(a) An employee who has an accrued annual leave balance of more than ten days may request that the head of the agency for which the employee works transfer a specified amount of annual leave to another employee authorized to receive leave under subsection (1) of this section. In no event may the employee request a transfer of an amount of leave that would result in his or her annual leave account going below ten days. For purposes of this subsection (3)(a), annual leave does not accrue if the employee receives compensation in lieu of accumulating a balance of annual leave.

(b) An employee may transfer a specified amount of sick leave to an employee requesting shared leave only when the donating employee retains a minimum of one hundred seventy-six hours of sick leave after the transfer.

(iii) Where any questions arise in the transfer of funds or the adjustment of appropriation authority, the director of financial management shall determine the appropriate transfer or adjustment.

(8) Leave transferred under this section shall not be used in any calculation to determine an agency’s allocation of full time equivalent staff positions.

Before the agency head makes a determination to return unused leave in connection with an illness or injury, or any other qualifying condition, he or she must receive from the affected employee a statement from the employee’s doctor verifying that the illness or injury is resolved. To the extent administratively feasible, the value of unused leave which was transferred by more than one employee shall be returned on a pro rata basis.

41.05.033 Shared decision-making demonstration project—Preference-sensitive care. (1) The legislature finds that there is growing evidence that, for preference-sensitive care involving elective surgery, patient-practitioner communication is improved through the use of high-quality decision aids that detail the benefits, harms, and uncertainty of available treatment options. Improved communication leads to more fully informed patient decisions. The legislature intends to increase the extent to which patients make genuinely informed, preference-based treatment decisions, by promoting public/private collaborative efforts to broaden the development, certification, use, and evaluation of effective decision aids and by recognition of shared decision making and patient decision aids in the state’s laws on informed consent.

(2) The health care authority shall implement a shared decision-making demonstration project. The demonstration project shall be conducted at one or more multispecialty group practice sites providing state purchased health care in the state of Washington, and may include other practice sites providing state purchased health care. The demonstration project shall include the following elements:
(a) Incorporation into clinical practice of one or more decision aids for one or more identified preference-sensitive care areas combined with ongoing training and support of

(c) As a condition of participating in the demonstration project, a participating practice site must bear the cost of selecting, purchasing, and incorporating the chosen decision aids into clinical practice.

(3) The health care authority may solicit and accept funding and in-kind contributions to support the demonstration and evaluation, and may scale the evaluation to fall within resulting resource parameters. [2007 c 259 § 2.]

government as are covered by this chapter, shall be set by the authority, subject to the approval of the governor for availability of funds as specifically appropriated by the legislature for that purpose. Insurance and health care contributions for ferry employees shall be governed by RCW 47.64.270.

(4)(a) Beginning September 1, 2003, the authority shall collect from each participating school district and educational service district an amount equal to the composite rate charged to state agencies, plus an amount equal to the employee premiums by plan and family size as would be charged to state employees, for groups of district employees enrolled in authority plans as of January 1, 2003. However, during the 2005-07 fiscal biennium, the authority shall collect from each participating school district and educational service district an amount equal to the insurance benefit allocations provided in section 504, chapter 518, Laws of 2005, plus any additional funding provided by the legislature for school employee health benefits, plus an amount equal to the employee premiums by plan and family size as would be charged to state employees, for groups of district employees enrolled in authority plans as of July 1, 2005.

(b) For all groups of district employees enrolling in authority plans for the first time after September 1, 2003, the authority shall collect from each participating school district an amount equal to the composite rate charged to state agencies, plus an amount equal to the employee premiums by plan and by family size as would be charged to state employees, only if the authority determines that this method of billing the districts will not result in a material difference between revenues from districts and expenditures made by the authority on behalf of districts and their employees.

(c) If the authority determines at any time that the conditions in (b) of this subsection cannot be met, the authority shall offer enrollment to additional groups of district employees on a tiered rate structure until such time as the authority determines there would be no material difference between revenues and expenditures under a composite rate structure for all district employees enrolled in authority plans.

(d) The authority may charge districts a one-time set-up fee for employee groups enrolling in authority plans for the first time.

(e) For the purposes of this subsection:

(i) "District" means school district and educational service district; and

(ii) "Tiered rates" means the amounts the authority must pay to insuring entities by plan and by family size.

(f) Notwithstanding this subsection and RCW 41.05.065(3), the authority may allow districts enrolled on a tiered rate structure prior to September 1, 2002, to continue participation based on the same rate structure and under the same conditions and eligibility criteria.

(5) The authority shall transmit a recommendation for the amount of the employer contribution to the governor and the director of financial management for inclusion in the proposed budgets submitted to the legislature. 41.05.053 Community and technical colleges—Part-time academic employees—Continuous health care eligibility—Employer contributions. (1) Part-time academic employees, as defined in RCW 28B.50.489, who have established eligibility as determined from the payroll records of the employing community or technical college districts, for employer contributions for benefits under this chapter and who have worked an average of half-time or more in each of the two preceding academic years, through employment at one or more community or technical college districts, are eligible for continuation of employer contributions for the subsequent summer quarter period including the break between summer and fall quarters.

(2) Once a part-time academic employee meets the criteria in subsection (1) of this section, the employee shall con-
to receive uninterrupted employer contributions for benefits if the employee works at least two quarters of the academic year with an average academic workload of half-time or more for three quarters of the academic year. Benefits provided under this section cease if this criteria is not met. Continuous benefits shall be reinstated once the employee reestablishes eligibility under subsection (1) of this section.

(3) As used in this section, "academic year" means summer, fall, winter, and spring quarters.

(4) This section does not modify rules in existence on June 7, 2006, adopted under this chapter regarding the initial establishment of eligibility for benefits.

(5) This section does not preclude individuals from being eligible for benefits under other laws or rules that may apply or for which they may be eligible.

(6) The employer must notify part-time academic employees of their potential right to benefits under this section.

(7) To be eligible for maintenance of benefits through averaging, part-time academic employees must notify their employers of their potential eligibility. The state board for community and technical colleges shall report back to the legislature by November 15, 2009, on the feasibility of eliminating the self-reporting requirement for employees. [2007 c 302 § 2; 2006 c 308 § 2.]

Intent—2006 c 308: "Part-time academic employees at community and technical colleges are currently eligible for full health care benefits beginning the second consecutive quarter of employment, at half-time or more of an academic workload, as defined in RCW 28B.50.489. They are also eligible for health benefits through the summer even if they receive no work at all that quarter, if they have worked half-time or more of an academic workload in each of the three preceding quarters. However, workload fluctuations below these thresholds may result in the loss of employer contributions for health care benefits. It is the intent of the legislature to provide for continuous health care eligibility for part-time academic employees based on averaging workload gained during the two preceding academic years." 41.05.065 Public employees’ benefits board—Duties. (Effective until January 1, 2009.) (1) The board shall study all matters connected with the provision of health care coverage, life insurance, liability insurance, accidental death and dismemberment insurance, and disability income insurance or any of, or a combination of, the enumerated types of insurance for employees and their dependents on the best basis possible with relation both to the welfare of the employees and to the state. However, liability insurance shall not be made available to dependents.

(2) The board shall develop employee benefit plans that include comprehensive health care benefits for all employees. In developing these plans, the board shall consider the following elements:

(a) Methods of maximizing cost containment while ensuring access to quality health care;

(b) Development of provider arrangements that encourage cost containment and ensure access to quality care, including but not limited to prepaid delivery systems and prospective payment methods;

(c) Wellness incentives that focus on proven strategies, such as smoking cessation, injury and accident prevention, reduction of alcohol misuse, appropriate weight reduction, exercise, automobile and motorcycle safety, blood cholesterol reduction, and nutrition education;

(d) Utilization review procedures including, but not limited to, a cost-efficient method for prior authorization of services, hospital inpatient length of stay review, requirements for use of outpatient surgeries and second opinions for surgeries, review of invoices or claims submitted by service providers, and performance audit of providers;

(e) Effective coordination of benefits;

(f) Minimum standards for insuring entities; and

(g) Minimum scope and content of public employee benefit plans to be offered to enrollees participating in the employee health benefit plans. To maintain the comprehensive nature of employee health care benefits, employee eligibility criteria related to the number of hours worked and the benefits provided to employees shall be substantially equivalent to the state employees’ health benefits plan and eligibility criteria in effect on January 1, 1993. Nothing in this subsection (2)(g) shall prohibit changes or increases in employee point-of-service payments or employee premium payments for benefits or the administration of a high deductible health plan in conjunction with a health savings account.

(3) The board shall design benefits and determine the terms and conditions of employee and retired employee participation and coverage, including establishment of eligibility criteria subject to the requirements of RCW 41.05.066. The same terms and conditions of participation and coverage, including eligibility criteria, shall apply to state employees and to school district employees and educational service district employees.

(4) The board may authorize premium contributions for an employee and the employee’s dependents in a manner that encourages the use of cost-efficient managed health care systems. During the 2005-2007 fiscal biennium, the board may only authorize premium contributions for an employee and the employee’s dependents that are the same, regardless of an employee’s status as represented or nonrepresented by a collective bargaining unit under the personnel system reform act of 2002. The board shall require participating school district and educational service district employees to pay at least the same employee premiums by plan and family size as state employees pay.

(5) The board shall develop a health savings account option for employees that conform to section 223, Part VII of subchapter B of chapter 1 of the internal revenue code of 1986. The board shall comply with all applicable federal standards related to the establishment of health savings accounts.

(6) Notwithstanding any other provision of this chapter, the board shall develop a high deductible health plan to be offered in conjunction with a health savings account developed under subsection (5) of this section.

(7) Employees shall choose participation in one of the health care benefit plans developed by the board and may be permitted to waive coverage under terms and conditions established by the board.

(8) The board shall review plans proposed by insuring entities that desire to offer property insurance and/or accident and casualty insurance to state employees through payroll deduction. The board may approve any such plan for payroll deduction by insuring entities holding a valid certificate of
authority in the state of Washington and which the board determines to be in the best interests of employees and the state. The board shall promulgate rules setting forth criteria by which it shall evaluate the plans.

(9) Before January 1, 1998, the public employees’ benefits board shall make available one or more fully insured long-term care insurance plans that comply with the requirements of chapter 48.84 RCW. Such programs shall be made available to eligible employees, retired employees, and retired school employees as well as eligible dependents which, for the purpose of this section, includes the parents of the employee or retiree and the parents of the spouse of the employee or retiree. Employees of local governments and employees of political subdivisions not otherwise enrolled in the public employees’ benefits board sponsored medical programs may enroll under terms and conditions established by the administrator, if it does not jeopardize the financial viability of the public employees’ benefits board’s long-term care offerings.

(a) Participation of eligible employees or retired employees and retired school employees in any long-term care insurance plan made available by the public employees’ benefits board is voluntary and shall not be subject to binding arbitration under chapter 41.56 RCW. Participation is subject to reasonable underwriting guidelines and eligibility rules established by the public employees’ benefits board and the health care authority.

(b) The employee, retired employee, and retired school employee are solely responsible for the payment of the premium rates developed by the health care authority. The health care authority is authorized to charge a reasonable administrative fee in addition to the premium charged by the health care authority, in the state of Washington and which the board determines to be in the best interests of employees and the state. The board shall promulgate rules setting forth criteria by which it shall evaluate the plans.

