballot proposition or may be unlimited in duration. In the event an authority is levying property taxes, which in combination with property taxes levied by other taxing districts subject to the limitations provided in RCW 84.52.043 and 84.52.050, exceed these limitations, the authority's property tax levy shall be reduced or eliminated consistent with RCW 84.52.010.

(2) The limitation in RCW 84.55.010 does not apply to the first levy imposed under this section following the approval of the levies by the voters under subsection (1) of this section. [2002 c 248 § 11.]

**\*Reviser's note:** RCW 29.30.111 was recodified as RCW 29A.36.210 pursuant to 2003 c 111 § 2401, effective July 1, 2004.

**35.95A.110 Taxes and fees—Limitation on use.** All taxes and fees levied and collected by an authority must be used solely for the purpose of paying all or any part of the cost of acquiring, designing, constructing, equipping, maintaining, or operating public monorail transportation facilities or contracting for the services thereof, or to pay or secure the payment of all or part of the principal of or interest on any general obligation bonds or revenue bonds issued for authority purposes. Until expended, money accumulated in the funds and accounts of an authority may be invested in the manner authorized by the governing body of the authority, consistent with state law.

If any of the revenue from any tax or fee authorized to be levied by an authority has been pledged by the authority to secure the payment of any bonds as herein authorized, then as long as that pledge is in effect the legislature will not withdraw from the authority the authorization to levy and collect the tax or fee. [2002 c 248 § 12.]

**35.95A.120 Dissolution of authority.** The city transportation authority may be dissolved by a vote of the people residing within the boundaries of the authority if the authority is faced with significant financial problems. However, the authority may covenant with holders of its bonds that it may not be dissolved and shall continue to exist solely for the purpose of continuing to levy and collect any taxes or assessments levied by it and pledged to the repayment of debt and to take other actions, including the appointment of a trustee, as necessary to allow it to repay any remaining debt. No such debt may be incurred by the authority on a project until thirty days after a final environmental impact statement on that project has been issued as required by chapter 43.21C RCW. The amount of the authority's initial bond issue is limited to the amount of the project costs in the subsequent two years as documented by a certified engineer or by submitted bids, plus any reimbursable capital expenses already incurred at the time of the bond issue. The authority may size the first bond issue consistent with the internal revenue service five-year spend down schedule if an independent financial advisor recommends such an approach is financially advisable. Any referendum petition to dissolve the city transportation authority must be filed with the city council and contain provisions for

dissolution of the authority. Within seven days, the city prosecutor must review the validity of the petition and submit its report to the petitioner and city council. If the petitioner's claims are deemed valid by the city prosecutor, within ten days of the petitioner's filing, the city council will confer with the petitioner concerning the form and style of the petition, issue an identification number for the petition, and write a ballot title for the measure. The ballot title must be posed as a question and an affirmative vote on the measure results in authority retention and a negative vote on the measure results in the authority's dissolution. The petitioner will be notified of the identification number and ballot title within this ten-day period.

After this notification, the petitioner has ninety days in which to secure on petition forms, the signatures of not less than fifteen percent of the registered voters in the authority area and to file the signed petitions with the filing officer. Each petition form must contain the ballot title and the full text of the measure to be referred. The filing officer will verify the sufficiency of the signatures on the petitions. If sufficient valid signatures are properly submitted, the filing officer shall submit the initiative to the authority area voters at a general or special election held on one of the dates provided in \*RCW 29.13.010 as determined by the city council, which election will not take place later than one hundred twenty days after the signed petition has been filed with the filing officer. [2003 c 147 § 14; 2002 c 248 § 13.]

**\*Reviser's note:** RCW 29.13.010 was recodified as RCW 29A.04.320 pursuant to 2003 c 111 § 2401, effective July 1, 2004. RCW 29A.04.320 was subsequently repealed by 2004 c 271 § 193.

**Effective date—2003 c 147:** See note following RCW 47.10.861.

**35.95A.130 Special excise tax—Collection.** The special excise tax imposed under RCW 35.95A.080(1) will be collected at the same time and in the same manner as relicensing tab fees under RCW 46.16.0621 and 35.95A.090. Every year on January 1st, April 1st, July 1st, and October 1st the department of licensing shall remit special excise taxes collected on behalf of an authority, back to the authority, at no cost to the authority. Valuation of motor vehicles for purposes of the special excise tax imposed under RCW 35.95A.080(1) must be consistent with chapter 82.44 RCW. [2002 c 248 § 14.]

*Local improvements for underground utilities transmission lines: RCW 35.43.040(12).*

### **35.96.010 Declaration of public interest and purpose.**

It is hereby found and declared that the conversion of overhead electric and communication facilities to underground facilities is substantially beneficial to the public safety and welfare, is in the public interest and is a public purpose, notwithstanding any resulting incidental private benefit to any electric or communication utility affected by such conversion. [1967 c 119 § 2.]

**35.96.020 Definitions.** As used in this chapter, unless specifically defined otherwise, or unless the context indicates otherwise:

"Conversion area" means that area in which existing overhead electric and communication facilities are to be converted to underground facilities pursuant to the provisions of this chapter.

"Electric utility" means any publicly or privately owned utility engaged in the business of furnishing electric energy to the public in all or part of the conversion area and includes electrical companies as defined by RCW 80.04.010 and public utility districts.

"Communication utility" means any utility engaged in the business of affording telephonic, telegraphic, cable television or other communication service to the public in all or part of the conversion area and includes telephone companies and telegraph companies as defined by RCW 80.04.010. [1967 c 119 § 3.]

**35.96.030 Conversion of electric and communication facilities to underground facilities authorized—Local improvement districts—Special assessments.** Every city or town shall have the power to convert existing overhead electric and communication facilities to underground facilities pursuant to RCW 35.43.190 where such facilities are owned or operated by the city or town. Where such facilities are not so owned or operated, every city or town shall have the power to contract with electric and communication utilities, as hereinafter provided, for the conversion of existing overhead electric and communication facilities to underground facilities. To provide funds to pay the whole or any part of the cost of any such conversion, either where the existing overhead electric and communication facilities are owned or operated by the city or town or where they are not so owned or operated, every city or town shall have the power to create local improvement districts and to levy and collect special assessments against the real property specially benefited by such conversion. For the purpose of ascertaining the amount to be assessed against each lot or parcel of land within any local improvement district established pursuant to this chapter, in addition to other methods provided by law for apportioning special benefits, the legislative authority of any city or town may apportion all or part of the special benefits accruing on a square footage basis or on a per lot basis. [1967 c 119 § 4.]

(2004 Ed.)

**35.96.040 Contracts for conversion—Authorized—Provisions.** Every city or town shall have the power to contract with electric and communication utilities for the conversion of existing overhead electric and communication facilities to underground facilities including all work incidental to such conversion. Such contracts may include, among other provisions, any of the following:

- (1) For the supplying and approval by electric and communication utilities of plans and specifications for such conversion;
- (2) For the payment to the electric and communication utilities for any work performed or services rendered by it in connection with the conversion project;
- (3) For the payment to the electric and communication utilities for the value of the overhead facilities removed pursuant to the conversion;
- (4) For ownership of the underground facilities by the electric and communication utilities. [1967 c 119 § 5.]

**35.96.050 Notice to owners to convert service lines to underground—Objections—Hearing—Time limitation for conversion.** When service from the underground electric and communication facilities is available in all or part of a conversion area, the city or town shall mail a notice to the owners of all structures or improvements served from the existing overhead facilities in the area, which notice shall state that:

- (1) Service from the underground facilities is available;
- (2) All electric and communication service lines from the existing overhead facilities within the area to any structure or improvement must be disconnected and removed within ninety days after the date of the mailing of the notice;
- (3) Should such owner fail to convert such service lines from overhead to underground within ninety days after the date of the mailing of the notice, the city or town will order the electric and communication utilities to disconnect and remove the service lines;
- (4) Should the owner object to the disconnection and removal of the service lines he may file his written objections thereto with the city or town clerk within thirty days after the date of the mailing of the notice and failure to so object within such time will constitute a waiver of his right thereafter to object to such disconnection and removal.

If the owner of any structure or improvement served from the existing overhead electric and communication facilities within a conversion area shall fail to convert to underground the service lines from such overhead facilities to such structure or improvement within ninety days after the mailing to him of the notice, the city or town shall order the electric and communication utilities to disconnect and remove all such service lines: PROVIDED, That if the owner has filed his written objections to such disconnection and removal with the city or town clerk within thirty days after the mailing of the notice then the city or town shall not order such disconnection and removal until after the hearing on such objections.

Upon the timely filing by the owner of objections to the disconnection and removal of the service lines, the legislative authority of such city or town, or a committee thereof, shall conduct a hearing to determine whether the removal of all or any part of the service lines is in the public benefit. The hear-

ing shall be held at such time as the legislative authority of such city or town may establish for hearings on the objections and shall be held in accordance with the regularly established procedure set by the legislative authority of the city or town. If the hearing is before a committee, the committee shall following the hearing report its recommendation to the legislative authority of the city or town for final action. The determination reached by the legislative authority shall be final in the absence of an abuse of discretion. [1967 c 119 § 6.]

**35.96.060 Application of provisions relating to local improvements in cities and towns to chapter.** Unless otherwise provided in this chapter, the general provisions relating to local improvements in cities and towns including but not limited to chapters 35.43, 35.44, 35.45, 35.48, 35.49, 35.50, 35.53 and 35.54 RCW shall apply to local improvements authorized by this chapter. [1967 c 119 § 7.]

**35.96.070 Validation of preexisting debts, contracts, obligations, etc., made or incurred incidental to conversion of electric and communication facilities to underground facilities.** All debts, contracts and obligations heretofore made or incurred by or in favor of any city or town incident to the conversion of overhead electric and communication facilities to underground facilities and all bonds, warrants, or other obligations issued by any such city or town, or by any local improvement district created to effect such conversion and any and all assessments heretofore levied in any such local improvement district, and all other things and proceedings relating thereto are hereby declared to be legal and valid and of full force and effect from the date thereof. [1967 c 119 § 8.]

**35.96.080 Authority granted deemed alternative and additional.** The authority granted by this chapter shall be considered an alternative and additional method for converting existing overhead electric and communication facilities to underground facilities, and for paying all or part of the cost thereof, and shall not be construed as a restriction or limitation upon any other authority for or method of converting any such facilities or placing such facilities underground or paying all or part of the cost thereof, including, but not limited to, existing authority or methods under chapter 35.43 RCW and chapter 35.44 RCW. [1967 c 119 § 10.]

**35.96.900 Severability—1967 c 119.** If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1967 c 119 § 9.]

**35.97.010 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Biomass energy system" means a system that provides for the production or collection of organic materials such as wood and agricultural residues and municipal solid waste that are primarily organic materials and the conversion or use of that material for the production of heat or substitute fuels through several processes including, but not limited to, burning, pyrolysis, or anaerobic digestion.

(2) "Cogeneration" means the sequential generation of two or more forms of energy from a common fuel or energy source.

(3) "Cogeneration facility" means any machinery, equipment, structure, process, or property or any part thereof, installed or acquired for the primary purpose of cogeneration by a person or corporation.

(4) "Geothermal heat" means the natural thermal energy of the earth.

(5) "Waste heat" means the thermal energy which otherwise would be released to the environment from an industrial process, electric generation, or other process.

(6) "Heat" means thermal energy.

(7) "Heat source" includes but is not limited to (a) any integral part of a heat production or heat rejection system of an industrial facility, cogeneration facility, or electric power generation facility, (b) geothermal well or spring, (c) biomass energy system, (d) solar collection facility, and (e) hydrothermal resource or heat extraction process.

(8) "Municipality" means a county, city, town, irrigation district which distributes electricity, water-sewer district, port district, or metropolitan municipal corporation.

(9) "Heating facilities or heating systems" means all real and personal property, or interests therein, necessary or useful for: (a) The acquisition, production, or extraction of heat; (b) the storage of heat; (c) the distribution of heat from its source to the place of utilization; (d) the extraction of heat at the place of utilization from the medium by which the heat is distributed; (e) the distribution of heat at the place of utilization; and (f) the conservation of heat.

(10) "Hydrothermal resource" means the thermal energy available in wastewater, sewage effluent, wells, or other water sources, natural or manmade. [1999 c 153 § 41; 1987 c 522 § 4; 1983 c 216 § 2.]

**Part headings not law—1999 c 153:** See note following RCW 57.04.050.

**35.97.020 Heating systems authorized.** (1) Counties, cities, towns, irrigation districts which distribute electricity, sewer districts, water districts, port districts, and metropolitan municipal corporations are authorized pursuant to this

chapter to establish heating systems and supply heating services from Washington's heat sources.

(2) Nothing in this chapter authorizes any municipality to generate, transmit, distribute, or sell electricity. [1989 c 11 § 7; 1987 c 522 § 3; 1983 c 216 § 1.]

**Severability—1989 c 11:** See note following RCW 9A.56.220.

**35.97.030 Heating systems—General powers of municipalities.** A municipality may construct, purchase, acquire, add to, extend, maintain, and operate a system of heating facilities, within or without its limits, for the purpose of supplying its inhabitants and other persons with heat, with full power to regulate and control the use, distribution, and price of supplying heat, and to enter into agreements for the maintenance and operation of heating facilities under terms and conditions determined by the legislative authority of the municipality. The provision of heat and heating facilities and the establishment and operation of heating systems by a municipality under this chapter are hereby declared to be a public use and a public and strictly municipal purpose. However, nothing in this chapter shall be construed to restrain or limit the authority of any individual, partnership, corporation, or private utility from establishing and operating heating systems. [1983 c 216 § 3.]

**35.97.040 Heating systems—Specific powers of municipalities.** In addition to the general powers under RCW 35.97.030, and not by way of limitation, municipalities have the following specific powers:

(1) The usual powers of a corporation, to be exercised for public purposes;

(2) To acquire by purchase, gift, or condemnation property or interests in property within and without the municipality, necessary for the construction and operation of heating systems, including additions and extensions of heating systems. No municipality may acquire any heat source by condemnation. To the extent judged economically feasible by the municipality, public property and rights of way shall be utilized in lieu of private property acquired by condemnation. The municipality shall determine in cooperation with existing users that addition of district heating facilities to any public property or rights of way shall not be a hazard or interference with existing uses or, if so, that the cost for any relocation of facilities of existing users shall be a cost and expense of installing the heating facility;

(3) To acquire, install, add to, maintain, and operate heating facilities at a heat source or to serve particular consumers of heat, whether such facilities are located on property owned by the municipality, by the consumer of heat, or otherwise;

(4) To sell, lease, or otherwise dispose of heating facilities;

(5) To contract for the operation of heating facilities;

(6) To apply and qualify for and receive any private or federal grants, loans, or other funds available for carrying out the objects of the municipality under this chapter;

(7) Full and exclusive authority to sell and regulate and control the use, distribution, rates, service, charges, and price of all heat supplied by the municipality and to carry out any other powers and duties under this chapter free from the juris-

(2004 Ed.)

dition and control of the utilities and transportation commission;

(8) To utilize fuels other than the heat sources described in RCW 35.97.020 on a standby basis, to meet start up and emergency requirements, to meet peak demands, or to supplement those heat sources as necessary to provide a reliable and economically feasible supply of heat;

(9) To the extent permitted by the state Constitution, to make loans for the purpose of enabling suppliers or consumers of heat to finance heating facilities;

(10) To enter into cooperative agreements providing for the acquisition, construction, ownership, financing, use, control, and regulation of heating systems and heating facilities by more than one municipality or by one or more municipalities on behalf of other municipalities. [1983 c 216 § 4.]

**35.97.050 Heating systems—Authorized by legislative authority of municipality—Competitive bidding.** If the legislative authority of a municipality deems it advisable that the municipality purchase, acquire, or construct a heating system, or make any additions or extensions to a heating system, the legislative authority shall so provide by an ordinance or a resolution specifying and adopting the system or plan proposed, declaring the estimated cost thereof, as near as may be, and specifying the method of financing and source of funds. Any construction, alteration, or improvement of a heating system by any municipality shall be in compliance with the appropriate competitive bidding requirements in Titles 35, 36, 53, 57, or 87 RCW. [1999 c 153 § 42; 1996 c 230 § 1603; 1983 c 216 § 5.]

**Part headings not law—1999 c 153:** See note following RCW 57.04.050.

**Part headings not law—Effective date—1996 c 230:** See notes following RCW 57.02.001.

**35.97.060 Municipality may impose rates and charges—Classification of customers.** A municipality may impose rates, charges, or rentals for heat, service, and facilities provided to customers of the system if the rates charged are uniform for the same class of customers or service. In classifying customers served or service furnished, the legislative authority may consider: The difference in cost of service to the various customers; location of the various customers within or without the municipality; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the heat furnished; the time heat is used; the demand on the system; capital contributions made to the system including, but not limited to, assessments or the amount of capital facilities provided for use by the customer; and any other matters which present a reasonable difference as a ground for distinction. [1983 c 216 § 6.]

**35.97.070 Municipality may shut off heat for nonpayment—Late payment charges authorized.** If prompt payment of a heating rate, charge, or rental is not made, a municipality after reasonable notice may shut off the heating supply to the building, place, or premises to which the municipality supplied the heating. A municipality may also make an additional charge for late payment. [1983 c 216 § 7.]

