**36.93.010 Purpose.** The legislature finds that in metropolitan areas of this state, experiencing heavy population growth, increased problems arise from rapid proliferation of municipalities and haphazard extension of and competition to extend municipal boundaries. These problems affect adversely the quality and quantity and cost of municipal services furnished, the financial integrity of certain municipalities, the consistency of local regulations, and many other incidents of local government. Further, the competition among municipalities for unincorporated territory and the disorganizing effect thereof on land use, the preservation of property values and the desired objective of a consistent comprehensive land use plan for populated areas, makes it appropriate that the legislature provide a method of guiding and controlling the creation and growth of municipalities in metropolitan areas so that such problems may be avoided and that residents and businesses in those areas may rely on the logical growth of local government affecting them. [1967 c 189 § 1.]

**36.93.020 Definitions.** As used herein:

- (1) "Governmental unit" means any incorporated city or town, metropolitan municipal corporation, or any special purpose district as defined in this section.

drainage district, or public utility district engaged in water distribution.

(3) "Board" means a boundary review board created by or pursuant to this chapter. [1999 c 153 § 44; 1979 ex.s. c 30 § 5; 1967 c 189 § 2.]

Upon the filing of such a petition, the county auditor shall examine the same and certify to the sufficiency of the signatures thereon. No person may withdraw his or her name from a petition after it has been filed with the auditor. After receipt of a valid petition for the establishment of a boundary review board, the county legislative authority shall submit the question of whether a boundary review board should be established to the electorate at the next county primary or county general election which occurs more than forty-five days from the date of receipt of the petition. Notice of the election shall be given as provided in \*RCW 29.27.080 and shall include a clear statement of the proposal to be submitted.

If a majority of the persons voting on the proposition shall vote in favor of the establishment of the boundary review board, such board shall thereupon be deemed established. [1991 c 363 § 91; 1969 ex.s. c 111 § 1; 1967 c 189 § 3.]

**Legislative declaration—"District" defined—1981 c 45:** "It is declared to be the public policy of the state of Washington to provide for the orderly growth and development of those areas of the state requiring public water service or sewer service and to secure the health and welfare of the people residing therein. The growth of urban population and the movement of people into suburban areas has required the performance of such services by water districts and sewer districts and the development of such districts has created problems of conflicting jurisdiction and potential double taxation.

It is the purpose of this act to reduce the duplication of service and the conflict among jurisdictions by establishing the principle that the first in time is the first in right where districts overlap and by encouraging the consolidation of districts. It is also the purpose of this act to prevent the imposition of double taxation upon the same property by establishing a general classification of property which will be exempt from property taxation by a district when such property is within the jurisdiction of an established district duly authorized to provide service of like character.

Unless the context clearly requires otherwise, as used in this act, the term "district" means either a water district organized under Title 57 RCW or a sewer district organized under Title 56 RCW or a merged water and sewer district organized pursuant to chapter 57.40 or 56.36 RCW." [1981 c 45 § 1.]

- (1) Approve the proposal as submitted.

However, any proposal for annexation of territory to a town shall be subject to RCW 35.21.010 and the board shall not add additional territory, the amount of which is greater than that included in the original proposal. Any modifications shall not interfere with the authority of a city, town, or special purpose district to require or not require preannexation agreements, covenants, or petitions. A board shall not modify the proposed incorporation of a city with an estimated population of seven thousand five hundred or more by removing territory from the proposal, or adding territory to the proposal, that constitutes ten percent or more of the total area included within the proposal before the board. However, a board shall remove territory in the proposed incorporation that is located outside of an urban growth area or is annexed by a city or town, and may remove territory in the proposed incorporation if a petition or resolution proposing the annexation is filed or adopted that has priority over the proposed incorporation, before the area is established that is subject to this ten percent restriction on removing or adding territory. Unless the board disapproves a proposal, it shall be presented under the appropriate statute for approval of a public body and, if required, a vote of the people. A proposal that has been modified shall be presented under the appropriate statute for approval of a public body and if required, a vote of the people. If a proposal, other than that for a city, town, or special purpose district annexation, after modification does not contain enough signatures of persons within the modified area, as are required by law, then the initiating party, parties or governmental unit has thirty days after the modification decision to secure enough signatures to satisfy the legal requirement. If the signatures cannot be secured then the proposal may be submitted to a vote of the people, as required by law.

The addition or deletion of property by the board shall not invalidate a petition which had previously satisfied the sufficiency of signature provisions of RCW 35.13.130 or 35A.14.120. When the board, after due proceedings held, disapproves a proposed action, such proposed action shall be unavailable, the proposing agency shall be without power to initiate the same or substantially the same as determined by the board, and any succeeding acts intended to or tending to effectuate that action shall be void, but such action may be reinitiated after a period of twelve months from date of disapproval and shall again be subject to the same consideration.

The board shall not modify or deny a proposed action unless there is evidence on the record to support a conclusion that the action is inconsistent with one or more of the objectives under RCW 36.93.180. Every such determination to modify or deny a proposed action shall be made in writing pursuant to a motion, and shall be supported by appropriate written findings and conclusions, based on the record. **Legislative finding, intent—1975 1st ex.s. c 220:** See note following RCW 35.02.170.

**36.93.153 Review of proposed incorporation in county with boundary review board.** The proposed incorporation of any city or town that includes territory located in a county in which a boundary review board exists shall be reviewed by the boundary review board and action taken as described under RCW 36.93.150. [1994 c 216 § 10.]

**Effective date—1994 c 216:** See note following RCW 35.02.015.

**36.93.155 Annexation approval—Other action not authorized.** Boundary review board approval, or modification and approval, of a proposed annexation by a city, town, or special purpose district shall authorize annexation as approved and shall not authorize any other annexation action. [1989 c 84 § 16.]

**36.93.157 Decisions to be consistent with growth management act.** The decisions of a boundary review board located in a county that is required or chooses to plan under RCW 36.70A.040 must be consistent with RCW 36.70A.020, 36.70A.110, and 36.70A.210. [1992 c 162 § 2.]

**36.93.160 Hearings—Notice—Record—Subpoenas—Decision of board—Appellate review.** (1) When the jurisdiction of the boundary review board has been invoked, the board shall set the date, time and place for a public hearing on the proposal. The board shall give at least thirty days' advance written notice of the date, time and place of the hearing to the governing body of each governmental unit having jurisdiction within the boundaries of the territory proposed to be annexed, formed, incorporated, disincorporated, dissolved or consolidated, or within the boundaries of a special district whose assets and facilities are proposed to be assumed by a city or town, and to the governing body of each city within three miles of the exterior boundaries of the area and to the proponent of the change. Notice shall also be given by publication in any newspaper of general circulation in the area of the proposed boundary change at least three times, the last publication of which shall be not less than five days prior to the date set for the public hearing. Notice shall also be posted in ten public places in the area affected for five days when the area is ten acres or more. When the area affected is less than ten acres, five notices shall be posted in five public places for five days. Notice as provided in this subsection shall include any territory which the board has determined to consider adding in accordance with RCW 36.93.150(2).

(2) A verbatim record shall be made of all testimony presented at the hearing and upon request and payment of the reasonable costs thereof, a copy of the transcript of the testimony shall be provided to any person or governmental unit.

(3) The chairman upon majority vote of the board or a panel may direct the chief clerk of the boundary review board to issue subpoenas to any public officer to testify, and to compel the production by him of any records, books, documents, public records or public papers.

(4) Within forty days after the conclusion of the final hearing on the proposal, the board shall file its written decision, setting forth the reasons therefor, with the board of county commissioners and the clerk of each governmental

(2004 Ed.)

unit directly affected. The written decision shall indicate whether the proposed change is approved, rejected or modified and, if modified, the terms of the modification. The written decision need not include specific data on every factor required to be considered by the board, but shall indicate that all standards were given consideration. Dissenting members of the board shall have the right to have their written dissents included as part of the decision.

(5) Unanimous decisions of the hearing panel or a decision of a majority of the members of the board shall constitute the decision of the board and shall not be appealable to the whole board. Any other decision shall be appealable to the entire board within ten days. Appeals shall be on the record, which shall be furnished by the appellant, but the board may, in its sole discretion, permit the introduction of additional evidence and argument. Decisions shall be final and conclusive unless within thirty days from the date of the action a governmental unit affected by the decision or any person owning real property or residing in the area affected by the decision files in the superior court a notice of appeal.

The filing of the notice of appeal within the time limit shall stay the effective date of the decision of the board until such time as the appeal shall have been adjudicated or withdrawn. On appeal the superior court shall not take any evidence other than that contained in the record of the hearing before the board.

(6) The superior court may affirm the decision of the board or remand the case for further proceedings; or it may reverse the decision if any substantial rights may have been prejudiced because the administrative findings, inferences, conclusions, or decisions are:

- (a) In violation of constitutional provisions, or
- (b) In excess of the statutory authority or jurisdiction of the board, or
- (c) Made upon unlawful procedure, or
- (d) Affected by other error of law, or
- (e) Unsupported by material and substantial evidence in view of the entire record as submitted, or
- (f) Clearly erroneous.

An aggrieved party may seek appellate review of any final judgment of the superior court in the manner provided by law as in other civil cases. [1994 c 216 § 16; 1988 c 202 § 40; 1987 c 477 § 8; 1971 c 81 § 97; 1969 ex.s. c 111 § 9; 1967 c 189 § 16.]

**36.93.170 Factors to be considered by board—Incorporation proceedings exempt from state environmental policy act.** In reaching a decision on a proposal or an alternative, the board shall consider the factors affecting such proposal, which shall include, but not be limited to the following:

- (1) Population and territory; population density; land area and land uses; comprehensive plans and zoning, as adopted under chapter 35.63, 35A.63, or 36.70 RCW; comprehensive plans and development regulations adopted under chapter 36.70A RCW; applicable service agreements entered into under chapter 36.115 or 39.34 RCW; applicable interlo-

cal annexation agreements between a county and its cities; per capita assessed valuation; topography, natural boundaries and drainage basins, proximity to other populated areas; the existence and preservation of prime agricultural soils and productive agricultural uses; the likelihood of significant growth in the area and in adjacent incorporated and unincorporated areas during the next ten years; location and most desirable future location of community facilities;

(2) Municipal services; need for municipal services; effect of ordinances, governmental codes, regulations and resolutions on existing uses; present cost and adequacy of governmental services and controls in area; prospects of governmental services from other sources; probable future needs for such services and controls; probable effect of proposal or alternative on cost and adequacy of services and controls in area and adjacent area; the effect on the finances, debt structure, and contractual obligations and rights of all affected governmental units; and

(3) The effect of the proposal or alternative on adjacent areas, on mutual economic and social interests, and on the local governmental structure of the county.

The provisions of chapter 43.21C RCW, State Environmental Policy, shall not apply to incorporation proceedings covered by chapter 35.02 RCW. [1997 c 429 § 39; 1989 c 84 § 5; 1986 c 234 § 33; 1982 c 220 § 2; 1979 ex.s. c 142 § 1; 1967 c 189 § 17.]

(2) Use of physical boundaries, including but not limited to bodies of water, highways, and land contours;

(3) Creation and preservation of logical service areas;

(4) Prevention of abnormally irregular boundaries;

(5) Discouragement of multiple incorporations of small cities and encouragement of incorporation of cities in excess of ten thousand population in heavily populated urban areas;

(6) Dissolution of inactive special purpose districts;

(7) Adjustment of impractical boundaries;

(8) Incorporation as cities or towns or annexation to cities or towns of unincorporated areas which are urban in character; and

(9) Protection of agricultural and rural lands which are designated for long term productive agricultural and resource use by a comprehensive plan adopted by the county legislative authority. [1989 c 84 § 6; 1981 c 332 § 10; 1979 ex.s. c 142 § 2; 1967 c 189 § 18.]

**Severability—1981 c 332:** See note following RCW 35.13.165.

**36.93.185 Objectives of boundary review board—Water-sewer district annexations, mergers—Territory not adjacent to district.** The proposal by a water-sewer district to annex territory that is not adjacent to the district shall not be deemed to be violative of the objectives of a boundary

review board solely due to the fact that the territory is not adjacent to the water-sewer district. The proposed consolidation or merger of two or more water-sewer districts that are not adjacent to each other shall not be deemed to be violative of the objectives of a boundary review board solely due to the fact that the districts are not adjacent. [1999 c 153 § 47; 1989 c 308 § 13.]

**Part headings not law—1999 c 153:** See note following RCW 57.04.050.

**36.93.190 Decision of board not to affect existing franchises, permits, codes, ordinances, etc., for ten years.**

For a period of ten years from the date of the final decision, no proceeding, approval, action, or decision on a proposal or an alternative shall be deemed to cancel any franchise or permit theretofore granted by the authorities governing the territory to be annexed, nor shall it be deemed to supersede the application as to any territory to be annexed, of such construction codes and ordinances (including but not limited to fire, electrical, and plumbing codes and ordinances) as shall have been adopted by the authorities governing the territory to be annexed and in force at the time of the decision. [1967 c 189 § 19.]

**36.93.200 Rules and regulations—Adoption procedure.**

Each review board shall adopt rules governing the formal and informal procedures prescribed or authorized by this chapter. Such rules may state the qualifications of persons for practice before the board. Such rules shall also include rules of practice before the board, together with forms and instructions.

To assist interested persons dealing with it, each board shall so far as deemed practicable supplement its rules with descriptive statements of its procedures.

Prior to the adoption of any rule authorized by law, or the amendment or repeal thereof, the board shall file notice thereof with the clerk of the court of the county in which the board is located. So far as practicable, the board shall also publish or otherwise circulate notice of its intended action and afford interested persons opportunity to submit data or views either orally or in writing. Such notice shall include (1) a statement of the time, place, and nature of public rule-making proceedings, (2) reference to the authority under which the rule is proposed, and (3) either the terms or substance of the proposed rule or a description of the subjects and issues involved.

This paragraph shall not apply to interpretative rules, general statements of policy, or rules of internal board organization, procedure or practice. [1967 c 189 § 20.]

**36.94.010 Definitions.** As used in this chapter:

(1) A "system of sewerage" means and may include any or all of the following:

(a) Sanitary sewage collection, treatment, and/or disposal facilities and services, including without limitation on-site or off-site sanitary sewerage facilities, inspection services and maintenance services for private or public on-site systems, or any other means of sewage treatment and disposal approved by the county;

(b) Combined sanitary sewage disposal and storm or surface water drains and facilities;

(c) Storm or surface water drains, channels, and facilities;

(d) Outfalls for storm drainage or sanitary sewage and works, plants, and facilities for storm drainage or sanitary sewage treatment and disposal, and rights and interests in property relating to the system;

(e) Combined water and sewerage systems;

(f) Point and nonpoint water pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a county;

(g) Public restroom and sanitary facilities;

(h) The facilities and services authorized in RCW 36.94.020; and

(i) Any combination of or part of any or all of such facilities.

(2) A "system of water" means and includes:

(a) A water distribution system, including dams, reservoirs, aqueducts, plants, pumping stations, transmission and lateral distribution lines and other facilities for distribution of water;

(b) A combined water and sewerage system;

(c) Any combination of or any part of any or all of such facilities.

(3) A "sewerage and/or water general plan" means a general plan for a system of sewerage and/or water for the county which shall be an element of the comprehensive plan established by the county pursuant to RCW 36.70.350(6) and/or chapter 35.63 RCW, if there is such a comprehensive plan.

(a) A sewerage general plan shall include the general location and description of treatment and disposal facilities, trunk and interceptor sewers, pumping stations, monitoring and control facilities, channels, local service areas and a general description of the collection system to serve those areas, a description of on-site sanitary sewerage system inspection services and maintenance services, and other facilities and services as may be required to provide a functional and implementable plan, including preliminary engineering to assure feasibility. The plan may also include a description of the regulations deemed appropriate to carrying out surface drainage plans.

(b) A water general plan shall include the general location and description of water resources to be utilized, wells, treatment facilities, transmission lines, storage reservoirs, pumping stations, and monitoring and control facilities as may be required to provide a functional and implementable plan.

(c) Water and/or sewerage general plans shall include preliminary engineering in adequate detail to assure technical feasibility and, to the extent then known, shall further discuss the methods of distributing the cost and expense of the system and shall indicate the economic feasibility of plan implementation. The plans may also specify local or lateral facilities and services. The sewerage and/or water general plan does not mean the final engineering construction or financing plans for the system.

(4) "Municipal corporation" means and includes any city, town, metropolitan municipal corporation, any public utility district which operates and maintains a sewer or water system, any sewer, water, diking, or drainage district, any diking, drainage, and sewerage improvement district, and any irrigation district.

(5) A "private utility" means and includes all utilities, both public and private, which provide sewerage and/or water service and which are not municipal corporations within the definition of this chapter. The ownership of a private utility may be in a corporation, nonprofit or for profit, in a cooperative association, in a mutual organization, or in individuals.

(6) "Board" means one or more boards of county commissioners and/or the legislative authority of a home rule charter county. [1997 c 447 § 10; 1981 c 313 § 14; 1979 ex.s. c 30 § 6; 1971 ex.s. c 96 § 1; 1967 c 72 § 1.]

**Finding—Purpose—1997 c 447:** See note following RCW 70.05.074.

**Severability—1981 c 313:** See note following RCW 36.94.020.

**Construction—1971 ex.s. c 96:** "This 1971 amendatory act shall apply to any existing and future sewerage and/or water plans or amendments thereto and implementations thereof and shall not be deemed to be prospective only." [1971 ex.s. c 96 § 12.]

**Severability—1971 ex.s. c 96:** "If any provision of this 1971 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1971 ex.s. c 96 § 13.]

**36.94.020 Purpose—Powers.** The construction, operation, and maintenance of a system of sewerage and/or water is a county purpose. Subject to the provisions of this chapter, every county has the power, individually or in conjunction with another county or counties to adopt, provide for, accept, establish, condemn, purchase, construct, add to, operate, and maintain a system or systems of sanitary and storm sewers, including outfalls, interceptors, plants, and facilities and services necessary for sewerage treatment and disposal, and/or system or systems of water supply within all or a portion of the county. However, counties shall not have power to condemn sewerage and/or water systems of any municipal corporation or private utility.

Such county or counties shall have the authority to control, regulate, operate, and manage such system or systems and to provide funds therefor by general obligation bonds, revenue bonds, local improvement district bonds, utility local improvement district or local improvement district assessments, and in any other lawful fiscal manner. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement

of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A county shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using county employees unless the on-site system is connected by a publicly owned collection system to the county's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of a state or local health officer to carry out their responsibilities under any other applicable law.

A county may, as part of a system of sewerage established under this chapter, provide for, finance, and operate any of the facilities and services and may exercise the powers expressly authorized for county storm water, flood control, pollution prevention, and drainage services and activities under chapters 36.89, 86.12, 86.13, and 86.15 RCW. A county also may provide for, finance, and operate the facilities and services and may exercise any of the powers authorized for aquifer protection areas under chapter 36.36 RCW; for lake management districts under chapter 36.61 RCW; for diking districts, and diking, drainage, and sewerage improvement districts under chapters 85.05, 85.08, 85.15, 85.16, and 85.18 RCW; and for shellfish protection districts under chapter 90.72 RCW. However, if a county by reference to any of those statutes assumes as part of its system of sewerage any powers granted to such areas or districts and not otherwise available to a county under this chapter, then (1) the procedures and restrictions applicable to those areas or districts apply to the county's exercise of those powers, and (2) the county may not simultaneously impose rates and charges under this chapter and under the statutes authorizing such areas or districts for substantially the same facilities and services, but must instead impose uniform rates and charges consistent with RCW 36.94.140. By agreement with such an area or district that is not part of a county's system of sewerage, a county may operate that area's or district's services or facilities, but a county may not dissolve any existing area or district except in accordance with any applicable provisions of the statute under which that area or district was created. [1997 c 447 § 11; 1981 c 313 § 1; 1967 c 72 § 2.]

If the county has adopted a comprehensive plan for a physical development of the county pursuant to chapter 36.70 RCW and/or chapter 35.63 RCW, then the sewerage and/or water general plan shall be adopted as an element of that comprehensive plan pursuant to the applicable statute. [1981 c 313 § 15; 1967 c 72 § 3.]

(6) In counties where there is a metropolitan municipal corporation operating a sewerage and/or water system in the area, the chair of its council or such person as the chair designates.

If the legislative authority rejects the plan pursuant to RCW 36.94.090, the review committee shall be deemed to be dissolved; otherwise the review committee shall continue in existence to review amendments to the plan. Vacancies on the committee shall be filled in the same manner as the original appointment to that position.

Instead of a review committee for each plan area, the county legislative authority or authorities may create a review committee for the entire county or counties, and the review committee shall continue in existence until dissolved by the county legislative authority or authorities. Each member of the committee shall be compensated from the county current expense fund at the rate of twenty-five dollars per day, or a major portion thereof, for time actually devoted to the work of the committee in reviewing any proposed sewerage and/or water general plan or amendments to a plan. Each board of county commissioners shall provide such funds as shall be necessary to pay the compensation of the members and such other expenses as shall be reasonably necessary. **36.94.110 Adherence to plan—Procedure for amendment.** After adoption of the sewerage and/or water general plan, all municipal corporations and private utilities within the plan area shall abide by and adhere to the plan for the future development of their systems. Whenever the governing authority of any county or counties or any municipal corporation deems it to be for the public interest to amend the sewerage and/or water general plan for such county or counties, notice shall be filed with the board or boards of county commissioners. Upon such notice, the board or boards shall initiate consideration of any amendment requested relating to the plan and proceed as provided in this chapter for the adoption of an original plan. [1967 c 72 § 11.]

**36.94.120 Establishment of department for administration of system—Personnel merit system.** The board shall establish a department in county government for the purpose of establishing, operating and maintaining the system or systems of sewerage and/or water. In the department, the board shall establish and provide for the operation and maintenance of a personnel merit system for the employment, classification, promotion, demotion, suspension, transfer, layoff and discharge of its appointive officers and employees, solely on the basis of merit and fitness, without regard to political influence or affiliation. Such merit system shall not apply to the chief administrative officer of the department and, if the sewer and/or water utility is a division of a department having other functions, the chief administrative officer of such utility. [1971 ex.s. c 96 § 6; 1967 c 72 § 12.]

**Construction—Severability—1971 ex.s. c 96:** See notes following RCW 36.94.010.

Except as provided in subsection (3) of this section, every county shall have full jurisdiction and authority to fix, alter, regulate, and control the rates and charges for the

(2004 Ed.)

service and facilities to those to whom such service and facilities are available, and to levy charges for connection to the system.

(2) The rates for availability of service and facilities, and connection charges so charged must be uniform for the same class of customers or service and facility. In classifying customers served, service furnished or made available by such system of sewerage and/or water, or the connection charges, the county legislative authority may consider any or all of the following factors:

(a) The difference in cost of service to the various customers within or without the area;

(b) The difference in cost of maintenance, operation, repair and replacement of the various parts of the systems;

(c) The different character of the service and facilities furnished various customers;

(d) The quantity and quality of the sewage and/or water delivered and the time of its delivery;

(e) Capital contributions made to the system or systems, including, but not limited to, assessments;

(f) The cost of acquiring the system or portions of the system in making system improvements necessary for the public health and safety;

(g) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and

(h) Any other matters which present a reasonable difference as a ground for distinction.

(3) The rate a county may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(4) A county may provide assistance to aid low-income persons in connection with services provided under this chapter.

(5) The service charges and rates shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for the efficient and proper operation of the system. [2003 c 394 § 4; 1997 c 447 § 12; 1995 c 124 § 2; 1990 c 133 § 2; 1975 1st ex.s. c 188 § 2; 1967 c 72 § 14.]

(3) Public water systems in violation of health and safety standards adopted under RCW 43.20.050 remain in operation and continue providing water service providing that public health is not compromised, assuming a suitable replacement purveyor is found and deficiencies are corrected in an expeditious manner consistent with public health and safety; and

In setting these rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property. [1986 c 278 § 58; 1983 c 315 § 4.]

**36.94.150 Lien for delinquent charges.** All counties operating a system of sewerage and/or water shall have a lien for delinquent connection charges and charges for the availability of sewerage and/or water service, together with interest fixed by resolution at eight percent per annum from the date due until paid. Penalties of not more than ten percent of the amount due may be imposed in case of failure to pay the charges at times fixed by resolution. The lien shall be for all charges, interest, and penalties and shall attach to the premises to which the services were available. The lien shall be superior to all other liens and encumbrances, except general taxes and local and special assessments of the county.

The county department established in RCW 36.94.120 shall certify periodically the delinquencies to the auditor of the county at which time the lien shall attach.

Upon the expiration of sixty days after the attachment of the lien, the county may bring suit in foreclosure by civil action in the superior court of the county where the property is located. Costs associated with the foreclosure of the lien, including but not limited to advertising, title report, and personnel costs, shall be added to the lien upon filing of the foreclosure action. In addition to the costs and disbursements provided by statute, the court may allow the county a reasonable attorney's fee. The lien shall be foreclosed in the same manner as the foreclosure of real property tax liens. [1997 c 393 § 9; 1975 1st ex.s. c 188 § 3; 1967 c 72 § 15.]

**36.94.170 Authority of municipal corporations—Relinquishment of.** The primary authority to construct, operate and maintain a system of sewerage and/or water within the boundaries of a municipal corporation which lies within the area of the county's sewerage and/or water general plan shall remain with such municipal corporation. A county, after it has adopted and received the necessary approvals of its sewer and/or water general plan under the provisions of chapter 36.94 RCW may construct, own, operate and maintain a system of sewerage and/or water within the boundaries of a city or town with the written consent of such city or town and within any other municipal corporation provided such municipal corporation (1) has the legislative authority to operate such a utility; and (2)(a) has given its written consent to the county to operate therein; or (b) after adoption of a comprehensive plan or an amendment thereto for the area involved, the municipal corporation has not within twelve months after receiving notice by the county of its intention to serve that area held a formation hearing for a utility local improvement district.

Prior to exercising any authority granted in this section, the county shall compensate such municipal corporation for its reasonable costs, expenses and obligations actually incurred or contracted which are directly related to and which benefit the area which the county proposes to serve. The county may contract with a municipal corporation to furnish such utility service within any municipal corporation.

Except in the case of annexations provided for in RCW 36.94.180, once a county qualifies under this section to serve within a municipal corporation, no municipal corporation may construct or operate a competing utility in the same territory to be served by the county if the county proceeds within a reasonable period of time with the construction of its proposed facilities including the sale of any bonds to finance the same.

As may be permitted by other statutes, a city or town may provide water or sewer service outside of its corporate limits, but such service may not conflict with the county plan or any county, sewer or water facilities installed or being installed.

A county proposing to exercise any authority granted in this section shall give written notice of such intention to the municipal corporation involved and to the boundary review board, if any, of such county. Within sixty days of the filing of such notice of intention, review by the boundary review board of the proposed action may be requested as provided by the provisions of RCW 36.93.100 through 36.93.180. In the event of such review, the board shall consider the factors set forth in this section in addition to the factors and objectives set forth in RCW 36.93.170 and 36.93.180. **36.94.180 Transfer of system upon annexation or incorporation of area.** In the event of the annexation to a city or town of an area, or incorporation of an area, in which a county is operating a sewerage and/or water system, the

property, facilities, and equipment of such sewerage and/or water system lying within the annexed or incorporated area may be transferred to the city or town if such transfer will not materially affect the operation of any of the remaining county system, subject to the assumption by the city or town of the county's obligations relating to such property, facilities, and equipment, under the procedures specified in, and pursuant to the authority contained in, chapter 35.13A RCW. **Severability—1975 1st ex.s. c 188:** See RCW 36.94.921.

**36.94.220 Local improvement districts and utility local improvement districts—Establishment—Special assessments.** (1) A county shall have the power to establish utility local improvement districts and local improvement districts within the area of a sewerage and/or water general plan and to levy special assessments under a mode of annual installments extending over a period not exceeding twenty years on all property specially benefited by any local improvement on the basis of the special benefits to pay in whole or in part the damages or costs of any improvements ordered in such county.

(2) Utility local improvement districts and local improvement districts may include territory within a city or town only with the written consent of the city or town, but if the local district is formed before such area is included within the city or town, no such consent shall be necessary. Utility local improvement districts and local improvement districts used to provide sewerage disposal systems may include territory within a water-sewer district providing sewerage disposal systems only with the written consent of such a water-sewer district, but if the local district is formed before such area is included within such a water-sewer district, no consent is necessary. The notice shall refer to the resolution of intention and designate the proposed local district by number. Said notice shall also set forth the nature of the proposed improvement, the total estimated cost, the proportion of total cost to be borne by assessments, the estimated amount of the cost and expense of such improvement to be borne by the particular lot, tract, or parcel, the date, time, and place of the hearing before the county legislative authority; and in the case of improvements initiated by resolution, said notice shall also state that all persons desiring to object to the formation of the proposed district must file their written protests with the clerk of the county legislative authority before the time fixed for said public hearing. [1989 c 243 § 6.]

**36.94.235 Local improvement districts and utility local improvement districts—Sanitary sewer or potable water facilities—Notice to certain property owners.** Whenever it is proposed that a local improvement district or utility local improvement district finance sanitary sewers or potable water facilities, additional notice of the public hearing on the proposed improvement district shall be mailed to the owners of any property located outside of the proposed improvement district that would be required as a condition of federal housing administration loan qualification, at the time of notice, to be connected to the specific sewer or water facilities installed by the local improvement district. The notice shall include information about this restriction. [1987 c 315 § 3.]

**36.94.240 Local improvement districts and utility local improvement districts—Hearing—Improvement ordered—Divestment of power to order, time limitation—Assessment roll.** Whether the improvement is initiated by petition or resolution, the county legislative authority shall conduct a public hearing at the time and place desig-

nated in the notice to the property owners. At this hearing the authority shall hear objections from any person affected by the formation of the local district and may make such changes in the boundaries of the district or such modifications in plans for the proposed improvement as are deemed necessary: PROVIDED, That the authority may not change the boundaries of the district to include property not previously included therein without first passing a new resolution of intention and giving a new notice to property owners in the manner and form and within the time herein provided for the original notice.

After said hearing the county legislative authority has jurisdiction to overrule protests and proceed with any such improvement initiated by petition or resolution: PROVIDED, That the jurisdiction of the authority to proceed with any improvement initiated by resolution shall be divested by protests filed with the clerk of the authority prior to said public hearing signed by the owners, according to the records of the county auditor, of at least forty percent of the area of land within the proposed local district. No action whatsoever may be maintained challenging the jurisdiction or authority of the county to proceed with the improvement and creating the local district or in any way challenging the validity thereof or any proceedings relating thereto unless that action is served and filed no later than thirty days after the date of passage of the resolution ordering the improvement and creating the local district.

If the county legislative authority finds that the district should be formed, it shall by resolution order the improvement, adopt detailed plans of the local district and declare the estimated cost thereof, acquire all necessary land therefor, pay all damages caused thereby, and commence in the name of the county such eminent domain proceedings and supplemental assessment or reassessment proceedings to pay all eminent domain awards as may be necessary to entitle the county to proceed with the work. The county legislative authority shall proceed with the work and file with the county treasurer its roll levying special assessments in the amount to be paid by special assessment against the property situated within the local district in proportion to the special benefits to be derived by the property therein from the improvement. [1981 c 313 § 5; 1971 ex.s. c 96 § 11; 1967 c 72 § 24.]

**Severability—1981 c 313:** See note following RCW 36.94.020.

**Construction—Severability—1971 ex.s. c 96:** See notes following RCW 36.94.010.

**36.94.250 Local improvement districts and utility local improvement districts—Notice of filing roll—Hearing on protests.** Before the approval of the roll a notice shall be published once a week for two consecutive weeks in a newspaper of general circulation in the local district, stating that the roll is on file and open to inspection in the office of the county legislative authority, and fixing the time, not less than fifteen or more than forty-five days from the date of the first publication of the notice, within which protests must be filed with the clerk against any assessments shown thereon, and fixing a time when a hearing will be held on the protests. The hearing shall be held before the county legislative authority, or the county legislative authority may direct that the hearing shall be held before either a committee of the legislative authority or a designated officer. The notice shall also

be given by mailing at least fifteen days before the hearing, a similar notice to the owners or reputed owners of the land in the local district as they appear on the books of the treasurer of the county. [1981 c 313 § 17; 1967 c 72 § 25.]

**Severability—1981 c 313:** See note following RCW 36.94.020.

**36.94.260 Local improvement districts and utility local improvement districts—Hearing on protests—Order—Appeal.** (1) At such hearing on a protest to an assessment, or any adjournment thereof, the county legislative authority or committee or officer shall sit as a board of equalization. If the protest is heard by the county legislative authority, it shall have power to correct, revise, raise, lower, change, or modify such roll, or any part thereof, and to set aside such roll, and order that such assessment be made de novo, as shall appear equitable and just. If the protest is heard by a committee or officer, the committee or officer shall make recommendations to the county legislative authority which shall either adopt or reject the recommendations of the committee or officer. If a hearing is held before such a committee or officer, it shall not be necessary to hold a hearing on the assessment roll before such legislative authority: **PROVIDED,** That any county providing for an officer to hear such protests shall adopt an ordinance providing for an appeal from a decision made by the officer that any person protesting his or her assessment may make to the legislative authority. The county legislative authority shall, in all instances, approve the assessment roll by ordinance or resolution.

(2) In the event of any assessment being raised a new notice similar to such first notice shall be given, after which final approval of such roll may be made by the county legislative authority or committee or officer. Whenever any property has been entered originally upon such roll and the assessment upon any such property shall not be raised, no objection thereto may be considered by the county legislative authority or committee or officer or by any court on appeal unless such objection be made in writing at, or prior, to the date fixed for the original hearing upon such roll. [1981 c 313 § 18; 1967 c 72 § 26.]

**Severability—1981 c 313:** See note following RCW 36.94.020.

**36.94.270 Local improvement districts and utility local improvement districts—Enlarged local district may be formed.** If any portion of the system after its installation in such local district is not adequate for the purpose for which it was intended, or that for any reason changes, alterations, or betterments are necessary in any portion of the system after its installation, then such district, with boundaries which may include one or more existing local districts, may be created in the same manner as is provided herein for the creation of local districts. Upon the organization of such local district as provided for in this section the plan of the improvement and the payment of the cost of the improvement shall be carried out in the same manner as is provided herein for the carrying out of and the paying for the improvement in the utility local improvement districts or local improvement districts previously provided for in this chapter. [1981 c 313 § 6; 1967 c 72 § 27.]

**Severability—1981 c 313:** See note following RCW 36.94.020.

**36.94.280 Local improvement districts and utility local improvement districts—Conclusiveness of roll when approved—Adjustments to assessments if other funds become available.** Whenever any assessment roll for local improvements has been confirmed by the county legislative authority, the regularity, validity and correctness of the proceedings relating to the improvement and to the assessment therefor, including the action of the county legislative authority upon the assessment roll and the confirmation thereof, shall be conclusive in all things upon all parties, and cannot in any manner be contested or questioned in any proceeding by any person not filing written objections to the assessment roll in the manner and within the time provided in this chapter, and not appealing from the action of the county legislative authority in confirming the assessment roll in the manner and within the time in this chapter provided. No proceedings of any kind shall be commenced or prosecuted for the purpose of defeating or contesting any assessment, or the sale of any property to pay an assessment, or any certificate of delinquency issued therefor, or the foreclosure of any lien issued therefor: **PROVIDED,** That this section shall not be construed as prohibiting the bringing of injunction proceedings to prevent the sale of any real estate upon the grounds:

(1) That the property about to be sold does not appear upon the assessment roll, or

(2) That the assessment has been paid.

If federal, local, or state funds become available for a local improvement after the assessment roll has been confirmed by the county legislative authority, the funds may be used to lower the assessments on a uniform basis. Any adjustments to the assessments because of the availability of federal or state funds may be made on the next annual payment. [1985 c 397 § 10; 1967 c 72 § 28.]

**Severability—1985 c 397:** See RCW 35.51.901.

**36.94.290 Local improvement districts and utility local improvement districts—Appellate review.** The decision of the board of county commissioners upon any objections made within the time and in the manner herein prescribed, may be reviewed by the superior court upon an appeal thereto taken in the following manner. Such appeal shall be made by filing written notice of appeal with the clerk of the board of county commissioners and with the clerk of the superior court within ten days after the resolution confirming such assessment roll shall have become published, and such notice shall describe the property and set forth the objections of such appellant to such assessment. Within the ten days from the filing of such notice of appeal with the clerk of the superior court, the appellant shall file with the clerk of said court, a transcript consisting of the assessment roll and his objections thereto, together with the resolution confirming such assessment roll and the record of the board of county commissioners with reference to said assessment, which transcript, upon payment of the necessary fees therefor, shall be furnished by such clerk of the board of county commissioners and by him certified to contain full, true and correct copies of all matters and proceedings required to be included in such transcript. Such fees shall be the same as the fees payable to the county clerk for the preparation and certification of transcripts on appeal to the supreme court or the court of appeals in civil actions. At the time of the filing of the notice of

appeal with the clerk of the superior court a sufficient bond in the penal sum of two hundred dollars, with sureties thereon as provided by law for appeals in civil cases, shall be filed conditioned to prosecute such appeal without delay, and if unsuccessful, to pay all costs to which the county is put by reason of such appeal. The court may order the appellant upon application therefor, to execute and file such additional bond or bonds as the necessity of the case may require. Within three days after such transcript is filed in the superior court, as aforesaid, the appellant shall give written notice to the clerk of the board of county commissioners that such transcript is filed. Said notice shall state a time, not less than three days from the service thereof, when the appellant will call up the said cause for hearing. The superior court shall, at said time or at such further time as may be fixed by order of the court, hear and determine such appeal without a jury, and such cause shall have preference over all civil causes pending in said court, except proceedings under an act relating to eminent domain in such county and actions of forcible entry and detainer. The judgment of the court shall confirm, correct, modify or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the decision of the court shall be filed with the officer who shall have the custody of the assessment roll, and he shall modify and correct such assessment roll in accordance with such decision. Appellate review of the judgment of the superior court may be sought as in other cases. However, review must be sought within fifteen days after the date of the entry of the judgment of such superior court. The supreme court or the court of appeals on such appeal may correct, change, modify, confirm or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such assessment roll, who shall thereupon modify and correct such assessment roll in accordance with such decision. [1988 c 202 § 41; 1971 c 81 § 98; 1967 c 72 § 29.]

**36.94.300 Local improvement districts and utility local improvement districts—Segregation of special assessment—Fee—Costs.** Whenever any land against which there has been levied any special assessment by a county shall have been sold in part or subdivided, the board of county commissioners of such county shall have the power to order a segregation of the assessment.

Any person desiring to have such a special assessment against a tract of land segregated to apply to smaller parts thereof shall apply to the board of county commissioners which levied the assessment. If the board determines that a segregation should be made, they shall by resolution order the county treasurer to make segregation on the original assessment roll as directed in the resolution. The segregation shall be made as nearly as possible on the same basis as the original assessment was levied, and the total of the segregated parts of the assessment shall equal the assessment before segregation. The resolution shall describe the original tract, the amount and date of the original assessment, and shall define the boundaries of the divided parts and the

amount of the assessment chargeable to each part. A certified copy of the resolution shall be delivered to the county treasurer who shall proceed to make the segregation ordered upon being tendered a fee of three dollars for each tract of land for which a segregation is to be made. In addition to such charge the board of county commissioners may require as a condition to the order of segregation that the person seeking it pay the county the reasonable engineering and clerical costs incident to making the segregation. [1967 c 72 § 30.]

**36.94.305 Service fees for sewers not constructed within ten years after voter approval—Credit against future assessments, service charges.** See RCW 35.43.260.

**36.94.310 Transfer of system from municipal corporation to county—Authorized.** Subject to the provisions of RCW 36.94.310 through 36.94.350 a municipal corporation may transfer to the county within which all of its territory lies, all or part of the property constituting its system of sewerage, system of water or combined water and sewerage system, together with any of its other real or personal property used or useful in connection with the operation, maintenance, repair, replacement, extension, or financing of that system, and the county may acquire such property on such terms as may be mutually agreed upon by the governing body of the municipal corporation and the legislative authority of the county, and approved by the superior court for such county. [1975 1st ex.s. c 188 § 7.]

**Severability—1975 1st ex.s. c 188:** See RCW 36.94.921.

**36.94.320 Transfer of system from municipal corporation to county—Assumption of indebtedness.** In consideration of a transfer of property by a municipal corporation to a county in the manner provided in RCW 36.94.310 through 36.94.350, a county may assume and agree to pay or provide for the payment of all or part of the indebtedness of a municipal corporation including the payment and retirement of outstanding general obligation and revenue bonds issued by a municipal corporation. Until the indebtedness of a municipal corporation thus assumed by a county has been discharged, all property within the municipal corporation and the owners and occupants of that property, shall continue to be liable for taxes, special assessments, and other charges legally pledged to pay such indebtedness. The county may assume the obligation of causing the payment of such indebtedness, collecting such taxes, assessments, and charges and observing and performing the other contractual obligations of the municipal corporation. The legislative authority of the county may act in the same manner as the governing body of the municipal corporation for the purpose of certifying the amount of any property tax to be levied and collected therein, and may cause service and other charges and assessments to be collected from such property or owners or occupants thereof, enforce such collection and perform all other acts necessary to insure performance of the contractual obligations of the municipal corporation in the same manner and by the same means as if the property of the municipal corporation had not been acquired by the county.

When a county assumes the obligation of paying indebtedness of a municipal corporation and if property taxes or

assessments have been levied and service and other charges have accrued for such purpose but have not been collected by the municipal corporation prior to such assumption, the same when collected shall belong and be paid to the county and be used by such county so far as necessary for payment of the indebtedness of the municipal corporation existing and unpaid on the date such county assumed that indebtedness. Any funds received by the county which have been collected for the purpose of paying any bonded or other indebtedness of the municipal corporation shall be used for the purpose for which they were collected and for no other purpose until such indebtedness has been paid and retired or adequate provision has been made for such payment and retirement. No transfer of property as provided in \*this amendatory act shall derogate from the claims or rights of the creditors of the municipal corporation or impair the ability of the municipal corporation to respond to its debts and obligations. [1975 1st ex.s. c 188 § 8.]

**Severability—1975 1st ex.s. c 188:** See RCW 36.94.921.

**36.94.330 Transfer of system from municipal corporation to county—Transfer agreement.** The governing body of a municipal corporation proposing to transfer all or part of its property to a county in the manner provided by RCW 36.94.310 through 36.94.350 and the legislative authority of a county proposing to accept such property, and to assume if it so agrees any indebtedness of the municipal corporation in consideration of such transfer, shall adopt resolutions or ordinances authorizing respectively the execution of a written agreement setting forth the terms and conditions upon which they have agreed and finding the transfer and acquisition of property pursuant to such agreement to be in the public interest and conducive to the public health, safety, welfare, or convenience. Such written agreement may include provisions, by way of description and not by way of limitation, for the rights, powers, duties, and obligations of such municipal corporation and county with regard to the use and ownership of property, the providing of services, the maintenance and operation of facilities, the allocation of costs, the financing and construction of new facilities, the application and use of assets, the disposition of liabilities and indebtedness, the performance of contractual obligations, and any other matters relating to the proposed transfer of property, which may be preceded by an interim period of operation by the county of the property and facilities subsequently to be transferred to that county. The agreement may provide for a period of time during which the municipal corporation may continue to exercise certain rights, privileges, powers, and functions authorized to it by law including the ability to promulgate rules and regulations, to levy and collect special assessments, rates, charges, service charges and connection fees, and to adopt and carry out the provisions of a comprehensive plan, and amendments thereto, for a system of improvements and to issue general obligation bonds or revenue bonds in the manner provided by law, or the agreement may provide for the exercise for a period of time of all or some of such rights, privileges, powers, and functions by the county. The agreement may provide that either party thereto may authorize, issue and sell, in the manner provided by law,

(2004 Ed.)

revenue bonds to provide funds for new water or sewer improvements or to refund or advance refund any water revenue, sewer revenue or combined water and sewer revenue bonds outstanding of either or both such parties. The agreement may provide that either party thereto may authorize and issue, in the manner provided by law, general obligation or revenue bonds of like amounts, terms, conditions and covenants as the outstanding bonds of either or both such parties and such new bonds may be substituted or exchanged for such outstanding bonds to the extent permitted by law. **36.94.340 Transfer of system from municipal corporation to county—Petition for court approval of transfer—Hearing—Decree.** When a municipal corporation and a county have entered into a written agreement providing for the transfer to such county of all or part of the property of such municipal corporation, proceedings may be initiated in the superior court for that county by the filing of a petition to which there shall be attached copies of the agreement of the parties and of the resolutions of the governing body of the municipal corporation and the legislative authority of the county authorizing its execution. Such petition shall ask that the court approve and direct the proposed transfer of property, and any assumption of indebtedness agreed to in consideration thereof by the county, after finding such transfer and acquisition of property to be in the public interest and conducive to the public health, safety, welfare, or convenience. Such petition shall be signed by the members of the legislative authority of the county or chief administrative officer of the municipal corporation and the chairman of the legislative authority of the county, respectively, upon authorization by the governing body of the municipal corporation and the legislative authority of the county.

Within thirty days after the filing of the petition of the parties with copies of their agreement and the resolutions authorizing its execution attached thereto, the court shall by order fix a date for a hearing on the petition not less than twenty nor more than ninety days after the entry of such order which also shall prescribe the form and manner of notice of such hearing to be given. After considering the petition and such evidence as may be presented at the hearing thereon, the court may determine by decree that the proposed transfer of property is in the public interest and conducive to the public health, safety, welfare, or convenience, approve the agreement of the parties and direct that such transfer be accomplished in accordance with that agreement at the time and in the manner prescribed by the court decree. **36.94.350 Transfer of system from municipal corporation to county—Dissolution of municipal corporation.** In the event the agreement of the parties provides for the transfer to the county of all the property of the municipal corporation or all such property except bond redemption funds in the possession of the county treasurer from which outstanding bonds of the municipal corporation are payable, and the agreement also provides for the assumption and payment

by the county of all the indebtedness of the municipal corporation including the payment and retirement of all its outstanding bonds, and if the petition of the parties so requests, the court in the decree approving and directing the transfer of property, or in a subsequent decree, may dissolve the municipal corporation effective as of the time of transfer of property or at such time thereafter as the court may determine and establish. **36.94.360 Transfer of system from municipal corporation to county—RCW 36.94.310 through 36.94.350 deemed alternative method.** The provisions of RCW 36.94.310 through 36.94.350 shall be deemed to provide an alternative method for the doing of the things therein authorized and shall not be construed as imposing any additional conditions upon the exercise of any other powers vested in municipal corporations or counties. [1975 1st ex.s. c 188 § 12.]

**Severability—1975 1st ex.s. c 188:** See RCW 36.94.921.

**36.94.370 Waiver or delay of collection of tap-in charges, connection or hookup fees for low income persons.** Whenever a county waives or delays collection of tap-in charges, connection fees or hookup fees for low income persons, or class of low income persons, to connect to a system of sewerage or a system of water, the waiver or delay shall be pursuant to a program established by ordinance. [1980 c 150 § 2.]

**36.94.380 Local improvement bonds—Local improvement guaranty fund—Payments—Assessments—Certificates of delinquency.** Every county adopting a water and/or sewerage general plan is hereby authorized to create a fund for the purpose of guaranteeing, to the extent of such fund, and in the manner hereinafter provided, the payment of all of its local improvement bonds issued, subsequent to May 19, 1981, to pay for any water or sewerage local improvement within its confines. Such fund shall be designated ". . . . County Local Improvement Guaranty Fund" and shall be established by resolution of the county legislative authority. For the purpose of maintaining such fund, every county, after the establishment thereof, shall at all times set aside and pay into such a fund such proportion of the monthly gross revenues of the water and/or sewerage system of such county as the legislative authority thereof may direct by resolution. This proportion may be varied from time to time as the county legislative authority deems expedient or necessary, except that under the existence of the conditions set forth in subsections (1) and (2) of this section, the proportion must be as therein specified.

(1) Whenever any bonds of any local improvement district have been guaranteed under RCW 36.94.380 through 36.94.400 and the guaranty fund does not have a cash balance equal to five percent of all bonds originally guaranteed under this chapter (excluding issues which have been retired in full), then five percent of the gross monthly revenues derived from all water and sewer users in the territory included in that local improvement district (but not necessarily from users in other parts of the county as a whole) may be set aside and

paid into the guaranty fund. Whenever, under the requirements of this subsection, the cash balance accumulates so that it is equal to five percent of all bonds guaranteed, or to the full amount of all bonds guaranteed, outstanding and unpaid (which amount might be less than five percent of the original total guaranteed), then no further moneys need be set aside and paid into the guaranty fund so long as that condition continues.

(2) Whenever any warrants issued against the guaranty fund, as provided in this section, remain outstanding and uncalled for lack of funds for six months from the date of issuance thereof; or whenever any coupons or bonds guaranteed under this chapter have been matured for six months and have not been redeemed either in cash or by issuance and delivery of warrants upon the guaranty fund, then five percent of the gross monthly revenues (or such portion thereof as the county legislative authority determines will be sufficient to retire those warrants or redeem those coupons or bonds in the ensuing six months) derived from all water and/or sewer users in the county shall be set aside and paid into the guaranty fund. Whenever under the requirements of this subsection all such warrants, coupons, or bonds have been redeemed, no further income need be set aside and paid into the guaranty fund under the requirements of this subsection until and unless other warrants remain outstanding and unpaid for six months or other coupons or bonds default.

(3) For the purpose of complying with the requirements of setting aside and paying into the local improvement guaranty fund a proportion of the monthly gross revenues of the water supply and/or sewerage system of any county, that county shall bind and obligate itself to maintain and operate such system and further bind and obligate itself to establish, maintain, and collect such rates for water as will provide gross revenues sufficient to maintain and operate such systems and to make necessary provision for the local improvement guaranty fund as specified by this section, and the county shall alter its rates for water or sewer service from time to time and shall vary the same in different portions of its territory to comply with those requirements.

(4) Whenever any coupon or bond guaranteed by RCW 36.94.380 through 36.94.400 matures and there is not sufficient funds in the appropriate local improvement district bond redemption fund to pay the coupon or bond, then the county treasurer shall pay the coupon or bond from the local improvement guaranty fund of the county; if there is not sufficient funds in the guaranty fund to pay the coupon or bond, then it may be paid by issuance and delivery of a warrant upon the local improvement guaranty fund.

(5) Whenever the cash balance in the local improvement guaranty fund is insufficient for the required purposes, warrants drawing interest of a rate fixed by the county legislative authority may be issued by the county auditor against the fund to meet any liability accrued against it and must be issued upon demand of the holders of any maturing coupons and/or bonds guaranteed by RCW 36.94.380 through 36.94.400, or to pay for any certificates of delinquency for delinquent installments of assessments as provided in subsection (6) of this section. Guaranty fund warrants shall be a first lien in their order of issuance upon the gross revenues set aside and paid into the guaranty fund.

(6) Within twenty days after the date of delinquency of any annual installment of assessments levied for the purpose of paying the local improvement bonds of any county guaranteed under the provisions of this chapter, the county treasurer shall compile a statement of all installments delinquent, together with the amount of accrued interest and penalty appurtenant to each of those installments. Thereupon the county treasurer shall forthwith purchase certificates of delinquency for all such delinquent installments. Payment for all such certificates of delinquency shall be made from the local improvement guaranty fund, and if there is not sufficient moneys in the fund to pay for such certificates of delinquency, the county treasurer shall accept the local improvement guaranty fund warrants in payment therefor. All such certificates of delinquency shall be issued in the name of the local improvement guaranty fund, and all guaranty fund warrants issued in payment therefor shall be issued in the name of the appropriate local improvement district fund. Whenever any market is available and the county legislative authority so directs, the county treasurer shall sell any certificates of delinquency belonging to the local improvement guaranty fund, but any such sale may not be for less than face value thereof plus accrued interest from the date of issuance to date of sale.

Such certificates of delinquency, as above provided, shall be issued by the county treasurer, shall bear interest at the rate of eight percent per annum, shall be in each instance for the face value of the delinquent installment, plus accrued interest to date of issuance of certificate of delinquency, plus a penalty of five percent of such face value, and shall set forth the:

- (a) Description of the property assessed;
- (b) Date the installment of the assessment became delinquent; and
- (c) Name of the owner or reputed owner, if known.

Such certificates of delinquency may be redeemed by the owners of the property assessed at any time up to two years from the date of foreclosure of such certificate of delinquency.

If any certificate of delinquency is not redeemed by the second occurring first day of January subsequent to its issuance, the county treasurer shall then proceed to foreclose such certificate of delinquency in the manner specified for the foreclosure of the lien of local improvement assessments, pursuant to the laws applicable to cities or towns; and if no redemption is made within the succeeding two years the treasurer shall execute and deliver a deed conveying fee simple title to the property described in the foreclosed certificate of delinquency. [1981 c 313 § 7.]

**Severability—1981 c 313:** See note following RCW 36.94.020.

**36.94.390 Local improvement bonds—Local improvement guaranty fund—Subrogation—Interest—Purchase of real property at foreclosure sales.** Whenever there is paid out of a guaranty fund any sum on account of principal or interest upon the local improvement bond, or on account of purchase of certificates of delinquency, the county, as trustee for the fund, shall be subrogated to all rights of the holder of the bonds, or interest coupons, or delinquent assessment installments, so paid; and the proceeds

thereof, or of the assessment or assessments underlying the same, shall become a part of the guaranty fund. There shall also be paid into each guaranty fund the interest received from the bank deposits of the fund, as well as any surplus remaining in the local improvement funds guaranteed under this chapter, after the payment of all outstanding bonds payable primarily out of such local improvement funds. As among the several issues of bonds guaranteed by the fund, no preference exists, but defaulted interest coupons and/or bonds shall be purchased out of the fund in the order of their presentation.

The legislative authority of every county operating under the provisions of RCW 36.94.380 through 36.94.400 shall by resolution prescribe appropriate rules for the guaranty fund, not inconsistent with this chapter. So much of the money of a guaranty fund as is necessary and is not required for other purposes under the terms of RCW 36.94.380 through 36.94.400 may, at the discretion of the county legislative authority, be used to purchase property at county tax foreclosure sales or from the county after foreclosure in cases where such property is subject to unpaid local improvement assessments securing bonds guaranteed under this chapter and such purchase is deemed necessary for the purpose of protecting the guaranty fund. In such cases the fund shall be subrogated to all rights of the county. After so acquiring title to real property, the county may lease or resell and convey the property in the manner that county property is authorized to be leased or resold and for such prices and on such terms as may be determined by resolution of the county legislative authority. Any provision of law to the contrary notwithstanding, all proceeds resulting from such resales belong to and shall be paid into the guaranty fund. [1981 c 313 § 8.]

**Severability—1981 c 313:** See note following RCW 36.94.020.

**36.94.400 Local improvement bonds—Local improvement guaranty fund—Claims by bondholders—Transfer of cash balance to water and/or sewer maintenance fund.** Neither the holder nor the owner of any local improvement bonds guaranteed under the provisions of RCW 36.94.380 through 36.94.400 has any claim therefor against the county by which the bonds are issued, except for payment from the special assessments made for the improvement for which the local improvement bonds were issued, and except as against the local improvement guaranty fund of the county; and the county is not liable to any holder or owner of such local improvement bond for any loss to the guaranty fund occurring in the lawful operation thereof by the county. The remedy of the holder or owner of a local improvement bond, in the case of nonpayment, is confined to the enforcement of the assessment and to the guaranty fund. A copy of the foregoing part of this section shall be plainly written, printed, or engraved on each local improvement bond guaranteed by RCW 36.94.380 through 36.94.400. The establishment of a local improvement guaranty fund by any county shall not be deemed at variance from any water and/or sewerage general plan or amendment thereto heretofore adopted by such county.

If any local improvement guaranty fund authorized under RCW 36.94.380 through 36.94.400 at any time has a cash balance, and the obligations guaranteed thereby have all

been paid off, then such balance shall be transferred to the water and/or sewer maintenance fund of the county. [1981 c 313 § 9.]

**Severability—1981 c 313:** See note following RCW 36.94.020.

**36.94.410 Transfer of system from county to water-sewer district.** A system of sewerage, system of water or combined water and sewerage systems operated by a county under the authority of this chapter may be transferred from that county to a water-sewer district in the same manner as is provided for the transfer of those functions from a water-sewer district to a county in RCW 36.94.310 through 36.94.340. [1999 c 153 § 51; 1984 c 147 § 1.]

**Part headings not law—1999 c 153:** See note following RCW 57.04.050.

*Actions not subject to review by boundary review board: RCW 36.93.105.*

**36.94.420 Transfer of system from county to water-sewer district—Annexation—Hearing—Public notice—Operation of system.** If so provided in the transfer agreement, the area served by the system shall, upon completion of the transfer, be deemed annexed to and become a part of the water-sewer district acquiring the system. The county shall provide notice of the hearing by the county legislative authority on the ordinance executing the transfer agreement under RCW 36.94.330 as follows: (1) By mailed notice to all rate-payers served by the system at least fifteen days prior to the hearing; and (2) by notice in a newspaper of general circulation once at least fifteen days prior to the hearing.

In the event of an annexation under this section resulting from the transfer of a system of sewerage, a system of water, or combined water and sewer systems from a county to a water-sewer district, the water-sewer district shall operate the system or systems under the provisions of Title 57 RCW. [1999 c 153 § 52; 1996 c 230 § 1609; 1985 c 141 § 1; 1984 c 147 § 2.]

**Part headings not law—Effective date—1996 c 230:** See notes following RCW 57.02.001.

**36.94.430 Transfer of system from county to water-sewer district—Alternative method.** The provisions of RCW 36.94.410 and 36.94.420 provide an alternative method of accomplishing the transfer permitted by those sections and do not impose additional conditions upon the exercise of powers vested in water-sewer districts and counties. [1999 c 153 § 49; 1984 c 147 § 3.]

**Part headings not law—1999 c 153:** See note following RCW 57.04.050.

**36.94.440 Transfer of system from county to water-sewer district—Decree by superior court.** If the superior court finds that the transfer agreement authorized by RCW 36.94.410 is legally correct and that the interests of the owners of related indebtedness are protected, then the court by decree shall direct that the transfer be accomplished in accordance with the agreement. [1984 c 147 § 4.]

**36.94.450 Water conservation programs—Issuance of revenue bonds.** A county engaged in the sale or distribu-

tion of water may issue revenue bonds, or other evidence of indebtedness in the manner provided by this chapter for the purpose of defraying the cost of financing programs for the conservation or more efficient use of water. The bonds or other evidence of indebtedness shall be deemed to be for capital purposes. [1992 c 25 § 2.]

**36.94.460 Water conservation programs—Counties authorized to provide assistance to water customers.** Any county engaged in the sale or distribution of water is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of structures that are provided water service by the county in financing the acquisition and installation of fixtures, systems, and equipment, for compensation or otherwise, for the conservation or more efficient use of water in the structures under a water conservation plan adopted by the county if the cost per unit of water saved or conserved by the use of the fixtures, systems, and equipment is less than the cost per unit of water supplied by the next least costly new water source available to the county to meet future demand. Except where otherwise authorized, assistance shall be limited to:

(1) Providing an inspection of the structure, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation fixtures, systems, and equipment for which financial assistance will be approved and the estimated life cycle savings to the water system and the consumer that are likely to result from the installation of the fixtures, systems, or equipment;

(2) Providing a list of businesses that sell and install the fixtures, systems, and equipment within or in close proximity to the service area of the county, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize the fixtures, systems, and equipment in accordance with the prevailing national standards;

(3) Arranging to have approved conservation fixtures, systems, and equipment installed by a private contractor whose bid is acceptable to the owner of the structure and verifying the installation; and

(4) Arranging or providing financing for the purchase and installation of approved conservation fixtures, systems, and equipment. The fixtures, systems, and equipment shall be purchased or installed by a private business, the owner, or the utility.

Pay back shall be in the form of incremental additions to the utility bill, billed either together with [the] use charge or separately. Loans shall not exceed one hundred twenty months in length. [1992 c 25 § 3.]