(9) Before January 1, 1998, the public employees’ benefits board shall make available one or more fully insured long-term care insurance plans that comply with the requirements of chapter 48.84 RCW. Such programs shall be made available to eligible employees, retired employees, and retired school employees as well as eligible dependents which, for the purpose of this section, includes the parents of the employee or retiree and the parents of the spouse of the employee or retiree. Employees of local governments and employees of political subdivisions not otherwise enrolled in the public employees’ benefits board sponsored medical programs may enroll under terms and conditions established by the administrator, if it does not jeopardize the financial viability of the public employees’ benefits board’s long-term care offerings.

(a) Participation of eligible employees or retired employees and retired school employees in any long-term care insurance plan made available by the public employees’ benefits board is voluntary and shall not be subject to binding arbitration under chapter 41.56 RCW. Participation is subject to reasonable underwriting guidelines and eligibility rules established by the public employees’ benefits board and the health care authority.

(b) The employee, retired employee, and retired school employee are solely responsible for the payment of the premium rates developed by the health care authority. The health care authority is authorized to charge a reasonable administrative fee in addition to the premium charged by the long-term care insurer, which shall include the health care authority’s cost of administration, marketing, and consumer education materials prepared by the health care authority and the office of the insurance commissioner.

(c) To the extent administratively possible, the state shall establish an automatic payroll or pension deduction system for the payment of the long-term care insurance premiums.

(d) The public employees’ benefits board and the health care authority shall establish a technical advisory committee to provide advice in the development of the benefit design and establishment of underwriting guidelines and eligibility rules. The committee shall also advise the board and authority on effective and cost-effective ways to market and distribute the long-term care product. The technical advisory committee shall be comprised, at a minimum, of representatives of the office of the insurance commissioner, providers of long-term care services, licensed insurance agents with expertise in long-term care insurance, employees, retired employees, retired school employees, and other interested parties determined to be appropriate by the board.

(e) The health care authority shall offer employees, retired employees, and retired school employees the option of purchasing long-term care insurance through licensed agents or brokers appointed by the long-term care insurer. The authority, in consultation with the public employees’ benefits board, shall establish marketing procedures and may consider all premium components as a part of the contract negotiations with the long-term care insurer.

(f) In developing the long-term care insurance benefit designs, the public employees’ benefits board shall include an alternative plan of care benefit, including adult day services, as approved by the office of the insurance commissioner.

(g) The health care authority, with the cooperation of the office of the insurance commissioner, shall develop a consumer education program for the eligible employees, retired employees, and retired school employees designed to provide education on the potential need for long-term care, methods of financing long-term care, and the availability of long-term care insurance products including the products offered by the board.

(h) By December 1998, the health care authority, in consultation with the public employees’ benefits board, shall submit a report to the appropriate committees of the legislature, including an analysis of the marketing and distribution of the long-term care insurance provided under this section.

No person shall be appointed a member of such commission who is not a citizen of the United States, a resident of such city for at least three years immediately preceding such appointment, and an elector of the county wherein he or she resides. The term of office of such commissioners shall be for six years, except that the first three members of such commission shall be appointed for different terms, as follows: One to serve for a period of two years, one to serve for a period of four years, and one to serve for a period of six years. Any member of such commission may be removed from office for incompetency, incompatibility or dereliction of duty, or malfeasance in office, or other good cause: PROVIDED, HOWEVER, That no member of the commission shall be removed until charges have been preferred, in writing, due notice and a full hearing had. The members of such commission shall devote due time and attention to the performance of the duties hereinafter specified and imposed upon them by this chapter. Two members of such commission shall constitute a quorum and the votes of any two members of such commission concurring shall be sufficient for the decision of all matters and the transaction of all business to be decided or transacted by the commission under or by virtue of the provisions of this chapter. At the time of any appointment not more than two commissioners shall be adherents of the same political party. [2007 c 218 § 3; 1935 c 31 § 3; RRS § 9558-3.]

Purpose—1972 ex.s. c 37: 41.08.090  Procedure for removal, suspension, demotion or discharge—Investigation—Hearing—Appeal. No person in the classified civil service who shall have been permanently appointed or inducted into civil service under provisions of this chapter, shall be removed, suspended, demoted or discharged except for cause, and only upon the written accusation of the appointing power, or any citizen or taxpayer, a written statement of which accusation, in general terms, shall be served upon the accused, and a duplicate filed with the commission. Any person so removed, suspended, demoted or discharged may within ten days from the time of his or her removal, suspension, demotion or discharge, file with the commission a written demand for an investigation, whereupon the commission shall conduct such investigation. The investigation shall be confined to the determination of the question of whether such removal, suspension, demotion or discharge was or was not made for political or religious reasons and was or was not made in good faith for cause. After such investigation the commission may affirm the removal, or if it shall find that the removal, suspension, or demotion was made for political or religious reasons, or was not made in good faith for cause, shall order the immediate reinstatement or reemployment of such person in the office, place, position or employment from which such person was removed, suspended, demoted or discharged, which reinstatement shall, if the commission so provides in its discretion, be retroactive, and entitle such person to pay or compensation from the time of such removal, suspension, demotion or discharge. The commission upon such investigation, in lieu of affirming the removal, suspension, demotion or discharge may modify the order of removal, suspension, demotion or discharge by directing a suspension, without pay, for a given period, and subsequent restoration to duty, or demotion in classification, grade, or pay; the findings of the commission shall be certified, in writing to the appointing power, and shall be forthwith enforced by such officer.

All investigations made by the commission pursuant to the provisions of this section shall be by public hearing, after

[2007 RCW Supp—page 387]
reasonable notice to the accused of the time and place of such hearing, at which hearing the accused shall be afforded an opportunity of appearing in person and by counsel, and presenting his or her defense. If such judgment or order be concurred in by the commission or a majority thereof, the accused may appeal therefrom to the court of original and unlimited jurisdiction in civil suits of the county wherein he or she resides. Such appeal shall be taken by serving the commission, within thirty days after the entry of such judgment or order, a written notice of appeal, stating the grounds thereof, and demanding that a certified transcript of the record and of all papers on file in the office of the commission affecting or relating to such judgment or order, be filed by the commission with such court. The commission shall, within ten days after the filing of such notice, make, certify and file such transcript with such court. The court of original and unlimited jurisdiction in civil suits shall thereupon proceed to hear and determine such appeal in a summary manner: PROVIDED, HOWEVER, That such hearing shall be confined to the determination of whether the judgment or order of removal, discharge, demotion or suspension made by the commission, was or was not made in good faith for cause, and no appeal to such court shall be taken except upon such ground or grounds. [2007 c 218 § 6; 1935 c 31 § 9; RRS § 9558-9.]

The commission shall certify the name of the person highest on the eligible list for the class to which the vacant position has been allocated, who is willing to accept employment. If there is no appropriate eligible list for the class, the commission shall certify the name of the person standing highest on said list held appropriate for such class. If more than one vacancy is to be filled an additional name shall be certified for each additional vacancy. The appointing power shall forthwith appoint such person to such vacant position.

Whenever requisition is to be made, or whenever a position is held by a temporary appointee and an eligible list for the class of such position exists, the commission shall forthwith certify the name of the person eligible for appointment to the appointing power, and said appointing power shall forthwith appoint the person so certified to said position. No person so certified shall be laid off, suspended, or given leave of absence from duty, transferred or reduced in pay or grade, except for reasons which will promote the good of the service, specified in writing, and after an opportunity to be heard by the commission and then only with its consent and approval.

To enable the appointing power to exercise a choice in the filling of positions, no appointment, employment or promotion in any position in the classified service shall be deemed complete until after the expiration of a period of three to six months' probationary service, as may be provided in the rules of the civil service commission during which the appointing power may terminate the employment of the person certified to him or her, or it, if during the performance test thus afforded, upon observation or consideration of the performance of duty, the appointing power deems him or her unfit or unsatisfactory for service in the department. Whereupon the appointing power shall designate the person certified as standing next highest on any such list and such person shall likewise enter upon said duties until some person is found who is deemed fit for appointment, employment or promotion for the probationary period provided therefor, whereupon the appointment, employment or promotion shall be deemed to be complete. [2007 c 218 § 7; 1935 c 31 § 11; RRS § 9558-11.]

[2007 c 218 § 8; 1935 c 31 § 16; RRS § 9558-16.]

Any person so removed, suspended, demoted or discharged may within ten days from the time of his or her removal, suspension, demotion or discharge, file with the commission a written demand for an investigation, whereupon the commission shall conduct such investigation. The investigation shall be confined to the determination of the question of whether such removal, suspension, demotion or discharge was or was not made for political or religious reasons and was or was not made in good faith for cause. After such investigation the commission may affirm the removal, or if it shall find that the removal, suspension, or demotion was made for political or religious reasons, or was not made in good faith for cause, shall order the immediate reinstatement or reemployment of such person in the office, place, position or employment from which such person was removed, suspended, demoted or discharged, which reinstatement shall, if the commission so provides in its discretion, be retroactive, and entitle such person to pay or compensation from the time of such removal, suspension, demotion or discharge. All investigations made by the commission pursuant to the provisions of this section shall be had by public hearing, after reasonable notice to the accused of the time and place of such hearing, at which hearing the accused shall be afforded an opportunity of appearing in person and by counsel, and presenting his or her defense. If such judgment or order be concurred in by the commission or a majority thereof, the accused may appeal therefrom to the court of original and unlimited jurisdiction in civil suits of the county wherein he or she resides. Such appeal shall be taken by serving the commission, within thirty days after the entry of such judgment or order, a written notice of appeal, stating the grounds thereof, and demanding that a certified transcript of the record and of all papers on file in the office of the commission affecting or relating to such judgment or order, be filed by the commission with such court. The commission shall, within ten days after the filing of such notice, make, certify and file such transcript with such court. The court of original and unlimited jurisdiction in civil suits shall thereupon proceed to hear and determine such appeal in a summary manner: PROVIDED, HOWEVER, That such hearing shall be confined to the determination of whether the judgment or order of removal, discharge, demotion or suspension made by the commission, was or was not made in good faith for cause, and no appeal to such court shall be taken except upon such ground or grounds. No person so certified shall be laid off, suspended, or given leave of absence from duty, transferred or reduced in pay or grade, except for reasons which will promote the good of the service, specified in writing, and after an opportunity to be heard by the commission and then only with its consent and approval.

To enable the appointing power to exercise a choice in the filling of positions, no appointment, employment or promotion in any position in the classified service shall be deemed complete until after the expiration of a period of three to six months' probationary service, as may be provided in the rules of the civil service commission during which the appointing power may terminate the employment of the person certified to him or her, or it, if during the performance test thus afforded, upon observation or consideration of the performance of duty, the appointing power deems him or her unfit or unsatisfactory for service in the department, whereupon the appointing power shall designate the person certified as standing next highest on any such list and such person shall likewise enter upon said duties until some person is found who is deemed fit for appointment, employment or promotion for the probationary period provided therefor, whereupon the appointment, employment or promotion shall be deemed to be complete. [2007 c 218 § 15; 1937 c 13 § 11; RRS § 9558a-11.]

person, or permit or aid in any manner any other person to personate him or her, in connection with any examination or registration of application or request to be examined or registered. [2007 c 218 § 16; 1937 c 13 § 16; RRS § 9558a-16.]