**35.97.080 Connection charges authorized.** A municipality may charge property owners seeking to connect to the heating system, as a condition to granting the right to connect and in addition to the cost of the connection, such reasonable connection charge as the legislative authority determines to be proper in order that the property owners bear their pro rata share of the cost of the system. Potential customers shall not be compelled to subscribe or connect to the heating system. The cost of connection to the system shall include the cost of acquisition and installation of heating facilities necessary or useful for the connection, including any heating facilities located or installed on the property being served. Connection charges may, in the discretion of the municipality, be made payable in installments over a period of not more than thirty years or the estimated life of the facilities installed, whichever is less. Installments, if any, shall bear interest and penalties at such rates and be payable at such times and in such manner as the legislative authority of the municipality may provide. [1983 c 216 § 8.]

**35.97.090 Local improvement district—Assessments—Bonds and warrants.** For the purpose of paying all or a portion of the cost of heating facilities, a municipality may form local improvement districts or utility local improvement districts, foreclose on, levy, and collect assessments, reassessments, and supplemental assessments; and issue local improvement district bonds and warrants in the manner provided by law for cities or towns. [1983 c 216 § 9.]

**35.97.100 Special funds authorized.** For the purpose of providing funds for defraying all or a portion of the costs of planning, purchase, leasing, condemnation, or other acquisition, construction, reconstruction, development, improvement, extension, repair, maintenance, or operation of a heating system, and the implementation of the powers in RCW 35.97.030 and 35.97.040, a municipality may authorize, by ordinance or resolution, the creation of a special fund or funds into which the municipality shall be obligated to set aside and pay all or any designated proportion or amount of any or all revenues derived from the heating system, including any utility local improvement district assessments, any grants received to pay the cost of the heating system, and any municipal license fees specified in the ordinance or resolution creating such special fund. [1983 c 216 § 10.]

**35.97.110 Revenue bonds—Form, terms, etc.** If the legislative authority of a municipality deems it advisable to finance all or a portion of the costs of planning, purchase, leasing, condemnation, or other acquisition, construction, reconstruction, development, improvement, and extension of a heating system, or for the implementation of the powers in RCW 35.97.030 and 35.97.040, or for working capital, interest during construction and for a period of up to one year thereafter, debt service and other reserves, and the costs of issuing revenue obligations, a municipality may issue revenue bonds against the special fund or fund created from revenues or assessments. The revenue bonds so issued may be issued in one or more series and shall be dated, shall bear interest at such rate or rates, and shall mature at such time or times as may be determined by the legislative authority of the municipality, and may be made redeemable before maturity

at such price or prices and under such terms and conditions as may be fixed by the legislative authority of the municipality prior to the issuance of the bonds. The legislative authority of the municipality shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest. If an officer whose signature or a facsimile of whose signature appears on any bonds or coupons ceases to be such officer before the delivery of the bonds, the signature shall for all purposes have the same effect as if the officer had remained in office until the delivery. The bonds may be issued in coupon or in registered form or both, and provisions may be made for the registration of any coupon bonds as to the principal alone and also as to both principal and interest and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. Bonds may be sold at public or private sale for such price and bearing interest at such fixed or variable rate as may be determined by the legislative authority of the municipality.

The principal of and interest on any revenue bonds shall be secured by a pledge of the revenues and receipts derived from the heating system, including any amounts pledged to be paid into a special fund under RCW 35.97.100, and may be secured by a mortgage covering all or any part of the system, including any enlargements of and additions to such system thereafter made. The revenue bonds shall state upon their face that they are payable from a special fund, naming it and the ordinance creating it, and that they do not constitute a general indebtedness of the municipality. The ordinance or resolution under which the bonds are authorized to be issued and any such mortgage may contain agreements and provisions respecting the maintenance of the system, the fixing and collection of rates and charges, the creation and maintenance of special funds from such revenues, the rights and remedies available in the event of default, and other matters improving the marketability of the revenue bonds, all as the legislative authority of the municipality deems advisable. Any revenue bonds issued under this chapter may be secured by a trust agreement by and between the municipality and a corporate trustee, which may be any trust company or bank having the powers of a trust company within the state. Any such trust agreement or ordinance or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bond owners as may be reasonable and proper and not in violation of law. Any such trust agreement may set forth the rights and remedies of the bond owners and of the trustee and may restrict the individual right of action by bond owners as is customary in trust agreements or trust indentures. [1983 c 216 § 11.]

**35.97.120 Revenue warrants.** Revenue warrants may be issued and such warrants and interest thereon may be payable out of the special fund or refunded through the proceeds of the sale of refunding revenue warrants or revenue bonds. Every revenue warrant and the interest thereon issued against the special fund is a valid claim of the owner thereof only as against that fund and the amount of revenue pledged to the fund, and does not constitute an indebtedness of the authorized municipality. Every revenue warrant shall state on its

face that it is payable from a special fund, naming it and the ordinance or resolution creating it. [1983 c 216 § 12.]

**35.97.130 Revenue bonds and warrants—Holder may enforce.** If a municipality fails to set aside and pay into the special fund created for the payment of revenue bonds and warrants the amount which it has obligated itself in the ordinance or resolution creating the fund to set aside and pay therein, the holder of any bond or warrant issued against the bond may bring suit against the municipality to compel it to do so. [1983 c 216 § 13.]

**35.97.900 Severability—1983 c 216.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 c 216 § 15.]

### TELECOMMUNICATIONS, CABLE TELEVISION SERVICE—USE OF RIGHT OF WAY

#### Sections

35.99.010	Definitions.
35.99.020	Permits for use of right of way.

35.99.080	Existing franchises or contracts not preempted.

**35.99.010 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Cable television service" means the one-way transmission to subscribers of video programming and other programming service and subscriber interaction, if any, that is required for the selection or use of the video programming or other programming service.

(2) "Facilities" means all of the plant, equipment, fixtures, appurtenances, antennas, and other facilities necessary to furnish and deliver telecommunications services and cable television services, including but not limited to poles with crossarms, poles without crossarms, wires, lines, conduits, cables, communication and signal lines and equipment, braces, guys, anchors, vaults, and all attachments, appurtenances, and appliances necessary or incidental to the distribution and use of telecommunications services and cable television services.

(3) "Master permit" means the agreement in whatever form whereby a city or town may grant general permission to a service provider to enter, use, and occupy the right of way for the purpose of locating facilities. This definition is not intended to limit, alter, or change the extent of the existing authority of a city or town to require a franchise nor does it change the status of a service provider asserting an existing statewide grant based on a predecessor telephone or telegraph company's existence at the time of the adoption of the Washington state Constitution to occupy the right of way. For the purposes of this subsection, a franchise, except for a cable television franchise, is a master permit. A master permit does not include cable television franchises.

(4) "Personal wireless services" means commercial mobile services, unlicensed wireless services, and common carrier wireless exchange access services, as defined by federal laws and regulations.

(5) "Right of way" means land acquired or dedicated for public roads and streets, but does not include:

- (a) State highways;
- (b) Land dedicated for roads, streets, and highways not opened and not improved for motor vehicle use by the public;
- (c) Structures, including poles and conduits, located within the right of way;
- (d) Federally granted trust lands or forest board trust lands;
- (e) Lands owned or managed by the state parks and recreation commission; or

(f) Federally granted railroad rights of way acquired under 43 U.S.C. Sec. 912 and related provisions of federal law that are not open for motor vehicle use.

(6) "Service provider" means every corporation, company, association, joint stock association, firm, partnership, person, city, or town owning, operating, or managing any facilities used to provide and providing telecommunications or cable television service for hire, sale, or resale to the general public. Service provider includes the legal successor to any such corporation, company, association, joint stock association, firm, partnership, person, city, or town.

(7) "Telecommunications service" means the transmission of information by wire, radio, optical cable, electromagnetic, or other similar means for hire, sale, or resale to the general public. For the purpose of this subsection, "information" means knowledge or intelligence represented by any form of writing, signs, signals, pictures, sounds, or any other symbols. For the purpose of this chapter, telecommunications service excludes the over-the-air transmission of broadcast television or broadcast radio signals.

(8) "Use permit" means the authorization in whatever form whereby a city or town may grant permission to a service provider to enter and use the specified right of way for the purpose of installing, maintaining, repairing, or removing identified facilities. [2000 c 83 § 1.]

**35.99.020 Permits for use of right of way.** A city or town may grant, issue, or deny permits for the use of the right of way by a service provider for installing, maintaining, repairing, or removing facilities for telecommunications services or cable television services pursuant to ordinances, consistent with chapter 83, Laws of 2000. [2000 c 83 § 2.]

**35.99.030 Master, use permits—Injunctive relief—Notice—Service providers' duties.** (1) Cities and towns may require a service provider to obtain a master permit. A city or town may request, but not require, that a service provider with an existing statewide grant to occupy the right of way obtain a master permit for wireline facilities.

(a) The procedures for the approval of a master permit and the requirements for a complete application for a master permit shall be available in written form.

(b) Where a city or town requires a master permit, the city or town shall act upon a complete application within one hundred twenty days from the date a service provider files the complete application for the master permit to use the right of way, except:

- (i) With the agreement of the applicant; or
- (ii) Where the master permit requires action of the legislative body of the city or town and such action cannot reasonably be obtained within the one hundred twenty day period.

(2) A city or town may require that a service provider obtain a use permit. A city or town must act on a request for a use permit by a service provider within thirty days of receipt of a completed application, unless a service provider consents to a different time period or the service provider has not obtained a master permit requested by the city or town.

(a) For the purpose of this section, "act" means that the city makes the decision to grant, condition, or deny the use permit, which may be subject to administrative appeal, or

notifies the applicant in writing of the amount of time that will be required to make the decision and the reasons for this time period.

(b) Requirements otherwise applicable to holders of master permits shall be deemed satisfied by a holder of a cable franchise in good standing.

(c) Where the master permit does not contain procedures to expedite approvals and the service provider requires action in less than thirty days, the service provider shall advise the city or town in writing of the reasons why a shortened time period is necessary and the time period within which action by the city or town is requested. The city or town shall reasonably cooperate to meet the request where practicable.

(d) A city or town may not deny a use permit to a service provider with an existing statewide grant to occupy the right of way for wireline facilities on the basis of failure to obtain a master permit.

(3) The reasons for a denial of a master permit shall be supported by substantial evidence contained in a written record. A service provider adversely affected by the final action denying a master permit, or by an unreasonable failure to act on a master permit as set forth in subsection (1) of this section, may commence an action within thirty days to seek relief, which shall be limited to injunctive relief.

(4) A service provider adversely affected by the final action denying a use permit may commence an action within thirty days to seek relief, which shall be limited to injunctive relief. In any appeal of the final action denying a use permit, the standard for review and burden of proof shall be as set forth in RCW 36.70C.130.

(5) A city or town shall:

(a) In order to facilitate the scheduling and coordination of work in the right of way, provide as much advance notice as reasonable of plans to open the right of way to those service providers who are current users of the right of way or who have filed notice with the clerk of the city or town within the past twelve months of their intent to place facilities in the city or town. A city is not liable for damages for failure to provide this notice. Where the city has failed to provide notice of plans to open the right of way consistent with this subsection, a city may not deny a use permit to a service provider on the basis that the service provider failed to coordinate with another project.

(b) Have the authority to require that facilities are installed and maintained within the right of way in such a manner and at such points so as not to inconvenience the public use of the right of way or to adversely affect the public health, safety, and welfare.

(6) A service provider shall:

(a) Obtain all permits required by the city or town for the installation, maintenance, repair, or removal of facilities in the right of way;

(b) Comply with applicable ordinances, construction codes, regulations, and standards subject to verification by the city or town of such compliance;

(c) Cooperate with the city or town in ensuring that facilities are installed, maintained, repaired, and removed within the right of way in such a manner and at such points so as not to inconvenience the public use of the right of way or to adversely affect the public health, safety, and welfare;

(d) Provide information and plans as reasonably necessary to enable a city or town to comply with subsection (5) of this section, including, when notified by the city or town, the provision of advance planning information pursuant to the procedures established by the city or town;

(e) Obtain the written approval of the facility or structure owner, if the service provider does not own it, prior to attaching to or otherwise using a facility or structure in the right of way;

(f) Construct, install, operate, and maintain its facilities at its expense; and

(g) Comply with applicable federal and state safety laws and standards.

(7) Nothing in this section shall be construed as:

(a) Creating a new duty upon city [cities] or towns to be responsible for construction of facilities for service providers or to modify the right of way to accommodate such facilities;

(b) Creating, expanding, or extending any liability of a city or town to any third-party user of facilities or third-party beneficiary; or

(c) Limiting the right of a city or town to require an indemnification agreement as a condition of a service provider's facilities occupying the right of way.

(8) Nothing in this section creates, modifies, expands, or diminishes a priority of use of the right of way by a service provider or other utility, either in relation to other service providers or in relation to other users of the right of way for other purposes. [2000 c 83 § 3.]

**35.99.040 Local regulations, ordinances—Limitations.** (1) A city or town shall not adopt or enforce regulations or ordinances specifically relating to use of the right of way by a service provider that:

(a) Impose requirements that regulate the services or business operations of the service provider, except where otherwise authorized in state or federal law;

(b) Conflict with federal or state laws, rules, or regulations that specifically apply to the design, construction, and operation of facilities or with federal or state worker safety or public safety laws, rules, or regulations;

(c) Regulate the services provided based upon the content or kind of signals that are carried or are capable of being carried over the facilities, except where otherwise authorized in state or federal law; or

(d) Unreasonably deny the use of the right of way by a service provider for installing, maintaining, repairing, or removing facilities for telecommunications services or cable television services.

(2) Nothing in this chapter, including but not limited to the provisions of subsection (1)(d) of this section, limits the authority of a city or town to regulate the placement of facilities through its local zoning or police power, if the regulations do not otherwise:

(a) Prohibit the placement of all wireless or of all wireline facilities within the city or town;

(b) Prohibit the placement of all wireless or of all wireline facilities within city or town rights of way, unless the city or town is less than five square miles in size and has no commercial areas, in which case the city or town may make available land other than city or town rights of way for the placement of wireless facilities; or

(c) Violate section 253 of the telecommunications act of 1996, P.L. 104-104 (110 Stat. 56).

(3) This section does not amend, limit, repeal, or otherwise modify the authority of cities or towns to regulate cable television services pursuant to federal law. [2000 c 83 § 4.]

**35.99.050 Personal wireless services—Limitations on moratoria—Dispute resolution.** A city or town shall not place or extend a moratorium on the acceptance and processing of applications, permitting, construction, maintenance, repair, replacement, extension, operation, or use of any facilities for personal wireless services, except as consistent with the guidelines for facilities siting implementation, as agreed to on August 5, 1998, by the federal communications commission's local and state government advisory committee, the cellular telecommunications industry association, the personal telecommunications industry association, and the American mobile telecommunications association. Any city or town implementing such a moratorium shall, at the request of a service provider impacted by the moratorium, participate with the service provider in the informal dispute resolution process included with the guidelines for facilities siting implementation. [2000 c 83 § 5.]

**35.99.060 Relocation of facilities—Notice—Reimbursement.** (1) Cities and towns may require service providers to relocate authorized facilities within the right of way when reasonably necessary for construction, alteration, repair, or improvement of the right of way for purposes of public welfare, health, or safety.

(2) Cities shall notify service providers as soon as practicable of the need for relocation and shall specify the date by which relocation shall be completed. In calculating the date that relocation must be completed, cities shall consult with affected service providers and consider the extent of facilities to be relocated, the services requirements, and the construction sequence for the relocation, within the city's overall project construction sequence and constraints, to safely complete the relocation. Service providers shall complete the relocation by the date specified, unless the city, or a reviewing court, establishes a later date for completion, after a showing by the service provider that the relocation cannot be completed by the date specified using best efforts and meeting safety and service requirements.

(3) Service providers may not seek reimbursement for their relocation expenses from the city or town requesting relocation under subsection (1) of this section except:

(a) Where the service provider had paid for the relocation cost of the same facilities at the request of the city or town within the past five years, the service provider's share of the cost of relocation will be paid by the city or town requesting relocation;

(b) Where aerial to underground relocation of authorized facilities is required by the city or town under subsection (1) of this section, for service providers with an ownership share of the aerial supporting structures, the additional incremental cost of underground compared to aerial relocation, or as provided for in the approved tariff if less, will be paid by the city or town requiring relocation; and

(c) Where the city or town requests relocation under subsection (1) of this section solely for aesthetic purposes, unless otherwise agreed to by the parties.

(4) Where a project in subsection (1) of this section is primarily for private benefit, the private party or parties shall reimburse the cost of relocation in the same proportion to their contribution to the costs of the project. Service providers will not be precluded from recovering their costs associated with relocation required under subsection (1) of this section, provided that the recovery is consistent with subsection (3) of this section and other applicable laws.

(5) A city or town may require the relocation of facilities at the service provider's expense in the event of an unforeseen emergency that creates an immediate threat to the public safety, health, or welfare. [2000 c 83 § 6.]