**36.94.470 Storm or surface water drains or facilities—Annexation, incorporation of area by city or town—Imposition of rates and charges by county.** Whenever a city or town annexes an area, or a city or town incorporates an area, and the county has issued revenue bonds or general obligation bonds to finance storm or surface water drains or facilities that are payable in whole or in part from rates or charges imposed in the area, the county shall continue imposing all portions of the rates or charges that are allocated to

payment of the debt service on bonds in that area after the effective date of the annexation or official date of the incorporation until: (1) The debt is retired; (2) any debt that is issued to refinance the underlying debt is retired; or (3) the city or town reimburses the county amount that is sufficient to retire that portion of the debt borne by the annexed or incorporated area. The county shall construct all facilities included in the storm water plan intended to be financed by the proceeds of such bonds. If the county provides storm water management services to the city or town by contract, the contract shall consider the value of payments made by property owners to the county for the payment of debt service.

The provisions of this section apply whether or not the bonds finance facilities that are geographically located within the area that is annexed or incorporated. [1993 c 361 § 2.]

**36.94.480 Assumption of substandard water system—Limited immunity from liability.** A county assuming responsibility for a water system that is not in compliance with state or federal requirements for public drinking water systems, and its agents and employees, are immune from lawsuits or causes of action, based on noncompliance with state or federal requirements for public drinking water systems, which predate the date of assuming responsibility and continue after the date of assuming responsibility, provided that the county has submitted and is complying with a plan and schedule of improvements approved by the department of health. This immunity shall expire on the earlier of the date the plan of improvements is completed or four years from the date of assuming responsibility. This immunity does not apply to intentional injuries, fraud, or bad faith. [1994 c 292 § 7.]

**36.94.910 Authority—Liberal construction of chapter—Modification of inconsistent acts.** This chapter shall be complete authority for the establishment, construction and operation and maintenance of a system or systems of sewerage and/or water hereby authorized, and shall be liberally construed to accomplish its purpose. Any act inconsistent herewith shall be deemed modified to conform with the pro-

**36.95.010 Purpose.** The purposes of a television reception improvement district, hereinafter referred to in this chapter as "district", shall be to serve the public interest, convenience, and necessity in the construction, maintenance, and operation of television and FM radio translator stations, including appropriate electric or electronic devices for increasing television program distribution, but said purposes are not meant to include the construction or operation of television cable systems, commonly known and referred to as cable TV systems or CATV. [1985 c 76 § 1; 1971 ex.s. c 155 § 1.]

**36.95.020 Boundaries—Territory excluded.** A district's boundary may include any part or all of any county and may include any part or all of any incorporated area located within the county. A district's boundary may not include any territory already being served by a cable TV system (CATV)

unless on August 9, 1971, there is a translator station retransmitting television signals to such territory. [1991 c 363 § 98; 1971 ex.s. c 155 § 2.]

**Purpose—Captions not law—1991 c 363:** See notes following RCW 2.32.180.

[1971 ex.s. c 155 § 3.]

**36.95.040 Notice of text of petition, meeting where will be considered.** If the board of county commissioners, with the assistance of other appropriate county officers, finds the petition filed under RCW 36.95.030 satisfies the requirements of that section, it shall cause the text of the petition to be published once a week for at least three consecutive weeks in a newspaper of general circulation within the county where the petition is presented. With the publication of the petition there shall be published a notice of the time, date, and place of the public meeting of the county commissioners when the petition will be considered, stating that persons interested may appear and be heard. [1971 ex.s. c 155 § 4.]

**36.95.050 Resolution creating district.** If after the public meeting or meetings on the petition, the board of county commissioners finds that creation of the proposed district would serve the public interest, the board shall adopt a resolution granting the petition and creating the district. Prior to adoption however, the board may amend the petition in the interest of carrying out the purposes of this chapter. [1971 ex.s. c 155 § 5.]

**36.95.060 District board—Duties—How constituted—Quorum—Officers—Filling vacancies.** The business of the district shall be conducted by the board of the television reception improvement district, hereinafter referred to as the "board". The board shall be constituted as provided under either subsection (1) or (2) of this section.

(1) The board of a district having boundaries different from the county's shall have either three, five, seven, or nine members, as determined by the board of county commissioners at the time the district is created. Each member shall reside within the boundaries of the district and shall be appointed by the board of county commissioners for a term of three years, or until his or her successor has qualified, except that the board of county commissioners shall appoint one of the members of the first board to a one-year term and two to two-year terms. There is no limit upon the number of terms to which a member may be reappointed after his or her first appointment. A majority of the members of the board shall constitute a quorum for the transaction of business, but the majority vote of the board members shall be necessary for any action taken by the board. The board shall elect from among its members a chairman and such other officers as

may be necessary. In the event a seat on the board is vacated prior to the expiration of the term of the member appointed to such seat, the board of county commissioners shall appoint a person to complete the unexpired term.

(2) Upon the creation of a district having boundaries identical to those of the county (a county-wide district), the county commissioners shall be the members of the board of the district and shall have all the powers and duties of the board as provided under the other sections of this chapter. The county commissioners shall be reimbursed pursuant to the provisions of RCW 36.95.070, and shall conduct the business of the district according to the regular rules and procedures applicable to meetings of the board of county commissioners. [1992 c 150 § 1; 1971 ex.s. c 155 § 6.]

**36.95.070 District board—Reimbursement of members for expenses.** Members of the board shall receive no compensation for their services, but shall be reimbursed from district funds for any actual and necessary expenses incurred by them in the performance of their official duties. The budget of the district shall be financed by an excise tax imposed by the board, and described in RCW 36.95.100. [1971 ex.s. c 155 § 9.]

**36.95.100 Tax levied—Maximum—Exemptions.** The tax provided for in RCW 36.95.090 and this section shall not exceed sixty dollars per year per television set, and no person shall be taxed for more than one television set, except that a motel or hotel or any person owning in excess of five television sets shall pay at a rate of one-fifth of the annual tax rate imposed for each of the first five television sets and one-tenth of such rate for each additional set thereafter. An owner of a television set within the district shall be exempt from paying any tax on such set under this chapter: (1) If either (a) his television set does not receive at least a class grade B contour signal retransmitted by the television translator station or other similar device operated by the district, as such class is defined under regulations of the Federal Communications Commission as of August 9, 1971, or (b) he is currently subscribing to and receiving the services of a community antenna system (CATV) to which his television set is connected; and (2) if he filed a statement with the board claiming his grounds for exemption. Space for such statement shall be provided for in the tax notice which the treasurer shall send to taxpayers in behalf of the district. [1981 c 52 § 2; 1975 c 11 § 1; 1971 ex.s. c 155 § 10.]

**36.95.110 Liability for delinquent tax and costs.** Any person owing the excise tax provided for under this chapter and who fails to pay the same within sixty days after the board or the county treasurer has sent the tax bill to him, shall be deemed to be delinquent. Such person shall be liable for all costs to the county or district attributable to collecting the tax but no such excise tax or costs, nor any judgment based thereon, shall be deemed to create a lien against real property. [1981 c 52 § 3; 1971 ex.s. c 155 § 11.]

**36.95.120 Prorating tax.** The board may adopt rules providing for prorating of tax bills for persons who have not owned a television set within the district for a full tax year. [1971 ex.s. c 155 § 12.]

**36.95.130 District board—Powers generally.** In addition to other powers provided for under this chapter, the board shall have the following powers:

There shall be deposited with him all funds of the district. All district payments shall be made by him from such funds upon warrants issued by the county auditor, except the sums to be paid out of any bond fund for principal and interest payments on bonds. All warrants shall be paid in the order of issuance. The treasurer shall report monthly to the board, in writing, the amount in the district fund or funds. [1983 c 167 § 103; 1981 c 52 § 4; 1971 ex.s. c 155 § 16.]

**36.96.010 Definitions.** As used in this chapter, unless the context requires otherwise:

(1) "Special purpose district" means every municipal and quasi-municipal corporation other than counties, cities, and towns. Such special purpose districts shall include, but are not limited to, water-sewer districts, fire protection districts, port districts, public utility districts, county park and recreation service areas, flood control zone districts, diking districts, drainage improvement districts, and solid waste collection districts, but shall not include industrial development districts created by port districts, and shall not include local improvement districts, utility local improvement districts, and road improvement districts;

(2) "Governing authority" means the commission, council, or other body which directs the affairs of a special purpose district;

(3) "Inactive" means that a special purpose district, other than a public utility district, is characterized by either of the following criteria:

(a) Has not carried out any of the special purposes or functions for which it was formed within the preceding consecutive five-year period; or

(b) No election has been held for the purpose of electing a member of the governing body within the preceding consecutive seven-year period or, in those instances where members of the governing body are appointed and not elected, where no member of the governing body has been appointed within the preceding seven-year period.

A public utility district is inactive when it is characterized by both criteria (a) and (b) of this subsection. [1999 c 153 § 50; 1979 ex.s. c 5 § 1.]

**Part headings not law—1999 c 153:** See note following RCW 57.04.050.

**36.96.020 County auditor to notify county legislative authority of inactive special purpose districts.** On or before June 1st of 1980, and on or before June 1st of every year thereafter, each county auditor shall search available records and notify the county legislative authority if any special purpose districts located wholly or partially within the county appear to be inactive. Each county auditor shall also provide in the notifications made in 1982 and thereafter a list of all special purpose districts located wholly or partially within the county which, for three consecutive years before the notification, have failed to file statements with the county auditor as required in RCW 36.96.090. If the territory of any special purpose district is located within more than one county, the legislative authorities of all other counties within whose boundaries such a special purpose district lies shall also be notified by the county auditor. However, the authority to dissolve such a special purpose district as provided by this chapter shall rest solely with the legislative authority of the county which contains the greatest geographic portion of such special purpose district. [1979 ex.s. c 5 § 2.]

**36.96.030 Determination of inactive special purpose districts—Public hearing—Notice.** (1) Upon receipt of notice from the county auditor as provided in RCW 36.96.020, the county legislative authority within whose boundaries all or the greatest portion of such special purpose district lies shall hold one or more public hearings on or before September 1st of the same year to determine whether or not such special purpose district or districts meet either of the criteria for being "inactive" as provided in RCW 36.96.010: PROVIDED, That if such a special purpose district is a public utility district, the county legislative authority shall determine whether or not the public utility district meets both criteria of being "inactive" as provided in RCW 36.96.010. In addition, at any time a county legislative authority may hold hearings on the dissolution of any special purpose district that appears to meet the criteria of being "inactive" and dissolve such a district pursuant to the proceedings provided for in RCW 36.96.030 through 36.96.080.

(2) Notice of such public hearings shall be given by publication at least once each week for not less than three successive weeks in a newspaper that is in general circulation within the boundaries of the special purpose district or districts. Notice of such hearings shall also be mailed to each member of the governing authority of such special purpose districts, if such members are known, and to all persons known to have claims against any of the special purpose districts. Notice of such public hearings shall be posted in at least three conspicuous places within the boundaries of each special purpose

district that is a subject of such hearings. Whenever a county legislative authority that is conducting such a public hearing on the dissolution of one or more of a particular kind of special purpose district is aware of the existence of an association of such special purpose districts, it shall also mail notice of the hearing to the association. In addition, whenever a special purpose district that lies in more than one county is a subject of such a public hearing, notice shall also be mailed to the legislative authorities of all other counties within whose boundaries the special purpose district lies. All notices shall state the purpose, time, and place of such hearings, and that all interested persons may appear and be heard. [1979 ex.s. c 5 § 3.]

**36.96.040 Dissolution of inactive special purpose district by county legislative authority—Written findings.** After such hearings, the county legislative authority shall make written findings whether each of the special purpose districts that was a subject of the hearings meets each of the criteria of being "inactive." Whenever a special purpose district other than a public utility district has been found to meet a criterion of being inactive, or a public utility district has been found to meet both criteria of being inactive, the county legislative authority shall adopt an ordinance dissolving the special purpose district if it also makes additional written findings detailing why it is in the public interest that the special purpose district be dissolved, and shall provide a copy of the ordinance to the county treasurer. Except for the purpose of winding up its affairs as provided by this chapter, a special purpose district that is so dissolved shall cease to exist and the authority and obligation to carry out the purposes for which it was created shall cease thirty-one days after adoption of the dissolution ordinance. [2001 c 299 § 12; 1979 ex.s. c 5 § 4.]

**36.96.050 Application for writ of prohibition or mandamus by interested party—Procedure.** The action of the county legislative authority dissolving a special purpose district pursuant to RCW 36.96.040 shall be final and conclusive unless within thirty days of the adoption of the ordinance an interested party makes application to a court of competent jurisdiction for a writ of prohibition or writ of mandamus. At the hearing upon such a writ, the applicant shall have the full burden of demonstrating that the particular special purpose district, other than a public utility district, does not meet either of the criteria of being inactive or that it is not in the public interest that the special purpose district be dissolved: PROVIDED, That where the particular special purpose district subject to the dissolution proceedings is a public utility district, the applicant shall have the full burden of demonstrating that the public utility district either does not meet both the criteria of being inactive or that it is not in the public interest to dissolve the public utility district. [1979 ex.s. c 5 § 5.]

**36.96.060 Dissolution of inactive special purpose district by county legislative authority—Powers and duties.** For the sole and exclusive purpose of winding up the affairs of a dissolved special purpose district, the county legislative authority, acting as a board of trustees, shall have the same

powers and duties as the governing authority of the dissolved special purpose district including the following:

(1) To exchange, sell, or otherwise dispose of all property, real and personal, of the dissolved special purpose district; and

(2) To settle all obligations of such special purpose district. Such powers and duties shall commence upon the effective date of dissolution and shall continue thereafter until such time as the affairs of the dissolved special purpose district have been completely wound up. [1979 ex.s. c 5 § 6.]

**36.96.070 Dissolved special purpose district—Disposition of property.** Any moneys or funds of the dissolved special purpose district and any moneys or funds received by the board of trustees from the sale or other disposition of any property of the dissolved special purpose district shall be used, to the extent necessary, for the payment or settlement of any outstanding obligations of the dissolved special purpose district. Any remaining moneys or funds shall be used to pay the county legislative authority for all costs and expenses incurred in the dissolution and liquidation of the dissolved special purpose district. Thereafter, any remaining moneys, funds, or property shall become that of the county in which the dissolved special purpose district was located. However, if the territory of the dissolved special purpose district was located within more than one county, the remaining moneys, funds, and personal property shall be apportioned and distributed to each county in the proportion that the geographical area of the dissolved special purpose district within the county bears to the total geographical area of the dissolved special purpose district, and any remaining real property or improvements to real property shall be transferred to the county within whose boundaries it lies. A county to which real property or improvements to real property are transferred under this section does not have an obligation to use the property or improvements for the purposes for which the dissolved special purpose district used the property or improvements and the county does not assume the obligations or liabilities of the dissolved special purpose district as a result of the transfer. [2001 c 299 § 13; 1979 ex.s. c 5 § 7.]

**36.96.080 Dissolved special purpose district—Satisfaction of outstanding obligations.** If the proceeds from the sale of any property of the special district together with any moneys or funds of the special purpose district are insufficient to satisfy the outstanding obligations of the special purpose district, the county legislative authority, acting as a board of trustees, shall exercise any and all powers conferred upon it to satisfy such outstanding obligations: PROVIDED, That in no case shall the board of trustees be obligated to satisfy such outstanding obligations from county moneys, funds, or other sources of revenue unless it would have been so obligated before initiation of the dissolution proceedings under this chapter. [1979 ex.s. c 5 § 8.]

**36.96.090 Filing of annual statement by special purpose districts—Duties of county auditor.** (1) Every special purpose district shall file a statement with the auditor of each county in which it lies on or before December 31st of every year, beginning in the year 1979. The initial statement filed

by each special purpose district shall contain the following information:

(a) The name of the special purpose district and a general description of its location and geographical area within the county and within any other county;

(b) The statutes under which the special purpose district operates;

(c) The name, address, telephone number, and remaining term of office of each member of its governing authority; and

(d) The functions that the special purpose district is then presently performing and the purposes for which it was created.

Subsequent annual statements need only identify the special purpose district and any of the above detailed information that has changed in the last year.

(2) Each county auditor, on or before January 31, 1980, and on or before January 31st each year thereafter, shall forward to the state auditor a summation of the information contained in the statements required to be filed in subsection (1) of this section together with information of each special purpose district located wholly or partially within the county that has been dissolved during the preceding year. [1979 ex.s. c 5 § 9.]

**36.96.800 Alternative dissolution procedure—Drainage and drainage improvement districts—Conditions.** As an alternative to this chapter a drainage district or drainage improvement district located within the boundaries of a county storm drainage and surface water management utility, and which is not currently imposing assessments, may be dissolved by ordinance of the county legislative authority. If the alternative dissolution procedure in this section is used the following shall apply:

(1) The county storm drainage and surface water management utility shall assume responsibility for payment or settlement of outstanding debts of the dissolved drainage district or drainage improvement district.

(2) All assets, including money, funds, improvements, or property, real or personal, shall become assets of the county in which the dissolved drainage district or drainage improvement district was located.

(3) Notwithstanding RCW 85.38.220, the county storm drainage and surface water management utility may determine how to best manage, operate, maintain, improve, exchange, sell, or otherwise dispose of all property, real and personal, of the dissolved drainage district or drainage improvement district. [1991 c 28 § 1.]

**36.96.900 Chapter not exclusive.** The provisions of this chapter to dissolve inactive special purpose districts shall not be exclusive, and shall be in addition to any other method or methods provided by law to dissolve a special purpose district. [1979 ex.s. c 5 § 10.]

**36.96.910 Savings—1979 ex.s. c 5.** The enactment of this act shall not have the effect of terminating, or in any way modifying, any liability, civil or criminal, which shall already be in existence on September 1, 1979. [1979 ex.s. c 5 § 11.]

**36.96.920 Severability—1979 ex.s. c 5.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1979 ex.s. c 5 § 15.]

(5) A public facilities district shall constitute a body corporate and shall possess all the usual powers of a corporation for public purposes as well as all other powers that may now or hereafter be specifically conferred by statute, including,

If the largest city in the county has a population of less than forty percent of the total county population, the county legislative authority shall establish in the resolution creating the public facilities district whether the board of directors of the public facilities district has either five or seven members, and the county legislative authority shall appoint the members of the board of directors to reflect the interests of cities and towns in the county, as well as the unincorporated area of the county. However, if the county has a population of one million or more, the largest city in the county has a population of less than forty percent of the total county population, and the county operates under a county charter, which provides for an elected county executive, three members shall be appointed by the governor and the remaining members shall be appointed by the county executive subject to confirmation by the county legislative authority. **36.105.010 Purpose.** Voters of the unincorporated areas of the state are authorized to establish community councils as provided in this chapter.

It is the purpose of this chapter to provide voters of unincorporated areas in counties with a population of over thirty

(2004 Ed.)

thousand that are made up entirely of islands with direct input on the planning and zoning of their community by establishing a governmental mechanism to adopt proposed community comprehensive plans and proposed community zoning ordinances that are consistent with an overall guide and framework adopted by the county legislative authority. In addition, it is the purpose of this chapter to have community councils serve as forums for the discussion of local issues. [1991 c 363 § 99.]

**Purpose—Captions not law—1991 c 363:** See notes following RCW 2.32.180.

**36.105.020 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Community" means a portion of the unincorporated area for which a community council has been established and which is located in a county with a population of over thirty thousand that is made up entirely of islands.

(2) "Community comprehensive plan" means a comprehensive plan adopted by a community council.

(3) "Community council" means the governing body established under this chapter to adopt community comprehensive plans and community zoning ordinances for a community.

(4) "Community zoning ordinances" means the zoning ordinances adopted by a community council to implement a community comprehensive plan. [1991 c 363 § 100.]

**Purpose—Captions not law—1991 c 363:** See notes following RCW 2.32.180.

**36.105.030 Minimum requirements.** A community for which a community council is created may include only unincorporated territory located in a single county with a population of over thirty thousand that is made up entirely of islands and not included within a city or town. A community council must have at least one thousand persons residing within the community when the community council is created or, where the community only includes an entire island, at least three hundred persons must reside on the island when the community council is created. Any portion of such a community that is annexed by a city or town, or is incorporated as a city or town, shall be removed from the community upon the effective date of the annexation or the official date of the incorporation. [1991 c 363 § 101.]

**Purpose—Captions not law—1991 c 363:** See notes following RCW 2.32.180.

**36.105.040 Creation.** (1) The process to create a community council shall be initiated by the filing of petitions with the county auditor of the county in which the community is located which: (a) Call for the creation of a community council; (b) set forth the boundaries for the community; (c) indicate the number of community councilmembers, which shall be five, seven, nine, or eleven; and (d) contain signatures of voters residing within the community equal in number to at least ten percent of the voters residing in the community who voted at the last state general election. The county auditor shall determine if the petitions contain a sufficient number of valid signatures and certify the sufficiency of the petitions within fifteen days of when the petitions were filed. If the

petitions are certified as having sufficient valid signatures, the county auditor shall transmit the petitions and certificate to the county legislative authority.

(2) The county legislative authority shall hold a public hearing within the community on the creation of the proposed community council no later than sixty days after the petitions and certificate of sufficiency were transmitted to the county legislative authority. Notice of the public hearing shall be published in a newspaper of general circulation in the community for at least once a week for two consecutive weeks, with the last date of publication no more than ten days prior to the date of the public hearing. At least ten days before the public hearing, additional notice shall be posted conspicuously in at least five places within the proposed community in a manner designed to attract public attention.

(3) After receiving testimony on the creation of the proposed community council, the county legislative authority may alter the boundaries of the community, but the boundaries may not be altered to reduce the number of persons living within the community by more than ten percent or below the minimum number of residents who must reside within the community at the time of the creation of the community council. If territory is added to the community, another public hearing on the proposal shall be held.

(4) The county legislative authority shall call a special election within the community to determine whether the proposed community council shall be created, and to elect the initial community councilmembers, at the next state general election occurring seventy-five or more days after the initial public hearing on the creation of the proposed community council. The community council shall be created if the ballot proposition authorizing the creation of the community is approved by a simple majority vote of the voters voting on the proposition. [1991 c 363 § 102.]

**Purpose—Captions not law—1991 c 363:** See notes following RCW 2.32.180.

**36.105.050 Election of initial community councilmembers.** The initial members of the community council shall be elected at the same election as the ballot proposition is submitted authorizing the creation of the community council. However, the election of the initial community councilmembers shall be null and void if the ballot proposition authorizing the creation of the community council is not approved.

No primary election shall be held to nominate candidates for initial council positions. The initial community council shall consist of the candidate for each council position who receives the greatest number of votes for that council position. Staggering of terms of office shall be accomplished by having the majority of the winning candidates who receive the greatest number of votes being elected to four-year terms of office, and the remaining winning candidates being elected to two-year terms of office, if the election was held in an even-numbered year, or the majority of the winning candidates who receive the greatest number of votes being elected to three-year terms of office, and the remaining winning candidates being elected to one-year terms of office, if the election was held in an odd-numbered year, with the term computed from the first day of January in the year following the

election. Initial councilmembers shall take office immediately when qualified in accordance with \*RCW 29.01.135.

However, where the county operates under a charter providing for the election of members of the county legislative authority in odd-numbered years, the terms of office of the initial councilmembers shall be four years and two years, if the election of the initial councilmembers was held on an odd-numbered year, or three years and one year, if the election of the initial councilmembers was held on an even-numbered year. [1991 c 363 § 103.]

**\*Reviser's note:** RCW 29.01.135 was recodified as RCW 29A.04.133 pursuant to 2003 c 111 § 2401, effective July 1, 2004.

**Purpose—Captions not law—1991 c 363:** See notes following RCW 2.32.180.

**36.105.060 Community councilmembers—Election—Terms.** Community councilmembers shall be elected to staggered four-year terms until their successors are elected and qualified. Each council position shall be numbered separately. Candidates shall run for specific council positions. The number of council positions shall be five, seven, nine, or eleven, as specified in the petition calling for the creation of the community council.

Community councilmembers shall be nominated and elected at nonpartisan elections pursuant to general election laws, except the elections shall be held in even-numbered years, unless the county operates under a charter and members of the county legislative authority are elected in odd-numbered years, in which case, community councilmembers shall be elected in odd-numbered years.

The provisions of this section apply to the election and terms of office of the initial community councilmembers, except as provided in RCW 36.105.050.

A councilmember shall lose his or her council position if his or her primary residence no longer is located within the community. Vacancies on a community council shall be filled by action of the remaining councilmembers. [1991 c 363 § 104.]

**Purpose—Captions not law—1991 c 363:** See notes following RCW 2.32.180.

**36.105.070 Responsibility of county legislative authority.** (1) Within ninety days of the election at which a community council is created, the county legislative authority shall adopt an ordinance establishing policies and conditions and designating portions or components of the county comprehensive plan and zoning ordinances that serve as an overall guide and framework for the development of proposed community comprehensive plans and proposed community zoning ordinances. The conditions and policies shall conform with the requirements of chapter 36.70A RCW.

(2) Proposed community comprehensive plans and proposed community zoning ordinances that are adopted by a community council shall be submitted to the county legislative authority for its review of the consistency of the proposed plans and proposed ordinances with the ordinance adopted under subsection (1) of this section. The county legislative authority shall either approve the proposed plans and proposed ordinances as adopted, or refer the proposed plans and proposed ordinances back to the community council with written findings specifying the inconsistencies, within ninety

days after they were submitted. The county comprehensive plan, or subarea plan and comprehensive plan, and zoning ordinances shall remain in effect in the community until the proposed community comprehensive plans and proposed community zoning ordinances have been approved as provided in this subsection.

(3) Each proposed amendment to approved community comprehensive plans or approved community zoning ordinances that is adopted by a community council shall be submitted to the county legislative authority for its review of the consistency of the amendment with the ordinance adopted under subsection (1) of this section. The county legislative authority shall either approve the proposed amendment as adopted or refer the proposed amendment back to the community council with written findings specifying the inconsistencies within ninety days after the proposed amendment was submitted. The unamended community comprehensive plans and unamended community zoning ordinances shall remain in effect in the community until the proposed amendment has been approved as provided in this subsection.

(4) If the county legislative authority amends the ordinance it adopted under subsection (1) of this section, a community council shall be given at least one hundred twenty days to amend its community comprehensive plans and community zoning ordinances to be consistent with this amended ordinance. However, the county legislative authority may amend the community comprehensive plans and community zoning ordinances to achieve consistency with this amended ordinance. Nothing in this subsection shall preclude a community council from subsequently obtaining approval of its proposed community comprehensive plans and proposed community zoning ordinances.

(5) Approved community comprehensive plans and approved community zoning ordinances shall be enforced by the county as if they had been adopted by the county legislative authority. All quasi-judicial actions and permits relating to these plans and ordinances shall be made and decided by the county legislative authority or otherwise as provided by the county legislative authority.

(6) The county shall provide administrative and staff support for each community council within its boundaries. [1991 c 363 § 105.]

**Purpose—Captions not law—1991 c 363:** See notes following RCW 2.32.180.

**36.105.080 Powers.** A community council shall adopt proposed community comprehensive plans and proposed community zoning ordinances as provided in RCW 36.105.070. Community councils shall not have the authority to take quasi-judicial actions nor to decide permit applications. In addition, a community council shall serve as a forum for the discussion of local issues.

Community councils are subject to chapter 42.30 RCW, the open public meetings act. [1991 c 363 § 106.]

**Purpose—Captions not law—1991 c 363:** See notes following RCW 2.32.180.

**36.105.090 Annexation.** A community council may provide for the annexation of adjacent unincorporated areas to the community that are not included within another community for which a community council has been established.

(2004 Ed.)

Annexations shall be initiated by either resolution of the community council proposing the annexation or petition of voters residing in the adjacent area, which petition: (a) Requests the annexation; (b) sets forth the boundaries of the area proposed to be annexed; and (c) contains signatures of voters residing within the area that is proposed to be annexed equal in number to at least ten percent of the voters residing in that area who voted at the last state general election. Annexation petitions shall be filed with the county auditor who shall determine if the petitions contain a sufficient number of valid signatures, certify the sufficiency of the petitions, and notify the community council of the sufficiency of the petitions within fifteen days of when the petitions are submitted.

A ballot proposition authorizing the annexation shall be submitted to the voters of the area that is proposed to be annexed at a primary or general election in either an odd-numbered or even-numbered year, if the community council initiated the annexation by resolution or if the community council concurs in an annexation that was initiated by the submission of annexation petitions containing sufficient valid signatures. The annexation shall occur if the ballot proposition authorizing the creation of the community is approved by a simple majority vote of the voters voting on the proposition. The county's comprehensive plan, and where applicable to the county's subarea plan, and zoning ordinances shall continue in effect in the annexed area until proposed amendments to the approved community comprehensive plans and approved community zoning ordinance have been approved that apply to the annexed area. [1991 c 363 § 107.]

**Purpose—Captions not law—1991 c 363:** See notes following RCW 2.32.180.

**36.105.100 Dissolution.** A community council shall be dissolved if the population of the community is reduced to less than five hundred persons, or less than two hundred persons if the community only includes an entire island.

At the next general election at which community councilmembers would be elected, occurring at least four years after the creation or reestablishment of a community, a ballot proposition shall be submitted to the voters of the community on whether the community shall be reestablished. If reestablished, the newly elected members of the community council and the retained members of the community council shall constitute the members of the community council. [1991 c 363 § 108.]

**Purpose—Captions not law—1991 c 363:** See notes following RCW 2.32.180.

**36.110.010 Finding—Purpose, intent.** Cities and counties have a significant interest in ensuring that inmates in their jails are productive citizens after their release in the community. The legislature finds that there is an expressed need for cities and counties to uniformly develop and coordinate jail industries technical information and program and public safety standards statewide. It further finds that meaningful jail work industries programs that are linked to formal education and adult literacy training can significantly reduce recidivism, the rising costs of corrections, and criminal activities. It is the purpose and intent of the legislature, through this chapter, to establish a statewide jail industries program designed to promote inmate rehabilitation through meaningful work experience and reduce the costs of incarceration. The legislature recognizes that inmates should have the responsibility for contributing to the cost of their crime through the wages earned while working in jail industries programs and that such income shall be used to offset the costs of implementing and maintaining local jail industries programs and the costs of incarceration. [1993 c 285 § 1.]

**36.110.020 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

The goods and services of these industries may be sold to public agencies, nonprofit organizations, and private contractors when the goods purchased will be ultimately used by a public agency or nonprofit organization. Surplus goods from these operations may be donated to government and nonprofit organizations. [1995 c 154 § 1; 1993 c 285 § 2.]

**36.110.030 Board of directors established—Membership.** A statewide jail industries board of directors is established. The board shall consist of the following members:

[1995 c 399 § 45; 1993 c 285 § 3.]

**36.110.050 Local advisory groups.** The board shall require a city or a county that establishes a jail industries program to develop a local advisory group, or to use an existing advisory group of the appropriate composition, to advise and guide jail industries program operations. Such an advisory group shall include an equal number of representatives from labor and business. Representation from a sheltered workshop, as defined in RCW 82.04.385, and a crime victim advocacy group, if existing in the local area, should also be included.

A local advisory group shall have among its tasks the responsibility of ensuring that a jail industry has minimal negative impact on existing private industries or the labor force in the locale where the industry operates and that a jail industry does not negatively affect employment opportunities for people with developmental disabilities contracted through the operation of sheltered workshops as defined in RCW 82.04.385. In the event a conflict arises between the local business community or labor organizations concerning new jail industries programs, products, services, or wages, the city or county must use the arbitration process established pursuant to RCW 36.110.060. [1993 c 285 § 5.]

**36.110.060 Board of directors—Duties.** The board, in accordance with chapter 34.05 RCW, shall:

(1) Establish an arbitration process for resolving conflicts arising among the local business community and labor organizations concerning new industries programs, products, services, or wages;

(2) Encourage the development of the collection and analysis of jail industries program data, including long-term tracking information on offender recidivism;

(3) Determine, by applying established federal guidelines and criteria, whether a city or a county jail free venture industries program complies with the private sector prison industry enhancement certification program. In so doing, also determine if that industry should be designated as a cost accounting center for the purposes of the federal certification program; and

(4) Provide technical assistance with product marketing. [1993 c 285 § 6.]

**36.110.070 Board of directors may receive funds, establish fee schedule.** The board may receive funds from local, county, state, or federal sources and may receive grants to support its activities. The board may establish a reasonable schedule of suggested fees that will support statewide efforts to promote and facilitate jail industries that would be presented to cities and counties that have established jail industries programs. [1993 c 285 § 7.]

(2004 Ed.)

**36.110.080 Board of directors—Meetings—Terms—Compensation.** The board shall initially convene at the call of the representative of the correctional industries division of the state department of corrections, together with the jail administrator selected from a city or a county with an established jail industries program, no later than six months after July 25, 1993. Subsequent meetings of the board shall be at the call of the board chairperson. The board shall meet at least twice a year.

The board shall elect a chairperson and other such officers as it deems appropriate. However, the chairperson may not be the representative of the correctional industries division of the state department of corrections nor any representative from a state executive branch agency.

Members of the board shall serve terms of three years each on a staggered schedule to be established by the first board. For purposes of initiating a staggered schedule of terms, some members of the first board may initially serve two years and some members may initially serve four years.

The members of the board shall serve without compensation but may be reimbursed for travel expenses from funds acquired under this chapter. [1993 c 285 § 8.]

**36.110.085 Board of directors—Immunity.** Any member serving in their official capacity on the Washington state jail industries board, in either an appointed or advisory capacity, or either their employer or employers, or other entity that selected the members to serve, are immune from a civil action based upon an act performed in good faith. **36.110.090 City or county special revenue funds.** A city or a county that implements a jail industries program may establish a separate fund for the operation of the program. This fund shall be a special revenue fund with continuing authority to receive income and pay expenses associated with the jail industries program. [1993 c 285 § 9.]

**36.110.100 Comprehensive work programs.** Cities and counties participating in jail industries are authorized to provide for comprehensive work programs using jail inmate workers at worksites within jail facilities or at such places within the city or county as may be directed by the legislative authority of the city or county, as similarly provided under RCW 36.28.100. [1993 c 285 § 10.]

**36.110.110 Deductions from offenders' earnings.** When an offender is employed in a jail industries program for which pay is allowed, deductions may be made from these earnings for court-ordered legal financial obligations as directed by the court in reasonable amounts that do not unduly discourage the incentive to work. These deductions shall be disbursed as directed in RCW 9.94A.760.

In addition, inmates working in jail industries programs shall contribute toward costs to develop, implement, and operate jail industries programs. This amount shall be a reasonable amount that does not unduly discourage the incentive to work. The amount so deducted shall be deposited in the jail industries special revenue fund.

Upon request of the offender, family support may also be deducted and disbursed to a designated family member. [1993 c 285 § 11.]

**36.110.120 Free venture industries, tax reduction industries—Employment status of inmates—Insurance coverage.** (1) A jail inmate who works in a free venture industry or a tax reduction industry shall be considered an employee of that industry only for the purpose of the Washington industrial safety and health act, chapter 49.17 RCW, as long as the public safety is not compromised, and for eligibility for industrial insurance benefits under Title 51 RCW, as provided in this section.

(2) For jail inmates participating in free venture employer model industries, the private sector business or industry or the nonprofit organization that is party to the agreement, shall provide industrial insurance coverage under Title 51 RCW. Local jurisdictions shall not be responsible for obligations under Title 51 RCW in a free venture employer model industry except as provided in RCW 36.110.130.

(3) For jail inmates participating in free venture customer model industries, the incarcerating entity or jurisdiction, the private sector business or industry, or the nonprofit organization that is party to the agreement, shall provide industrial insurance coverage under Title 51 RCW dependent upon how the parties to the agreement choose to finalize the agreement.

(4) For jail inmates incarcerated and participating in tax reduction industries:

(a) Local jurisdictions that are self-insured may elect to provide medical aid benefits coverage only under chapter 51.36 RCW through the state fund.

(b) Local jurisdictions, to include self-insured jurisdictions, may elect to provide industrial insurance coverage under Title 51 RCW through the state fund.

(5) If industrial insurance coverage under Title 51 RCW is provided for inmates under this section, eligibility for benefits for either the inmate or the inmate's dependents or beneficiaries for temporary total disability or permanent total disability under RCW 51.32.090 or 51.32.060, respectively, shall not take effect until the inmate is discharged from custody by order of a court of appropriate jurisdiction. Nothing in this section shall be construed to confer eligibility for any industrial insurance benefits to any jail inmate who is not employed in a free venture industry or a tax reduction industry. [1995 c 154 § 2; 1993 c 285 § 12.]

**36.110.130 Free venture industry agreements—Effect of failure.** In the event of a failure such as a bankruptcy or dissolution, of a private sector business, industry, or nonprofit organization engaged in a free venture industry agreement, responsibility for obligations under Title 51 RCW shall be borne by the city or county responsible for establishment of the free venture industry agreement, as if the city or county had been the employing agency. To ensure that this obligation can be clearly identified and accomplished, and to provide accountability for purposes of the department of labor and industries, a free venture jail industry agreement entered into by a city or county and private sector business, industry, or nonprofit organization should be filed under a

[Title 36 RCW—page 310]

separate master business application, establishing a new and separate account with the department of labor and industries, and not be reported under an existing account for parties to the agreement. [1995 c 154 § 3; 1993 c 285 § 13.]

**36.110.140 Education and training.** To the extent possible, jail industries programs shall be augmented by education and training to improve worker literacy and employability skills. Such education and training may include, but is not limited to, basic adult education, work towards a certificate of educational competence following successful completion of the general educational development test, vocational and preemployment work maturity skills training, and apprenticeship classes. [1993 c 285 § 14.]

**36.110.150 Department of corrections to provide staff assistance.** Until sufficient funding is secured by the board to adequately provide staffing, basic staff assistance shall be provided, to the extent possible, by the department of corrections. [1993 c 285 § 15.]

**36.110.160 Technical training assistance.** Technical training assistance shall be provided to local jurisdictions by the board at the jurisdiction's request. To facilitate and promote the development of local jail industries programs, this training and technical assistance may include the following: (1) Delivery of statewide jail industry implementation workshops for administrators of jail industries programs; (2) development of recruitment and education programs for local business and labor to gain their participation; (3) ongoing staff assistance regarding local jail industries issues, such as sound business management skills, development of a professional business plan, responding to questions regarding risk management, industrial insurance, and similar matters; and (4) provision of guidelines and assistance for the coordination of basic educational programs and jail industries as well as other technical skills required by local jails in the implementation of safe, productive, and effective jail industries programs. [1995 c 154 § 4.]

**36.110.900 Severability—1993 c 285.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1993 c 285 § 17.]

**36.115.010 Purpose.** The purpose of chapter 266, Laws of 1994 is to establish a flexible process by which local gov-

(2004 Ed.)

ernments enter into service agreements that will establish which jurisdictions should provide various local government services and facilities within specified geographic areas and how those services and facilities will be financed. [1994 c 266 § 1.]

**36.115.020 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "City" means a city or town, including a city operating under Title 35A RCW.

(2) "Governmental service" includes a service provided by local government, and any facilities and equipment related to the provision of such services, including but not limited to utility services, health services, social services, law enforcement services, fire prevention and suppression services, community development activities, environmental protection activities, economic development activities, and transportation services and facilities, but shall not include the generation, conservation, or distribution of electrical energy nor maritime shipping activities.

(3) "Regional service" means a governmental service established by agreement among local governments that delineates the government entity or entities responsible for the service provision and allows for that delivery to extend over jurisdictional boundaries.

(4) "Local government" means a county, city, or special district.

(5) "Service agreement" means an agreement among counties, cities, and special districts established pursuant to this chapter.

(6) "Special district" means a municipal or quasi-municipal corporation in the state, other than a county, city, or school district. [1994 c 266 § 2.]

**36.115.030 Coordination—Consistency.** A service agreement addressing children and family services shall enhance coordination and shall be consistent with the comprehensive plan developed under chapter 7, Laws of 1994 sp. sess. [1994 c 266 § 3.]

**36.115.040 Geographic area covered—Contents—When effective.** (1) Agreements among local governments concerning one or more governmental service should be established for a designated geographic area as provided in this section.

(2) A service agreement must describe: (a) The governmental service or services addressed by the agreement; (b) the geographic area covered by the agreement; (c) which local government or local governments are to provide each of the governmental services addressed by the agreement within the geographic area covered by the agreement; and (d) the term of the agreement, if any.

(3) A service agreement becomes effective when approved by: (a) The county legislative authority of each county that includes territory located within the geographic area covered by the agreement; (b) the governing body or bodies of at least a simple majority of the total number of cities that includes territory located within the geographic area covered by the agreement, which cities include at least sev-

enty-five percent of the total population of all cities that includes territory located within the geographic area covered by the agreement; and (c) for each governmental service addressed by the agreement, the governing body or bodies of at least a simple majority of the special districts that include territory located within the geographic area covered by the agreement and which provide the governmental service within such territory. The participants may agree to use another formula. An agreement pursuant to this section shall be effective upon adoption by the county legislative authority following a public hearing.

(4) A service agreement may cover a geographic area that includes territory located in more than a single county. [1994 c 266 § 4.]

**36.115.050 Matters included.** A service agreement may include, but is not limited to, any or all of the following matters:

(1) A dispute resolution arrangement;

(2) How joint land-use planning and development regulations by the county and a city or cities, or by two or more cities, may be established, made binding, and enforced;

(3) How common development standards between the county and a city or cities, or between two or more cities, may be established, made binding, and enforced;

(4) How capital improvement plans of the county, cities, and special districts shall be coordinated;

(5) How plans and policies adopted under chapter 36.70A RCW will be implemented by the service agreement;

(6) A transfer of revenues between local governments in relationship to their obligations for providing governmental services;

(7) The designation of additional area-wide governmental services to be provided by the county. [1994 c 266 § 5.]

**36.115.060 Procedure for establishment—Counties affected.** (1) The county legislative authority of every county with a population of one hundred fifty thousand or more shall convene a meeting on or before March 1, 1995, to develop a process for the establishment of service agreements. Invitations to attend this meeting shall be sent to the governing body of each city located in the county, and to the governing body of each special district located in the county that provides one or more of the governmental services as defined in RCW 36.115.020(2).

The legislative authorities of counties of less than one hundred fifty thousand population may utilize this chapter by adopting a resolution stating their intent to do so. In that case or in the case of counties whose populations reach one hundred fifty thousand after March 1, 1995, this meeting shall be convened no later than sixty days after the date the county adopts its resolution of intention or was certified by the office of financial management as having a population of one hundred fifty thousand or more.

(2) On or before January 1, 1997, a service agreement must be adopted in each county under this chapter or a progress report must be submitted to the appropriate committees of the legislature.

(3) In other counties that choose to utilize this chapter or whose population reaches one hundred fifty thousand, the

service agreement must be adopted two years after the initial meeting provided for in subsection (1) of this section is convened or a progress report must be submitted to the appropriate committees of the legislature. [1994 c 266 § 6.]

**36.115.070 Legislative intent.** It is the intent of the legislature to permit the creation of a flexible process to establish service agreements and to recognize that local governments possess broad authority to shape a variety of government service agreements to meet their local needs and circumstances. However, it is noted that in general, cities are the unit of local government most appropriate to provide urban governmental services and counties are the unit of local government most appropriate to provide regional governmental services.

The process to establish service agreements should assure that all directly affected local governments, and Indian tribes at their option, are allowed to be heard on issues relevant to them. [1994 c 266 § 7.]

**36.115.080 Duties, requirements, authorities under growth management act not altered.** Nothing contained in this chapter alters the duties, requirements, and authorities of cities and counties contained in chapter 36.70A RCW. [1994 c 266 § 8.]

**36.120.010 Findings.** The legislature finds that:

(1) The capacity of many of Washington state's transportation facilities have failed to keep up with the state's growth, particularly in major urban regions;

(2) The state cannot by itself fund, in a timely way, many of the major capacity and other improvements required on highways of statewide significance in the state's largest urbanized area;

(3) Providing a transportation system that provides efficient mobility for persons and freight requires a shared partnership and responsibility between the state, local, and regional governments and the private sector; and

(4) Timely construction and development of significant transportation improvement projects can best be achieved through enhanced funding options for governments at the county and regional levels, using already existing tax authority to address roadway and multimodal needs and new authority for regions to address critical transportation projects of statewide significance. [2002 c 56 § 101.]

**36.120.020 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Board" means the governing body of a regional transportation investment district.

(2) "Department" means the Washington state department of transportation.

(3) "Highway of statewide significance" means an existing or proposed state route or federal interstate designated as a highway of statewide significance by the transportation commission, its successor entity, or the legislature.

(4) "Lead agency" means a public agency that by law can plan, design, and build a transportation project and has been so designated by the district.

(5) "Regional transportation investment district" or "district" means a municipal corporation whose boundaries are coextensive with two or more contiguous counties and that has been created by county legislative authorities and a vote of the people under this chapter to implement a regional transportation investment plan.

(6) "Regional transportation investment district planning committee" or "planning committee" means the advisory committee created under RCW 36.120.030 to create and propose to county legislative authorities a regional transportation investment plan to develop, finance, and construct transportation projects.

(7) "Regional transportation investment plan" or "plan" means a plan to develop, construct, and finance a transportation project or projects.

(8) "Transportation project" means:

(a) A capital improvement or improvements to a highway that has been designated, in whole or in part, as a highway of statewide significance, including an extension, that:

(i) Adds a lane or new lanes to an existing state or federal highway; or

(ii) Repairs or replaces a lane or lanes damaged by an event declared an emergency by the governor before January 1, 2002.

(b) A capital improvement or improvements to all or a portion of a highway of statewide significance, including an extension, and may include the following associated multimodal capital improvements:

(i) Approaches to highways of statewide significance;

(ii) High-occupancy vehicle lanes;

(iii) Flyover ramps;

(iv) Park and ride lots;

(v) Bus pullouts;

(vi) Vans for vanpools;

(vii) Buses; and

(viii) Signalization, ramp metering, and other transportation system management improvements.

(c) A capital improvement or improvements to all or a portion of a city street, county road, or existing highway or

the creation of a new highway that intersects with a highway of statewide significance, if all of the following conditions are met:

(i) The project is included in a plan that makes highway improvement projects that add capacity to a highway or highways of statewide significance;

(ii) The secretary of transportation determines that the project would better relieve traffic congestion than investing that same money in adding capacity to a highway of statewide significance;

(iii) Matching money equal to one-third of the total cost of the project is provided by local entities, including but not limited to a metropolitan planning organization, county, city, port, or private entity in which a county participating in a plan is located. Local entities may use federal grants to meet this matching requirement;

(iv) In no case may the cumulative regional transportation investment district contribution to all projects constructed under this subsection (8)(c) exceed ten percent of the revenues generated by the district;

(v) In no case may the cumulative regional transportation investment district contribution to all projects constructed under this subsection (8)(c) exceed one billion dollars; and

(vi) The specific projects are included within the plan and submitted as part of the plan to a vote of the people.

(d) Operations, preservation, and maintenance are excluded from this definition and may not be included in a regional transportation investment plan.

(9) "Weighted vote" means a vote that reflects the population each board or planning committee member represents relative to the population represented by the total membership of the board or planning committee. Population will be determined using the federal 2000 census or subsequent federal census data. [2002 c 56 § 102.]

**36.120.030 Planning committee formation.** Regional transportation investment district planning committees are advisory entities that are created, convened, and empowered as follows:

(1) A county with a population over one million five hundred thousand persons and any adjoining counties with a population over five hundred thousand persons may create a regional transportation investment district and shall convene a regional transportation investment district planning committee.

(2) The members of the legislative authorities participating in planning under this chapter shall serve as the district planning committee. Members of the planning committee receive no compensation, but may be reimbursed for travel and incidental expenses as the planning committee deems appropriate.

The secretary of transportation, or the appropriate regional administrator of the department, as named by the secretary, shall serve on the committee as a nonvoting member.

(3) A regional transportation investment district planning committee may be entitled to state funding, as appropriated by the legislature, for start-up funding to pay for salaries, expenses, overhead, supplies, and similar expenses ordinarily and necessarily incurred in selecting transportation projects and funding for those transportation projects under this chap-

(2004 Ed.)

ter. Upon creation of a regional transportation investment district, the district shall within one year reimburse the state for any sums advanced for these start-up costs from the state.

(4) The planning committee shall conduct its affairs and formulate a regional transportation investment plan as provided under RCW 36.120.040, except that it shall elect an executive board of seven members to discharge the duties of the planning committee and formulate a regional transportation investment plan, subject to the approval of the full committee.

(5) At its first meeting, a regional transportation investment district planning committee may elect officers and provide for the adoption of rules and other operating procedures.

(6) Governance of and decisions by a regional transportation investment district planning committee must be by a sixty-percent weighted majority vote of the total membership.

(7) The planning committee may dissolve itself at any time by a two-thirds weighted majority vote of the total membership of the planning committee. [2002 c 56 § 103.]

**36.120.040 Planning committee duties.** (1) A regional transportation investment district planning committee shall adopt a regional transportation investment plan providing for the development, construction, and financing of transportation projects. The planning committee may consider the following factors in formulating its plan:

(a) Land use planning criteria;

(b) The input of cities located within a participating county; and

(c) The input of regional transportation planning organizations in which a participating county is located. A regional transportation planning organization in which a participating county is located shall review its adopted regional transportation plan and submit, for the planning committee's consideration, its list of transportation improvement priorities.

(2) The planning committee may coordinate its activities with the department, which shall provide services, data, and personnel to assist in this planning as desired by the planning committee. In addition, the planning committee may coordinate with affected cities, towns, and other local governments that engage in transportation planning.

(3) The planning committee shall:

(a) Conduct public meetings that are needed to assure active public participation in the development of the plan;

(b) Adopt a plan proposing the:

(i) Creation of a regional transportation investment district; and

(ii) Construction of transportation projects to improve mobility within each county. Operations, maintenance, and preservation of facilities or systems may not be part of the plan;

(c) Recommend sources of revenue authorized by RCW 36.120.050 and a financing plan to fund selected transportation projects. The overall plan of the district must leverage the district's financial contributions so that the federal, state, local, and other revenue sources continue to fund major congestion relief and transportation capacity improvement projects in each county and the district. A combination of local, state, and federal revenues may be necessary to pay for

transportation projects, and the planning committee shall consider all of these revenue sources in developing a plan.

(4) The plan must use tax revenues and related debt for projects that generally benefit a participating county in proportion to the general level of tax revenues generated within that participating county. This equity principle applies to all modifications to the plan, appropriation of contingency funds not identified within the project estimate, and future phases of the plan. During implementation of the plan, the board shall retain the flexibility to manage distribution of revenues, debt, and project schedules so that the district may effectively implement the plan. Nothing in this section should be interpreted to prevent the district from pledging district-wide tax revenues for payment of any contract or debt entered into under RCW 36.120.130.

(5) Before adopting the plan, the planning committee, with assistance from the department, shall work with the lead agency to develop accurate cost forecasts for transportation projects. This project costing methodology must be integrated with revenue forecasts in developing the plan and must at a minimum include estimated project costs in constant dollars as well as year of expenditure dollars, the range of project costs reflected by the level of project design, project contingencies, identification of mitigation costs, the range of revenue forecasts, and project and plan cash flow and bond analysis. The plan submitted to the voters must provide cost estimates for each project, including reasonable contingency costs. Plans submitted to the voters must provide that the maximum amount possible of the funds raised will be used to fund projects in the plan, including environmental improvements and mitigation, and that administrative costs be minimized. If actual revenue exceeds actual plan costs, the excess revenues must be used to retire any outstanding debt associated with the plan.

(6) If a county opts not to adopt the plan or participate in the regional transportation investment district, but two or more contiguous counties do choose to continue to participate, then the planning committee may, within ninety days, redefine the regional transportation investment plan and the ballot measure to be submitted to the people to reflect elimination of the county, and submit the redefined plan to the legislative authorities of the remaining counties for their decision as to whether to continue to adopt the redefined plan and participate. This action must be completed within sixty days after receipt of the redefined plan.

(7) Once adopted, the plan must be forwarded to the participating county legislative authorities to initiate the election process under RCW 36.120.070. The planning committee shall at the same time provide notice to each city and town within the district, the governor, the chairs of the transportation committees of the legislature, the secretary of transportation, and each legislator whose legislative district is partially or wholly within the boundaries of the district.

(8) If the ballot measure is not approved, the planning committee may redefine the selected transportation projects, financing plan, and the ballot measure. The county legislative authorities may approve the new plan and ballot measure, and may then submit the revised proposition to the voters at the next election or a special election. If no ballot measure is approved by the voters by the third vote, the planning committee is dissolved. [2003 c 194 § 1; 2002 c 56 § 104.]

**36.120.050 Taxes, fees, and tolls.** (1) A regional transportation investment district planning committee may, as part of a regional transportation investment plan, recommend the imposition of some or all of the following revenue sources, which a regional transportation investment district may impose upon approval of the voters as provided in this chapter:

(a) A regional sales and use tax, as specified in RCW 82.14.430, of up to 0.5 percent of the selling price, in the case of a sales tax, or value of the article used, in the case of a use tax, upon the occurrence of any taxable event in the regional transportation investment district;

(b) A local option vehicle license fee, as specified under RCW 82.80.100, of up to one hundred dollars per vehicle registered in the district. As used in this subsection, "vehicle" means motor vehicle as defined in RCW 46.04.320. Certain classes of vehicles, as defined under chapter 46.04 RCW, may be exempted from this fee;

(c) A parking tax under RCW 82.80.030;

(d) A local motor vehicle excise tax under RCW 81.100.060 and chapter 81.104 RCW;

(e) A local option fuel tax under RCW 82.80.120;

(f) An employer excise tax under RCW 81.100.030; and

(g) Vehicle tolls on new or reconstructed facilities. Unless otherwise specified by law, the department shall administer the collection of vehicle tolls on designated facilities, and the state transportation commission, or its successor, shall be the tolling authority.

(2) Taxes, fees, and tolls may not be imposed without an affirmative vote of the majority of the voters within the boundaries of the district voting on a ballot proposition as set forth in RCW 36.120.070. Revenues from these taxes and fees may be used only to implement the plan as set forth in this chapter. A district may contract with the state department of revenue or other appropriate entities for administration and collection of any of the taxes or fees authorized in this section.

(3) Existing statewide motor vehicle fuel and special fuel taxes, at the distribution rates in effect on January 1, 2001, are not intended to be altered by this chapter. [2003 c 350 § 4; 2002 c 56 § 105.]

**36.120.060 Project selection—Performance criteria.**

(1) The planning committee shall consider the following criteria for selecting transportation projects to improve corridor performance:

(a) Reduced level of congestion and improved safety;

(b) Improved travel time;

(c) Improved air quality;

(d) Increases in daily and peak period person and vehicle trip capacity;

(e) Reductions in person and vehicle delay;

(f) Improved freight mobility; and

(g) Cost-effectiveness of the investment.

(2) These criteria represent only minimum standards that must be considered in selecting transportation improvement projects. The board shall also consider rules and standards for benchmarks adopted by the transportation commission or its successor. [2002 c 56 § 106.]

**36.120.070 Submission of plan to the voters.** Two or more contiguous county legislative authorities, upon receipt of the regional transportation investment plan under RCW 36.120.040, may certify the plan to the ballot, including identification of the tax options necessary to fund the plan. County legislative authorities may draft a ballot title, give notice as required by law for ballot measures, and perform other duties as required to put the plan before the voters of the proposed district for their approval or rejection as a single ballot measure that both approves formation of the district and approves the plan. Counties may negotiate interlocal agreements necessary to implement the plan. The electorate will be the voters voting within the boundaries of the participating counties. A simple majority of the total persons voting on the single ballot measure to approve the plan, establish the district, and approve the taxes and fees is required for approval. [2002 c 56 § 107.]

**36.120.080 Formation—Certification.** If the voters approve the plan, including creation of a regional transportation investment district and imposition of taxes and fees, the district will be declared formed. The county election officials of participating counties shall, within fifteen days of the final certification of the election results, publish a notice in a newspaper or newspapers of general circulation in the district declaring the district formed, and mail copies of the notice to the governor, the secretary of transportation, and the executive director of the regional transportation planning organization in which any part of the district is located. A party challenging the procedure or the formation of a voter-approved district must file the challenge in writing by serving the prosecuting attorney of the participating counties and the attorney general within thirty days after the final certification of the election. Failure to challenge within that time forever bars further challenge of the district's valid formation. [2002 c 56 § 108.]

**36.120.090 Governing board—Composition.** (1) The governing board of a district consists of the members of the legislative authority of each member county, acting ex officio and independently. The secretary of transportation or the appropriate regional administrator of the department, as named by the secretary, shall also serve as a nonvoting member of the board. The governing board may elect an executive board of seven members to discharge the duties of the governing board subject to the approval of the full governing board.

(2) A sixty-percent majority of the weighted votes of the total board membership is required to submit to the counties a modified plan under RCW 36.120.140 or any other proposal to be submitted to the voters. The counties may, with majority vote of each county legislative authority, submit a modified plan or proposal to the voters. [2002 c 56 § 109.]

**36.120.100 Governing board—Organization.** The board shall adopt rules for the conduct of business. The board shall adopt bylaws to govern district affairs, which may include:

- (1) The time and place of regular meetings;
- (2) Rules for calling special meetings;

(3) The method of keeping records of proceedings and official acts;

(4) Procedures for the safekeeping and disbursement of funds; and

(5) Any other provisions the board finds necessary to include. [2002 c 56 § 110.]

**36.120.110 Governing board—Powers and duties—**

**Intent.** (1) The governing board of the district is responsible for the execution of the voter-approved plan. The board shall:

(a) Impose taxes and fees authorized by district voters;

(b) Enter into agreements with state, local, and regional agencies and departments as necessary to accomplish district purposes and protect the district's investment in transportation projects;

(c) Accept gifts, grants, or other contributions of funds that will support the purposes and programs of the district;

(d) Monitor and audit the progress and execution of transportation projects to protect the investment of the public and annually make public its findings;

(e) Pay for services and enter into leases and contracts, including professional service contracts;

(f) Hire no more than ten employees, including a director or executive officer, a treasurer or financial officer, a project manager or engineer, a project permit coordinator, and clerical staff; and

(g) Exercise other powers and duties as may be reasonable to carry out the purposes of the district.

(2) It is the intent of the legislature that existing staff resources of lead agencies be used in implementing this chapter. A district may coordinate its activities with the department, which shall provide services, data, and personnel to assist as desired by the regional transportation investment district. Lead agencies for transportation projects that are not state facilities shall also provide staff support for the board.

(3) A district may not acquire, hold, or dispose of real property.

(4) A district may not own, operate, or maintain an ongoing facility, road, or transportation system.

(5) A district may accept and expend or use gifts, grants, or donations.

(6) It is the intent of the legislature that administrative and overhead costs of a regional transportation investment district be minimized. For transportation projects costing up to fifty million dollars, administrative and overhead costs may not exceed three percent of the total construction and design project costs per year. For transportation projects costing more than fifty million dollars, administrative and overhead costs may not exceed three percent of the first fifty million dollars in costs, plus an additional one-tenth of one percent of each additional dollar above fifty million. These limitations apply only to the district, and do not limit the administration or expenditures of the department.

(7) A district may use the design-build procedure for transportation projects developed by it. As used in this section "design-build procedure" means a method of contracting under which the district contracts with another party for that party to both design and build the structures, facilities, and other items specified in the contract. The requirements and limitations of RCW 47.20.780 and 47.20.785 do not apply to

the transportation projects under this chapter. [2002 c 56 § 111.]

**36.120.120 Treasurer.** The regional transportation investment district, by resolution, shall designate a person having experience in financial or fiscal matters as treasurer of the district. The district may designate the treasurer of a county within which the district is located to act as its treasurer. Such a treasurer has all of the powers, responsibilities, and duties the county treasurer has related to investing surplus funds. The district shall require a bond with a surety company authorized to do business in this state in an amount and under the terms and conditions the district, by resolution, from time to time finds will protect the district against loss. The district shall pay the premium on the bond.

In addition to the account established in RCW 36.120.200, the treasurer may establish a special account, into which may be paid district funds. The treasurer may disburse district funds only on warrants issued by the district upon orders or vouchers approved by the district.

If the treasurer of the district is the treasurer of a county, all district funds must be deposited with a county depository under the same restrictions, contracts, and security as provided for county depositories. If the treasurer of the district is some other person, all funds must be deposited in a bank or banks authorized to do business in this state qualified for insured deposits under any federal deposit insurance act as the district, by resolution, designates.