The board may, upon such request being filed, consult such medical advice as it sees fit, and may have the applicant examined by such physicians as it deems desirable. If from the reports of such physicians the board finds the applicant capable of performing his or her duties in the fire department, the board may refuse to recommend his or her retirement. If, after the expiration of six months from the date of his or her disability, the board deems it for the good of the fire department or the pension fund it may recommend the retirement of a firefighter disabled as a result of the performance of duty without any request for the same by him or her, and after having been given by the board a thirty days’ written notice of such recommendation he or she shall be retired. The board may, at its discretion, elect to reimburse the firefighter who is disabled for premiums the firefighter has paid for medical insurance that supplements Medicare, including premiums the firefighter has paid for Medicare Part B coverage. If the board finds at the expiration of six months that the firefighter is unable to return to and perform his or her duties, the firefighter shall be retired at a monthly sum equal to fifty percent of the amount of his or her basic salary at any time thereafter attached to the rank which he or she held at the date of retirement. PROVIDED, That where, at the time of retirement hereafter for disability under this section, the firefighter has served honorably for a period of more than twenty-five years as a member, in any capacity of the regularly constituted fire department of a municipality, the firefighter shall have his or her pension payable under this section increased by two percent of his or her basic salary per year for each full year of additional service to a maximum of five additional years. The board may, upon such request being filed, consult such medical advice as it deems fit and proper. If the board finds the firefighter capable of performing his or her duties, it may refuse to recommend retirement and order the firefighter back to duty. If no request for retirement has been received after the expiration of sixty days from the date of his or her disability, the board may recommend retirement of the firefighter. The board shall give the firefighter a thirty-day written notice of its recommendation, and he or she shall be retired upon expiration of said notice. He or she shall during said ninety days be provided with such medical, hospital, and nursing care as the board deems proper. No funds shall be expended for such disability if the board determines that the firefighter was gainfully employed or engaged for compensation in other than fire department duty when the disability occurred, or if such disability was the result of dissipation or abuse. Whenever any firefighter shall die as a result of a disability sustained not in the line of duty, his widow or her widower shall receive a monthly pension equal to one-third of his or her basic salary until remarried; if such widow or widower has dependent upon her or him for support a child or children of such deceased firefighter, he or she shall receive an additional pension as follows: One child, one-eighth of the deceased’s basic salary; two children, one-seventh; three or more children, one-sixth. All examinations shall be made by physicians duly appointed by the board. If a firefighter shall willfully fail to present himself or herself for examination, within thirty days after being ordered so to do, he or she shall forfeit all rights under this chapter. If such firefighter, upon examination as aforesaid, shall be found fit for service, he or she shall be restored to duty in the same rank held at the time of his or her retirement, or if unable to perform the duties of said rank then, at his or her request, in such other like or lesser rank as may be or become open and available, the duties of which he or she is then able to perform. If she or he at any time so elects in writing and the board after hearing finds it to be financially beneficial to the pension fund, he or she may receive in lieu of all future monthly pension and other benefits, including benefits to child or children, the sum of five thousand dollars in cash. If there be no widow or widower at the time of such firefighter’s death or upon the widow’s or widower’s death the monthly pension benefits hereinabove provided for shall be paid to and divided among his or her child or children share and share alike, until they reach the age of eighteen or are married, whichever occurs first. Sections
41.24.155 Vocational rehabilitation—Purpose—Costs—Administration—Discretion of state board.
41.24.250 State board for volunteer firefighters and reserve officers—Composition—Terms—Vacancies—Oath.
41.24.400 Reserve officers—Enrollment—Limitations.

41.24.155 Vocational rehabilitation—Purpose—Costs—Administration—Discretion of state board. (1) One of the primary purposes of this section is to enable injured participants to return to their regular occupation, business, or profession, or to engage in any occupation or perform any work for compensation or profit. To this end, the state board shall utilize the services of individuals and organizations, public or private, whose experience, training, and interests in vocational rehabilitation and retraining qualify them to lend expert assistance to the state board in such programs of vocational rehabilitation as may be reasonable to make the participant return to his or her regular occupation, business, or profession, or to engage in any occupation or perform any work for compensation or profit consistent with his or her physical and mental status. After evaluation and recommendation by such individuals or organizations and prior to final evaluation of the participant’s permanent disability, if in the sole opinion of the state board, whether or not medical treatment has been concluded, vocational rehabilitation is both necessary and likely to enable the injured participant to return to his or her regular occupation, business, or profession, or to engage in any occupation or perform any work for compensation or profit, the state board may, in its sole discretion, pay the cost as provided in subsection (3) or (4) of this section.

(2) When, in the sole discretion of the state board, vocational rehabilitation is both necessary and likely to make the participant return to his or her regular occupation, business, or profession, or to engage in any occupation or perform any work for compensation or profit, then the following order of priorities shall be used:

(a) Return to the previous job with the same employer;
(b) Modification of the previous job with the same employer including transitional return to work;
(c) A new job with the same employer in keeping with any limitations or restrictions;

(h) A new job with a new employer or self-employment involving on-the-job training;
(i) Short-term retraining and job placement.

(3)(a) Except as provided in (b) of this subsection, costs for vocational rehabilitation benefits allowed by the state board under subsection (1) of this section may include the cost of books, tuition, fees, supplies, equipment, transportation, child or dependent care, and other necessary expenses in an amount not to exceed four thousand dollars. This amount must be used within fifty-two weeks of the determination that vocational rehabilitation is permitted under this section.

(b) The expenses allowed under (a) of this subsection may include training fees for on-the-job training and the cost of furnishing tools and other equipment necessary for self-employment or reemployment. However, compensation or payment of retraining with job placement expenses under (a) of this subsection may not be authorized for a period of more than fifty-two weeks, except that such period may, in the sole discretion of the state board, after its review, be extended for an additional fifty-two weeks or portion thereof by written order of the state board. However, under no circumstances shall the total amount of benefit paid under this section exceed four thousand dollars.

(4) In addition to the vocational rehabilitation expenditures provided for under subsection (3) of this section, an

If there be no such designated person or persons still living at the time of the member’s death, such member’s death benefit shall be paid to the member’s surviving spouse as if in fact such spouse had been nominated by written designation, or if there be no such surviving spouse, then to such member’s legal representatives.

(2) The benefit under this section shall be paid only when death occurs: (a) As a result of injuries sustained in the course of employment; or (b) as a result of an occupational disease or infection that arises naturally and proximately out of employment covered under this chapter. The determination of eligibility for the benefit shall be made consistent with Title 51 RCW by the department of labor and industries. The department of labor and industries shall notify the department of retirement systems by order under RCW 51.52.050. [2007 c 487 § 2; 2006 c 351 § 1; 1996 c 226 § 1.]

Payment less said contributions shall be a complete discharge of all claims and demands whatsoever for the services rendered by such person during the period covered by such payments, except his or her claim to the benefits to which he or she may be entitled under the provisions of this chapter.
   (2) No employer or member contribution is required after June 30, 2000, unless the most recent valuation study for law enforcement officers’ and fire fighters’ retirement system plan 1 indicates the plan has unfunded liabilities. The legislature clarifies the enactment of section 907, chapter 1, Laws of 2000 2nd sp. sess. and affirms the suspension of employer and member contributions to plan 1 of the law enforcement officers’ and firefighters’ retirement system, effective June 30, 2000, as provided in this subsection.    (1) If the individual is employed by an employer in an eligible position, as of July 1, 1997, the election to transfer service must be filed in writing with the department no later than one year from the date they are employed by an employer in an eligible position.
   (2) An individual transferring service under this section forfeits the rights to all benefits as a member of the law enforcement officers’ and fire fighters’ retirement system plan 1 and will be permanently excluded from membership.
   (3) Any individual choosing to transfer service under this section will have transferred to their current retirement system and plan: (a) All the individual’s accumulated contributions; (b) an amount sufficient to ensure that the employer contribution rate in the individual’s current system and plan will not increase due to the transfer; and (c) all applicable months of service, as defined in RCW 41.26.030(14)(a).
   (4) If an individual has withdrawn contributions from the law enforcement officers’ and fire fighters’ retirement system plan 1, the individual may restore the contributions, together with interest as determined by the director, and recover the service represented by the contributions for the sole purpose of transferring service under this section. The contributions must be restored before the transfer can occur and the restoration must be completed within the time limitations specified in subsection (1) of this section.

(f) Upon transfer of service credit, contributions, and interest under this subsection, the employee is permanently excluded from membership in the public employees' retirement system for all service transfers related to their time served as an emergency medical technician for a city, town, county, or district under the public employees' retirement system plan 1 or plan 2. payments by an employer to an individual in lieu of reinstatement in a position which are awarded or granted as the equivalent of the salary or wages which the individual would have earned during a payroll period shall be considered earnable compensation and the individual shall receive the equivalent service credit.

(B) If a leave of absence, without pay, is taken by a member for the purpose of serving as a member of the state legislature, and such member has served in the legislature five or more years, the salary which would have been received for the position from which the leave of absence was taken shall be considered as compensation earnable if the employee’s contribution thereon is paid by the employee. In addition, where a member has been a member of the state legislature for five or more years, earnable compensation for the member’s two highest compensated consecutive years of service shall include a sum not to exceed thirty-six hundred dollars for each of such two consecutive years, regardless of whether or not legislative service was rendered during those two years.

(iv) For members employed less than full time under written contract with a school district, or community college district, in an instructional position, for which the member receives service credit of less than one year in all of the years used to determine the earnable compensation used for computing benefits due under RCW 41.32.497, 41.32.498, and 41.32.520, the member may elect to have earnable compensation defined as provided in RCW 41.32.345. For the purposes of this subsection, the term "instructional position" means a position in which more than seventy-five percent of the member’s time is spent as a classroom instructor (including office hours), a librarian, a psychologist, a social worker, a nurse, a physical therapist, an occupational therapist, a speech language pathologist or audiologist, or a counselor. (v) "Earnable compensation" does not include:

(i) Retroactive payments to an individual by an employer on reinstatement of the employee in a position or payments by an employer to an individual in lieu of reinstatement in a position which are awarded or granted as the equivalent of the salary or wages which the individual would have earned during a payroll period shall be considered earnable compensation, to the extent provided above, and the individual shall receive the equivalent service credit.

(ii) In any year in which a member serves in the legislature the member shall have the option of having such member’s earnable compensation be the greater of:

(A) The earnable compensation the member would have received had such member not served in the legislature; or

(B) Such member’s actual earnable compensation received for teaching and legislative service combined. Retroactive application—Effective date—1993 c 95: See notes following RCW 41.40.175.

Findings—Effective dates—1991 c 343: See notes following RCW 41.50.005.

Intent—1991 c 35: See note following RCW 41.26.005.

Findings—1990 c 274: "(1) The current system for calculating service credit for school district employees is difficult and costly to administer. By changing from the current hours per month calculation to an hours per year calculation, the accumulation of service credit by school district employees will be easier to understand and to administer.

(2) The current system for granting service credit for substitute teachers is difficult and costly to administer. By notifying substitute teachers of their eligibility for service credit and allowing the substitute teacher to apply for service credit, the accumulation of service credit by substitute teachers will be easier to understand and to administer.

(3) Currently, temporary employees in eligible positions in the public employees' retirement system are exempted from membership in the system up to six months. If the position lasts for longer than six months the employee is made a member retroactively. This conditional exemption causes tracking problems for the department of retirement systems and places a heavy financial burden for back contributions on a temporary employee who crosses the six-month barrier. Under the provisions of the act all persons, other than retirees, who are hired in an eligible position will become members immediately, thereby alleviating the problems described in this section.

(4) The legislature finds that retirees from the plan 2 systems of the law enforcement officers' and firefighters' retirement system, the teachers' retirement system, and the public employees' retirement system, may not work for a nonfederal public employer without suffering a suspension of their retirement benefits. This fails to recognize the current and projected demographics indicating the decreasing workforce and that the expertise possessed by retired workers can provide a substantial benefit to the state. At the same time, the legislature recognizes that a person who is working full time should have his or her pension delayed until he or she enters full or partial retirement. By allowing plan 2 retirees to work in ineligible positions, the competing concerns listed above are both properly addressed." [1990 c 274 § 1.]