**35.99.070 Additional ducts or conduits—City or town may require.** A city or town may require that a service provider that is constructing, relocating, or placing ducts or conduits in public rights of way provide the city or town with additional duct or conduit and related structures necessary to access the conduit, provided that:

(1) The city or town enters into a contract with the service provider consistent with RCW 80.36.150. The contract rates to be charged should recover the incremental costs of the service provider. If the city or town makes the additional duct or conduit and related access structures available to any other entity for the purposes of providing telecommunications or cable television service for hire, sale, or resale to the general public, the rates to be charged, as set forth in the contract with the entity that constructed the conduit or duct, shall recover at least the fully allocated costs of the service provider. The service provider shall state both contract rates in the contract. The city or town shall inform the service provider of the use, and any change in use, of the requested duct or conduit and related access structures to determine the applicable rate to be paid by the city or town.

(2) Except as otherwise agreed by the service provider and the city or town, the city or town shall agree that the requested additional duct or conduit space and related access structures will not be used by the city or town to provide telecommunications or cable television service for hire, sale, or resale to the general public.

(3) The city or town shall not require that the additional duct or conduit space be connected to the access structures and vaults of the service provider.

(4) The value of the additional duct or conduit requested by a city or town shall not be considered a public works construction contract.

(5) This section shall not affect the provision of an institutional network by a cable television provider under federal law. [2000 c 83 § 7.]

**35.99.080 Existing franchises or contracts not preempted.** Chapter 83, Laws of 2000 shall not preempt specific provisions in existing franchises or contracts between cities or towns and service providers. [2000 c 83 § 9.]

35.100.900	Severability—2002 c 79.

**35.100.010 Findings—Intent.** (1) The legislature finds:

(a) The continued economic vitality of downtown and neighborhood commercial districts in our state's cities is essential to community preservation, social cohesion, and economic growth;

(b) In recent years there has been a deterioration of downtown and neighborhood commercial districts in both rural and urban communities due to a shifting population base, changes in the marketplace, and greater competition from suburban shopping malls, discount centers, and through the internet;

(c) This decline has eroded the ability of businesses and property owners to renovate and enhance their commercial and residential properties;

(d) In many areas of the state, downtown and neighborhood commercial areas are burdened further by deteriorating buildings, vacant building that cannot be legally occupied, and vacant brownfield infill sites which pose significant health and safety problems to tenants and pedestrians, and constitute a significant blight and detrimental impact on the health, safety, and welfare of the community, as well as its economic health;

(e) Business owners in these districts need to maintain their local economies in order to provide goods and services to adjacent residents, to provide employment opportunities, to restore blighted properties, and to avoid disinvestment and economic dislocations, and have developed downtown and neighborhood commercial district revitalization programs to address these problems; and

(f) It is in the best interest of the state of Washington to stop the decay of community areas and to promote and facilitate the orderly redevelopment of these areas.

(2) It is the intent of the legislature to establish a program to:

(a) Provide for the allocation of a portion of locally imposed excise taxes to assist local governments in the financing of needed health and safety improvements, public improvements, and other public investments, to encourage private development and to enhance and revitalize neighborhood business districts and downtown areas; and

(b) Provide technical assistance and training to local governments, business organizations, downtown and neighborhood commercial district organizations, and business and property owners to accomplish community and economic revitalization and development of business districts. [2002 c 79 § 1.]

**35.100.020 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Local retail sales and use tax" means the tax levied by a city or town under RCW 82.14.030, excluding that portion which a county is entitled to receive under RCW 82.14.030.

(2) "Local retail sales and use tax increment revenue" means that portion of the local retail sales and use tax collected in each year upon any retail sale or any use of an article of tangible personal property within a downtown or neighborhood commercial district that is in excess of the amount of local retail sales and use tax collected on sales or uses within the downtown or neighborhood commercial district in the year preceding.

(3) "Downtown or neighborhood commercial district" means (a) an area or areas designated by the legislative authority of a city or town with a population over one hundred thousand and that are typically limited to the pedestrian core area or the central commercial district and compact business districts that serve specific neighborhoods within the city or town; or (b) commercial areas designated as main street areas by the office of trade and economic development.

(4) "Community revitalization project" means:

(a) Health and safety improvements authorized to be publicly financed under chapter 35.80 or 35.81 RCW;

(b) Publicly owned or leased facilities within the jurisdiction of a local government which the sponsor has authority to provide; and

(c) Expenditure for any of the following purposes:

(i) Providing environmental analysis, professional management, planning, and promotion within a downtown or neighborhood commercial district including the management and promotion of retail trade activities in the district;

(ii) Providing maintenance and security for common or public areas in the downtown or neighborhood commercial district;

(iii) Historic preservation activities authorized under RCW 35.21.395; or

(iv) Project design and planning, land acquisition, site preparation, construction, reconstruction, rehabilitation, improvement, operation, and installation of a public facility; the costs of financing, including interest during construction, legal and other professional services, taxes, and insurance; the costs of complying with this chapter and other applicable law; and the administrative costs reasonably necessary and related to these costs. [2002 c 79 § 2.]

**35.100.030 Local retail sales and use tax increment revenue—Applications.** Local retail sales and use tax increment revenue, or any portion thereof, may be applied as follows:

(1) To pay downtown or neighborhood commercial district community revitalization costs;

(2) To pay into bond redemption funds established to pay the principal and interest on general obligation or revenue bonds issued to finance a downtown or neighborhood commercial district community revitalization project;

(3) In combination with any other public or private funds available to the city or town for the purposes provided in this section; or

(2004 Ed.)

(4) To pay any combination of costs under subsection (1), (2), or (3) of this section. [2002 c 79 § 3.]

**35.100.040 Local sales and use tax increment revenue—Authorization of use by legislative authority.** (1) The legislative authority of a city or town may authorize the use of local sales and use tax increment revenue for any purpose authorized in this chapter within the boundaries of a downtown or one or more neighborhood commercial districts.

(2) Prior to authorizing the use of local sales and use tax increment revenue, the legislative authority must designate the boundaries of each downtown or neighborhood commercial district.

(3) The legislative authority of a city or town may choose to pool the local sales and use tax increment revenue collected in the various downtown and neighborhood commercial districts within the city or town for the purposes authorized in this chapter. [2002 c 79 § 4.]

**35.100.050 Determination of amount of revenue.** A city or town shall determine at its own cost the amount of local sales and use tax increment revenue that may be generated in the downtown and neighborhood commercial districts it designates. The department of revenue may, at its discretion, provide advice or other assistance to cities and towns to assist in determining local sales and use tax increment revenue. [2002 c 79 § 5.]

**35.100.900 Severability—2002 c 79.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [2002 c 79 § 6.]

**35.102.010 Findings—Intent.** The legislature finds that businesses in Washington are concerned about the potential for multiple taxation that arises due to the various city business and occupation taxes and are concerned about the lack of uniformity among city jurisdictions. The current system has a negative impact on Washington's business climate. The legislature further finds that local business and occupation tax revenue provides a sizable portion of city revenue that is used for essential services. The legislature recognizes that local government services contribute to a healthy business climate.

The legislature intends to provide for a more uniform system of city business and occupation taxes that eliminates multiple taxation, while allowing for some continued local control and flexibility to cities. [2003 c 79 § 1.]

**35.102.020 Limited scope.** Chapter 79, Laws of 2003 does not apply to taxes on any service that historically or traditionally has been taxed as a utility business for municipal tax purposes, such as:

- (1) A light and power business or a natural gas distribution business, as defined in RCW 82.16.010;
- (2) A telephone business, as defined in RCW 82.04.065;
- (3) Cable television services;
- (4) Sewer or water services;
- (5) Drainage services;
- (6) Solid waste services; or
- (7) Steam services. [2003 c 79 § 2.]

**35.102.030 Definitions.** The definitions in this section apply throughout chapter 79, Laws of 2003, unless the context clearly requires otherwise.

(1) "Business" has the same meaning as given in chapter 82.04 RCW.

(2) "City" means a city, town, or code city.

(3) "Business and occupation tax" or "gross receipts tax" means a tax imposed on or measured by the value of products, the gross income of the business, or the gross proceeds of sales, as the case may be, and that is the legal liability of the business.

(4) "Value of products" has the same meaning as given in chapter 82.04 RCW.

(5) "Gross income of the business" has the same meaning as given in chapter 82.04 RCW.

(6) "Gross proceeds of sales" has the same meaning as given in chapter 82.04 RCW. [2003 c 79 § 3.]

**35.102.040 Model ordinance—Mandatory provisions.** (1)(a) The cities, working through the association of Washington cities, shall form a model ordinance development committee made up of a representative sampling of cities that as of July 27, 2003, impose a business and occupation tax. This committee shall work through the association of Washington cities to adopt a model ordinance on municipal gross receipts business and occupation tax. The model ordinance and subsequent amendments shall be adopted using a process that includes opportunity for substantial input from business stakeholders and other members of the public. Input shall be solicited from statewide business associations and from local chambers of commerce and downtown business associations in cities that levy a business and occupation tax.

(b) The municipal research council shall contract to post the model ordinance on an internet web site and to make paper copies available for inspection upon request. The department of revenue and the department of licensing shall post copies of or links to the model ordinance on their internet web sites. Additionally, a city that imposes a business and occupation tax must make copies of its ordinance available for inspection and copying as provided in chapter 42.17 RCW.

(c) The definitions and tax classifications in the model ordinance may not be amended more frequently than once every four years, however the model ordinance may be amended at any time to comply with changes in state law. Any amendment to a mandatory provision of the model ordinance must be adopted with the same effective date by all cities.

(2) A city that imposes a business and occupation tax must adopt the mandatory provisions of the model ordinance. The following provisions are mandatory:

(a) A system of credits that meets the requirements of RCW 35.102.060 and a form for such use;

(b) A uniform, minimum small business tax threshold of at least the equivalent of twenty thousand dollars in gross income annually. A city may elect to deviate from this requirement by creating a higher threshold or exemption but it shall not deviate lower than the level required in this subsection. If a city has a small business threshold or exemption in excess of that provided in this subsection as of January 1, 2003, and chooses to deviate below the threshold or exemption level that was in place as of January 1, 2003, the city must notify all businesses licensed to do business within the city at least one hundred twenty days prior to the potential implementation of a lower threshold or exemption amount;

(c) Tax reporting frequencies that meet the requirements of RCW 35.102.070;

(d) Penalty and interest provisions that meet the requirements of RCW 35.102.080 and 35.102.090;

(e) Claim periods that meet the requirements of RCW 35.102.100;

(f) Refund provisions that meet the requirements of RCW 35.102.110; and

(g) Definitions, which at a minimum, must include the definitions enumerated in RCW 35.102.030 and 35.102.120. The definitions in chapter 82.04 RCW shall be used as the baseline for all definitions in the model ordinance, and any deviation in the model ordinance from these definitions must be described by a comment in the model ordinance.

(3) Except for the system of credits developed to address multiple taxation under subsection (2)(a) of this section, a city may adopt its own provisions for tax exemptions, tax credits, and tax deductions.

(4) Any city that adopts an ordinance that deviates from the nonmandatory provisions of the model ordinance shall make a description of such differences available to the public, in written and electronic form. [2003 c 79 § 4.]

**35.102.050 Nexus required.** A city may not impose a business and occupation tax on a person unless that person has nexus with the city. For the purposes of this section, the term "nexus" means business activities conducted by a person sufficient to subject that person to the taxing jurisdiction of a city under the standards established for interstate commerce under the commerce clause of the United States Constitution. [2003 c 79 § 5.]

**35.102.060 Multiple taxation—Credit system.** (1) A city that imposes a business and occupation tax shall provide for a system of credits to avoid multiple taxation as follows:

(a) Persons who engage in business activities that are within the purview of more than one classification of the tax shall be taxable under each applicable classification.

(b) Notwithstanding anything to the contrary in this section, if imposition of the tax would place an undue burden upon interstate commerce or violate constitutional requirements, a taxpayer shall be allowed a credit only to the extent necessary to preserve the validity of the tax.

(c) Persons taxable under the retailing or wholesaling classification with respect to selling products in a city shall be allowed a credit against those taxes for any eligible gross receipts taxes paid by the person (i) with respect to the manufacturing of the products sold in the city, and (ii) with respect to the extracting of the products, or the ingredients used in the products, sold in the city. The amount of the credit shall not exceed the tax liability arising with respect to the sale of those products.

(d) Persons taxable under the manufacturing classification with respect to manufacturing products in a city shall be allowed a credit against that tax for any eligible gross receipts tax paid by the person with respect to extracting the ingredients of the products manufactured in the city and with respect to manufacturing the products other than in the city. The amount of the credit shall not exceed the tax liability arising with respect to the manufacturing of those products.

(e) Persons taxable under the retailing or wholesaling classification with respect to selling products in a city shall be allowed a credit against those taxes for any eligible gross receipts taxes paid by the person with respect to the printing, or the printing and publishing, of the products sold within the city. The amount of the credit shall not exceed the tax liability arising with respect to the sale of those products.

(2) The model ordinance shall be drafted to address the issue of multiple taxation for those tax classifications that are in addition to those enumerated in subsection (1)(c) through (e) of this section. The objective of any such provisions shall be to eliminate multiple taxation of the same income by two or more cities. [2003 c 79 § 6.]

**35.102.070 Reporting frequency.** A city that imposes a business and occupation tax shall allow reporting and payment of tax on a monthly, quarterly, or annual basis. The frequency for any particular person may be assigned at the discretion of the city, except that monthly reporting may be assigned only if it can be demonstrated that the taxpayer is remitting excise tax to the state on a monthly basis. For persons assigned a monthly frequency, payment is due within the same time period provided for monthly taxpayers under RCW 82.32.045. For persons assigned a quarterly or annual frequency, payment is due within the same time period as provided for quarterly or annual frequency under RCW 82.32.045. [2003 c 79 § 7.]

**35.102.080 Computation of interest.** (1) A city that imposes a business and occupation tax shall compute interest charged a taxpayer on an underpaid tax or penalty in accordance with RCW 82.32.050.

(2) A city that imposes a business and occupation tax shall compute interest paid on refunds or credits of amounts paid or other recovery allowed a taxpayer in accordance with RCW 82.32.060. [2003 c 79 § 8.]

**35.102.090 Penalties.** A city that imposes a business and occupation tax shall provide for the imposition of penalties in accordance with chapter 82.32 RCW. [2003 c 79 § 9.]

**35.102.100 Claim period.** The provisions relating to the time period allowed for an assessment or correction of an assessment for additional taxes, penalties, or interest shall be in accordance with chapter 82.32 RCW. [2003 c 79 § 10.]

**35.102.110 Refund period.** The provisions relating to the time period allowed for a refund of taxes paid shall be in accordance with chapter 82.32 RCW. [2003 c 79 § 11.]

**35.102.120 Definitions—Tax classifications.** (1) In addition to the definitions in RCW 35.102.030, the following terms and phrases must be defined in the model ordinance under RCW 35.102.040, and such definitions shall include any specific requirements as noted in this subsection:

- (a) Eligible gross receipts tax.
- (b) Extracting.
- (c) Manufacturing. Software development may not be defined as a manufacturing activity.
- (d) Retailing.
- (e) Retail sale.
- (f) Services. The term "services" excludes retail or wholesale services.
- (g) Wholesale sale.
- (h) Wholesaling.
- (i) To manufacture.
- (j) Commercial and industrial use.
- (k) Engaging in business.
- (l) Person.

(2) Any tax classifications in addition to those enumerated in subsection (1) of this section that are included in the model ordinance must be uniform among all cities. [2003 c 79 § 12.]

(2004 Ed.)

**35.102.130 Allocation and apportionment of income.** (*Effective January 1, 2008.*) A city that imposes a business and occupation tax shall provide for the allocation and apportionment of a person's gross income, other than persons subject to the provisions of chapter 82.14A RCW, as follows:

(1) Gross income derived from all activities other than those taxed as service or royalties shall be allocated to the location where the activity takes place.

(a) In the case of sales of tangible personal property, the activity takes place where delivery to the buyer occurs.

(b) If a business activity allocated under this subsection (1) takes place in more than one city and all cities impose a gross receipts tax, a credit shall be allowed as provided in RCW 35.102.060; if not all of the cities impose a gross receipts tax, the affected cities shall allow another credit or allocation system as they and the taxpayer agree.

(2) Gross income derived as royalties from the granting of intangible rights shall be allocated to the commercial domicile of the taxpayer.

(3) Gross income derived from activities taxed as services shall be apportioned to a city by multiplying apportionable income by a fraction, the numerator of which is the payroll factor plus the service-income factor and the denominator of which is two.

(a) The payroll factor is a fraction, the numerator of which is the total amount paid in the city during the tax period by the taxpayer for compensation and the denominator of which is the total compensation paid everywhere during the tax period. Compensation is paid in the city if:

- (i) The individual is primarily assigned within the city;
- (ii) The individual is not primarily assigned to any place of business for the tax period and the employee performs fifty percent or more of his or her service for the tax period in the city; or

(iii) The individual is not primarily assigned to any place of business for the tax period, the individual does not perform fifty percent or more of his or her service in any city[,] and the employee resides in the city.

(b) The service income factor is a fraction, the numerator of which is the total service income of the taxpayer in the city during the tax period, and the denominator of which is the total service income of the taxpayer everywhere during the tax period. Service income is in the city if:

- (i) The customer location is in the city; or
- (ii) The income-producing activity is performed in more than one location and a greater proportion of the service-income-producing activity is performed in the city than in any other location, based on costs of performance, and the taxpayer is not taxable at the customer location; or

(iii) The service-income-producing activity is performed within the city, and the taxpayer is not taxable in the customer location.