The district may provide and require a reasonable bond of any other person handling moneys or securities of the district, but the district shall pay the premium on the bond. [2002 c 56 § 112.]

**36.120.130 Indebtedness—Bonds—Limitation.**

(1)(a) Notwithstanding RCW 39.36.020(1), the district may at any time contract indebtedness or borrow money for district purposes and may issue general obligation bonds or other evidences of indebtedness, secured by the pledge of one or more of the taxes, tolls, charges, or fees authorized to be imposed by the district, in an amount not exceeding, together with any existing indebtedness of the district not authorized by the voters, one and one-half percent of the value of the taxable property within the boundaries of the district.

(b) With the assent of three-fifths of the voters voting at an election, a district may contract indebtedness or borrow money for district purposes and may issue general obligation bonds or other evidences of indebtedness as long as the total indebtedness of the district does not exceed five percent of the value of the taxable property within the district, including indebtedness authorized under (a) of this subsection. The bonds shall be issued and sold in accordance with chapter 39.46 RCW.

(2) The district may at any time issue revenue bonds or other evidences of indebtedness, secured by the pledge of one or more of the revenues authorized to be collected by the district, to provide funds to carry out its authorized functions without submitting the matter to the voters of the district. These obligations shall be issued and sold in accordance with chapter 39.46 RCW.

(3) The district may enter into agreements with the lead agencies or the state of Washington, when authorized by the plan, to pledge taxes or other revenues of the district for the purpose of paying in part or whole principal and interest on bonds issued by the lead agency or the state of Washington. The agreements pledging revenues and taxes shall be binding for their terms, but not to exceed thirty years, and no tax pledged by an agreement may be eliminated or modified if it would impair the pledge made in any agreement.

(4) Once construction of projects in the plan has been completed, revenues collected by the district may only be used for the following purposes: (a) Payment of principal and interest on outstanding indebtedness of the district; (b) to make payments required under a pledging agreement; and (c) to make payments for maintenance and operations of toll facilities as may be required by toll bond covenants. [2003 c 372 § 1; 2002 c 56 § 113.]

**36.120.140 Transportation project or plan modification—Accountability.** (1) The board may modify the plan to change transportation projects or revenue sources if:

(a) Two or more participating counties adopt a resolution to modify the plan; and

(b) The counties submit to the voters in the district a ballot measure that redefines the scope of the plan, its projects, its schedule, its costs, or the revenue sources. If the voters fail to approve the redefined plan, the district shall continue to work on and complete the plan, and the projects in it, that was originally approved by the voters. If the voters approve the redefined plan, the district shall work on and complete the projects under the redefined plan.

(2) The board may modify the plan to change transportation projects within a participating county if:

(a) A majority of the board approves the change;

(b) The modifications are limited to projects within the county;

(c) The county submits to the voters in the county a ballot measure that redefines:

(i) Projects;

(ii) Scopes of projects; or

(iii) Costs; and

(iv) The financial plan for the county;

(d) The proposed modifications maintain the equity of the plan and does [do] not increase the total level of plan expenditure for the county.

If the voters fail to approve the modified plan, the district shall continue to work on and complete the plan, and the projects in it, that was originally approved by the voters. If the voters approve the redefined plan, the district shall work on and complete the projects under the redefined plan.

(3) If a transportation project cost exceeds its original cost by more than twenty percent as identified in the plan:

(a) The board shall, in coordination with the county legislative authorities, submit to the voters in the district or county a ballot measure that redefines the scope of the transportation project, its schedule, or its costs. If the voters fail to approve the redefined transportation project, the district shall terminate work on that transportation project, except that the district may take reasonable steps to use, preserve, or connect any improvement already constructed. The remainder of any funds that would otherwise have been expended on the termi-

nated transportation project must first be used to retire any outstanding debt attributable to the plan and then may be used to implement the remainder of the plan.

(b) Alternatively, upon adoption of a resolution by two or more participating counties:

(i) The counties shall submit to the voters in the district a ballot measure that redefines the scope of the plan, its transportation projects, its schedule, or its costs. If the voters fail to approve the redefined plan, the district shall terminate work on that plan, except that the district may take reasonable steps to use, preserve, or connect any improvement already constructed. The remainder of any funds must be used to retire any outstanding debt attributable to the plan; or

(ii) The counties may elect to have the district continue the transportation project without submitting an additional ballot proposal to the voters.

(4) To assure accountability to the public for the timely construction of the transportation improvement project or projects within cost projections, the district shall issue a report, at least annually, to the public and copies of the report to newspapers of record in the district. In the report, the district shall indicate the status of transportation project costs, transportation project expenditures, revenues, and construction schedules. The report may also include progress towards meeting the performance criteria provided under this chapter. [2003 c 194 § 2; 2002 c 56 § 114.]

**36.120.150 Department of transportation—Role.** (1) The department shall designate an office or division of dedicated staff and services whose primary responsibility is to coordinate the design, preliminary engineering, permitting, financing, and construction of transportation projects under consideration by a regional transportation investment district planning committee or that are part of a regional transportation investment plan being implemented by a regional transportation investment district.

(2) All of the powers granted the department under Title 47 RCW relating to highway construction may, at the request of a regional transportation investment district, be used to implement a regional transportation investment plan and construct transportation projects. [2002 c 56 § 115.]

**36.120.160 Ownership of improvements.** Any improvement to a state facility constructed under this chapter becomes and remains the property of this state. [2002 c 56 § 116.]

**36.120.170 Dissolution of district.** Within thirty days of the completion of the construction of the transportation project or series of projects forming the regional transportation investment plan, the district shall terminate day-to-day operations and exist solely as a limited entity that oversees the collection of revenue and the payment of debt service or financing still in effect, if any. The district shall accordingly adjust downward its employees, administration, and overhead expenses. Any taxes, fees, or tolls imposed under an approved plan terminate when the financing or debt service on the transportation project or series of transportation projects constructed is completed and paid, thirty days from which point the district shall dissolve itself and cease to exist.

(2004 Ed.)

If there is no debt outstanding, then the district shall dissolve within thirty days from completion of construction of the transportation project or series of transportation projects forming the regional transportation investment plan. Notice of dissolution must be published in newspapers of general circulation within the district at least three times in a period of thirty days. Creditors must file claims for payment of claims due within thirty days of the last published notice or the claim is extinguished. [2002 c 56 § 117.]

**36.120.180 Findings—Regional models—Grants.** The legislature finds that regional solutions to the state's transportation needs are of paramount concern. The legislature further recognizes that different areas of the state will need the flexibility to fashion local solutions to their transportation problems, and that regional transportation systems may evolve over time. Areas of the state outside of King, Snohomish, and Pierce counties are eligible for grants from the state of no more than two hundred thousand dollars each to study and develop regional transportation models. Regions receiving these grants shall:

(1) Develop a model that can be used within their region to select, fund, and administer regional transportation solutions;

(2) Adopt a county resolution approving the model proposed;

(3) Form interlocal agreements among counties as appropriate;

(4) Report to the transportation committees in the senate and house of representatives, petitioning the legislature to grant them authority to implement their proposed model. [2002 c 56 § 118.]

**36.120.190 Joint ballot measure.** At the option of the planning committee, and with the explicit approval of the regional transit authority, the participating counties may choose to impose any remaining high capacity transportation taxes under chapter 81.104 RCW that have not otherwise been used by a regional transit authority and submit to the voters a common ballot measure that creates the district, approves the regional transportation investment plan, implements the taxes, and implements any remaining high capacity transportation taxes within the boundaries of the regional transportation investment district. Collection and expenditures of any high capacity transportation taxes implemented under this section must be determined by agreement between the participating counties or district and the regional transit authority electing to submit high capacity transportation taxes to the voters under a common ballot measure as provided in this section. If the measure fails, all such unused high capacity transportation taxes revert back to and remain with the regional transit authority. A project constructed with this funding is not considered a "transportation project" under RCW 36.120.020. [2002 c 56 § 201.]

**36.120.200 Regional transportation investment district account.** The regional transportation investment district account is created in the custody of the state treasurer. The purpose of this account is to act as an account into which may be deposited state money, if any, that may be used in

conjunction with district money to fund transportation projects. Additionally, the district may deposit funds into this account for disbursement, as appropriate, on transportation projects. Nothing in this section requires any state matching money. All money deposited in the regional transportation investment district account will be used for design, right of way acquisition, capital acquisition, and construction, or for the payment of debt service associated with these activities, for regionally funded transportation projects developed under this chapter. Only the district may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW. An appropriation is not required for expenditures from this account. [2002 c 56 § 401.]

**36.120.900 Captions and subheadings not law—2002 c 56.** Captions and subheadings used in this act are not part of the law. [2002 c 56 § 501.]

**36.120.901 Severability—2002 c 56.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [2002 c 56 § 503.]

37.16.180 Jurisdiction ceded.

**Reviser's note:** Chapter 4, Laws of 1917, herein codified as chapter 37.16 RCW, is discussed in *State ex rel. Board of Commissioners v. Clausen*, 95 Wash. 214, 163 Pac. 744 (1917), where it is considered in conjunction with 1917 c 3, a special act authorizing (and directing) Pierce county to condemn property and issue bonds in payment of awards therefor in order to secure the location of Camp (now Fort) Lewis in that county. In prior compilations, Remington omitted 1917 c 4, and Pierce omitted all but section 22, ceding the state's jurisdiction to the United States. 1917 c 4 appears to have been a general act and for that reason was codified herein. Most of the sections in this chapter were subsequently repealed by 1971 c 76 § 6.

(c) The governor of a party state may, within his or her discretion, withhold the national guard forces of his or her state from such use and recall any forces or part or member thereof previously deployed in a requesting state.

(d) The national guard of this state is hereby authorized to engage in interdiction and counter-drug activities and demand reduction.

(e) The adjutant general of this state, in order to further the purposes of this compact, may enter into a mutual assistance and support agreement with one or more law enforcement agencies of this state, including federal law enforcement agencies operating within this state, or with the national guard of one or more other party states to provide personnel, assets, and services in the area of interdiction and counter-drug activities and demand reduction. However, no such agreement may be entered into with a party that is specifically prohibited by law from performing activities that are the subject of the agreement.

(f) The agreement must set forth the powers, rights, and obligations of the parties to the agreement, where applicable, as follows:

- (1) Its duration;
- (2) The organization, composition, and nature of any separate legal entity created thereby;
- (3) The purpose of the agreement;
- (4) The manner of financing the agreement and establishing and maintaining its budget;

- (6) Provision for administering the agreement, which may include creation of a joint board responsible for such administration;
- (7) The manner of acquiring, holding, and disposing of real and personal property used in this agreement, if necessary;
- (8) The minimum standards for national guard personnel implementing the provisions of this agreement;
- (9) The minimum insurance required of each party to the agreement, if necessary;
- (10) The chain of command or delegation of authority to be followed by national guard personnel acting under the provisions of the agreement;
- (11) The duties and authority that the national guard personnel of each party state may exercise; and
- (12) Any other necessary and proper matters.

Agreements prepared under the provisions of this section are exempt from any general law pertaining to intergovernmental agreements.

(g) As a condition precedent to an agreement becoming effective under this part, the agreement must be submitted to and receive the approval of the office of the attorney general of Washington. The attorney general of the state of Washington may delegate his or her approval authority to the appropriate attorney for the Washington national guard subject to those conditions which he or she decides are appropriate. The delegation must be in writing and is subject to the following:

(1) The attorney general, or his or her agent as stated above, shall approve an agreement submitted to him or her

under this part unless he or she finds that it is not in proper form, does not meet the requirements set forth in this part, or otherwise does not conform to the laws of Washington. If the attorney general disapproves an agreement, he or she shall provide a written explanation to the adjutant general of the Washington national guard; and

(2) If the attorney general, or his or her authorized agent as stated above, does not disapprove an agreement within thirty days after its submission to him or her, it is considered approved by him or her.

(h) Whenever national guard forces of any party state are engaged in the performance of duties, in the area of drug interdiction, counter-drug, and demand reduction activities, pursuant to orders, they shall not be held personally liable for any acts or omissions which occur during the performance of their duty.

#### ARTICLE IV RESPONSIBILITIES

(a) Nothing in this compact shall be construed as a waiver of any benefits, privileges, immunities, or rights otherwise provided for national guard personnel performing duty pursuant to Title 32 of the United States Code nor shall anything in this compact be construed as a waiver of coverage provided for under the Federal Tort Claims Act. In the event that national guard personnel performing counter-drug activities do not receive rights, benefits, privileges, and immunities otherwise provided for national guard personnel as stated above, the following provisions shall apply:

(1) Whenever national guard forces of any responding state are engaged in another state in carrying out the purposes of this compact, the members thereof so engaged shall have the same powers, duties, rights, privileges, and immunities as members of national guard forces of the requesting state. The requesting state shall save and hold members of the national guard forces of responding states harmless from civil liability, except as otherwise provided herein, for acts or omissions that occur in the performance of their duty while engaged in carrying out the purposes of this compact, whether responding forces are serving the requesting state within the borders of the responding state or are attached to the requesting state for purposes of operational control.

(2) Subject to the provisions of paragraphs (3), (4), and (5) of this Article, all liability that may arise under the laws of the requesting state or the responding states, on account of or in connection with a request for assistance or support, shall be assumed and borne by the requesting state.

(3) Any responding state rendering aid or assistance pursuant to this compact shall be reimbursed by the requesting state for any loss or damage to, or expense incurred in the operation of, any equipment answering a request for aid, and for the cost of the materials, transportation, and maintenance of national guard personnel and equipment incurred in connection with such request, provided that nothing herein contained shall prevent any responding state from assuming such loss, damage, expense, or other cost.

(4) Unless there is a written agreement to the contrary, each party state shall provide, in the same amounts and manner as if they were on duty within their state, for pay and allowances of the personnel of its national guard units while engaged without the state pursuant to this compact and while

going to and returning from such duty pursuant to this compact.

(5) Each party state providing for the payment of compensation and death benefits to injured members and the representatives of deceased members of its national guard forces in case such members sustain injuries or are killed within their own state shall provide for the payment of compensation and death benefits in the same manner and on the same terms in the event such members sustain injury or are killed while rendering assistance or support pursuant to this compact. Such benefits and compensation shall be deemed items of expense reimbursable pursuant to paragraph (3) of this Article.

(b) Officers and enlisted personnel of the national guard performing duties subject to proper orders pursuant to this compact shall be subject to and governed by the provisions of their home state code of military justice whether they are performing duties within or without their home state. In the event that any national guard member commits, or is suspected of committing, a criminal offense while performing duties pursuant to this compact without his or her home state, he or she may be returned immediately to his or her home state and said home state shall be responsible for any disciplinary action to be taken. However, nothing in this section shall abrogate the general criminal jurisdiction of the state in which the offense occurred.

#### ARTICLE V DELEGATION

Nothing in this compact shall be construed to prevent the governor of a party state from delegating any of his or her responsibilities or authority respecting the national guard, provided that such delegation is otherwise in accordance with law. For purposes of this compact, however, the governor shall not delegate the power to request assistance from another state.

#### ARTICLE VI LIMITATIONS

Nothing in this compact shall:

(a) Authorize or permit national guard units or personnel to be placed under the operational control of any person not having the national guard rank or status required by law for the command in question.

(b) Deprive a properly convened court of jurisdiction over an offense or a defendant merely because of the fact that the national guard, while performing duties pursuant to this compact, was utilized in achieving an arrest or indictment.

#### ARTICLE VII CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the Constitution of the United States or of any state or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby.

If this compact shall be held contrary to the constitution of any state participating herein, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters. [1993 c 263 § 2.]

### Chapter 38.10 RCW EMERGENCY MANAGEMENT ASSISTANCE COMPACT

#### Sections

38.10.010 Emergency management assistance compact.  
38.10.900 Severability—2001 c 288.

**38.10.010 Emergency management assistance compact.** The emergency management assistance compact is enacted and entered into by this state with all other states legally joining the compact in the form substantially as follows:

#### ARTICLE I PURPOSES AND AUTHORITIES

This compact is made and entered into by and between the participating party states which enact this compact. For the purposes of this agreement, the term "states" means the several states, the Commonwealth of Puerto Rico, the District of Columbia, and all United States territorial possessions.

The purpose of this compact is to provide for mutual assistance between the states entering into this compact in managing any emergency or disaster that is duly declared by the governor of the affected state or states, whether arising from natural disaster, technological hazard, man-made disaster, civil emergency aspects of resources shortages, community disorders, insurgency, or enemy attack.

This compact shall also provide for mutual cooperation in emergency-related exercises, testing, or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by party states or subdivisions of party states during emergencies, such actions occurring outside actual declared emergency periods. Mutual assistance in this compact may include the use of the states' national guard forces, either in accordance with the national guard mutual assistance compact, or by mutual agreement between states.

#### ARTICLE II GENERAL IMPLEMENTATION

Each party state entering into this compact recognizes many emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential in managing these and other emergencies under this compact. Each state further recognizes that there will be emergencies which require immediate access and present procedures to apply outside resources to make a prompt and effective response to the emergency. This is because few, if any, individual states have all the resources they may need in all types of emergencies or the capability of delivering resources to areas where emergencies exist.

The prompt, full, and effective utilization of resources of the participating states, including any resources on hand or

available from the federal government or any other source, that are essential to the safety, care, and welfare of the people in the event of any emergency or disaster declared by a party state, shall be the underlying principle on which all articles of this compact shall be understood.

On behalf of the governor of each state participating in the compact, the legally designated state official who is assigned responsibility for emergency management will be responsible for formulation of the appropriate interstate mutual aid plans and procedures necessary to implement this compact.

### ARTICLE III PARTY STATE RESPONSIBILITIES

(1) It shall be the responsibility of each party state to formulate procedural plans and programs for interstate cooperation in the performance of the responsibilities listed in this article. In formulating such plans, and in carrying them out, the party states, as is practical, shall:

(a) Review individual state hazards analyses and, to the extent reasonably possible, determine all those potential emergencies the party states might jointly suffer, whether due to natural disaster, technological hazard, man-made disaster, emergency aspects of resource shortages, civil disorders, insurgency, or enemy attack;

(b) Review party states' individual emergency plans and develop a plan which will determine the mechanism for the interstate management and provision of assistance concerning any potential emergency;

(c) Develop interstate procedures to fill any identified gaps and to resolve any identified inconsistencies or overlaps in existing or developed plans;

(d) Assist in warning communities adjacent to or crossing the state boundaries;

(e) Protect and assure uninterrupted delivery of services, medicines, water, food, energy and fuel, search and rescue, and critical lifeline equipment, services, and resources, both human and material;

(f) Inventory and set procedures for the interstate loan and delivery of human and material resources, together with procedures for reimbursement or forgiveness;

(g) Provide, to the extent authorized by law, for temporary suspension of any statutes or ordinances that restrict the implementation of the responsibilities listed in this compact.

(2) The authorized representative of a party state may request assistance of another party state by contacting the authorized representative of that state. The provisions of this agreement shall only apply to requests for assistance made by and to authorized representatives. Requests may be verbal or in writing. If verbal, the request shall be confirmed in writing within thirty days of the verbal request. Requests shall provide the following information:

(a) A description of the emergency services function for which assistance is needed, such as, but not limited to, fire services, law enforcement, emergency medical, transportation, communications, public works and engineering, building inspection, planning and information assistance, mass care, resource support, health and medical services, and search and rescue;

(b) The amount and type of personnel, equipment, materials, and supplies needed, and a reasonable estimate of the length of time they will be needed;

(c) The specific place and time for staging of the assisting party's response and a point of contact at that location.

(3) There shall be frequent consultation between state officials who have assigned emergency management responsibilities and other appropriate representatives of the party states with affected jurisdictions and the United States government, with free exchange of information, plans, and resource records relating to emergency capabilities.

### ARTICLE IV LIMITATIONS

Any party state requested to render mutual aid or conduct exercises and training for mutual aid shall take such action as is necessary to provide and make available the resources covered by this compact in accordance with the terms of this compact. However, it is understood that the state rendering aid may withhold resources to the extent necessary to provide reasonable protection for the state. Each party state shall afford to the emergency forces of any party state, while operating within its state limits under the terms and conditions of this compact, the same powers except that of arrest unless specifically authorized by the receiving state, duties, rights, and privileges as are afforded forces of the state in which they are performing emergency services. Emergency forces will continue under the command and control of their regular leaders, but the organizational units will come under the operational control of the emergency services authorities of the state receiving assistance. These conditions may be activated, as needed, only subsequent to a declaration of a state of emergency or disaster by the governor of the party state that is to receive assistance or commencement of exercises or training for mutual aid and shall continue so long as the exercise or training for mutual aid are in progress, the state of emergency or disaster remains in effect, or loaned resources remain in the receiving state or states, whichever is longer.

### ARTICLE V LICENSES AND PERMITS

Whenever any person holds a license, certificate, or other permit issued by any state party to the compact evidencing the meeting of qualifications for professional, mechanical, or other skills, and when such assistance is requested by the receiving party state, such person shall be deemed licensed, certified, or permitted by the state requesting assistance to render aid involving such skill to meet a declared emergency or disaster, subject to such limitations and conditions as the governor of the requesting state may prescribe by executive order or otherwise.

### ARTICLE VI LIABILITY

Officers or employees of a party state rendering aid in another state under this compact shall be considered agents of the requesting state for tort liability and immunity purposes; and no party state or its officers or employees rendering aid in another state under this compact shall be liable on account of

any act or omission in good faith on the part of such forces while so engaged or on account of the maintenance or use of any equipment or supplies in connection therewith. Good faith in this article may not include willful misconduct, gross negligence, or recklessness.

#### ARTICLE VII SUPPLEMENTARY AGREEMENTS

Inasmuch as it is probable that the pattern and detail of the machinery for mutual aid among two or more states may differ from that among the states that are party to this compact, this instrument contains elements of a broad base common to all states, and nothing in this compact shall preclude any state from entering into supplementary agreements with another state or affect any other agreements already in force between states. Supplementary agreements may comprehend, but shall not be limited to, provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, and equipment and supplies.

#### ARTICLE VIII COMPENSATION

Each party state shall provide for payment of compensation and death benefits to injured members of the emergency forces of that state and representatives of deceased members of such forces in case such members sustain injuries or are killed while rendering aid under this compact, in the same manner and on the same terms as if the injury or death were sustained within their own state.

#### ARTICLE IX REIMBURSEMENT

Any party state rendering aid in another state under this compact shall be reimbursed by the party state receiving the aid for any loss or damage to or expense incurred in the operation of any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with the requests. However, any aiding party state may assume in whole or in part the loss, damage, expense, or other cost, or may loan equipment or donate services to the receiving party state without charge or cost; and any two or more party states may enter into supplementary agreements establishing a different allocation of costs among those states. Article VIII expenses may not be reimbursable under this article.

#### ARTICLE X EVACUATION

Plans for the orderly evacuation and interstate reception of portions of the civilian population as the result of any emergency or disaster of sufficient proportions to so warrant, shall be worked out and maintained between the party states and the emergency management/services directors of the various jurisdictions where any type of incident requiring evacuation might occur. The plans shall be put into effect by request of the state from which evacuees come and shall include the manner of transporting evacuees, the number of evacuees to be received in different areas, the manner in

which food, clothing, housing, and medical care will be provided, the registration of evacuees, the providing of facilities for the notification of relatives or friends, and the forwarding of evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. Plans shall provide that the party state receiving evacuees and the party state from which the evacuees come shall mutually agree as to reimbursement of out-of-pocket expenses incurred in receiving and caring for the evacuees, for expenditures for transportation, food, clothing, medicines and medical care, and like items. Expenditures shall be reimbursed as agreed by the party state from which the evacuees come. After the termination of the emergency or disaster, the party state from which the evacuees come shall assume the responsibility for the ultimate support of repatriation of the evacuees.

#### ARTICLE XI IMPLEMENTATION

(1) This compact shall become operative immediately upon its enactment into law by any two states. After the first enactment, this compact shall become effective as to any other state upon its enactment by such state.

(2) Any party state may withdraw from this compact by enacting a statute repealing the compact, but no withdrawal may take effect until thirty days after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states. This action may not relieve the withdrawing state from obligations assumed under this compact before the effective date of withdrawal.

(3) Duly authenticated copies of this compact and such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party states, and with the federal emergency management agency and other appropriate agencies of the United States government.

#### ARTICLE XII ADDITIONAL PROVISIONS

Nothing in this compact shall authorize or permit the use of military force by the national guard of a state at any place outside that state in any emergency for which the president is authorized by law to call into federal service the militia, or for any purpose for which the use of the army or the air force would in the absence of express statutory authorization be prohibited under 18 U.S.C. Sec. 1385. [2001 c 288 § 1.]

**38.10.900 Severability—2001 c 288.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [2001 c 288 § 2.]

Supp. 1943 § 8603-16, part.]

**38.12.030 Adjutant general and assistant adjutants general—How chosen—Annual salaries—Members of judiciary eligible to serve in guard.** Whenever a vacancy has occurred, or is about to occur in the office of the adjutant general, the governor shall order to active service for that position from the active list of the Washington army national guard or Washington air national guard an officer not below the rank of a field grade officer who has had at least ten years service as an officer on the active list of the Washington army national guard or the Washington air national guard during the fifteen years next prior to such detail. The composition, appointment and procedure of examining boards and the nature and scope of examinations shall be as prescribed by the laws or regulations of the United States or those of this state. Whenever a commissioned officer shall have been examined for promotion pursuant to this section and shall have been adjudged not qualified therefor, upon approval by the authority appointing the board of its report to that effect such officer may be honorably discharged, retired or placed in the reserve as the governor shall direct. **38.12.095 Appointment or promotion of commissioned officers to be made by officer promotion board—Exceptions.** Whenever a commissioned officer is to be appointed or promoted either to fill a vacancy in the organized militia (Washington army national guard, Washington air national guard and the Washington state guard) or for any other reason, the officer to be appointed or promoted shall be selected by the officer promotion board. This selection in no way will change the powers of the governor under RCW 38.12.060. This section in no way applies to appointments or promotions to adjutant general or assistant adjutant general,

to the appointment of officers to the rank of captain, lieutenant, or warrant officer, or to the promotion of second lieutenants, first lieutenants, or warrant officers. [1989 c 19 § 16; 1974 ex.s. c 34 § 1.]

**38.12.105 Criteria and guidelines for promotion of commissioned officers.** All promotions of commissioned officers in the organized militia will be made on a best-qualified basis. Supp. 1943 § 8603-29. Prior: 1917 c 107 § 26; 1909 c 134 § 36, part; 1895 c 108 § 51.]

authority or any other duty requiring the entire time of any organization or person except when called or drafted into the federal service by the president of the United States.

The term "inactive duty" shall include periods of drill and such other training and service not requiring the entire time of the organization or person, as may be required under state or federal laws, regulations, or orders, including travel to and from such duty.

(17) "Shall" is used in an imperative sense.

(18) "Code" means this chapter.

(19) "A month's pay" or fraction thereof shall be calculated based upon a member's basic pay entitlement as if the member were serving for a thirty-day period. [1989 c 48 § 1; 1963 c 220 § 1.]

**Effective date—1963 c 220:** "This act shall take effect on July 1, 1963." [1963 c 220 § 140.] For codification of 1963 c 220, see Codification Tables, Volume 0.

A court-martial so convened has jurisdiction to try the dismissed officer on

those charges, and the officer shall be considered to have waived the right to plead any statute of limitations applicable to any offense with which the officer is charged. The court-martial may, as part of its sentence, adjudge the affirmance of the dismissal, but if the court-martial acquits the accused or if the sentence adjudged, as finally approved or affirmed, does not include dismissal, the chief of staff to the governor or adjutant general shall substitute for the dismissal ordered by the governor a form of discharge authorized for administrative issue.

(2) If the governor fails to convene a general court-martial within six months from the presentation of an application for trial under this code, the chief of staff to the governor or adjutant general shall substitute for the dismissal ordered by the governor a form of discharge authorized for administrative issue.

(3) If a discharge is substituted for a dismissal under this code, the governor alone may reappoint the officer to such commissioned grade and with such rank as, in the opinion of the governor, that former officer would have attained had the officer not been dismissed. The reappointment of such a former officer may be made only if a vacancy is available under applicable tables of organization. All time between the dismissal and the reappointment shall be considered as actual service for all purposes.

(4) If an officer is discharged from the organized militia by administrative action or by board proceedings under law, or is dropped from the rolls by order of the governor, the officer has no right to trial under this section. [1989 c 48 § 4; 1963 c 220 § 4.]

**38.38.020 [Art. 5] Territorial applicability of the code.** (1) This code applies throughout the state. It also applies to all persons otherwise subject to this code while they are serving outside the state, and while they are going to and returning from such service outside the state, in the same manner and to the same extent as if they were serving inside the state.

(2) Courts-martial and courts of inquiry may be convened and held in units of the organized militia while those units are serving outside the state with the same jurisdiction and powers as to persons subject to this code as if the proceedings were held inside the state, and offenses committed outside the state may be tried and punished either inside or outside the state. [1989 c 48 § 5; 1963 c 220 § 5.]

**38.38.024 [Art. 6] Judge advocates and legal officers.** (1) The governor, on the recommendation of the adjutant general, shall appoint an officer of the organized militia as state judge advocate. To be eligible for appointment, an officer must be a member of the bar of the highest court of the state and must have been a member of the bar of the state for at least five years.

(2) Any person authorized by this code, or by regulations issued under it, to apprehend persons subject to this code, any marshal of a court-martial appointed pursuant to the provisions of this code, and any peace officer authorized to do so by law, may do so upon reasonable belief that an offense has been committed and that the person apprehended committed it.

(3) Commissioned officers, warrant officers, and non-commissioned officers have authority to quell quarrels, frays, and disorders among persons subject to this code and to apprehend persons subject to this code who take part therein. [1989 c 48 § 7; 1963 c 220 § 7.]

If an offender is apprehended outside of the state of Washington, the return to the area must be in accordance with normal extradition procedures or reciprocal agreement. [1989 c 48 § 8; 1963 c 220 § 8.]

(2) An enlisted member may be ordered into arrest or confinement by any commissioned officer by an order, oral or written, delivered in person or through other persons subject to this code or through any person authorized by this code to apprehend persons. A commanding officer may authorize warrant officers or noncommissioned officers to order enlisted members of the officer's command or subject to the officer's authority into arrest or confinement.

(3) A commissioned officer or a warrant officer may be ordered apprehended or into arrest or confinement only by a commanding officer to whose authority the officer is subject, by an order, oral or written, delivered in person or by another commissioned officer. The authority to order such persons apprehended or into arrest or confinement may not be delegated.

(4) No person may be ordered apprehended or into arrest or confinement except for probable cause.

(5) This section does not limit the authority of persons authorized to apprehend offenders to secure the custody of an alleged offender until proper authority may be notified. [1989 c 48 § 9; 1963 c 220 § 9.]

**38.38.076 [Art. 10] Restraint of persons charged with offenses.** Any person subject to this code charged with an offense under this code shall be ordered into arrest or confinement, as circumstances may require; but when charged only with an offense normally tried by a summary court-martial, such person shall not ordinarily be placed in confinement. When any person subject to this code is placed in arrest or confinement prior to trial, immediate steps shall be taken to inform the person of the specific wrong of which he or she is accused and to try the person or to dismiss the charges and release the person. [1989 c 48 § 10; 1963 c 220 § 10.]

**38.38.080 [Art. 10a] Confinement in jails.** Persons confined other than in a guard house, whether before, during or after trial by a military court, shall be confined in civil jails, penitentiaries, or prisons designated by the governor or by such person as the governor may authorize to act. [1989 c 48 § 11; 1963 c 220 § 11.]

**38.38.084 [Art. 11] Reports and receiving of prisoners.** (1) No provost marshal, commander of a guard, master at arms, warden, keeper, or officer of a city or county jail or any other jail, penitentiary, or prison designated under RCW 38.38.080, may refuse to receive or keep any prisoner committed to his or her charge, when the committing person furnishes a statement, signed by the committing person, of the offense charged against the prisoner.

(2) Every commander of a guard, master at arms, warden, keeper, or officer of a city or county jail or of any other jail, penitentiary, or prison designated under RCW 38.38.080, to whose charge a prisoner is committed shall, within twenty-four hours after that commitment or as soon as he or she is relieved from guard, report to the commanding officer of the prisoner the name of the prisoner, the offense charged against the prisoner, and the name of the person who ordered or authorized the commitment. [1989 c 48 § 12; 1963 c 220 § 12.]

**38.38.088 [Art. 13] Punishment prohibited before trial.** Subject to RCW 38.38.488, no person, while being held for trial or the result of trial, may be subjected to punishment or penalty other than arrest or confinement upon the charges pending against the person, nor shall the arrest or confinement imposed upon the person be any more rigorous than the circumstances require to insure his or her presence, but the person may be subjected to minor punishment during

that period for infractions of discipline. [1989 c 48 § 13; 1963 c 220 § 13.]

**38.38.092 [Art. 14] Delivery of offenders to civil authorities.** (1) Under such regulations as may be prescribed under this code a person subject to this code who is on active state service or inactive duty who is accused of an offense against civil authority may be delivered, upon request, to the civil authority for trial.

(2) When delivery under this section is made to any civil authority of a person undergoing sentence of a court-martial, the delivery, if followed by conviction in a civil tribunal, interrupts the execution of the sentence of the court-martial, and the offender after having answered to the civil authorities for the offense shall, upon the request of competent military authority, be returned to military custody for the completion of the sentence. [1989 c 48 § 14; 1963 c 220 § 14.]

### PART III—NONJUDICIAL PUNISHMENT

**38.38.132 [Art. 15] Commanding officer's nonjudicial punishment—Suspension—Appeal.** (1) Under such regulations as the governor may prescribe, limitations may be placed on the powers granted by this section with respect to the kind and amount of punishment authorized, the categories of commanding officers and warrant officers exercising command authorized to exercise those powers, the applicability of this section to an accused who demands trial by court-martial, and the kinds of courts-martial to which the case may be referred upon such a demand. However, except in the case of a member attached to or embarked in a vessel, punishment may not be imposed upon any member of the organized militia under this section if the member has, before the imposition of such punishment, demanded trial by court-martial in lieu of such punishment. Under similar regulations, rules may be prescribed with respect to the suspension of punishments authorized hereunder. If authorized by regulations of the governor, a commanding officer exercising general court-martial jurisdiction or an officer of general rank in command may delegate powers under this section to a principal assistant.

(2) Subject to subsection (1) of this section, any commanding officer may, in addition to or in lieu of admonition or reprimand, impose one or more of the following disciplinary punishments for minor offenses without the intervention of a court-martial:

(a) Upon officers of his or her command:

(i) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive duty or drill days;

(ii) If imposed by an officer exercising general court-martial jurisdiction or an officer of general rank in command:

(A) Forfeiture of up to thirty days' pay, but not more than fifteen days' pay per month;

(B) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive drill or duty days;

(C) Detention of up to forty-five days' pay, but not more than fifteen days' pay per month;

(b) Upon other personnel of his or her command:

(i) If imposed upon a person attached to or embarked in a vessel, confinement for not more than three consecutive days;

(ii) Forfeiture of not more than seven days' pay;

(iii) Reduction to the next inferior pay grade, if the grade from which demoted is within the promotion authority of the officer imposing the reduction or any officer subordinate to the one who imposes the reduction;

(iv) Extra duties, including fatigue or other duties for not more than fourteen duty or drill days, which need not be consecutive, and for not more than two hours per day, holidays included;

(v) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive days;

(vi) Detention of not more than fourteen days' pay;

(vii) If imposed by an officer of the grade of major or above:

(A) The punishment authorized in subsection (2)(b)(i) of this section;

(B) Forfeiture of up to thirty days' pay, but not more than fifteen days' pay per month;

(C) Reduction to the lowest or any intermediate pay grade, if the grade from which demoted is within the promotion authority of the officer imposing the reduction or any officer subordinate to the one who imposes the reduction, but an enlisted member in a pay grade above E-4 may not be reduced more than two pay grades;

(D) Extra duties, including fatigue or other duties, for not more than fourteen drill or duty days, which need not be consecutive, and for not more than two hours per day, holidays included;

(E) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive days;

(F) Detention of up to forty-five days' pay, but not more than fifteen days' pay per month.

Detention of pay shall be for a stated period of not more than one year but if the offender's term of service expires earlier, the detention shall terminate upon that expiration. Extra duties and restriction may not be combined to run consecutively in the maximum amount impossible for each. Whenever any such punishments are combined to run consecutively, there must be an apportionment. In addition, forfeiture of pay may not be combined with detention of pay without an apportionment.

(3) An officer in charge may impose upon enlisted members assigned to the unit of which the officer is in charge such of the punishment authorized under subsection (2)(b) of this section as the governor may specifically prescribe by regulation.

(4) The officer who imposes the punishment authorized in subsection (2) of this section, or a successor in command, may, at any time, suspend probationally any part or amount of the unexecuted punishment imposed and may suspend probationally a reduction in grade or a forfeiture imposed under subsection (2) of this section, whether or not executed. In addition, the officer may, at any time, remit or mitigate any part or amount of the unexecuted punishment imposed and may set aside in whole or in part the punishment, whether executed or unexecuted, and restore all rights, privileges, and

property affected. The officer may also mitigate reduction in grade to forfeiture or detention of pay. When mitigating extra duties to restriction, the restriction shall not be longer than the number of hours of extra duty that may have been imposed. When mitigating reduction in grade to forfeiture or detention of pay, the amount of the forfeiture or detention shall not be greater than the amount that could have been imposed initially under this section by the officer who imposed the punishment mitigated.

(5) A person punished under this section who considers the punishment unjust or disproportionate to the offense may, through the proper channel, appeal to the next superior authority. The appeal shall be promptly forwarded and decided, but the person punished may in the meantime be required to undergo the punishment adjudged. The superior authority may exercise the same powers with respect to the punishment imposed as may be exercised under subsection (4) of this section by the officer who imposed the punishment. Before acting on an appeal from a punishment of:

- (a) Forfeiture of more than seven days' pay;
  - (b) Reduction of one or more pay grades from the fourth or a higher pay grade;
  - (c) Extra duties for more than ten days;
  - (d) Restriction for more than ten days; or
  - (e) Detention of more than fourteen days' pay;
- the authority who is to act on the appeal shall refer the case to a judge advocate for consideration and advice, and may so refer the case upon appeal from any punishment imposed under subsection (2) of this section.

(6) The imposition and enforcement of disciplinary punishment under this section for any act or omission is not a bar to trial by court-martial for a serious crime or offense growing out of the same act or omission, and not properly punishable under this section; but the fact that a disciplinary punishment has been enforced may be shown by the accused upon trial, and when so shown shall be considered in determining the measure of punishment to be adjudged in the event of a finding of guilty.

(7) The governor may by regulation prescribe the form of records to be kept of proceedings under this section and may also prescribe that certain categories of those proceedings shall be in writing. [1991 c 43 § 5; 1989 c 48 § 15; 1963 c 220 § 15.]

#### PART IV—COURTS-MARTIAL JURISDICTION

**38.38.172 [Art. 16] Courts-martial of organized militia not in federal service—Composition—Jurisdiction—Powers and proceedings.** (1) In the organized militia not in federal service, there are general, special, and summary courts-martial constituted like similar courts of the armed forces of the United States. They have the jurisdiction and powers, except as to punishments, and shall follow the forms and procedures provided for those courts.

(2) The three kinds of courts-martial are:

(a) General courts-martial, consisting of a military judge and not less than five members, or only a military judge, if before the court is assembled the accused, knowing the identity of the military judge and after consultation with defense counsel, requests orally on the record or in writing a court

composed only of a military judge and the military judge approves;

(b) Special courts-martial, consisting of not less than three members, or a military judge and not less than three members, or only a military judge, if one has been detailed to the court, and the accused under the same conditions as those prescribed in (a) of this subsection so requests; and

(c) Summary courts-martial, consisting of one commissioned officer. [1989 c 48 § 16; 1963 c 220 § 16.]

**38.38.176 [Art. 17] Jurisdiction of courts-martial in general.** Each force of the organized militia has court-martial jurisdiction over all persons subject to this code. The exercise of jurisdiction by one force over personnel of another force shall be in accordance with regulations prescribed by the governor. [1989 c 48 § 17; 1963 c 220 § 17.]

**38.38.180 [Art. 18] Jurisdiction of general courts-martial.** Subject to RCW 38.38.176, general courts martial have jurisdiction to try persons subject to this code for any offense made punishable by this code and may, under such limitations as the governor may prescribe, adjudge any of the following punishments:

- (1) A fine of not more than two hundred dollars;
  - (2) Forfeiture of pay and allowances;
  - (3) A reprimand;
  - (4) Dismissal or dishonorable discharge;
  - (5) Reduction of a noncommissioned officer to the ranks;
- or
- (6) Any combination of these punishments. [1963 c 220 § 18.]

**38.38.184 [Art. 19] Jurisdiction of special courts-martial—Dishonorable discharge.** Subject to RCW 38.38.176, special courts-martial have jurisdiction to try persons subject to this code for any offense for which they may be punished under this code. A special court-martial has the same powers of punishment as a general court-martial, except that a fine imposed by a special court-martial may not be more than one hundred dollars for a single offense. A dishonorable discharge may not be adjudged unless a complete record of the proceedings and testimony has been made, counsel having the qualifications prescribed under RCW 38.38.260 was detailed to represent the accused, and a military judge was detailed to the trial, except in any case in which a military judge could not be detailed to the trial because of physical conditions or military exigencies. In any such case in which a military judge was not detailed to the trial, the convening authority shall make a detailed written statement, to be appended to the record, stating the reason or reasons a military judge could not be detailed. [1989 c 48 § 18; 1963 c 220 § 19.]

**38.38.188 [Art. 20] Jurisdiction of summary courts-martial.** (1) Subject to RCW 38.38.176, summary courts-martial have jurisdiction to try persons subject to this code, except officers for any offense made punishable by this code.

(2) No person with respect to whom summary courts-martial have jurisdiction may be brought to trial before a summary court-martial if the person objects thereto, unless

under RCW 38.38.132 the person has been permitted and has elected to refuse punishment under that section. If objection to trial by summary court-martial is made by an accused who has been permitted to refuse punishment under RCW 38.38.132, trial shall be ordered by special or general court-martial, as may be appropriate.

(3) A summary court-martial may sentence to a fine of not more than twenty-five dollars for a single offense, to forfeiture of pay and allowances, and to reduction of a noncommissioned officer to the ranks. [1989 c 48 § 19; 1963 c 220 § 20.]

**38.38.192 Sentences of dismissal or dishonorable discharge to be approved by the governor.** In the organized militia not in federal service, no sentence of dismissal or dishonorable discharge may be executed until it is approved by the governor. [1963 c 220 § 21.]

**38.38.196 Complete record of proceedings and testimony if dishonorable discharge or dismissal adjudged.** A dishonorable discharge or dismissal may not be adjudged by any court-martial unless a complete record of the proceedings and testimony before the court has been made. [1989 c 48 § 20; 1963 c 220 § 22.]

**38.38.200 Confinement instead of fine.** In the organized militia not in federal service, a court-martial may, instead of imposing a fine, sentence to confinement for not more than one day for each dollar of the authorized fine. [1989 c 48 § 21; 1963 c 220 § 23.]

#### PART V—APPOINTMENT AND COMPOSITION OF COURTS-MARTIAL

**38.38.240 [Art. 22] Who may convene general courts-martial.** In the organized militia not in federal service, general courts-martial may be convened by the president or by the governor, or by the commanding general of the national guard of the District of Columbia. [1989 c 48 § 22; 1963 c 220 § 24.]

**38.38.244 [Art. 23] Special courts-martial of organized militia not in federal service—Who may convene.** (1) In the organized militia not in federal service, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a brigade, regiment, wing, group, detached battalion, separate squadron, or other detached command, may convene special courts-martial. Special courts-martial may also be convened by superior authority. When any such officer is an accuser, the court shall be convened by superior competent authority.

(2) A special court-martial may not try a commissioned officer. [1989 c 48 § 23; 1963 c 220 § 25.]

**38.38.248 [Art. 24] Summary courts-martial of organized militia not in federal service—Who may convene.** (1) In the organized militia not in federal service, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a regiment, wing, group, detached battalion, detached squad-

ron, detached company, or other detachment, may convene a summary court-martial consisting of one commissioned officer. The proceedings shall be informal.

(2) When only one commissioned officer is present with a command or detachment the commissioned officer shall be the summary court-martial of that command or detachment and shall hear and determine all summary court-martial cases brought before him or her. Summary courts-martial may, however, be convened in any case by superior competent authority when considered desirable. [1989 c 48 § 24; 1963 c 220 § 26.]

**38.38.252 [Art. 25] Who may serve on courts-martial.** (1) Any commissioned officer of or on duty with the organized militia is eligible to serve on all courts-martial for the trial of any person who may lawfully be brought before such courts for trial.

(2) Any warrant officer of or on duty with the organized militia is eligible to serve on general and special courts-martial for the trial of any person, other than a commissioned officer, who may lawfully be brought before such courts for trial.

(3)(a) Any enlisted member of the organized militia who is not a member of the same unit as the accused is eligible to serve on general and special courts-martial for the trial of any enlisted member who may lawfully be brought before such courts for trial, but shall serve as a member of a court only if, before the conclusion of a session called by the military judge under RCW 38.38.380(1) prior to trial or, in the absence of such a session, before the court is assembled for the trial of the accused, the accused personally has requested in writing that enlisted members serve on it. After such a request, the accused may not be tried by a general or special court-martial the membership of which does not include enlisted members in a number comprising at least one-third of the total membership of the court, unless eligible members cannot be obtained on account of physical conditions or military exigencies. If such members cannot be obtained, the court may be convened and the trial held without them, but the convening authority shall make a detailed written statement, to be appended to the record, stating why they could not be obtained.

(b) In this section, the word "unit" means any regularly organized body of the organized militia not larger than a company, a squadron, or a body corresponding to one of them.

(4)(a) When it can be avoided, no person subject to this code may be tried by a court-martial any member of which is junior to the person in rank or grade.

(b) When convening a court-martial, the convening authority shall detail as members thereof such members as, in his or her opinion, are best qualified for the duty by reason of age, education, training, experience, length of service, and judicial temperament. No member is eligible to serve as a member of a general or special court-martial when the member is the accuser or a witness for the prosecution or has acted as investigating officer or as counsel in the same case.

(c) Before a court-martial is assembled for the trial of a case, the convening authority may excuse a member of the court from participating in the case. Under such regulations as the governor may prescribe, the convening authority may

delegate his or her authority under this subsection to the staff judge advocate or to any other principal assistant. [1989 c 48 § 25; 1963 c 220 § 27.]

**38.38.256 [Art. 26] Military judge of a general or special court-martial.** (1) A military judge shall be detailed to each general court-martial. Subject to regulations of the governor, a military judge may be detailed to any special court-martial. The governor shall prescribe regulations providing for the manner in which military judges are detailed for such courts-martial and for the persons who are authorized to detail military judges for such courts-martial. The military judge shall preside over each open session of the court-martial to which he or she has been detailed.

(2) A military judge shall be a commissioned officer of the armed forces who is a member of the bar of a federal court or a member of the bar of the highest court of a state and who is certified to be qualified for duty as a military judge by the state judge advocate.

(3) The military judge of a general court-martial shall be designated by the state judge advocate or a designee for detail in accordance with regulations prescribed under subsection (1) of this section. Unless the court-martial was convened by the governor, neither the convening authority nor any member of the staff shall prepare or review any report concerning the effectiveness, fitness, or efficiency of the military judge so detailed, which relates to performance of duty as a military judge. A commissioned officer who is certified to be qualified for duty as a military judge of a general court-martial may perform such duties only when he or she is assigned and directly responsible to the state judge advocate or designee, and may perform duties of a judicial or nonjudicial nature other than those relating to the primary duty as a military judge of a general court-martial when such duties are assigned by or with the approval of the state judge advocate or designee.

(4) No person is eligible to act as military judge in a case if the person is the accuser or a witness for the prosecution or has acted as investigating officer or a counsel in the same case.

(5) The military judge of a court-martial may not consult with the members of the court except in the presence of the accused, trial counsel, and defense counsel, nor may the military judge vote with the members of the court. [1989 c 48 § 26; 1963 c 220 § 28.]

**38.38.260 [Art. 27] Detail of trial counsel and defense counsel.** (1)(a) Trial counsel and defense counsel shall be detailed for each general and special court-martial. Assistant trial counsel and assistant and associate defense counsel may be detailed for each general and special court-martial. The governor shall prescribe regulations providing for the manner in which counsel are detailed for such courts-martial and for the persons who are authorized to detail counsel for such courts-martial.

(b) No person who has acted as investigating officer, military judge, or court member in any case may act later as trial counsel, assistant trial counsel, or, unless expressly requested by the accused, as defense counsel or assistant or associate defense counsel in the same case. No person who

has acted for the prosecution may act later in the same case for the defense, nor may any person who has acted for the defense act later in the same case for the prosecution.

(2) Trial counsel or defense counsel detailed for a general court-martial:

(a) Must be a judge advocate who is a graduate of an accredited law school or is a member of the bar of a federal court or of the highest court of a state, or must be a member of the bar of a federal court or of the highest court of a state; and

(b) Must be certified as competent to perform such duties by the state judge advocate.

(3) In the case of a special court-martial:

(a) The accused shall be afforded the opportunity to be represented at the trial by counsel having the qualifications prescribed under subsection (2) of this section unless counsel having such qualifications cannot be obtained on account of physical conditions or military exigencies. If counsel having such qualifications cannot be obtained, the court may be convened and the trial held but the convening authority shall make a detailed written statement, to be appended to the record, stating why counsel with such qualifications could not be obtained;

(b) If the trial counsel is qualified to act as counsel before a general court-martial, the defense counsel detailed by the convening authority must be a person similarly qualified; and

(c) If the trial counsel is a judge advocate or a member of the bar of a federal court or the highest court of a state, the defense counsel detailed by the convening authority must be one of the foregoing. [1991 c 43 § 6; 1989 c 48 § 27; 1963 c 220 § 29.]

**38.38.264 [Art. 28] Detail or employment of reporters and interpreters.** Under such regulations as the governor may prescribe, the convening authority of a general or special court martial or court of inquiry shall detail or employ qualified court reporters, who shall record the proceedings of and testimony taken before that court. Under like regulations the convening authority of a military court may detail or employ interpreters who shall interpret for the court. [1963 c 220 § 30.]

**38.38.268 [Art. 29] Absent and additional members.** (1) No member of a general or special court-martial may be absent or excused after the court has been assembled for the trial of the accused unless excused as a result of a challenge, excused by the military judge for physical disability or other good cause, or excused by order of the convening authority for good cause.

(2) Whenever a general court-martial, other than a general court-martial composed of a military judge only, is reduced below five members, the trial may not proceed unless the convening authority details new members sufficient in number to provide not less than five members. The trial may proceed with the new members present after the recorded evidence previously introduced before the members of the court has been read to the court in the presence of the military judge, the accused, and counsel for both sides.

(3) Whenever a special court-martial, other than a special court-martial composed of a military judge only, is

reduced below three members, the trial may not proceed unless the convening authority details new members sufficient in number to provide not less than three members. The trial shall proceed with the new members present as if no evidence had previously been introduced at the trial, unless a verbatim record of the evidence previously introduced before the members of the court or a stipulation thereof is read to the court in the presence of the military judge, if any, the accused, and counsel for both sides.

(4) If the military judge of a court-martial composed of a military judge only is unable to proceed with the trial because of physical disability, as a result of a challenge, or for other good cause, the trial shall proceed, subject to any applicable conditions of RCW 38.38.172(2) (a) or (b), after the detail of a new military judge as if no evidence had previously been introduced, unless a verbatim record of the evidence previously introduced or a stipulation thereof is read in court in the presence of the new military judge, the accused, and counsel for both sides. [1989 c 48 § 28; 1963 c 220 § 31.]

#### PART VI—PRETRIAL PROCEDURE

**38.38.308 [Art. 30] Charges and specifications.** (1) Charges and specifications shall be signed by a person subject to this code under oath before a person authorized by this code to administer oaths and shall state:

(a) That the signer has personal knowledge of, or has investigated, the matters set forth therein; and

(b) That they are true in fact to the best of his or her knowledge and belief.

(2) Upon the preferring of charges, the proper authority shall take immediate steps to determine what disposition should be made thereof in the interest of justice and discipline, and the person accused shall be informed of the charges against him or her as soon as practicable. [1989 c 48 § 29; 1963 c 220 § 32.]

**38.38.312 [Art. 31] Compulsory self-incrimination prohibited.** (1) No person subject to this code may compel persons to incriminate themselves or to answer any question the answer to which may tend to incriminate them.

(2) No person subject to this code may interrogate, or request any statement from, an accused or a person suspected of an offense without first informing the person of the nature of the accusation and advising that the person does not have to make any statement regarding the offense of which he or she is accused or suspected and that any statement made by the person may be used as evidence against him or her in a trial by court-martial.

(3) No person subject to this code may compel any person to make a statement or produce evidence before any military tribunal if the statement or evidence is not material to the issue and may tend to degrade the person.

(4) No statement obtained from any person in violation of this section, or through the use of coercion, unlawful influence, or unlawful inducement may be received in evidence against the person in a trial by court-martial. [1989 c 48 § 30; 1963 c 220 § 33.]

**38.38.316 [Art. 32] Investigation.** (1) No charge or specification may be referred to a general court-martial for trial until a thorough and impartial investigation of all the matters set forth therein has been made. This investigation shall include inquiry as to the truth of the matter set forth in the charges, consideration of the form of charges, and a recommendation as to the disposition which should be made of the case in the interest of justice and discipline.

(2) The accused shall be advised of the charges against him or her and of the right to be represented at that investigation by counsel. The accused has a right to be represented at that investigation as provided in RCW 38.38.376 and in regulations prescribed under that section.

At that investigation full opportunity shall be given to the accused to cross-examine witnesses against him or her if they are available and to present anything the person may desire in his or her own behalf, either in defense or mitigation, and the investigating officer shall examine available witnesses requested by the accused. If the charges are forwarded after the investigation, they shall be accompanied by a statement of the substance of the testimony taken on both sides and a copy thereof shall be given to the accused.

(3) If an investigation of the subject matter of an offense has been conducted before the accused is charged with the offense, and if the accused was present at the investigation and afforded the opportunities for representation, cross-examination, and presentation prescribed in subsection (2) hereof, no further investigation of that charge is necessary under this section unless it is demanded by the accused after being informed of the charge. A demand for further investigation entitles the accused to recall witnesses for further cross-examination and to offer any new evidence in his or her own behalf.

(4) The requirements of this section are binding on all persons administering this code but failure to follow them does not divest a military court of jurisdiction. [1989 c 48 § 31; 1963 c 220 § 34.]

**38.38.320 [Art. 33] Forwarding of charges.** When a person is held for trial by general court-martial the commanding officer shall, within eight days after the accused is ordered into arrest or confinement, if practicable, forward the charges, together with the investigation and allied papers, to the governor. If that is not practicable, the officer shall report in writing to the governor the reasons for delay. [1989 c 48 § 32; 1963 c 220 § 35.]

**38.38.324 [Art. 34] Advice of state judge advocate and reference for trial.** (1) Before directing the trial of any charge by general court-martial, the convening authority shall refer it to the state judge advocate for consideration and advice. The convening authority may not refer a charge to a general court-martial for trial unless he or she has found that the charge alleges an offense under this code, is warranted by evidence indicated in the report of the investigation under RCW 38.38.316, if there is such a report, and the court-martial would have jurisdiction over the accused and the offense.

(2) The advice of the staff judge advocate under subsection (1) of this section with respect to a specification under a charge shall include a written and signed statement by the staff judge advocate:

(a) Expressing conclusions with respect to each matter set forth in subsection (1) of this section; and

(b) Recommending action that the convening authority take regarding the specification.

If the specification is referred for trial, the recommendation of the state judge advocate shall accompany the specification.

(3) If the charges or specifications are not formally correct or do not conform to the substance of the evidence contained in the report of the investigating officer, formal corrections, and such changes in the charges and specifications as are needed to make them conform to the evidence may be made. [1989 c 48 § 33; 1963 c 220 § 36.]

**38.38.328 [Art. 35] Service of charges.** The trial counsel to whom court-martial charges are referred for trial shall cause to be served upon the accused a copy of the charges upon which trial is to be had. In time of peace no person may, against his or her objection, be brought to trial or be required to participate by himself or counsel in a session called by a military judge under RCW 38.38.380(1), in a general court-martial within a period of five days after the service of the charges upon him or her, or before a special court-martial within a period of three days after the service of the charges upon him or her. [1989 c 48 § 34; 1963 c 220 § 37.]

#### PART VII—TRIAL PROCEDURE

**38.38.368 [Art. 36] Governor may prescribe rules.** The procedure, including modes of proof, in cases before military courts and other military tribunals may be prescribed by the governor by regulations, which shall, so far as the governor considers practicable, apply the principles of law and the rules of evidence generally recognized in the trial of criminal cases in the courts of the state, but which may not be contrary to or inconsistent with this code. [1989 c 48 § 35; 1963 c 220 § 38.]

**38.38.372 [Art. 37] Unlawfully influencing action of court.** (1) No authority convening a general, special, or summary court-martial nor any other commanding officer, or officer serving on the staff thereof, may censure, reprimand, or admonish the court or any member, military judge, or counsel thereof, with respect to the findings or sentence adjudged by the court, or with respect to any other exercise of its or his or her functions in the conduct of the proceeding. No person subject to this code may attempt to coerce or, by any unauthorized means, influence the action of the court-martial or any other military tribunal or any member thereof, in reaching the findings or sentence in any case, or the action of any convening, approving, or reviewing authority with respect to judicial acts. The foregoing provisions of this section shall not apply with respect to (a) general instructional or informational courses in military justice if such courses are designed solely for the purpose of instructing members of a command in the substantive and procedural aspects of courts-martial, or (b) to statements and instructions given in open court by the military judge, president of a special court-martial, or counsel.

(2) In the preparation of an effectiveness, fitness, or efficiency report or any other report or document used in whole

(2004 Ed.)

or in part for the purpose of determining whether a member of the organized militia is qualified to be advanced, in grade, or in determining the assignment or transfer of a member of the organized militia, or in determining whether a member of the organized militia should be retained on active duty, no person subject to this chapter may, in preparing any such report (a) consider or evaluate the performance of duty of any such member of a court-martial, or (b) give a less favorable rating or evaluation of any member of the organized militia because of the zeal with which such member, as counsel, represented any accused before a court-martial. [1989 c 48 § 36; 1963 c 220 § 39.]

**38.38.376 [Art. 38] Duties of trial counsel and defense counsel.** (1) The trial counsel of a general or special court-martial shall prosecute in the name of the state, and shall, under the direction of the court, prepare the record of the proceedings.

(2) The accused has the right to be represented in his or her defense before a general or special court-martial by civilian counsel if provided by the accused, or by military counsel of his or her own selection if reasonably available as defined in regulations of the governor, or by the defense counsel detailed under RCW 38.38.260. Should the accused have civilian counsel of his or her own selection, the defense counsel, and assistant defense counsel, if any, who were detailed, shall, if the accused so desires, act as associate counsel; otherwise they shall be excused by the military judge or president of a special court-martial.

(3) In every court-martial proceeding, the defense counsel may, in the event of conviction, forward for attachment to the record of proceedings a brief of such matters the defense counsel feels should be considered in behalf of the accused on review, including any objection to the contents of the record which he or she considers appropriate and assist the accused in the submission of any matter under RCW 38.38.536.

(4) An assistant trial counsel of a general court-martial may, under the direction of the trial counsel or when qualified to be a trial counsel as required by RCW 38.38.260, perform any duty imposed by law, regulation, or the custom of the service upon the trial counsel of the court. An assistant trial counsel of a special court-martial may perform any duty of the trial counsel.

(5) An assistant defense counsel of a general or special court-martial may, under the direction of the defense counsel or when qualified to be the defense counsel as required by RCW 38.38.260, perform any duty imposed by law, regulation, or the custom of the service upon counsel for the accused. [1989 c 48 § 37; 1963 c 220 § 40.]