Intent—Reservation—1990 c 274 §§ 2, 4: "(1) The 1990 amendments to RCW 41.32.010(27)(b) and 41.40.450 are intended by the legislature to effect administrative, rather than substantive, changes to the affected retirement plan. The legislature therefore reserves the right to revoke or amend the 1990 amendments to RCW 41.32.010(27)(b) and 41.40.450. No member is entitled to have his or her service credit calculated under the 1990 amendments to RCW 41.32.010(27)(b) and 41.40.450 as a matter of contractual right.

(2) The department’s retroactive application of the changes made in RCW 41.32.010(27)(b) to all service rendered between October 1, 1977, and August 31, 1990, is consistent with the legislative intent of the 1990 changes to RCW 41.32.010(27)(b)." [1994 c 177 § 10; 1990 c 274 § 18.]

Construction—1990 c 274: "This act shall not be construed as affecting any existing right acquired or liability or obligation incurred under the sections amended or repealed in this act or under any rule or order adopted under those sections, nor as affecting any proceeding instituted under those sections." [1990 c 274 § 17.]

Purpose—Severability—1981 c 256: See notes following RCW 41.32.755.

Effective date—Severability—1977 ex.s. c 293: See notes following RCW 41.32.755.

Emergency—1974 ex.s. c 199: "This 1974 amendatory act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately." [1974 ex.s. c 199 § 7.]

Severability—1974 ex.s. c 199: "If any provision of this 1974 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1974 ex.s. c 199 § 8.]
41.32.0641 Disabled in the line of duty—Continuation of service credit—Conditions. Those members subject to this chapter who became disabled in the line of duty and who received or are receiving benefits under Title 51 RCW or a similar federal workers’ compensation program shall receive or continue to receive service credit subject to the following:

(1) No member may receive more than one month’s service credit in a calendar month.

(2) No service credit under this section may be allowed after a member separates or is separated without leave of absence.

(3) Employer contributions shall be paid by the employer at the rate in effect for the period of the service credited.

(4) Employee contributions shall be collected by the employer and paid to the department at the rate in effect for the period of service credited.

If contribution payments are made retroactively, interest shall be charged at the rate set by the director on both employee and employer contributions. Service credit shall not be granted until the employee contribution has been paid.

(6) The service and compensation credit shall not be granted for a period to exceed twenty-four consecutive months.

(7) Should the legislature revoke the service credit authorized under this section or repeal this section, no affected employee is entitled to receive the credit as a matter of contractual right. [2007 c 50 § 2; 2003 c 53 § 218; 1947 c 80 § 67; Rem. Supp. 1947 § 4995-86. Prior: 1937 c 221 § 10. Formerly RCW 41.32.670.]

(1) Any person who shall knowingly make false statements or shall falsify or permit to be falsified any record or records of the retirement system, except under subsection (2) of this section, in any attempt to defraud such system as a result of such act, is guilty of a class B felony punishable according to chapter 9A.20 RCW.

(2) Any person who shall knowingly make false statements or shall falsify or permit to be falsified any record or records of the retirement systems related to a member’s separation from service and qualification for a retirement allowance under RCW 41.32.480 in any attempt to defraud that system as a result of such an act, is guilty of a gross misdemeanor. [2007 c 50 § 2; 2003 c 53 § 218; 1947 c 80 § 67; Rem. Supp. 1947 § 4995-86. Prior: 1937 c 221 § 10. Formerly RCW 41.32.670.]

41.32.055 Falsification—Penalty. (1) Any person who shall knowingly make false statements or shall falsify or permit to be falsified any record or records of the retirement system, except under subsection (2) of this section, in any attempt to defraud such system as a result of such act, is guilty of a class B felony punishable according to chapter 9A.20 RCW.

(2) Any person who shall knowingly make false statements or shall falsify or permit to be falsified any record or records of the retirement systems related to a member’s separation from service and qualification for a retirement allowance under RCW 41.32.480 in any attempt to defraud that system as a result of such an act, is guilty of a gross misdemeanor. (2) The following persons shall be eligible for the benefit provided in subsection (1) of this section:

(a) A beneficiary who has received a retirement allowance for at least one year by July 1st in the calendar year in which the annual increase is given and has attained at least age sixty-six by December 31st in the calendar year in which the annual increase is given; or

(b) A beneficiary whose retirement allowance is lower than the minimum benefit provided under RCW 41.32.4851.

(5) Those receiving a temporary disability benefit under RCW 41.32.540 shall not be eligible for the benefit provided by this section.

(6) The legislature reserves the right to amend or repeal this section in the future and no member or beneficiary has a contractual right to receive this postretirement adjustment not granted prior to that time. [2007 c 89 § 2; 1995 c 345 § 2.]

*Reviser’s note: RCW 41.31.010 was repealed by 2007 c 491 § 13, effective January 2, 2008.

Severability—Conflict with federal requirements—2007 c 491: See notes following RCW 41.32.765.

*Reviser’s note: RCW 41.32.575 was repealed by 1995 c 345 § 11. Effective date—2007 c 49: See note following RCW 41.40.197.

Intent—1995 c 345: "The intent of this act is to:

(1) Simplify the calculation of postretirement adjustments so that they can be more easily communicated to plan 1 active and retired members;

(2) Provide postretirement adjustments based on years of service rather than size of benefit;

(3) Provide postretirement adjustments at an earlier age;

(4) Provide postretirement adjustments to a larger segment of plan 1 retirees; and

(5) Simplify administration by reducing the number of plan 1 postretirement adjustments to one." [1995 c 345 § 1.]

Effective date—1995 c 345: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [May 12, 1995]." [1995 c 345 § 14.]
41.32.570 Postretirement employment—Reduction or suspension of pension payments. (1)(a) If a retiree enters employment with an employer sooner than one calendar month after his or her accrual date, the retiree’s monthly retirement allowance will be reduced by five and one-half percent for every seven hours worked during that month. This reduction will be applied each month until the retiree remains absent from employment with an employer for one full calendar month.

(b) The benefit reduction provided in (a) of this subsection will accrue for a maximum of one hundred forty hours per month. Any monthly benefit reduction over one hundred percent will be applied to the benefit the retiree is eligible to receive in subsequent months.

(d) The employee has not already rendered a cumulative total of more than one thousand nine hundred hours of service in receipt of pension payments beyond an annual threshold of eight hundred sixty-seven hours;

shall cease to receive pension payments while engaged in that service after the retiree has rendered service for more than one thousand five hundred hours in a school year. The one thousand nine hundred hour cumulative total limitation under this section applies prospectively after July 22, 2007.

(4) When a retired teacher or administrator renders service beyond eight hundred sixty-seven hours, the department shall collect from the employer the applicable employer retirement contributions for the entire duration of the member’s employment during that fiscal year.

41.32.584 Additional benefit for justices or judges—One-time irrevocable election. (1) Between January 1, 2007, and December 31, 2007, a member of plan 1 employed as a supreme court justice, court of appeals judge, or superior court judge may make a one-time irrevocable election, filed in writing with the member’s employer, the department, and the administrative office of the courts, to accrue an additional benefit equal to one and one-half percent of average final compensation for each year of future service credit from the date of the election.

(2)(a) A member who chooses to make the election under subsection (1) of this section may apply to the department to increase the member’s benefit multiplier by one and one-half percent per year of service for the period in which the member served as a justice or judge prior to the election. The member may purchase, beginning with the most recent judicial service, the higher benefit multiplier for up to seventy percent of that portion of the member’s prior judicial service that would ensure that the member has no more than a seventy-five percent of average final compensation benefit accrued by age sixty-four. The member shall pay five percent of the salary earned for each month of service for which the higher benefit multiplier is being purchased, plus interest as determined by the director. The purchase price shall not exceed the actuarially equivalent value of the increase in the member’s benefit resulting from the increase in the benefit multiplier. This payment must be made prior to retirement and prior to December 31, 2007. After December 31, 2007, a member may purchase the higher benefit multiplier for any of the member’s prior judicial service at the actuarially equivalent value of the increase in the member’s benefit resulting from the increase in the benefit multiplier, as determined by the director.

(b) Subject to rules adopted by the department, a member applying to increase the member’s benefit multiplier under this section may pay all or part of the cost with a lump sum payment, eligible rollover, direct rollover, or trustee-to-trustee transfer from an eligible retirement plan. The department shall adopt rules to ensure that all lump sum payments, rollovers, and transfers comply with the requirements of the

internal revenue code and regulations adopted by the internal revenue service. The rules adopted by the department may condition the acceptance of a rollover or transfer from another plan on the receipt of information necessary to enable the department to determine the eligibility of any transferred funds for tax-free rollover treatment or other treatment under federal income tax law. Any member who retires under the provisions of this subsection is ineligible for the postretirement employment provisions of RCW 41.32.802(2) until the retired member has reached sixty-five years of age. For purposes of this subsection, employment with an employer also includes any personal service contract, service by an employer as a temporary or project employee, or any other similar compensated relationship with any employer included under the provisions of RCW 41.32.800(1).

The subsidized reductions for alternate early retirement in this subsection as set forth in section 2, chapter 491, Laws of 2007 were intended by the legislature as replacement benefits for gain-sharing. Until there is legal certainty with respect to the repeal of chapter 41.31A RCW, the right to retire under this subsection is noncontractual, and the legislature reserves the right to amend or repeal this subsection. Legal certainty includes, but is not limited to, the expiration of any: Applicable limitations on actions; and periods of time for seeking appellate review, up to and including reconsideration by the Washington supreme court and the supreme court of the United States. Until that time, eligible members may still retire under this subsection, and upon receipt of the first installment of a retirement allowance computed under this subsection, the resulting benefit becomes contractual for the recipient. If the repeal of chapter 41.31A RCW is held to be invalid in a final determination of a court of law, and the court orders reinstatement of gain-sharing or other alternate benefits as a remedy, then retirement benefits for any member who has completed at least thirty service credit years and has attained age fifty-five but has not yet received the first installment of a retirement allowance under this subsection shall be computed using the reductions in (a) of this subsection. [2007 c 491 § 2; 2000 c 247 § 902; 1991 c 343 § 5; 1977 ex.s. c 293 § 4.]

Benefits not contractual right until September 1, 2008—2007 c 491: "The new benefits provided pursuant to sections 2(3)(b), 4(3)(b), 6(3)(b), and 8(3)(b), chapter 491, Laws of 2007 are not provided to employees as a matter of contractual right prior to September 1, 2008, and will not become a contractual right thereafter if the repeal of chapter 41.31A RCW is held to be invalid in a final determination of a court of law. The legislature retains the right to alter or abolish these benefits at any time prior to September 1, 2008." [2007 c 491 § 15.]

Severability—2007 c 491: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2007 c 491 § 18.]

Conflict with federal requirements—2007 c 491: "If any part of this act is found to be in conflict with a final determination by the federal internal revenue service that is a prescribed condition to favorable tax treatment of one or more of the retirement plans, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the individual members directly affected. This finding does not affect the operation of the remainder of this act in its application to the members concerned. The legislature reserves the right to amend or repeal this act in the future as may be required to comply with a final federal determination that amendment or repeal is necessary to maintain the favorable tax treatment of a plan." (2) For administrative efficiency, where a member elects to become a member of plan 3, or becomes a member of plan 3 by default under subsection (1) of this section, the member shall be reported to the department in plan 2, with member and employer contributions. Upon becoming a member of plan 3 by election or by default, all service credit shall be transferred to the member’s plan 3 defined benefit, and all employee accumulated contributions shall be transferred to the member’s plan 3 defined contribution account.