(c) If the allocation and apportionment provisions of this subsection do not fairly represent the extent of the taxpayer's business activity in the city or cities in which the taxpayer does business, the taxpayer may petition for or the tax administrators may jointly require, in respect to all or any part of the taxpayer's business activity, that one of the following methods be used jointly by the cities to allocate or apportion gross income, if reasonable:

- (i) Separate accounting;

(ii) The use of a single factor;  
 (iii) The inclusion of one or more additional factors that will fairly represent the taxpayer's business activity in the city; or

(iv) The employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

(4) The definitions in this subsection apply throughout this section.

(a) "Apportionable income" means the gross income of the business taxable under the service classifications of a city's gross receipts tax, including income received from activities outside the city if the income would be taxable under the service classification if received from activities within the city, less any exemptions or deductions available.

(b) "Compensation" means wages, salaries, commissions, and any other form of remuneration paid to individuals for personal services that are or would be included in the individual's gross income under the federal internal revenue code.

(c) "Individual" means any individual who, under the usual common law rules applicable in determining the employer-employee relationship, has the status of an employee of that taxpayer.

(d) "Customer location" means the city or unincorporated area of a county where the majority of the contacts between the taxpayer and the customer take place.

(e) "Primarily assigned" means the business location of the taxpayer where the individual performs his or her duties.

(f) "Service-taxable income" or "service income" means gross income of the business subject to tax under either the service or royalty classification.

(g) "Tax period" means the calendar year during which tax liability is accrued. If taxes are reported by a taxpayer on a basis more frequent than once per year, taxpayers shall calculate the factors for the previous calendar year for reporting in the current calendar year and correct the reporting for the previous year when the factors are calculated for that year, but not later than the end of the first quarter of the following year.

(h) "Taxable in the customer location" means either that a taxpayer is subject to a gross receipts tax in the customer location for the privilege of doing business, or that the government where the customer is located has the authority to subject the taxpayer to gross receipts tax regardless of whether, in fact, the government does so. [2003 c 79 § 13.]

**Effective date—2003 c 79 § 13:** "Section 13 of this act takes effect January 1, 2008." [2003 c 79 § 19.]

**35.102.1301 Municipal business and occupation tax—Study of potential net fiscal impacts.** (1) The department of revenue shall conduct a study of the net fiscal impacts of chapter 79, Laws of 2003, with particular emphasis on the revenue impacts of the apportionment and allocation method contained in RCW 35.102.130 and any revenue impact resulting from the increased uniformity and consistency provided through the model ordinance. In conducting the study, the department shall use, and regularly consult with, a committee composed of an equal representation from interested business representatives and from a representative sampling of cities imposing business and occupation taxes.

The department shall report the final results of the study to the governor and the fiscal committees of the legislature by November 30, 2005. In addition, the department shall provide progress reports to the governor and the fiscal committees of the legislature on November 30, 2003, and November 30, 2004. As part of its report, the department shall examine and recommend options to address any adverse revenue impacts to local jurisdictions.

(2) For the purposes of this section, "net fiscal impacts" means accounting for the potential of both positive and negative fiscal impacts on local jurisdictions that may result from chapter 79, Laws of 2003.

(3) It is the intent of the legislature through this study to provide accurate fiscal impact analysis and recommended options to alleviate revenue impacts from chapter 79, Laws of 2003 so as to allow local jurisdictions to anticipate and appropriately address any potential adverse revenue impacts from chapter 79, Laws of 2003. [2003 c 79 § 15.]

**35.102.140 Municipal business and occupation tax—Implementation by cities—Contingent authority.** Cities imposing business and occupation taxes must comply with all requirements of RCW 35.102.020 through 35.102.130 by December 31, 2004. A city that has not complied with the requirements of RCW 35.102.020 through 35.102.130 by December 31, 2004, may not impose a tax that is imposed by a city on the privilege of engaging in business activities. Cities imposing business and occupation taxes after December 31, 2004, must comply with RCW 35.102.020 through 35.102.130. [2003 c 79 § 14.]

**35A.01.010 Purpose and policy of this title—Interpretation.** The purpose and policy of this title is to confer upon two optional classes of cities created hereby the broadest powers of local self-government consistent with the Constitution of this state. Any specific enumeration of municipal powers contained in this title or in any other general law shall not be construed in any way to limit the general description of power contained in this title, and any such specifically enumerated powers shall be construed as in addition and supplementary to the powers conferred in general terms by this title. All grants of municipal power to municipalities electing to be governed under the provisions of this title, whether the grant is in specific terms or in general terms, shall be liberally construed in favor of the municipality. [1967 ex.s. c 119 § 35A.01.010.]

**35A.01.020 Noncharter code city.** A noncharter code city is one, regardless of population, which has initially incorporated as a noncharter code city, subject to the provisions of this title, or is an incorporated municipality which has elected, under the procedure prescribed in this title, to be classified as a noncharter code city and to be governed according to the provisions of this title under one of the optional forms of government provided for noncharter code cities. [1967 ex.s. c 119 § 35A.01.020.]

**35A.01.030 Charter code city.** A charter code city is one having at least ten thousand inhabitants at the time of its organization or reorganization which has either initially incorporated as a charter code city and has adopted a charter under the procedure prescribed in this title; or which, as an incorporated municipality, has elected to be classified as a charter code city and to be governed according to the provisions of this title and of its adopted charter. [1967 ex.s. c 119 § 35A.01.030.]

**35A.01.035 Code city.** The term "code city" means any noncharter code city or charter code city. [1967 ex.s. c 119 § 35A.01.035.]

**35A.01.040 Sufficiency of petitions.** Wherever in this title petitions are required to be signed and filed, the following rules shall govern the sufficiency thereof:

(1) A petition may include any page or group of pages containing an identical text or prayer intended by the circulators, signers or sponsors to be presented and considered as one petition and containing the following essential elements when applicable, except that the elements referred to in (d) and (e) of this subsection are essential for petitions referring or initiating legislative matters to the voters, but are directory as to other petitions:

(a) The text or prayer of the petition which shall be a concise statement of the action or relief sought by petitioners and shall include a reference to the applicable state statute or city ordinance, if any;

(b) If the petition initiates or refers an ordinance, a true copy thereof;

(c) If the petition seeks the annexation, incorporation, withdrawal, or reduction of an area for any purpose, an accurate legal description of the area proposed for such action and if practical, a map of the area;

(d) Numbered lines for signatures with space provided beside each signature for the name and address of the signer and the date of signing;

(e) The warning statement prescribed in subsection (2) of this section.

(2) Petitions shall be printed or typed on single sheets of white paper of good quality and each sheet of petition paper having a space thereon for signatures shall contain the text or prayer of the petition and the following warning:

#### WARNING

Every person who signs this petition with any other than his or her true name, or who knowingly signs more than one of these petitions, or signs a petition seeking an election when he or she is not a legal

voter, or signs a petition when he or she is otherwise not qualified to sign, or who makes herein any false statement, shall be guilty of a misdemeanor.

Each signature shall be executed in ink or indelible pencil and shall be followed by the name and address of the signer and the date of signing.

(3) The term "signer" means any person who signs his or her own name to the petition.

(4) To be sufficient a petition must contain valid signatures of qualified registered voters or property owners, as the case may be, in the number required by the applicable statute or ordinance. Within three working days after the filing of a petition, the officer with whom the petition is filed shall transmit the petition to the county auditor for petitions signed by registered voters, or to the county assessor for petitions signed by property owners for determination of sufficiency. The officer or officers whose duty it is to determine the sufficiency of the petition shall proceed to make such a determination with reasonable promptness and shall file with the officer receiving the petition for filing a certificate stating the date upon which such determination was begun, which date shall be referred to as the terminal date. Additional pages of one or more signatures may be added to the petition by filing the same with the appropriate filing officer prior to such terminal date. Any signer of a filed petition may withdraw his or her signature by a written request for withdrawal filed with the receiving officer prior to such terminal date. Such written request shall so sufficiently describe the petition as to make identification of the person and the petition certain. The name of any person seeking to withdraw shall be signed exactly the same as contained on the petition and, after the filing of such request for withdrawal, prior to the terminal date, the signature of any person seeking such withdrawal shall be deemed withdrawn.

(5) Petitions containing the required number of signatures shall be accepted as prima facie valid until their invalidity has been proved.

(6) A variation on petitions between the signatures on the petition and that on the voter's permanent registration caused by the substitution of initials instead of the first or middle names, or both, shall not invalidate the signature on the petition if the surname and handwriting are the same.

(7) Signatures, including the original, of any person who has signed a petition two or more times shall be stricken.

(8) Signatures followed by a date of signing which is more than six months prior to the date of filing of the petition shall be stricken.

(9) When petitions are required to be signed by the owners of property, the determination shall be made by the county assessor. Where validation of signatures to the petition is required, the following shall apply:

(a) The signature of a record owner, as determined by the records of the county auditor, shall be sufficient without the signature of his or her spouse;

(b) In the case of mortgaged property, the signature of the mortgagor shall be sufficient, without the signature of his or her spouse;

(c) In the case of property purchased on contract, the signature of the contract purchaser, as shown by the records of

the county auditor, shall be deemed sufficient, without the signature of his or her spouse;

(d) Any officer of a corporation owning land within the area involved who is duly authorized to execute deeds or encumbrances on behalf of the corporation, may sign on behalf of such corporation, and shall attach to the petition a certified excerpt from the bylaws of such corporation showing such authority;

(e) When property stands in the name of a deceased person or any person for whom a guardian has been appointed, the signature of the executor, administrator, or guardian, as the case may be, shall be equivalent to the signature of the owner of the property; and

(f) When a parcel of property is owned by multiple owners, the signature of an owner designated by the multiple owners is sufficient.

(10) The officer or officers responsible for determining the sufficiency of the petition shall do so in writing and transmit the written certificate to the officer with whom the petition was originally filed. [2003 c 331 § 9; 1996 c 286 § 7; 1985 c 281 § 26; 1967 ex.s. c 119 § 35A.01.040.]

**Intent—Severability—Effective date—2003 c 331:** See notes following RCW 35.13.410.

**Severability—1985 c 281:** See RCW 35.10.905.

**35A.01.050 The general law.** For the purposes of this optional municipal code, "the general law" means any provision of state law, not inconsistent with this title, enacted before or after the enactment of this title, which is by its terms applicable or available to all cities or towns. Except when expressly provided to the contrary, whenever in this optional municipal code reference is made to "the general law", or to specific provisions of the Revised Code of Washington, it shall mean "the general law, or such specific provisions of the Revised Code of Washington as now enacted or as the same may hereafter be amended". [1967 ex.s. c 119 § 35A.01.050.]

**35A.01.060 Optional municipal code—This title.** References contained in this title to "Optional Municipal Code", "this title", "this code" or to any specific chapter, section, or provision thereof shall refer to the whole or appropriate part of Title 35A RCW, as now or hereafter amended. [1967 ex.s. c 119 § 35A.01.060.]

**35A.01.070 Definitions—Change of plan or classification of municipal government.** Where used in this title with reference to procedures established by this title in regard to a change of plan or classification of government, unless a different meaning is plainly required by the context:

(1) "Classify" means a change from a city of the first or second class, an unclassified city, or a town, to a code city.

(2) "Classification" means either that portion of the general law under which a city or a town operates under Title 35 RCW as a first or second class city, unclassified city, or town, or otherwise as a code city.

(6) "Reclassify" means changing from a code city to the classification, if any, held by such a city immediately prior to becoming a code city.

(7) "Reclassification" means changing from city or town operating under Title 35 RCW to a city operating under Title 35A RCW, or vice versa; a change in classification.

(8) "Reorganize" means changing the plan of government under which a city or town operates to a different general plan of government. A city or town shall not be deemed to have reorganized simply by increasing or decreasing the number of members of its legislative body.

(9) "Reorganization" means a change in general plan of government under which a city operates, but an increase or decrease in the number of members of its legislative body shall not be deemed to constitute a reorganization. [2001 c 33 § 1. Prior: 1994 c 223 § 24; 1994 c 81 § 66; 1979 ex.s. c 18 § 1.]

**Severability—1979 ex.s. c 18:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 ex.s. c 18 § 36.]

**35A.01.080 "Councilman" defined.** As used in this title, the term "councilman" or "councilmen" means councilmember or councilmembers. [1981 c 213 § 2.]

**35A.02.010 Adoption of noncharter code city classification authorized.** Any incorporated city or town may

become a noncharter code city in accordance with, and be governed by, the provisions of this title relating to noncharter code cities and may select one of the plans of government authorized by this title. A city or town adopting and organizing under the optional municipal code shall not be deemed to have reorganized and to have abandoned its existing general plan of government, upon changing classification and becoming a noncharter code city, solely because organizing under a plan of government authorized in this title changes the number of elective offices or changes the terms thereof, or because an office becomes appointive rather than elective, or because that city or town has come under the optional municipal code, or because of any combination of these factors. [1979 ex.s. c 18 § 2; 1967 ex.s. c 119 § 35A.02.010.]

**Severability—1979 ex.s. c 18:** See note following RCW 35A.01.070.

**35A.02.020 Petition method—Direct.** When a petition is filed, signed by registered voters of an incorporated city or town, in number equal to not less than fifty percent of the votes cast at the last general municipal election, seeking the adoption by the city or town of the classification of noncharter code city, either under its existing authorized plan of government or naming one of the plans of government authorized for noncharter code cities, the county auditor shall promptly proceed to determine the sufficiency of the petition under the rules set forth in RCW 35A.01.040. If the petition is found to be sufficient, the county auditor shall file with the legislative body a certificate of sufficiency of the petition. Thereupon the legislative body of such city or town shall, by resolution, declare that the inhabitants of the city or town have decided to adopt the classification of noncharter code city and to be governed under the provisions of this title. If a prayer for reorganization is included in the petition such resolution shall also declare that the inhabitants of the city or town have decided to reorganize under the plan of government specified in the petition. The legislative body shall cause such resolution to be published at least once in a newspaper of general circulation within the city or town not later than ten days after the passage of the resolution. Upon the expiration of the ninetieth day from, but excluding the date of, first publication of the resolution, if no timely and sufficient referendum petition has been filed pursuant to RCW 35A.02.025, as now or hereafter amended, as determined by RCW 35A.29.170, the legislative body at its next regular meeting shall effect the decision of the inhabitants, as expressed in the petition, by passage of an ordinance adopting for the city the classification of noncharter code city, and if the petition also sought governmental reorganization by adoption of one of the plans of government authorized for noncharter code cities involving a different general plan of government from that under which the city is operating, then the legislative body shall provide at that time for such reorganization by ordinance and for election of all new officers pursuant to RCW 35A.02.050, as now or hereafter amended. [1990 c 259 § 2; 1979 ex.s. c 18 § 3; 1967 ex.s. c 119 § 35A.02.020.]

**Severability—1979 ex.s. c 18:** See note following RCW 35A.01.070.

**35A.02.025 Referendum.** Upon the filing of a referendum petition in the manner provided in RCW 35A.29.170

signed by qualified electors in number equal to not less than ten percent of the votes cast in the last general municipal election, such resolution as authorized by RCW 35A.02.020 shall be referred to the voters for confirmation or rejection in the next general municipal election if one is to be held within one hundred and eighty days from the date of filing of the referendum petition, or at a special election to be called for that purpose in accordance with \*RCW 29.13.020. [1979 ex.s. c 18 § 4; 1967 ex.s. c 119 § 35A.02.025.]

**\*Reviser's note:** RCW 29.13.020 was recodified as RCW 29A.04.330 pursuant to 2003 c 111 § 2401, effective July 1, 2004.

**Severability—1979 ex.s. c 18:** See note following RCW 35A.01.070.

**35A.02.030 Resolution method.** When a majority of the legislative body of an incorporated city or town determines that it would serve the best interests and general welfare of such municipality to change the classification of such city or town to that of noncharter code city, such legislative body may, by resolution, declare its intention to adopt for the city or town the classification of noncharter code city. If the legislative body so determines, such resolution may also contain a declaration of intention to reorganize the municipal government under one of the plans of government authorized in this title, naming such plan; but it shall also be lawful for the legislative body of any incorporated city or town which is governed under a plan of government authorized prior to the time this title takes effect to adopt for the city or town the classification of noncharter code city while retaining the same general plan of government under which such city or town is then operating. Within ten days after the passage of the resolution, the legislative body shall cause it to be published at least once in a newspaper of general circulation within the city or town. Upon the expiration of the ninetieth day from, but excluding the date of first publication of the resolution, if no timely and sufficient referendum petition has been filed pursuant to RCW 35A.02.035, as determined by RCW 35A.29.170, the intent expressed in such resolution shall at the next regular meeting of the legislative body be effected by an ordinance adopting for the city or town the classification of noncharter code city; and, if the resolution includes a declaration of intention to reorganize, the legislative body shall provide at that time for such reorganization by ordinance. [1979 ex.s. c 18 § 5; 1967 ex.s. c 119 § 35A.02.030.]