**38.38.380 [Art. 39] Sessions.** (1) At any time after the service of charges which have been referred for trial to a court-martial composed of a military judge and members, the military judge may, subject to RCW 38.38.328, call the court into session without the presence of the members for the purpose of:

(a) Hearing and determining motions raising defenses or objections which are capable of determination without trial of the issues raised by a plea of not guilty;

(b) Hearing and ruling upon any matter which may be ruled upon by the military judge under this chapter, whether or not the matter is appropriate for later consideration or decision by the members of the court;

(c) Holding the arraignment and receiving the pleas of the accused; and

(d) Performing any other procedural function which may be performed by the military judge under this chapter or under rules prescribed pursuant to RCW 38.38.368 and which does not require the presence of the members of the court.

These proceedings shall be conducted in the presence of the accused, the defense counsel, and the trial counsel and shall be made a part of the record.

(2) When the members of a court-martial deliberate or vote, only the members may be present. All other proceedings, including any other consultation of the members of the court with counsel or the military judge, shall be made a part of the record and shall be in the presence of the accused, the defense counsel, the trial counsel, and in cases in which a military judge has been detailed to the court, the military judge. [1989 c 48 § 38; 1963 c 220 § 41.]

**38.38.384 [Art. 40] Continuances.** The military judge or a court-martial without a military judge may, for reasonable cause, grant a continuance to any party for such time and as often as may appear to be just. [1989 c 48 § 39; 1963 c 220 § 42.]

**38.38.388 [Art. 41] Challenges.** (1) The military judge and members of a general or special court-martial may be challenged by the accused or the trial counsel for cause stated to the court. The military judge or, if none, the court shall determine the relevance and validity of challenges for cause and may not receive a challenge to more than one person at a time. Challenges by the trial counsel shall ordinarily be presented and decided before those by the accused are offered.

(2) Each accused and the trial counsel is entitled to one peremptory challenge, but the military judge may not be challenged except for cause. [1989 c 48 § 40; 1963 c 220 § 43.]

**38.38.392 [Art. 42] Oaths.** (1) Before performing their respective duties, military judges, members of general and special courts-martial, trial counsel, assistant trial counsel, defense counsel, assistant or associate defense counsel, reporters, and interpreters shall take an oath to perform their duties faithfully. The form of the oath, the time and place of the taking thereof, the manner of recording the same, and whether the oath shall be taken for all cases in which these duties are to be performed or for a particular case, shall be as prescribed in regulations of the governor. These regulations may provide that an oath to perform faithfully duties as a military judge, trial counsel, assistant trial counsel, defense counsel, or assistant or associate defense counsel may be taken at any time by a judge advocate or other person certified to be qualified or competent for the duty, and if such an oath is taken it need not again be taken at the time the judge advocate, or other person, is detailed to that duty.

(2) Each witness before a court-martial shall be examined on oath. [1989 c 48 § 41; 1963 c 220 § 44.]

**38.38.396 [Art. 43] Statute of limitations.** (1) A person charged with desertion or absence without leave in time of war, or with aiding the enemy or with mutiny may be tried and punished at any time without limitation.

(2) Except as otherwise provided in this section, a person charged with desertion in time of peace or with the offense punishable under RCW 38.38.784 is not liable to be tried by court-martial if the offense was committed more than three years before the receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command.

(3) Except as otherwise provided in this section, a person charged with any offense is not liable to be tried by court-martial or punished under RCW 38.38.132 if the offense was committed more than two years before the receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command or before the imposition of punishment under RCW 38.38.132.

(4) Periods in which the accused was absent from territory in which the state has the authority to apprehend the accused, or in the custody of civil authorities, or in the hands of the enemy, shall be excluded in computing the period of limitation prescribed in this section. [1989 c 48 § 42; 1963 c 220 § 45.]

**38.38.400 [Art. 44] Former jeopardy.** (1) No person may, without the person's consent, be tried a second time in any military court of the state for the same offense.

(2) No proceeding in which an accused has been found guilty by a court-martial upon any charge or specification is a trial in the sense of this section until the finding of guilty has become final after review of the case has been fully completed.

(3) A proceeding which, after the introduction of evidence but before a finding, is dismissed or terminated by the convening authority or on motion of the prosecution for failure of available evidence or witnesses without any fault of the accused is a trial in the sense of this section. [1989 c 48 § 43; 1963 c 220 § 46.]

**38.38.404 [Art. 45] Pleas of the accused.** (1) If an accused arraigned before a court-martial makes an irregular pleading, or after a plea of guilty sets up matter inconsistent with the plea, or if it appears that the accused has entered the plea of guilty improvidently or through lack of understanding of its meaning and effect, or if the accused fails or refuses to plead, a plea of not guilty shall be entered in the record, and the court shall proceed as though the accused had pleaded not guilty.

(2) With respect to any other charge or specification to which a plea of guilty has been made by the accused and accepted by the military judge or by a court-martial without a military judge, a finding of guilty of the charge or specification may be entered immediately without vote. This finding shall constitute the finding of the court unless the plea of guilty is withdrawn prior to announcement of the sentence, in which event the proceedings shall continue as though the accused had pleaded not guilty. [1991 c 43 § 7; 1989 c 48 § 44; 1963 c 220 § 47.]

**38.38.408 [Art. 46] Opportunity to obtain witnesses and other evidence.** (1) The trial counsel, the defense counsel, and the court-martial shall have equal opportunity to obtain witnesses and other evidence in accordance with such regulations as the governor may prescribe.

(2) The president of a special court-martial, military judge, or a summary court officer may:

(a) Issue a warrant for the arrest of any accused person who, having been served with a warrant and a copy of the charges, disobeys a written order by the convening authority to appear before the court;

(b) Issue subpoenas duces tecum and other subpoenas;

(c) Enforce by attachment the attendance of witnesses and the production of books and papers; and

(d) Sentence for refusal to be sworn or to answer, as provided in actions before civil courts of the state.

(3) Process issued in court-martial cases to compel witnesses to appear and testify and to compel the production of other evidence shall run to any part of the state and shall be executed by civil officers as prescribed by the laws of the state. [1989 c 48 § 45; 1963 c 220 § 48.]

**38.38.412 [Art. 47] Refusal to appear or testify—Penalty.** (1) Any person not subject to this code who:

(a) Has been duly subpoenaed to appear as a witness or to produce books and records before a court-martial, military commission, court of inquiry, or any other military court or board, or before any military or civil officer designated to take a deposition to be read in evidence before such a court;

(b) Has been duly paid or tendered the fees and mileage of a witness at the rates allowed to witnesses attending the superior court of the state; and

(c) Wilfully neglects or refuses to appear, or refuses to qualify as a witness or to testify or to produce any evidence which that person may have been legally subpoenaed to produce; is guilty of an offense against the state.

(2) Any person who commits an offense named in subsection (1) of this section shall be tried before the superior court of this state having jurisdiction and jurisdiction is conferred upon those courts for that purpose. Upon conviction, such a person shall be punished by a fine of not more than five hundred dollars, or imprisonment for not more than six months, or both.

(3) The prosecuting attorney in any such court, upon the certification of the facts by the military court, commission, court of inquiry, or board, shall prosecute any person violating this section. [1989 c 48 § 46; 1963 c 220 § 49.]

**38.38.416 Contempts.** A military court may punish for contempt any person who uses any menacing word, sign, or gesture in its presence, or who disturbs its proceedings by any riot or disorder. The punishment may not exceed confinement for thirty days or a fine of one hundred dollars, or both. [1963 c 220 § 50.]

**38.38.420 [Art. 49] Depositions.** (1) At any time after charges have been signed, as provided in RCW 38.38.308, any party may take oral or written depositions unless a military judge or court-martial without a military judge hearing the case, or if the case is not being heard, an authority competent to convene a court-martial for the trial of those charges

forbids it for good cause. If a deposition is to be taken before charges are referred for trial, such an authority may designate commissioned officers to represent the prosecution and the defense and may authorize those officers to take the deposition of any witness.

(2) The party at whose instance a deposition is to be taken shall give to every other party reasonable written notice of the time and place for taking the deposition.

(3) Depositions may be taken before and authenticated by any military or civil officer authorized by the laws of the state or by the laws of the place where the deposition is taken to administer oaths.

(4) A duly authenticated deposition taken upon reasonable notice to the other parties, so far as otherwise admissible under the rules of evidence, may be read in evidence or, in the case of audiotape, videotape, or similar material, may be played in evidence before any court-martial or in any proceeding before a court of inquiry, if it appears:

(a) That the witness resides or is beyond the state in which the court-martial or court of inquiry is ordered to sit, or beyond the distance of one hundred miles from the place of trial or hearing;

(b) That the witness by reason of death, age, sickness, bodily infirmity, imprisonment, military necessity, nonavailability to process, or other reasonable cause, is unable or refuses to appear and testify in person at the place of trial or hearing; or

(c) That the present whereabouts of the witness is unknown. [1989 c 48 § 47; 1963 c 220 § 51.]

**38.38.424 [Art. 50] Admissibility of records of courts of inquiry.** (1) In any case not extending to the dismissal of a commissioned officer, the sworn testimony, contained in the duly authenticated record of proceedings of a court of inquiry, of a person whose oral testimony cannot be obtained, may, if otherwise admissible under the rules of evidence, be read in evidence by any party before a court martial if the accused was a party before the court of inquiry and if the same issue was involved or if the accused consents to the introduction of such evidence.

(2) Such testimony may be read in evidence only by the defense in cases extending to the dismissal of a commissioned officer.

(3) Such testimony may also be read in evidence before a court of inquiry or a military board. [1963 c 220 § 52.]

**38.38.428 [Art. 51] Voting, rulings, instructions.** (1) Voting by members of a general or special court-martial on the findings and on the sentence, and by members of a court-martial without a military judge upon questions of challenge, shall be by secret written ballot. The junior member of the court shall count the votes. The count shall be checked by the president, who shall forthwith announce the result of the ballot to the members of the court.

(2) The military judge and, except for questions of challenge, the president of a court-martial without a military judge shall rule upon all questions of law and all interlocutory questions arising during the proceedings. Any such ruling made by the military judge upon any question of law or any interlocutory question other than the factual issue of mental

responsibility of the accused, or by the president of a court-martial without a military judge upon any question of law other than a motion for a finding of not guilty, is final and constitutes the ruling of the court. However, the military judge or the president of a court-martial without a military judge may change a ruling at any time during the trial. Unless the ruling is final, if any member objects thereto, the court shall be cleared and closed and the question decided by a vote as provided in RCW 38.38.432, beginning with the junior in rank.

(3) Before a vote is taken on the findings, the military judge or the president of a court-martial without a military judge shall, in the presence of the accused and counsel, instruct the members of the court as to the elements of the offense and charge them:

(a) That the accused must be presumed to be innocent until guilt is established by legal and competent evidence beyond reasonable doubt;

(b) That in the case being considered, if there is reasonable doubt as to the guilt of the accused, the doubt must be resolved in favor of the accused and the accused must be acquitted;

(c) That, if there is a reasonable doubt as to the degree of guilt, the finding must be in a lower degree to which there is no reasonable doubt; and

(d) That the burden of proof to establish the guilt of the accused beyond reasonable doubt is upon the state.

(4) Subsections (1), (2), and (3) of this section do not apply to a court-martial composed of a military judge only. The military judge of such a court-martial shall determine all questions of law and fact arising during the proceedings and, if the accused is convicted, adjudge an appropriate sentence. The military judge of such a court-martial shall make a general finding and shall in addition on request find the facts specially. If an opinion or memorandum of decision is filed, it will be sufficient if the findings of fact appear therein. [1989 c 48 § 48; 1963 c 220 § 53.]

**38.38.432 [Art. 52] Number of votes required.** (1) No person may be convicted of an offense, except as provided in RCW 38.38.404(2) or by the concurrence of two-thirds of the members present at the time the vote is taken.

(2) All sentences shall be determined by the concurrence of two-thirds of the members present at the time that the vote is taken.

(3) All other questions to be decided by the members of a general or special court-martial shall be determined by a majority vote, but a determination to reconsider a finding of guilty, or to reconsider a sentence with a view towards decreasing it, may be made by any lesser vote which indicates that the reconsideration is not opposed by the number of votes required for that finding or sentence. A tie vote on a challenge disqualifies the member challenged. A tie vote on a motion for a finding of not guilty or on a motion relating to the question of the accused's sanity is a determination against the accused. A tie vote on any other question is a determination in favor of the accused. [1989 c 48 § 49; 1963 c 220 § 54.]

**38.38.436 [Art. 53] Court to announce action.** A court martial shall announce its findings and sentence to the parties as soon as determined. [1963 c 220 § 55.]

**38.38.440 [Art. 54] Record of trial.** (1) Each general court-martial shall keep a separate record of the proceedings in each case brought before it, and the record shall be authenticated by the signature of the military judge. If the record cannot be authenticated by the military judge by reason of death, disability, or absence, it shall be authenticated by the signature of the trial counsel or by that of a member if the trial counsel is unable to authenticate it by reason of death, disability, or absence. In a court-martial consisting of only a military judge, the record shall be authenticated by the court reporter under the same conditions which would impose such a duty on a member under this subsection.

(2) Each special and summary court-martial shall keep a separate record of the proceedings in each case, and the record shall be authenticated in the manner required by such regulations as the governor may prescribe.

(3)(a) A complete record of the proceedings and testimony shall be prepared:

(i) In each general court-martial case in which the sentence adjudged includes a dismissal, a discharge, or, if the sentence adjudged does not include a discharge, any other punishment which exceeds that which may otherwise be adjudged by a special court-martial; and

(ii) In each special court-martial case in which the sentence adjudged includes a dishonorable discharge.

(b) In all other court-martial cases, the record shall contain such matters as may be prescribed by regulations of the governor.

(4) A copy of the record of the proceedings of each general and special court-martial shall be given to the accused as soon as it is authenticated. [1989 c 48 § 50; 1963 c 220 § 56.]

## PART VIII—SENTENCES

**38.38.480 [Art. 55] Cruel and unusual punishments prohibited.** Punishment by flogging, or by branding, marking or tattooing on the body, or any other cruel or unusual punishment, may not be adjudged by any court martial or inflicted upon any person subject to this code. The use of irons, single or double, except for the purpose of safe custody, is prohibited. [1963 c 220 § 57.]

**38.38.484 [Art. 56] Maximum limits—Reduction in pay grade.** (1) The punishment which a court-martial may direct for an offense may not exceed limits prescribed by this code.

(2) Unless otherwise provided in regulations to be prescribed by the governor, a court-martial sentence of an enlisted member in a pay grade above E-1, as approved by the convening authority, that includes a dishonorable discharge reduces that member to pay grade E-1, effective on the date of that approval.

(3) If the sentence of a member who is reduced in pay grade under subsection (2) of this section is set aside or disapproved, or, as finally approved, does not include any punishment named in subsection (2) of this section, the rights and privileges of which the member was deprived because of that

reduction shall be restored and the member is entitled to the pay and allowances to which the member would have been entitled for the period the reduction was in effect, had he or she not been so reduced. [1989 c 48 § 51; 1963 c 220 § 58.]

**38.38.488 [Art. 57] Effective date of sentences.** (1) No forfeiture may extend to any pay or allowances accrued before the date on which the sentence is approved by the person acting under RCW 38.38.536.

(2) Any period of confinement included in a sentence of a court-martial begins to run from the date the sentence is ordered to be executed by the convening authority, but periods during which the sentence to confinement is suspended or deferred shall be excluded in computing the service of the term of confinement. Regulations prescribed by the governor may provide that sentences of confinement may not be executed until approved by designated officers.

(3) All other sentences of courts-martial are effective on the date ordered executed.

(4) On application by an accused who is under sentence to confinement that has not been ordered executed, the convening authority or, if the accused is no longer under his or her jurisdiction, the officer exercising general court-martial jurisdiction over the command to which the accused is currently assigned, may, in his or her sole discretion, defer service of the sentence to confinement. The deferment shall terminate when the sentence is ordered executed. The deferment may be rescinded at any time by the officer who granted it or, if the accused is no longer under his or her jurisdiction, by the officer exercising general court-martial jurisdiction over the command to which the accused is currently assigned. [1989 c 48 § 52; 1963 c 220 § 59.]

**38.38.492 [Art. 58] Execution of confinement.** (1) A sentence of confinement adjudged by a military court, whether or not the sentence includes discharge or dismissal, and whether or not the discharge or dismissal has been executed, may be carried into execution by confinement in any place of confinement under the control of any of the forces of the organized militia or in any jail, penitentiary, or prison designated for that purpose. Persons so confined in a jail, penitentiary, or prison are subject to the same discipline and treatment as persons confined or committed to the jail, penitentiary, or prison by the courts of the state or of any political subdivision thereof.

(2) The omission of the words "hard labor" from any sentence or punishment of a court-martial adjudging confinement does not deprive the authority executing that sentence or punishment of the power to require hard labor as a part of the punishment.

(3) The keepers, officers, and wardens of city or county jails and of other jails, penitentiaries, or prisons designated by the governor, or by such person as the governor may authorize to act under RCW 38.38.080, shall receive persons ordered into confinement before trial and persons committed to confinement by a military court and shall confine them according to law. No such keeper, officer, or warden may require payment of any fee or charge for so receiving or confining a person. [1989 c 48 § 53; 1963 c 220 § 60.]

(2004 Ed.)

## PART IX—REVIEW OF COURTS-MARTIAL

**38.38.532 Execution of sentence—Suspension of sentence.** Except as provided in RCW 38.38.196 and 38.38.556, a court-martial sentence, unless suspended, may be ordered executed by the convening authority when approved by him or her. The convening authority shall approve the sentence or such part, amount, or commuted form of the sentence as he or she sees fit, and may suspend the execution of the sentence as approved by him or her. [1989 c 48 § 54; 1963 c 220 § 61.]

**38.38.536 Initial action on the record.** After a trial by court martial the record shall be forwarded to the convening authority, as reviewing authority, and action thereon may be taken by the person who convened the court, a commissioned officer commanding for the time being, a successor in command, or by the governor. [1963 c 220 § 62.]

**38.38.540 [Art. 60] Initial action on the record—General court-martial records.** The convening authority shall refer the record of each general court-martial to the staff judge advocate, who shall submit a written opinion thereon to the convening authority. If the final action of the court has resulted in an acquittal of all charges and specifications, the opinion shall be limited to questions of jurisdiction. [1989 c 48 § 55; 1963 c 220 § 63.]

**38.38.544 [Art. 61] Reconsideration and revision.** (1) If a specification before a court martial has been dismissed on motion and the ruling does not amount to a finding of not guilty, the convening authority may return the record to the court for reconsideration of the ruling and any further appropriate action.

(2) Where there is an apparent error or omission in the record or where the record shows improper or inconsistent action by a court martial with respect to a finding or sentence which can be rectified without material prejudice to the substantial rights of the accused, the convening authority may return the record to the court for appropriate action. In no case, however, may the record be returned:

(a) For reconsideration of a finding of not guilty, or a ruling which amounts to a finding of not guilty;

(b) For reconsideration of a finding of not guilty of any charge, unless the record shows a finding of guilty under a specification laid under that charge, which sufficiently alleges a violation of some section of this code; or

(c) For increasing the severity of the sentence unless the sentence prescribed for the offense is mandatory. [1963 c 220 § 64.]

**38.38.548 [Art. 62] Rehearings.** (1) If the convening authority disapproves the findings and sentence of a court martial he may, except where there is lack of sufficient evidence in the record to support the findings, order a rehearing. In such a case he shall state the reasons for disapproval. If he disapproves the findings and sentence and does not order a rehearing, he shall dismiss the charges.

(2) Each rehearing shall take place before a court martial composed of members not members of the court martial which first heard the case. Upon a rehearing the accused may

not be tried for any offense of which he was found not guilty by the first court martial, and no sentence in excess of or more severe than the original sentence may be imposed, unless the sentence is based upon a finding of guilty of an offense not considered upon the merits in the original proceedings, or unless the sentence prescribed for the offense is mandatory. [1963 c 220 § 65.]

**38.38.552 [Art. 63] Approval by the convening authority.** In acting on the findings and sentence of a court martial, the convening authority may approve only such findings of guilty, and the sentence or such part or amount of the sentence, as he finds correct in law and fact and as he in his discretion determines should be approved. Unless he indicates otherwise, approval of the sentence is approval of the findings and sentence. [1963 c 220 § 66.]

**38.38.556 [Art. 64] Review of records—Disposition.**

(1) If the convening authority is the governor, the governor's action on the review of any record of trial is final.

(2) In all other cases not covered by subsection (1), if the sentence of a special court-martial as approved by the convening authority includes a dishonorable discharge, whether or not suspended, the entire record shall be sent to the appropriate staff judge advocate of the state force concerned to be reviewed in the same manner as a record of trial by general court-martial. The record and the opinion of the staff judge advocate shall then be sent to the state judge advocate for review.

(3) All other special and summary court-martial records shall be sent to the judge advocate of the appropriate force of the organized militia and shall be acted upon, transmitted, and disposed of as may be prescribed by regulations of the governor.

(4) The state judge advocate shall review the record of trial in each case sent for review as provided under subsection (2) of this section. If the final action of the court-martial has resulted in an acquittal of all charges and specifications, the opinion of the state judge advocate is limited to questions of jurisdiction.

(5) The state judge advocate shall take final action in any case reviewable by the state judge advocate.

(6) In a case reviewable by the state judge advocate under this section, the state judge advocate may act only with respect to the findings and sentence as approved by the convening authority. The state judge advocate may affirm only such findings of guilty, and the sentence or such part or amount of the sentence, as the state judge advocate finds correct in law and fact and determines, on the basis of the entire record, should be approved. In considering the record, the state judge advocate may weigh the evidence, judge the credibility of witnesses, and determine controverted questions of fact, recognizing that the trial court saw and heard the witnesses. If the state judge advocate sets aside the findings and sentence, the state judge advocate may, except where the setting aside is based on lack of sufficient evidence in the record to support the findings, order a rehearing. If the state judge advocate sets aside the findings and sentence and does not order a rehearing, he shall order that the charges be dismissed.

(7) In a case reviewable by the state judge advocate under this section, the state judge advocate shall instruct the convening authority to act in accordance with the state judge advocate's decision on the review. If the state judge advocate has ordered a rehearing but the convening authority finds a rehearing impracticable, the state judge advocate may dismiss the charges.

(8) The state judge advocate may order one or more boards of review each composed of not less than three commissioned officers of the organized militia, each of whom must be a member of the bar of the highest court of the state. (1) Where, at the time of the injury the emergency worker is performing services as an emergency worker, and is acting within the course of his duties as an emergency worker.

(2) Where, at the time of the injury the local organization for emergency management with which the emergency worker is registered is an approved local organization for emergency management.

### **38.52.340 Benefits under other compensation plans.**

Nothing in this chapter shall deprive any emergency worker or his or her dependents of any right to compensation for injury or death sustained in the course of his or her regular employment even though his or her regular work is under direction of emergency management authorities: PROVIDED, That such worker, if he or she is eligible for some other compensation plan, and receives the benefits of such plan shall not also receive any compensation under this chapter. The department shall adopt such rules and regulations as may be necessary to protect the rights of such workers and may enter into agreements with authorities in charge of other compensation plans to insure protection of such workers: PROVIDED, That if the compensation from some other plan is less than would have been available under this chapter, he or she shall be entitled to receive the deficiency between the amount received under such other plan and the amount available under this chapter. [1986 c 266 § 39; 1984 c 38 § 35; 1974 ex.s. c 171 § 36; 1953 c 223 § 18.]

**38.52.350 Benefits furnished under federal law—Reduction of state benefits.** Should the United States or any agent thereof, in accordance with any federal statute or rule or regulation, furnish monetary assistance, benefits, or other temporary or permanent relief to emergency workers or to their dependents for injuries arising out of and occurring in the course of their activities as emergency workers, then the amount of compensation which any emergency worker or his dependents are otherwise entitled to receive from the state of Washington as provided herein, shall be reduced by the amount of monetary assistance, benefits, or other temporary or permanent relief the emergency worker or his dependents have received and will receive from the United States or any agent thereof as a result of his injury. [1984 c 38 § 36; 1974 ex.s. c 171 § 37; 1953 c 223 § 19.]

**38.52.360 Medical, surgical or hospital treatment.** If, in addition to monetary assistance, benefits or other temporary or permanent relief, the United States or any agent thereof furnishes medical, surgical or hospital treatment or any combination thereof to an injured emergency worker, then the emergency worker has no right to receive similar medical, surgical or hospital treatment as provided in this chapter. However, the department may furnish medical, surgical or hospital treatment as part of the compensation provided under the provisions of this chapter. sation provided under the provisions of this chapter and apply to the United States or its agent for the reimbursement which will be made to the emergency worker or his or her dependents. As a condition to the furnishing of such medical, surgical or hospital treatment, the department shall require the emergency worker and his dependents to assign to the state of Washington, for the purpose of reimbursing for any medical, surgical or hospital treatment furnished or to be furnished by the state, any claim or right such emergency worker or his or her dependents may have to reimbursement from the United States or any agent thereof. [1986 c 266 § 41; 1984 c 38 § 38; 1974 ex.s. c 171 § 39; 1953 c 223 § 21.]

**Severability—1986 c 266:** See note following RCW 38.52.005.

**38.52.380 State compensation denied if payment prevents federal benefits.** If the furnishing of compensation under the provisions of this chapter to an emergency worker or his dependents prevents such emergency worker or his dependents from receiving assistance, benefits or other temporary or permanent relief under the provisions of a federal statute or rule or regulation, then the emergency worker and his dependents shall have no right to, and shall not receive, any compensation from the state of Washington under the provisions of this chapter for any injury for which the United States or any agent thereof will furnish assistance, benefits or other temporary or permanent relief in the absence of the furnishing of compensation by the state of Washington. [1984 c 38 § 39; 1974 ex.s. c 171 § 40; 1953 c 223 § 22.]

**38.52.390 Contracts or work on cost basis for emergency management activities.** The governor, or upon his or her direction, the director, or any political subdivision of the state, is authorized to contract with any person, firm, corporation, or entity to provide construction or work on a cost basis to be used in emergency management functions or activities as defined in RCW 38.52.010(1) or as hereafter amended, said functions or activities to expressly include natural disasters, as well as all other emergencies of a type contemplated by RCW 38.52.110, 38.52.180, 38.52.195, 38.52.205, 38.52.207, 38.52.220 and 38.52.390. All funds received for purposes of RCW 38.52.110, 38.52.180, 38.52.195, 38.52.205, 38.52.207, 38.52.220 and 38.52.390, whether appropriated funds, local funds, or from whatever source, may be used to pay for the construction, equipment, or work contracted for under this section. These state and local plans must specify the use of the incident command system for multiagency/multijurisdiction search and rescue operations. The local emergency management director shall notify the department of all search and rescue missions. The local director of emergency management shall work in a coordinating

capacity directly supporting all search and rescue activities in that political subdivision and in registering emergency search and rescue workers for employee status. The chief law enforcement officer of each political subdivision may restrict access to a specific search and rescue area to personnel authorized by him. Access shall be restricted only for the period of time necessary to accomplish the search and rescue mission. No unauthorized person shall interfere with a search and rescue mission.

(2) When search and rescue activities result in the discovery of a deceased person or search and rescue workers assist in the recovery of human remains, the chief law enforcement officer of the political subdivision shall insure compliance with chapter 68.50 RCW. [1997 c 49 § 5; 1986 c 266 § 43; 1984 c 38 § 41; 1979 ex.s. c 268 § 4.]

**Severability—1986 c 266:** See note following RCW 38.52.005.

(2) The model contingency plan shall:

(a) Include specific recommendations for pollution control facilities which are deemed to be most appropriate for the control, collection, storage, treatment, disposal, and recycling of oil and other spilled material and furthering the prevention and mitigation of such pollution;

(b) Include recommendations for the training of local personnel consistent with other training proposed, funded, or required by federal or state laws for hazardous materials;

(f) Develop policies and procedures for the augmentation of emergency services and agency spill response personnel through the use of volunteers: PROVIDED, That no contingency plan may require the use of volunteers by a responding responsible party without that party's consent. [1997 c 49 § 6; 1995 c 391 § 4; 1994 c 264 § 11; 1988 c 36 § 11; 1987 c 479 § 3.]

**Effective date—1995 c 391:** See note following RCW 38.52.005.

### **38.52.430 Emergency response caused by person's intoxication—Recovery of costs from convicted person.**

A person whose intoxication causes an incident resulting in an appropriate emergency response, and who, in connection with the incident, has been found guilty of or has had their prosecution deferred for (1) driving while under the influence of intoxicating liquor or any drug, RCW 46.61.502; (2) operating an aircraft under the influence of intoxicants or drugs, RCW 47.68.220; (3) use of a vessel while under the influence of alcohol or drugs, \*RCW 88.12.100; (4) vehicular homicide while under the influence of intoxicating liquor or any drug, RCW 46.61.520(1)(a); or (5) vehicular assault while under the influence of intoxicating liquor or any drug, RCW 46.61.522(1)(b), is liable for the expense of an emergency response by a public agency to the incident.

The expense of an emergency response is a charge against the person liable for expenses under this section. The charge constitutes a debt of that person and is collectible by the public agency incurring those costs in the same manner as in the case of an obligation under a contract, expressed or implied.

In no event shall a person's liability under this section for the expense of an emergency response exceed one thousand dollars for a particular incident.

If more than one public agency makes a claim for payment from an individual for an emergency response to a single incident under the provisions of this section, and the sum of the claims exceeds the amount recovered, the division of the amount recovered shall be determined by an interlocal agreement consistent with the requirements of chapter 39.34 RCW. [1993 c 251 § 2.]

**\*Reviser's note:** RCW 88.12.100 was recodified as RCW 88.12.025 pursuant to 1993 c 244 § 45. RCW 88.12.025 was subsequently recodified as RCW 79A.60.040 pursuant to 1999 c 249 § 1601.

**Finding—Intent—1993 c 251:** "The legislature finds that a public agency incurs expenses in an emergency response. It is the intent of the legislature to allow a public agency to recover the expenses of an emergency response to an incident involving persons who operate a motor vehicle, boat or vessel, or a civil aircraft while under the influence of an alcoholic beverage or a drug, or the combined influence of an alcoholic beverage and a drug. It is the intent of the legislature that the recovery of expenses of an emergency response under this act shall supplement and shall not supplant other provisions of law relating to the recovery of those expenses." [1993 c 251 § 1.]

**38.52.500 Statewide enhanced 911 service—Finding.** The legislature finds that a statewide emergency communica-

(2004 Ed.)

tions network of enhanced 911 telephone service, which allows an immediate display of a caller's identification and location, would serve to further the safety, health, and welfare of the state's citizens, and would save lives. The legislature, after reviewing the study outlined in section 1, chapter 260, Laws of 1990, further finds that statewide implementation of enhanced 911 telephone service is feasible and should be accomplished as soon as practicable. [1991 c 54 § 1.]

**Referral to electorate—1991 c 54:** See note following RCW 38.52.030.

### **38.52.501 Statewide enhanced 911 service—Findings.**

The legislature finds that statewide enhanced 911 has proven to be a lifesaving service and that routing a 911 call to the appropriate public safety answering point with a display of the caller's identification and location should be available for all users of telecommunications services, regardless of the technology used to make and transmit the 911 call. The legislature also finds that it is in the best public interest to ensure that there is adequate ongoing funding to support enhanced 911 service. [2002 c 341 § 1.]

**Severability—2002 c 341:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2002 c 341 § 14.]

**Effective date—2002 c 341:** "This act takes effect January 1, 2003." [2002 c 341 § 15.]

### **38.52.505 Statewide enhanced 911 service—Automatic location identification—Rules.**

The adjutant general shall establish rules on minimum information requirements of automatic location identification for the purposes of enhanced 911 emergency service. Such rules shall permit the chief of a local fire department or a chief fire protection officer or such other person as may be designated by the governing body of a city or county to take into consideration local circumstances when approving the accuracy of location information generated when calls are made to 911 from facilities within his or her service area. [1999 c 24 § 2.]

**Findings—1999 c 24:** "The legislature finds that the citizens of the state increasingly rely on the dependability of enhanced 911, a system that allows the person answering an emergency call to determine the location of the emergency immediately without the caller needing to speak. The legislature further finds that the degree of accuracy of the displayed information must be adequate to permit rapid location of the caller while taking into consideration variables specific to local conditions. The legislature further finds that it is appropriate that rules permitting local fire agencies to evaluate and approve the accuracy of location information relating to their service areas be adopted." [1999 c 24 § 1.]

### **38.52.510 Statewide enhanced 911 service—Funding by counties.**

By December 31, 1998, each county, singly or in combination with adjacent counties, shall implement district-wide, county-wide, or multicounty-wide enhanced 911 emergency communications systems so that enhanced 911 is available throughout the state. The county shall provide funding for the enhanced 911 communication system in the county or district in an amount equal to the amount the maximum tax under RCW 82.14B.030(1) would generate in the county or district or the amount necessary to provide full funding of the system in the county or district, whichever is less. The state enhanced 911 coordination office established

by RCW 38.52.520 shall assist and facilitate enhanced 911 implementation throughout the state. [1991 c 54 § 3.]

**Referral to electorate—1991 c 54:** See note following RCW 38.52.030.

**38.52.520 State enhanced 911 coordination office.** A state enhanced 911 coordination office, headed by the state enhanced 911 coordinator, is established in the emergency management division of the department. Duties of the office shall include:

(1) Coordinating and facilitating the implementation and operation of enhanced 911 emergency communications systems throughout the state;

(2) Seeking advice and assistance from, and providing staff support for, the enhanced 911 advisory committee; and

(3) Recommending to the utilities and transportation commission by August 31st of each year the level of the state enhanced 911 excise tax for the following year. [1991 c 54 § 4.]

**Referral to electorate—1991 c 54:** See note following RCW 38.52.030.

**38.52.525 State enhanced 911 coordination office—Public education materials.** The state enhanced 911 coordination office may develop and implement public education materials regarding the capability of specific equipment used as part of a private telecommunications system or in the provision of private shared telecommunications services to forward automatic location identification and automatic number identification. [1995 c 243 § 9.]

**Findings—Severability—1995 c 243:** See notes following RCW 80.36.555.

**38.52.530 Enhanced 911 advisory committee.** (*Expires December 31, 2006.*) The enhanced 911 advisory committee is created to advise and assist the state enhanced 911 coordinator in coordinating and facilitating the implementation and operation of enhanced 911 throughout the state. The director shall appoint members of the committee who represent diverse geographical areas of the state and include state residents who are members of the national emergency number association, the associated public communications officers Washington chapter, the Washington state fire chiefs association, the Washington association of sheriffs and police chiefs, the Washington state council of fire fighters, the Washington state council of police officers, the Washington ambulance association, the state fire protection policy board, the Washington fire commissioners association, the Washington state patrol, the association of Washington cities, the Washington state association of counties, the utilities and transportation commission or commission staff, and an equal number of representatives of large and small local exchange telephone companies and large and small radio communications service companies offering commercial mobile radio service in the state. This section expires December 31, 2006. [2002 c 341 § 3; 2000 c 34 § 1; 1997 c 49 § 7; 1991 c 54 § 5.]

**Severability—Effective date—2002 c 341:** See notes following RCW 38.52.501.

**Referral to electorate—1991 c 54:** See note following RCW 38.52.030.

**38.52.535 State enhanced 911 coordination office and advisory committee—Uniform national standards.** The state enhanced 911 coordination office and the enhanced 911 advisory committee may participate in efforts to set uniform national standards for automatic number identification and automatic location identification data transmission for private telecommunications systems and private shared telecommunications services. [1998 c 245 § 32; 1995 c 243 § 10.]

**Findings—Severability—1995 c 243:** See notes following RCW 80.36.555.

**38.52.540 Enhanced 911 account.** (1) The enhanced 911 account is created in the state treasury. All receipts from the state enhanced 911 excise taxes imposed by RCW 82.14B.030 shall be deposited into the account. Moneys in the account shall be used only to support the statewide coordination and management of the enhanced 911 system, for the implementation of wireless enhanced 911 statewide, and to help supplement, within available funds, the operational costs of the system, including adequate funding of counties to enable implementation of wireless enhanced 911 service and reimbursement of radio communications service companies for costs incurred in providing wireless enhanced 911 service pursuant to negotiated contracts between the counties or their agents and the radio communications service companies.

(2) Funds generated by the enhanced 911 excise tax imposed by RCW 82.14B.030(3) shall not be distributed to any county that has not imposed the maximum county enhanced 911 tax allowed under RCW 82.14B.030(1). Funds generated by the enhanced 911 excise tax imposed by RCW 82.14B.030(4) shall not be distributed to any county that has not imposed the maximum county enhanced 911 tax allowed under RCW 82.14B.030(2).

(3) The state enhanced 911 coordinator, with the advice and assistance of the enhanced 911 advisory committee, is authorized to enter into statewide agreements to improve the efficiency of enhanced 911 services for all counties and shall specify by rule the additional purposes for which moneys, if available, may be expended from this account.

(4) During the 2001-2003 fiscal biennium, the legislature may transfer from the enhanced 911 account to the state general fund such amounts as reflect the excess fund balance of the account. [2002 c 371 § 905; 2002 c 341 § 4; 2001 c 128 § 2; 1998 c 304 § 14; 1994 c 96 § 7; 1991 c 54 § 6.]

**Reviser's note:** This section was amended by 2002 c 341 § 4 and by 2002 c 371 § 905, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Severability—Effective date—2002 c 341:** See notes following RCW 38.52.501.

**Findings—2001 c 128:** "The legislature finds that the statewide emergency communications network of enhanced 911 telephone service, which allows an immediate display of a caller's identification and location, has served to further the safety, health, and welfare of the state's citizens, and has saved lives.

The legislature further finds that statewide operation and management of the enhanced 911 system will create efficiencies of operation and permit greater local control of county 911 operations, and further that some counties will continue to need assistance from the state to maintain minimum enhanced 911 service levels." [2001 c 128 § 1.]

**Effective date—2001 c 128:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2001." [2001 c 128 § 4.]

**39.04.140 Contracts affected by increase in price of petroleum products—Termination—Continuation with contracting agency sharing increased costs—Conditions.** (1) The legislature finds (a) that the increase in the price of petroleum products resulting from the world wide shortage of crude oil has created a condition which has rendered performance by contractors of many public works contracts economically impossible and (b) that provision should be made to provide for the orderly termination of such contracts; the deletion of work affected by petroleum prices without the necessity of litigation; or, alternatively at the election of any contracting agency, the continuation of the contract with the agency assuming a share of the increased petroleum costs.

(2) Whenever the state or any municipality shall have awarded any public works contract during the performance of which (a) any legally enforceable private agreement or contractual arrangement between either the contractor or a first tier subcontractor and his suppliers of crude oil, residual fuel oil, refined petroleum products, or asphalt required in order to complete performance of the public works contract are superseded, with resulting increased costs of performance of the public works contract, by force majeure regulations, rules, allocations, or rulings issued by any federal, state, or other agency acting pursuant to any federal or state economic stabilization act, petroleum allocation act, or other legislation authorizing the same; or (b) the cost of petroleum products for which has increased by more than twenty percent over the current market price thereof as the date of contract award, then the contractor may elect to terminate the contract in its entirety or to delete such portions of the work from the contract, and the state or municipality shall pay the contractor for all work performed prior to the date of termination of the contract or deletion of such work. The state or municipality shall also pay the contractor for all acceptable materials ordered by the contractor and delivered on the work site prior to the termination of the contract or deletion of such work by the contractor. Such materials shall be purchased from the contractor by the state or the municipality at the actual cost of such material to the contractor and shall thereupon become the property of the state or municipality. public interest to complete performance on such public works contract then the state or such municipality shall require the contractor to complete performance of the public works contract and the state or such municipality shall modify the provisions of that public works contract to increase the contract price so that the state or municipality shall bear eighty percent of such increased costs over the contractor's estimated cost at the time of contract bid opening and the contractor shall bear the balance thereof. Upon request by the state or municipality the contractor shall make his records available for audit by the state or municipality to verify such increased costs.

(3) This section shall apply only to public works contracts awarded prior to November 1, 1973, and only to work under such contracts which has not been performed on the date the contractor elects to terminate the contract or delete such work from the contract. [1974 ex.s. c 194 § 1.]

**Severability—1974 ex.s. c 194:** "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1974 ex.s. c 194 § 2.]

**39.04.155 Small works roster contract procedures—Limited public works process.** (1) This section provides uniform small works roster provisions to award contracts for construction, building, renovation, remodeling, alteration, repair, or improvement of real property that may be used by state agencies and by any local government that is expressly authorized to use these provisions. These provisions may be used in lieu of other procedures to award contracts for such work with an estimated cost of two hundred thousand dollars or less. The small works roster process includes the limited public works process authorized under subsection (3) of this section and any local government authorized to award contracts using the small works roster process under this section may award contracts using the limited public works process under subsection (3) of this section.

(2)(a) A state agency or authorized local government may create a single general small works roster, or may create a small works roster for different specialties or categories of anticipated work. Where applicable, small works rosters may make distinctions between contractors based upon different geographic areas served by the contractor. The small works roster or rosters shall consist of all responsible contractors who have requested to be on the list, and where required by law are properly licensed or registered to perform such work in this state. A state agency or local government establishing a small works roster or rosters may require eligible contractors desiring to be placed on a roster or rosters to keep current records of any applicable licenses, certifications, registrations, bonding, insurance, or other appropriate matters on file with the state agency or local government as a condition of being placed on a roster or rosters. At least once a year, the state agency or local government shall publish in a newspaper of general circulation within the jurisdiction a notice of the existence of the roster or rosters and solicit the names of contractors for such roster or rosters. In addition, responsible contractors shall be added to an appropriate roster or rosters at any time they submit a written request and necessary records. Master contracts may be required to be signed that

(2004 Ed.)

become effective when a specific award is made using a small works roster.

(b) A state agency establishing a small works roster or rosters shall adopt rules implementing this subsection. A local government establishing a small works roster or rosters shall adopt an ordinance or resolution implementing this subsection. Procedures included in rules adopted by the department of general administration in implementing this subsection must be included in any rules providing for a small works roster or rosters that is adopted by another state agency, if the authority for that state agency to engage in these activities has been delegated to it by the department of general administration under chapter 43.19 RCW. An interlocal contract or agreement between two or more state agencies or local governments establishing a small works roster or rosters to be used by the parties to the agreement or contract must clearly identify the lead entity that is responsible for implementing the provisions of this subsection.

(c) Procedures shall be established for securing telephone, written, or electronic quotations from contractors on the appropriate small works roster to assure that a competitive price is established and to award contracts to the lowest responsible bidder, as defined in RCW 43.19.1911. Invitations for quotations shall include an estimate of the scope and nature of the work to be performed as well as materials and equipment to be furnished. However, detailed plans and specifications need not be included in the invitation. This subsection does not eliminate other requirements for architectural or engineering approvals as to quality and compliance with building codes. Quotations may be invited from all appropriate contractors on the appropriate small works roster. As an alternative, quotations may be invited from at least five contractors on the appropriate small works roster who have indicated the capability of performing the kind of work being contracted, in a manner that will equitably distribute the opportunity among the contractors on the appropriate roster. However, if the estimated cost of the work is from one hundred thousand dollars to two hundred thousand dollars, a state agency or local government, other than a port district, that chooses to solicit bids from less than all the appropriate contractors on the appropriate small works roster must also notify the remaining contractors on the appropriate small works roster that quotations on the work are being sought. The government has the sole option of determining whether this notice to the remaining contractors is made by: (i) Publishing notice in a legal newspaper in general circulation in the area where the work is to be done; (ii) mailing a notice to these contractors; or (iii) sending a notice to these contractors by facsimile or other electronic means. For purposes of this subsection (2)(c), "equitably distribute" means that a state agency or local government soliciting bids may not favor certain contractors on the appropriate small works roster over other contractors on the appropriate small works roster who perform similar services.

(d) A contract awarded from a small works roster under this section need not be advertised.

(e) Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry.

(3) In lieu of awarding contracts under subsection (2) of this section, a state agency or authorized local government

may award a contract for work, construction, alteration, repair, or improvement project [projects] estimated to cost less than thirty-five thousand dollars using the limited public works process provided under this subsection. Public works projects awarded under this subsection are exempt from the other requirements of the small works roster process provided under subsection (2) of this section and are exempt from the requirement that contracts be awarded after advertisement as provided under RCW 39.04.010.

For limited public works projects, a state agency or authorized local government shall solicit electronic or written quotations from a minimum of three contractors from the appropriate small works roster and shall award the contract to the lowest responsible bidder as defined under RCW 43.19.1911. After an award is made, the quotations shall be open to public inspection and available by electronic request. A state agency or authorized local government shall attempt to distribute opportunities for limited public works projects equitably among contractors willing to perform in the geographic area of the work. A state agency or authorized local government shall maintain a list of the contractors contacted and the contracts awarded during the previous twenty-four months under the limited public works process, including the name of the contractor, the contractor's registration number, the amount of the contract, a brief description of the type of work performed, and the date the contract was awarded. For limited public works projects, a state agency or authorized local government may waive the payment and performance bond requirements of chapter 39.08 RCW and the retainage requirements of chapter 60.28 RCW, thereby assuming the liability for the contractor's nonpayment of laborers, mechanics, subcontractors, materialmen, suppliers, and taxes imposed under Title 82 RCW that may be due from the contractor for the limited public works project, however the state agency or authorized local government shall have the right of recovery against the contractor for any payments made on the contractor's behalf.

(4) The breaking of any project into units or accomplishing any projects by phases is prohibited if it is done for the purpose of avoiding the maximum dollar amount of a contract that may be let using the small works roster process or limited public works process.

(5) As used in this section, "state agency" means the department of general administration, the state parks and recreation commission, the department of natural resources, the department of fish and wildlife, the department of transportation, any institution of higher education as defined under RCW 28B.10.016, and any other state agency delegated authority by the department of general administration to engage in construction, building, renovation, remodeling, alteration, improvement, or repair activities. [2001 c 284 § 1; 2000 c 138 § 101; 1998 c 278 § 12; 1993 c 198 § 1; 1991 c 363 § 109.]

**Purpose—2000 c 138:** "The purpose of this act is to establish a common small works roster procedure that state agencies and local governments may use to award contracts for construction, building, renovation, remodeling, alteration, repair, or improvement of real property." [2000 c 138 § 1.]

**39.04.156 Small works roster manual—Notification to local governments.** The department of community, trade, and economic development, in cooperation with the municipal research and services center, shall prepare a small works roster manual and periodically notify the different types of local government authorized to use a small works roster process about this authority. [2000 c 138 § 104.]

**Purpose—Part headings not law—2000 c 138:** See notes following RCW 39.04.155.

**39.04.160 Contracts subject to requirements established under office of minority and women's business enterprises.** All contracts entered into under this chapter by the state on or after September 1, 1983, are subject to the requirements established under chapter 39.19 RCW. [1983 c 120 § 11.]

**Effective date—Applicability—Severability—Conflict with federal requirements—1983 c 120:** See RCW 39.19.910, 39.19.920.

**\*Reviser's note:** RCW 39.35A.020 was amended by 2001 c 214 § 18, changing subsection (3) to subsection (4).

[1989 c 399 § 11; 1986 c 244 § 13.]

**Severability—1986 c 244:** See RCW 70.150.905.

**39.04.180 Trench excavations—Safety systems required.** On public works projects in which trench excavation will exceed a depth of four feet, any contract therefor shall require adequate safety systems for the trench excavation that meet the requirements of the Washington industrial safety and health act, chapter 49.17 RCW. This requirement shall be included in the cost estimates and bidding forms as a separate item. The costs of trench safety systems shall not be considered as incidental to any other contract item and any attempt to include the trench safety systems as an incidental cost is prohibited. [1988 c 180 § 1.]

**39.04.190 Purchase contract process—Other than formal sealed bidding.** (1) This section provides a uniform process to award contracts for the purchase of any materials, equipment, supplies, or services by those municipalities that are authorized to use this process in lieu of the requirements for formal sealed bidding. The state statutes governing a specific type of municipality shall establish the maximum dollar thresholds of the contracts that can be awarded under this

process, and may include other matters concerning the awarding of contracts for purchases, for the municipality.

(2) At least twice per year, the municipality shall publish in a newspaper of general circulation within the jurisdiction a notice of the existence of vendor lists and solicit the names of vendors for the lists. Municipalities shall by resolution establish a procedure for securing telephone or written quotations, or both, from at least three different vendors whenever possible to assure that a competitive price is established and for awarding the contracts for the purchase of any materials, equipment, supplies, or services to the lowest responsible bidder as defined in RCW 43.19.1911. Immediately after the award is made, the bid quotations obtained shall be recorded, open to public inspection, and shall be available by telephone inquiry. A contract awarded pursuant to this section need not be advertised. [1993 c 198 § 2; 1991 c 363 § 110.]

**Purpose—Captions not law—1991 c 363:** See notes following RCW 2.32.180.

**39.04.200 Small works roster or purchase contracts—Listing of contracts awarded required.** Any local government using the uniform process established in RCW 39.04.190 to award contracts for purchases must post a list of the contracts awarded under that process at least once every two months. Any state agency or local government using the small works roster process established in RCW 39.04.155 to award contracts for construction, building, renovation, remodeling, alteration, repair, or improvement of real property must make available a list of the contracts awarded under that process at least once every year. The list shall contain the name of the contractor or vendor awarded the contract, the amount of the contract, a brief description of the type of work performed or items purchased under the contract, and the date it was awarded. The list shall also state the location where the bid quotations for these contracts are available for public inspection. [2000 c 138 § 103; 1993 c 198 § 3; 1991 c 363 § 111.]

**Purpose—Part headings not law—2000 c 138:** See notes following RCW 39.04.155.

**Purpose—Captions not law—1991 c 363:** See notes following RCW 2.32.180.

**39.04.210 Correctional facilities construction and repair—Findings.** The legislature recognizes that fair and open competition is a basic tenet of public works procurement, that such competition reduces the appearance of and opportunity for favoritism and inspires public confidence that contracts are awarded equitably and economically, and that effective monitoring mechanisms are important means of curbing any improprieties and establishing public confidence in the process by which contractual services are procured. The legislature finds that there will continue to exist a need for additional correctional facilities due to the inadequate capacity of existing correctional facilities to accommodate the predicted growth of offender populations and that it is necessary to provide public works contract options for the effective construction and repair of additional department of corrections facilities. [1994 c 80 § 1; 1991 c 130 § 1.]

**Severability—1994 c 80:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the (2004 Ed.)

application of the provision to other persons or circumstances is not affected." [1994 c 80 § 4.]

**Effective date—1994 c 80:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [March 23, 1994]." [1994 c 80 § 5.]

**Severability—1991 c 130:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1991 c 130 § 4.]

**39.04.220 Correctional facilities construction and repair—Use of general contractor/construction manager method for awarding contracts—Demonstration projects.** (1) In addition to currently authorized methods of public works contracting, and in lieu of the requirements of RCW 39.04.010 and 39.04.020 through 39.04.060, capital projects funded for over ten million dollars authorized by the legislature for the department of corrections to construct or repair facilities may be accomplished under contract using the general contractor/construction manager method described in this section. In addition, the general contractor/construction manager method may be used for up to two demonstration projects under ten million dollars for the department of corrections. Each demonstration project shall aggregate capital projects authorized by the legislature at a single site to total no less than three million dollars with the approval of the office of financial management. The department of general administration shall present its plan for the aggregation of projects under each demonstration project to the oversight advisory committee established under subsection (2) of this section prior to soliciting proposals for general contractor/construction manager services for the demonstration project.

(2) For the purposes of this section, "general contractor/construction manager" means a firm with which the department of general administration has selected and negotiated a maximum allowable construction cost to be guaranteed by the firm, after competitive selection through a formal advertisement, and competitive bids to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase. The department of general administration shall establish an independent oversight advisory committee with representatives of interest groups with an interest in this subject area, the department of corrections, and the private sector, to review selection and contracting procedures and contracting documents. The oversight advisory committee shall discuss and review the progress of the demonstration projects. The general contractor/construction manager method is limited to projects authorized on or before July 1, 1997.

(3) Contracts for the services of a general contractor/construction manager awarded under the authority of this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager services. Minority and women enterprise total project goals shall be specified in the bid instructions to the general contractor/construction manager finalists. The director of general administration is authorized to include an

incentive clause in any contract awarded under this section for savings of either time or cost or both from that originally negotiated. No incentives granted shall exceed five percent of the maximum allowable construction cost. The director of general administration or his or her designee shall establish a committee to evaluate the proposals considering such factors as: Ability of professional personnel; past performance in negotiated and complex projects; ability to meet time and budget requirements; location; recent, current, and projected work loads of the firm; and the concept of their proposal. After the committee has selected the most qualified finalists, these finalists shall submit sealed bids for the percent fee, which is the percentage amount to be earned by the general contractor/construction manager as overhead and profit, on the estimated maximum allowable construction cost and the fixed amount for the detailed specified general conditions work. The maximum allowable construction cost may be negotiated between the department of general administration and the selected firm after the scope of the project is adequately determined to establish a guaranteed contract cost for which the general contractor/construction manager will provide a performance and payment bond. The guaranteed contract cost includes the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, the percent fee on the negotiated maximum allowable construction cost, and sales tax. If the department of general administration is unable to negotiate a satisfactory maximum allowable construction cost with the firm selected that the department of general administration determines to be fair, reasonable, and within the available funds, negotiations with that firm shall be formally terminated and the department of general administration shall negotiate with the next low bidder and continue until an agreement is reached or the process is terminated. If the maximum allowable construction cost varies more than fifteen percent from the bid estimated maximum allowable construction cost due to requested and approved changes in the scope by the state, the percent fee shall be renegotiated. All subcontract work shall be competitively bid with public bid openings. Specific contract requirements for women and minority enterprise participation shall be specified in each subcontract bid package that exceeds ten percent of the department's estimated project cost. All subcontractors who bid work over two hundred thousand dollars shall post a bid bond and the awarded subcontractor shall provide a performance and payment bond for their contract amount if required by the general contractor/construction manager. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. Bidding on subcontract work by the general contractor/construction manager or its subsidiaries is prohibited. The general contractor/construction manager may negotiate with the low-responsive bidder only in accordance with RCW 39.04.015 or, if unsuccessful in such negotiations, rebid.

(4) If the project is completed for less than the agreed upon maximum allowable construction cost, any savings not otherwise negotiated as part of an incentive clause shall accrue to the state. If the project is completed for more than the agreed upon maximum allowable construction cost, excepting increases due to any contract change orders

approved by the state, the additional cost shall be the responsibility of the general contractor/construction manager.

(5) The powers and authority conferred by this section shall be construed as in addition and supplemental to powers or authority conferred by any other law, and nothing contained in this section may be construed as limiting any other powers or authority of the department of general administration. However, all actions taken pursuant to the powers and authority granted to the director or the department of general administration under this section may only be taken with the concurrence of the department of corrections. [1996 c 18 § 5; 1994 c 80 § 2; 1991 c 130 § 2.]

**Severability—Effective date—1994 c 80:** See notes following RCW 39.04.210.

**Severability—1991 c 130:** See note following RCW 39.04.210.

**39.04.230 Correctional facilities construction and repair—Alternative contracting method to remain in force until contracts completed.** Methods of public works contracting authorized by RCW 39.04.210 and 39.04.220 shall remain in full force and effect until completion of projects authorized on or before July 1, 1997. [1994 c 80 § 3; 1991 c 130 § 3.]

**Severability—Effective date—1994 c 80:** See notes following RCW 39.04.210.

**Severability—1991 c 130:** See note following RCW 39.04.210.

**39.04.240 Public works contracts—Awarding of attorneys' fees.** (1) The provisions of RCW 4.84.250 through 4.84.280 shall apply to an action arising out of a public works contract in which the state or a municipality, or other public body that contracts for public works, is a party, except that: (a) The maximum dollar limitation in RCW 4.84.250 shall not apply; and (b) in applying RCW 4.84.280, the time period for serving offers of settlement on the adverse party shall be the period not less than thirty days and not more than one hundred twenty days after completion of the service and filing of the summons and complaint.

(2) The rights provided for under this section may not be waived by the parties to a public works contract that is entered into on or after June 11, 1992, and a provision in such a contract that provides for waiver of these rights is void as against public policy. However, this subsection shall not be construed as prohibiting the parties from mutually agreeing to a clause in a public works contract that requires submission of a dispute arising under the contract to arbitration. [1999 c 107 § 1; 1992 c 171 § 1.]

**39.04.250 Payments received on account of work performed by subcontractor—Disputed amounts—Remedies.** (1) When payment is received by a contractor or subcontractor for work performed on a public work, the contractor or subcontractor shall pay to any subcontractor not later than ten days after the receipt of the payment, amounts allowed the contractor on account of the work performed by the subcontractor, to the extent of each subcontractor's interest therein.

(2) In the event of a good faith dispute over all or any portion of the amount due on a payment from the state or a municipality to the prime contractor, or from the prime con-

tractor or subcontractor to a subcontractor, then the state or the municipality, or the prime contractor or subcontractor, may withhold no more than one hundred fifty percent of the disputed amount. Those not a party to a dispute are entitled to full and prompt payment of their portion of a draw, progress payment, final payment, or released retainage.

(3) In addition to all other remedies, any person from whom funds have been withheld in violation of this section shall be entitled to receive from the person wrongfully withholding the funds, for every month and portion thereof that payment including retainage is not made, interest at the highest rate allowed under RCW 19.52.025. In any action for the collection of funds wrongfully withheld, the prevailing party shall be entitled to costs of suit and reasonable attorneys' fees. [1992 c 223 § 5.]

**Effective date—1992 c 223:** See note following RCW 39.76.011.

**Waiver of rights, construction—Application—1992 c 223:** See RCW 39.04.900 and 39.04.901.

**39.04.260 Private construction performed pursuant to contract for rental, lease, or purchase by state—Must comply with prevailing wage law.** Any work, construction, alteration, repair, or improvement, other than ordinary maintenance, that the state or a municipality causes to be performed by a private party through a contract to rent, lease, or purchase at least fifty percent of the project by one or more state agencies or municipalities shall comply with chapter 39.12 RCW. [1993 c 110 § 1.]

**Application—1993 c 110:** "Section 1 of this act shall not apply to any project for which a call for competitive bids was made before July 25, 1993." [1993 c 110 § 2.]

**39.04.270 Electronic data processing and telecommunications systems—Municipalities—Acquisition method—Competitive negotiation—Findings, intent.** (1) The legislature finds that the unique aspects of electronic data processing and telecommunications systems and the importance of these systems for effective administration warrant separate acquisition authority for electronic data processing and telecommunication systems. It is the intent of the legislature that municipalities utilize an acquisition method for electronic data processing and telecommunication systems that is both competitive and compatible with the needs of the municipalities.

(2) A municipality may acquire electronic data processing or telecommunication equipment, software, or services through competitive negotiation rather than through competitive bidding.

(3) "Competitive negotiation," for the purposes of this section, shall include, as a minimum, the following requirements:

(a) A request for proposal shall be prepared and submitted to an adequate number of qualified sources, as determined by the municipality in its discretion, to permit reasonable competition consistent with the requirements of the procurement. Notice of the request for the proposal must be published in a newspaper of general circulation in the municipality at least thirteen days before the last date upon which proposals will be received. The request for proposal shall identify significant evaluation factors, including price, and their relative importance.

(b) The municipality shall provide reasonable procedures for technical evaluation of the proposals received, identification of qualified sources, and selection for awarding the contract.

(c) The award shall be made to the qualified bidder whose proposal is most advantageous to the municipality with price and other factors considered. The municipality may reject any and all proposals for good cause and request new proposals. [1996 c 257 § 1.]

**39.04.280 Competitive bidding requirements—Exemptions.** This section provides uniform exemptions to competitive bidding requirements utilized by municipalities when awarding contracts for public works and contracts for purchases. The statutes governing a specific type of municipality may also include other exemptions from competitive bidding requirements. The purpose of this section is to supplement and not to limit the current powers of any municipality to provide exemptions from competitive bidding requirements.

(1) Competitive bidding requirements may be waived by the governing body of the municipality for:

(a) Purchases that are clearly and legitimately limited to a single source of supply;

(b) Purchases involving special facilities or market conditions;

(c) Purchases in the event of an emergency;

(d) Purchases of insurance or bonds; and

(e) Public works in the event of an emergency.