(3) The plan choice provision as set forth in section 3, chapter 491, Laws of 2007 was intended by the legislature as a replacement benefit for gain-sharing. Any member who retires under the provisions of this subsection is ineligible for the postretirement employment provisions of RCW 41.35.060(2) until the retired member has reached sixty-five years of age. For purposes of this subsection, employment with an employer also includes any personal service contract, service by an employer as a temporary or project employee, or any other similar compensated relationship with any employer included under the provisions of RCW 41.35.230(1).

The subsidized reductions for alternate early retirement in this subsection as set forth in section 8, chapter 491, Laws of 2007 were intended by the legislature as replacement benefits for gain-sharing. Until there is legal certainty with respect to the repeal of chapter 41.31A RCW, the right to retire under this subsection is noncontractual, and the legislature reserves the right to amend or repeal this subsection. Legal certainty includes, but is not limited to, the expiration of any: Applicable limitations on actions; and periods of time for seeking appellate review, up to and including reconsideration by the Washington supreme court and the supreme court of the United States. Until that time, eligible members may still retire under this subsection, and upon receipt of the first installment of a retirement allowance computed under this subsection, the resulting benefit becomes contractual for the recipient. If the repeal of chapter 41.31A RCW is held to be invalid in a final determination of a court of law, and the court orders reinstatement of gain-sharing or other alternate benefits as a remedy, then retirement benefits for any member who has completed at least thirty service credit years and has attained age fifty-five but has not yet received the first installment of a retirement allowance under this subsection shall be computed using the reductions in (a) of this subsec-

(ii) In any year in which a member serves in the legislature, the member shall have the option of having such member’s compensation earnable be the greater of:

(A) The compensation earnable the member would have received had such member not served in the legislature; or

Any additional contributions to the retirement system required because compensation earnable under (b)(ii)(A) of this subsection is greater than compensable service combined. 41.40.037 Service by retirees—Reduction of retirement allowance upon reemployment—Reestablishment of membership. (1)(a) If a retiree enters employment with an employer sooner than one calendar month after his or her accrual date, the retiree’s monthly retirement allowance will be reduced by five and one-half percent for every eight hours worked during that month. This reduction will be applied
each month until the retiree remains absent from employment with an employer for one full calendar month.

(b) The benefit reduction provided in (a) of this subsection will accrue for a maximum of one hundred sixty hours per month. Any benefit reduction over one hundred percent will be applied to the benefit the retiree is eligible to receive in subsequent months.

(2)(a) Except as provided in (b) of this subsection, a retiree from plan 1 who enters employment with an employer at least one calendar month after his or her accrual date may continue to receive pension payments while engaged in such service for up to eight hundred sixty-seven hours of service in a calendar year without a reduction of pension.

(b) A retiree from plan 1 who enters employment with an employer at least three calendar months after his or her accrual date and:

(i) Is hired pursuant to a written policy into a position for which the employer has documented a justifiable need to hire a retiree into the position;

(ii) Is hired through the established process for the position with the approval of: A school board for a school district; the chief executive officer of a state agency employer; the secretary of the Senate for the Senate; the chief clerk of the house of representatives for the house of representatives; the secretary of the Senate and the chief clerk of the house of representatives jointly for the joint legislative audit and review committee, the select committee on pension policy, the legislative evaluation and accountability program, the legislative systems committee, and the statute law committee; or according to rules adopted for the rehiring of retired plan 1 members for a local government employer;

(iii) The employer retains records of the procedures followed and decisions made in hiring the retiree, and provides those records in the event of an audit; and

(iv) The employee has not already rendered a cumulative total of more than one thousand nine hundred hours of service while in receipt of pension payments beyond an annual threshold of eight hundred sixty-seven hours; shall cease to receive pension payments while engaged in that service after the retiree has rendered service for more than one thousand five hundred hours in a calendar year. The one thousand nine hundred hour cumulative total under this subsection applies prospectively to those retiring after July 27, 2003, and retroactively to those who retired prior to July 27, 2003, and shall be calculated from the date of retirement.

(c) When a plan 1 member renders service beyond eight hundred sixty-seven hours, the department shall collect from the employer the applicable employer retirement contributions for the entire duration of the member’s employment during that calendar year.

(d) A retiree from plan 2 or plan 3 who has satisfied the break in employment requirement of subsection (1) of this section may work up to eight hundred sixty-seven hours in a calendar year in an eligible position, as defined in RCW 41.32.010, 41.35.010, 41.37.010, or 41.40.010, or as a fire fighter or law enforcement officer, as defined in RCW 41.26.030, without suspension of his or her benefit.

(3) If the retiree opts to reestablish membership under RCW 41.40.023(12), he or she terminates his or her retirement status and becomes a member. Retirement benefits shall not accrue during the period of membership and the individual shall make contributions and receive membership credit. Such a member shall have the right to again retire if eligible in accordance with RCW 41.40.180. However, if the right to retire is exercised to become effective before the member has rendered two uninterrupted years of service, the retirement formula and survivor options the member had at the time of the member’s previous retirement shall be reinstated.

(4) The department shall collect and provide the state actuary with information relevant to the use of this section for the select committee on pension policy.

(5) The legislature reserves the right to amend or repeal this section in the future and no member or beneficiary has a contractual right to be employed for more than five months in a calendar year without a reduction of his or her pension. If there is no designated person or persons still living at the time of the member’s death, the member’s death benefit shall be paid to the member’s surviving spouse as if in fact the spouse had been nominated by written designation, or if there is no surviving spouse, then to the member’s legal representatives.

41.40.113 Public safety employees’ retirement system—Election—Membership. (1) An employee who was a member of the public employees’ retirement system plan 2 or plan 3 before July 1, 2006, and on July 1, 2006, is employed by an employer as defined in RCW 41.37.010(4) and is an employee in a job class included in RCW 41.37.010(5), has the following options during the election period:

(3) During the election period, employees remain members of the public employees’ retirement system plan 2 or plan 3 until they elect to join the public safety employees’ retirement system. Members who make the election to join the public safety employees’ retirement system as described in subsection (7) of this section will have their membership begin prospectively from the date of their election.

(4) If after September 30, 2007, an employee has not made an election to join the public safety employees’ retirement system, he or she will remain in the public employees’ retirement system plan 2 or plan 3. [2007 c 294 § 2; 2004 c 242 § 5.]

41.40.124 Discontinuing judicial retirement account plan contributions—Additional benefit—One-time irrevocable election—Justices and judges. (1) Between January 1, 2007, and December 31, 2007, a member of plan 1 or plan 2 employed as a supreme court justice, court of appeals judge, or superior court judge may make a one-time irrevocable election, filed in writing with the member’s employer, the department, and the administrative office of the courts, to accrue an additional benefit equal to one and one-half percent of average final compensation for each year of future service credit from the date of the election in lieu of future employer contributions to the judicial retirement account plan under chapter 2.14 RCW.

(2) (a) A member who chooses to make the election under subsection (1) of this section may apply to the department to increase the member’s benefit multiplier by an additional one and one-half percent per year of service for the period in which the member served as a justice or judge prior to the election. The member may purchase, beginning with the most recent judicial service, the higher benefit multiplier for up to seventy percent of that portion of the member’s prior judicial service that would ensure that the member has no more than a seventy-five percent of average final compensation benefit accrued by age sixty-four for members of plan 1, and age sixty-six for members of plan 2. The member shall pay five percent of the salary earned for each month of service for which the higher benefit multiplier is being purchased, plus interest as determined by the director. The pur-

This payment must be made prior to retirement and prior to December 31, 2007. After December 31, 2007, a member may purchase the higher benefit multiplier for any of the member’s prior judicial service at the actuarially equivalent value of the increase in the member’s benefit resulting from the increase in the benefit multiplier, as determined by the director.

(b) Subject to rules adopted by the department, a member applying to increase the member’s benefit multiplier under this section may pay all or part of the cost with a lump sum payment, eligible rollover, direct rollover, or trustee-to-trustee transfer from an eligible retirement plan. The department shall adopt rules to ensure that all lump sum payments, rollovers, and transfers comply with the requirements of the internal revenue code and regulations adopted by the internal revenue service. The rules adopted by the department may condition the acceptance of a rollover or transfer from another plan on the receipt of information necessary to enable the department to determine the eligibility of any transferred funds for tax-free rollover treatment or other treatment under federal income tax law. [2007 c 123 § 2; 2006 c 189 § 6.]

Effective date—2006 c 189: See note following RCW 2.14.115.

(2)(a) A member who chooses to make the election under subsection (1) of this section may apply to the department to increase the member’s benefit multiplier by one and one-half percent per year of service for the period in which the member served as a judge prior to the election. The member may purchase, beginning with the most recent judicial service, the higher benefit multiplier for up to seventy percent of that portion of the member’s prior judicial service that would ensure that the member has no more than a seventy-five percent of average final compensation benefit accrued by age sixty-four for members of plan 1, and age sixty-six for members of plan 2. The member shall pay five percent of the salary earned for each month of service for which the higher benefit multiplier is being purchased, plus interest as determined by the director. The purchase price shall not exceed the actuarially equivalent value of the increase in the member’s benefit resulting from the increase in the benefit multiplier. This payment must be made prior to retirement and prior to December 31, 2007. After December 31, 2007, a member may purchase the higher benefit multiplier for any of the member’s prior judicial service at the actuarially equivalent value of the increase in the member’s benefit resulting from the increase in the benefit multiplier, as determined by the director.

(b) Subject to rules adopted by the department, a member applying to increase the member’s benefit multiplier under this section may pay all or part of the cost with a lump sum payment, eligible rollover, direct rollover, or trustee-to-trustee transfer from an eligible retirement plan. The department shall adopt rules to ensure that all lump sum payments, rollovers, and transfers comply with the requirements of the internal revenue code and regulations adopted by the internal revenue service. The rules adopted by the department may condition the acceptance of a rollover or transfer from another plan on the receipt of information necessary to enable the department to determine the eligibility of any transferred funds for tax-free rollover treatment or other treatment under federal income tax law. [2007 c 491 § 11.]

*Reviser’s note: RCW 41.31.010 was repealed by 2007 c 491 § 13, effective January 2, 2008.

(2) EARLY RETIREMENT. Any member who has completed at least twenty service credit years and has attained age fifty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.40.620, except that a member retiring pursuant to this subsection shall have the retirement allowance actuarially reduced to reflect the difference in the number of years between age at retirement and the attainment of age sixty-five.

Any member who retires under the provisions of this subsection is ineligible for the postretirement employment provisions of RCW 41.40.037(2)(d) until the retired member has reached sixty-five years of age. For purposes of this subsection, employment with an employer also includes any personal service contract, service by an employer as a temporary or project employee, or any other similar compensated relationship with any employer included under the provisions of RCW 41.40.690(1).