**Severability—1979 ex.s. c 18:** See note following RCW 35A.01.070.

**35A.02.035 Referendum.** Upon the filing of a referendum petition in the manner provided in RCW 35A.29.170 signed by qualified electors of an incorporated city or town in number equal to not less than ten percent of the votes cast in the last general municipal election, such resolution shall be referred for approval or rejection by the voters at an election as specified in RCW 35A.02.025. [1967 ex.s. c 119 § 35A.02.035.]

**35A.02.040 Certification of ordinance—Transcript of record to secretary of state.** When one or more ordinances are passed under RCW 35A.02.020 or 35A.02.030, as now or hereafter amended, the clerk of the city or town shall forward to the secretary of state a certified copy of any such

ordinance. Upon the filing in the office of the secretary of state of a certified copy of an ordinance adopting the classification of noncharter code city, such city or town shall thereafter be classified as a noncharter code city; except that if there is also filed with the secretary of state a certified copy of an ordinance providing for reorganization of the municipal government of such city or town under a different general plan of government, such reclassification and reorganization shall not be effective until the election, qualification, and assumption of office under RCW 35A.02.050 as now or hereafter amended of at least a quorum of all new officers under the plan of government so adopted. [1979 ex.s. c 18 § 6; 1970 ex.s. c 52 § 1; 1967 ex.s. c 119 § 35A.02.040.]

**Severability—1979 ex.s. c 18:** See note following RCW 35A.01.070.

**35A.02.050 Election of new officers.** The first election of officers where required for reorganization under a different general plan of government newly adopted in a manner provided in RCW 35A.02.020, 35A.02.030, 35A.06.030, or 35A.06.060, as now or hereafter amended, shall be at the next general municipal election if one is to be held more than ninety days but not more than one hundred and eighty days after certification of a reorganization ordinance or resolution, or otherwise at a special election to be held for that purpose in accordance with \*RCW 29.13.020. In the event that the first election of officers is to be held at a general municipal election, such election shall be preceded by a primary election pursuant to \*RCW 29.21.010 and 29.13.070. In the event that the first election of all officers is to be held at a special election rather than at a general election, and notwithstanding any provisions of any other law to the contrary, such special election shall be preceded by a primary election to be held on a date authorized by \*RCW 29.13.010, and the persons nominated at that primary election shall be voted upon at the next succeeding special election that is authorized by \*RCW 29.13.010: PROVIDED, That in the event the ordinances calling for reclassification or reclassification and reorganization under the provisions of Title 35A RCW have been filed with the secretary of state pursuant to RCW 35A.02.040 in an even-numbered year at least ninety days prior to a state general election then the election of new officers shall be concurrent with the state primary and general election and shall be conducted as set forth in general election law.

Upon reorganization, candidates for all offices shall file or be nominated for and successful candidates shall be elected to specific council positions. The initial terms of office for those elected at a first election of all officers shall be as follows: (1) A simple majority of the persons who are elected as councilmembers receiving the greatest numbers of votes and the mayor in a city with a mayor-council plan of government shall be elected to four-year terms of office, if the election is held in an odd-numbered year, or three-year terms of office, if the election is held in an even-numbered year; and (2) the other persons who are elected as councilmembers shall be elected to two-year terms of office, if the election is held in an odd-numbered year, or one-year terms of office, if the election is held in an even-numbered year. The newly elected officials shall take office immediately when they are elected and qualified, but the length of their terms of office shall be calculated from the first day of Janu-

ary in the year following the election. Thereafter, each person elected as a councilmember or mayor in a city with a mayor-council plan of government shall be elected to a four-year term of office. Each councilmember and mayor in a city with a mayor-council plan of government shall serve until a successor is elected and qualified and assumes office as provided in \*RCW 29.04.170.

The former officers shall, upon the election and qualification of new officers, deliver to the proper officers of the reorganized noncharter code city all books of record, documents and papers in their possession belonging to such municipal corporation before the reorganization thereof. [1994 c 223 § 25; 1979 ex.s. c 18 § 7; 1971 ex.s. c 251 § 1; 1970 ex.s. c 52 § 2; 1967 ex.s. c 119 § 35A.02.050.]

**\*Reviser's note:** RCW 29.13.020, 29.21.010, 29.13.070, 29.13.010, and 29.04.170 were recodified as RCW 29A.04.330, 29A.52.210, 29A.04.310, 29A.04.320, and 29A.20.040, respectively, pursuant to 2003 c 111 § 2401, effective July 1, 2004. RCW 29A.04.310 and 29A.04.320 were subsequently repealed by 2004 c 271 § 193.

**Severability—1979 ex.s. c 18:** See note following RCW 35A.01.070.

**Severability—1971 ex.s. c 251:** See RCW 35A.90.050.

### **35A.02.055 Election of new officers—Exception where same general plan of government is retained.**

Where a city elects to become a noncharter code city under one of the optional plans of government provided in Title 35A RCW for code cities which involves the same general plan of government as that under which the city operated prior to the choice and where with the change in classification the number of councilmanic positions in a city remains the same or increases from five to seven, the procedures for the first election of officers which appear in RCW 35A.02.050 shall not be followed. When membership in a city council remains the same or is increased upon becoming a noncharter code city, the terms of incumbent council members shall not be affected. If the number of council members is increased from five to seven, the city council shall, by majority vote, pursuant to RCW 35A.12.050 and 35A.13.020, appoint two persons to serve in these offices until the next municipal general election, at which election one person shall be elected for a two-year term and one person shall be elected for a four-year term.

A first election of all officers upon a change in classification to a noncharter code city is also not required where the change in classification otherwise retains the same general or specific plan of government and where the change in classification results in a decrease in the number of councilmanic positions in a city.

If the membership in a city council is decreased from seven to five members upon adopting the classification of noncharter code city, this decrease in the number of council members shall be determined in the following manner: The council members shall determine by lot which two councilmanic positions shall be eliminated upon the expiration of their terms of office. The terms of the remaining council members shall not be affected. [1979 ex.s. c 18 § 8.]

**Severability—1979 ex.s. c 18:** See note following RCW 35A.01.070.

**35A.02.060 Petition for election.** When a petition which is sufficient under the rules set forth in RCW 35A.01.040 is filed with the legislative body of an incorpo-

rated city or town, signed by qualified electors of such municipality in number equal to not less than ten percent of the votes cast at the last general municipal election, seeking adoption by the city or town of the classification of noncharter code city and the reorganization of the city or town under one of the plans of government authorized in this title, the county auditor shall file with the legislative body thereof a certificate of sufficiency of such petition. Thereupon, the legislative body shall cause such proposal to be submitted to the voters at the next general municipal election if one is to be held within one hundred eighty days after certification of the sufficiency of the petition, or at a special election to be held for that purpose not less than ninety days nor more than one hundred and eighty days from such certification of sufficiency. Ballot titles for elections under this chapter shall be prepared by the city attorney as provided in \*RCW 35A.29.120. [1990 c 259 § 3; 1967 ex.s. c 119 § 35A.02.060.]

\*Reviser's note: RCW 35A.29.120 was repealed by 1994 c 223 § 92.

**35A.02.070 Resolution for election.** The legislative body of an incorporated city or town may, by resolution, submit to the voters in the next general municipal election if one is to be held within one hundred and eighty days after passage of the resolution, or in a special election to be called for that purpose not less than ninety days nor more than one hundred and eighty days after passage of the resolution, a proposal that the city or town adopt the classification of noncharter code city and organize under one of the plans of government authorized in this title, naming such plan. [1967 ex.s. c 119 § 35A.02.070.]

**35A.02.080 Election of officers upon approval of plan of government by voters.** If the majority of votes cast at an election for organization under a plan provided in this title favor the plan, the city or town shall elect in accordance with RCW 35A.02.050 the officers for the positions created. The former officers of the municipality shall, upon the election and qualification of the new officers, deliver to the proper officers of the new noncharter code city all books of record, documents and papers in their possession belonging to such municipal corporation before reorganization. [1971 ex.s. c 251 § 2; 1967 ex.s. c 119 § 35A.02.080.]

Severability—1971 ex.s. c 251: See RCW 35A.90.050.

**35A.02.090 Alternative plan of government.** Proposals for each of the plans of government authorized by this title may be placed on the ballots in the same election by timely petition as provided in this chapter. When the ballot contains alternative proposals for each of the plans of government the ballot shall clearly state that voters may vote for only one of the plans of government. [1971 ex.s. c 251 § 3; 1967 ex.s. c 119 § 35A.02.090.]

Severability—1971 ex.s. c 251: See RCW 35A.90.050.

**35A.02.120 Effective date of reclassification and reorganization.** Upon the filing of the certified copy of the resolution with the secretary of state, the county auditor shall issue certificates of election to the successful candidates for the offices under the plan of government for which a majority

of the votes were cast, and upon the issuance of such certificates, such city or town shall become a noncharter code city governed under the plan of government chosen by the voters, under the provisions of this title and with the powers conferred by this title. [1967 ex.s. c 119 § 35A.02.120.]

**35A.02.130 Adoption of classification of noncharter code city without change of governmental plan.** Any incorporated city or town governed under a plan of government authorized prior to the time this title takes effect may become a noncharter code city without changing such plan of government by the use of the petition-for-election or resolution-for-election procedures provided in RCW 35A.02.060 and 35A.02.070 to submit to the voters a proposal that such municipality adopt the classification of noncharter code city while retaining its existing plan of government, and upon a favorable vote on the proposal, such municipality shall be classified as a noncharter code city and retain its old plan of government, such reclassification to be effective upon the filing of the record of such election with the office of the secretary of state. Insofar as the provisions of \*RCW 35A.02.100 and 35A.02.110 are applicable to an election on such a reclassification proposal they shall apply to such election. [1994 c 223 § 26; 1994 c 81 § 67; 1967 ex.s. c 119 § 35A.02.130.]

**35A.02.140 Petition or resolution pending—Restriction—Exception.** While proceedings are pending under any petition or resolution relating to reclassification of a municipality or reorganization of the government thereof pursuant to this chapter, no resolution shall be passed for the purpose of initiating other such proceedings or submitting other such proposals to the voters at an election thereunder; and no petition for reclassification or reorganization of such municipality shall be accepted for filing pending such proceedings, except that a timely and sufficient petition seeking to place on the ballot for such election a proposal for an alternative plan of government authorized by this title, as provided in RCW 35A.02.090, may be filed and acted upon. **35A.06.010 Each optional plan of government declared complete form of government.** Each of the optional plans of government authorized by chapter 35A.12 RCW and chapter 35A.13 RCW, with any amendments thereto, is declared to be a complete and separate plan of government authorized by the legislature for submission to the voters of a municipality or for adoption by resolution of the legislative body thereof in the manner provided herein, and is additional to the plans of government existing prior to the time this title takes effect. [1967 ex.s. c 119 § 35A.06.010.]

**35A.06.020 Laws applicable to noncharter code cities.** The classifications of municipalities as first class cities, second class cities, unclassified cities, and towns, and the restrictions, limitations, duties, and obligations specifically imposed by law upon such classes of cities and towns, shall have no application to noncharter code cities, but every noncharter code city, by adopting such classification, has elected to be governed by the provisions of this title, with the powers granted hereby. However, any code city that retains its old plan of government is subject to the laws applicable to that old plan of government until the city abandons its old plan of government and reorganizes and adopts a plan of government under chapter 35A.12 or 35A.13 RCW. **35A.06.030 Abandonment of plan of government of a noncharter code city.** By use of the resolution for election

(2004 Ed.)

or petition for election methods described in RCW 35A.06.040, any noncharter code city which has operated for more than six consecutive years under one of the optional plans of government authorized by this title, or for more than a combined total of six consecutive years under a particular plan of government both as a code city and under the same general plan under Title 35 RCW immediately prior to becoming a code city, may abandon such organization and may reorganize and adopt another plan of government authorized for noncharter code cities, but only after having been a noncharter code city for more than one year or a city after operating for more than six consecutive years under a particular plan of government as a noncharter code city: **PROVIDED**, That these limitations shall not apply to a city seeking to adopt a charter.

In reorganization under a different general plan of government as a noncharter code city, officers shall serve the remainder of their terms. If a city with a mayor-council plan of government is reorganized with a council-manager plan of government, the mayor shall serve as a councilmember for the remainder of his or her term. If a city with a council-manager plan of government is reorganized with a mayor-council plan of government, the mayor shall be elected as provided in RCW 35A.02.050. When a noncharter code city adopts a plan of government other than those authorized under Title 35A RCW, such city ceases to be governed under this optional municipal code, shall be classified as a city or town of the class selected in the proceeding for adoption of such new plan, with the powers granted to such class under the general law, and shall elect officers as provided in RCW 35A.02.050. **35A.06.040 Abandonment—Resolution or petition for election.** Upon the passage of a resolution of the legislative body of a noncharter code city, or upon the filing of a sufficient petition with the county auditor signed by registered voters in number equal to not less than ten percent of the votes cast at the last general municipal election therein, proposing abandonment by the city of the plan of government under which it is then operating and adoption of another plan, naming such plan, the sufficiency of the petition for abandonment shall be determined, an election ordered and conducted, and the results declared generally as provided in chapter 35A.02 RCW insofar as such provisions are applicable. If the resolution or petition proposes a plan of government other than those authorized in chapters 35A.12 RCW and 35A.13 RCW of this title, the resolution or petition shall specify the class under which such city will be classified upon adoption of such plan. **Severability—1979 ex.s. c 18:** See note following RCW 35A.01.070.

**35A.06.060 Abandonment—Reorganization under plan adopted—Effective date.** If a majority of votes cast at the election favor abandonment of the general plan of government under which the noncharter code city is then organized and reorganization under the different general plan proposed in the resolution or petition, the officers to be elected shall be those prescribed by the plan of government so adopted, and they shall be elected as provided in RCW 35A.06.030. If the city is adopting a plan of government other than those authorized under this title, the officers shall be elected at the next succeeding general municipal election. Upon the election, qualification, and assumption of office by such officers the reorganization of the government of such municipality shall be complete and such municipality shall thereafter be governed under such plan. If the plan so adopted is not a plan authorized for noncharter code cities, upon the election, qualification, and assumption of office by such officers the municipality shall cease to be a noncharter code city governed under the provisions of this optional municipal code and shall revert to the classification selected and shall be governed by the general laws relating to municipalities of such class with the powers conferred by law upon municipalities of such class. **35A.06.070 Abandonment of noncharter code city classification without reorganization.** By means of the procedures set forth in this chapter, insofar as they apply, any noncharter code city which has been governed under the provisions of this title for more than six years may abandon the classification of noncharter code city and elect to be governed under the general law relating to cities or towns of the classification held by such city immediately prior to becoming a noncharter code city, if any, or relating to cities or towns of the highest class for which it is qualified by population, with the powers conferred by law upon such class, while retaining the plan of government under which it is then organized. A change of classification approved by a majority of the voters voting on such proposition shall become effective upon the filing of the record of such election with the office of the secretary of state. serve the best interests and general welfare of such city to become a charter code city, such legislative body may, by resolution, declare its intention to adopt for the city the classification of charter code city and to be governed under the provisions of this title, with the powers conferred hereby. Within ten days after the passage of the resolution, the legislative body shall cause it to be published at least once in a newspaper of general circulation within the city. [1967 ex.s. c 119 § 35A.07.040.]

**35A.07.050 Petition for election.** When a petition which is sufficient under the rules set forth in RCW 35A.01.040 is filed with the legislative body of a charter city, signed by registered voters of such city in number equal to not less than ten percent of the votes cast at the last general municipal election, seeking adoption by the city of the classification of charter code city, the county auditor shall file with the legislative body thereof a certificate of sufficiency of such petition. Thereupon the legislative body shall cause such proposal to be submitted to the voters at the next general municipal election if one is to be held within one hundred eighty days, or at a special election to be held for that purpose not less than ninety days nor more than one hundred and eighty days after the filing of such petition. **35A.08.010 Adoption of charter authorized.** Any city having a population of ten thousand or more inhabitants may become a charter code city and be governed under the provisions of this title by adopting a charter for its own government in the manner prescribed in this chapter. Once any city, having ten thousand population, has adopted such a charter, any subsequent decrease in population below ten thousand shall not affect its status as a charter code city. [1967 ex.s. c 119 § 35A.08.010.]

**35A.08.020 Determining population.** For the purposes of this chapter, the population of a city shall be the number of residents shown by the figures released for the most recent official state or federal census, by a population determination made under the direction of the office of financial management, or by a city census conducted in the following manner:

(1) The legislative authority of any such city may provide by ordinance for the appointment by the mayor thereof, of such number of persons as may be designated in the ordinance to make an enumeration of all persons residing within the corporate limits of the city. The enumerators so appointed, before entering upon their duties, shall take an oath for the faithful performance thereof and within five days after their appointment proceed, within their respective districts, to make an enumeration of all persons residing therein, with their names and places of residence.