(2)(a) The waiver of competitive bidding requirements under subsection (1) of this section may be by resolution or by the terms of written policies adopted by the municipality, at the option of the governing body of the municipality. If the governing body elects to waive competitive bidding requirements by the terms of written policies adopted by the municipality, immediately after the award of any contract, the contract and the factual basis for the exception must be recorded and open to public inspection.

If a resolution is adopted by a governing body to waive competitive bidding requirements under (b) of this subsection, the resolution must recite the factual basis for the exception. This subsection (2)(a) does not apply in the event of an emergency.

(b) If an emergency exists, the person or persons designated by the governing body of the municipality to act in the event of an emergency may declare an emergency situation exists, waive competitive bidding requirements, and award all necessary contracts on behalf of the municipality to address the emergency situation. If a contract is awarded without competitive bidding due to an emergency, a written finding of the existence of an emergency must be made by the governing body or its designee and duly entered of record no later than two weeks following the award of the contract.

(3) For purposes of this section "emergency" means unforeseen circumstances beyond the control of the municipality that either: (a) Present a real, immediate threat to the proper performance of essential functions; or (b) will likely result in material loss or damage to property, bodily injury, or loss of life if immediate action is not taken. [1998 c 278 § 1.]

**39.04.290 Contracts for building engineering systems.** (1) A state agency or local government may award contracts of any value for the design, fabrication, and installation of building engineering systems by: (a) Using a competitive bidding process or request for proposals process where bidders are required to provide final specifications and a bid price for the design, fabrication, and installation of building engineering systems, with the final specifications being approved by an appropriate design, engineering, and/or public regulatory body; or (b) using a competitive bidding process where bidders are required to provide final specifications for the final design, fabrication, and installation of building engineering systems as part of a larger project with the final specifications for the building engineering systems portion of the project being approved by an appropriate design, engineering, and/or public regulatory body. The provisions of chapter 39.80 RCW do not apply to the design of building engineering systems that are included as part of a contract described under this section.

(2) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Building engineering systems" means those systems where contracts for the systems customarily have been awarded with a requirement that the contractor provide final approved specifications, including fire alarm systems, building sprinkler systems, pneumatic tube systems, extensions of heating, ventilation, or air conditioning control systems, chlorination and chemical feed systems, emergency generator systems, building signage systems, pile foundations, and curtain wall systems.

(b) "Local government" means any county, city, town, school district, or other special district, municipal corporation, or quasi-municipal corporation.

(c) "State agency" means the department of general administration, the state parks and recreation commission, the department of fish and wildlife, the department of natural resources, any institution of higher education as defined under RCW 28B.10.016, and any other state agency delegated authority by the department of general administration to engage in building, renovation, remodeling, alteration, improvement, or repair activities. [2001 c 34 § 1.]

**39.04.900 Rights may not be waived—Construction—1992 c 223.** (1) The rights provided in chapter 223, Laws of 1992 may not be waived by the parties and a contract provision that provides for waiver of the rights provided in chapter 223, Laws of 1992 is void as against public policy.

(2) Chapter 223, Laws of 1992 is to be liberally construed to provide security for all parties intended to be protected by its provisions. [1992 c 223 § 6.]

**Effective date—1992 c 223:** See note following RCW 39.76.011.

**Application—1992 c 223:** See RCW 39.04.901.

**39.04.901 Application—1992 c 223.** (1) RCW 39.76.011, 60.28.011, 60.28.021, 60.28.051, 39.04.250, and 39.04.900 are applicable to all public works contracts entered into on or after September 1, 1992, relating to the construction of any work of improvement.

(2) RCW 39.76.010, 60.28.010, 60.28.020, and 60.28.050 are applicable to all public works contracts entered

**39.10.010 Finding—Purpose. (Effective until July 1, 2007.)** The legislature finds that the traditional process of awarding public works contracts in lump sum to the lowest responsible bidder is a fair and objective method of selecting a contractor. However, under certain circumstances, alternative public works contracting procedures may best serve the public interest if such procedures are implemented in an open and fair process based on objective and equitable criteria. The purpose of this chapter is to authorize the use of certain supplemental alternative public works contracting procedures by state agencies and large municipalities under limited circumstances, to prescribe appropriate requirements to ensure that such contracting procedures serve the public interest, and to establish a process for evaluation of such contracting procedures. [1994 c 132 § 1.]

**39.10.020 Definitions. (Effective until July 1, 2007.)** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Alternative public works contracting procedure" means the design-build and the general contractor/construction manager contracting procedures authorized in RCW 39.10.051 and 39.10.061, respectively.

(2) "Public body" means the state department of general administration; the University of Washington; Washington State University; every city with a population greater than seventy thousand and any public authority chartered by such city under RCW 35.21.730 through 35.21.755 and specifically authorized as provided in RCW 39.10.120(4); every county with a population greater than four hundred fifty thousand; every port district with total revenues greater than fifteen million dollars per year; every public hospital district with total revenues greater than fifteen million dollars per year utilizing the design-build procedure authorized by RCW 39.10.051 and every public hospital district, regardless of total revenues, proposing projects that are considered and approved by the public hospital district project review board under RCW 39.10.117; every public utility district with revenues from energy sales greater than twenty-three million dollars per year; those school districts proposing projects that are

considered and approved by the school district project review board under RCW 39.10.115; and the state ferry system.

(3) "Public works project" means any work for a public body within the definition of the term public work in RCW 39.04.010.

(4) "Job order contract" means a contract between a public body or any school district and a registered or licensed contractor in which the contractor agrees to a fixed period, indefinite quantity delivery order contract which provides for the use of negotiated, definitive work orders for public works as defined in RCW 39.04.010.

(5) "Job order contractor" means a registered or licensed contractor awarded a job order contract.

(6) "Unit price book" means a book containing specific prices, based on generally accepted industry standards and information, where available, for various items of work to be performed by the job order contractor. The prices may include: All the costs of materials; labor; equipment; overhead, including bonding costs; and profit for performing the items of work. The unit prices for labor must be at the rates in effect at the time the individual work order is issued.

(7) "Work order" means an order issued for a definite scope of work to be performed pursuant to a job order contract. [2003 c 352 § 1; 2003 c 301 § 2; 2003 c 300 § 3; 2001 c 328 § 1; 2000 c 209 § 1; 1997 c 376 § 1; 1994 c 132 § 2.]

**Reviser's note:** This section was amended by 2003 c 300 § 3, 2003 c 301 § 2, and by 2003 c 352 § 1, each without reference to the other. All amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Effective date—2001 c 328:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2001." [2001 c 328 § 8.]

**Effective date—1997 c 376:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 1997." [1997 c 376 § 10.]

**39.10.030 Public notification and review process.** (*Effective until July 1, 2007.*) (1) An alternative public works contracting procedure authorized under this chapter may be used for a specific public works project only after a public body determines that use of the alternative procedure will serve the public interest by providing a substantial fiscal benefit, or that use of the traditional method of awarding contracts in lump sum to the low responsive bidder is not practical for meeting desired quality standards or delivery schedules.

(2) Whenever a public body determines to use one of the alternative public works contracting procedures authorized under this chapter for a public works project, it shall first ensure adequate public notification and opportunity for public review and comment by implementing the public hearing procedure under (a) of this subsection or the written public comment procedure under (b) of this subsection.

(a) Public hearing procedure:

(i) The public body shall conduct a public hearing to receive public comment on its preliminary determination to use the alternative public works contracting procedure. At least twenty days before the public hearing, the public body shall cause notice of such hearing to be published at least once in a legal newspaper of general circulation published in

or as near as possible to that part of the county in which the public work will be done. The notice shall clearly describe the proposed project and the preliminary determination to use the alternative public works contracting procedure. The notice shall also indicate when, where, and how persons may present their comments on the preliminary determination, and where persons may obtain additional written information describing the project.

(ii) The public body shall summarize in a written statement its reasons for using the alternative public works contracting procedure. This statement, along with other relevant information describing the project, shall be made available upon request to interested parties at least twenty days before the public hearing.

(iii) The public body shall receive and record both written and oral comments concerning the preliminary determination at the public hearing.

(b) Written public comment procedure:

(i) The public body shall establish a thirty-day public comment period to receive public comment on its preliminary determination to use the alternative public works contracting procedure. At least seven days before the beginning of the public comment period, the public body shall cause notice of the public comment period to be published at least once in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public work will be done. The notice shall clearly describe the proposed project and the preliminary determination to use the alternative public works contracting procedure. The notice shall also indicate when, where, and how persons may submit their written comments on the preliminary determination, where persons may obtain additional written information describing the project, and the date, time, and location of the public hearing that shall be conducted under (b)(iv) of this subsection if significant adverse written comments are received by the public body.

(ii) The public body shall summarize in a written statement its reasons for using the alternative public works contracting procedure. This statement, along with other relevant information describing the project, shall be made available upon request to interested parties at least seven days before the beginning of the public comment period.

(iii) The public body shall receive written comments concerning the preliminary determination during the public comment period.

(iv) If the public body finds that it has received significant adverse comments relating to the use of the alternative public works contracting procedure, the public body shall conduct a public hearing to receive additional oral and written public comments on its preliminary determination to use the alternative public works contracting procedure. The public hearing shall be held on the date and at the time and location specified in the public notice published under (b)(i) of this subsection. At least seven days before the public hearing, the public body shall provide notice of the hearing to each person who has submitted written comments, and cause a notice of the hearing to be published at least once in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public work will be done.

(v) The public body shall receive and record written and oral comments concerning the preliminary determination at the public hearing.

(3) Final determinations to use an alternative public works contracting procedure may be made only by the legislative or governing authority of the public body, or, in the case of state agencies, by the agency director or chief administrative officer. Final determinations shall be accompanied by a concise statement of the principal reasons for overruling any considerations urged against the determination. Final determinations are subject to appeal to superior court within thirty days of the determination, provided that notice of such appeal shall be provided to the public body within seven days of the determination. The court may award reasonable attorneys' fees to the prevailing party.

(4) Following completion of a public works project using one of the alternative public works contracting procedures under this chapter, a report shall be submitted to the legislative or governing authority of the public body reviewing the utilization and performance of the alternative public works contracting procedure. Such report shall be made available to the public. [1997 c 376 § 2; 1994 c 132 § 3.]

**Effective date—1997 c 376:** See note following RCW 39.10.020.

**39.10.040 Baseball stadium project—Alternative procedure may be used. (Effective until July 1, 2007.)** An alternative public works contracting procedure authorized in this chapter may be used by a special agency, authority, or other district established by a county for construction of a baseball stadium provided that:

(1) The county is authorized to use the alternative public works contracting procedure under this chapter;

(2) The special agency, authority, or district complies with all the requirements of this chapter related to the alternative public works contracting procedure utilized; and

(3) The county itself complies with RCW 39.10.030 with respect to the baseball stadium project to be undertaken by the special agency, authority, or district. [1994 c 132 § 4.]

**39.10.051 Design-build procedure—Which public bodies may use. (Effective until July 1, 2007.)** (1) Notwithstanding any other provision of law, and after complying with RCW 39.10.030, the following public bodies may utilize the design-build procedure of public works contracting for public works projects authorized under this section: The state department of general administration; the state ferry system; the University of Washington; Washington State University; every city with a population greater than seventy thousand and any public authority chartered by such city under RCW 35.21.730 through 35.21.755 and specifically authorized as provided in RCW 39.10.120(4); every county with a population greater than four hundred fifty thousand; every public utility district with revenues from energy sales greater than twenty-three million dollars per year; every public hospital district with total revenues greater than fifteen million dollars per year; and every port district with total revenues greater than fifteen million dollars per year. The authority granted to port districts in this section is in addition to and does not affect existing contracting authority under RCW 53.08.120 and 53.08.130. For the purposes of this section, "design-

build procedure" means a contract between a public body and another party in which the party agrees to both design and build the facility, portion of the facility, or other item specified in the contract.

(2) Public bodies authorized under this section may utilize the design-build procedure for public works projects valued over ten million dollars where:

(a) The construction activities or technologies to be used are highly specialized and a design-build approach is critical in developing the construction methodology or implementing the proposed technology; or

(b) The project design is repetitive in nature and is an incidental part of the installation or construction; or

(c) Regular interaction with and feedback from facilities users and operators during design is not critical to an effective facility design.

(3) Public bodies authorized under this section may also use the design-build procedure for the following projects that meet the criteria in subsection (2)(b) and (c) of this section:

(a) The construction or erection of preengineered metal buildings or prefabricated modular buildings, regardless of cost; or

(b) The construction of new student housing projects valued over five million dollars.

(4) Contracts for design-build services shall be awarded through a competitive process utilizing public solicitation of proposals for design-build services. The public body shall publish at least once in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public work will be done, a notice of its request for proposals for design-build services and the availability and location of the request for proposal documents. The request for proposal documents shall include:

(a) A detailed description of the project including programmatic, performance, and technical requirements and specifications, functional and operational elements, minimum and maximum net and gross areas of any building, and, at the discretion of the public body, preliminary engineering and architectural drawings;

(b) The reasons for using the design-build procedure;

(c) A description of the qualifications to be required of the proposer including, but not limited to, submission of the proposer's accident prevention program;

(d) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors. Evaluation factors shall include, but not be limited to: Proposal price; ability of professional personnel; past performance on similar projects; ability to meet time and budget requirements; ability to provide a performance and payment bond for the project; recent, current, and projected work loads of the firm; location; and the concept of the proposal;

(e) The form of the contract to be awarded;

(f) The amount to be paid to finalists submitting best and final proposals who are not awarded a design-build contract; and

(g) Other information relevant to the project.

(5) The public body shall establish a committee to evaluate the proposals based on the factors, weighting, and process identified in the request for proposals. Based on its evaluation, the public body shall select not fewer than three nor

more than five finalists to submit best and final proposals. The public body may, in its sole discretion, reject all proposals. Design-build contracts shall be awarded using the procedures in (a) or (b) of this subsection.

(a) Best and final proposals shall be evaluated and scored based on the factors, weighting, and process identified in the initial request for proposals. The public body may score the proposals using a system that measures the quality and technical merits of the proposal on a unit price basis. Final proposals may not be considered if the proposal cost is greater than the maximum allowable construction cost identified in the initial request for proposals. The public body shall initiate negotiations with the firm submitting the highest scored best and final proposal. If the public body is unable to execute a contract with the firm submitting the highest scored best and final proposal, negotiations with that firm may be suspended or terminated and the public body may proceed to negotiate with the next highest scored firm. Public bodies shall continue in accordance with this procedure until a contract agreement is reached or the selection process is terminated.

(b) If the public body determines that all finalists are capable of producing plans and specifications that adequately meet project requirements, the public body may award the contract to the firm that submits the responsive best and final proposal with the lowest price.

(6) The firm awarded the contract shall provide a performance and payment bond for the contracted amount. The public body shall provide appropriate honorarium payments to finalists submitting best and final proposals who are not awarded a design-build contract. Honorarium payments shall be sufficient to generate meaningful competition among potential proposers on design-build projects.

(7) The authority provided to the state ferry system in this section is limited to projects concerning construction, renovation, preservation, demolition, and reconstruction of ferry terminals and associated land-based facilities. [2003 c 352 § 2; 2003 c 300 § 4; 2002 c 46 § 1; 2001 c 328 § 2.]

**Reviser's note:** This section was amended by 2003 c 300 § 4 and by 2003 c 352 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Effective date—2002 c 46:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 14, 2002]." [2002 c 46 § 5.]

**Effective date—2001 c 328:** See note following RCW 39.10.020.

**39.10.061 General contractor/construction manager procedure—Limitations. (Effective until July 1, 2007.)**

(1) Notwithstanding any other provision of law, and after complying with RCW 39.10.030, a public body may utilize the general contractor/construction manager procedure of public works contracting for public works projects authorized under subsection (2) of this section. For the purposes of this section, "general contractor/construction manager" means a firm with which a public body has selected and negotiated a maximum allowable construction cost to be guaranteed by the firm, after competitive selection through formal advertisement and competitive bids, to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, con-

structability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase.

(2) Except those school districts proposing projects that are considered and approved by the school district project review board and those public hospital districts proposing projects that are considered and approved by the public hospital district project review board, public bodies authorized under this section may utilize the general contractor/construction manager procedure for public works projects valued over ten million dollars where:

(a) Implementation of the project involves complex scheduling requirements; or

(b) The project involves construction at an existing facility which must continue to operate during construction; or

(c) The involvement of the general contractor/construction manager during the design stage is critical to the success of the project.

(3) Public bodies should select general contractor/construction managers early in the life of public works projects, and in most situations no later than the completion of schematic design.

(4) Contracts for the services of a general contractor/construction manager under this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager services. The public solicitation of proposals shall include: A description of the project, including programmatic, performance, and technical requirements and specifications when available; the reasons for using the general contractor/construction manager procedure; a description of the qualifications to be required of the proposer, including submission of the proposer's accident prevention program; a description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors; the form of the contract to be awarded; the estimated maximum allowable construction cost; and the bid instructions to be used by the general contractor/construction manager finalists. Evaluation factors shall include, but not be limited to: Ability of professional personnel, past performance in negotiated and complex projects, and ability to meet time and budget requirements; the scope of work the general contractor/construction manager proposes to self-perform and its ability to perform it; location; recent, current, and projected work loads of the firm; and the concept of their proposal. A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, these finalists shall submit final proposals, including sealed bids for the percent fee, which is the percentage amount to be earned by the general contractor/construction manager as overhead and profit, on the estimated maximum allowable construction cost and the fixed amount for the detailed specified general conditions work. The public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public solicitation of proposals.

(5) The maximum allowable construction cost may be negotiated between the public body and the selected firm after the scope of the project is adequately determined to

establish a guaranteed contract cost for which the general contractor/construction manager will provide a performance and payment bond. The guaranteed contract cost includes the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, the percent fee on the negotiated maximum allowable construction cost, and sales tax. If the public body is unable to negotiate a satisfactory maximum allowable construction cost with the firm selected that the public body determines to be fair, reasonable, and within the available funds, negotiations with that firm shall be formally terminated and the public body shall negotiate with the next highest scored firm and continue until an agreement is reached or the process is terminated. If the maximum allowable construction cost varies more than fifteen percent from the bid estimated maximum allowable construction cost due to requested and approved changes in the scope by the public body, the percent fee shall be renegotiated.

(6) All subcontract work shall be competitively bid with public bid openings. When critical to the successful completion of a subcontractor bid package and after publication of notice of intent to determine bidder eligibility in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public work will be done at least twenty days before requesting qualifications from interested subcontract bidders, the owner and general contractor/construction manager may determine subcontractor bidding eligibility using the following evaluation criteria:

- (a) Adequate financial resources or the ability to secure such resources;
- (b) History of successful completion of a contract of similar type and scope;
- (c) Project management and project supervision personnel with experience on similar projects and the availability of such personnel for the project;
- (d) Current and projected workload and the impact the project will have on the subcontractor's current and projected workload;
- (e) Ability to accurately estimate the subcontract bid package scope of work;
- (f) Ability to meet subcontract bid package shop drawing and other coordination procedures;
- (g) Eligibility to receive an award under applicable laws and regulations; and
- (h) Ability to meet subcontract bid package scheduling requirements.

The owner and general contractor/construction manager shall weigh the evaluation criteria and determine a minimum acceptable score to be considered an eligible subcontract bidder.

After publication of notice of intent to determine bidder eligibility, subcontractors requesting eligibility shall be provided the evaluation criteria and weighting to be used by the owner and general contractor/construction manager to determine eligible subcontract bidders. After the owner and general contractor/construction manager determine eligible subcontract bidders, subcontractors requesting eligibility shall be provided the results and scoring of the subcontract bidder eligibility determination.

Subcontract bid packages shall be awarded to the responsible bidder submitting the low responsive bid. The require-

ments of RCW 39.30.060 apply to each subcontract bid package. All subcontractors who bid work over three hundred thousand dollars shall post a bid bond and all subcontractors who are awarded a contract over three hundred thousand dollars shall provide a performance and payment bond for their contract amount. All other subcontractors shall provide a performance and payment bond if required by the general contractor/construction manager. If a general contractor/construction manager receives a written protest from a subcontractor bidder, the general contractor/construction manager shall not execute a contract for the subcontract bid package with anyone other than the protesting bidder without first providing at least two full business days' written notice of the general contractor/construction manager's intent to execute a contract for the subcontract bid package; provided that the protesting bidder submits notice in writing of its protest no later than two full business days following bid opening. Intermediate Saturdays, Sundays, and legal holidays are not counted. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. Except as provided for under subsection (7) of this section, bidding on subcontract work by the general contractor/construction manager or its subsidiaries is prohibited. The general contractor/construction manager may negotiate with the low-responsive bidder in accordance with RCW 39.10.080 or, if unsuccessful in such negotiations, rebid.

(7) The general contractor/construction manager, or its subsidiaries, may bid on subcontract work if:

- (a) The work within the subcontract bid package is customarily performed by the general contractor/construction manager;
- (b) The bid opening is managed by the public body; and
- (c) Notification of the general contractor/construction manager's intention to bid is included in the public solicitation of bids for the bid package.

In no event may the value of subcontract work performed by the general contractor/construction manager exceed thirty percent of the negotiated maximum allowable construction cost.

(8) A public body may include an incentive clause in any contract awarded under this section for savings of either time or cost or both from that originally negotiated. No incentives granted may exceed five percent of the maximum allowable construction cost. If the project is completed for less than the agreed upon maximum allowable construction cost, any savings not otherwise negotiated as part of an incentive clause shall accrue to the public body. If the project is completed for more than the agreed upon maximum allowable construction cost, excepting increases due to any contract change orders approved by the public body, the additional cost shall be the responsibility of the general contractor/construction manager.

(9) The authority provided to the state ferry system in this section is limited to projects concerning construction, renovation, preservation, demolition, and reconstruction of ferry terminals and associated land-based facilities. [2003 c 352 § 3; 2003 c 300 § 5; 2002 c 46 § 2; 2001 c 328 § 3.]

**39.10.130 Job order contracts. (Effective until July 1, 2007.)** (1) Public bodies may use a job order contract for public works projects when:

(a) A public body has made a determination that the use of job order contracts will benefit the public by providing an effective means of reducing the total lead-time and cost for public works projects or repair required at public facilities through the use of unit price books and work orders by eliminating time-consuming, costly aspects of the traditional public works process, which require separate contracting actions for each small project;

(b) The work order to be issued for a particular project does not exceed two hundred thousand dollars;

(c) Less than twenty percent of the dollar value of the work order consists of items of work not contained in the unit price book; and

(d) At least eighty percent of the job order contract must be subcontracted to entities other than the job order contractor.

(2) Public bodies shall award job order contracts through a competitive process utilizing public requests for proposals. Public bodies shall make an effort to solicit proposals from a certified minority or certified woman-owned contractor to the extent permitted by the Washington state civil rights act, RCW 49.60.400. The public body shall publish, at least once in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public works will be done, a request for proposals for job order con-

tracts and the availability and location of the request for proposal documents. The public body shall ensure that the request for proposal documents at a minimum includes:

(a) A detailed description of the scope of the job order contract including performance, technical requirements and specifications, functional and operational elements, minimum and maximum work order amounts, duration of the contract, and options to extend the job order contract;

(b) The reasons for using job order contracts;

(c) A description of the qualifications required of the proposer;

(d) The identity of the specific unit price book to be used;

(e) The minimum contracted amount committed to the selected job order contractor;

(f) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors. The public body shall ensure that evaluation factors include, but are not limited to, proposal price and the ability of the proposer to perform the job order contract. In evaluating the ability of the proposer to perform the job order contract, the public body may consider: The ability of the professional personnel who will work on the job order contract; past performance on similar contracts; ability to meet time and budget requirements; ability to provide a performance and payment bond for the job order contract; recent, current, and projected work loads of the proposer; location; and the concept of the proposal;

(g) The form of the contract to be awarded;

(h) The method for pricing renewals of or extensions to the job order contract;

(i) A notice that the proposals are subject to the provisions of RCW 39.10.100; and

(j) Other information relevant to the project.

(3) A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, the finalists shall submit final proposals, including sealed bids based upon the identified unit price book. Such bids may be in the form of coefficient markups from listed price book costs. The public body shall award the contract to the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public request for proposals.

(4) The public body shall provide a protest period of at least ten business days following the day of the announcement of the apparent successful proposal to allow a protester to file a detailed statement of the grounds of the protest. The public body shall promptly make a determination on the merits of the protest and provide to all proposers a written decision of denial or acceptance of the protest. The public body shall not execute the contract until two business days following the public body's decision on the protest.

(5) The public body shall issue no work orders until it has approved, in consultation with the office of minority and women's business enterprises or the equivalent local agency, a plan prepared by the job order contractor that equitably spreads certified women and minority business enterprise subcontracting opportunities, to the extent permitted by the Washington state civil rights act, RCW 49.60.400, among the various subcontract disciplines.

(6) Job order contracts may be executed for an initial contract term of not to exceed two years, with the option of

extending or renewing the job order contract for one year. All extensions or renewals must be priced as provided in the request for proposals. The extension or renewal must be mutually agreed to by the public body and the job order contractor.

(7) The maximum total dollar amount that may be awarded under a job order contract shall not exceed three million dollars in the first year of the job order contract, five million dollars over the first two years of the job order contract, and, if extended or renewed, eight million dollars over the three years of the job order contract.

(8) For each job order contract, public bodies shall not issue more than two work orders equal to or greater than one hundred fifty thousand dollars in a twelve-month contract performance period.

(9) All work orders issued for the same project shall be treated as a single work order for purposes of the one hundred fifty thousand dollar limit on work orders in subsection (8) of this section and the two hundred thousand dollar limit on work orders in subsection (1)(b) of this section.

(10) Any new permanent, enclosed building space constructed under a work order shall not exceed two thousand gross square feet.

(11) Each public body may have no more than two job order contracts in effect at any one time.

(12) For purposes of chapters 39.08, 39.12, 39.76, and 60.28 RCW, each work order issued shall be treated as a separate contract. The alternate filing provisions of RCW 39.12.040(2) shall apply to each work order that otherwise meets the eligibility requirements of RCW 39.12.040(2).

(13) The requirements of RCW 39.30.060 do not apply to requests for proposals for job order contracts.

(14) Job order contractors shall pay prevailing wages for all work that would otherwise be subject to the requirements of chapter 39.12 RCW. Prevailing wages for all work performed pursuant to each work order must be the rates in effect at the time the individual work order is issued.

(15) If, in the initial contract term, the public body, at no fault of the job order contractor, fails to issue the minimum amount of work orders stated in the public request for proposals, the public body shall pay the contractor an amount equal to the difference between the minimum work order amount and the actual total of the work orders issued multiplied by an appropriate percentage for overhead and profit contained in the general conditions for Washington state facility construction. This will be the contractor's sole remedy.

(16) All job order contracts awarded under this section must be executed before July 1, 2007, however the job order contract may be extended or renewed as provided for in this section.

(17) For purposes of this section, "public body" includes any school district. [2003 c 301 § 1.]

**39.10.900 Captions not law—1994 c 132. (Effective until July 1, 2007.)** Captions as used in this act do not constitute any part of law. [1994 c 132 § 13.]

**39.10.901 Severability—1994 c 132. (Effective until July 1, 2007.)** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of

In the event that there is not a majority in the same trade or occupation paid at the same rate, then the average rate of hourly wage and overtime paid to such laborers, workers, or mechanics in the same trade or occupation shall be the prevailing rate. If the wage paid by any contractor or subcontractor to laborers, workers, or mechanics on any public work is based on some period of time other than an hour, the hourly wage for the purposes of this chapter shall be mathematically determined by the number of hours worked in such period of time.

(2) The "locality" for the purposes of this chapter shall be the largest city in the county wherein the physical work is being performed.

(3) The "usual benefits" for the purposes of this chapter shall include the amount of:

(a) The rate of contribution irrevocably made by a contractor or subcontractor to a trustee or to a third person pursuant to a fund, plan, or program; and

(b) The rate of costs to the contractor or subcontractor which may be reasonably anticipated in providing benefits to workers, laborers, and mechanics pursuant to an enforceable commitment to carry out a financially responsible plan or program which was communicated in writing to the workers, laborers, and mechanics affected, for medical or hospital care, pensions on retirement or death, compensation for injuries or illness resulting from occupational activity, or insurance to provide any of the foregoing, for unemployment benefits, life insurance, disability and sickness insurance, or accident insurance, for vacation and holiday pay, for defraying costs of apprenticeship or other similar programs, or for other bona fide fringe benefits, but only where the contractor or subcontractor is not required by other federal, state, or local law to provide any of such benefits.

(4) An "interested party" for the purposes of this chapter shall include a contractor, subcontractor, an employee of a contractor or subcontractor, an organization whose members' wages, benefits, and conditions of employment are affected by this chapter, and the director of labor and industries or the director's designee. [1989 c 12 § 6; 1985 c 15 § 1; 1965 ex.s. c 133 § 1; 1945 c 63 § 3; Rem. Supp. 1945 § 10322-22.]

**Severability—1985 c 15:** See note following RCW 39.12.065.

**39.12.020 Prevailing rate to be paid on public works and under public building service maintenance contracts—Posting of statement of intent.** The hourly wages to be paid to laborers, workers, or mechanics, upon all public works and under all public building service maintenance contracts of the state or any county, municipality or political subdivision created by its laws, shall be not less than the prevailing rate of wage for an hour's work in the same trade or occupation in the locality within the state where such labor is performed. For a contract in excess of ten thousand dollars, a contractor required to pay the prevailing rate of wage shall post in a location readily visible to workers at the job site: PROVIDED, That on road construction, sewer line, pipeline, transmission line, street, or alley improvement projects for which no field office is needed or established, a contractor may post the prevailing rate of wage statement at the contractor's local office, gravel crushing, concrete, or asphalt batch plant as long as the contractor provides a copy of the wage statement to any employee on request:

(2) The address and telephone number of the industrial statistician of the department of labor and industries where a complaint or inquiry concerning prevailing wages may be made.

This chapter shall not apply to workers or other persons regularly employed on monthly or per diem salary by the state, or any county, municipality, or political subdivision created by its laws. [1989 c 12 § 7; 1982 c 130 § 1; 1981 c 46 § 1; 1967 ex.s. c 14 § 1; 1945 c 63 § 1; Rem. Supp. 1945 § 10322-20.]

[1989 c 12 § 8; 1963 c 93 § 1.]

**39.12.022 Vocationally handicapped—Exemption from RCW 39.12.020—Procedure.** The director of the department of labor and industries, to the extent necessary in order to prevent curtailment of opportunities for employment, shall by regulations provide for the employment of individuals whose earning capacity is impaired by physical or mental deficiency or injury, under special certificates issued by the director, at such wages lower than the prevailing rate applicable under RCW 39.12.020 and for such period as shall be fixed in such certificates. [1972 ex.s. c 91 § 1.]

**39.12.026 Surveys—Applicability by county.** (1) In establishing the prevailing rate of wage under RCW 39.12.010, 39.12.015, and 39.12.020, all data collected by the department may be used only in the county for which the work was performed.

(2) This section applies only to prevailing wage surveys initiated on or after August 1, 2003. [2003 c 363 § 206.]

**Findings—Intent—2003 c 363 §§ 201-206:** See note following RCW 49.04.041.

**Part headings not law—Severability—2003 c 363:** See notes following RCW 47.28.241.

**39.12.030 Contract specifications must state minimum hourly rate—Stipulation for payment.** The specifications for every contract for the construction, reconstruction, maintenance or repair of any public work to which the state or any county, municipality, or political subdivision created by its laws is a party, shall contain a provision stating the hourly minimum rate of wage, not less than the prevailing rate of wage, which may be paid to laborers, workers, or mechanics in each trade or occupation required for such public work employed in the performance of the contract either by the contractor, subcontractor or other person doing or contracting to do the whole or any part of the work contemplated by the contract, and the contract shall contain a stipulation that such laborers, workers, or mechanics shall be paid not less than such specified hourly minimum rate of wage. [1989 c 12 § 9; 1945 c 63 § 2; Rem. Supp. 1945 § 10322-21.]

**39.12.040 Statement of intent to pay prevailing wages, affidavit of wages paid—Duty of public agencies to require—Approval—Prerequisite to payment—Alternative procedure.** (1) Except as provided in subsection (2) of this section, before payment is made by or on behalf of the state, or any county, municipality, or political subdivision created by its laws, of any sum or sums due on account of a public works contract, it shall be the duty of the officer or person charged with the custody and disbursement of public funds to require the contractor and each and every subcontractor from the contractor or a subcontractor to submit to such officer a "Statement of Intent to Pay Prevailing Wages". For a contract in excess of ten thousand dollars, the statement of intent to pay prevailing wages shall include:

(a) The contractor's registration certificate number; and

(b) The prevailing rate of wage for each classification of workers entitled to prevailing wages under RCW 39.12.020 and the estimated number of workers in each classification.

Each statement of intent to pay prevailing wages must be approved by the industrial statistician of the department of labor and industries before it is submitted to said officer. Unless otherwise authorized by the department of labor and industries, each voucher claim submitted by a contractor for payment on a project estimate shall state that the prevailing wages have been paid in accordance with the prefiled statement or statements of intent to pay prevailing wages on file with the public agency. Following the final acceptance of a public works project, it shall be the duty of the officer charged with the disbursement of public funds, to require the contractor and each and every subcontractor from the contractor or a subcontractor to submit to such officer an "Affidavit of Wages Paid" before the funds retained according to

the provisions of RCW 60.28.010 are released to the contractor. Each affidavit of wages paid must be certified by the industrial statistician of the department of labor and industries before it is submitted to said officer.

(2) As an alternate to the procedures provided for in subsection (1) of this section, for public works projects of two thousand five hundred dollars or less:

(a) An awarding agency may authorize the contractor or subcontractor to submit the statement of intent to pay prevailing wages directly to the officer or person charged with the custody or disbursement of public funds in the awarding agency without approval by the industrial statistician of the department of labor and industries. The awarding agency shall retain such statement of intent to pay prevailing wages for a period of not less than three years.

(b) Upon final acceptance of the public works project, the awarding agency shall require the contractor or subcontractor to submit an affidavit of wages paid. Upon receipt of the affidavit of wages paid, the awarding agency may pay the contractor or subcontractor in full, including funds that would otherwise be retained according to the provisions of RCW 60.28.010. Within thirty days of receipt of the affidavit of wages paid, the awarding agency shall submit the affidavit of wages paid to the industrial statistician of the department of labor and industries for approval.

(c) A statement of intent to pay prevailing wages and an affidavit of wages paid shall be on forms approved by the department of labor and industries.

(d) In the event of a wage claim and a finding for the claimant by the department of labor and industries where the awarding agency has used the alternative process provided for in subsection (2) of this section, the awarding agency shall pay the wages due directly to the claimant. If the contractor or subcontractor did not pay the wages stated in the affidavit of wages paid, the awarding agency may take action at law to seek reimbursement from the contractor or subcontractor of wages paid to the claimant, and may prohibit the contractor or subcontractor from bidding on any public works contract of the awarding agency for up to one year.

(e) Nothing in this section shall be interpreted to allow an awarding agency to subdivide any public works project of more than two thousand five hundred dollars for the purpose of circumventing the procedures required by RCW 39.12.040(1). [1991 c 15 § 1; 1982 c 130 § 2; 1981 c 46 § 2; 1975-'76 2nd ex.s. c 49 § 1; 1965 ex.s. c 133 § 3; 1945 c 63 § 4; Rem. Supp. 1945 § 10322-23.]

**39.12.042 Compliance with RCW 39.12.040—Liability of public agencies to workers, laborers, or mechanics.** If any agency of the state, or any county, municipality, or political subdivision created by its laws shall knowingly fail to comply with the provisions of RCW 39.12.040 as now or hereafter amended, such agency of the state, or county, municipality, or political subdivision created by its laws, shall be liable to all workers, laborers, or mechanics to the full extent and for the full amount of wages due, pursuant to the prevailing wage requirements of RCW 39.12.020. [1993 c 404 § 3; 1989 c 12 § 11; 1975-'76 2nd ex.s. c 49 § 2.]

**Effective date—1993 c 404:** See note following RCW 39.12.070.

**39.12.050 False statement or failure to file—Penalty—Unpaid wages lien against bond and retainage—Prohibitions on bidding on future contracts—Hearing.**

(1) Any contractor or subcontractor who files a false statement or fails to file any statement or record required to be filed under this chapter and the rules adopted under this chapter, shall, after a determination to that effect has been issued by the director after hearing under chapter 34.05 RCW, forfeit as a civil penalty the sum of five hundred dollars for each false filing or failure to file, and shall not be permitted to bid, or have a bid considered, on any public works contract until the penalty has been paid in full to the director. The civil penalty under this subsection shall not apply to a violation determined by the director to be an inadvertent filing or reporting error. Civil penalties shall be deposited in the public works administration account.

To the extent that a contractor or subcontractor has not paid wages at the rate due pursuant to RCW 39.12.020, and a finding to that effect has been made as provided by this subsection, such unpaid wages shall constitute a lien against the bonds and retainage as provided in RCW 18.27.040, 19.28.041, 39.08.010, and 60.28.010.

(2) If a contractor or subcontractor is found to have violated the provisions of subsection (1) of this section for a second time within a five year period, the contractor or subcontractor shall be subject to the sanctions prescribed in subsection (1) of this section and shall not be allowed to bid on any public works contract for one year. The one year period shall run from the date of notice by the director of the determination of noncompliance. When an appeal is taken from the director's determination, the one year period shall commence from the date of the final determination of the appeal.

The director shall issue his or her findings that a contractor or subcontractor has violated the provisions of this subsection after a hearing held subject to the provisions of chapter 34.05 RCW. [2001 c 219 § 1; 1985 c 15 § 3; 1977 ex.s. c 71 § 1; 1973 c 120 § 1; 1945 c 63 § 5; Rem. Supp. 1945 § 10322-24.]

**Severability—1985 c 15:** See note following RCW 39.12.065.

**39.12.060 Director of labor and industries to arbitrate disputes.** Such contract shall contain a further provision that in case any dispute arises as to what are the prevailing rates of wages for work of a similar nature and such dispute cannot be adjusted by the parties in interest, including labor and management representatives, the matter shall be referred for arbitration to the director of the department of labor and industries of the state and his or her decision therein shall be final and conclusive and binding on all parties involved in the dispute. [1989 c 12 § 10; 1965 ex.s. c 133 § 4; 1945 c 63 § 6; Rem. Supp. 1945 § 10322-25.]

*Arbitration: Chapters 7.04 and 49.08 RCW.*

**39.12.065 Investigation of complaints—Hearing—Remedies—Penalties.** (1) Upon complaint by an interested party, the director of labor and industries shall cause an investigation to be made to determine whether there has been compliance with this chapter and the rules adopted hereunder, and if the investigation indicates that a violation may have occurred, a hearing shall be held in accordance with

chapter 34.05 RCW. The director shall issue a written determination including his or her findings after the hearing. A judicial appeal from the director's determination may be taken in accordance with chapter 34.05 RCW, with the prevailing party entitled to recover reasonable costs and attorneys fees.

A complaint concerning nonpayment of the prevailing rate of wage shall be filed with the department of labor and industries no later than thirty days from the acceptance date of the public works project. The failure to timely file such a complaint shall not prohibit a claimant from pursuing a private right of action against a contractor or subcontractor for unpaid prevailing wages. The remedy provided by this section is not exclusive and is concurrent with any other remedy provided by law.

(2) To the extent that a contractor or subcontractor has not paid the prevailing rate of wage under a determination issued as provided in subsection (1) of this section, the director shall notify the agency awarding the public works contract of the amount of the violation found, and the awarding agency shall withhold, or in the case of a bond, the director shall proceed against the bond in accordance with the applicable statute to recover, such amount from the following sources in the following order of priority until the total of such amount is withheld:

(a) The retainage or bond in lieu of retainage as provided in RCW 60.28.010;

(b) If the claimant was employed by the contractor or subcontractor on the public works project, the bond filed by the contractor or subcontractor with the department of labor and industries as provided in RCW 18.27.040 and 19.28.041;

(c) A surety bond, or at the contractor's or subcontractor's option an escrow account, running to the director in the amount of the violation found; and

(d) That portion of the progress payments which is properly allocable to the contractor or subcontractor who is found to be in violation of this chapter. Under no circumstances shall any portion of the progress payments be withheld that are properly allocable to a contractor, subcontractor, or supplier, that is not found to be in violation of this chapter.

The amount withheld shall be released to the director to distribute in accordance with the director's determination.

(3) A contractor or subcontractor that is found, in accordance with subsection (1) of this section, to have violated the requirement to pay the prevailing rate of wage shall be subject to a civil penalty of not less than one thousand dollars or an amount equal to twenty percent of the total prevailing wage violation found on the contract, whichever is greater, and shall not be permitted to bid, or have a bid considered, on any public works contract until such civil penalty has been paid in full to the director. If a contractor or subcontractor is found to have participated in a violation of the requirement to pay the prevailing rate of wage for a second time within a five-year period, the contractor or subcontractor shall be subject to the sanctions prescribed in this subsection and as an additional sanction shall not be allowed to bid on any public works contract for two years. Civil penalties shall be deposited in the public works administration account. If a previous or subsequent violation of a requirement to pay a prevailing rate of wage under federal or other state law is found against the contractor or subcontractor within five years from a vio-

lation under this section, the contractor or subcontractor shall not be allowed to bid on any public works contract for two years. A contractor or subcontractor shall not be barred from bidding on any public works contract if the contractor or subcontractor relied upon written information from the department to pay a prevailing rate of wage that is later determined to be in violation of this chapter. The civil penalty and sanctions under this subsection shall not apply to a violation determined by the director to be an inadvertent filing or reporting error. To the extent that a contractor or subcontractor has not paid the prevailing wage rate under a determination issued as provided in subsection (1) of this section, the unpaid wages shall constitute a lien against the bonds and retainage as provided herein and in RCW 18.27.040, 19.28.041, 39.08.010, and 60.28.010. [2001 c 219 § 2; 1994 c 88 § 1; 1985 c 15 § 2.]

**Severability—1985 c 15:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1985 c 15 § 4.]

**39.12.070 Fees authorized for approvals, certifications, and arbitrations.** The department of labor and industries may charge fees to awarding agencies on public works for the approval of statements of intent to pay prevailing wages and the certification of affidavits of wages paid. The department may also charge fees to persons or organizations requesting the arbitration of disputes under RCW 39.12.060. The amount of the fees shall be established by rules adopted by the department under the procedures in the administrative procedure act, chapter 34.05 RCW. The fees shall apply to all approvals, certifications, and arbitration requests made after the effective date of the rules. All fees shall be deposited in the public works administration account. On the fifteenth day of the first month of each quarterly period, an amount equaling thirty percent of the revenues received into the public works administration account shall be transferred into the general fund. The department may refuse to arbitrate for contractors, subcontractors, persons, or organizations which have not paid the proper fees. The department may, if necessary, request the attorney general to take legal action to collect delinquent fees.

The department shall set the fees permitted by this section at a level that generates revenue that is as near as practicable to the amount of the appropriation to administer this chapter, including, but not limited to, the performance of adequate wage surveys, and to investigate and enforce all alleged violations of this chapter, including, but not limited to, incorrect statements of intent to pay prevailing wage, incorrect certificates of affidavits of wages paid, and wage claims, as provided for in this chapter and chapters 49.48 and 49.52 RCW. However, the fees charged for the approval of statements of intent to pay prevailing wages and the certification of affidavits of wages paid shall be no greater than twenty-five dollars. [1993 c 404 § 1; 1982 1st ex.s. c 38 § 1.]

**Effective date—1993 c 404:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993." [1993 c 404 § 4.]

**39.12.080 Public works administration account—Created.** The public works administration account is created

in the state treasury. The department of labor and industries shall deposit in the account all moneys received from fees or civil penalties collected under RCW 39.12.050, 39.12.065, and 39.12.070. Appropriations from the account, not including moneys transferred to the general fund pursuant to RCW 39.12.070, may be made only for the purposes of administration of this chapter, including, but not limited to, the performance of adequate wage surveys, and for the investigation and enforcement of all alleged violations of this chapter as provided for in this chapter and chapters 49.48 and 49.52 RCW. [2001 c 219 § 3; 1993 c 404 § 2.]

**Effective date—1993 c 404:** See note following RCW 39.12.070.

**39.12.090 Job order contracts.** (*Effective until July 1, 2007.*) Job order contracts under RCW 39.10.130 must pay prevailing wages for all work that would otherwise be subject to the requirements of this chapter. Prevailing wages for all work performed pursuant to each work order must be the rates in effect at the time the individual work order is issued. [2003 c 301 § 6.]

**Repealer—2003 c 301 § 6:** "The following acts or parts of acts, as now existing or hereafter amended, are each repealed, effective July 1, 2007: RCW 39.12.090 and 2003 c 301 § 6." [2003 c 301 § 9.]

**39.12.900 Severability—1945 c 63.** If any section or provision of this chapter shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of the chapter as a whole or any section, provision or part thereof not adjudged invalid or unconstitutional. [1945 c 63 § 7.]

*Minority and women business development office: RCW 43.31.0925.*

**39.19.010 Intent.** The legislature finds that minority and women-owned businesses are significantly under-represented and have been denied equitable competitive opportunities in contracting. It is the intent of this chapter to mitigate societal discrimination and other factors in participating in public works and in providing goods and services and to delineate a policy that an increased level of participation by minority and women-owned and controlled businesses is desirable at all levels of state government. The purpose and intent of this chapter are to provide the maximum practicable opportunity for increased participation by minority and women-owned and controlled businesses in participating in public works and the process by which goods and services are procured by state agencies and educational institutions from the private sector. [1987 c 328 § 1; 1983 c 120 § 1.]

It is the intent of this chapter that such overall agency goals shall be achievable and shall be met on a contract-by-contract or class-of-contract basis.

(6) "Goods and/or services" includes professional services and all other goods and services.

**Intent—1996 c 69:** See note following RCW 39.19.030.

**39.19.030 Office of minority and women's business enterprises—Director—Powers and duties.** There is hereby created the office of minority and women's business enterprises. The governor shall appoint a director for the office, subject to confirmation by the senate. The director may employ a deputy director and a confidential secretary, both of which shall be exempt under chapter 41.06 RCW, and such staff as are necessary to carry out the purposes of this chapter.

The office shall consult with the minority and women's business enterprises advisory committee to:

(1) Develop, plan, and implement programs to provide an opportunity for participation by qualified minority and women-owned and controlled businesses in public works and the process by which goods and services are procured by state agencies and educational institutions from the private sector;

(2) Develop a comprehensive plan insuring that qualified minority and women-owned and controlled businesses are provided an opportunity to participate in public contracts for public works and goods and services;

(3) Identify barriers to equal participation by qualified minority and women-owned and controlled businesses in all state agency and educational institution contracts;

(4) Establish annual overall goals for participation by qualified minority and women-owned and controlled businesses for each state agency and educational institution to be administered on a contract-by-contract basis or on a class-of-contracts basis;

(5) Develop and maintain a central minority and women's business enterprise certification list for all state agencies and educational institutions. No business is entitled to certification under this chapter unless it meets the definition of small business concern as established by the office. All applications for certification under this chapter shall be sworn under oath;

(6) Develop, implement, and operate a system of monitoring compliance with this chapter;

(7) Adopt rules under chapter 34.05 RCW, the Administrative Procedure Act, governing: (a) Establishment of agency goals; (b) development and maintenance of a central minority and women's business enterprise certification program, including a definition of "small business concern" which shall be consistent with the small business requirements defined under section 3 of the Small Business Act, 15 U.S.C. Sec. 632, and its implementing regulations as guidance; (c) procedures for monitoring and enforcing compliance with goals, regulations, contract provisions, and this chapter; (d) utilization of standard clauses by state agencies and educational institutions, as specified in RCW 39.19.050; and (e) determination of an agency's or educational institution's goal attainment consistent with the limitations of RCW 39.19.075;

(8) Submit an annual report to the governor and the legislature outlining the progress in implementing this chapter;

(9) Investigate complaints of violations of this chapter with the assistance of the involved agency or educational institution; and

(10) Cooperate and act jointly or by division of labor with the United States or other states, and with political subdivisions of the state of Washington and their respective minority, socially and economically disadvantaged and

women business enterprise programs to carry out the purposes of this chapter. However, the power which may be exercised by the office under this subsection permits investigation and imposition of sanctions only if the investigation relates to a possible violation of chapter 39.19 RCW, and not to violation of local ordinances, rules, regulations, however denominated, adopted by political subdivisions of the state. [1996 c 69 § 5; 1989 c 175 § 85; 1987 c 328 § 3; 1983 c 120 § 3.]

**Intent—1996 c 69:** "It is the intent of the legislature to ensure that the counting of the dollar value of an agency's or educational institution's expenditures to certified minority and women's business enterprises meaningfully reflects the actual financial participation of the certified businesses." [1996 c 69 § 3.]

**Effective date—1989 c 175:** See note following RCW 34.05.010.

**39.19.041 Ad hoc advisory committees.** The director may establish ad hoc advisory committees, as necessary, to assist in the development of policies to carry out the purposes of this chapter. [1995 c 269 § 1302.]

**Effective date—1995 c 269:** See note following RCW 9.94A.850.

**Part headings not law—Severability—1995 c 269:** See notes following RCW 13.40.005.

**39.19.050 Standard clauses required in requests for proposals, advertisements, and bids.** The rules adopted under RCW 39.19.030 shall include requirements for standard clauses in requests for proposals, advertisements, bids, or calls for bids, necessary to carry out the purposes of this chapter, which shall include notice of the statutory penalties under RCW 39.19.080 and 39.19.090 for noncompliance. [1983 c 120 § 5.]

**39.19.060 Compliance with public works and procurement goals—Plan to maximize opportunity for minority and women-owned businesses.** Each state agency and educational institution shall comply with the annual goals established for that agency or institution under this chapter for public works and procuring goods or services. This chapter applies to all public works and procurement by state agencies and educational institutions, including all contracts and other procurement under chapters 28B.10, 39.04, 39.29, 43.19, and 47.28 RCW. Each state agency shall adopt a plan, developed in consultation with the director and the advisory committee, to insure that minority and women-owned businesses are afforded the maximum practicable opportunity to directly and meaningfully participate in the execution of public contracts for public works and goods and services. The plan shall include specific measures the agency will undertake to increase the participation of certified minority and women-owned businesses. The office shall annually notify the governor, the state auditor, and the joint legislative audit and review committee of all agencies and educational institutions not in compliance with this chapter. [1996 c 288 § 28; 1993 c 512 § 9; 1983 c 120 § 6.]

**Short title—Part headings and section captions—Severability—Effective date—1993 c 512:** See RCW 43.172.900 through 43.172.903.

*Compliance with chapter 39.19 RCW: RCW 28B.10.023, 39.04.160, 39.29.050, 43.19.536, 47.28.030, 47.28.050, 47.28.090.*

**39.19.070 Compliance with goals—Bidding procedures.** It is the intent of this chapter that the goals established under this chapter for participation by minority and women-owned and controlled businesses be achievable. If necessary to accomplish this intent, contracts may be awarded to the next lowest responsible bidder in turn, or all bids may be rejected and new bids obtained, if the lowest responsible bidder does not meet the goals established for a particular contract under this chapter. The dollar value of the total contract used for the calculation of the specific contract goal may be increased or decreased to reflect executed change orders. An apparent low-bidder must be in compliance with the contract provisions required under this chapter as a condition precedent to the granting of a notice of award by any state agency or educational institution. [1994 c 15 § 1; 1987 c 328 § 4; 1983 c 120 § 7.]

**39.19.075 Compliance with goals—Valuation of goods or services.** For purposes of measuring an agency's or educational institution's goal attainment, any regulations adopted under RCW 39.19.030(7)(e) must provide that if a certified minority and women's business enterprise is a broker of goods or materials required under a contract, the contracting agency or educational institution may count only the dollar value of the fee or commission charged and not the value of goods or materials provided. The contracting agency or educational institution may, at its discretion, fix the dollar value of the fee or commission charged at either the actual dollar value of the fee or commission charged or at a standard percentage of the total value of the brokered goods, which percentage must reflect the fees or commissions generally paid to brokers for providing such services. [1996 c 69 § 6.]

**Intent—1996 c 69:** See note following RCW 39.19.030.

**39.19.080 Prohibited activities—Penalties.** (1) A person, firm, corporation, business, union, or other organization shall not:

(a) Prevent or interfere with a contractor's or subcontractor's compliance with this chapter, or any rule adopted under this chapter;

(b) Submit false or fraudulent information to the state concerning compliance with this chapter or any such rule;

(c) Fraudulently obtain, retain, attempt to obtain or retain, or aid another in fraudulently obtaining or retaining or attempting to obtain or retain certification as a minority or women's business enterprise for the purpose of this chapter;

(d) Knowingly make a false statement, whether by affidavit, verified statement, report, or other representation, to a state official or employee for the purpose of influencing the certification or denial of certification of any entity as a minority or women's business enterprise;

(e) Knowingly obstruct, impede, or attempt to obstruct or impede any state official or employee who is investigating the qualification of a business entity that has requested certification as a minority or women's business enterprise;

(f) Fraudulently obtain, attempt to obtain, or aid another person in fraudulently obtaining or attempting to obtain public moneys to which the person is not entitled under this chapter; or

(2004 Ed.)

(g) Knowingly make false statements that any entity is or is not certified as a minority or women's business enterprise for purposes of obtaining a contract governed by this chapter.

(2) Any person or entity violating this chapter or any rule adopted under this chapter shall be subject to the penalties in RCW 39.19.090. Nothing in this section prevents the state agency or educational institution from pursuing such procedures or sanctions as are otherwise provided by statute, rule, or contract provision. [1987 c 328 § 5; 1983 c 120 § 8.]

**39.19.090 Compliance with chapter or contract—Remedies.** If a person, firm, corporation, or business does not comply with any provision of this chapter or with a contract requirement established under this chapter, the state may withhold payment, debar the contractor, suspend, or terminate the contract and subject the contractor to civil penalties of up to ten percent of the amount of the contract or up to five thousand dollars for each violation. The office shall adopt, by rule, criteria for the imposition of penalties under this section. Wilful repeated violations, exceeding a single violation, may disqualify the contractor from further participation in state contracts for a period of up to three years. An apparent low-bidder must be in compliance with the contract provisions required under this chapter as a condition precedent to the granting of a notice of award by any state agency or educational institution.

The office shall follow administrative procedures under chapter 34.05 RCW in determining a violation and imposing penalties under this chapter.

The procedures and sanctions in this section are not exclusive; nothing in this section prevents the state agency or educational institution administering the contracts from pursuing such procedures or sanctions as are otherwise provided by statute, rule, or contract provision. [1987 c 328 § 6; 1983 c 120 § 9.]

**39.19.100 Enforcement by attorney general—Injunctive relief.** The attorney general may bring an action in the name of the state against any person to restrain and prevent the doing of any act prohibited or declared to be unlawful in this chapter. The attorney general may, in the discretion of the court, recover the costs of the action including reasonable attorneys' fees and the costs of investigation. [1987 c 328 § 12.]

**39.19.110 Enforcement by attorney general—Investigative powers.** (1) Whenever the attorney general believes that any person (a) may be in possession, custody, or control of any original or copy of any book, record, report, memorandum, paper, communication, tabulation, map, chart, photograph, mechanical transcription, or other tangible document or recording, wherever situated, that the attorney general believes to be relevant to the subject matter of an investigation, the attorney general may require such person to answer written interrogatories or give oral testimony regarding a possible violation of this chapter, or of any provision of a contract as required by this chapter, or (b) may have knowledge of any information that the attorney general believes relevant to the subject matter of such an investigation, the attorney general may, before instituting a civil proceeding thereon,

execute in writing and cause to be served upon such a person, a civil investigative demand requiring the person to produce the documentary material and permit inspection and copying, to answer in writing written interrogatories, to give oral testimony, or any combination of demands pertaining to the documentary material or information. Documents and information obtained under this section shall not be admissible in criminal prosecutions.

(2) Each such demand shall:

(a) State the statute, the alleged violation of which is under investigation, and the general subject matter of the investigation;

(b) State with reasonable specificity what documentary material is required, if the demand is for the production of documentary material;

(c) Prescribe a return date governed by the court rules within which the documentary material is to be produced, the answers to written interrogatories are to be made, or a date, time, and place at which oral testimony is to be taken; and

(d) Identify the members of the attorney general's staff to whom such documentary material is to be made available for inspection and copying, to whom answers to written interrogatories are to be made, or who are to conduct the examination for oral testimony.

(3) No such demand may:

(a) Contain any requirement that would be unreasonable or improper if contained in a subpoena duces tecum, a request for answers to written interrogatories, or a notice of deposition upon oral examination issued under the court rules of this state; or

(b) Require the disclosure of any documentary material which would be privileged, or which for any other reason would not be required by a subpoena duces tecum issued by a court of this state.

(4) Service of any such demand may be made by:

(a) Delivering a duly executed copy thereof to the person to be served, or, if that person is not a natural person, to any officer or managing agent of the person to be served;

(b) Delivering a duly executed copy thereof to the principal place of business in this state of the person to be served; or

(c) Mailing by registered or certified mail a duly executed copy thereof addressed to the person to be served at the principal place of business in this state, or, if that person has no place of business in this state, to the person's principal office or place of business.

(5)(a) Documentary material demanded under this section shall be produced for inspection and copying during normal business hours at the principal office or place of business of the person served, or at such other times and places as may be agreed upon by the person served and the attorney general;

(b) Written interrogatories in a demand served under this section shall be answered in the same manner as provided in the civil rules for superior court;

(c) The oral testimony of any person obtained pursuant to a demand served under this section shall be taken in the same manner as provided in the civil rules for superior court for the taking of depositions. In the course of the deposition, the assistant attorney general conducting the examination may exclude all persons other than the person being examined, the person's counsel, and the officer before whom the

testimony is to be taken from the place where the examination is held;

(d) Any person compelled to appear pursuant to a demand for oral testimony under this section may be accompanied by counsel;

(e) The oral testimony of any person obtained pursuant to a demand served under this section shall be taken in the county within which the person resides, is found, or transacts business, or in such other place as may be agreed upon between the person served and the attorney general.

(6) No documentary material, answers to written interrogatories, or transcripts of oral testimony produced pursuant to a demand, or copies thereof, may, unless otherwise ordered by a superior court for good cause shown, be produced for inspection or copying by, nor may the contents thereof be disclosed to, anyone other than an authorized employee or agent of the attorney general, without the consent of the person who produced such material, answered written interrogatories, or gave oral testimony: PROVIDED, That under such reasonable terms and conditions as the attorney general shall prescribe, the copies of such documentary material, answers to written interrogatories, or transcripts of oral testimony shall be available for inspection and copying by the person who produced the material, answered written interrogatories, or gave oral testimony, or any duly authorized representative of that person. The attorney general or any assistant attorney general may use such copies of documentary material, answers to written interrogatories, or transcripts of oral testimony as he or she determines necessary to enforce this chapter, including presentation before any court: PROVIDED FURTHER, That any such material, answers to written interrogatories, or transcripts of oral testimony that contain material designated by the declarant to be trade secrets shall not be presented except with the approval of the court in which the action is pending after adequate notice to the person furnishing the material, answers to written interrogatories, or oral testimony.

(7) At any time before the return date specified in the demand, or within twenty days after the demand has been served, whichever period is shorter, a petition to extend the return date for, or to modify or set aside a demand issued pursuant to subsection (1) of this section, stating good cause, may be filed in the superior court for Thurston county, or in any other county where the parties reside or are found. A petition, by the person on whom the demand is served, stating good cause, to require the attorney general or any person to perform any duty imposed by this section, and all other petitions in connection with a demand, may be filed in the superior court for Thurston county, or in the county where the parties reside. The court shall have jurisdiction to impose such sanctions as are provided for in the civil rules for superior court with respect to discovery motions.

(8) Whenever any person fails to comply with any civil investigative demand for documentary material, answers to written interrogatories, or oral testimony duly served upon that person under this section, or whenever satisfactory copying or reproduction of any such material cannot be done and the person refuses to surrender such material, the attorney general may file, in the trial court of general jurisdiction in the county in which the person resides, is found, or transacts business, and serve upon that person a petition for an order of

the court for the enforcement of this section, except that if such person transacts business in more than one county, the petition shall be filed in the county in which the person maintains his or her principal place of business or in such other county as may be agreed upon by the parties to the petition. Whenever any petition is filed under this section in the trial court of general jurisdiction in any county, the court shall have jurisdiction to hear and determine the matter so presented and to enter such order or orders as may be required to carry into effect this section, and may impose such sanctions as are provided for in the civil rules for superior court with respect to discovery motions. [1987 c 328 § 13.]