The subsidized reductions for alternate early retirement in this subsection as set forth in section 9, chapter 491, Laws of 2007 were intended by the legislature as replacement benefits for gain-sharing. Until there is legal certainty with respect to the repeal of chapter 41.31A RCW, the right to retire under this subsection is noncontractual, and the legislature reserves the right to amend or repeal this subsection. Legal certainty includes, but is not limited to, the expiration of any: Applicable limitations on actions; and periods of time for seeking appellate review, up to and including reconsideration by the Washington supreme court and the supreme court of the United States. Until that time, eligible members may still retire under this subsection, and upon receipt of the first installment of a retirement allowance computed under this subsection, the resulting benefit becomes contractual for the recipient. If the repeal of chapter 41.31A RCW is held to be invalid in a final determination of a court of law, and the court orders reinstatement of gain-sharing or other alternate benefits as a remedy, then retirement benefits for any member who has completed at least thirty service credit years and has attained age fifty-five but has not yet received the first installment of a retirement allowance under this subsection shall be computed using the reductions in (a) of this subsection. Benefits not contractual right until July 1, 2008—2007 c 491: "The new benefits provided pursuant to sections 9(3)(b) and 10(3)(b), chapter 491, Laws of 2007 are not provided to employees as a matter of contractual right prior to July 1, 2008, and will not become a contractual right thereafter if the repeal of chapter 41.31A RCW is held to be invalid in a final determination of a court of law. The legislature retains the right to alter or abolish these benefits at any time prior to July 1, 2008." [2007 c 491 § 16.]

If there be no such designated person or persons still living at the time of the member’s death, such member’s accumulated contributions standing to such member’s credit in the retirement system, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid to the mem-
member’s surviving spouse as if in fact such spouse had been
nominated by written designation, or if there be no such sur-
viving spouse, then to such member’s legal representatives.

(2) If a member who is eligible for retirement or a member
who has completed at least ten years of service dies, the
surviving spouse or eligible child or children shall elect to
receive one of the following:

(a) A retirement allowance computed as provided for in

Any member who retires under the provisions of this subsection is ineligible for the postretirement employment provisions of RCW 41.40.037(2)(d) until the retired member has reached sixty-five years of age. For purposes of this subsection, employment with an employer also includes any personal service contract, service by an employer as a temporary or project employee, or any other similar compensated relationship with any employer included under the provisions of RCW 41.40.850(1).

The subsidized reductions for alternate early retirement in this subsection as set forth in section 10, chapter 491, Laws of 2007 were intended by the legislature as replacement benefits for gain-sharing. Until there is legal certainty with respect to the repeal of chapter 41.31A RCW, the right to retire under this subsection is noncontractual, and the legislature reserves the right to amend or repeal this subsection. Legal certainty includes, but is not limited to, the expiration of any: Applicable limitations on actions; and periods of time for seeking appellate review, up to and including reconsideration by the Washington supreme court and the supreme court of the United States. Until that time, eligible members may still retire under this subsection, and upon receipt of the first installment of a retirement allowance computed under this subsection, the resulting benefit becomes contractual for the recipient. If the repeal of chapter 41.31A RCW is held to be invalid in a final determination of a court of law, and the court orders reinstatement of gain-sharing or other alternate benefits as a remedy, then retirement benefits for any member who has completed at least thirty service credit years and has attained age fifty-five but has not yet received the first installment of a retirement allowance under this subsection shall be computed using the reductions in (a) of this subsection. ### 41.40.873 Additional benefit for district or municipal court judges—One-time irrevocable election

(1) Between January 1, 2007, and December 31, 2007, a member of plan 3 employed as a district court judge or municipal court judge may make a one-time irrevocable election, filed in writing with the member’s employer and the department, to accrue an additional plan 3 defined benefit equal to six-tenths percent of average final compensation for each year of future service credit from the date of the election in lieu of future employer contributions to the judicial retirement account plan under chapter 2.14 RCW.

(2)(a) A member who chooses to make the election under subsection (1) of this section may apply to the department to increase the member’s benefit multiplier by six-tenths percent per year of service for the period in which the member served as a justice or judge prior to the election. The member may purchase, beginning with the most recent judicial service, the higher benefit multiplier for up to seventy percent of that portion of the member’s prior judicial service that would ensure that the member has no more than a thirty-seven and one-half percent of average final compensation benefit accrued by age sixty-six. The member shall pay two and one-half percent of the salary earned for each month of service for which the higher benefit multiplier is being purchased, plus interest as determined by the director. The purchase price shall not exceed the actuarially equivalent value of the increase in the member’s benefit resulting from the increase in the benefit multiplier. This payment must be made prior to retirement and prior to December 31, 2007. After December 31, 2007, a member may purchase the higher benefit multiplier for any of the member’s prior judicial service at the actuarially equivalent value of the increase in the member’s benefit resulting from the increase in the benefit multiplier, as determined by the director.

(2)(b) Subject to rules adopted by the department, a member applying to increase the member’s benefit multiplier under this section may pay all or part of the cost with a lump sum payment, eligible rollover, direct rollover, or trustee-to-trustee transfer from an eligible retirement plan. The department shall adopt rules to ensure that all lump sum payments, rollovers, and transfers comply with the requirements of the internal revenue code and regulations adopted by the internal revenue service. The rules adopted by the department may condition the acceptance of a rollover or transfer from another plan on the receipt of information necessary to enable the department to determine the eligibility of any transferred funds for tax-free rollover treatment or other treatment under federal income tax law.

(3) A member who chooses to make the election under subsection (1) of this section shall contribute a minimum of seven and one-half percent of pay to the member’s defined contribution account. [2007 c 123 § 3; 2006 c 189 § 8.]

**Effective date—2006 c 189:** See note following RCW 2.14.115.
Chapter 41.44  Title 41 RCW: Public Employment, Civil Service, and Pensions

31, 2007, a member may purchase the higher benefit multiplier for any of the member’s prior judicial service at the actuarially equivalent value of the increase in the member’s benefit resulting from the increase in the benefit multiplier, as determined by the director.

(b) Subject to rules adopted by the department, a member applying to increase the member’s benefit multiplier under this section may pay all or part of the cost with a lump sum payment, eligible rollover, direct rollover, or trustee-to-trustee transfer from an eligible retirement plan. The department shall adopt rules to ensure that all lump sum payments, rollovers, and transfers comply with the requirements of the internal revenue code and regulations adopted by the internal revenue service. The rules adopted by the department may condition the acceptance of a rollover or transfer from another plan on the receipt of information necessary to enable the department to determine the eligibility of any transferred funds for tax-free rollover treatment or other treatment under federal income tax law.

(3) A member who chooses to make the election under subsection (1) of this section shall contribute a minimum of seven and one-half percent of pay to the member’s defined contribution account. [2007 c 123 § 4; 2006 c 189 § 9.]

41.45.061 Required contribution rates for plan 2 members. (1) The required contribution rate for members of the plan 2 teachers’ retirement system shall be fixed at the rates in effect on July 1, 1996, subject to the following:

(a) Beginning September 1, 1997, except as provided in (b) of this subsection, the employee contribution rate shall not exceed the employer plan 2 and 3 rates adopted under RCW 41.45.060, *41.45.054, and 41.45.070 for the teachers’ retirement system;

(b) In addition, the employee contribution rate for plan 2 shall be increased by fifty percent of the contribution rate increase caused by any plan 2 benefit increase passed after July 1, 1996;

(c) In addition, the employee contribution rate for plan 2 shall not be increased as a result of any distributions pursuant to section 309, chapter 341, Laws of 1998 and **RCW 41.31A.020.

(2) The required contribution rate for members of the school employees’ retirement system plan 2 shall equal the school employees’ retirement system employer plan 2 and 3 contribution rate adopted under RCW 41.45.060, *41.45.054, and 41.45.070, except as provided in subsection (3) of this section.

(3) The member contribution rate for the school employees’ retirement system plan 2 shall be increased by fifty percent of the contribution rate increase caused by any plan 2 benefit increase passed after September 1, 2000.

(4) The required contribution rate for members of the public employees’ retirement system plan 2 shall be set at the same rate as the employer combined plan 2 and plan 3 rates.
41.45.0631 Contribution rate—Allocation of costs (as amended by 2007 c 300). (1) The allocation of costs between the employer and members of the Washington state patrol retirement system shall be made only after the application of any minimum total contribution rate that may be in effect for the system under subsection (4) of this section. For benefit improvements effective on or after July 1, 2007, costs shall be shared equally by members and the employer, and any cap on member contributions shall be adjusted accordingly. The member contribution rate shall be based on the adjusted total contribution rate described in subsection (2) of this section. Beginning July 1, 2001, the required member contribution rate for members of the Washington state patrol retirement system shall be (two percent or equal to the employer rate adopted under RCW 41.45.060 and 41.45.070 for the Washington state patrol retirement system, whichever is greater. The employee contribution rate shall not, however, include any increase as a result of any distributions pursuant to RCW **41.31A.020 and ***41.31A.030.

(2) The employer shall continue to pay for all costs attributable to distributions under RCW 43.43.270(2) for survivors of members who became disabled under RCW 43.43.040(2) prior to July 1, 2006, until such costs are fully paid. In order to avoid charging members for these costs, the total required contribution rate shall be adjusted to exclude these costs. The result of the adjustment shall be the adjusted total contribution rate that is to be used to calculate the required member contribution rate.

(3) The employer rate shall be the contribution rate required to cover all total system costs that are not covered by the member contribution rate.

(4) Beginning July 1, 2009, a minimum total contribution rate is established for the Washington state patrol retirement system. The total Washington state patrol retirement system contribution rate as adopted by the pension funding council and subject to revision by the legislature may exceed, but may not drop below, the established minimum total contribution rate. The minimum total contribution rate shall equal the total contribution rate required to fund seventy percent of the Washington state patrol retirement system’s normal cost as calculated under the entry age normal cost method. Upon completion of each biennial actuarial valuation, the state actuary shall review the appropriateness of this minimum total contribution rate and recommend to the legislature any adjustments as may be needed. FEDERAL SOCIAL SECURITY FOR PUBLIC EMPLOYEES

Sections

41.48.030 Agreement with secretary of health, education, and welfare.

41.48.030 Agreement with secretary of health, education, and welfare. (1) The governor is hereby authorized to enter on behalf of the state into an agreement with the secretary of health, education, and welfare consistent with the terms and provisions of this chapter, for the purpose of extending the benefits of the federal old-age and survivors insurance system to employees of the state or any political subdivision not members of an existing retirement system, or to members of a retirement system established by the state or by a political subdivision thereof or by an institution of higher learning with respect to services specified in such agreement which constitute "employment" as defined in RCW 41.48.020. Such agreement may contain such provisions relating to coverage, benefits, contributions, effective date, modification and termination of the agreement, administration relating to coverage, benefits, contributions, effective date, modification and termination of the agreement, administration, and other appropriate provisions as the governor and secretary of health, education, and welfare shall agree upon, but, except as may be otherwise required by or under the social security act as to the services to be covered, such agreement shall provide in effect that—

(a) Benefits will be provided for employees whose services are covered by the agreement (and their dependents and survivors) on the same basis as though such services constituted employment within the meaning of Title II of the social security act;

(b) The state will pay to the secretary of the treasury, at such time or times as may be prescribed under the social security act, contributions with respect to wages (as defined in RCW 41.48.020), equal to the sum of the taxes which would be imposed by the federal insurance contributions act if the services covered by the agreement constituted employment within the meaning of that act;

(c) Such agreement shall be effective with respect to services in employment covered by the agreement or modification thereof performed after a date specified therein but in no event may it be effective with respect to any such services performed prior to the first day of the calendar year immediately preceding the calendar year in which such agreement or modification of the agreement is accepted by the secretary of health, education and welfare;

(d) All services which constitute employment as defined in RCW 41.48.020 and are performed in the employment of the state by employees of the state, shall be covered by the agreement;

(e) All services which (i) constitute employment as defined in RCW 41.48.020, (ii) are performed in the employ of a political subdivision of the state, and (iii) are covered by a plan which is in conformity with the terms of the agreement and has been approved by the governor under RCW 41.48.050, shall be covered by the agreement; and

(f) As modified, the agreement shall include all services described in either paragraph (d) or paragraph (e) of this subsection and performed by individuals to whom section 218(c)(3)(C) of the social security act is applicable, and shall provide that the service of any such individual shall continue to be covered by the agreement in case he thereafter becomes eligible to be a member of a retirement system; and

(g) As modified, the agreement shall include all services described in either paragraph (d) or paragraph (e) of this subsection and performed by individuals in positions covered by a retirement system with respect to which the governor has issued a certificate to the secretary of health, education, and welfare pursuant to subsection (5) of this section;

(h) Law enforcement officers and firefighters of each political subdivision of this state who are covered by the Washington Law Enforcement Officers’ and Fire Fighters’ Retirement System Act (chapter 209, Laws of 1969 ex. sess.) as now in existence or hereafter amended shall constitute a separate "coverage group" for purposes of the agreement entered into under this section and for purposes of section 218 of the social security act. To the extent that the agreement between this state and the federal secretary of health, education, and welfare, in existence on the date of adoption of this subsection is inconsistent with this subsection, the governor shall seek to modify the inconsistency.