(2) Immediately upon the completion of the enumeration, the enumerators shall make return thereof upon oath to

**35A.08.030 Resolution or petition for election.** The legislative body of any city having ten thousand or more inhabitants may, by resolution, provide for submission to the voters of the question whether the city shall become a charter code city and be governed in accordance with a charter to be adopted by the voters under the provisions of this title. The legislative body must provide for such an election upon receipt of a sufficient petition therefor signed by qualified electors in number equal to not less than ten percent of the votes cast at the last general municipal election therein. The question may be submitted to the voters at the next general municipal election if one is to be held within one hundred and eighty days or at a special election held for that purpose not less than ninety nor more than one hundred and eighty days after the passage of the resolution or the filing of the certificate of sufficiency of the petition. At such election provision shall also be made for the election of fifteen freeholders who, upon a favorable vote on the question, shall constitute the charter commission charged with the duty of framing a charter for submission to the voters. If the vote in favor of adopting a charter receives forty percent or less of the total vote on the question of charter adoption, no new election on the question of charter adoption may be held for a period of two years from the date of the election in which the charter proposal failed. [2001 c 33 § 4; 1967 ex.s. c 119 § 35A.08.030.]

*Sufficiency of petition in code city: RCW 35A.01.040.*

**35A.08.040 Election on question—Election of charter commission.** The election on the question whether to adopt a charter and become a charter code city and the nomination and election of the members of the charter commission shall be conducted, and the result declared, according to the laws regulating and controlling elections in the city. Candidates for election to the charter commission must be nominated by petition signed by ten registered voters of the city and residents therein for a period of at least two years preceding the election. A nominating petition shall be filed within the time allowed for filing declarations of candidacy and shall be verified by an affidavit of one or more of the signers to the effect that the affiant believes that the candidate and all of the signers are registered voters of the city and he signed the petition in good faith for the purpose of endorsing the person named therein for election to the charter commission. A written acceptance of the nomination by the nominee shall be affixed to the petition when filed with the county auditor. Nominating petitions need not be in the form prescribed in RCW 35A.01.040. Any nominee may withdraw his nomina-

tion by a written statement of withdrawal filed at any time not later than five days before the last day allowed for filing nominations. The positions on the charter commission shall be designated by consecutive numbers one through fifteen, and the positions so designated shall be considered as separate offices for all election purposes. A nomination shall be made for a specific numbered position. [1990 c 259 § 7; 1967 ex.s. c 119 § 35A.08.040.]

**35A.08.050 Organization of charter commission—Vacancies—Duties.** Within ten days after its election the charter commission shall hold its first meeting, elect one of the members as chairman, and adopt such rules for the conduct of its business as it may deem advisable. In the event of a vacancy in the charter commission, the remaining members shall fill it by appointment thereto of some properly qualified person. A majority shall constitute a quorum for transaction of business but final charter recommendations shall require a majority vote of the whole membership of the commission. The commission shall study the plan of government of the city, compare it with other available plans of government, and determine whether, in its judgment, the government of the city could be strengthened, made more responsive or accountable to the people, or whether its operation could be made more economical or more efficient by amendment of the existing plan or adoption of another plan of government. The commission shall consider the plans of government described in this title but shall not be limited to such plans in its recommendations for the government of the city and may frame a charter for any plan it deems suitable for the good government of the city; except that the provisions of such charter shall not be valid if inconsistent with the Constitution of this state, the provisions of this title, or the general laws of the state, insofar as they are applicable to cities governed under this title. [1967 ex.s. c 119 § 35A.08.050.]

**35A.08.060 Expenses of commission members—Consultants and assistants.** Members of the charter commission shall serve without compensation but shall be reimbursed by the city from any funds for their necessary expenses incurred in the performance of their duties. The legislative body may, in its discretion, make a reasonable appropriation of the city funds to provide for public information and discussion concerning the purposes and progress of the commission's work and/or to provide technical or clerical assistance to the commission in its work. Within the limits of any such appropriation and privately contributed funds and services as may be available to it, the charter commission may appoint one or more consultants and clerical or other assistants to serve at the pleasure of the commission and may fix a reasonable compensation to be paid such consultants and assistants. [1967 ex.s. c 119 § 35A.08.060.]

**35A.08.070 Public hearing.** The charter commission shall hold at least one public hearing in the course of its deliberations, may hold committee meetings and may sponsor public forums and promote public education and discussion respecting its work. [1967 ex.s. c 119 § 35A.08.070.]

**35A.08.080 Submission of charter—Election of officers—Publication.** Within one hundred and eighty days from the date of its first meeting, the charter commission, or a majority thereof, shall frame a charter for the city and submit the charter to the legislative body of the city, which, within five days thereafter shall initiate proceedings for the submission of the proposed charter to the qualified electors of the city at the next general election if one is to be held within one hundred and eighty days or at a special election to be held for that purpose not less than ninety nor more than one hundred and eighty days after submission of the charter to the legislative body. The legislative body shall cause the proposed charter to be published in a newspaper of general circulation in the city at least once each week for four weeks next preceding the day of submitting the same to the electors for their approval. At this election the first officers to serve under the provisions of the proposed charter shall also be elected. If the election is from wards, the division into wards as specified in the proposed charter shall govern; in all other respects the then existing laws relating to such elections shall govern. The notice of election shall specify the objects for which the election is held and shall be given as required by law. [1967 ex.s. c 119 § 35A.08.080.]

**35A.08.090 Conduct of elections.** The election upon the question of becoming a charter code city and framing a charter and the election of the charter commission, and the election upon the adoption or rejection of the proposed charter and the officers to be elected thereunder, the returns of both elections, the canvassing thereof, and the declaration of the result shall be governed by the laws regulating and controlling elections in the city. [1967 ex.s. c 119 § 35A.08.090.]

**35A.08.100 Ballot titles.** Ballot titles for elections under this chapter shall be prepared by the city attorney as provided in \*RCW 35A.29.120. The ballot statement in the election for adopting or rejecting the proposed charter shall clearly state that, upon adoption of the proposed charter, the city would be governed by its charter and by this title. In the event of an increase in the number of councilmanic offices, the city council shall, by majority vote, pursuant to RCW 35A.12.050, appoint two persons to serve in these offices until the next municipal general election, at which election one person shall be elected for a two-year term and one person shall be elected for a four-year term. The number of inhabitants shall be determined by the most recent official state or federal census or determination by the state office of financial management. A charter adopted under the provisions of this title, incorporating the mayor-council plan of government set forth in this chapter, may provide for an uneven number of councilmembers not exceeding eleven.

A noncharter code city of less than five thousand inhabitants which has elected the mayor-council plan of government and which has seven councilmanic offices may establish a five-member council in accordance with the following procedure. At least six months prior to a municipal general election, the city council shall adopt an ordinance providing for reduction in the number of councilmanic offices to five. The ordinance shall specify which two councilmanic offices, the terms of which expire at the next general election, are to be terminated. The ordinance shall provide for the renumbering of council positions and shall also provide for a two-year extension of the term of office of a retained councilmanic office, if necessary, in order to comply with RCW 35A.12.040.

However, a noncharter code city that has retained its old mayor-council plan of government, as provided in RCW 35A.02.130, is subject to the laws applicable to that old plan of government. **35A.12.020 Appointive officers—Duties—Compensation.** The appointive officers shall be those provided for by charter or ordinance and shall include a city clerk and a chief law enforcement officer. The office of city clerk may be merged with that of a city treasurer, if any, with an appropri-

ate title designated therefor. Provision shall be made for obtaining legal counsel for the city, either by appointment of a city attorney on a full-time or part-time basis, or by any reasonable contractual arrangement for such professional services. The authority, duties and qualifications of all appointive officers shall be prescribed by charter or ordinance, consistent with the provisions of this title, and any amendments thereto, and the compensation of appointive officers shall be prescribed by ordinance: PROVIDED, That the compensation of an appointed municipal judge shall be within applicable statutory limits. **Severability—1987 c 3:** See note following RCW 3.46.020.

**35A.12.030 Eligibility to hold elective office.** No person shall be eligible to hold elective office under the mayor-council plan unless the person is a registered voter of the city at the time of filing his declaration of candidacy and has been a resident of the city for a period of at least one year next preceding his election. Residence and voting within the limits of any territory which has been included in, annexed to, or consolidated with such city is construed to have been residence within the city. A mayor or councilman shall hold within the city government no other public office or employment except as permitted under the provisions of chapter 42.23 RCW. [1979 ex.s. c 18 § 20; 1967 ex.s. c 119 § 35A.12.030.]

**Severability—1979 ex.s. c 18:** See note following RCW 35A.01.070.

**35A.12.040 Elections—Terms of elective officers—Numbering of council positions.** Officers shall be elected at biennial municipal elections to be conducted as provided in chapter 35A.29 RCW. The mayor and the councilmembers shall be elected for four-year terms of office and until their successors are elected and qualified and assume office in accordance with \*RCW 29.04.170. At any first election upon reorganization, councilmembers shall be elected as provided in RCW 35A.02.050. Thereafter the requisite number of councilmembers shall be elected biennially as the terms of their predecessors expire and shall serve for terms of four years. The positions to be filled on the city council shall be designated by consecutive numbers and shall be dealt with as separate offices for all election purposes. Election to positions on the council shall be by majority vote from the city at large, unless provision is made by charter or ordinance for election by wards. The mayor and councilmembers shall qualify by taking an oath or affirmation of office and as may be provided by law, charter, or ordinance. [1994 c 223 § 31; 1979 ex.s. c 18 § 21; 1970 ex.s. c 52 § 3; 1967 ex.s. c 119 § 35A.12.040.]

**Severability—1979 ex.s. c 18:** See note following RCW 35A.01.070.

**35A.12.050 Vacancies.** The office of a mayor or councilmember shall become vacant if the person who is elected or appointed to that position fails to qualify as provided by law, fails to enter upon the duties of that office at the time fixed by law without a justifiable reason, or as provided in RCW 35A.12.060 or 42.12.010. A vacancy in the office of mayor or in the council shall be filled as provided in chapter

42.12 RCW. [1994 c 223 § 32; 1967 ex.s. c 119 § 35A.12.050.]

**35A.12.060 Vacancy for nonattendance.** In addition a council position shall become vacant if the councilmember fails to attend three consecutive regular meetings of the council without being excused by the council. [1994 c 223 § 33; 1967 ex.s. c 119 § 35A.12.060.]

**35A.12.065 Pro tempore appointments.** Biennially at the first meeting of a new council, or periodically, the members thereof, by majority vote, may designate one of their number as mayor pro tempore or deputy mayor for such period as the council may specify, to serve in the absence or temporary disability of the mayor; or, in lieu thereof, the council may, as the need may arise, appoint any qualified person to serve as mayor pro tempore in the absence or temporary disability of the mayor. In the event of the extended excused absence or disability of a councilman, the remaining members by majority vote may appoint a councilman pro tempore to serve during the absence or disability. [1967 ex.s. c 119 § 35A.12.065.]

**35A.12.070 Compensation of elective officers—Expenses.** The salaries of the mayor and the councilmen shall be fixed by ordinance and may be revised from time to time by ordinance, but any increase in the compensation attaching to an office shall not be applicable to the term then being served by the incumbent if such incumbent is a member of the city legislative body fixing his own compensation or as mayor in a mayor-council code city casts a tie-breaking vote relating to such ordinance: PROVIDED, That if the mayor of such a city does not cast such a vote, his salary may be increased during his term of office.

Until the first elective officers under this mayor-council plan of government may lawfully be paid the compensation provided by such salary ordinance, such officers shall be entitled to be compensated in the same manner and in the same amount as the compensation paid to officers of such city performing comparable services immediately prior to adoption of this mayor-council plan.

Until a salary ordinance can be passed and become effective as to elective officers of a newly incorporated code city, such first officers shall be entitled to compensation as follows: In cities having less than five thousand inhabitants, the mayor shall be entitled to a salary of one hundred and fifty dollars per calendar month and a councilman shall be entitled to twenty dollars per meeting for not more than two meetings per month; in cities having more than five thousand but less than fifteen thousand inhabitants, the mayor shall be entitled to a salary of three hundred and fifty dollars per calendar month and a councilman shall be entitled to one hundred and fifty dollars per calendar month; in cities having more than fifteen thousand inhabitants, the mayor shall be entitled to a salary of twelve hundred and fifty dollars per calendar month and a councilman shall be entitled to four hundred dollars per calendar month: PROVIDED, That such interim compensation shall remain in effect only until a salary ordinance is passed and becomes effective as to such officers, and the amounts herein provided shall not be construed as fixing the

usual salary of such officers. The mayor and councilmen shall receive reimbursement for their actual and necessary expenses incurred in the performance of the duties of their office, or the council by ordinance may provide for a per diem allowance. Procedure for approval of claims for expenses shall be as provided by ordinance. [1971 ex.s. c 251 § 5; 1967 ex.s. c 119 § 35A.12.070.]

*Limitations on salaries: State Constitution Art. 11 § 8.*

**35A.12.080 Oath and bond of officers.** Any officer before entering upon the performance of his duties may be required to take an oath or affirmation as prescribed by charter or by ordinance for the faithful performance of his duties. The oath or affirmation shall be filed with the county auditor. The clerk, treasurer, if any, chief of police, and such other officers or employees as may be designated by ordinance or by charter shall be required to furnish annually an official bond conditioned on the honest and faithful performance of their official duties. The terms and penalty of official bonds and the surety therefor shall be prescribed by ordinance or charter and the bond shall be approved by the chief administrative officer of the city. The premiums on such bonds shall be paid by the city. When the furnishing of an official bond is required of an officer or employee, compliance with such provisions shall be an essential part of qualification for office. [1986 c 167 § 20; 1967 ex.s. c 119 § 35A.12.080.]

**Severability—1986 c 167:** See note following RCW 29A.04.049.

**35A.12.090 Appointment and removal of officers—Terms.** The mayor shall have the power of appointment and removal of all appointive officers and employees subject to any applicable law, rule, or regulation relating to civil service. The head of a department or office of the city government may be authorized by the mayor to appoint and remove subordinates in such department or office, subject to any applicable civil service provisions. All appointments of city officers and employees shall be made on the basis of ability and training or experience of the appointees in the duties they are to perform, from among persons having such qualifications as may be prescribed by ordinance or by charter, and in compliance with provisions of any merit system applicable to such city. Confirmation by the city council of appointments of officers and employees shall be required only when the city charter, or the council by ordinance, provides for confirmation of such appointments. Confirmation of mayoral appointments by the council may be required by the council in any instance where qualifications for the office or position have not been established by ordinance or charter provision. Appointive offices shall be without definite term unless a term is established for such office by law, charter or ordinance. [1987 c 3 § 15; 1967 ex.s. c 119 § 35A.12.090.]

**Severability—1987 c 3:** See note following RCW 3.46.020.

**35A.12.100 Duties and authority of the mayor—Veto—Tie-breaking vote.** The mayor shall be the chief executive and administrative officer of the city, in charge of all departments and employees, with authority to designate assistants and department heads. The mayor may appoint and remove a chief administrative officer or assistant administra-

tive officer, if so provided by ordinance or charter. He shall see that all laws and ordinances are faithfully enforced and that law and order is maintained in the city, and shall have general supervision of the administration of city government and all city interests. All official bonds and bonds of contractors with the city shall be submitted to the mayor or such person as he may designate for approval or disapproval. He shall see that all contracts and agreements made with the city or for its use and benefit are faithfully kept and performed, and to this end he may cause any legal proceedings to be instituted and prosecuted in the name of the city, subject to approval by majority vote of all members of the council. The mayor shall preside over all meetings of the city council, when present, but shall have a vote only in the case of a tie in the votes of the councilmen with respect to matters other than the passage of any ordinance, grant, or revocation of franchise or license, or any resolution for the payment of money. He shall report to the council concerning the affairs of the city and its financial and other needs, and shall make recommendations for council consideration and action. He shall prepare and submit to the council a proposed budget, as required by chapter 35A.33 RCW. The mayor shall have the power to veto ordinances passed by the council and submitted to him as provided in RCW 35A.12.130 but such veto may be overridden by the vote of a majority of all council members plus one more vote. The mayor shall be the official and ceremonial head of the city and shall represent the city on ceremonial occasions, except that when illness or other duties prevent the mayor's attendance at an official function and no mayor pro tempore has been appointed by the council, a member of the council or some other suitable person may be designated by the mayor to represent the city on such occasion. [1979 ex.s. c 18 § 22; 1967 ex.s. c 119 § 35A.12.100.]

**Severability—1979 ex.s. c 18:** See note following RCW 35A.01.070.

**35A.12.110 Council meetings.** The city council and mayor shall meet regularly, at least once a month, at a place and at such times as may be designated by the city council. All final actions on resolutions and ordinances must take place within the corporate limits of the city. Special meetings may be called by the mayor or any three members of the council by written notice delivered to each member of the council at least twenty-four hours before the time specified for the proposed meeting. All actions that have heretofore been taken at special council meetings held pursuant to this section, but for which the number of hours of notice given has been at variance with requirements of RCW 42.30.080, are hereby validated. All council meetings shall be open to the public except as permitted by chapter 42.30 RCW. No ordinance or resolution shall be passed, or contract let or entered into, or bill for the payment of money allowed at any meeting not open to the public, nor at any public meeting the date of which is not fixed by ordinance, resolution, or rule, unless public notice of such meeting has been given by such notice to each local newspaper of general circulation and to each local radio or television station, as provided in RCW 42.30.080 as now or hereafter amended. Meetings of the council shall be presided over by the mayor, if present, or otherwise by the mayor pro tempore, or deputy mayor if one has been appointed, or by a member of the council selected

by a majority of the council members at such meeting. Appointment of a council member to preside over the meeting shall not in any way abridge his right to vote on matters coming before the council at such meeting. In the absence of the clerk, a deputy clerk or other qualified person appointed by the clerk, the mayor, or the council, may perform the duties of clerk at such meeting. A journal of all proceedings shall be kept, which shall be a public record. [1993 c 199 § 3; 1979 ex.s. c 18 § 23; 1967 ex.s. c 119 § 35A.12.110.]