**39.19.120 Certification of business enterprises.** The office shall be the sole authority to perform certification of minority business enterprises, socially and economically disadvantaged business enterprises, and women's business enterprises throughout the state of Washington. Certification by the state office will allow these firms to participate in programs for these enterprises administered by the state of Washington, any city, town, county, special purpose district, public corporation created by the state, municipal corporation, or quasi-municipal corporation within the state of Washington.

This statewide certification process will prevent duplication of effort, achieve efficiency, and permit local jurisdictions to further develop, implement, and/or enhance comprehensive systems of monitoring and compliance for contracts issued by their agencies. [1987 c 328 § 7.]

**39.19.140 Implementation of statewide certification.** Implementation of statewide certification shall be effective January 1, 1988, following consultation by the office with appropriate state and local officials who currently administer similar certification programs. Any business having been certified under any of the programs identified pursuant to \*RCW 39.19.130 as a minority and women's business enterprise shall be deemed certified by the office as of January 1, 1988. [1987 c 328 § 9.]

\*Reviser's note: RCW 39.19.130 expired June 30, 1991.

**39.19.150 Local government may petition for reconsideration of business certification.** (1) Any city, county, town, special purpose district, public corporation created by the state, municipal corporation, or quasi-municipal corporation having reason to believe that a particular minority and women's business enterprise should not have been certified under RCW 39.19.140 may petition the office for reconsideration. The basis for the petition may be one or more of the following:

(a) The office's rules or regulations were improperly applied; or

(b) Material facts relating to the minority and women's business enterprise's certification application to the office are untrue.

(2) The petitioner shall carry the burden of persuasion. The affected minority or women's business enterprise shall receive notice of the petition and an opportunity to respond.

(3) After reviewing the information presented in support of and in opposition to the petition, the office shall issue a

(2004 Ed.)

written decision, granting or denying the petition. If the office grants the petition, it may revoke, suspend, or refuse to renew the certification or impose sanctions under this chapter as appropriate.

(4) The office's decision on a petition is administratively final and the rights of appeal set out in the office regulations shall apply. A certification shall remain in effect while a petition is pending. [1987 c 328 § 10.]

**39.19.160 Local government responsible for monitoring compliance.** Any city, town, county, special purpose district, public corporation created by the state, municipal corporation, or quasi-municipal corporation within the state of Washington utilizing the certification by the office retains the responsibility for monitoring compliance with the programs under its jurisdiction. The office shall not be responsible for enforcement of local ordinances, rules, or regulations, however titled. [1987 c 328 § 11.]

**39.19.170 Prequalification of minority and women-owned businesses—Waiver of performance bond.** (1) State agencies shall not require a performance bond for any public works project that does not exceed twenty-five thousand dollars awarded to a prequalified and certified minority or woman-owned business that has been prequalified as provided under subsection (2) of this section.

(2) A limited prequalification questionnaire shall be required assuring:

### **39.29.008 Limitation on personal service contracts.**

Personal services may be procured only to resolve a particular agency problem or issue or to expedite a specific project that is temporary in nature. An agency may procure personal services only if it documents that:

- (1) The service is critical to agency responsibilities or operations, or is mandated or authorized by the legislature;
- (2) Sufficient staffing or expertise is not available within the agency to perform the service; and
- (3) Other qualified public resources are not available to perform the service. [1993 c 433 § 6.]

Documented justification for emergency contracts shall be provided to the office of financial management when the contract is filed. [1998 c 101 § 4; 1996 c 288 § 29; 1987 c 414 § 4.]

(2) The office of financial management shall approve sole source contracts of twenty thousand dollars or more before any such contract becomes binding and before any services may be performed under the contract. These requirements shall also apply to sole source contracts of less than twenty thousand dollars if the total amount of such contracts between an agency and the same consultant is twenty thousand dollars or more within a fiscal year. Agencies shall ensure that the costs, fees, or rates negotiated in filed sole source contracts of twenty thousand dollars or more are reasonable. The state officer or employee executing the personal service contracts shall be responsible for compliance with the requirements of this chapter. Failure to comply with the requirements of this chapter shall subject the state officer or employee to a civil penalty in the amount of three hundred dollars. A consultant who knowingly violates this chapter in seeking or performing work under a personal services contract shall be subject to a civil penalty of three hundred dollars or twenty-five percent of the amount of the contract, whichever is greater. The state auditor is responsible for auditing violations of this chapter. The attorney general is responsible for prosecuting violations of this chapter. [1987 c 414 § 6; 1974 ex.s. c 191 § 2.]

**39.29.025 Amendments.** (1) Substantial changes in either the scope of work specified in the contract or in the scope of work specified in the formal solicitation document must generally be awarded as new contracts. Substantial changes executed by contract amendments must be submitted to the office of financial management, and are subject to approval by the office of financial management.

(2) An amendment or amendments to personal service contracts, if the value of the amendment or amendments, whether singly or cumulatively, exceeds fifty percent of the value of the original contract must be provided to the office of financial management.

(3) The office of financial management shall approve amendments provided to it under this section before the amendments become binding and before services may be performed under the amendments.

(4) The amendments must be filed with the office of financial management and made available for public inspection at least ten working days prior to the proposed starting date of services under the amendments.

(5) The office of financial management shall approve amendments provided to it under this section only if they meet the criteria for approval of the amendments established by the director of the office of financial management. [1998 c 101 § 6; 1996 c 288 § 31; 1993 c 433 § 3.]

**39.29.040 Exemption of certain contracts.** This chapter does not apply to:

(1) Contracts specifying a fee of less than five thousand dollars if the total of the contracts from that agency with the contractor within a fiscal year does not exceed five thousand dollars;

(6) Contracts for client services except as otherwise indicated in this chapter;

(7) Contracts for architectural and engineering services as defined in RCW 39.80.020, which shall be entered into under chapter 39.80 RCW;

(8) Contracts for the employment of expert witnesses for the purposes of litigation;

(9) Contracts for bank supervision authorized under RCW 30.38.040; and

(10) Contracts for interpreter services and interpreter brokerage services on behalf of limited-English speaking or sensory-impaired applicants and recipients of public assistance. **Reviser's note:** This section was amended by 2002 c 200 § 2 and by 2002 c 260 § 11, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Findings—2002 c 200:** "The legislature finds that limited-English speaking and sensory-impaired applicants and recipients of public assistance often require interpreter services in order to communicate effectively with employees of the department of social and health services, medical professionals, and other social services personnel. The legislature further finds that interpreter services can be procured and delivered through a variety of different means. It is in the public's interest for the department to deliver interpreter services, to the extent funds are available, by the means which it determines most cost-effectively ensure that limited-English speaking and sensory-impaired persons are able to communicate with department employees and service providers." [2002 c 200 § 1.]

**39.29.065 Office of financial management to establish procedures—Adjustment of dollar thresholds.** To implement this chapter, the director of the office of financial management shall establish procedures for the competitive solicitation and award of personal service contracts, record-keeping requirements, and procedures for the reporting and filing of contracts. For reporting purposes, the director may establish categories for grouping of contracts. The procedures required under this section shall also include the criteria for amending personal service contracts. At the beginning of each biennium, the director may, by administrative policy, adjust the dollar thresholds prescribed in RCW 39.29.011, 39.29.018, 39.29.040, and \*39.29.068 to levels not to exceed the percentage increase in the implicit price deflator. **39.30.010 Executory conditional sales contracts for purchase of property—Limit on indebtedness—Election, when.** Any city or town or metropolitan park district or county or library district may execute an executory conditional sales contract with a county or counties, the state or any of its political subdivisions, the government of the United States, or any private party for the purchase of any real or personal property, or property rights in connection with the exercise of any powers or duties which they now or hereafter are authorized to exercise, if the entire amount of the purchase price specified in such contract does not result in a total indebtedness in excess of three-fourths of one percent of the value of the taxable property in such library district or the maximum amount of nonvoter-approved indebtedness authorized in such county, city, town, or metropolitan park district. If such a proposed contract would result in a total indebtedness in excess of this amount, a proposition in regard to whether or not such a contract may be executed shall be submitted to the voters for approval or rejection in the same manner that bond issues for capital purposes are submitted to the voters. Any city or town or metropolitan park district or county or library district may jointly execute contracts authorized by this section, if the entire amount of the purchase price does not result in a joint total indebtedness in excess of the nonvoter-approved indebtedness limitation of any city, town, metropolitan park district, county, or library district that participates in the jointly executed contract. The term "value of the taxable property" shall have the meaning set forth in RCW 39.36.015. [1997 c 361 § 2; 1970 ex.s. c 42 § 26; 1963 c 92 § 1; 1961 c 158 § 1.]

**Severability—Effective date—1970 ex.s. c 42:** See notes following RCW 39.36.015.

**39.30.020 Contracts requiring competitive bidding—Violations by municipal officer—Penalties.** In addition to any other remedies or penalties contained in any law, municipal charter, ordinance, resolution or other enactment, any municipal officer by or through whom or under whose supervision, in whole or in part, any contract is made in wilful and intentional violation of any law, municipal charter, ordinance, resolution or other enactment requiring competitive bidding upon such contract shall be held liable to a civil penalty of not less than three hundred dollars and may be held liable, jointly and severally with any other such municipal officer, for all consequential damages to the municipal corporation. If, as a result of a criminal action, the violation is found to have been intentional, the municipal officer shall immediately forfeit his office. For purposes of this section, "municipal officer" shall mean an "officer" or "municipal officer" as those terms are defined in RCW 42.23.020(2). [1974 ex.s. c 74 § 1.]

*Contracts by cities or towns, bidding requirements: RCW 35.23.352.*

**39.30.040 Purchases—Competitive bidding—Local governments may consider tax revenues—Purchase of recycled or reused materials or products.** (1) Whenever a unit of local government is required to make purchases from the lowest bidder or from the supplier offering the lowest

price for the items desired to be purchased, the unit of local government may, at its option when awarding a purchase contract, take into consideration tax revenue it would receive from purchasing the supplies, materials, or equipment from a supplier located within its boundaries. The unit of local government must award the purchase contract to the lowest bidder after such tax revenue has been considered. However, any local government may allow for preferential purchase of products made from recycled materials or products that may be recycled or reused. The tax revenues which units of local government may consider include sales taxes that the unit of local government imposes upon the sale of such supplies, materials, or equipment from the supplier to the unit of local government, and business and occupation taxes that the unit of local government imposes upon the supplier that are measured by the gross receipts of the supplier from such sale. Any unit of local government which considers tax revenues it would receive from the imposition of taxes upon a supplier located within its boundaries, shall also consider tax revenues it would receive from taxes it imposes upon a supplier located outside its boundaries.

(2) As used in this section, the term "unit of local government" means any county, city, town, metropolitan municipal corporation, public transit benefit area, county transportation authority, or other municipal or quasi-municipal corporation authorized to impose sales and use taxes or business and occupation taxes. [1989 c 431 § 58; 1985 c 72 § 1.]

**Severability—1989 c 431:** See RCW 70.95.901.

**39.30.045 Purchase at auctions.** Any municipality, as defined in RCW 39.04.010, may purchase any supplies, equipment, or materials at auctions conducted by the government of the United States or any agency thereof, any agency of the state of Washington, any municipality or other government agency, or any private party without being subject to public bidding requirements if the items can be obtained at a competitive price. [1993 c 198 § 4; 1991 c 363 § 112.]

**Purpose—Captions not law—1991 c 363:** See notes following RCW 2.32.180.

**39.30.050 Contracts to require use of paper products meeting certain specifications.** Any contract by a governmental unit shall require the use of paper products to the maximum extent economically feasible that meet the specifications established by the department of general administration under RCW 43.19.538. [1982 c 61 § 4.]

**39.30.060 Bids on public works—Identification, substitution of subcontractors.** (1) Every invitation to bid on a prime contract that is expected to cost one million dollars or more for the construction, alteration, or repair of any public building or public work of the state or a state agency or municipality as defined under RCW 39.04.010 or an institution of higher education as defined under RCW 28B.10.016 shall require each prime contract bidder to submit as part of the bid, or within one hour after the published bid submittal time, the names of the subcontractors with whom the bidder, if awarded the contract, will subcontract for performance of the work of: HVAC (heating, ventilation, and air conditioning); plumbing as described in chapter 18.106 RCW; and

electrical as described in chapter 19.28 RCW, or to name itself for the work. The prime contract bidder shall not list more than one subcontractor for each category of work identified, unless subcontractors vary with bid alternates, in which case the prime contract bidder must indicate which subcontractor will be used for which alternate. Failure of the prime contract bidder to submit as part of the bid the names of such subcontractors or to name itself to perform such work or the naming of two or more subcontractors to perform the same work shall render the prime contract bidder's bid nonresponsive and, therefore, void.

(2) Substitution of a listed subcontractor in furtherance of bid shopping or bid peddling before or after the award of the prime contract is prohibited and the originally listed subcontractor is entitled to recover monetary damages from the prime contract bidder who executed a contract with the public entity and the substituted subcontractor but not from the public entity inviting the bid. It is the original subcontractor's burden to prove by a preponderance of the evidence that bid shopping or bid peddling occurred. Substitution of a listed subcontractor may be made by the prime contractor for the following reasons:

(a) Refusal of the listed subcontractor to sign a contract with the prime contractor;

(b) Bankruptcy or insolvency of the listed subcontractor;

(c) Inability of the listed subcontractor to perform the requirements of the proposed contract or the project;

(d) Inability of the listed subcontractor to obtain the necessary license, bonding, insurance, or other statutory requirements to perform the work detailed in the contract; or

(e) The listed subcontractor is barred from participating in the project as a result of a court order or summary judgment.

(3) The requirement of this section to name the prime contract bidder's proposed HVAC, plumbing, and electrical subcontractors applies only to proposed HVAC, plumbing, and electrical subcontractors who will contract directly with the prime contract bidder submitting the bid to the public entity.

(4) This section does not apply to job order contract requests for proposals under RCW 39.10.130. [2003 c 301 § 5; 2002 c 163 § 2; 1999 c 109 § 1; 1995 c 94 § 1; 1994 c 91 § 1; 1993 c 378 § 1.]

**Intent—2002 c 163:** "This act is intended to discourage bid shopping and bid peddling on Washington state public building and works projects." [2002 c 163 § 1.]

**Application—1994 c 91:** "This act applies prospectively only and not retroactively. It applies only to invitations to bid issued on or after June 9, 1994." [1994 c 91 § 2.]

**Application—1993 c 378:** "This act applies prospectively only and not retroactively. It applies only to invitations to bid issued on or after July 25, 1993." [1993 c 378 § 2.]

**39.30.070 Exceptions—Contracts or development agreements related to stadium and exhibition center.** This chapter does not apply to contracts entered into under RCW 36.102.060(4) or development agreements entered into under RCW 36.102.060(7). [1997 c 220 § 403 (Referendum Bill No. 48, approved June 17, 1997).]

**39.34.085 Agreements for operation of bus services.** In addition to the other powers granted by chapter 39.34 RCW, one or more cities or towns or a county, or any combination thereof, may enter into agreements with each other or with a public transportation agency of a contiguous state, or contiguous Canadian province, to allow a city or such other transportation agency to operate bus service for the transportation of the general public within the territorial boundaries of such city and/or county or to allow such city and/or county to operate such bus service within the jurisdiction of such other public agency when no such existing bus certificate of public convenience and necessity has been authorized by the Washington utilities and transportation commission: PROVIDED, HOWEVER, That such transportation may extend beyond the territorial boundaries of either party to the agreement if the agreement so provides, and if such service is not in conflict with existing bus service authorized by the Washington utilities and transportation commission. Amounts representing a return of expenditures from an appropriation shall be considered as returned loans of services or of goods, supplies or other materials furnished, and may be expended as part of the original appropriation to which they belong without further or additional appropriation. Such interagency transactions shall be subject to regulation by the director of financial management, including but not limited to provisions for the determination of costs, prevention of interagency contract costs beyond those which are fully reimbursable, disclosure of reimbursements in the governor's budget and such other requirements and restrictions as will promote more economical and efficient operations of state agencies.

Except as otherwise provided by law, this section shall not apply to the furnishing of materials or services by one agency to another when other funds have been provided specifically for that purpose pursuant to law. [1979 c 151 § 45; 1969 ex.s. c 61 § 1.]

*Duty to submit agreement of jurisdictional state officer or agency: RCW 39.34.050.*

**39.34.140 Transactions between state agencies—Procedures for payments through transfers upon accounts.** The director of financial management may establish procedures whereby some or all payments between state agencies may be made by transfers upon the accounts of the state treasurer in lieu of making such payments by warrant or check. Such procedures, when established, shall include provision for corresponding entries to be made in the accounts of the affected agencies. [1979 c 151 § 46; 1969 ex.s. c 61 § 2.]

**39.34.150 Transactions between state agencies—Advancements.** State agencies are authorized to advance funds to defray charges for materials to be furnished or services to be rendered by other state agencies. Such advances shall be made only upon the approval of the director of finan-

cial management, or his order made pursuant to an appropriate regulation requiring advances in certain cases. An advance shall be made from the fund or appropriation available for the procuring of such services or materials, to the state agency which is to perform the services or furnish the materials, in an amount no greater than the estimated charges therefor. [1979 c 151 § 47; 1969 ex.s. c 61 § 3.]

**39.34.160 Transactions between state agencies—Time limitation for expenditure of advance—Unexpended balance.** An advance made under RCW 39.34.130 through 39.34.150 from appropriated funds shall be available for expenditure for no longer than the period of the appropriation from which it was made. When the actual costs of materials and services have been finally determined, and in no event later than the lapsing of the appropriation, any unexpended balance of the advance shall be returned to the agency for credit to the fund or account from which it was made. [1969 ex.s. c 61 § 4.]

**39.34.170 Transactions between state agencies—Powers and authority cumulative.** The powers and authority conferred by RCW 39.34.130 through 39.34.160 shall be construed as in addition and supplemental to powers or authority conferred by any other law, and not to limit any other powers or authority of any public agency expressly granted by any other statute. [1969 ex.s. c 61 § 5.]

**39.34.180 Criminal justice responsibilities—Interlocal agreements—Termination.** (1) Each county, city, and town is responsible for the prosecution, adjudication, sentencing, and incarceration of misdemeanor and gross misdemeanor offenses committed by adults in their respective jurisdictions, and referred from their respective law enforcement agencies, whether filed under state law or city ordinance, and must carry out these responsibilities through the use of their own courts, staff, and facilities, or by entering into contracts or interlocal agreements under this chapter to provide these services. Nothing in this section is intended to alter the statutory responsibilities of each county for the prosecution, adjudication, sentencing, and incarceration for not more than one year of felony offenders, nor shall this section apply to any offense initially filed by the prosecuting attorney as a felony offense or an attempt to commit a felony offense.

(2) The following principles must be followed in negotiating interlocal agreements or contracts: Cities and counties must consider (a) anticipated costs of services; and (b) anticipated and potential revenues to fund the services, including fines and fees, criminal justice funding, and state-authorized sales tax funding levied for criminal justice purposes.

(3) If an agreement as to the levels of compensation within an interlocal agreement or contract for gross misdemeanor and misdemeanor services cannot be reached between a city and county, then either party may invoke binding arbitration on the compensation issued by notice to the other party. In the case of establishing initial compensation, the notice shall request arbitration within thirty days. In the case of nonrenewal of an existing contract or interlocal agreement, the notice must be given one hundred twenty days prior to the expiration of the existing contract or agreement and the

existing contract or agreement remains in effect until a new agreement is reached or until an arbitration award on the matter of fees is made. The city and county each select one arbitrator, and the initial two arbitrators pick a third arbitrator.

(4) A city or county that wishes to terminate an agreement for the provision of court services must provide written notice of the intent to terminate the agreement in accordance with RCW 3.50.810 and 35.20.010.

(5) For cities or towns that have not adopted, in whole or in part, criminal code or ordinance provisions related to misdemeanor and gross misdemeanor crimes as defined by state law, this section shall have no application until July 1, 1998. [2001 c 68 § 4; 1996 c 308 § 1.]

**Effective date—1996 c 308:** "This act shall take effect January 1, 1997." [1996 c 308 § 2.]

**39.34.190 Watershed management plan projects—Use of water-related revenues.** (1) The legislative authority of a city or county and the governing body of any special purpose district enumerated in subsection (2) of this section may authorize up to ten percent of its water-related revenues to be expended in the implementation of watershed management plan projects or activities that are in addition to the county's, city's, or district's existing water-related services or activities. Such limitation on expenditures shall not apply to additional revenues for watershed plan implementation that are authorized by voter approval under \*section 5 of this act or to water-related revenues of a public utility district organized according to Title 54 RCW. Water-related revenues include rates, charges, and fees for the provision of services relating to water supply, treatment, distribution, and management generally, and those general revenues of the local government that are expended for water management purposes. A local government may not expend for this purpose any revenues that were authorized by voter approval for other specified purposes or that are specifically dedicated to the repayment of municipal bonds or other debt instruments.

(2) The following special purpose districts may exercise the authority provided by this section:

- (a) Water districts, sewer districts, and water-sewer districts organized under Title 57 RCW;
- (b) Public utility districts organized under Title 54 RCW;

- (h) Aquifer protection areas organized under chapter 36.36 RCW; and
- (i) Shellfish protection districts organized under chapter 90.72 RCW.

(3) The authority for expenditure of local government revenues provided by this section shall be applicable broadly to the implementation of watershed management plans addressing water supply, water transmission, water quality treatment or protection, or any other water-related purposes.

(2004 Ed.)

Such plans include but are not limited to plans developed under the following authorities:

**\*Reviser's note:** Section 5 of this act was vetoed by the governor.

**Finding—Intent—2003 c 327:** "The legislature finds that throughout Washington state there are many active efforts to protect, manage, and restore watersheds. The state's river systems provide a variety of benefits for society's many needs, so efforts to protect these watersheds should reflect the diversity of social, environmental, and economic factors that make the state unique.

Yet, there is a conflict between the natural flow of river systems and the way watersheds are governed. From a hydrological standpoint, a watershed is a single, integrated system. But these systems usually flow through a number of cities, counties, and other municipalities as they move from their source to the sea. As a result, many are subject to the full range of management interests, including multiple government entities with jurisdiction over water. In many cases, the political boundaries of government do not align with the hydrological boundaries of watersheds and may actually hinder the implementation of coordinated, cooperative plans. Cooperative watershed management actions by local governments, special districts, and utilities can help maintain healthy watershed function and support the beneficial use of water by these entities and protect the quality of the resource that they use or affect. By participating in cooperative watershed management actions, local governments, special districts, and utilities are acting in the public interest and in a manner that is intended to sustain maximum beneficial use and high quality of water over time and to maintain the services that these entities provide.

Therefore, it is the intent of this act to remove statutory barriers that may prevent local governments from working together in the creation and implementation of cooperative, coordinated watershed plans. In addition, it is the further intent of this act to provide additional authorities to assist in such implementation." [2003 c 327 § 1.]

**39.34.200 Watershed management partnerships—Formation.** Any two or more public agencies may enter into

agreements with one another to form a watershed management partnership for the purpose of implementing any portion or all elements of a watershed management plan, including the coordination and oversight of plan implementation. The plan may be any plan or plan element described in RCW 39.34.190(3). The watershed partnership agreement shall include the provisions required of all interlocal agreements under RCW 39.34.030(3). The agreement shall be filed pursuant to RCW 39.34.040 with the county auditor of each county lying within the geographical watershed area to be addressed by the partnership. The public agencies forming the partnership shall designate a treasurer for the deposit, accounting, and handling of the funds of the partnership. The treasurer shall be either a county treasurer or a city treasurer of a county or city participating in the agreement to form the partnership. [2003 c 327 § 4.]

**Finding—Intent—2003 c 327:** See note following RCW 39.34.190.

**39.34.210 Watershed management partnerships—Indebtedness—Bonds.** Where a watershed management partnership formed under the authority of RCW 39.34.200 establishes a separate legal entity to conduct the cooperating undertaking of the partnership, such legal entity is authorized for the purpose of carrying out such undertaking to contract indebtedness and to issue and sell general obligation bonds pursuant to and in the manner provided for general county bonds in chapters 36.67 and 39.46 RCW and other applicable statutes, and to issue revenue bonds pursuant to and in the manner provided for revenue bonds in chapter 36.67 RCW and other applicable statutes. The joint board established by the partnership agreement shall perform the functions referenced in chapter 36.67 RCW to be performed by the county legislative authority in the case of county bonds. [2003 c 327 § 6.]

**Finding—Intent—2003 c 327:** See note following RCW 39.34.190.

**39.34.220 Watershed management plans—Additional authority for implementation—Existing agreements not affected.** The amendments by chapter 327, Laws of 2003 to the interlocal cooperation act authorities are intended to provide additional authority to public agencies for the purposes of implementing watershed management plans, and do not affect any agreements among public agencies existing on July 27, 2003. [2003 c 327 § 7.]

**Finding—Intent—2003 c 327:** See note following RCW 39.34.190.

**39.34.900 Short title.** This chapter may be cited as the "Interlocal Cooperation Act." [1967 c 239 § 2.]

**39.34.910 Severability—1967 c 239.** If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1967 c 239 § 14.]

**39.34.920 Effective date—1967 c 239.** The effective date of this chapter is July 1, 1967. [1967 c 239 § 15.]

**39.35.010 Legislative finding.** The legislature hereby finds:

(1) That major publicly owned or leased facilities have a significant impact on our state's consumption of energy;

(2) That energy conservation practices including energy management systems and renewable energy systems adopted for the design, construction, and utilization of such facilities will have a beneficial effect on our overall supply of energy;

(3) That the cost of the energy consumed by such facilities over the life of the facilities shall be considered in addition to the initial cost of constructing such facilities;

(4) That the cost of energy is significant and major facility designs shall be based on the total life-cycle cost, including the initial construction cost, and the cost, over the economic life of a major facility, of the energy consumed, and of the operation and maintenance of a major facility as they affect energy consumption; and

(5) That the use of energy systems in these facilities which utilize renewable resources such as solar energy, wood or wood waste, or other nonconventional fuels, and which incorporate energy management systems, shall be considered in the design of all publicly owned or leased facilities. [2001 c 214 § 15; 1982 c 159 § 1; 1975 1st ex.s. c 177 § 1.]

**Findings—2001 c 214:** "(1) The legislature hereby finds that:

(a) The economy of the state and the health, safety, and welfare of its citizens are threatened by the current energy supply and price instabilities;

(b) Many energy efficiency programs for public buildings launched during the 1970s and 1980s were not maintained during the subsequent sustained period of low energy costs and abundant supply; and

(c) Conservation programs originally established in the 1970s and 1980s can be improved or updated. New programs drawing on recently developed technologies, including demand-side energy management systems, can materially increase the efficiency of energy use by the public sector.

(2) It is the policy of the state of Washington that:

(a) State government is committed to achieving significant gains in energy efficiency. Conventional conservation programs will be reviewed and updated in light of experience gained since their commencement;

(b) State government must play a leading role in demonstrating updated and new energy efficiency technologies. New programs or measures made possible by technological advances, such as demand-side response measures and energy management systems, shall be treated in the same manner as conventional conservation programs and will be integrated into the state's energy efficiency programs." [2001 c 214 § 14.]

**Severability—Effective date—2001 c 214:** See notes following RCW 80.50.010.

**Applicability—1982 c 159:** "This act does not apply to a major facility construction or renovation on which a life-cycle cost analysis is commenced under chapter 39.35 RCW before June 10, 1982." [1982 c 159 § 5.]

**39.35.020 Legislative declaration.** The legislature declares that it is the public policy of this state to insure that energy conservation practices and renewable energy systems are employed in the design of major publicly owned or leased

facilities and that the use of at least one renewable energy system is considered. To this end the legislature authorizes and directs that public agencies analyze the cost of energy consumption of each major facility to be planned and constructed or renovated after September 8, 1975. [1982 c 159 § 2; 1975 1st ex.s. c 177 § 2.]

**Applicability—1982 c 159:** See notes following RCW 39.35.010.

**Applicability—1982 c 159:** See notes following RCW 39.35.010.

**39.35.040 Facility design to include life-cycle cost analysis.** Whenever a public agency determines that any major facility is to be constructed or renovated, such agency shall cause to be included in the design phase of such construction or renovation a provision that requires a life-cycle cost analysis conforming with the guidelines developed in RCW 39.35.050 to be prepared for such facility. Such analysis shall be approved by the agency prior to the commencement of actual construction or renovation. A public agency may accept the facility design if the agency is satisfied that the life-cycle cost analysis provides for an efficient energy system or systems based on the economic life of the major facility.

Nothing in this section prohibits the construction or renovation of major facilities which utilize renewable energy systems. [1994 c 242 § 2; 1982 c 159 § 4; 1975 1st ex.s. c 177 § 4.]

**39.35.050 Life-cycle cost analysis—Guidelines.** The department, in consultation with affected public agencies, shall develop and issue guidelines for administering this chapter. The purpose of the guidelines is to define a procedure and method for performance of life-cycle cost analysis to promote the selection of low-life-cycle cost alternatives. At a minimum, the guidelines must contain provisions that:

(1) Address energy considerations during the planning phase of the project;

(2) Identify energy components and system alternatives including energy management systems, renewable energy systems, and cogeneration applications prior to commencing the energy consumption analysis;

(3) Identify simplified methods to assure the lowest life-cycle cost alternatives for selected buildings with between twenty-five thousand and one hundred thousand square feet of usable floor area;

(4) Establish times during the design process for preparation, review, and approval or disapproval of the life-cycle cost analysis;

(5) Specify the assumptions to be used for escalation and inflation rates, equipment service lives, economic building lives, and maintenance costs;

(6) Determine life-cycle cost analysis format and submittal requirements to meet the provisions of chapter 201, Laws of 1991;

(7) Provide for review and approval of life-cycle cost analysis. [2001 c 214 § 17; 1996 c 186 § 403; 1994 c 242 § 3; 1991 c 201 § 15.]

**39.35.060 Life-cycle cost analysis—Review fees.** The department may impose fees upon affected public agencies for the review of life-cycle cost analyses. The fees shall be deposited in the general administration services account. The purpose of the fees is to recover the costs by the department for review of the analyses. The department shall set fees at a level necessary to recover all of its costs related to increasing the energy efficiency of state-supported new construction. The fees shall not exceed one-tenth of one percent of the total cost of any project or exceed two thousand dollars for any project unless mutually agreed to. The department shall provide detailed calculation ensuring that the energy savings resulting from its review of life-cycle cost analysis justify the costs of performing that review. [2001 c 292 § 1; 1996 c 186 § 404; 1991 c 201 § 16.]

**Findings—Intent—Part headings not law—Effective date—1996 c 186:** See notes following RCW 43.330.904.

**39.35A.010 Legislative finding.** The legislature finds that:

(1) Conserving energy in publicly owned buildings will have a beneficial effect on our overall supply of energy;

(2) Conserving energy in publicly owned buildings can result in cost savings for taxpayers; and

(3) Performance-based energy contracts are a means by which municipalities can achieve energy conservation without capital outlay.

Therefore, the legislature declares that it is the policy that a municipality may, after a competitive selection process, negotiate a performance-based energy contract with a firm that offers the best proposal. [1985 c 169 § 1.]

**39.35A.020 Definitions.** Unless the context clearly indicates otherwise, the definitions in this section shall apply throughout this chapter.

(1) "Energy equipment and services" means energy management systems and any equipment, materials, or supplies that are expected, upon installation, to reduce the energy use or energy cost of an existing building or facility, and the services associated with the equipment, materials, or supplies, including but not limited to design, engineering, financing, installation, project management, guarantees, operations, and maintenance.

(2) "Energy management system" has the definition provided in RCW 39.35.030.

(3) "Municipality" has the definition provided in RCW 39.04.010.

(4) "Performance-based contract" means one or more contracts for energy equipment and services between a municipality and any other persons or entities, if the payment obligation for each year under the contract, including the year of installation, is either: (a) Set as a percentage of the annual energy cost savings attributable under the contract to the energy equipment and services; or (b) guaranteed by the other persons or entities to be less than the annual energy cost savings attributable under the contract to the energy equipment and services. Such guarantee shall be, at the option of the municipality, a bond or insurance policy, or some other guarantee determined sufficient by the municipality to provide a level of assurance similar to the level provided by a bond or insurance policy. [2001 c 214 § 18; 1985 c 169 § 2.]

**Severability—Effective date—2001 c 214:** See notes following RCW 80.50.010.

**39.35A.030 Performance-based contracts for energy equipment and supplies.** (1) Each municipality shall publish in advance its requirements to procure energy equipment and services under a performance-based contract. The announcement shall state concisely the scope and nature of the equipment and services for which a performance-based contract is required, and shall encourage firms to submit proposals to meet these requirements.

(2) The municipality may negotiate a fair and reasonable performance-based contract with the firm that is identified, based on the criteria that is established by the municipality, to be the firm that submits the best proposal.

(3) If the municipality is unable to negotiate a satisfactory contract with the firm that submits the best proposal, negotiations with that firm shall be formally terminated and the municipality may select another firm in accordance with this section and continue negotiation until a performance-based contract is reached or the selection process is terminated. [1985 c 169 § 3.]

**39.35A.040 Application of other procurement requirements.** If a municipality chooses, by resolution or other appropriate mechanism, to negotiate a performance-based contract under this chapter, no otherwise applicable statutory procurement requirement applies. [1985 c 169 § 4.]

(2004 Ed.)

tance to municipalities in identifying available performance-based contracting services. [2001 c 214 § 19.]

**Severability—Effective date—2001 c 214:** See notes following RCW 80.50.010.

## Chapter 39.35B RCW LIFE-CYCLE COST ANALYSIS OF PUBLIC FACILITIES

### Sections

39.35B.010	Legislative findings.
39.35B.020	Legislative declaration.
39.35B.030	Intent.
39.35B.040	Implementation.

**39.35B.010 Legislative findings.** The legislature finds that:

(1) Operating costs of a facility over its lifetime may greatly exceed the initial cost of the facility;

(2) In the planning, design, and funding for new construction or major renovation of state-owned facilities it is desirable to consider not only the initial costs relating to design and construction or acquisition, but the anticipated operating costs relating to the building throughout its life;

(3) The consideration of both initial and operating costs is known as life-cycle cost or life-cycle cost analysis;

(4) Operating costs of a facility for purposes of this chapter include, but are not limited to, energy costs, maintenance and repair costs, and costs of the work or activity performed within the facility, including wages and salaries;

(5) Current law, chapter 39.35 RCW, speaks to life-cycle cost analysis only in relation to energy conservation; and

(6) Life-cycle cost may not be suitable or cost-effective for all capital projects or all components of a facility, and is not an exclusive criteria for decision-making, but is nonetheless a useful framework for evaluating design and capital investment alternatives. [1986 c 127 § 1.]

**39.35B.020 Legislative declaration.** The legislature declares that:

(1) It is the policy of the state to consider life-cycle costs in the selection of facility design alternatives, to the full extent practical, reasonable, and cost-effective;

(2) Life-cycle cost should be considered by the state government, school districts, and state universities and community colleges in the planning, design, and funding for new construction or major renovations; and

(3) Use of life-cycle cost should be encouraged for cities, counties, and other governmental districts including special purpose districts. [1986 c 127 § 2.]

**39.35B.030 Intent.** It is the intent of the legislature to:

(1) Expand the definition and use of "life-cycle cost" and "life-cycle cost analysis" to include consideration of all operating costs, as opposed to only energy-related costs as addressed by chapter 39.35 RCW;

(2) Encourage the recognition, development, and use of life-cycle cost concepts and procedures by both the executive and legislative branches in the state's design development and capital budgeting processes;

(3) Ensure the dissemination and use of a common and realistic discount rate by all state agencies in the calculation of the present value of future costs;

(4) Allow and encourage the executive branch to develop specific techniques and procedures for the state government and its agencies, and state universities and community colleges to implement this policy; and

(5) Encourage cities, counties, and other governmental districts including special purpose districts to adopt programs and procedures to implement this policy. [1986 c 127 § 3.]

**39.35B.040 Implementation.** The principal executives of all state agencies are responsible for implementing the policy set forth in this chapter. The office of financial management in conjunction with the department of general administration may establish guidelines for compliance by the state government and its agencies, and state universities and community colleges. The office of financial management shall include within its biennial capital budget instructions:

(1) A discount rate for the use of all agencies in calculating the present value of future costs, and several examples of resultant trade-offs between annual operating costs eliminated and additional capital costs thereby justified; and

(2) Types of projects and building components that are particularly appropriate for life-cycle cost analysis. [1986 c 127 § 4.]

Each school district shall undertake an energy audit and implement cost-effective conservation measures pursuant to the time schedules and requirements set forth in RCW 39.35C.025. Performance-based contracting shall be the preferred method for completing energy audits and implementing cost-effective conservation measures.

(2) The department shall assist state agencies and school districts in identifying, evaluating, and implementing cost-effective conservation projects at their facilities. The assistance shall include the following:

(a) Notifying state agencies and school districts of their responsibilities under this chapter;

(b) Apprising state agencies and school districts of opportunities to develop and finance such projects;

(c) Providing technical and analytical support, including procurement of performance-based contracting services;

(d) Reviewing verification procedures for energy savings; and

(e) Assisting in the structuring and arranging of financing for cost-effective conservation projects.

(3) Conservation projects implemented under this chapter shall have appropriate levels of monitoring to verify the performance and measure the energy savings over the life of the project. The department shall solicit involvement in program planning and implementation from utilities and other energy conservation suppliers, especially those that have demonstrated experience in performance-based energy programs.

(4) The department shall comply with the requirements of chapter 39.80 RCW when contracting for architectural or engineering services.

(5) The department shall recover any costs and expenses it incurs in providing assistance pursuant to this section, including reimbursement from third parties participating in conservation projects. The department shall enter into a written agreement with the public agency for the recovery of costs. [2001 c 214 § 21; 1996 c 186 § 406; 1991 c 201 § 3.]

**39.35C.025 Energy audit of school district facilities—Completion dates—Identification, implementation of cost-effective energy conservation measures.** (1) Except as provided in subsections (2) and (3) of this section, each school district shall conduct an energy audit of its facilities. This energy audit may be conducted by contract or by other arrangement, including appropriate district staff. Performance-based contracting shall be the preferred method for implementing and completing energy audits.

(a) For each district facility, the energy consumption surveys shall be completed no later than December 31, 2001, and the walk-through surveys shall be completed no later

than October 1, 2002. Upon completion of each walk-through survey, the district shall implement energy conservation maintenance and operation procedures that may be identified for any district facility. These procedures shall be implemented as soon as possible, but not later than twelve months after the walk-through survey.

(b) Except as provided in subsection (3) of this section, if a walk-through survey has identified potentially cost-effective energy conservation measures, the district shall undertake an investment grade audit of the facility. Investment grade audits shall be completed no later than June 30, 2003, and installation of cost-effective conservation measures recommended in the investment grade audit shall be completed no later than December 31, 2004.

(2) A school district that, after December 31, 1997, has completed energy audits and implemented cost-effective conservation measures, or has contracted with an energy service company for energy audits and conservation measures, is deemed to have met the requirements of this section for those facilities included in the audits and conservation measures.

(3) A school district that after reasonable efforts and consultation with the department is unable to obtain a contract with an energy service company to conduct an investment grade audit or install cost-effective conservation measures recommended in an investment grade audit, is exempt from the requirements of subsection (1)(b) of this section. [2001 c 214 § 22.]

**Severability—Effective date—2001 c 214:** See notes following RCW 80.50.010.

**Findings—2001 c 214:** See note following RCW 39.35.010.

**39.35C.030 Department coordination of conservation development with utilities.** (1) The department shall consult with the local utilities to develop priorities for energy conservation projects pursuant to this chapter, cooperate where possible with existing utility programs, and consult with the local utilities prior to implementing projects in their service territory.

(2) A local utility shall be offered the initial opportunity to participate in the development of conservation projects in the following manner:

(a) Before initiating projects in a local utility service territory, the department shall notify the local utility in writing, on an annual basis, of public facilities in the local utility's service territory at which the department anticipates cost-effective conservation projects will be developed.

(b) Within sixty days of receipt of this notification, the local utility may express interest in these projects by submitting to the department a written description of the role the local utility is willing to perform in developing and acquiring the conservation at these facilities. This role may include any local utility conservation programs which would be available to the public facility, any competitive bidding or solicitation process which the local utility will be undertaking in accordance with the rules of the utilities and transportation commission or the public utility district, municipal utility, cooperative, or mutual governing body for which the public facility would be eligible, or any other role the local utility may be willing to perform.

(c) Upon receipt of the written description from the local utility, the department shall, through discussions with the local utility, and with involvement from state agencies and school districts responsible for the public facilities, develop a plan for coordinated delivery of conservation services and financing or make a determination of whether to participate in the local utility's competitive bidding or solicitation process. The plan shall identify the local utility in roles that the local utility is willing to perform and that are consistent with the provisions of RCW 39.35C.040(2) (d) and (e). [1996 c 186 § 407; 1991 c 201 § 4.]

**Findings—Intent—Part headings not law—Effective date—1996 c 186:** See notes following RCW 43.330.904.

**39.35C.040 Sale of conserved energy.** (1) It is the intent of this chapter that the state, state agencies, and school districts are compensated fairly for the energy savings provided to utilities and be allowed to participate on an equal basis in any utility conservation program, bidding, or solicitation process. State agencies and school districts shall not receive preferential treatment. For the purposes of this section, any type of compensation from a utility or the Bonneville power administration intended to achieve reductions or efficiencies in energy use which are cost-effective to the utility or the Bonneville power administration shall be regarded as a sale of energy savings. Such compensation may include credits to the energy bill, low or no interest loans, rebates, or payment per unit of energy saved. The department shall, in coordination with utilities, the Bonneville power administration, state agencies, and school districts, facilitate the sale of energy savings at public facilities including participation in any competitive bidding or solicitation which has been agreed to by the state agency or school district. Energy savings may only be sold to local utilities or, under conditions specified in this section, to the Bonneville power administration. The department shall not attempt to sell energy savings occurring in one utility service territory to a different utility. Nothing in this chapter mandates that utilities purchase the energy savings.

(2) To ensure an equitable allocation of benefits to the state, state agencies, and school districts, the following conditions shall apply to transactions between utilities or the Bonneville power administration and state agencies or school districts for sales of energy savings:

(a) A transaction shall be approved by both the state agency or school district and the department.

(b) The state agency or school district and the department shall work together throughout the planning and negotiation process for such transactions unless the department determines that its participation will not further the purposes of this section.

(c) Before making a decision under (d) of this subsection, the department shall review the proposed transaction for its technical and economic feasibility, the adequacy and reasonableness of procedures proposed for verification of project or program performance, the degree of certainty of benefits to the state, state agency, or school district, the degree of risk assumed by the state or school district, the benefits offered to the state, state agency, or school district and such other factors as the department determines to be prudent.

(d) The department shall approve a transaction unless it finds, pursuant to the review in (c) of this subsection, that the transaction would not result in an equitable allocation of costs and benefits to the state, state agency, or school district, in which case the transaction shall be disapproved.

(e) In addition to the requirements of (c) and (d) of this subsection, in areas in which the Bonneville power administration has a program for the purchase of energy savings at public facilities, the department shall approve the transaction unless the local utility cannot offer a benefit substantially equivalent to that offered by the Bonneville power administration, in which case the transaction shall be disapproved. In determining whether the local utility can offer a substantially equivalent benefit, the department shall consider the net present value of the payment for energy savings; any goods, services, or financial assistance provided by the local utility; and any risks borne by the local utility. Any direct negative financial impact on a nongrowing, local utility shall be considered.

(3) Any party to a potential transaction may, within thirty days of any decision to disapprove a transaction made pursuant to subsection (2)(c), (d), or (e) of this section, request an independent reviewer who is mutually agreeable to all parties to the transaction to review the decision. The parties shall within thirty days of selection submit to the independent reviewer documentation supporting their positions. The independent reviewer shall render advice regarding the validity of the disapproval within an additional thirty days. [1996 c 186 § 408; 1991 c 201 § 5.]

**Findings—Intent—Part headings not law—Effective date—1996 c 186:** See notes following RCW 43.330.904.

**39.35C.050 Authority of state agencies and school districts to implement conservation.** In addition to any other authorities conferred by law:

(1) The department, with the consent of the state agency or school district responsible for a facility, a state or regional university acting independently, and any other state agency acting through the department of general administration or as otherwise authorized by law, may:

(a) Develop and finance conservation at public facilities in accordance with express provisions of this chapter;

(b) Contract for energy services, including performance-based contracts;

(c) Contract to sell energy savings from a conservation project at public facilities to local utilities or the Bonneville power administration.

(2) A state or regional university acting independently, and any other state agency acting through the department of general administration or as otherwise authorized by law, may undertake procurements for third-party development of conservation at its facilities.

(3) A school district may:

(a) Develop and finance conservation at school district facilities;

(b) Contract for energy services, including performance-based contracts at school district facilities; and

(c) Contract to sell energy savings from energy conservation projects at school district facilities to local utilities or the Bonneville power administration directly or to local utility.

ties or the Bonneville power administration through third parties.

(4) In exercising the authority granted by subsections (1), (2), and (3) of this section, a school district or state agency must comply with the provisions of RCW 39.35C.040. [1996 c 186 § 409; 1991 c 201 § 6.]

**Findings—Intent—Part headings not law—Effective date—1996 c 186:** See notes following RCW 43.330.904.

**39.35C.060 Authority to finance conservation in school districts and state agencies.** State agencies may use financing contracts under chapter 39.94 RCW to provide all or part of the funding for conservation projects. The department shall determine the eligibility of such projects for financing contracts. The repayments of the financing contracts shall be sufficient to pay, when due, the principal and interest on the contracts. [1996 c 186 § 410; 1991 c 201 § 7.]

**Findings—Intent—Part headings not law—Effective date—1996 c 186:** See notes following RCW 43.330.904.

**39.35C.070 Development of cogeneration projects.**

(1) Consistent with the region's need to develop cost-effective, high efficiency electric energy resources, the state shall investigate and, if appropriate, pursue development of cost-effective opportunities for cogeneration in existing or new state facilities.

(2) To assist state agencies in identifying, evaluating, and developing potential cogeneration projects at their facilities, the department shall notify state agencies of their responsibilities under this chapter; apprise them of opportunities to develop and finance such projects; and provide technical and analytical support. The department shall recover costs for such assistance through written agreements, including reimbursement from third parties participating in such projects, for any costs and expenses incurred in providing such assistance.

(3)(a) The department shall identify priorities for cogeneration projects at state facilities, and, where such projects are initially deemed desirable by the department and the appropriate state agency, the department shall notify the local utility serving the state facility of its intent to conduct a feasibility study at such facility. The department shall consult with the local utility and provide the local utility an opportunity to participate in the development of the feasibility study for the state facility it serves.

(b) If the local utility has an interest in participating in the feasibility study, it shall notify the department and the state agency whose facility or facilities it serves within sixty days of receipt of notification pursuant to (a) of this subsection as to the nature and scope of its desired participation. The department, state agency, and local utility shall negotiate the responsibilities, if any, of each in conducting the feasibility study, and these responsibilities shall be specified in a written agreement.

(c) If a local utility identifies a potential cogeneration project at a state facility for which it intends to conduct a feasibility study, it shall notify the department and the appropriate state agency. The department, state agency, and local utility shall negotiate the responsibilities, if any, of each in conducting the feasibility study, and these responsibilities shall be specified in a written agreement. Nothing in this section

shall preclude a local utility from conducting an independent assessment of a potential cogeneration project at a state facility.

(d) Agreements written pursuant to (a) and (b) of this subsection shall include a provision for the recovery of costs incurred by a local utility in performing a feasibility study in the event such utility does not participate in the development of the cogeneration project. If the local utility does participate in the cogeneration project through energy purchase, project development or ownership, recovery of the utility's costs may be deferred or provided for through negotiation on agreements for energy purchase, project development or ownership.

(e) If the local utility declines participation in the feasibility study, the department and the state agency may receive and solicit proposals to conduct the feasibility study from other parties. Participation of these other parties shall also be secured and defined by a written agreement which may include the provision for reimbursement of costs incurred in the formulation of the feasibility study.

(4) The feasibility study shall include consideration of regional and local utility needs for power, the consistency of the proposed cogeneration project with the state energy strategy, the cost and certainty of fuel supplies, the value of electricity produced, the capability of the state agency to own and/or operate such facilities, the capability of utilities or third parties to own and/or operate such facilities, requirements for and costs of standby sources of power, costs associated with interconnection with the local electric utility's transmission system, the capability of the local electric utility to wheel electricity generated by the facility, costs associated with obtaining wheeling services, potential financial risks and losses to the state and/or state agency, measures to mitigate the financial risk to the state and/or state agency, and benefits to the state and to the state agency from a range of design configurations, ownership, and operation options.

(5) Based upon the findings of the feasibility study, the department and the state agency shall determine whether a cogeneration project will be cost-effective and whether development of a cogeneration project should be pursued. This determination shall be made in consultation with the local utility or, if the local utility had not participated in the development of the feasibility study, with any third party that may have participated in the development of the feasibility study.

(a) Recognizing the local utility's expertise, knowledge, and ownership and operation of the local utility systems, the department and the state agency shall have the authority to negotiate directly with the local utility for the purpose of entering into a sole source contract to develop, own, and/or operate the cogeneration facility. The contract may also include provisions for the purchase of electricity or thermal energy from the cogeneration facility, the acquisition of a fuel source, and any financial considerations which may accrue to the state from ownership and/or operation of the cogeneration facility by the local utility.

(b) The department may enter into contracts through competitive negotiation under this subsection for the development, ownership, and/or operation of a cogeneration facility. In determining an acceptable bid, the department and the state agency may consider such factors as technical knowl-

edge, experience, management, staff, or schedule, as may be necessary to achieve economical construction or operation of the project. The selection of a developer or operator of a cogeneration facility shall be made in accordance with procedures for competitive bidding under chapter 43.19 RCW.

(c) The department shall comply with the requirements of chapter 39.80 RCW when contracting for architectural or engineering services.

(6)(a) The state may own and/or operate a cogeneration project at a state facility. However, unless the cogeneration project is determined to be cost-effective, based on the findings of the feasibility study, the department and state agency shall not pursue development of the project as a state-owned facility. If the project is found to be cost-effective, and the department and the state agency agree development of the cogeneration project should be pursued as a state-owned and/or operated facility, the department shall assist the state agency in the preparation of a finance and development plan for the cogeneration project. Any such plan shall fully account for and specify all costs to the state for developing and/or operating the cogeneration facility.

(b) It is the general intent of this chapter that cogeneration projects developed and owned by the state will be sized to the projected thermal energy load of the state facility over the useful life of the project. The principal purpose and use of such projects is to supply thermal energy to a state facility and not primarily to develop generating capacity for the sale of electricity. For state-owned projects with electricity production in excess of projected thermal requirements, the department shall seek and obtain legislative appropriation and approval for development. Nothing in chapter 201, Laws of 1991 shall be construed to authorize any state agency to sell electricity or thermal energy on a retail basis.

(7) When a cogeneration facility will be developed, owned, and/or operated by a state agency or third party other than the local serving utility, the department and the state agency shall negotiate a written agreement with the local utility. Elements of such an agreement shall include provisions to ensure system safety, provisions to ensure reliability of any interconnected operations equipment necessary for parallel operation and switching equipment capable of isolating the generation facility, the provision of and reimbursement for standby services, if required, and the provision of and reimbursement for wheeling electricity, if the provision of such has been agreed to by the local utility.

(8) The state may develop and own a thermal energy distribution system associated with a cogeneration project for the principal purpose of distributing thermal energy at the state facility. If thermal energy is to be sold outside the state facility, the state may only sell the thermal energy to a utility. [1996 c 186 § 411; 1991 c 201 § 8.]

**Findings—Intent—Part headings not law—Effective date—1996 c 186:** See notes following RCW 43.330.904.

**39.35C.080 Sale of cogenerated electricity and thermal energy.** It is the intention of chapter 201, Laws of 1991 that the state and its agencies are compensated fairly for the energy provided to utilities from cogeneration at state facilities. Such compensation may include revenues from sales of electricity or thermal energy to utilities, lease of state properties, and value of thermal energy provided to the facility. It is

also the intent of chapter 201, Laws of 1991 that the state and its agencies be accorded the opportunity to compete on a fair and reasonable basis to fulfill a utility's new resource acquisition needs when selling the energy produced from cogeneration projects at state facilities through energy purchase agreements.

(1)(a) The department and state agencies may participate in any utility request for resource proposal process, as either established under the rules and regulations of the utilities and transportation commission, or by the governing board of a public utility district, municipal utility, cooperative, or mutual.

(b) If a local utility does not have a request for resource proposal pending, the energy office [department] or a state agency may negotiate an equitable and mutually beneficial energy purchase agreement with that utility.

(2) To ensure an equitable allocation of benefits to the state and its agencies, the following conditions shall apply to energy purchase agreements negotiated between utilities and state agencies:

(a) An energy purchase agreement shall be approved by both the department and the affected state agency.

(b) The department and the state agency shall work together throughout the planning and negotiation process for energy purchase agreements, unless the department determines that its participation will not further the purposes of this section.

(c) Before approving an energy purchase agreement, the department shall review the proposed agreement for its technical and economic feasibility, the degree of certainty of benefits, the degree of financial risk assumed by the state and/or the state agency, the benefits offered to the state and/or state agency, and other such factors as the department deems prudent. The department shall approve an energy purchase agreement unless it finds that such an agreement would not result in an equitable allocation of costs and benefits, in which case the transaction shall be disapproved.

(3)(a) The state or state agency shall comply with and shall be bound by applicable avoided cost schedules, electric power wheeling charges, interconnection requirements, utility tariffs, and regulatory provisions to the same extent it would be required to comply and would be bound if it were a private citizen. The state shall neither seek regulatory advantage, nor change regulations, regulatory policy, process, or decisions to its advantage as a seller of cogenerated energy. Nothing contained in chapter 201, Laws of 1991 shall be construed to mandate or require public or private utilities to wheel electric energy resources within or beyond their service territories. Nothing in chapter 201, Laws of 1991 authorizes any state agency or school district to make any sale of energy or waste heat beyond the explicit provisions of chapter 201, Laws of 1991. Nothing contained in chapter 201, Laws of 1991 requires a utility to purchase energy from the state or a state agency or enter into any agreement in connection with a cogeneration facility.

(b) The state shall neither construct, nor be party to an agreement for developing a cogeneration project at a state facility for the purpose of supplying its own electrical needs, unless it can show that such an arrangement would be in the economic interest of the state taking into account the cost of (i) interconnection requirements, as specified by the local

electric utility, (ii) standby charges, as may be required by the local electric utility, and (iii) the current price of electricity offered by the local electric utility. If the local electric utility can demonstrate that the cogeneration project may place an undue burden on the electric utility, the department or the state agency shall attempt to negotiate a mutually beneficial agreement that would minimize the burden upon the ratepayers of the local electric utility.

(4) Any party to an energy purchase agreement may, within thirty days of any decision made pursuant to subsection (2)(c) of this section to disapprove the agreement made pursuant to this section, request an independent reviewer who is mutually agreeable to all parties to review the decision. The parties shall within thirty days of selection submit to the independent reviewer documentation supporting their positions. The independent reviewer shall render advice regarding the validity of the disapproval within an additional thirty days.

(5) For the purposes of this section, "waste heat" means the thermal energy that otherwise would be released to the environment from an industrial process, electric generation, or other process. [1996 c 186 § 412; 1996 c 33 § 4; 1991 c 201 § 9.]

**Reviser's note:** This section was amended by 1996 c 33 § 4 and by 1996 c 186 § 412, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**39.35C.090 Additional authority of state agencies.** In addition to any other authorities conferred by law:

(1) The department, with the consent of the state agency responsible for a facility, a state or regional university acting independently, and any other state agency acting through the department of general administration or as otherwise authorized by law, may:

(a) Contract to sell electric energy generated at state facilities to a utility; and

(b) Contract to sell thermal energy produced at state facilities to a utility.

(2) A state or regional university acting independently, and any other state agency acting through the department of general administration or as otherwise authorized by law, may:

(a) Acquire, install, permit, construct, own, operate, and maintain cogeneration and facility heating and cooling measures or equipment, or both, at its facilities;

(b) Lease state property for the installation and operation of cogeneration and facility heating and cooling equipment at its facilities;

(c) Contract to purchase all or part of the electric or thermal output of cogeneration plants at its facilities;

(d) Contract to purchase or otherwise acquire fuel or other energy sources needed to operate cogeneration plants at its facilities; and

(e) Undertake procurements for third-party development of cogeneration projects at its facilities, with successful bidders to be selected based on the responsible bid, including

nonprice elements listed in RCW 43.19.1911, that offers the greatest net achievable benefits to the state and its agencies.

(3) After July 28, 1991, a state agency shall consult with the department prior to exercising any authority granted by this section.

(4) In exercising the authority granted by subsections (1) and (2) of this section, a state agency must comply with the provisions of RCW 39.35C.080. [1996 c 186 § 413; 1991 c 201 § 10.]

**Findings—Intent—Part headings not law—Effective date—1996 c 186:** See notes following RCW 43.330.904.

**39.35C.100 Energy efficiency construction account.**

(1) The energy efficiency construction account is hereby created in the state treasury. Moneys in the account may be spent only after appropriation and only for the following purposes:

(a) Construction of energy efficiency projects, including project evaluation and verification of benefits, project design, project development, project construction, and project administration.

(b) Payment of principal and interest and other costs required under bond covenant on bonds issued for the purpose of (a) of this subsection.

(2) Sources for this account may include:

(a) General obligation and revenue bond proceeds appropriated by the legislature;

(b) Loan repayments under RCW 39.35C.060 sufficient to pay principal and interest obligations; and

(c) Funding from federal, state, and local agencies. [1996 c 186 § 414; 1991 c 201 § 11.]

**Findings—Intent—Part headings not law—Effective date—1996 c 186:** See notes following RCW 43.330.904.

**39.35C.130 Adoption of rules.** The department may adopt rules to implement RCW 39.35C.020 through 39.35C.040, 39.35C.070, 39.35C.080, and 39.35.050. [1996 c 186 § 416; 1991 c 201 § 17.]

(2)(a)(i) Public hospital districts are limited to an indebtedness amount not exceeding three-fourths of one percent of the value of the taxable property in such public hospital districts without the assent of three-fifths of the voters therein voting at an election held for that purpose.

(ii) Counties, cities, and towns are limited to an indebtedness amount not exceeding one and one-half percent of the value of the taxable property in such counties, cities, or towns

without the assent of three-fifths of the voters therein voting at an election held for that purpose.

(b) In cases requiring such assent counties, cities, towns, and public hospital districts are limited to a total indebtedness of two and one-half percent of the value of the taxable property therein. However, any county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW may become indebted to a larger amount for its authorized metropolitan functions, as provided under chapter 35.58 RCW, but not exceeding an additional three-fourths of one percent of the value of the taxable property in the county without the assent of three-fifths of the voters therein voting at an election held for that purpose, and in cases requiring such assent not exceeding an additional two and one-half percent of the value of the taxable property in the county.

(5) Such indebtedness may be authorized in any total amount in one or more propositions and the amount of such authorization may exceed the amount of indebtedness which could then lawfully be incurred. Such indebtedness may be incurred in one or more series of bonds from time to time out of such authorization but at no time shall the total general indebtedness of any taxing district exceed the above limitation.

\*Reviser's note: For "the effective date of this chapter," see RCW 39.42.900.

**39.42.020 Evidences of indebtedness—Issuance—Signature.** Bonds, notes or other evidences of indebtedness shall be issued by the state finance committee. They may be issued at one time or in a series from time to time. The maturity date of each series shall be determined by the state finance committee, but in no case shall any bonds mature later than thirty years from the date of issue. All evidences of indebtedness shall be signed in the name of the state by the governor and the treasurer. The facsimile signature of said officials is authorized and said evidences of indebtedness may be issued notwithstanding that any of the officials signing them or whose facsimile signatures appear on such evidences of indebtedness has ceased to hold office at the time of issue or at the time of delivery to the purchaser. [1971 ex.s. c 184 § 2.]