(2) Any instrumentality jointly created by this state and any other state or states is hereby authorized, upon the granting of like authority by such other state or states, (a) to enter into an agreement with the secretary of health, education, and welfare whereby the benefits of the federal old-age and survivors insurance system shall be extended to employees of such instrumentality, (b) to require its employees to pay (and for that purpose to deduct from their wages) contributions equal to the amounts which they would be required to pay under RCW 41.48.040(1) if they were covered by an agreement made pursuant to subsection (1) of this section, and (c) to make payments to the secretary of the treasury in accordance with such agreement, including payments from its own funds, and otherwise to comply with such agreements. Such agreement shall, to the extent practicable, be consistent with the terms and provisions of subsection (1) and other provisions of this chapter.

(3) The governor is empowered to authorize a referendum, and to designate an agency or individual to supervise its conduct, in accordance with the requirements of section 218(d)(3) of the social security act, and subsection (4) of this section on the question of whether service in all positions covered by a retirement system established by the state or by a political subdivision thereof should be excluded from or included under an agreement under this chapter. If a retirement system covers positions of employees of the state of Washington, of the institutions of higher learning, and positions of employees of one or more of the political subdivisions of the state, then for the purpose of the referendum as provided herein, there may be deemed to be a separate retirement system with respect to employees of the state, or any one or more of the political subdivisions, or institutions of higher learning and the governor shall authorize a referendum upon request of the subdivisions’ or institutions’ of
higher learning governing body: PROVIDED HOWEVER, That if a referendum of state employees generally fails to produce a favorable majority vote then the governor may authorize a referendum covering positions of employees in any state department who are compensated in whole or in part from grants made to this state under Title III of the federal social security act: PROVIDED, That any city or town affiliated with the statewide city employees retirement system organized under chapter 41.44 RCW may at its option agree to a plan submitted by the board of trustees of said statewide city employees retirement system for inclusion under an agreement under this chapter if the referendum to be held as provided herein indicates a favorable result: PROVIDED FURTHER, That the teachers’ retirement system be considered one system for the purpose of the referendum except as applied to the several *colleges of education. The notice of referendum required by section 218(d)(3)(C) of the social security act to be given to employees shall contain or shall be accompanied by a statement, in such form and such detail as the agency or individual designated to supervise the referendum shall deem necessary and sufficient, to inform the employees of the rights which will accrue to them and their dependents and survivors, and the liabilities to which they will be subject, if their services are included under an agreement under this chapter.

(4) The governor, before authorizing a referendum, shall require the following conditions to be met:

(a) The referendum shall be by secret written ballot on the question of whether service in positions covered by such retirement system shall be excluded from or included under the agreement between the governor and the secretary of health, education, and welfare provided for in RCW 41.48.030(1);

(b) An opportunity to vote in such referendum shall be given and shall be limited to eligible employees;

(c) Not less than ninety days’ notice of such referendum shall be given to all such employees;

(d) Such referendum shall be conducted under the supervision of the governor or of an agency or individual designated by the governor;

(e) The proposal for coverage shall be approved only if a majority of the eligible employees vote in favor of including services in such positions under the agreement;

(f) The state legislature, in the case of a referendum affecting the rights and liabilities of state employees covered under the state employees’ retirement system and employees under the teachers’ retirement system, and in all other cases the local legislative authority or governing body, shall have specifically approved the proposed plan and approved any necessary structural adjustment to the existing system to conform with the proposed plan.

(5) Upon receiving satisfactory evidence that with respect to any such referendum the conditions specified in subsection (4) of this section and section 218(d)(3) of the social security act have been met, the governor shall so certify to the secretary of health, education, and welfare.

(6) If the legislative body of any political subdivision of this state certifies to the governor that a referendum has been held under the terms of RCW 41.48.050(1)(i) and gives notice to the governor of termination of social security for any coverage group of the political subdivision, the governor shall give two years advance notice in writing to the federal department of health, education, and welfare of such termination of the agreement entered into under this section with respect to said coverage group. 41.50.033 Crediting interest to retirement system accounts. (1) The director shall determine when interest, if provided by a plan, shall be credited to accounts in the public employees’ retirement system, the teachers’ retirement system, the school employees’ retirement system, the public safety employees’ retirement system, the law enforcement officers’ and firefighters’ retirement system, or the Washington state patrol retirement system. The amounts to be credited and the methods of doing so shall be at the director’s discretion, except that if interest is credited, it shall be done at least quarterly.

(2) Interest as determined by the director under this section is “regular interest” as defined in RCW 41.40.010(15), 41.32.010(23), 41.35.010(12), 41.37.010(12), 41.26.030(23), and 43.43.120(8).

(3) The legislature affirms that the authority of the director under RCW 41.40.020 and 41.50.030 includes the authority and responsibility to establish the amount and all conditions for regular interest, if any. 41.54.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Base salary" means salaries or wages earned by a member of a system during a payroll period for personal services and includes wages and salaries deferred under provisions of the United States internal revenue code, but shall exclude overtime payments, nonmoney maintenance compensation, and lump sum payments for deferred annual sick leave, unused accumulated vacation, unused accumulated annual leave, any form of severance pay, any bonus for vol-
untary retirement, any other form of leave, or any similar lump sum payment; except that forms of payment which are excluded under this subsection shall be included in base salary when reportable to the department in all of a dual member’s retirement systems, and when none of the dual member’s retirement systems are the Washington state patrol retirement system.

(2) "Department" means the department of retirement systems.

(3) "Director" means the director of the department of retirement systems.

(4) "Dual member" means a person who (a) is or becomes a member of a system on or after July 1, 1988, (b) has been a member of one or more other systems, and (c) has never been retired for service from a retirement system and is not receiving a disability retirement or disability leave benefit from any retirement system listed in RCW 41.50.030 or subsection (6) of this section.

(5) "Service" means the same as it may be defined in each respective system. For the purposes of RCW 41.54.030, military service granted under RCW 41.40.170(3) or 43.43.260 may only be based on service accrued under chapter 41.40 or 43.43 RCW, respectively.

(6) "System" means the retirement systems established under chapters 41.32, 41.40, 41.44, 41.35, 41.37, and 43.43 RCW; plan 2 of the system established under chapter 41.26 RCW; and the city employee retirement systems for Seattle, Tacoma, and Spokane. Effective date—1998 c 341: See RCW 41.35.901.

41.54.030 Calculation of service retirement allowance. (1) A dual member may combine service in all systems for the purpose of:

(a) Determining the member’s eligibility to receive a service retirement allowance; and

(b) Qualifying for a benefit under RCW 41.26.530(2), 41.32.840(2), 41.35.620, or 41.40.790.

(2) A dual member who is eligible to retire under any system may elect to retire from all the member’s systems and to receive service retirement allowances calculated as provided in this section. Each system shall calculate the allowance using its own criteria except that the member shall be allowed to substitute the member’s base salary from any system as the compensation used in calculating the allowance.

(3) The service retirement allowances from a system which, but for this section, would not be allowed to be paid at this date based on the dual member’s age may be received immediately or deferred to a later date. The allowances shall be actuarially adjusted from the earliest age upon which the combined service would have made such dual member eligible in that system.

(4) The service retirement eligibility requirements of RCW 41.40.180 shall apply to any dual member whose prior system is plan 1 of the public employees’ retirement system established under chapter 41.40 RCW. 41.54.070 Benefits under chapter—Minimum and maximum. (1) The benefit granted by this chapter shall not result in a total benefit less than would have been received absent such benefit.

(2) The total sum of the retirement allowances received under this chapter shall not exceed the largest amount the dual member would receive if all the service had been rendered in any one system. When calculating the maximum benefit a dual member would receive: (a) Military service granted under RCW 41.40.170(3) or 43.43.260 shall be based only on service accrued under chapter 41.40 or 43.43 RCW, respectively; and (b) the calculation shall be made assuming that the dual member did not defer any allowances pursuant to RCW 41.54.030(3). When a dual member’s combined retirement allowances would exceed the limitation imposed by this subsection, the allowances shall be reduced by the systems on a proportional basis, according to service. The limitation imposed by this subsection shall not apply to a dual member with:

(i) Less than fifteen years of service credit in a plan with a retirement benefit cap as defined by the department; and

(ii) Service credit in a plan with no retirement benefit cap. [2007 c 207 § 3; 1996 c 55 § 6; 1988 c 195 § 4; 1987 c 192 § 7.]

(3) Institutions of higher education and the exclusive bargaining representatives shall not agree to any proposal that would prevent the implementation of approved affirmative action plans or that would be inconsistent with the comparable worth agreement that provided the basis for the salary changes implemented beginning with the 1983-1985 biennium to achieve comparable worth.

(1) In addition to the entities listed in RCW 41.56.020, this chapter applies to the governor with respect to family child care providers. Solely for the purposes of collective bargaining and as expressly limited under subsections (2) and (3) of this section, the governor is the public employer of family child care providers who, solely for the purposes of collective bargaining, are public employees. The public employer shall be represented for bargaining purposes by the governor or the governor’s designee appointed under chapter 41.80 RCW.

(2) This chapter governs the collective bargaining relationship between the governor and family child care providers, except as follows:

(a) A statewide unit of all family child care providers is the only unit appropriate for purposes of collective bargaining under RCW 41.56.060.

(b) The exclusive bargaining representative of family child care providers in the unit specified in (a) of this subsection shall be the representative chosen in an election conducted pursuant to RCW 41.56.070, except that in the initial election conducted under chapter 54, Laws of 2006, if more than one labor organization is on the ballot and none of the choices receives a majority of the votes cast, a run-off election shall be held.

(c) Notwithstanding the definition of "collective bargaining" in RCW 41.56.030(4), the scope of collective bargaining for child care providers under this section shall be limited solely to: (i) Economic compensation, such as manner and rate of subsidy and reimbursement, including tiered reimbursements; (ii) health and welfare benefits; (iii) professional development and training; (iv) labor-management committees; (v) grievance procedures; and (vi) other economic matters. (e) Family child care providers do not have the right to strike.

(3) Family child care providers who are public employees solely for the purposes of collective bargaining under subsection (1) of this section are not, for that reason, employees of the state for any purpose. This section applies only to the governance of the collective bargaining relationship between the employer and family child care providers as provided in subsections (1) and (2) of this section.