**Severability—1979 ex.s. c 18:** See note following RCW 35A.01.070.

**35A.12.120 Council—Quorum—Rules—Voting.** At all meetings of the council a majority of the councilmen shall constitute a quorum for the transaction of business, but a less number may adjourn from time to time and may compel the attendance of absent members in such manner and under such penalties as may be prescribed by ordinance. The council shall determine its own rules and order of business, and may establish rules for the conduct of council meetings and the maintenance of order. At the desire of any member, any question shall be voted upon by roll call and the ayes and nays shall be recorded in the journal.

The passage of any ordinance, grant or revocation of franchise or license, and any resolution for the payment of money shall require the affirmative vote of at least a majority of the whole membership of the council. [1967 ex.s. c 119 § 35A.12.120.]

**35A.12.130 Ordinances—Style—Requisites—Veto.** The enacting clause of all ordinances shall be as follows: "The city council of the city of . . . . do ordain as follows:" No ordinance shall contain more than one subject and that must be clearly expressed in its title.

No ordinance or any section or subsection thereof shall be revised or amended unless the new ordinance sets forth the revised ordinance or the amended section or subsection at full length.

No ordinance shall take effect until five days after the date of its publication unless otherwise provided by statute or charter, except that an ordinance passed by a majority plus one of the whole membership of the council, designated therein as a public emergency ordinance necessary for the protection of public health, public safety, public property or the public peace, may be made effective upon adoption, but such ordinance may not levy taxes, grant, renew, or extend a franchise, or authorize the borrowing of money.

Every ordinance which passes the council in order to become valid must be presented to the mayor; if he approves it, he shall sign it, but if not, he shall return it with his written objections to the council and the council shall cause his objections to be entered at large upon the journal and proceed to a reconsideration thereof. If upon reconsideration a majority plus one of the whole membership, voting upon a call of ayes and nays, favor its passage, the ordinance shall become valid notwithstanding the mayor's veto. If the mayor fails for ten days to either approve or veto an ordinance, it shall become valid without his approval. Ordinances shall be signed by the mayor and attested by the clerk. [1967 ex.s. c 119 § 35A.12.130.]

**35A.12.140 Adoption of codes by reference.** Ordinances may by reference adopt Washington state statutes and state, county, or city codes, regulations, or ordinances or any standard code of technical regulations, or portions thereof, including, for illustrative purposes but not limited to, fire codes and codes or ordinances relating to the construction of buildings, the installation of plumbing, the installation of electric wiring, health and sanitation, the slaughtering, processing, and selling of meats and meat products for human consumption, the production, pasteurizing, and sale of milk and milk products, or other subjects, together with amendments thereof or additions thereto, on the subject of the ordinance. Such Washington state statutes or codes or other codes or compilations so adopted need not be published in a newspaper as provided in RCW 35A.12.160, but the adopting ordinance shall be so published and a copy of any such adopted statute, ordinance, or code, or portion thereof, with amendments or additions, if any, in the form in which it was adopted, shall be filed in the office of the city clerk for use and examination by the public. While any such statute, code, or compilation is under consideration by the council prior to adoption, not less than one copy thereof shall be filed in the office of the city clerk for examination by the public. [1995 c 71 § 1; 1982 c 226 § 2; 1967 ex.s. c 119 § 35A.12.140.]

**Effective date—1982 c 226:** See note following RCW 35.21.180.

**35A.12.150 Ordinances—Authentication and recording.** The city clerk shall authenticate by his signature and record in full in a properly indexed book kept for the purpose all ordinances and resolutions adopted by the council. Such book, or copies of ordinances and resolutions, shall be available for inspection by the public at reasonable times and under reasonable conditions. [1967 ex.s. c 119 § 35A.12.150.]

**35A.12.160 Publication of ordinances or summary—Public notice of hearings and meeting agendas.** Promptly after adoption, the text of each ordinance or a summary of the content of each ordinance shall be published at least once in the city's official newspaper.

For purposes of this section, a summary shall mean a brief description which succinctly describes the main points of the ordinance. Publication of the title of an ordinance authorizing the issuance of bonds, notes, or other evidences of indebtedness shall constitute publication of a summary of that ordinance. When the city publishes a summary, the publication shall include a statement that the full text of the ordinance will be mailed upon request.

An inadvertent mistake or omission in publishing the text or a summary of the content of an ordinance shall not render the ordinance invalid.

In addition to the requirement that a city publish the text or a summary of the content of each adopted ordinance, every city shall establish a procedure for notifying the public of upcoming hearings and the preliminary agenda for the forthcoming council meeting. Such procedure may include, but not be limited to, written notification to the city's official newspaper, publication of a notice in the official newspaper, posting of upcoming council meeting agendas, or such other processes as the city determines will satisfy the intent of this

requirement. [1994 c 273 § 15; 1988 c 168 § 7; 1987 c 400 § 3; 1985 c 469 § 42; 1967 ex.s. c 119 § 35A.12.160.]

**35A.12.170 Audit and allowance of demands against city.** All demands against a code city shall be presented and audited in accordance with such regulations as may be prescribed by charter or ordinance; and upon the allowance of a demand, the clerk shall draw a warrant upon the treasurer for it, which warrant shall be countersigned by the mayor, or such person as he may designate, and shall specify the fund from which it is to be paid; or, payment may be made by a bank check when authorized by the legislative body of the code city under authority granted by RCW 35A.40.020, which check shall bear the signatures of the officers designated by the legislative body as required signatories of checks of such city, and shall specify the fund from which it is to be paid. [1967 ex.s. c 119 § 35A.12.170.]

**35A.12.180 Optional division of city into wards.** At any time not within three months previous to a municipal general election the council of a noncharter code city organized under this chapter may divide the city into wards or change the boundaries of existing wards. No change in the boundaries of wards shall affect the term of any councilmember, and councilmembers shall serve out their terms in the wards of their residences at the time of their elections: PROVIDED, That if this results in one ward being represented by more councilmembers than the number to which it is entitled those having the shortest unexpired terms shall be assigned by the council to wards where there is a vacancy, and the councilmembers so assigned shall be deemed to be residents of the wards to which they are assigned for purposes of those positions being vacant. The representation of each ward in the city council shall be in proportion to the population as nearly as is practicable.

Wards shall be redrawn as provided in \*chapter 29.70 RCW. Wards shall be used as follows: (1) Only a resident of the ward may be a candidate for, or hold office as, a councilmember of the ward; and (2) only voters of the ward may vote at a primary to nominate candidates for a councilmember of the ward. Voters of the entire city may vote at the general election to elect a councilmember of a ward, unless the city had prior to January 1, 1994, limited the voting in the general election for any or all council positions to only voters residing within the ward associated with the council positions. If a city had so limited the voting in the general election to only voters residing within the ward, then the city shall be authorized to continue to do so. [1994 c 223 § 34; 1967 ex.s. c 119 § 35A.12.180.]

**\*Reviser's note:** Chapter 29.70 RCW was recodified as chapter 29A.76 RCW pursuant to 2003 c 111 § 2401, effective July 1, 2004.

**35A.12.190 Powers of council.** The council of any code city organized under the mayor-council plan of government provided in this chapter shall have the powers and authority granted to the legislative bodies of cities governed by this title, as more particularly described in chapter 35A.11 RCW. [1967 ex.s. c 119 § 35A.12.190.]

**35A.13.010 City officers—Size of council.** The councilmembers shall be the only elective officers of a code city electing to adopt the council-manager plan of government authorized by this chapter, except where statutes provide for an elective municipal judge. The council shall appoint an officer whose title shall be "city manager" who shall be the chief executive officer and head of the administrative branch of the city government. The city manager shall be responsible to the council for the proper administration of all affairs of the code city. The council of a noncharter code city having less than twenty-five hundred inhabitants shall consist of five members; when there are twenty-five hundred or more inhabitants the council shall consist of seven members: **PROVIDED**, That if the population of a city after having become a code city decreases from twenty-five hundred or more to less than twenty-five hundred, it shall continue to have a seven member council. If, after a city has become a council-manager code city its population increases to twenty-five hundred or more inhabitants, the number of councilmanic offices in such city may increase from five to seven members upon the affirmative vote of a majority of the existing council to increase the number of councilmanic offices in the city. When the population of a council-manager code city having five councilmanic offices increases to five thousand or more inhabitants, the number of councilmanic offices in the city shall increase from five to seven members. In the event of an increase in the number of councilmanic offices, the city council shall, by majority vote, pursuant to RCW 35A.13.020, appoint two persons to serve in these offices until the next municipal general election, at which election one person shall be elected for a two-year term and one person shall be elected for a four-year term. The number of inhabitants shall be determined by the most recent official state or federal census or determination by the state office of financial management.

A charter adopted under the provisions of this title, incorporating the council-manager plan of government set forth in this chapter may provide for an uneven number of councilmembers not exceeding eleven.

A noncharter code city of less than five thousand inhabitants which has elected the council-manager plan of government and which has seven councilmanic offices may establish a five-member council in accordance with the following procedure. At least six months prior to a municipal general election, the city council shall adopt an ordinance providing for reduction in the number of councilmanic offices to five. The ordinance shall specify which two councilmanic offices, the terms of which expire at the next general election, are to be terminated. The ordinance shall provide for the renumbering of council positions and shall also provide for a two-year extension of the term of office of a retained councilmanic office, if necessary, in order to comply with RCW 35A.12.040.

However, a noncharter code city that has retained its old council-manager plan of government, as provided in RCW 35A.02.130, is subject to the laws applicable to that old plan of government. The resolution shall, subject to RCW 35.02.170, describe the boundaries of the area to be annexed, state the number of voters residing therein as nearly as may be, and shall provide that said city will pay the cost of the annexation election. The resolution may require that there also be submitted to the electorate of the territory sought to be annexed a proposition that all property within the area annexed shall, upon annexation, be

assessed and taxed at the same rate and on the same basis as the property of such annexing city is assessed and taxed to pay for all or any portion of the then-outstanding indebtedness of the city to which said area is annexed, which indebtedness has been approved by the voters, contracted for, or incurred prior to, or existing at, the date of annexation. Whenever such city has prepared and filed a proposed zoning regulation for the area to be annexed as provided for in RCW 35A.14.330 and 35A.14.340, the resolution initiating the election may also provide for the simultaneous adoption of the proposed zoning regulation upon approval of annexation by the electorate of the area to be annexed. If the territory is located in more than a single county, the auditor of the county with whom the petition is filed shall act as the lead auditor and transmit a copy of the petition to the auditor of each other county within which a portion of the territory is located. The auditor or auditors shall examine the petition, and the auditor or lead auditor shall certify the sufficiency of the petition to the legislative authority of the code city.

taxed to pay for all or any portion of the then-outstanding indebtedness of the city to which said area is annexed, which indebtedness has been approved by the voters, contracted for, or incurred prior to, or existing at, the date of annexation. The costs of conducting the election called for in the petition shall be a charge against the city concerned. The proposition or questions provided for in this section may be submitted to the voter either separately or as a single proposition. The ballots shall contain the words "For annexation and creation of community municipal corporation" and "Against annexation and creation of community municipal corporation," or "For creation of community municipal corporation" and "Against creation of community municipal corporation," as the case may be. Approval of either optional ballot proposition shall be by simple majority vote of the voters voting on the proposition, but the annexation must be authorized before a community municipal corporation is created. [1993 c 75 § 3.]

**35A.14.030 Filing of petition as approved by city.** Upon approval of the petition for election by the legislative body of the code city to which such territory is proposed to be annexed, the petition shall be filed with the legislative authority of the county in which such territory is located, along with a statement, in the form required by the city, of the provisions, if any there be, relating to assumption of the portion of the debt that the city requires to be assumed by the owners of property of the area proposed to be annexed, and/or the

simultaneous adoption of a proposed zoning regulation for the area. A copy of the petition and the statement, if any, shall also be filed with the boundary review board as provided for in chapter 36.93 RCW or the county annexation review board established by RCW 35A.14.160, unless such proposed annexation is within the provisions of RCW 35A.14.220. [1979 ex.s. c 124 § 3; 1971 ex.s. c 251 § 6; 1967 ex.s. c 119 § 35A.14.030.]

**Severability—1979 ex.s. c 124:** See note following RCW 35A.14.015.

**Severability—1971 ex.s. c 251:** See RCW 35A.90.050.

**35A.14.040 Election method—Hearing by review board—Notice.** Within ten days after receipt of a petition or resolution calling for an election on the question of annexation, the county annexation review board shall meet and, if the proposed annexation complies with the requirements of law, shall fix a date for a hearing thereon, to be held not less than fifteen days nor more than thirty days thereafter, of which hearing the city must give notice by publication at least once a week for two weeks prior thereto in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the area proposed to be annexed. The hearing shall be held within the city to which the territory is proposed to be annexed, at a time and place to be designated by the board. Upon the day fixed, the board shall conduct a hearing upon the petition or resolution, at which hearing a representative of the city shall make a brief presentation to the board in explanation of the annexation and the benefits to be derived therefrom, and the petitioners and any resident of the city or the area proposed to be annexed shall be afforded a reasonable opportunity to be heard. The hearing may be adjourned from time to time in the board's discretion, not to exceed thirty days in all from the commencement of the hearing. [1967 ex.s. c 119 § 35A.14.040.]

**35A.14.050 Decision of the county annexation review board—Filing—Date for election.** After consideration of the proposed annexation as provided in RCW 35A.14.200, the county annexation review board, within thirty days after the final day of hearing, shall take one of the following actions:

- (1) Approval of the proposal as submitted.
- (2) Subject to RCW 35.02.170, modification of the proposal by adjusting boundaries to include or exclude territory; except that any such inclusion of territory shall not increase the total area of territory proposed for annexation by an amount exceeding the original proposal by more than five percent: PROVIDED, That the county annexation review board shall not adjust boundaries to include territory not included in the original proposal without first affording to residents and property owners of the area affected by such adjustment of boundaries an opportunity to be heard as to the proposal.
- (3) Disapproval of the proposal.

The written decision of the county annexation review board shall be filed with the board of county commissioners and with the legislative body of the city concerned. If the annexation proposal is modified by the county annexation review board, such modification shall be fully set forth in the

written decision. If the decision of the boundary review board or the county annexation review board is favorable to the annexation proposal, or the proposal as modified by the review board, the legislative body of the city at its next regular meeting if to be held within thirty days after receipt of the decision of the boundary review board or the county annexation review board, or at a special meeting to be held within that period, shall indicate to the county auditor its preference for a special election date for submission of such annexation proposal, with any modifications made by the review board, to the voters of the territory proposed to be annexed. The special election date that is so indicated shall be one of the dates for special elections provided under \*RCW 29.13.020 that is sixty or more days after the date the preference is indicated. The county legislative authority shall call the special election at the special election date so indicated by the city. If the boundary review board or the county annexation review board disapproves the annexation proposal, no further action shall be taken thereon, and no proposal for annexation of the same territory, or substantially the same as determined by the board, shall be initiated or considered for twelve months thereafter. [1989 c 351 § 5; 1986 c 234 § 30; 1975 1st ex.s. c 220 § 15; 1971 ex.s. c 251 § 7; 1967 ex.s. c 119 § 35A.14.050.]

**\*Reviser's note:** RCW 29.13.020 was recodified as RCW 29A.04.330 pursuant to 2003 c 111 § 2401, effective July 1, 2004.

### **35A.14.070 Election method—Notice of election.**

Notice of an annexation election shall particularly describe the boundaries of the area proposed to be annexed, as the same may have been modified by the boundary review board or the county annexation review board, state the objects of the election as prayed in the petition or as stated in the resolution, and require the voters to cast ballots which shall contain the words "For Annexation" or "Against Annexation" or words equivalent thereto, or contain the words "For Annexation and Adoption of Proposed Zoning Regulation", and "Against Annexation and Adoption of Proposed Zoning Regulation", or words equivalent thereto in case the simultaneous adoption of a proposed zoning regulation is proposed, and in case the assumption of all or a portion of indebtedness is proposed, shall contain an appropriate, separate proposition for or against the portion of indebtedness that the city requires to be assumed. The notice shall be posted for at least two weeks prior to the date of election in four public places within the area proposed to be annexed and published at least once a week for two weeks prior to the date of election in a newspaper of general circulation within the limits of the territory proposed to be annexed. Such notice shall be in addition to the notice required by general election law. [1994 c 223 § 38; 1979 ex.s. c 124 § 4; 1967 ex.s. c 119 § 35A.14.070.]

**Severability—1979 ex.s. c 124:** See note following RCW 35A.14.015.

**35A.14.080 Election method—Vote required for annexation—Proposition for assumption of indebtedness—Certification.** On the Monday next succeeding the annexation election, the county canvassing board shall pro-

ceed to canvass the returns thereof and shall submit the statement of canvass to the county legislative authority.