**39.42.030 Evidences of indebtedness—Issuance—State finance committee, duties and powers.** The state finance committee shall determine by resolution the amount, date or dates, terms, conditions, covenants, denominations, interest rate or rates (which may be fixed or variable), maturity or maturities, redemption rights, manner of execution and authentication, manner and price of sale and form of all bonds, notes, or other evidences of indebtedness.

Such bonds, notes, or other evidences of indebtedness shall be payable either to the bearer or to the registered owner as provided in RCW 39.46.030. The resolution may provide for the deposit in trust with any qualified public depository of all or any part of the proceeds of the bonds, notes, or other evidences of indebtedness or money set aside for the payment thereof.

The state finance committee shall also determine by resolution whether interest on all or any part of the bonds is to be payable periodically during the term of such bonds or only at the maturity of the bonds. For purposes of the limitations on the amount of bonds authorized to be issued contained in the acts authorizing their issuance, the amount of bonds which pay interest only at maturity shall be equal to the price, exclusive of accrued interest, at which the bonds are initially offered to the public.

### 39.42.040 Disposition of proceeds from sale of bonds.

The proceeds of the sale of any bonds shall be used solely for the purposes, including any expense incurred in connection with the issuance and sale of such bonds, specified in the general statute or special act authorizing the issuance of such bonds. [1971 ex.s. c 184 § 4.]

### 39.42.050 Anticipation notes—Issued, when—Payment of principal and interest.

When the state finance committee has decided to issue such bonds or a portion thereof, it may, pending the issuing of such bonds, issue, in the name of the state, temporary notes in anticipation of the money to be derived from the sale of such bonds, which notes shall be designated as "anticipation notes". If, prior to the issuance of the bonds, it becomes necessary to redeem outstanding notes, additional bond anticipation notes may be issued to redeem the outstanding notes. Such portion of the proceeds of the sale of such bonds as may be required for such purpose shall be applied to the payment of the principal of such anticipation notes which have been issued. The interest on anticipation notes shall be paid from the revenue source and with the same priority of payment specified in the respective bond acts for payment of principal of and interest on the bonds against which anticipation notes are sold. The procedure for paying the interest on the notes, including the transfer of necessary funds for that purpose, shall be the same as prescribed for the bonds.

If the bonds shall constitute general obligations of the state and pledge the full faith and credit of the state to the payment thereof, then the notes issued in anticipation thereof shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due. The owner and holder of any of the notes or the trustee for the owner and holder of any of the notes may, by a mandamus or other appropriate proceeding, require the transfer and payment of funds as directed in this section. [1981 c 29 § 1; 1971 ex.s. c 184 § 5.]

[1981 c 29 § 2.]

### 39.42.060 Limitation on issuance of evidences of indebtedness—Annual computation of amount required to pay on outstanding debt.

No bonds, notes, or other evidences of indebtedness for borrowed money shall be issued by the state which will cause the aggregate debt contracted by the state to exceed that amount for which payments of principal and interest in any fiscal year would require the state to expend more than seven percent of the arithmetic mean of its general state revenues, as defined in RCW 39.42.070, for the three immediately preceding fiscal years as certified by the treasurer in accordance with RCW 39.42.070. It shall be the duty of the state finance committee to compute annually the amount required to pay principal of and interest on outstanding debt. In making such computation, the state finance committee shall include all borrowed money represented by bonds, notes, or other evidences of indebtedness which are secured by the full faith and credit of the state or are required to be paid, directly or indirectly, from general state revenues and which are incurred by the state, any department, authority, public corporation or quasi public corporation of the state, any state university or college, or any other public agency created by the state but not by counties, cities, towns, school districts, or other municipal corporations, and shall include debt incurred pursuant to section 3 of Article VIII of the Washington state Constitution, but shall exclude the following:

- (1) Obligations for the payment of current expenses of state government;

- (7) Indebtedness authorized and incurred after July 1, 1993, pursuant to statute that requires that the state treasury be reimbursed, in the amount of the principal of and the interest on such indebtedness, from (a) moneys outside the state treasury, except higher education operating fees, (b) higher education building fees, (c) indirect costs recovered from federal grants and contracts, and (d) fees and charges associated with hospitals operated or managed by institutions of higher education;
- (8) Any agreement, promissory note, or other instrument entered into by the state finance committee under RCW 39.42.030 in connection with its acquisition of bond insurance, letters of credit, or other credit support instruments for the purpose of guaranteeing the payment or enhancing the marketability, or both, of any state bonds, notes, or other evidence of indebtedness;
- (9) Indebtedness incurred for the purposes identified in RCW 43.99N.020;

**39.42.070 Computation of general state revenues—Filing of certificate—Estimate of debt capacity.** (1) On or after \*the effective date of this act, the treasurer shall compute general state revenues for the three fiscal years immediately preceding such date and shall determine the arithmetic mean thereof. As soon as is practicable after the close of each fiscal year thereafter, he or she shall do likewise. In determining the amount of general state revenues, the treasurer shall include all state money received in the treasury from each and every source whatsoever except: (a) Fees and revenues derived from the ownership or operation of any undertaking, facility or project; (b) moneys received as gifts, grants, donations, aid or assistance or otherwise from the United States or any department, bureau or corporation thereof, or any person, firm or corporation, public or private, when the terms and conditions of such gift, grant, donation, aid or assistance require the application and disbursement of such moneys otherwise than for the general purposes of the state of Washington; (c) moneys to be paid into and received from retirement system funds, and performance bonds and deposits; (d) moneys to be paid into and received from trust funds including but not limited to moneys received from taxes levied for specific purposes and the several permanent

**Severability—Effective date—2002 c 240:** See RCW 43.99G.902 and 43.99G.903.

**39.42.080 Obligations allowable under debt limitation.** The foregoing limitation on the aggregate amount of indebtedness of the state shall not prevent:

(1) The issuance of obligations to refund or replace any such indebtedness existing at any time in an amount not exceeding 1.05 times the amount which, taking into account earnings from the investment of the proceeds of the issue, is required to pay the principal thereof, interest thereon, and any premium payable with respect thereto, and the costs incurred in accomplishing such refunding, as provided in chapter 39.53 RCW, as now or hereafter amended: PROVIDED, That any proceeds of the refunding, bonds in excess of those acquired to accomplish such refunding or any obligations acquired with such excess proceeds, shall be applied exclusively for the payment of principal, interest, or call premiums with respect to such refunding obligations;

(b) excise taxes collected by the state on the sale, distribution, or use of motor vehicle fuel; and

(c) interest on the permanent common school fund:

It is further the purpose of this chapter to grant local governments an alternative flexible authority to structure and sell their bond issues and to include a variety of features on their bonds.

This act shall be liberally construed to effect its purposes. [1983 c 167 § 1.]

**Severability—1983 c 167:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1983 c 167 § 273.]

**39.46.020 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Bond" means any agreement which may or may not be represented by a physical instrument, including notes, warrants, or certificates of indebtedness, that evidences an indebtedness of the state or a local government or a fund thereof, where the state or local government agrees to pay a specified amount of money, with or without interest, at a designated time or times to either registered owners or bearers, including debt issued under chapter 39.50 RCW.

(2) "Local government" means any county, city, town, special purpose district, political subdivision, municipal corporation, or quasi municipal corporation, including any public corporation created by such an entity.

Registration may include, without limitation: (a) A book entry system of recording the ownership of a bond or other obligation whether or not a physical instrument is issued; or (b) recording the ownership of a bond or other obligation together with the requirement that the transfer of ownership may only be effected by the surrender of the old bond or other obligation and either the reissuance of the old bond or other obligation or the issuance of a new bond or other obligation to the new owner.

(2) The system of registration shall define the method or methods by which transfer of the registered bonds or other obligations shall be effective, and by which payment of principal and any interest shall be made. The system of registration may permit the issuance of bonds or other obligations in any denomination to represent several registered bonds or other obligations of smaller denominations. The system of registration may also provide for any writing relating to a bond or other obligation that is not issued as a physical instrument, for identifying numbers or other designations, for a sufficient supply of certificates for subsequent transfers, for record and payment dates, for varying denominations, for communications to the owners of bonds or other obligations, for accounting, canceled certificate destruction, registration and release of securing interests, and for such other incidental matters pertaining to the registration of bonds or other obligations as the issuer may deem to be necessary or appropriate.

(3)(a) The state treasurer or a local treasurer may appoint (i) one or more of the fiscal agencies appointed from time to time by the state finance committee in accordance with chapter 43.80 RCW or (ii) other fiscal agents to act with respect to an issue of its bonds or other obligations as authenticating trustee, transfer agent, registrar, and paying or other agent and specify the rights and duties and means of compensation of any such fiscal agency so acting. The state treasurer or local treasurers may also enter into agreements with the fiscal agency or agencies in connection with the establishment and maintenance by such fiscal agency or agencies of a central depository system for the transfer or pledge of bonds or other obligations.

The interest rates on such bonds or other obligations may be a fixed rate or rates set periodically or a variable rate or rates determined by agreement of the parties. Such governing body may pledge the full faith, credit and resources of the local government for the payment of general obligation bonds. The payment of such bonds shall be enforceable in mandamus against the local government and its officials. If the issuer is the county or a special district for which the county treasurer is the treasurer, the issuer shall notify the county treasurer at least thirty days in advance of authorizing the issuance of bonds or the incurrence of other certificates of indebtedness.

(4) Unless another statute specifically provides otherwise, the owner of a general obligation bond, or the owner of an interest coupon, issued by a local government shall not have any claim against the state arising from the general obligation bond or interest coupon.

(5) As used in this section, the term "local government" means every unit of local government, including municipal corporations, quasi municipal corporations, and political subdivisions, where property ownership is not a prerequisite to vote in the local government's elections. [1998 c 106 § 7; 1995 c 38 § 8; 1994 c 301 § 12; 1984 c 186 § 2.]

**Acts of municipal officers ratified and confirmed—1995 c 38:** See note following RCW 3.02.045.

**Purpose—1984 c 186:** "The purpose of this 1984 act is to provide simplified and uniform authorities for various local governments to issue and sell general obligation bonds. It is not the purpose of this 1984 act to alter the indebtedness limitation of local governments." [1984 c 186 § 1.]

**39.46.120 Notice of intent to sell general obligation bonds.** Notice of intent to sell general obligation bonds at a public sale shall be provided in a reasonable manner as determined by the legislative authority or governing body of the issuer. [1984 c 186 § 4.]

**Purpose—1984 c 186:** See note following RCW 39.46.110.

**39.46.150 Revenue bonds—Alternative method of issuance—Limitations.** (1) Any local government authorized to issue revenue bonds may issue revenue bonds under this section and RCW 39.46.160. If a local government chooses to issue revenue bonds under this section and RCW 39.46.160, the issue shall be subject to the limitations and restrictions of these sections. The authority to issue revenue bonds under this section and RCW 39.46.160 is supplementary and in addition to any authority otherwise existing. The maximum term of any revenue bonds shall be forty years unless another statute authorizing the local government to issue revenue bonds provides for a different maximum term, in which event the local government may issue revenue bonds only with terms not in excess of such different maximum term.

(2) The governing body of a local government issuing revenue bonds shall create a special fund or funds, or use an existing special fund or funds, exclusively from which, along with reserve funds which may be created by the governing body, the principal and interest on such revenue bonds shall be payable. These reserve funds include those authorized to be created by RCW 39.46.160.

Subject to the limitations contained in this section, the governing body of a local government may provide such covenants as it may deem necessary to secure the payment of the principal of and interest on revenue bonds, and premium on revenue bonds, if any. Such covenants may include, but are not limited to, depositing certain revenues into a special fund or funds as provided in subsection (3) of this section; establishing, maintaining, and collecting fees, rates, charges, tariffs, or rentals, on facilities and services, the income of which is pledged for the payment of such bonds; operating, maintaining, managing, accounting, and auditing the local government; appointing trustees, depositaries, and paying agents; and any and all matters of like or different character, which affect the security or protection of the revenue bonds.

(3) The governing body may obligate the local government to set aside and pay into a special fund or funds created under subsection (2) of this section a proportion or a fixed amount of the revenues from the following: (a) The public improvements, projects, or facilities that are financed by the revenue bonds; or (b) the public utility or system, or an addition or extension to the public utility or system, where the improvements, projects, or facilities financed by the revenue bonds are a portion of the public utility or system; or (c) all the revenues of the local government; or (d) any other money legally available for such purposes. As used in this subsection, the term "revenues" includes the operating revenues of a local government that result from fees, rates, charges, tariffs, or rentals imposed upon the use or availability or benefit from projects, facilities, or utilities owned or operated by the local government and from related services provided by the local government and other revenues legally available to be pledged to secure the revenue bonds.

The proportion or fixed amount of revenue so obligated shall be a lien and charge against these revenues, subject only to maintenance and operating expenses. The governing body shall have due regard for the cost of maintenance and operation of the public utility, system, improvement, project, facility, addition, or extension that generates revenues obligated to be placed into the special fund or funds from which the revenue bonds are payable, and shall not set aside into the special fund or funds a greater amount or proportion of the revenues that in its judgment will be available over and above such cost of maintenance and operation and the proportion or fixed amount, if any, of the revenue so previously pledged. Other revenues, including tax revenues, lawfully available for maintenance or operation of revenue generating facilities may be used for maintenance and operation purposes even though the facilities are acquired, constructed, expanded, replaced, or repaired with moneys arising from the sale of revenue bonds. However, the use of these other revenues for maintenance and operation purposes shall not be deemed to directly or indirectly guarantee the revenue bonds or create a general obligation. The obligation to maintain and impose fees, rates, charges, tariffs, or rentals at levels sufficient to finance maintenance and operations shall remain if the other revenues available for such purposes diminish or cease.

The governing body may also provide that revenue bonds payable out of the same source or sources of revenue may later be issued on a parity with any revenue bonds being issued and sold.

(4) A revenue bond issued by a local government shall not constitute an obligation of the state, either general or special, nor a general obligation of the local government issuing the bond, but is a special obligation of the local government issuing the bond, and the interest and principal on the bond shall only be payable from the special fund or funds established pursuant to subsection (2) of this section, the revenues lawfully pledged to the special fund or funds, and any lawfully created reserve funds. The owner of a revenue bond shall not have any claim for the payment thereof against the local government arising from the revenue bond except for payment from the special fund or funds, the revenues lawfully pledged to the special fund or funds, and any lawfully created reserve funds. The owner of a revenue bond issued by a local government shall not have any claim against the state

arising from the revenue bond. Tax revenues shall not be used directly or indirectly to secure or guarantee the payment of the principal of or interest on revenue bonds.

[(5)] The substance of the limitations included in this subsection shall be plainly printed, written, engraved, or reproduced on: (a) Each revenue bond that is a physical instrument; (b) the official notice of sale; and (c) each official statement associated with the bonds.

(6) The authority to create a fund shall include the authority to create accounts within a fund.

(7) Local governments issuing revenue bonds, payable from revenues derived from projects, facilities, or utilities, shall covenant to maintain and keep these projects, facilities, or utilities in proper operating condition for their useful life. [1986 c 168 § 1.]

*Funds for reserve purposes may be included in issue amount: RCW 39.44.140.*

**39.46.160 Revenue bonds—Alternative method of issuance—Bonds may include reserve funds.** Any local government issuing revenue bonds under this section and RCW 39.46.150 may include in the amount of any such issue money for the purpose of establishing, maintaining, or increasing reserve funds to:

- (1) Secure the payment of the principal of and interest on such revenue bonds; or
- (2) Provide for replacements or renewals of or repairs or betterments to revenue producing facilities; or
- (3) Provide for contingencies, including, but not limited to, loss of revenue caused by such contingencies. [1986 c 168 § 2.]

**Part headings not law—1999 c 153:** See note following RCW 57.04.050.

**39.50.020 Short-term obligations authorized.** Subject to any applicable budget requirements, any municipal corporation may borrow money and issue short-term obligations as provided in this chapter, the proceeds of which may be used for any lawful purpose of the municipal corporation. Short-term obligations may be issued in anticipation of the receipt of revenues, taxes, or grants or the sale of (1) general obligation bonds if the bonds may be issued without the assent of the voters or if previously ratified by the voters; (2) revenue bonds if the bonds have been authorized by ordinance; (3) local improvement district bonds if the bonds have been authorized by ordinance. These short-term obligations shall be repaid out of money derived from the source or sources in anticipation of which they were issued or from any money otherwise legally available for this purpose. **39.50.030 Issuance of short-term obligations—Procedure—Interest rate—Contracts for future sale.** (1) The issuance of short-term obligations shall be authorized by ordinance of the governing body which ordinance shall fix the maximum amount of the obligations to be issued or, if applicable, the maximum amount which may be outstanding at any time, the maximum term and interest rate or rates to be borne thereby, the manner of sale, maximum price, form including bearer or registered as provided in RCW 39.46.030, terms, conditions, and the covenants thereof. For the county and those taxing and assessment districts for which the county treasurer is the designated treasurer by law or other appointment, the county treasurer shall be notified thirty days in advance of borrowing under this chapter and will be the designated paying agent to act on its

Short-term obligations issued in anticipation of the receipt of taxes shall be paid within six months from the end of the fiscal year in which they are issued. For the purpose of this subsection, short-term obligations issued in anticipation of the sale of general obligation bonds shall not be considered to be obligations issued in anticipation of the receipt of taxes.

(2) Notwithstanding subsection (1) of this section, such short-term obligations may be issued and sold in accordance with chapter 39.46 RCW. [2001 c 299 § 17; 1995 c 38 § 9; 1994 c 301 § 13; 1985 c 71 § 1; 1983 c 167 § 112; 1982 c 216 § 4.]

**39.64.005 Short title.** This chapter may be cited as the taxing district relief act. [1935 c 143 § 1; RRS § 5608-1.]

**39.64.010 Purpose of chapter.** The purpose of this chapter is to facilitate and permit taxing districts which are unable to meet their debts either in their present amount and/or at the time they fall due, to obtain relief by the readjustment of such debts as provided for by the act of congress hereinafter referred to, by supplementing the powers of those taxing districts for which refunding of debts is provided for by existing statutes, and by providing a method of refunding of debts for those taxing districts for which no method of refunding such debts has heretofore been provided, and by other provisions appropriate to such purposes.

This chapter shall not be construed as in anywise limiting the powers of the federal courts to grant relief as provided for in said act of congress. [1935 c 143 § 2; RRS § 5608-2.]

**39.64.020 Definitions.** For the purposes of this chapter a "taxing district" is defined to be a "taxing district" as described in section 80 of chapter IX of the act of congress entitled "An act to establish a uniform system of bankruptcy

(2004 Ed.)

throughout the United States," approved July 1, 1898, as amended, to wit:

"Any municipality or other political subdivision of any state, including (but not hereby limiting the generality of the foregoing) any county, city, borough, village, parish, town, or township, unincorporated tax or special assessment district, and any school, drainage, irrigation, reclamation, levee, sewer, or paving, sanitary, port, improvement or other district (hereinafter referred to as a 'taxing district')."

Said act of congress and acts amendatory thereof and supplementary thereto, as the same may be amended from time to time, are herein referred to as the "federal bankruptcy act." [1935 c 143 § 3; RRS § 5608-3.]

**39.64.030 Exercise of powers granted.** All powers herein granted to taxing districts in state of Washington may be exercised by such districts. If a taxing district has no officers of its own, such powers may be exercised in its behalf by the officer or officers, board, council or commission having the power to contract in behalf of such district or to levy special assessments or special taxes within such district. [1935 c 143 § 4; RRS § 5608-4.]

**39.64.040 Petition in bankruptcy.** Any taxing district in the state of Washington is hereby authorized to file the petition mentioned in section 80 of chapter IX of the federal bankruptcy act. [1935 c 143 § 5; RRS § 5608-5.]

**39.64.050 Resolution of authorization.** Before the filing of any petition referred to in RCW 39.64.040, such taxing district shall adopt a resolution authorizing the filing thereof and authorizing its duly and regularly elected or appointed attorney or special counsel duly appointed for such purpose to file the same and to represent it in the proceedings with respect thereto in the competent United States district court. [1935 c 143 § 6; RRS § 5608-6.]

**39.64.060 Resolution consenting to readjustment.** No final decree or order of such United States district court confirming a plan of readjustment shall be effective for the purpose of binding such taxing district unless and until such taxing district files with such court a certified copy of a resolution of such taxing district, adopted by it or by the officer or officers, board, council or commission referred to in RCW 39.64.030, consenting to the plan of readjustment set forth or referred to in such final decree or order. [1935 c 143 § 7; RRS § 5608-7.]

**39.64.070 Plan of readjustment.** Such taxing district is hereby authorized and empowered to take any and all action necessary to carry out any plan of readjustment contemplated in said petition, or as the same may be modified from time to time, notwithstanding any other provisions of law. In case of the refunding of debts of irrigation districts, diking or drainage improvement districts, general debts of cities, or debts of other taxing districts for the refunding of which provision is already made under existing statutes, such refunding shall be had and done as provided for in such existing statutes, except that the tenor and character of the refunding bonds and the assessments levied to meet such bonds may be modified to

conform to the capacity of the taxing district, or the individual lots, tracts, or parcels of real property therein, to meet and carry the charges, both direct and contingent, against them, as found and set forth in the plan of readjustment and decree of court; and except also as such existing provisions of law may be otherwise supplemented by such plan of readjustment or the provisions of this chapter. [1935 c 143 § 8; RRS § 5608-8.]

**39.64.080 Powers under plan of readjustment.** Such taxing district shall have power to consummate the plan of readjustment, as adopted by the court's decree and approved by it as aforesaid, and if such plan, as approved by such decree, so requires, may, for such purpose, exercise any of the following powers:

(1) Cancel in whole or in part any assessments or any interest or penalties assessed thereon which may be outstanding and a lien upon any property in such taxing district, as and when such assessments are replaced by the readjusted or revised assessments provided for in the plan of readjustment approved by such decree.

(2) Issue refunding bonds to refund bonds theretofore issued by such taxing district. Such refunding bonds shall have such denominations, rates of interest and maturities as shall be provided in such plan of readjustment and shall be payable by special assessments or by general taxes, according to the nature of the taxing district, in the manner provided in such plan of readjustment and decree.

(3) Apportion and levy new assessments or taxes appropriate in time or times of payment to provide funds for the payment of principal and interest of such refunding bonds, and of all expenses incurred by such taxing district in filing the petition mentioned in RCW 39.64.040, and any and all other expenses necessary or incidental to the consummation of the plan of readjustment.

In the case of special assessment districts for the refunding of whose debts no procedure is provided by existing laws, such assessments shall be equitably apportioned and levied upon each lot, tract or parcel of real property within such taxing district, due consideration being given to the relative extent to which the original apportionments upon the various lots, tracts or parcels of real property within such taxing district have already been paid and due consideration also being given to the capacity of the respective lots, tracts or parcels of real property to carry such charges against them. Before levying or apportioning such assessment such taxing district or the officer or officers, board, council or commission mentioned in RCW 39.64.030 shall hold a hearing with reference thereto, notice of which hearing shall be published once a week for four consecutive weeks in the newspaper designated for the publication of legal notices by the legislative body of the city or town, or by the board of county commissioners of the county within which such taxing district or any part thereof is located, or in any newspaper published in the city, town or county within which such taxing district or any part thereof is located and of general circulation within such taxing district. At such hearing every owner of real property within such taxing district shall be given an opportunity to be heard with respect to the apportionment and levy of such assessment.

(4) In the case of special assessment districts, of cities or towns, provide that if any of the real property within such taxing district shall not, on foreclosure of the lien of such new assessment for delinquent assessments and penalties and interest thereon, be sold for a sufficient amount to pay such delinquent assessments, penalties and interest, or if any real property assessed was not subject to assessment, or if any assessment or installment or installments thereof shall have been eliminated by foreclosure of a tax lien or made void in any other manner, such taxing district shall cause a supplemental assessment sufficient in amount to make up such deficiency to be made on the real property within such taxing district, including real property upon which any such assessment or any installment or installments thereof shall have been so eliminated or made void. Such supplemental assessment shall be apportioned to the various lots, tracts and parcels of real property within such taxing district in proportion to the amounts apportioned thereto in the assessment originally made under such plan of readjustment.

(5) Provide that refunding bonds may, at the option of the holders thereof, be converted into warrants of such denominations and bearing such rate of interest as may be provided in the plan of readjustment, and that the new assessments mentioned in subdivision (3) and the supplemental assessments mentioned in subdivision (4) of this section may be paid in refunding bonds or warrants of such taxing district without regard to the serial numbers thereof, or in money, at the option of the person paying such assessments, such refunding bonds and warrants to be received at their par value in payment of such assessments. In such case such refunding bonds and warrants shall bear the following legend: "This bond (or warrant) shall be accepted at its face value in payment of assessments (including interest and penalties thereon) levied to pay the principal and interest of the series of bonds and warrants of which this bond (or warrant) is one without regard to the serial number appearing upon the face hereof."

(6) Provide that all sums of money already paid to the treasurer of such taxing district or other authorized officer in payment, in whole or in part, of any assessment levied by or for such taxing district or of interest or penalties thereon, shall be transferred by such treasurer or other authorized officer to a new account and made applicable to the payment of refunding bonds and warrants to be issued under such plan of readjustment.

(7) Provide that such treasurer or other authorized officer shall have authority to use funds in his possession not required for payment of current interest of such bonds and warrants, to buy such bonds and warrants in the open market through tenders or by call at the lowest prices obtainable at or below par and accrued interest, without preference of one bond or warrant over another because of its serial number, or for any other cause other than the date and hour of such tender or other offer and the amount which the owner of such bond or warrant agrees to accept for it. In such case such refunding bonds and warrants shall bear the following legend: "This bond (or warrant) may be retired by tender or by call without regard to the serial number appearing upon the face hereof."

(8) Provide that if, after the payment of all interest on refunding bonds and warrants issued under any plan of read-

justment adopted pursuant to this chapter and chapter IX of the federal bankruptcy act and the retirement of such bonds and warrants, there shall be remaining in the hands of the treasurer or other authorized officer of the taxing district which issued such bonds and warrants money applicable under the provisions of this chapter to the payment of such interest, bonds and warrants, such money shall be applied by such treasurer or other authorized officer to the maintenance, repair and replacement of the improvements originally financed by the bonds readjusted under this chapter and the federal bankruptcy act.

(9) The above enumeration of powers shall not be deemed to exclude powers not herein mentioned that may be necessary for or incidental to the accomplishment of the purposes hereof. [1935 c 143 § 9; RRS § 5608-9.]

**39.64.085 Authority of operating agencies to levy taxes.** Nothing in this chapter may be deemed to grant to any operating agency organized under chapter 43.52 RCW, or a project of any such operating agency, the authority to levy any tax or assessment not otherwise authorized by law. [1983 2nd ex.s. c 3 § 54.]

**Construction—Severability—Effective dates—1983 2nd ex.s. c 3:** See notes following RCW 82.04.255.

[1935 c 143 § 10; RRS § 5608-10.]

**\*Reviser's note:** The "effective date of this chapter" was March 21, 1935.

**39.64.900 Construction—Severability—1935 c 143.** This chapter and all its provisions shall be liberally construed to the end that the purposes hereof may be made effective. If any section, part or provision of this chapter shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of the chapter as a whole, or of any section, provision or part thereof not adjudged invalid or unconstitutional. [1935 c 143 § 11; RRS § 5608-11.]

**39.67.010 Agreements contingent on property tax levy—Authorized.** Any agreement or contract between two taxing districts other than the state which is otherwise authorized (2004 Ed.)

rized by law may be made contingent upon a particular property tax levy rate of an identified taxing district other than the state where such rate affects the regular property tax rate of one of the parties to the contract and therefore affects the party's resources with which to perform under the contract. The governing body of every taxing district that could have its tax levy adversely affected by such a contract shall be notified about the contract. [1988 c 274 § 2; 1986 c 107 § 1.]

**Purpose—Severability—1988 c 274:** See notes following RCW 84.52.010.

**Severability—1986 c 107:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1986 c 107 § 5.]

**Construction—1986 c 107 §§ 1 and 2:** "Sections 1 and 2 of this act are supplementary and in addition to any other authority granted by law and shall not be construed to limit any other law." [1986 c 107 § 6.]

**39.67.020 Transfer of funds between taxing districts.**

Any taxing district other than the state may transfer funds to another taxing district other than the state where the regular property tax levy rate of the second district may affect the regular property tax levy rate of the first district and where such transfer is part of an agreement whereby proration or reduction of property taxes is lessened or avoided. The governing body of every taxing district that could have its tax levy adversely affected by such an agreement shall be notified about the agreement. [1988 c 274 § 3; 1986 c 107 § 2.]

- 39.69.030 Application of constitutional debt limitations.
- 39.69.040 Chapter supplemental.

**39.69.010 "Municipal corporation" defined.** As used in this chapter, "municipal corporation" includes counties, cities, towns, port districts, water-sewer districts, school districts, metropolitan park districts, or such other units of local government which are authorized to issue obligations. [1999 c 153 § 53; 1987 c 19 § 1.]

A loan agreement may provide that the municipal corporation will repay the loan solely from revenues set aside into a special fund for repayment of that loan. In the case of a municipal corporation authorized to borrow money payable from taxes, and authorized to levy such taxes, the loan agreement

may provide that repayment of the loan is a general obligation of the municipal corporation, or both a general obligation and an obligation payable from revenues set aside into a special fund.

The state or federal agency making the loan shall have such rights of recovery in the event of default in payment or other breach of the loan agreement as may be provided in the loan agreement or otherwise by law. [1987 c 19 § 2.]

(C) Pay the subcontractor within eight working days after the subcontractor satisfactorily completes the remedial action identified in the notice.

*Special revenue financing: State Constitution Art. 33 § 1.*

**39.84.010 Finding and declaration of necessity.** The legislature hereby finds and declares that this state urgently needs to do the following: Promote higher employment; encourage the development of new jobs; maintain and supplement the capital investments in industry that currently exist in this state; encourage future employment by ensuring future capital investment; attract environmentally sound industry to the state; protect and enhance the quality of natural resources and the environment; and promote the production and conservation of energy. [1981 c 300 § 1.]

**39.84.020 Definitions.** As used in this chapter, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "Board of directors" means the board of directors of a public corporation.

(2) "Construction" or "construct" means construction and acquisition, whether by devise, purchase, gift, lease, or otherwise.

(3) "Facilities" means land, rights in land, buildings, structures, docks, wharves, machinery, transmission equipment, public broadcast equipment, landscaping, utilities, approaches, roadways and parking, handling and storage areas, and similar ancillary facilities.

(4) "Financing document" means a lease, sublease, installment sale agreement, conditional sale agreement, loan agreement, mortgage, deed of trust guaranty agreement, or other agreement for the purpose of providing funds to pay or secure debt service on revenue bonds.

(7) "Industrial park" means acquisition and development of land as the site for an industrial park. For the purposes of this chapter, "development of land" includes the provision of water, sewage, drainage, or similar facilities, or of transportation, energy, or communication facilities, which are incidental to the use of the site as an industrial park, but does not include the provision of structures or buildings.

(8) "Municipality" means a city, town, county, or port district of this state.

(9) "Ordinance" means any appropriate method of taking official action or adopting a legislative decision by any municipality, whether known as a resolution, ordinance, or otherwise.

(10) "Project costs" means costs of (a) acquisition, construction, and improvement of any facilities included in an industrial development facility; (b) architectural, engineering, consulting, accounting, and legal costs related directly to the development, financing, and construction of an industrial development facility, including costs of studies assessing the feasibility of an industrial development facility; (c) finance costs, including discounts, if any, the costs of issuing revenue bonds, and costs incurred in carrying out any trust agreement; (d) interest during construction and during the six months after estimated completion of construction, and capitalized debt service or repair and replacement or other appropriate reserves; (e) the refunding of any outstanding obligations incurred for any of the costs outlined in this subsection; and (f) other costs incidental to any of the costs listed in this section.

(12) "User" means one or more persons acting as lessee, purchaser, mortgagor, or borrower under a financing document and may include a party who transfers the right of use and occupancy to another party by lease, sublease, or otherwise. [1986 c 309 § 1; 1986 c 308 § 2; 1985 c 439 § 1; 1983 1st ex.s. c 51 § 1; 1981 c 300 § 2.]

**Reviser's note:** This section was amended by 1986 c 308 § 2 and by 1986 c 309 § 1, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Severability—1986 c 308:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1986 c 308 § 3.]

**39.84.030 Public corporations—Creation, dissolution.** (1) For the purpose of facilitating economic development and employment opportunities in the state of Washington through the financing of the project costs of industrial development facilities, a municipality may enact an ordinance creating a public corporation for the purposes authorized in this chapter. The ordinance creating the public corporation shall approve a charter for the public corporation containing such provisions as are authorized by and not in conflict with this chapter. Any charter issued under this chapter shall contain in substance the limitations set forth in RCW 39.84.060. In any suit, action, or proceeding involving the validity or enforcement of or relating to any contract of the public corporation, the public corporation is conclusively presumed to be established and authorized to transact business and exercise its powers under this chapter upon proof of the adoption of the ordinance creating the public corporation by the governing body. A copy of the ordinance duly certified by the clerk of the governing body of the municipality shall be admissible in evidence in any suit, action, or proceeding.

(2) A public corporation created by a municipality pursuant to this chapter may be dissolved by the municipality if the public corporation: (a) Has no property to administer, other than funds or property, if any, to be paid or transferred to the municipality by which it was established; and (b) all its outstanding obligations have been satisfied. Such a dissolution shall be accomplished by the governing body of the municipality adopting an ordinance providing for the dissolution.

(3) The creating municipality may, at its discretion and at any time, alter or change the structure, organizational programs, or activities of a public corporation, including termination of the public corporation if contracts entered into by the public corporation are not impaired. Any net earnings of a public corporation, beyond those necessary for retirement of indebtedness incurred by it, shall not inure to the benefit of any person other than the creating municipality. Upon dissolution of a public corporation, title to all property owned by the public corporation shall vest in the municipality. [1981 c 300 § 3.]

**39.84.040 Board of directors of public corporation.** The ordinance creating a public corporation shall include provisions establishing a board of directors to govern the affairs of the public corporation, what constitutes a quorum

of the board of directors, and how the public corporation shall conduct its affairs. [1981 c 300 § 4.]

**39.84.050 Public corporations—Directors—Conflicts of interest.** It shall be illegal for a director, officer, agent, or employee of a public corporation to have, directly or indirectly, any financial interest in any property to be included in or any contract for property, services, or materials to be furnished or used in connection with any industrial development facility financed through the public corporation. Violation of any provision of this section is a gross misdemeanor. [1981 c 300 § 5.]

**39.84.060 Public corporations—Limitations.** No municipality may give or lend any money or property in aid of a public corporation. The municipality that creates a public corporation shall annually review any financial statements of the public corporation and at all times shall have access to the books and records of the public corporation. No public corporation may issue revenue obligations under this chapter except upon the approval of both the municipality under the auspices of which it was created and the county, city, or town within whose planning jurisdiction the proposed industrial development facility lies. No revenue bonds may be issued pursuant to this chapter unless the board of directors of the public corporation proposing to issue revenue bonds makes a finding that in its opinion the interest paid on the bonds will be exempt from income taxation by the federal government. Revenue bonds issued by a public corporation under this chapter shall not be considered to constitute a debt of the state, of the municipality, or of any other municipal corporation, quasi municipal corporation, subdivision, or agency of this state or to pledge any or all of the faith and credit of any of these entities. The revenue bonds shall be payable solely from both the revenues derived as a result of the industrial development facilities funded by the revenue bonds, including, without limitation, amounts received under the terms of any financing document or by reason of any additional security furnished by the user of the industrial development facility in connection with the financing thereof, and money and other property received from private sources. Each revenue bond shall contain on its face statements to the effect that: (1) Neither the state, the municipality, or any other municipal corporation, quasi municipal corporation, subdivision, or agency of the state is obligated to pay the principal or the interest thereon; (2) no tax funds or governmental revenue may be used to pay the principal or interest thereon; and (3) neither any or all of the faith and credit nor the taxing power of the state, the municipality, or any other municipal corporation, quasi municipal corporation, subdivision, or agency thereof is pledged to the payment of the principal or the interest on the revenue bond. A public corporation may incur only those financial obligations which will be paid from revenues received pursuant to financing documents, from fees or charges paid by users or prospective users of the industrial development facilities funded by the revenue bonds, or from the proceeds of revenue bonds. A public corporation established under the terms of this chapter constitutes an authority and an instrumentality (within the meaning of those terms in the regulations of the United States treasury and the rulings of

the Internal Revenue Service prescribed pursuant to section 103 of the Internal Revenue Code of 1954, as amended) and may act on behalf of the municipality under whose auspices it is created for the specific public purposes authorized by this chapter. The public corporation is not a municipal corporation within the meaning of the state Constitution and the laws of the state, or a political subdivision within the meaning of the state Constitution and the laws of the state, including without limitation, Article VIII, section 7, of the Washington state Constitution. A municipality shall not delegate to a public corporation any of the municipality's attributes of sovereignty, including, without limitation, the power to tax, the power of eminent domain, and the police power. [1981 c 300 § 6.]

**39.84.070 Public corporations—Audit by state.** The finances of any public corporation are subject to examination by the state auditor's office pursuant to RCW 43.09.260. [1981 c 300 § 7.]

**39.84.080 Public corporations—Powers.** (1) A public corporation created under this chapter has the following powers with respect to industrial development facilities together with all powers incidental thereto or necessary for the performance thereof:

(a) To construct and maintain one or more industrial development facilities;

(b) To lease to a lessee all or any part of any industrial development facility for such rentals and upon such terms and conditions, including options to purchase, as its board of directors considers advisable and not in conflict with this chapter;

(c) To sell by installment contract or otherwise and convey all or any part of any industrial development facility for such purchase price and upon such terms and conditions as its board of directors considers advisable which are not in conflict with this chapter;

(d) To make secured loans for the purpose of providing temporary or permanent financing or refinancing of all or part of the project cost of any industrial development facility, including the refunding of any outstanding obligations, mortgages, or advances issued, made, or given by any person for the project costs; and to charge and collect interest on the loans for the loan payments upon such terms and conditions as its board of directors considers advisable which are not in conflict with this chapter;

(e) To issue revenue bonds for the purpose of financing all or part of the project cost of any industrial development facility and to secure the payment of the revenue bonds as provided in this chapter;

(f) As security for the payment of the principal of and interest on any revenue bonds issued and any agreements made in connection therewith, to mortgage, pledge, or otherwise encumber any or all of its industrial development facilities or any part or parts thereof, whether then owned or thereafter acquired, and to assign any mortgage and repledge any security conveyed to the public corporation, to secure any loan made by the public corporation and to pledge the revenues and receipts therefrom;

(g) To sue and be sued, complain, and defend in its corporate name;

(h) To make contracts and to execute all instruments necessary or convenient for the carrying out of its business;

(i) To have a corporate seal and to use the same by causing it, or a facsimile thereof, to be impressed or affixed or in any other manner reproduced;

(j) Subject to the limitations of RCW 39.84.060, to borrow money, accept grants from, or contract with any local, state, or federal governmental agency or with any financial, public, or private corporation;

(k) To make and alter bylaws not inconsistent with its charter for the administration and regulation of the affairs of the corporation;

(l) To collect fees or charges from users or prospective users of industrial development facilities to recover actual or anticipated administrative costs;

(m) To execute financing documents incidental to the powers enumerated in this subsection.

(2) No public corporation created under this chapter may operate any industrial development facility as a business other than as lessor, seller, or lender. The purchase and holding of mortgages, deeds of trust, or other security interests and contracting for any servicing thereof is not considered the operation of an industrial development facility.

(3) No public corporation may exercise any of the powers authorized in this section or issue any revenue bonds with respect to any industrial development facility unless the industrial development facility is located wholly within the boundaries of the municipality under whose auspices the public corporation is created or unless the industrial development facility comprises energy facilities or solid waste disposal facilities which provide energy for or dispose of solid waste from the municipality or the residents thereof. [1981 c 300 § 8.]

**39.84.090 Reporting to the department of community, trade, and economic development.** (1) Prior to issuance of any revenue bonds, each public corporation shall submit a copy of its enabling ordinance and charter, a description of any industrial development facility proposed to be undertaken, and the basis for its qualification as an industrial development facility to the department of community, trade, and economic development.

(2) If the industrial development facility is not eligible under this chapter, the department of community, trade, and economic development shall give notice to the public corporation, in writing and by certified mail, within twelve working days of receipt of the description.

(3) The department of community, trade, and economic development shall provide such advice and assistance to public corporations and municipalities which have created or may wish to create public corporations as the public corporations or municipalities request and the department of community, trade, and economic development considers appropriate. [1998 c 245 § 34; 1995 c 399 § 56; 1987 c 505 § 22; 1985 c 466 § 46; 1981 c 300 § 9.]

**Effective date—Severability—1985 c 466:** See notes following RCW 43.31.125.

*Department of community, trade, and economic development: Chapter 43.330 RCW.*

**39.84.100 Revenue bonds—Provisions.** (1) The principal of and the interest on any revenue bonds issued by a public corporation shall be payable solely from the funds provided for this payment from the revenues of the industrial development facilities funded by the revenue bonds. Each issue of revenue bonds shall be dated, shall bear interest at such rate or rates, and shall mature at such time or times as may be determined by the board of directors, and may be made redeemable before maturity at such price or prices and under such terms and conditions as may be fixed by the board of directors prior to the issuance of the revenue bonds or other revenue obligations.

(2) The board of directors shall determine the form and the manner of execution of the revenue bonds and shall fix the denomination or denominations of the revenue bonds and the place or places of payment of principal and interest. If any officer whose signature or a facsimile of whose signature appears on any revenue bonds or any coupons ceases to be an officer before the delivery of the revenue bonds, the signature shall for all purposes have the same effect as if he had remained in office until delivery. The revenue bonds may be issued in coupon or in registered form, as provided in RCW 39.46.030, or both as the board of directors may determine, and provisions may be made for the registration of any coupon revenue bonds as to the principal alone and also as to both principal and interest and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. A public corporation may sell revenue bonds at public or private sale for such price and bearing interest at such fixed or variable rate as may be determined by the board of directors.

(3) The proceeds of the revenue bonds of each issue shall be used solely for the payment of all or part of the project cost of or for the making of a loan in the amount of all or part of the project cost of the industrial development facility for which authorized and shall be disbursed in such manner and under such restrictions, if any, provided in the resolution authorizing the issuance of the revenue bonds or in the trust agreement securing the bonds. If the proceeds of the revenue bonds of any series issued with respect to the cost of any industrial development facility exceeds the cost of the industrial development facility for which issued, the surplus shall be deposited to the credit of the debt service fund for the revenue bonds or used to purchase revenue bonds in the open market.

(4) A public corporation may issue interim notes in the manner provided for the issuance of revenue bonds to fund industrial development facilities prior to issuing other revenue bonds to fund such facilities. A public corporation may issue revenue bonds to fund industrial development facilities that are exchangeable for other revenue bonds when these other revenue bonds are executed and available for delivery.

(5) The principal of and interest on any revenue bonds issued by a public corporation shall be secured by a pledge of unexpended bond proceeds and the revenues and receipts received by the public corporation from the industrial development facilities funded by the revenue bonds pursuant to financing documents. The resolution under which the revenue bonds are authorized to be issued and any financing document may contain agreements and provisions respecting the maintenance or use of the industrial development facility

covered thereby, the fixing and collection of rents, purchase price payments or loan payments, the creation and maintenance of special funds from such revenues or from revenue bond proceeds, the rights and remedies available in the event of default, and other provisions relating to the security for the bonds, all as the board of directors consider advisable which are not in conflict with this chapter.

(6) The governing body of the municipality under whose auspices the public corporation is created shall approve by resolution any agreement to issue revenue bonds adopted by a public corporation, which agreement and resolution shall set out the amount and purpose of the revenue bonds. Additionally, no issue of revenue bonds, including refunding bonds, may be sold and delivered by a public corporation without a resolution of the governing body of the municipality under whose auspices the public corporation is created, adopted no more than sixty days before the date of sale of the revenue bonds specifically, approving the resolution of the public corporation providing for the issuance of the revenue bonds.

(7) All revenue bonds issued under this chapter and any interest coupons applicable thereto are negotiable instruments within the meaning of Article 8 of the Uniform Commercial Code, Title 62A RCW, regardless of form or character.

(8) Notwithstanding subsections (1) and (2) of this section, such bonds and interim notes may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 115; 1981 c 300 § 10.]

**Liberal construction—Severability—1983 c 167:** See RCW 39.46.010 and note following.

**39.84.110 Revenue bonds—Refunding.** Each public corporation may provide by resolution for the issuance of revenue refunding bonds for the purpose of refunding any revenue bonds issued for an industrial development facility under this chapter, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption or maturity of the revenue bonds and, if considered advisable by the public corporation, for the additional purpose of financing improvements, extensions, or enlargements to the industrial development facility for another industrial development facility. The issuance of the revenue bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties, and obligations of the public corporation in respect to the same shall be governed by this chapter insofar as applicable. [1981 c 300 § 11.]

**39.84.120 Trust agreements.** Any bonds issued under this chapter may be secured by a trust agreement between the public corporation and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the state. The trust agreement may evidence a pledge or assignment of the financing documents and lease, sale, or loan revenues to be received from a lessee or purchaser of or borrower with respect to an industrial development facility for the payment of principal of and interest and any premium on the bonds as the same shall become due and payable and may provide for creation and maintenance of reserves for these purposes. A trust agreement or resolution

providing for the issuance of the revenue bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties in relation to the acquisition of property and the construction, improvement, maintenance, use, repair, operation, and insurance of the industrial development facility for which the bonds are authorized, and the custody, safeguarding, and application of all money. Any bank or trust company incorporated under the laws of the state which may act as depository of the proceeds of revenue bonds or of revenues may furnish such indemnifying bonds or pledge such securities as may be required by the corporation. A trust agreement may set forth the rights and remedies of the bondholders and of the trustee and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds and debentures of private corporations. In addition, a trust agreement may contain such provisions as the public corporation considers reasonable and proper for the security of the bondholders which are not in conflict with this chapter. [1981 c 300 § 12.]

**39.84.130 Commingling of bond proceeds or revenues with municipal funds prohibited—Exception.** No part of the proceeds received from the sale of any revenue bonds under this chapter, of any revenues derived from any industrial development facility acquired or held under this chapter, or of any interest realized on moneys received under this chapter may be commingled by the public corporation with funds of the municipality creating the public corporation. However, those funds of the public corporation, other than proceeds received from the sale of revenue bonds, that are not otherwise encumbered for the payment of revenue bonds and are not reasonably anticipated by the board of directors to be necessary for administrative expenses of the public corporation may be transferred to the creating municipality and used for growth management, planning, or other economic development purposes. [1993 c 139 § 1; 1981 c 300 § 13.]

**39.84.140 Subleases and assignments.** A lessee or contracting party under a sale contract or loan agreement shall not be required to be the eventual user of an industrial development facility if any sublessee or assignee assumes all of the obligations of the lessee or contracting party under the lease, sale contract, or loan agreement, but the lessee or contracting party or their successors shall remain primarily liable for all of its obligations under the lease, sale contract, or loan agreement and the use of the industrial development facility shall be consistent with the purposes of this chapter. [1981 c 300 § 14.]

**39.84.150 Determination of rent.** Before entering into a lease, sale contract, or loan agreement with respect to any industrial development facility, the public corporation shall determine that there are sufficient revenues to pay (1) the principal of and the interest on the revenue bonds proposed to be issued to finance the industrial development facility; (2) the amount necessary to be paid each year into any reserve funds which the public corporation considers advisable to

establish in connection with the retirement of the proposed bonds and the maintenance of the industrial development facility; and (3) unless the terms of the lease, sale contract, or loan agreement provide that the lessee or contracting party shall maintain the industrial development facility and carry all proper insurance with respect thereto, the estimated cost of maintaining the industrial development facility in good repair and keeping it properly insured. [1981 c 300 § 15.]

**39.84.160 Proceedings in the event of default.** The proceedings authorizing any revenue bonds under this chapter or any financing document securing the revenue bonds may provide that if there is a default in the payment of the principal of or the interest on the bonds or in the performance of any agreement contained in the proceedings or financing document, the payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rents, purchase price payments, and loan repayments, and to apply the revenues from the industrial development facility in accordance with the proceedings or provisions of the financing document. Any financing document entered into under this chapter to secure revenue bonds issued under this chapter may also provide that if there is a default in the payment thereof or a violation of any agreement contained in the financing document, the industrial development facility may be foreclosed and sold under proceedings in equity or in any other manner now or hereafter permitted by law. Any financing document may also provide that any trustee under the financing document or the holder of any revenue bonds secured thereby may become the purchaser at any foreclosure sale if it is the highest bidder. [1981 c 300 § 16.]

The nonprofit corporation selected for that purpose may be, without limitation, a corporation formed by the Washington public ports association.

Any nonprofit corporation selected for the purposes of this section must have tax exempt status under 26 U.S.C. Sec. 501(c)(3).

Transfers and expenditures of funds shall be deemed to be for industrial development and trade promotion as provided in Article VIII, section 8 of the Washington state Constitution.

Nothing in this chapter shall be construed to prohibit the receipt of additional public or private funds by a nonprofit corporation for the purposes described in this section. [2000 c 198 § 2.]

**39.84.200 Authority of community economic revitalization board under this chapter.** The community economic revitalization board under chapter 43.160 RCW shall have all the powers of a public corporation under this chapter.

To the extent applicable, all duties of a public corporation apply to the community economic revitalization board in exercising its powers under this chapter. [1984 c 257 § 11.]

**39.86.100 Legislative findings and policy.** The federal tax reform act of 1986 imposes an annual ceiling on the aggregate amount of federally tax-exempt private activity bonds, including bonds for housing, student loans, exempt facilities, small issue industrial, redevelopment, and certain public utility projects, that may be issued during any calendar year by or on behalf of states and their political subdivisions. In 2001, the ceiling will be increased to sixty-two dollars and fifty cents per capita and in 2002 the ceiling will be increased to seventy-five dollars per capita, to be indexed annually, for 2003 and every year thereafter. However, a study by the \*department of community development indicates that the dollar amount of the state ceiling is considerably less than the anticipated dollar amount for which issuers would need an allocation from the state ceiling. The tax reform act of 1986 provides a formula for allocating the annual ceiling among various issuers of private activity bonds within a state, but permits each state to enact a different allocation method that is appropriate to that state's needs. The purpose of this chapter is to provide a flexible and efficient method of allocating the annual state ceiling in Washington in a manner that recognizes the need of the state and its political subdivisions to finance activities or projects that satisfy a substantial public purpose. [2001 c 330 § 1; 1987 c 297 § 1.]

**\*Reviser's note:** Powers, duties, and functions of the department of community development and the department of trade and economic development were transferred to the department of community, trade, and economic development by 1993 c 280, effective July 1, 1994.

**39.86.120 Initial allocation.** (1) Except as provided in subsections (2) and (4) of this section, the initial allocation of the state ceiling shall be for each year as follows:

BOND USE CATEGORY	2001	2002 and THEREAFTER	ALTERNATIVE ALLOCATION
Housing	27.5%	30.0%	32.0%
Small Issue	24.5%	24.0%	25.0%
Exempt Facility	19.5%	19.0%	20.0%
Student Loans	14.5%	14.0%	15.0%
Public Utility	10.0%	10.0%	0.0%
Remainder and redevelopment	4.0%	3.0%	8.0%

(2) Initial allocations may be modified by the agency only to reflect an issuer's carryforward amount. Any reduction of the initial allocation shall be added to the remainder and be available for allocation or reallocation.

(3) The remainder shall be allocated by the agency among one or more issuers from any bond use category with regard to the criteria specified in RCW 39.86.130.

(4) Should any bond use category no longer be subject to the state ceiling due to federal or state provisions of law, the agency shall divide the amount of that initial allocation among the remaining categories as necessary or appropriate with regard to the criteria specified in RCW 39.86.130. Upon the earlier of: (a) Exhaustion of the seven hundred fifty million dollar authority under I.R.C. 1317(25), or any new federal legislation increasing the amount of authority, or creating additional authority; or (b) waiver of the authority described under (a) of this subsection due to alternative federal authority that does not use a state volume cap, then the alternative allocation schedule in subsection (1) of this section will be used.

(5)(a) Prior to September 1 of each calendar year, any available portion of an initial allocation may be allocated or reallocated only to an issuer within the same bond use category, except that the remainder category, or portions thereof, may be allocated at any time to any bond use category.

(b) Beginning September 1 of each calendar year, the agency may allocate or reallocate any available portion of the state ceiling to any bond use category with regard to the criteria specified in RCW 39.86.130. [2001 c 330 § 2; 1990 c 50 § 1; 1987 c 297 § 3.]

**39.86.130 Criteria.** (1) In granting an allocation, reallocation, or carryforward of the state ceiling as provided in this chapter, the agency shall consider existing state priorities

and other such criteria, including but not limited to, the following criteria:

(a) Need of issuers to issue private activity bonds within a bond use category;

(b) Amount of the state ceiling available;

(c) Public benefit and purpose to be satisfied, including economic development, educational opportunity, and public health, safety, or welfare;

(d) Cost or availability of alternative methods of financing for the project or program; and

(e) Certainty of using the allocation which is being requested.

(2) In determining whether to allocate an amount of the state ceiling to an issuer within any bond use category, the agency shall consider, but is not limited to, the following criteria for each of the bond use categories:

(a) Housing: Criteria which comply with RCW 43.180.200.

(b) Student loans: Criteria which comply with the applicable provisions of Title 28B RCW and rules adopted by the higher education coordinating board or applicable state agency dealing with student financial aid.

(c) Small issue: Recommendation by the board regarding how the amount of the state ceiling set aside for the small issue bond use category shall be allocated among issuers. Factors may include:

(i) The number of employment opportunities the project is likely to create or retain in relation to the amount of the bond issuance;

(ii) The level of unemployment existing in the geographic area likely to be affected by the project;

(iii) A commitment to providing employment opportunities to low-income persons in cooperation with the employment security department;

(iv) Geographic distribution of projects;

(v) The number of persons who will benefit from the project;

(vi) Consistency with criteria identified in subsection (1) of this section;

(vii) Order in which requests were received; and

(viii) Requirements of the board's umbrella bond program.

(d) Exempt facility or redevelopment: Factors which may include:

(i) State issuance needs;

(ii) Consistency with criteria identified in subsection (1) of this section;

(iii) Order in which requests were received;

(iv) The proportionate number of persons in relationship to the size of the community who will benefit from the project; and

(v) The unique timing and issuance needs of large scale projects that may require allocations in more than one year.

(e) Public utility: Factors which may include:

(i) Consistency with criteria identified in subsection (1) of this section; and

(ii) Timing needs for issuance of bonds over a multi-year period. [1987 c 297 § 4.]

**39.86.140 Procedure for obtaining state ceiling allocation.** (1) No issuer may receive an allocation of the state ceiling without a certificate of approval from the agency.

(2)(a) For each state ceiling allocation request, an issuer shall submit to the agency, no sooner than ninety days prior to the beginning of a calendar year for which an allocation of the state ceiling is being requested, a form identifying:

- (i) The amount of the allocation sought;
- (ii) The bond use category from which the allocation sought would be made;
- (iii) The project or program for which the allocation is requested;
- (iv) The financing schedule for which the allocation is needed; and
- (v) Any other such information required by the agency, including information which corresponds to the allocation criteria of RCW 39.86.130.

(b) Nothing in (a) of this subsection precludes a public utility issuer from filing and the agency from considering a request at such times as may be appropriate in order to meet the criteria set forth in RCW 39.86.130(2)(e)(ii).

(3) The agency may approve or deny an allocation for all or a portion of the issuer's request. Any denied request, however, shall remain on file with the agency for the remainder of the calendar year and shall be considered for receiving any allocation, reallocation, or carryforward of unused portions of the state ceiling during that period.

(4) After receiving an allocation request, the agency shall mail to the requesting issuer a written certificate of approval or notice of denial for an allocation amount, by a date no later than the latest of the following:

- (a) Forty-five days from May 8, 1987;
- (b) February 1 of the calendar year, other than 1987, for which the request is made;
- (c) Fifteen days from the date the agency receives an allocation request; or
- (d) Fifteen days from the date the agency receives a recommendation by the board with regard to a small issue allocation request, should the board choose to review individual requests.

(5)(a) For requests of the state ceiling of any calendar year, the following applies to all bond use categories except housing and student loans:

(i) Except for housing and student loans, any allocations granted prior to April 1, for which bonds have not been issued by September 1 of the same calendar year, shall revert to the agency on September 1 of the same calendar year for reallocation unless an extension or carryforward is granted;

(ii) Except for housing and student loans, any allocations granted on or after April 1, for which bonds have not been issued by December 15 of the same calendar year, shall revert to the agency on December 15 of the same calendar year for reallocation unless an extension or carryforward is granted.

(b) For each calendar year, any housing or student loan allocations, for which bonds have not been issued by December 15 of the same calendar year, shall revert to the agency on December 15 of the same calendar year for reallocation unless an extension or carryforward is granted.

(6) An extension of the deadlines provided by subsection (5) of this section may be granted by the agency for the approved allocation amount or a portion thereof, based on:

(a) Firm and convincing evidence that the bonds will be issued before the end of the calendar year if the extension is granted; and

(b) Any other criteria the agency deems appropriate.

(7) If an issuer determines that bonds subject to the state ceiling will not be issued for the project or program for which an allocation was granted, the issuer shall promptly notify the agency in writing so that the allocation may be canceled and the amount may be available for reallocation.

(8) Bonds subject to the state ceiling may be issued only to finance the project or program for which a certificate of approval is granted.

(9) Within three business days of the date that bonds for which an allocation of the state ceiling is granted have been delivered to the original purchasers, the issuer shall mail to the agency a written notification of the bond issuance. In accordance with chapter 39.44 RCW, the issuer shall also complete bond issuance information on the form provided by the agency.

(10) If the total amount of tax-exempt bonds issued for a project or program is less than the amount allocated, the remaining portion of the allocation shall revert to the agency for reallocation in accordance with the criteria in RCW 39.86.130. If the amount of tax-exempt bonds actually issued under the state ceiling is greater than the amount allocated, the entire allocation shall be disallowed. [1987 c 297 § 5.]

#### **39.86.150 Reallocation process and carryforwards.**

(1) Beginning September 1 of each calendar year, the agency may allocate or reallocate any portions of the state ceiling for which no certificate of approval is in effect. Reallocations may also be made from the remainder category at any time during the year.

(2) Prior to the end of each calendar year, the agency shall allocate or reallocate any unused portions of the state ceiling among one or more issuers as carryforward, to be used within three years, in accordance with the code and relevant criteria described in RCW 39.86.130. [1987 c 297 § 6.]

**39.86.160 Executive orders.** If federal legislation is enacted or federal regulations are promulgated which affect the state ceiling, when the legislature is not in session or is less than forty-five days from the constitutional end of session, the governor may establish by executive order an alternative system for the allocation of tax-exempt bonds under the state ceiling, effective until the legislature acts. In allocating or reallocating under this section, the governor shall take into account the requirements of federal law, the policy choices expressed in state law, and the projected needs of issuers. [1987 c 297 § 7.]

**39.86.170 Fees.** A fee schedule shall be established by rule by the agency to assist in support of bond allocation activities. Fees shall reflect costs actually incurred or expected to be incurred by the agency in its bond allocation activities. [1987 c 297 § 8.]

**39.86.180 Code amendments.** In order to permit the full use of the authorized state ceiling under federal law, the

agency may adopt rules approving any amendments made to the code after May 8, 1987. [1987 c 297 § 9.]

**39.86.190 Annual and biennial reports.** By February 1 of each year, the agency shall summarize for the legislature each previous year's bond allocation requests and issuance. Beginning in June of 1988 and thereafter in June of each even-numbered year, the agency shall also submit a biennial report summarizing usage of the bond allocation proceeds and any policy concerns for future bond allocations. [1987 c 297 § 10.]

**39.86.200 Ratification.** Any state ceiling allocations taken prior to May 8, 1987, in conformance with the code and an applicable executive order of the governor are ratified and confirmed and shall remain in full force and effect notwithstanding any other provision of this chapter. [1987 c 297 § 11.]

**39.86.905 Captions.** As used in this chapter, captions constitute no part of the law. [1987 c 297 § 15.]

**39.86.906 Severability—1987 c 297.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1987 c 297 § 14.]

**Reviser's note:** Senate Joint Resolution No. 143, amending the state Constitution to authorize the use of increased property tax revenues resulting from a public improvement for the purpose of paying obligations incurred for the improvement, was enacted during the 1982 first extraordinary session of the legislature and was submitted to the voters at the November 1982 state general election. It was defeated by a vote of 393,030 in favor and 882,194 against. A similar constitutional amendment, House Joint Resolution No. 23, was defeated at the November 1985 state general election.

**39.88.010 Declaration.** It is declared to be the public policy of the state of Washington to promote and facilitate the orderly development and economic stability of its urban areas. The provision of adequate government services and the creation of employment opportunities for the citizens within urban areas depends upon the economic growth and the strength of their tax base. The construction of necessary public improvements in accordance with local community plan-

(2004 Ed.)

ning will encourage investment in job-producing private development and will expand the public tax base.

It is the purpose of this chapter to allocate a portion of regular property taxes for limited periods of time to assist in the financing of public improvements which are needed to encourage private development of urban areas; to prevent or arrest the decay of urban areas due to the inability of existing financing methods to provide needed public improvements; to encourage local taxing districts to cooperate in the allocation of future tax revenues arising in urban areas in order to facilitate the long-term growth of their common tax base; and to encourage private investment within urban areas. [1982 1st ex.s. c 42 § 2.]

**39.88.020 Definitions.** As used in this chapter the following terms have the following meanings unless a different meaning is clearly indicated by the context:

(1) "Apportionment district" means the geographic area, within an urban area, from which regular property taxes are to be apportioned to finance a public improvement contained therein.

(2) "Assessed value of real property" means the valuation of real property as placed on the last completed assessment roll of the county.

(3) "City" means any city or town.

(4) "Ordinance" means any appropriate method of taking a legislative action by a county or city, whether known as a statute, resolution, ordinance, or otherwise.

(5) "Public improvement" means an undertaking to provide public facilities in an urban area which the sponsor has authority to provide.

(6) "Public improvement costs" means the costs of design, planning, acquisition, site preparation, construction, reconstruction, rehabilitation, improvement, and installation of the public improvement; costs of relocation, maintenance, and operation of property pending construction of the public improvement; costs of utilities relocated as a result of the public improvement; costs of financing, including interest during construction, legal and other professional services, taxes, and insurance; costs incurred by the assessor to revalue real property for the purpose of determining the tax allocation base value that are in excess of costs incurred by the assessor in accordance with his revaluation plan under chapter 84.41 RCW, and the costs of apportioning the taxes and complying with this chapter and other applicable law; and administrative costs reasonably necessary and related to these costs. These costs may include costs incurred prior to the adoption of the public improvement ordinance, but subsequent to July 10, 1982.

(7) "Public improvement ordinance" means the ordinance passed under RCW 39.88.040(4).

(8) "Regular property taxes" means regular property taxes as now or hereafter defined in RCW 84.04.140, except regular property taxes levied by port districts or public utility districts specifically for the purpose of making required payments of principal and interest on general indebtedness.

(9) "Sponsor" means any county or city initiating and undertaking a public improvement.

(10) "Tax allocation base value of real property" means the true and fair value of real property within an apportion-

ment district for the year in which the apportionment district was established.

(11) "Tax allocation bonds" means any bonds, notes, or other obligations issued by a sponsor pursuant to \*section 10 of this act.

(12) "Tax allocation revenues" means those tax revenues allocated to a sponsor under RCW 39.88.070(1)(b).

(13) "Taxing districts" means any governmental entity which levies or has levied for it regular property taxes upon real property located within a proposed or approved apportionment district.

(14) "Value of taxable property" means value of taxable property as defined in RCW 39.36.015.

(15) "Urban area" means an area in a city or located outside of a city that is characterized by intensive use of the land for the location of structures and receiving such urban services as sewers, water, and other public utilities and services normally associated with urbanized areas. Not more than twenty-five percent of the area within the urban area proposed apportionment district may be vacant land. [1982 1st ex.s. c 42 § 3.]

**\*Reviser's note:** "section 10 of this act," codified as RCW 39.88.090, deals with general obligation bonds. Tax allocation bonds are the subject of section 11 (RCW 39.88.100), which was apparently intended. The error arose in the renumbering of sections in the engrossing of amendments to Second Substitute Senate Bill No. 4603 [1982 1st ex.s. c 42].

**39.88.030 Authority—Limitations.** (1) Only public improvements which are determined by the legislative authority of the sponsor to meet the following criteria are eligible to be financed under this chapter:

(a) The public improvement is located within an urban area;

(b) The public improvement will encourage private development within the apportionment district;

(c) The public improvement will increase the fair market value of the real property located within the apportionment district;

(d) The private development which is anticipated to occur within the apportionment district as a result of the public improvement is consistent with an existing comprehensive land use plan and approved growth policies of the jurisdiction within which it is located;

(e) A public improvement located within a city has been approved by the legislative authority of such city; and

(f) A public improvement located within an urban area in an unincorporated area has been approved by the legislative authority of the county within whose boundaries the area lies.

(2) Apportionment of regular property tax revenues to finance the public improvements is subject to the following limitations:

(a) No apportionment of regular property tax revenues may take place within a previously established apportionment district where regular property taxes are still apportioned to finance public improvements without the concurrence of the sponsor which established the district;

(b) No apportionment district may be established which includes any geographic area included within a previously established apportionment district which has outstanding bonds payable in whole or in part from tax allocation revenues;

(c) The total amount of outstanding bonds payable in whole or in part from tax allocation revenues arising from property located within a city shall not exceed two percent of the value of taxable property within the city, and the total amount of outstanding bonds payable in whole or in part from tax allocation revenues arising from property located within the unincorporated areas of a county shall not exceed two percent of the value of taxable property within the entire unincorporated area of the county; and

(d) No taxes other than regular property taxes may be apportioned under this chapter.

(3) Public improvements may be undertaken and coordinated with other programs or efforts undertaken by the sponsor or others and may be funded in whole or in part from sources other than those provided by this chapter. [1982 1st ex.s. c 42 § 4.]

**39.88.040 Procedure for adoption of public improvement.** Public improvements funded by tax allocation revenues may only be located within an urban area. In order to secure an allocation of regular property taxes to finance a public improvement, a sponsor shall:

(1) Propose by ordinance a plan for the public improvement which includes a description of the contemplated public improvement, the estimated cost thereof, the boundaries of the apportionment district, the estimated period during which tax revenue apportionment is contemplated, and the ways in which the sponsor plans to use tax allocation revenues to finance the public improvement, and which sets at least three public hearings thereon before the legislative authority of the sponsor or a committee thereof: PROVIDED, That public hearings for the public improvement that is undertaken in combination or coordination by two or more sponsors may be held jointly; and public hearings, held before the legislative authority or a committee of a majority thereof may be combined with public hearings held for other purposes;

(2) At least fifteen days in advance of the hearing:

(a) Deliver notice of the hearing to all taxing districts, the county treasurer, and the county assessor, which notice includes a map or drawing showing the location of the contemplated public improvement and the boundaries of the proposed apportionment district, a brief description of the public improvement, the estimated cost thereof, the anticipated increase in property values within the apportionment district, the location of the sponsor's principal business office where it will maintain information concerning the public improvement for public inspection, and the date and place of hearing; and

(b) Post notice in at least six public places located in the proposed apportionment district and publish notice in a legal newspaper of general circulation within the sponsor's jurisdiction briefly describing the public improvement, the proposed apportionment, the boundaries of the proposed apportionment district, the location where additional information concerning the public improvement may be inspected, and the date and place of hearing;

(3) At the time and place fixed for the hearing under subsection (1) of this section, and at such times to which the hearing may be adjourned, receive and consider all statements and materials as may be submitted, and objections and letters filed before or within ten days thereafter;

(4) Within one hundred twenty days after completion of the public hearings, pass an ordinance establishing the apportionment district and authorizing the proposed public improvement, including any modifications which in the sponsor's opinion the hearings indicated should be made, which includes the boundaries of the apportionment district, a description of the public improvement, the estimated cost thereof, the portion of the estimated cost thereof to be reimbursed from tax allocation revenues, the estimated time during which regular property taxes are to be apportioned, the date upon which apportionment of the regular property taxes will commence, and a finding that the public improvement meets the conditions of RCW 39.88.030. [1982 1st ex.s. c 42 § 5.]

**39.88.050 Notice of public improvement.** Within fifteen days after enactment of the public improvement ordinance, the sponsor shall publish notice in a legal newspaper circulated within the designated apportionment district summarizing the final public improvement, including a brief description of the public improvement, the boundaries of the apportionment district, and the location where the public improvement ordinance and any other information concerning the public improvement may be inspected.

Within fifteen days after enactment of the public improvement ordinance, the sponsor shall deliver a certified copy thereof to each taxing district, the county treasurer, and the county assessor. [1982 1st ex.s. c 42 § 6.]

**39.88.060 Disagreements between taxing districts.**

(1) Any taxing district that objects to the apportionment district, the duration of the apportionment, the manner of apportionment, or the propriety of cost items established by the public improvement ordinance of the sponsor may, within thirty days after mailing of the ordinance, petition for review thereof by the state board of tax appeals. The state board of tax appeals shall meet within a reasonable time, hear all the evidence presented by the parties on matters in dispute, and determine the issues upon the evidence as may be presented to it at the hearing. The board may approve or deny the public improvement ordinance as enacted or may grant approval conditioned upon modification of the ordinance by the sponsor. The decision by the state board of tax appeals shall be final and conclusive but shall not preclude modification or discontinuation of the public improvement.

(2) If the sponsor modifies the public improvement ordinance as directed by the board, the public improvement ordinance shall be effective without further hearings or findings and shall not be subject to any further appeal. If the sponsor modifies the public improvement ordinance in a manner other than as directed by the board, the public improvement ordinance shall be subject to the procedures established pursuant to RCW 39.88.040 and 39.88.050. [1989 c 378 § 1; 1982 1st ex.s. c 42 § 7.]

**39.88.070 Apportionment of taxes.** (1) Upon the date established in the public improvement ordinance, but not sooner than the first day of the calendar year following the passage of the ordinance, the regular property taxes levied

(2004 Ed.)

upon the assessed value of real property within the apportionment district shall be divided as follows:

(a) That portion of the regular property taxes produced by the rate of tax levied each year by or for each of the taxing districts upon the tax allocation base value of real property, or upon the assessed value of real property in each year, whichever is smaller, shall be allocated to and paid to the respective taxing districts; and

(b) That portion of the regular property taxes levied each year by or for each of the taxing districts upon the assessed value of real property within an apportionment district which is in excess of the tax allocation base value of real property shall be allocated and paid to the sponsor, or the sponsor's designated agent, until all public improvement costs to be paid from the tax allocation revenues have been paid, except that the sponsor may agree to receive less than the full amount of such portion as long as bond debt service, reserve, and other bond covenant requirements are satisfied, in which case the balance of the taxes shall be allocated to the respective taxing districts as the sponsor and the taxing districts may agree.

(2) The county assessor shall revalue the real property within the apportionment district for the purpose of determining the tax allocation base value for the apportionment district and shall certify to the sponsor the tax allocation base value as soon as practicable after the assessor receives notice of the public improvement ordinance and shall certify to the sponsor the total assessed value of real property within thirty days after the property values for each succeeding year have been established, except that the assessed value of state-assessed real property within the apportionment district shall be certified as soon as the values are provided to the assessor by the department of revenue. Nothing in this section authorizes revaluations of real property by the assessor for property taxation that are not made in accordance with the assessor's revaluation plan under chapter 84.41 RCW.

(3) The date upon which the apportionment district was established shall be considered the date upon which the public improvement ordinance was enacted by the sponsor.

(4) The apportionment of regular property taxes under this section shall cease when tax allocation revenues are no longer necessary or obligated to pay public improvement costs or to pay principal of and interest on bonds issued to finance public improvement costs and payable in whole or in part from tax allocation revenues. At the time of termination of the apportionment, any excess money and any earnings thereon held by the sponsor shall be returned to the county treasurer and distributed to the taxing districts which were subject to the allocation in proportion to their regular property tax levies due for the year in which the funds are returned. [1982 1st ex.s. c 42 § 8.]

**39.88.080 Application of tax allocation revenues.** Tax allocation revenues may be applied as follows:

- (1) To pay public improvement costs;
- (2) To pay principal of and interest on, and to fund any necessary reserves for, tax allocation bonds;
- (3) To pay into bond funds established to pay the principal of and interest on general obligation bonds issued pursuant to law to finance public facilities that are specified in the

public improvement ordinance and constructed following the establishment of and within the apportionment district; or

(4) To pay any combination of the foregoing. [1982 1st ex.s. c 42 § 9.]

**39.88.090 General obligation bonds.** General obligation bonds which are issued to finance public facilities that are specified in the public improvement ordinance, and for which part or all of the principal or interest is paid by tax allocation revenues, shall be subject to the following requirements:

(1) The intent to issue such bonds and the maximum amount which the sponsor contemplates issuing are specified in the public improvement ordinance; and

(2) A statement of the intent of the sponsor to issue such bonds is included in all notices required by RCW 39.88.040 and 39.88.050.

In addition, the ordinance or resolution authorizing the issuance of such general obligation bonds shall be subject to potential referendum approval by the voters of the issuing entity when the bonds are part of the non-voter approved indebtedness limitation established pursuant to RCW 39.36.020. If the voters of the county or city issuing such bonds otherwise possess the general power of referendum on county or city matters, the ordinance or resolution shall be subject to that procedure. If the voters of the county or city issuing such bonds do not otherwise possess the general power of referendum on county or city matters, the referendum shall conform to the requirements and procedures for referendum petitions provided for code cities in RCW 35A.11.100. [1982 1st ex.s. c 42 § 10.]

**39.88.100 Tax allocation bonds.** (1) A sponsor may issue such tax allocation bonds as it may deem appropriate for the financing of public improvement costs and a reasonable bond reserve and for the refunding of any outstanding tax allocation bonds.

(2) The principal and interest of tax allocation bonds may be made payable from:

(a) Tax allocation revenues;

(b) Project revenues which may include (i) nontax income, revenues, fees, and rents from the public improvement financed with the proceeds of the bonds, or portions thereof, and (ii) contributions, grants, and nontax money available to the sponsor for payment of costs of the public improvement or the debt service of the bonds issued therefor;

(c) Any combination of the foregoing.

(3) Tax allocation bonds shall not be the general obligation of or guaranteed by all or any part of the full faith and credit of the sponsor or any other state or local government, or any tax revenues other than tax allocation revenues, and shall not be considered a debt of the sponsor or other state or local government for general indebtedness limitation purposes.

(4) The terms and conditions of tax allocation bonds may include provisions for the following matters, among others:

(a) The date of issuance, maturity date or dates, denominations, form, series, negotiability, registration, rank or priority, place of payment, interest rate or rates which may be fixed or may vary over the life of the tax allocation bonds,

bond reserve, coverage, and such other terms related to repayment of the tax allocation bonds;

(b) The application of tax allocation bond proceeds; the use, sale, or disposition of property acquired; consideration or rents and fees to be charged in the sale or lease of property acquired; consideration or rents and fees to be charged in the sale or lease of property within a public improvement; the application of rents, fees, and revenues within a public improvement; the maintenance, insurance, and replacement of property within a public improvement; other encumbrances, if any, upon all or part of property within a public improvement, then existing or thereafter acquired; and the type of debts that may be incurred;

(c) The creation of special funds; the money to be so applied; and the use and disposition of the money;

(d) The securing of the tax allocation bonds by a pledge of property and property rights, by assignment of income generated by the public improvement, or by pledging such additional specifically described resources other than tax revenues as are available to the sponsor;

(e) The terms and conditions for redemption;

(f) The replacement of lost and destroyed bond instruments;

(g) Procedures for amendment of the terms and conditions of the tax allocation bonds;

(h) The powers of a trustee to enforce covenants and take other actions in event of default; the rights, liabilities, powers, and duties arising upon the breach of any covenant, condition, or obligation; and

(i) When consistent with the terms of this chapter, such other terms, conditions, and provisions which may make the tax allocation bonds more marketable and further the purposes of this chapter.

(5) Tax allocation bonds may be issued and sold in such manner as the legislative authority of the sponsor shall determine.

(6) The sponsor may also issue or incur obligations in anticipation of the receipt of tax allocation bond proceeds or other money available to pay public improvement costs. [1982 1st ex.s. c 42 § 11.]

**39.88.110 Legal investments.** Tax allocation bonds authorized in this chapter shall be legal investments for any of the funds of the state and of municipal corporations, for trustees, and for other fiduciaries. [1982 1st ex.s. c 42 § 13.]

**39.88.120 Notice to state.** Whenever notice is required to be given to the state, notice shall be given to the director of revenue. [1982 1st ex.s. c 42 § 14.]

**39.88.130 Conclusive presumption of validity.** No direct or collateral attack on any public improvement, public improvement ordinance, or apportionment district purported to be authorized or created in conformance with applicable legal requirements, including the requirements of this chapter, may be commenced more than thirty days after publication of notice as required by RCW 39.88.050. [1982 1st ex.s. c 42 § 15.]

**39.88.900 Supplemental nature of chapter.** This chapter supplements and neither restricts nor limits any powers which the state or any municipal corporation might otherwise have under any laws of this state. [1982 1st ex.s. c 42 § 16.]

**39.88.905 Short title.** This chapter may be known and cited as the Community Redevelopment Financing Act of 1982. [1982 1st ex.s. c 42 § 1.]

**39.88.910 Captions not part of law—1982 1st ex.s. c 42.** As used in this act, captions constitute no part of the law. [1982 1st ex.s. c 42 § 17.]

**39.88.915 Severability—1982 1st ex.s. c 42.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1982 1st ex.s. c 42 § 18.]

**39.89.010 Declaration—Purpose.** (1) It is declared to be the public policy of the state of Washington to promote and facilitate the orderly development and economic stability of its communities. Local governments need the ability to raise revenue to finance public improvements that are designed to encourage economic growth and development in geographic areas characterized by high levels of unemployment and stagnate employment and income growth. The construction of necessary public improvements in accordance with local economic development plans will encourage investment in job-producing private development and expand the public tax base.

(2) It is the purpose of this chapter:

(a) To encourage taxing districts to cooperate in the allocation of future tax revenues that are used to finance public improvements designed to encourage private development in selected areas, in particular in those local governments that are located adjacent to another state or international border;

(b) To assist those local governments that have a competitive disadvantage in its ability to attract business, private investment, or commercial development due to its location near a state or international border; and

(c) To prevent or arrest the decay of selected areas due to the inability of existing financial methods to provide needed public improvements, and to encourage private investment

designed to promote and facilitate the orderly redevelopment of selected areas. [2001 c 212 § 1.]

**39.89.020 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(7) "Tax allocation base value" means the true and fair value of real property located within an increment area for taxes imposed in the year in which the increment area is created, plus twenty-five percent of any increase in the true and fair value of real property located within an increment area that is placed on the assessment rolls after the increment area is created.

(8) "Tax allocation revenues" means those tax revenues derived from the imposition of regular property taxes on the increment value and distributed to finance public improvements.

(12) "Value of taxable property" means the value of the taxable property as defined in RCW 39.36.015. [2001 c 212 § 2.]

**39.89.030 Authority—Conditions.** A local government may finance public improvements using community revitalization financing subject to the following conditions:

(1) The local government adopts an ordinance designating an increment area within its boundaries and specifying the public improvements proposed to be financed in whole or in part with the use of community revitalization financing;

(2) The public improvements proposed to be financed in whole or in part using community revitalization financing are expected to encourage private development within the increment area and to increase the fair market value of real property within the increment area;

(3) Private development that is anticipated to occur within the increment area, as a result of the public improvements, will be consistent with the countywide planning policy adopted by the county under RCW 36.70A.210 and the local government's comprehensive plan and development regulations adopted under chapter 36.70A RCW;

(4) Taxing districts, in the aggregate, that levy at least seventy-five percent of the regular property tax within which the increment area is located approves the community revitalization financing of the project under RCW 39.89.050(1); and

(5) In an increment area that includes any portion of a fire protection district as defined in Title 52 RCW, the fire protection district must agree to participate in the community revitalization financing of the project under chapter 212, Laws of 2001, for the project to proceed. Approval by the fire protection district shall be considered as part of the required

participation by taxing districts under subsection (4) of this section. [2002 c 12 § 1; 2001 c 212 § 3.]

**39.89.040 Coordination with other programs—Improvements by private developer must meet applicable state and local laws.** (1) Public improvements that are financed with community revitalization financing may be undertaken and coordinated with other programs or efforts undertaken by the local government and other taxing districts and may be funded in part from revenue sources other than community revitalization financing.

(2) Public improvements that are constructed by a private developer must meet all applicable state and local laws. [2002 c 12 § 2; 2001 c 212 § 4.]

**39.89.050 Procedure for creating increment area.** Before adopting an ordinance creating the increment area, a local government must:

(1) Obtain written agreement for the use of community revitalization financing to finance all or a portion of the costs of the designated public improvements from taxing districts that, in the aggregate, levy at least seventy-five percent of the regular property tax on property within the increment area. A signed, written agreement from taxing districts that in the aggregate levy at least seventy-five percent of the regular property tax within the increment area, constitutes concurrence by all taxing districts in the increment area in the public improvement and participation in the public improvement to the extent of providing limited funding under community revitalization financing authorized under this chapter. The agreement must be authorized by the governing body of taxing districts that in the aggregate levy at least seventy-five percent of the regular property tax on property within the increment area;

(2) Hold a public hearing on the proposed financing of the public improvement in whole or in part with community revitalization financing. Notice of the public hearing must be published in a legal newspaper of general circulation within the proposed increment area at least ten days before the public hearing and posted in at least six conspicuous public places located in the proposed increment area. Notices must describe the contemplated public improvements, estimate the costs of the public improvements, describe the portion of the costs of the public improvements to be borne by community revitalization financing, describe any other sources of revenue to finance the public improvements, describe the boundaries of the proposed increment area, and estimate the period during which community revitalization financing is contemplated to be used. The public hearing may be held by either the governing body of the local government, or a committee of the governing body that includes at least a majority of the whole governing body; and

(3) Adopt an ordinance establishing the increment area that describes the public improvements, describes the boundaries of the increment area, estimates the cost of the public improvements and the portion of these costs to be financed by community revitalization financing, estimates the time during which regular property taxes are to be apportioned, provides the date when the apportionment of the regular property

taxes will commence, and finds that the conditions of RCW 39.89.030 are met. [2001 c 212 § 5.]

**39.89.060 Public notice—Notice to officials.** The local government shall:

(1) Publish notice in a legal newspaper of general circulation within the increment area that describes the public improvement, describes the boundaries of the increment area, and identifies the location and times where the ordinance and other public information concerning the public improvement may be inspected; and

(2) Deliver a certified copy of the ordinance to the county treasurer, the county assessor, and the governing body of each taxing district within which the increment area is located. [2001 c 212 § 6.]

**39.89.070 Apportionment of taxes.** (1) Commencing in the calendar year following the passage of the ordinance, the county treasurer shall distribute receipts from regular taxes imposed on real property located in the increment area as follows:

(a) Each taxing district shall receive that portion of its regular property taxes produced by the rate of tax levied by or for the taxing district on the tax allocation base value for that community revitalization financing project in the taxing district, or upon the total assessed value of real property in the taxing district, whichever is smaller; and

(b) The local government that created the increment area shall receive an additional portion of the regular property taxes levied by or for each taxing district upon the increment value within the increment area. However, the local government that created the increment area may agree to receive less than the full amount of this portion as long as bond debt service, reserve, and other bond covenant requirements are satisfied, in which case the balance of these tax receipts shall be allocated to the taxing districts that imposed regular property taxes, or have regular property taxes imposed for them, in the increment area for collection that year in proportion to their regular tax levy rates for collection that year. The local government may request that the treasurer transfer this additional portion of the property taxes to its designated agent. The portion of the tax receipts distributed to the local government or its agent under this subsection (1)(b) may only be expended to finance public improvement costs associated with the public improvements financed in whole or in part by community revitalization financing.

(2) The county assessor shall allocate twenty-five percent of any increased real property value occurring in the increment area to the tax allocation base value and seventy-five percent to the increment value. This section does not authorize revaluations of real property by the assessor for property taxation that are not made in accordance with the assessor's revaluation plan under chapter 84.41 RCW or under other authorized revaluation procedures.

(3) The apportionment of increases in assessed valuation in an increment area, and the associated distribution to the local government of receipts from regular property taxes that are imposed on the increment value, must cease when tax allocation revenues are no longer necessary or obligated to pay the costs of the public improvements. Any excess tax

(2004 Ed.)

allocation revenues and earnings on the tax allocation revenues remaining at the time the apportionment of tax receipts terminates must be returned to the county treasurer and distributed to the taxing districts that imposed regular property taxes, or had regular property taxes imposed for it, in the increment area for collection that year, in proportion to the rates of their regular property tax levies for collection that year. [2001 c 212 § 7.]

**39.89.080 General indebtedness—Security.** (1) A local government designating an increment area and authorizing the use of community revitalization financing may incur general indebtedness, and issue general obligation bonds, to finance the public improvements and retire the indebtedness in whole or in part from tax allocation revenues it receives, subject to the following requirements:

(a) The ordinance adopted by the local government creating the increment area and authorizing the use of community revitalization financing indicates an intent to incur this indebtedness and the maximum amount of this indebtedness that is contemplated; and

(b) The local government includes this statement of the intent in all notices required by RCW 39.89.050.

(2) The general indebtedness incurred under subsection (1) of this section may be payable from other tax revenues, the full faith and credit of the local government, and nontax income, revenues, fees, and rents from the public improvements, as well as contributions, grants, and nontax money available to the local government for payment of costs of the public improvements or associated debt service on the general indebtedness.

(3) In addition to the requirements in subsection (1) of this section, a local government designating an increment area and authorizing the use of community revitalization financing may require the nonpublic participant to provide adequate security to protect the public investment in the public improvement within the increment area. [2001 c 212 § 8.]

**39.89.090 Conclusive presumption of validity.** A direct or collateral attack on a public improvement, public improvement ordinance, or increment area purported to be authorized or created in conformance with applicable legal requirements, including this chapter, may not be commenced more than thirty days after publication of notice as required by RCW 39.89.060. [2001 c 212 § 9.]

**39.89.100 Revenue bonds.** (1) A local government may issue revenue bonds to fund revenue-generating public improvements, or portions of public improvements, that are located within an increment area and that it is authorized to provide or operate. Whenever revenue bonds are to be issued, the legislative authority of the local government shall create or have created a special fund or funds from which, along with any reserves created pursuant to RCW 39.44.140, the principal and interest on these revenue bonds shall exclusively be payable. The legislative authority of the local government may obligate the local government to set aside and pay into the special fund or funds a fixed proportion or a fixed amount of the revenues from the public improvements that are funded by the revenue bonds. This amount or proportion

is a lien and charge against these revenues, subject only to operating and maintenance expenses. The local government shall have due regard for the cost of operation and maintenance of the public improvements that are funded by the revenue bonds, and shall not set aside into the special fund or funds a greater amount or proportion of the revenues that in its judgment will be available over and above the cost of maintenance and operation and the amount or proportion, if any, of the revenue previously pledged. The local government may also provide that revenue bonds payable out of the same source or sources of revenue may later be issued on a parity with any revenue bonds being issued and sold.

(2) Revenue bonds issued pursuant to this section are not an indebtedness of the local government issuing the bonds, and the interest and principal on the bonds shall only be payable from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created pursuant to RCW 39.44.140. The owner or bearer of a revenue bond or any interest coupon issued pursuant to this section shall not have any claim against the local government arising from the bond or coupon except for payment from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created pursuant to RCW 39.44.140. The substance of the limitations included in this subsection shall be plainly printed, written, or engraved on each bond issued pursuant to this section.

(3) Revenue bonds with a maturity in excess of thirty years shall not be issued. The legislative authority of the local government shall by resolution determine for each revenue bond issue the amount, date, form, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, manner of execution, manner of sale, callable provisions, if any, and covenants including the refunding of existing revenue bonds. Facsimile signatures may be used on the bonds and any coupons. Refunding revenue bonds may be issued in the same manner as revenue bonds are issued. [2002 c 12 § 3.]

**39.89.900 Supplemental nature of chapter.** This chapter supplements and neither restricts nor limits any powers which the state or any local government might otherwise have under any laws of this state. [2001 c 212 § 10.]

**39.89.902 Severability—2001 c 212.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [2001 c 212 § 31.]

**39.92.010 Purpose.** The legislature finds that there is an increasing need for local and regional transportation improvements as the result of both existing demands and the foreseeable future demands from economic growth and development within the state, including residential, commercial, and industrial development.

The legislature intends with this chapter to enable local governments to develop and adopt programs for the purpose of jointly funding, from public and private sources, transportation improvements necessitated in whole or in part by economic development and growth within their respective jurisdictions. The programs should provide a fair and predictable method for allocating the cost of necessary transportation improvements between the public and private sectors. The programs should include consideration of public transportation as a method of reducing off-site transportation impacts from development. The legislature finds that the private funds authorized to be collected pursuant to this chapter are for the purpose of mitigating the impacts of development and are not taxes. The state shall encourage and give priority to the state funding of local and regional transportation improvements that are funded in part by local, public, and private funds.

The authority provided by this chapter, RCW 35.43.182 through 35.43.188, and 36.88.072 through 36.88.078 for local governments to create and implement local transportation programs is intended to be supplemental, except as

expressly provided in RCW 39.92.030(9), 82.02.020, and 36.73.120, to the existing authorities and responsibilities of local governments to regulate development and provide public facilities. [1988 c 179 § 1.]

**39.92.020 Definitions.** The definitions set forth in this section apply throughout this chapter.

(1) "Developer" means an individual, group of individuals, partnership, corporation, association, municipal corporation, state agency, or other person undertaking development and their successors and assigns.

(2) "Development" means the subdivision or short platting of land or the construction or reconstruction of residential, commercial, industrial, public, or any other building, building space, or land.

(3) "Direct result of the proposed development" means those quantifiable transportation impacts that are caused by vehicles or pedestrians whose trip origin or destination is the proposed development.

(4) "Local government" means all counties, cities, and towns in the state of Washington and transportation benefit districts created pursuant to chapter 36.73 RCW.

(5) "Off-site transportation improvements" means those transportation capital improvements designated in the local plan adopted under this chapter that are authorized to be undertaken by local government and that serve the transportation needs of more than one development.

(6) "Transportation impact fee" means a monetary charge imposed on new development for the purpose of mitigating off-site transportation impacts that are a direct result of the proposed development.

(7) "Fair market value" means the price in terms of money that a property will bring in a competitive and open market under all conditions of a fair sale, the buyer and seller each prudently knowledgeable, and assuming the price is not affected by undue stimulus, measured at the time of the dedication to local government of land or improved transportation facilities. [1988 c 179 § 2.]

**39.92.030 Local programs authorized.** Local governments may develop and adopt programs for the purpose of jointly funding, from public and private sources, transportation improvements necessitated in whole or in part by economic development and growth within their respective jurisdictions. Local governments shall adopt the programs by ordinance after notice and public hearing. Each program shall contain the elements described in this section.

(1) The program shall identify the geographic boundaries of the entire area or areas generally benefited by the proposed off-site transportation improvements and within which transportation impact fees will be imposed under this chapter.

(2) The program shall be based on an adopted comprehensive, long-term transportation plan identifying the proposed off-site transportation improvements reasonable and necessary to meet the future growth needs of the designated plan area and intended to be covered by this joint funding program, including acquisition of right of way, construction and reconstruction of all major and minor arterials and intersection improvements, and identifying design standards, levels of service, capacities, and costs applicable to the program.

The program shall also indicate how the transportation plan is coordinated with applicable transportation plans for the region and for adjacent jurisdictions. The program shall also indicate how public transportation and ride-sharing improvements and services will be used to reduce off-site transportation impacts from development.

(3) The program shall include at least a six-year capital funding program, updated annually, identifying the specific public sources and amounts of revenue necessary to pay for that portion of the cost of all off-site transportation improvements contained in the transportation plan that will not foreseeably be funded by transportation impact fees. The program shall include a proposed schedule for construction and expenditures of funds. The funding plan shall consider the additional local tax revenue estimated to be generated by new development within the plan area if all or a portion of the additional revenue is proposed to be earmarked as future appropriations for such off-site transportation improvements.

(4) The program shall authorize transportation impact fees to be imposed on new development within the plan area for the purpose of providing a portion of the funding for reasonable and necessary off-site transportation improvements to solve the cumulative impacts of planned growth and development in the plan area. Off-site transportation impacts shall be measured as a pro rata share of the capacity of the off-site transportation improvements being funded under the program. The fees shall not exceed the amount that the local government can demonstrate is reasonably necessary as a direct result of the proposed development.

(5) The program shall provide that the funds collected as a result of a particular new development shall be used in substantial part to pay for improvements mitigating the impacts of the development or be refunded to the property owners of record. Fees paid toward more than one transportation improvement may be pooled and expended on any one of the improvements mitigating the impact of the development. The funds shall be expended in all cases within six years of collection by the local government or the unexpended funds shall be refunded.

(6) The program shall also describe the formula, timing, security, credits, and other terms and conditions affecting the amount and method of payment of the transportation impact fees as further provided for in RCW 39.92.040. In calculating the amount of the fee, local government shall consider and give credit for the developer's participation in public transportation and ride-sharing improvements and services.

(7) The administrative element of the program shall include: An opportunity for administrative appeal by the developer and hearing before an independent examiner of the amount of the transportation impact fee imposed; establishment of a designated account for the public and private funds appropriated or collected for the transportation improvements identified in the plan; methods to enforce collection of the public and private funds identified in the program; designation of the administrative departments or other entities responsible for administering the program, including determination of fee amounts, transportation planning, and construction; and provisions for future amendment of the program including the addition of other off-site transportation improvements. The program shall not be amended in a man-

ner to relieve local government of any contractual obligations made to prior developers.

(8) The program shall provide that private transportation impact fees shall not be collected for any off-site transportation improvement that is incapable of being reasonably carried out because of lack of public funds or other foreseeable impediment.

(9) The program shall provide that no transportation impact fee may be imposed on a development by local government pursuant to this program when mitigation of the same off-site transportation impacts for the development is being required by any government agency pursuant to any other local, state, or federal law. [1988 c 179 § 3.]

**39.92.040 Transportation impact fee.** The program shall describe the formula or method for calculating the amount of the transportation impact fees to be imposed on new development within the plan area. The program may require developers to pay a transportation impact fee for off-site transportation improvements not yet constructed and for those jointly-funded improvements constructed since the commencement of the program.

The program shall define the event in the development approval process that triggers a determination of the amount of the transportation impact fees and the event that triggers the obligation to make actual payment of the fees. However, the payment obligation shall not commence before the date the developer has obtained a building permit for the new development or, in the case of residential subdivisions or short plats, at the time of final plat approval, at the developer's option. If the developer of a residential subdivision or short plat elects to pay the fee at the date a building permit has been obtained, the option to pay the transportation impact fee by installments as authorized by this section is deemed to have been waived by the developer. The developer shall be given the option to pay the transportation impact fee in a lump sum, without interest, or by installment with reasonable interest over a period of five years or more as specified by the local government.

The local government shall require security for the obligation to pay the transportation impact fee, in the form of a recorded agreement, deed of trust, letter of credit, or other instrument determined satisfactory by the local government. The developer shall also be given credit against its obligations for the transportation impact fee, for the fair market value of off-site land and/or the cost of constructing off-site transportation improvements dedicated to the local government. If the value of the dedication exceeds the amount of transportation impact fee obligation, the developer is entitled to reimbursement from transportation impact fees attributable to the dedicated improvements and paid by subsequent developers within the plan area.

Payment of the transportation impact fee entitles the developer and its successors and assigns to credit against any other fee, local improvement district assessment, or other monetary imposition made specifically for the designated off-site transportation improvements intended to be covered by the transportation impact fee imposed pursuant to this program. The program shall also define the criteria for establishing periodic fee increases attributable to construction and

related cost increases for the improvements designated in the program. [1989 c 296 § 1; 1988 c 179 § 4.]

**39.92.050 Interlocal cooperation—Consistency and assistance.** Local governments are authorized and encouraged to enter into interlocal agreements to jointly develop and adopt with other local governments the transportation programs authorized by this chapter for the purpose of accomplishing regional transportation planning and development. Local governments shall also seek, to the greatest degree practicable, consistency among jurisdictions in the terms and conditions of their programs for the purpose of increasing fairness and predictability on a regional basis. Local governments shall seek comment, in the development of their programs, from other affected local governments, state agencies, and governments authorized to perform public transportation functions. Local governments are also encouraged to enter into interlocal agreements to provide technical assistance to each other, in return for reasonable reimbursement, for the purpose of developing and implementing such transportation programs. [1988 c 179 § 5.]

**39.92.900 Severability—Prospective application—1988 c 179.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. This act is intended to be prospective, not retroactive, in its application. [1988 c 179 § 17.]

**39.92.901 Section captions—1988 c 179.** Section captions used in this act do not constitute any part of the law. [1988 c 179 § 18.]

**39.94.010 Purposes—Construction.** The purposes of this chapter are to confirm the authority of the state, its agencies, departments, and instrumentalities, the state board for community and technical colleges, and the state institutions of higher education to enter into contracts for the acquisition of real and personal property which provide for payments over a term of more than one year and to exclude such contracts from the computation of indebtedness under RCW 39.42.060 and Article VIII, section 1 of the state Constitution. It is further the purpose of this chapter to permit the state, its agencies, departments, and instrumentalities, the state board for community and technical colleges, and the state institutions of higher education to enter into financing contracts which make provision for the issuance of certificates of participation and other financing structures. Financ-

ing contracts of the state, whether or not entered into under this chapter, shall be subject to approval by the state finance committee except as provided in this chapter.

This chapter shall be liberally construed to effect its purposes. [1998 c 291 § 2; 1989 c 356 § 1.]

**Application—1998 c 291:** See note following RCW 39.94.050.

**39.94.020 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Credit enhancement" includes insurance, letters of credit, lines of credit, or other similar agreements which enhance the security for the payment of the state's or an other agency's obligations under financing contracts.

(2) "Financing contract" means any contract entered into by the state for itself or on behalf of an other agency which provides for the use and purchase of real or personal property by the state and provides for payment by the state over a term of more than one year, and which provides that title to the subject property may secure performance of the state or transfer to the state or an other agency by the end of the term, upon exercise of an option, for a nominal amount or for a price determined without reference to fair market value. Financing contracts shall include, but not be limited to, conditional sales contracts, financing leases, lease purchase contracts, or refinancing contracts, but shall not include operating or true leases. For purposes of this chapter, the term "financing contract" shall not include any nonrecourse financing contract or other obligation payable only from money or other property received from private sources and not payable from any public money or property. The term "financing contract" shall include a "master financing contract."

(3) "Master financing contract" means a financing contract which provides for the use and purchase of property by the state, and which may include more than one financing contract and appropriation.

(4) "Other agency" means any commission established under Title 15 RCW, a library or regional library, an educational service district, the superintendent of public instruction, the school directors' association, a health district, or any county, city, town, school district, or other municipal corporation or quasi-municipal corporation described as such by statute.

(5) "State" means the state, agency, department, or instrumentality of the state, the state board for community and technical colleges, and any state institution of higher education.

(6) "State finance committee" means the state finance committee under chapter 43.33 RCW.

**Application—1998 c 291:** See note following RCW 39.94.050.

**39.94.030 Authority to enter into financing contracts—Terms—Intent—Obligation of state revenues.**

(1) The state may enter into financing contracts for itself or on behalf of an other agency for the use and acquisition for public purposes of real and personal property. Payments under financing contracts of the state shall be made by the

state from currently appropriated funds or funds not constituting "general state revenues" as defined in Article VIII, section 1 of the state Constitution. Except as provided in subsection (4)(b) of this section, payments under financing contracts of the state on behalf of any other agency shall be made solely from the sources identified in the financing contract, which may not obligate general state revenues as defined in Article VII, section 1 of the state Constitution. The treasurer of an other agency shall remit payments under financing contracts to the office of the state treasurer or to the state treasurer's designee. In the event of any deficiency of payments by an other agency under a financing contract, the treasurer of the other agency shall transfer any legally available funds of the other agency in satisfaction of the other agency's obligations under the financing contract if such funds have been obligated by the other agency under the financing contract and, if such deficiency is not thereby cured, the office of the state treasurer is directed to withdraw from that agency's share of state revenues for distribution or other money an amount sufficient to fulfill the terms and conditions of the financing contract. The term of any financing contract shall not exceed thirty years or the remaining useful life of the property, whichever is shorter. Financing contracts may include other terms and conditions agreed upon by the parties.

(2) The state for itself or on behalf of an other agency may enter into contracts for credit enhancement, which shall limit the recourse of the provider of credit enhancement solely to the security provided under the financing contract secured by the credit enhancement.

The security interest may be perfected as provided by the uniform commercial code - secured transactions, or otherwise as provided by law for perfecting liens on real estate. Other terms and conditions may be included as agreed upon by the parties.

(4)(a) Except under (b) of this subsection, financing contracts and contracts for credit enhancement entered into under the limitations set forth in this chapter shall not constitute a debt or the contracting of indebtedness under RCW 39.42.060 or any other law limiting debt of the state. It is the intent of the legislature that such contracts also shall not constitute a debt or the contracting of indebtedness under Article VIII, section 1 of the state Constitution. Certificates of participation in payments to be made under financing contracts also shall not constitute a debt or the contracting of an indebtedness under RCW 39.42.060 if payment is conditioned upon payment by the state under the financing contract with respect to which the same relates. It is the intent of the legislature that such certificates also shall not constitute a debt or the contracting of indebtedness under Article VIII, section 1 of the state Constitution if payment of the certificates is conditioned upon payment by the state under the financing contract with respect to which those certificates relate.

(b) A financing contract made by the state on behalf of an other agency may be secured by the pledge of revenues of the other agency or other agency's full faith and credit or may, at the option of the state finance committee, include a contingent obligation by the state for payment under such financing contract. [1998 c 291 § 4; 1989 c 356 § 3.]

**Application—1998 c 291:** See note following RCW 39.94.050.

**39.94.040 State finance committee—Duties—Legislative approval required, when.** (1) Except as provided in RCW 28B.10.022, the state may not enter into any financing contract for itself if the aggregate principal amount payable thereunder is greater than an amount to be established from time to time by the state finance committee or participate in a program providing for the issuance of certificates of participation, including any contract for credit enhancement, without the prior approval of the state finance committee. Except as provided in RCW 28B.10.022, the state finance committee shall approve the form of all financing contracts or a standard format for all financing contracts. The state finance committee also may:

(a) Consolidate existing or potential financing contracts into master financing contracts with respect to property acquired by one or more agencies, departments, instrumentalities of the state, the state board for community and technical colleges, or a state institution of higher learning; or to be acquired by an other agency;

(b) Approve programs providing for the issuance of certificates of participation in master financing contracts for the state or for other agencies;

(c) Enter into agreements with trustees relating to master financing contracts; and

(d) Make appropriate rules for the performance of its duties under this chapter.

(2) In the performance of its duties under this chapter, the state finance committee may consult with representatives from the department of general administration, the office of financial management, and the department of information services.

(3) With the approval of the state finance committee, the state also may enter into agreements with trustees relating to financing contracts and the issuance of certificates of participation.

(4) Except for financing contracts for real property used for the purposes described under chapter 28B.140 RCW, the state may not enter into any financing contract for real property of the state without prior approval of the legislature.

(5) The state may not enter into any financing contract on behalf of an other agency without the approval of such a financing contract by the governing body of the other agency. [2003 c 6 § 2; 2002 c 151 § 6; 1998 c 291 § 5; 1989 c 356 § 4.]

**Application—1998 c 291:** See note following RCW 39.94.050.

**39.94.050 Financing program to be self-supporting—Payment of program expenses.** (1) It is the intent of the legislature that the financing program authorized by this chapter be self-supporting.

(2) The state treasurer is authorized to levy fees and apply specified investment earnings from time to time in amounts not to exceed sums sufficient to pay program expenses including, but not limited to, costs of issuance, and to create reserves to assure timely payment of financing contracts. The investment earnings available for this purpose represent the earnings on payments received from state and other agencies. [1998 c 291 § 1.]

**Application—1998 c 291:** "Chapter 291, Laws of 1998 is applicable to an other agency, as defined in RCW 39.94.020, for the financing of equipment on September 1, 1998, and for the financing of real estate on July 1, 2000." [1998 c 291 § 6.]

**39.94.900 Application.** The provisions of this chapter shall apply to all financing contracts entered into following July 23, 1989. [1989 c 356 § 5.]

**39.96.010 Findings and declaration.** The legislature finds and declares that the issuance by state and local governments of bonds and other obligations involves exposure to changes in interest rates; that a number of financial instruments are available to lower the net cost of these borrowings, or to reduce the exposure of state and local governments to changes in interest rates; that these reduced costs for state and local governments will benefit taxpayers and ratepayers; and that the legislature desires to provide state and local governments with express statutory authority to take advantage of these instruments. In recognition of the complexity of these financial instruments, the legislature desires that this authority be subject to certain limitations. [2004 c 108 § 1; 2000 c 184 § 1; 1995 c 192 § 1; 1993 c 273 § 1.]

**Effective date—2000 c 184:** "This act takes effect July 1, 2000." [2000 c 184 § 7.]

**Effective date—1995 c 192:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1995." [1995 c 192 § 3.]

**39.96.020 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Financial advisor" means a financial services or financial advisory firm:

(a) With recognized knowledge and experience in connection with the negotiation and execution of payment agreements;

(b) That is acting solely as financial advisor to the governmental entity in connection with the execution of the payment agreement and the issuance or incurring of any related obligations, and not as a principal, placement agent, purchaser, underwriter, or other similar party, and that does not control, nor is it controlled by or under common control with, any such party;

(c) That is compensated for its services in connection with the execution of payment agreements, either directly or indirectly, solely by the governmental entity; and

(2004 Ed.)

(2) "Governmental entity" means state government or local government.

(3) "Local government" means any city, county, city transportation authority, regional transit authority established under chapter 81.112 RCW, port district, public hospital district, or public utility district, or any joint operating agency formed under RCW 43.52.360, that has or will have outstanding obligations in an aggregate principal amount of at least one hundred million dollars as of the date a payment agreement is executed or is scheduled by its terms to commence or had at least one hundred million dollars in gross revenues during the preceding calendar year.

(4) "Obligations" means bonds, notes, bond anticipation notes, commercial paper, or other obligations for borrowed money, or lease, installment purchase, or other similar financing agreements or certificates of participation in such agreements.

[2004 c 108 § 2; 2003 c 47 § 1; 1993 c 273 § 2.]

**39.96.030 Payment agreements authorized—Conditions.** (1) Subject to subsections (2) and (3) of this section, any governmental entity may enter into a payment agreement in connection with, or incidental to, the issuance, incurring, or carrying of specific obligations, for the purpose of managing or reducing the governmental entity's exposure to fluctuations or levels of interest rates. No governmental entity may carry on a business of acting as a dealer in payment agreements. Nothing in this chapter shall be construed to provide governmental entities with separate or additional authority to invest funds or moneys relating to or held in connection with any obligations.

(2) No governmental entity may enter into a payment agreement under this chapter unless it first:

(a) Finds and determines, by ordinance or resolution, that the payment agreement, if fully performed by all parties thereto, will (i) reduce the amount or duration of its exposure to changes in interest rates; or (ii) result in a lower net cost of borrowing with respect to the related obligations;

(b) Obtains, on or prior to the date of execution of the payment agreement, a written certification from a financial advisor that (i) the terms and conditions of the payment agreement and any ancillary agreements, including without limitation, the interest rate or rates and any other amounts payable thereunder, are commercially reasonable in light of then existing market conditions; and (ii) the finding and

determination contained in the ordinance or resolution required by (a) of this subsection is reasonable.

(3) Prior to selecting the other party to a payment agreement, a governmental entity shall solicit and give due consideration to proposals from at least two entities that meet the criteria set forth in RCW 39.96.040(2). Such solicitation and consideration shall be conducted in such manner as the governmental entity shall determine is reasonable. [2000 c 184 § 2; 1993 c 273 § 3.]

**Effective date—2000 c 184:** See note following RCW 39.96.010.

**39.96.040 Terms and conditions.** (1) Subject to subsections (2), (3), and (4) of this section, payment agreements entered into by any governmental entity may include those payment, term, security, default, remedy, termination, and other terms and conditions, and may be with those parties, as the governmental entity deems reasonably necessary or desirable.

(2) No governmental entity may enter into a payment agreement under this chapter unless:

(a) The other party to the agreement has a rating from at least two nationally recognized credit rating agencies, as of the date of execution of the agreement, that is within the two highest long-term investment grade rating categories, without regard to subcategories, or the payment obligations of the party under the agreement are unconditionally guaranteed by an entity that then has the required ratings; or

(b)(i) The other party to the agreement has a rating from at least two nationally recognized credit rating agencies, as of the date of execution of the agreement, that is within the three highest long-term investment grade rating categories, without regard to subcategories, or the payment obligations of the party under the agreement are unconditionally guaranteed by an entity that has the required ratings; and

(ii) The payment obligations of the other party under the agreement are collateralized by direct obligations of, or obligations the principal and interest on which are guaranteed by, the United States of America, that (A) are deposited with the governmental entity or an agent of the governmental entity; and (B) maintain a market value of not less than one hundred two percent of the net market value of the payment agreement to the governmental entity, as such net market value may be defined and determined from time to time under the terms of the payment agreement.

(3) No governmental entity may enter into a payment agreement with a party who qualifies under subsection (2)(a) of this section unless the payment agreement provides that, in the event the credit rating of the other party or its guarantor falls below the level required by subsection (2)(a) of this section, such party will comply with the collateralization requirements contained in subsection (2)(b) of this section.

(4) No governmental entity may enter into a payment agreement unless:

(a) The notional amount of the payment agreement does not exceed the principal amount of the obligations with respect to which the payment agreement is made; and

(b) The term of the payment agreement does not exceed the final term of the obligations with respect to which the payment agreement is made. [1993 c 273 § 4.]

**39.96.050 Payments—Credit enhancements.** (1) Subject to any covenants or agreements applicable to the obligations issued or incurred by the governmental entity, any payments required to be made by the governmental entity under a payment agreement entered into in connection with the issuance, incurring, or carrying of those obligations may be made from money set aside or pledged to pay or secure the payment of those obligations or from any other legally available source.

(2) Any governmental entity may enter into credit enhancement, liquidity, line of credit, or other similar agreements in connection with, or incidental to, the execution of a payment agreement. The credit enhancement, liquidity, line of credit, or other similar agreement may include those payment, term, security, default, remedy, termination, and other terms and conditions, and may be with those parties, as the governmental entity deems reasonably necessary or desirable. [1993 c 273 § 5.]

**39.96.060 Calculations regarding payment of obligations—Status of payments.** (1) Subject to any covenants or agreements applicable to the obligations issued or incurred by the governmental entity, if the governmental entity enters into a payment agreement with respect to those obligations, then it may elect to treat the amounts payable from time to time with respect to those obligations as the amounts payable after giving effect to the payment agreement for the purposes of calculating:

(a) Rates and charges to be imposed by a revenue-producing enterprise if the revenues are pledged or used to pay those obligations;

(b) Any taxes to be levied and collected to pay those obligation[s]; and

(c) Payments or debt service on those obligations for any other purpose.

(2) A payment agreement and any obligation of the governmental entity to make payments under the agreement in future fiscal years shall not constitute debt or indebtedness of the governmental entity for purposes of state constitutional and statutory debt limitation provisions if the obligation to make any payments is contingent upon the performance of the other party or parties to the agreement, and no moneys are paid to the governmental entity under the payment agreement that must be repaid in future fiscal years. [1993 c 273 § 6.]

**39.96.080 Authority cumulative.** The powers conferred by this chapter are in addition to, and not in substitution for, the powers conferred by any existing law, and the limitations imposed by this chapter do not directly or indirectly modify, limit, or affect the powers conferred by any existing law. **39.98.010 Finding—School district debt obligation not removed.** The legislature finds that implementation of the credit enhancement program provided for in this chapter can provide substantial savings to the taxpayers of the state of Washington with minimal cost or risk to the state government. The guaranty provided by pledging the credit of the state to the payment of voter-approved school district general obligation bonds will encourage lower interest rates, and therefore lower taxes, for such bonds than school districts alone can command, despite the excellent credit history of such obligations. Any such guarantee does not remove the debt obligation of the school district and is not state debt. [1999 c 273 § 1.]

**39.98.020 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Bond" means any voted general obligation bond issued by a school district, holding a certificate issued pursuant to this chapter for such a bond.

(2) "Credit enhancement program" means the school district bond guaranty established by this chapter.

(3) "General obligation bond" means any bond, note, warrant, certificate of indebtedness, or other obligation of a district that constitutes an indebtedness within the meaning of any applicable constitutional or statutory debt limitations.

(4) "Paying agent" means the paying agent selected, from time to time, for a bond issue pursuant to state law.

(5) "Refunding bond" means any general obligation bond issued by a district for the purpose of refunding its outstanding general obligation bonds.

(6) "School district" or "district" means any school district existing now or later under the laws of the state. [1999 c 273 § 2.]

**39.98.030 Bonds guaranteed by full faith, credit, and taxing power of the state—Reference to chapter on face of bond conclusively establishes guaranty.** (1)(a) The full faith, credit, and taxing power of the state is pledged to guarantee full and timely payment of the principal of and interest on bonds as such payments become due. However, in the event of any acceleration of the due date of the principal by reason of mandatory redemption or acceleration resulting from default, the payments guaranteed shall be made in the amounts and at the times as payments of principal would have been due had there not been any acceleration.

(b) This guaranty does not extend to the payment of any redemption premium.

(c) Reference to this chapter by its title on the face of any bond conclusively establishes the guaranty provided to that bond under the provisions of this chapter.

(2)(a) The state pledges to and agrees with the owners of any bonds that the state will not alter, impair, or limit the rights vested by the credit enhancement program with respect to the bonds until the bonds, together with applicable interest, are fully paid and discharged. However, this chapter does not preclude an alteration, impairment, or limitation if full provision is made by law for the payment of the bonds.

(b) Each district may refer to this pledge and undertaking by the state in its bonds.

(3) Only validly issued bonds issued after January 1, 2000, may be guaranteed under this chapter. [1999 c 273 § 3.]

**39.98.040 Certificate issued by state treasurer evidence of guaranty—Limitations on issuance of guaranteed bonds—Fees.** (1)(a) Any district, by resolution of its board of directors, may request that the state treasurer issue a certificate evidencing the state's guaranty, under this chapter, of its bonds.

(b) After reviewing the request, if the state treasurer determines that the district is eligible under rules adopted by the state finance committee, the state treasurer shall promptly issue the certificate as to specific bonds of the district and provide it to the requesting district.

(c)(i) The district receiving the certificate and all other persons may rely on the certificate as evidencing the guaranty for bonds issued within one year from and after the date of the certificate, without making further inquiry during that year.

(ii) The certificate of eligibility is valid for one year even if the state treasurer later determines that the school district is ineligible.

(2) Any district that chooses to forego the benefits of the guaranty provided by this chapter for a particular issue of bonds may do so by not referring to this chapter on the face of its bonds.

(3) Any district that has bonds, the principal of or interest on which has been paid, in whole or in part, by the state under this chapter, may not issue any additional bonds guaranteed by this chapter until:

(a) All payment obligations of the district to the state under the credit enhancement program are satisfied; and

(b) The state treasurer and the state superintendent of public instruction each certify in writing, to be kept on file by the state treasurer and the state superintendent of public instruction, that the district is fiscally solvent.

(4) The state finance committee may establish by rule fees sufficient to cover the costs of administering this chapter. [1999 c 273 § 4.]

**39.98.050 Debt service payments—Notifications upon nonpayment—Payments by state treasurer—Repayment.** (1)(a) The county treasurer for each district with outstanding, unpaid bonds shall transfer money sufficient for each scheduled debt service payment to its paying agent on or before any principal or interest payment date for the bonds.

(b) A county treasurer who is unable to transfer a scheduled debt service payment to the paying agent on the transfer date shall immediately notify the paying agent and the state treasurer by:

(i) Telephone;

(ii) A writing sent by facsimile or electronic transmission; and

(iii) A writing sent by first class United States mail.

(2) If sufficient funds are not transferred to the paying agent as required by subsection (1) of this section, the paying agent shall immediately notify the state treasurer of that failure by:

(a) Telephone;

(b) A writing sent by facsimile or electronic transmission; and

(c) A writing sent by first class United States mail.

(3)(a) If sufficient money to pay the scheduled debt service payment have not been so transferred to the paying agent, the state treasurer shall, forthwith, transfer sufficient money to the paying agent to make the scheduled debt service payment.

(b) The payment by the state treasurer:

(i) Discharges the obligation of the issuing district to its bond owners for the payment, but does not retire any bond that has matured. The terms of that bond remain in effect until the state is repaid; and

(ii) Transfers the rights represented by the general obligation of the district from the bond owners to the state.

(c) The district shall repay to the state the money so transferred as provided in this chapter. [1999 c 273 § 5.]

**39.98.060 Reimbursement of state-paid debt service payments—Interest and penalties—Legal actions—Revision of collection of taxes to meet obligations.** (1) Any district that has issued bonds for which the state has made all or part of a debt service payment shall:

(a) Reimburse all money drawn by the state treasurer on its behalf;

(b) Pay interest to the state on all money paid by the state from the date that money was drawn to the date the state is repaid at a rate to be prescribed by rule by the state finance committee; and

(c) Pay all penalties required by this chapter.

(2)(a) The state treasurer shall establish the reimbursement interest rate after considering the circumstances of any

prior draws by the district on the state, market interest and penalty rates, and the cost of funds or opportunity cost of investments, if any, that were required to be borrowed or liquidated by the state to make payment on the bonds.

(b) The state treasurer may, after considering the circumstances giving rise to the failure of the district to make payment on its bonds in a timely manner, impose on the district a penalty of not more than five percent of the amount paid by the state pursuant to its guaranty for each instance in which a payment by the state is made.

(3)(a)(i) If the state treasurer determines that amounts obtained under this chapter will not reimburse the state in full within one year from the state's payment of a district's scheduled debt service payment, the state treasurer may pursue any legal action, including mandamus, against the district to compel it to meet its repayment obligations to the state.

(ii) In pursuing its rights under (a)(i) of this subsection, the state shall have the same substantive and procedural rights as would a holder of the bonds of a district. If and to the extent that the state has made payments to the holders of bonds of a district under RCW 39.98.050 and has not been reimbursed by the district, the state shall be subrogated to the rights of those bond holders.

(iii) The state treasurer may also direct the district and the appropriate county officials to restructure and revise the collection of taxes for the payment of bonds on which the state treasurer has made payments under this chapter and, to the extent permitted by law, may require that the proceeds of such taxes be applied to the district's obligations to the state if all outstanding obligations of the school district payable from such taxes are fully paid or their payment is fully provided for.

(b) The district shall pay the fees, expenses, and costs incurred by the state in recovering amounts paid under the guaranty authorized by this chapter. [1999 c 273 § 6.]

**39.98.070 Appropriation required.** In order to effect the provisions of Article VIII, section 1(e) of the state Constitution, Senate Joint Resolution No. 8206, the legislature shall make provision for such amounts as may be required to make timely payments under the state school district credit enhancement program under this chapter in each and every biennial appropriations act. [1999 c 273 § 7.]

**39.98.080 Adoption of rules.** The state finance committee may adopt, under chapter 34.05 RCW, all rules necessary and appropriate for the implementation and administration of this chapter. [1999 c 273 § 8.]

**39.98.900 Contingent effective date—1999 c 273.** This act takes effect January 1, 2000, if the proposed amendment to Article VIII, section 1 of the state Constitution, guaranteeing the general obligation debt of school districts, is validly submitted to and is approved and ratified by the voters at the next general election. If the proposed amendment is not approved and ratified, this act is void in its entirety. [1999 c 273 § 10.]

**Reviser's note:** 1999 Senate Joint Resolution No. 8206 was approved at the November 1999 general election. See Article VIII, section 1 and Amendment 78 of the state Constitution.