The proposition for or against annexation or for or against annexation and adoption of the proposed zoning regulation, as the case may be, shall be deemed approved if a majority of the votes cast on that proposition are cast in favor of annexation or in favor of annexation and adoption of the proposed zoning regulation, as the case may be. If a proposition for or against assumption of all or any portion of indebtedness was submitted to the electorate, it shall be deemed approved if a majority of at least three-fifths of the electors of the territory proposed to be annexed voting on such proposition vote in favor thereof, and the number of persons voting on such proposition constitutes not less than forty percent of the total number of votes cast in such territory at the last preceding general election. If either or both propositions were approved by the electors, the county legislative authority shall enter a finding to that effect on its minutes, a certified copy of which shall be forthwith transmitted to and filed with the clerk of the city to which annexation is proposed, together with a certified abstract of the vote showing the whole number who voted at the election, the number of votes cast for annexation and the number cast against annexation or for annexation and adoption of the proposed zoning regulation and the number cast against annexation and adoption of the proposed zoning regulation, as the case may be, and if a proposition for assumption of all or any portion of indebtedness was submitted to the electorate, the abstract shall include the number of votes cast for assumption of indebtedness and the number of votes cast against assumption of indebtedness, together with a statement of the total number of votes cast in such territory at the last preceding general election. [1979 ex.s. c 124 § 5; 1967 ex.s. c 119 § 35A.14.080.]

**Severability—1979 ex.s. c 124:** See note following RCW 35A.14.015.

**35A.14.085 Election method—Vote required for annexation with assumption of indebtedness—Without assumption of indebtedness.** A code city may cause a proposition authorizing an area to be annexed to the city to be submitted to the qualified voters of the area proposed to be annexed in the same ballot proposition as the question to authorize an assumption of indebtedness. If the measures are combined, the annexation and the assumption of indebtedness shall be authorized only if the proposition is approved by at least three-fifths of the voters of the area proposed to be annexed voting on the proposition, and the number of persons voting on the proposition constitutes not less than forty percent of the total number of votes cast in the area at the last preceding general election.

However, the code city council may adopt a resolution accepting the annexation, without the assumption of indebtedness, where the combined ballot proposition is approved by a simple majority vote of the voters voting on the proposition. [1989 c 84 § 23.]

**35A.14.090 Election method—Ordinance providing for annexation, assumption of indebtedness.** Upon filing of the certified copy of the finding of the county legislative authority, the clerk shall transmit it to the legislative body of the city at the next regular meeting or as soon thereafter as

practicable. If only a proposition relating to annexation or to annexation and adoption of a proposed zoning regulation was submitted to the voters and such proposition was approved, the legislative body shall adopt an ordinance providing for the annexation or adopt ordinances providing for the annexation and adoption of a proposed zoning regulation, as the case may be. If a proposition for annexation or for annexation and adoption of a proposed zoning regulation, and a proposition for assumption of all or any portion of indebtedness were both submitted, and both were approved, the legislative body shall adopt an ordinance providing for the annexation or for annexation and adoption of the proposed zoning regulation, including the assumption of the portion of indebtedness that was approved by the voters. If both propositions were submitted and only the annexation or the annexation and adoption of the proposed zoning regulation was approved, the legislative body may adopt an ordinance providing for the annexation or adopt ordinances providing for the annexation and adoption of the proposed zoning regulation, as the case may be, or the legislative body may refuse to annex when a proposal for assumption of the portion of indebtedness has been disapproved by the voters. [1979 ex.s. c 124 § 6; 1967 ex.s. c 119 § 35A.14.090.]

**Severability—1979 ex.s. c 124:** See note following RCW 35A.14.015.

**35A.14.100 Election method—Effective date of annexation.** Upon the date fixed in the ordinance of annexation, the area annexed shall become a part of the city. Upon the date fixed in the ordinances of annexation and adoption of the proposed zoning regulation, the area annexed shall become a part of the city, and property in the annexed area shall be subject to the proposed zoning regulation, as prepared and filed as provided for in RCW 35A.14.330 and 35A.14.340. All property within the territory hereafter annexed shall, if the proposition approved by the people so provides, be assessed and taxed at the same rate and on the same basis as the property of such annexing city is assessed and taxed to pay for the portion of indebtedness of the city that was approved by the voters. [1979 ex.s. c 124 § 7; 1967 ex.s. c 119 § 35A.14.100.]

**Severability—1979 ex.s. c 124:** See note following RCW 35A.14.015.

**35A.14.110 Election method is alternative.** The method of annexation provided for in RCW 35A.14.015 through 35A.14.100 is an alternative method and is additional to the other methods provided for in this chapter. [1967 ex.s. c 119 § 35A.14.110.]

**35A.14.120 Direct petition method—Notice to legislative body—Meeting—Assumption of indebtedness—Proposed zoning regulation—Contents of petition.** Proceedings for initiating annexation of unincorporated territory to a charter code city or noncharter code city may be commenced by the filing of a petition of property owners of the territory proposed to be annexed, in the following manner. This method of annexation shall be alternative to other methods provided in this chapter. Prior to the circulation of a petition for annexation, the initiating party or parties, who shall be the owners of not less than ten percent in value, according to the assessed valuation for general taxation of the property

for which annexation is sought, shall notify the legislative body of the code city in writing of their intention to commence annexation proceedings. The legislative body shall set a date, not later than sixty days after the filing of the request, for a meeting with the initiating parties to determine whether the code city will accept, reject, or geographically modify the proposed annexation, whether it shall require the simultaneous adoption of a proposed zoning regulation, if such a proposal has been prepared and filed for the area to be annexed as provided for in RCW 35A.14.330 and 35A.14.340, and whether it shall require the assumption of all or of any portion of existing city indebtedness by the area to be annexed. If the legislative body requires the assumption of all or of any portion of indebtedness and/or the adoption of a proposed zoning regulation, it shall record this action in its minutes and the petition for annexation shall be so drawn as to clearly indicate these facts. Approval by the legislative body shall be a condition precedent to circulation of the petition. There shall be no appeal from the decision of the legislative body. A petition for annexation of an area contiguous to a code city may be filed with the legislative body of the municipality to which annexation is desired. It must be signed by the owners, as defined by RCW 35A.01.040(9) (a) through (d), of not less than sixty percent in value, according to the assessed valuation for general taxation of the property for which annexation is petitioned: PROVIDED, That a petition for annexation of an area having at least eighty percent of the boundaries of such area contiguous with a portion of the boundaries of the code city, not including that portion of the boundary of the area proposed to be annexed that is coterminous with a portion of the boundary between two counties in this state, need be signed by only the owners of not less than fifty percent in value according to the assessed valuation for general taxation of the property for which the annexation is petitioned. Such petition shall set forth a description of the property according to government legal subdivisions or legal plats and shall be accompanied by a map which outlines the boundaries of the property sought to be annexed. If the legislative body has required the assumption of all or any portion of city indebtedness by the area annexed or the adoption of a proposed zoning regulation, these facts, together with a quotation of the minute entry of such requirement, or requirements, shall also be set forth in the petition. [1989 c 351 § 6; 1979 ex.s. c 124 § 8; 1967 ex.s. c 119 § 35A.14.120.]

**Severability—1979 ex.s. c 124:** See note following RCW 35A.14.015.

*Sufficiency of petition in code city: RCW 35A.01.040.*

**35A.14.130 Direct petition method—Notice of hearing.** Whenever such a petition for annexation is filed with the legislative body of a code city, which petition meets the requirements herein specified and is sufficient according to the rules set forth in RCW 35A.01.040, the legislative body may entertain the same, fix a date for a public hearing thereon and cause notice of the hearing to be published in one or more issues of a newspaper of general circulation in the city. The notice shall also be posted in three public places within the territory proposed for annexation, and shall specify the time and place of hearing and invite interested persons to appear and voice approval or disapproval of the annexation. [1967 ex.s. c 119 § 35A.14.130.]

**35A.14.140 Direct petition method—Ordinance providing for annexation.** Following the hearing, if the legislative body determines to effect the annexation, they shall do so by ordinance. Subject to RCW 35.02.170, the ordinance may annex all or any portion of the proposed area but may not include in the annexation any property not described in the petition. Upon passage of the annexation ordinance a certified copy shall be filed with the board of county commissioners of the county in which the annexed property is located. [1986 c 234 § 31; 1975 1st ex.s. c 220 § 16; 1967 ex.s. c 119 § 35A.14.140.]

**Legislative finding, intent—1975 1st ex.s. c 220:** See note following RCW 35.02.170.

**35A.14.150 Direct petition method—Effective date of annexation.** Upon the date fixed in the ordinance of annexation the area annexed shall become part of the city. All property within the territory hereafter annexed shall, if the annexation petition so provided, be assessed and taxed at the same rate and on the same basis as the property of such annexing code city is assessed and taxed to pay for the portion of any then-outstanding indebtedness of the city to which said area is annexed, which indebtedness has been approved by the voters, contracted for, or incurred prior to, or existing at, the date of annexation and that the city has required to be assumed. If the annexation petition so provided, all property in the annexed area shall be subject to and a part of the proposed zoning regulation as prepared and filed as provided for in RCW 35A.14.330 and 35A.14.340. [1979 ex.s. c 124 § 9; 1967 ex.s. c 119 § 35A.14.150.]

**Severability—1979 ex.s. c 124:** See note following RCW 35A.14.015.

**35A.14.160 Annexation review board—Composition.** There is hereby established in each county of the state, other than counties having a boundary review board as provided for in chapter 189, Laws of 1967 [chapter 36.93 RCW], a board to be known as the "annexation review board for the county of . . . . (naming the county)", which shall be charged with the duty of reviewing proposals for annexation of unincorporated territory to charter code cities and noncharter code cities within its respective county; except that proposals within the provisions of RCW 35A.14.220 shall not be subject to the jurisdiction of such board.

In all counties in which a boundary review board is established pursuant to chapter 189, Laws of 1967 [chapter 36.93 RCW] review of proposals for annexation of unincorporated territory to charter code cities and noncharter code cities within such counties shall be subject to chapter 189, Laws of 1967 [chapter 36.93 RCW]. Whenever any county establishes a boundary review board pursuant to chapter 189, Laws of 1967 [chapter 36.93 RCW] the provisions of this act relating to annexation review boards shall not be applicable.

Except as provided above in this section, whenever one or more cities of a county shall have elected to be governed by this title by becoming a charter code city or noncharter code city, the governor shall, within forty-five days thereafter, appoint an annexation review board for such county consisting of five members appointed in the following manner:

Two members shall be selected independently by the governor. Three members shall be selected by the governor from the following sources: (1) One member shall be

appointed from nominees of the individual members of the board of county commissioners; (2) one member shall be appointed from nominees of the individual mayors of charter code cities within such county; (3) one member shall be appointed from nominees of the individual mayors of non-charter code cities within such county.

Each source shall nominate at least two persons for an available position. In the event there are less than two nominees for any position, the governor may appoint the member for that position independently. If, at the time of appointment, there are within the county no cities of one of the classes named above as a nominating source, a position which would otherwise have been filled by nomination from such source shall be filled by independent appointment of the governor.

In making appointments independently and in making appointments from among nominees, the governor shall strive to appoint persons familiar with municipal government and administration by experience and/or training. [1971 ex.s. c 251 § 8; 1967 ex.s. c 119 § 35A.14.160.]

**Severability—1971 ex.s. c 251:** See RCW 35A.90.050.

**35A.14.170 Time for filing nominations—Vacancies.** Upon the initial formation of a county annexation review board the governor shall give written notice of such formation to all the nominating sources designated therein and nominations must be filed with the office of the governor within fifteen days after receipt of such notice. Nominations to fill vacancies caused by expiration of terms must be filed at least thirty days preceding the expiration of the terms. When vacancies occur in the membership of the board, the governor shall solicit nominations from the appropriate source and if none are filed within fifteen days thereafter, the governor shall fill the vacancy by an independent appointment. [1967 ex.s. c 119 § 35A.14.170.]

**35A.14.180 Terms of members.** The members of the annexation review board shall be appointed for five year terms. Upon the initial formation of a board, one member appointed by the governor independently shall be appointed for a four year term, the member appointed from among nominees of the board of county commissioners shall be appointed for a three year term, the member appointed from among nominees of the mayors of noncharter code cities shall be appointed for a three year term, and the remaining members shall be appointed for five year terms. Thereafter board members shall be appointed for five year terms as the terms of their predecessors expire. Members shall be eligible for reappointment to the board for successive terms. [1967 ex.s. c 119 § 35A.14.180.]

**35A.14.190 Organization of annexation review board—Rules—Journal—Authority.** The members of each annexation review board shall elect from among the members a chairman and a vice chairman, and may employ a nonmember as chief clerk, who shall be the secretary of the board. The board shall determine its own rules and order of business, shall provide by resolution for the time and manner of holding regular or special meetings, and shall keep a journal of its proceedings which shall be a public record. A

majority of all the members shall constitute a quorum for the transaction of business.

The chief clerk of the board, the chairman, or the vice chairman shall have the power to administer oaths and affirmations, certify to all official acts, issue subpoenas to any public officer or employee ordering him to testify before the board and produce public records, papers, books or documents. The chief clerk, the chairman or the vice chairman may invoke the aid of any court of competent jurisdiction to carry out such powers.

The planning departments of the county, other counties, and any city, and any state or regional planning agency shall furnish such information to the board at its request as may be reasonably necessary for the performance of its duties.

At the request of the board, the state attorney general shall provide counsel for the board. [1967 ex.s. c 119 § 35A.14.190.]

**35A.14.200 Determination by county annexation review board—Factors considered—Filing of findings and decision.** The jurisdiction of the county annexation review board shall be invoked upon the filing with the board of a resolution for an annexation election as provided in RCW 35A.14.015, or of a petition for an annexation election as provided in RCW 35A.14.030, and the board shall proceed to hold a hearing, upon notice, all as provided in RCW 35A.14.040. A verbatim record shall be made of all testimony presented at the hearing and upon request and payment of the reasonable costs thereof, a copy of the transcript of such testimony shall be provided to any person or governmental unit. The board shall make and file its decision, all as provided in RCW 35A.14.050, insofar as said section is applicable to the matter before the board. Dissenting members of the board shall have the right to have their written dissents included as part of the decision. In reaching a decision on an annexation proposal, the county annexation review board shall consider the factors affecting such proposal, which shall include but not be limited to the following:

(1) The immediate and prospective population of the area proposed to be annexed, the configuration of the area, land use and land uses, comprehensive use plans and zoning, per capita assessed valuation, topography, natural boundaries and drainage basins, the likelihood of significant growth in the area and in adjacent incorporated and unincorporated areas during the next ten years, location and coordination of community facilities and services; and

(2) The need for municipal services and the available municipal services, effect of ordinances and governmental codes, regulations and resolutions on existing uses, present cost and adequacy of governmental services and controls, the probable future needs for such services and controls, the probable effect of the annexation proposal or alternatives on cost and adequacy of services and controls in area and adjacent area, the effect on the finances, debt structure, and contractual obligations and rights of all affected governmental units; and

(3) The effect of the annexation proposal or alternatives on adjacent areas, on mutual economic and social interests, and on the local governmental structure of the county.

The county annexation review board shall determine whether the proposed annexation would be in the public

(2004 Ed.)

interest and for the public welfare. The decision of the board shall be accompanied by the findings of the board. Such findings need not include specific data on all the factors listed in this section, but shall indicate that all such factors were considered. [1971 ex.s. c 251 § 11; 1967 ex.s. c 119 § 35A.14.200.]

**Severability—1971 ex.s. c 251:** See RCW 35A.90.050.

**35A.14.210 Court review of decisions of the county annexation review board.** Decisions of the county annexation review board shall be final unless within ten days from the date of said action a governmental unit affected by the decision or any person owning real property in or residing in the area proposed to be annexed files in the superior court a notice of appeal. The filing of such notice of appeal within such time limit shall stay the effective date of the decision of the board until such time as the appeal shall have been adjudicated or withdrawn. On appeal the superior court shall not take any evidence other than that contained in the record of the hearing before the board. The superior court may affirm the decision of the county annexation review board or remand the case for further proceedings; or the court may reverse the decision and remand if it finds that substantial rights have been prejudiced because the findings, conclusions, or decision of the board are:

- (1) In violation of constitutional provisions; or
- (2) In excess of the statutory authority or jurisdiction of the board; or
- (3) Made upon unlawful procedure; or
- (4) Affected by other error of law; or
- (5) Unsupported by material and substantial evidence in view of the entire record as submitted; or
- (6) Arbitrary or capricious. [1971 ex.s. c 251 § 12; 1967 ex.s. c 119 § 35A.14.210.]

When the area proposed for annexation in a petition or resolution, initiated and filed under any of the methods of initiating annexation authorized by this chapter, is less than fifty acres or less than two million dollars in assessed valuation, review procedures shall not be required as to such annexation proposal, except as provided in chapter 36.93 RCW in those counties with a review board established pursuant to chapter 36.93 RCW: PROVIDED, That when an annexation proposal is initiated by the direct petition method authorized by RCW 35A.14.120, review procedures shall not be required without regard to acreage or assessed valuation, except as provided in chapter 36.93 RCW in those counties with a boundary review board established pursuant to chapter 36.93 RCW.