(4) This section does not create or modify:

(a) The parents’ or legal guardians’ right to choose and terminate the services of any family child care provider that provides care for their child or children;
41.56.029 Application of chapter to adult family home providers—Governor as public employer—Procedure—Intent. Solely for the purposes of collective bargaining and as expressly limited under subsections (2) and (3) of this section, the governor is the public employer of adult family home providers who, solely for the purposes of collective bargaining, are public employees. The public employer shall be represented for bargaining purposes by the governor or the governor’s designee.

(2) There shall be collective bargaining, as defined in RCW 41.56.030, between the governor and adult family home providers, except as follows:

(a) A statewide unit of all adult family home providers is the only unit appropriate for purposes of collective bargaining under RCW 41.56.060.

(b) The exclusive bargaining representative of adult family home providers in the unit specified in (a) of this subsection shall be the representative chosen in an election conducted pursuant to RCW 41.56.070.

Bargaining authorization cards furnished as the showing of interest in support of any representation petition or motion for intervention filed under this section shall be exempt from disclosure under chapter 42.56 RCW.

(c) Notwithstanding the definition of “collective bargaining” in RCW 41.56.030(4), the scope of collective bargaining for adult family home providers under this section shall be limited solely to: (i) Economic compensation, such as manner and rate of subsidy and reimbursement, including tiered reimbursements; (ii) health and welfare benefits; (iii) professional development and training; (iv) labor-management committees; (v) grievance procedures; and (vi) other economic matters. Retirement benefits shall not be subject to collective bargaining. By such obligation neither party shall be compelled to agree to a proposal or be required to make a concession unless otherwise provided in this chapter.

(d) In addition to the entities listed in the mediation and interest arbitration provisions of RCW 41.56.430 through 41.56.470 and 41.56.480, the provisions apply to the governor or the governor’s designee and the exclusive bargaining representative of adult family home providers, except that:

(i) In addition to the factors to be taken into consideration by an interest arbitration panel under RCW 41.56.465, the panel shall consider the financial ability of the state to pay for the compensation and benefit provisions of a collective bargaining agreement.

(ii) The decision of the arbitration panel is not binding on the legislature and, if the legislature does not approve the request for funds necessary to implement the compensation and benefit provisions of the arbitrated collective bargaining agreement, the decision is not binding on the state.
(e) Adult family home providers do not have the right to strike.

(3) Adult family home providers who are public employees solely for the purposes of collective bargaining under subsection (1) of this section are not, for that reason, employees of the state for any other purpose. This section applies only to the governance of the collective bargaining relationship between the employer and adult family home providers as provided in subsections (1) and (2) of this section.

(4) This section does not create or modify:

(a) The department’s authority to establish a plan of care for each consumer or its core responsibility to manage long-term care services under chapter 70.128 RCW, including determination of the level of care that each consumer is eligible to receive. However, at the request of the exclusive bargaining representative, the governor or the governor’s designee appointed under chapter 41.80 RCW shall engage in collective bargaining, as defined in RCW 41.56.030(4), with the exclusive bargaining representative over how the department’s core responsibility affects hours of work for adult family home providers. This subsection shall not be interpreted to require collective bargaining over an individual consumer’s plan of care;

(b) The department’s obligation to comply with the federal Medicaid statute and regulations and the terms of any community-based waiver granted by the federal department of health and human services and to ensure federal financial participation in the provision of the services;

(c) The legislature’s right to make programmatic modifications to the delivery of state services under chapter 70.128 RCW, including standards of eligibility of consumers and adult family home providers participating in the programs under chapter 70.128 RCW, and the nature of services provided. The governor shall not enter into, extend, or renew any agreement under this chapter that does not expressly reserve the legislative rights described in this subsection (4)(c);

(d) The residents’, parents’, or legal guardians’ right to choose and terminate the services of any licensed adult family home provider; and

(e) RCW 43.43.832, 43.20A.205, or 74.15.130.

(5) Upon meeting the requirements of subsection (6) of this section, the governor must submit, as a part of the proposed biennial or supplemental operating budget submitted to the legislature under RCW 43.88.030, a request for funds necessary to implement the compensation and benefit provisions of a collective bargaining agreement entered into under this section or for legislation necessary to implement the agreement.

(6) A request for funds necessary to implement the compensation and benefit provisions of a collective bargaining agreement entered into under this section shall not be submitted by the governor to the legislature unless the request has been:

(a) Submitted to the director of financial management by October 1st prior to the legislative session at which the requests are to be considered; and

(b) Certified by the director of financial management as financially feasible for the state or reflective of a binding decision of an arbitration panel reached under subsection (2)(d) of this section.

42.17.400 Enforcement. (1) The attorney general and the prosecuting authorities of political subdivisions of this state may bring civil actions in the name of the state for any appropriate civil remedy, including but not limited to the special remedies provided in RCW 42.17.390.

(2) The attorney general and the prosecuting authorities of political subdivisions of this state may investigate or cause to be investigated the activities of any person who there is reason to believe is or has been acting in violation of this chapter, and may require any such person or any other person reasonably believed to have information concerning the activities of such person to appear at a time and place designated in the county in which such person resides or is found, to give such information under oath and to produce all accounts, bills, receipts, books, paper and documents which may be relevant or material to any investigation authorized under this chapter.

(3) When the attorney general or the prosecuting authority of any political subdivision of this state requires the attendance of any person to obtain such information or the production of the accounts, bills, receipts, books, papers, and documents which may be relevant or material to any investigation authorized under this chapter, he shall issue an order setting forth the time when and the place where attendance is required and shall cause the same to be delivered to or sent by registered mail to the person at least fourteen days before the date fixed for attendance. Such order shall have the same force and effect as a subpoena, shall be effective statewide, and, upon application of the attorney general or said prosecuting authority, obedience to the order may be enforced by any superior court judge in the county where the person receiving it resides or is found, in the same manner as though the order were a subpoena. The court, after hearing, for good cause, and upon application of any person aggrieved by the order, shall have the right to alter, amend, revise, suspend, or postpone all or any part of its provisions. In any case where the order is not enforced by the court according to its terms, the reasons for the court’s actions shall be clearly stated in writing, and such action shall be subject to review by the appellate courts by certiorari or other appropriate proceeding.

(4) Any person who has notified the attorney general and the prosecuting attorney in the county in which the violation occurred in writing that there is reason to believe that some provision of this chapter is being or has been violated may himself bring in the name of the state any of the actions (hereinafter referred to as a citizen’s action) authorized under this chapter.

(a) This citizen action may be brought only if:

(i) The attorney general and the prosecuting attorney have failed to commence an action hereunder within forty-five days after such notice;

(ii) Such person has thereafter further notified the attorney general and prosecuting attorney that said person will commence a citizen’s action within ten days upon their failure so to do;

(iii) The attorney general and the prosecuting attorney have in fact failed to bring such action within ten days of receipt of said second notice; and

(iv) The citizen’s action is filed within two years after the date when the alleged violation occurred.

(b) If the person who brings the citizen’s action prevails, the judgment awarded shall escheat to the state, but he shall be entitled to be reimbursed by the state of Washington for costs and attorney’s fees he has incurred: PROVIDED, That in the case of a citizen’s action which is dismissed and which the court also finds was brought without reasonable cause, the court may order the person commencing the action to pay all costs of trial and reasonable attorney’s fees incurred by the defendant.

(5) In any action brought under this section, the court may award to the state all costs of investigation and trial, including a reasonable attorney’s fee to be fixed by the court. If the violation is found to have been intentional, the amount of the judgment, which shall for this purpose include the costs, may be trebled as punitive damages. If damages or trebled damages are awarded in such an action brought against a lobbyist, the judgment may be awarded against the lobbyist, and the lobbyist’s employer or employers joined as defendants, jointly, severally, or both. If the defendant prevails, he shall be awarded all costs of trial, and may be awarded a reasonable attorney’s fee to be fixed by the court to be paid by the state of Washington. (1) A labor organization may not use agency shop fees paid by an individual who is not a member of the organization to make contributions or expenditures to influence an election or to operate a political committee, unless affirmatively authorized by the individual.

(2) A labor organization does not use agency shop fees when it uses its general treasury funds to make such contributions or expenditures if it has sufficient revenues from sources other than agency shop fees in its general treasury to fund such contributions or expenditures. [2007 c 438 § 1; 1993 c 2 § 16 (Initiative Measure No. 134, approved November 3, 1992).]

Chapter 42.23 RCW  
CODE OF ETHICS FOR MUNICIPAL OFFICERS—CONTRACT INTERESTS

Sections 42.23.030 Interest in contracts prohibited—Exceptions.

42.23.030 Interest in contracts prohibited—Exceptions. No municipal officer shall be beneficially interested, directly or indirectly, in any contract which may be made by, through or under the supervision of such officer, in whole or in part, or which may be made for the benefit of his or her office, or accept, directly or indirectly, any compensation, gratuity or reward in connection with such contract from any other person beneficially interested therein. This section shall not apply in the following cases:

(1) The furnishing of electrical, water or other utility services by a municipality engaged in the business of furnishing such services, at the same rates and on the same terms as are available to the public generally;

(2) The designation of public depositaries for municipal funds;

(3) The publication of legal notices required by law to be published by any municipality, upon competitive bidding or at rates not higher than prescribed by law for members of the general public;

(4) The designation of a school director as clerk or as both clerk and purchasing agent of a school district;

(5) The employment of any person by a municipality for unskilled day labor at wages not exceeding two hundred dollars in any calendar month. The exception provided in this subsection does not apply to a county with a population of one hundred twenty-five thousand or more, a city with a population of more than one thousand five hundred, an irrigation district encompassing more than fifty thousand acres, or a first class school district;

(6)(a) The letting of any other contract in which the total amount received under the contract or contracts by the municipal officer or the municipal officer’s business does not exceed one thousand five hundred dollars in any calendar month.

(b) However, in the case of a particular officer of a second class city or town, or a noncharter optional code city, or a member of any county fair board in a county which has not established a county purchasing department pursuant to RCW 36.32.240, the total amount of such contract or contracts authorized in this subsection (6) may exceed one thousand five hundred dollars in any calendar month but shall not exceed eighteen thousand dollars in any calendar year.

(c)(i) In the case of a particular officer of a rural public hospital district, as defined in RCW 70.44.460, the total amount of such contract or contracts authorized in this subsection (6) may exceed one thousand five hundred dollars in any calendar month, but shall not exceed twenty-four thousand dollars in any calendar year.

(ii) At the beginning of each calendar year, beginning with the 2006 calendar year, the legislative authority of the rural public hospital district shall increase the calendar year limitation described in this subsection (6)(c) by an amount equal to the dollar amount for the previous calendar year multiplied by the change in the consumer price index as of the close of the twelve-month period ending December 31st of that previous calendar year. If the new dollar amount established under this subsection is not a multiple of ten dollars, the increase shall be rounded to the next lowest multiple of ten dollars. As used in this subsection, "consumer price index" means the consumer price index compiled by the bureau of labor statistics, United States department of labor for the state of Washington. If the bureau of labor statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used.

(d) The exceptions provided in this subsection (6) do not apply to:

(i) A sale or lease by the municipality as the seller or lessor;

(ii) The letting of any contract by a county with a population of one hundred twenty-five thousand or more, a city with a population of ten thousand or more, or an irrigation district encompassing more than fifty thousand acres; or

(iii) Contracts for legal services, except for reimbursement of expenditures.

(e) The municipality shall maintain a list of all contracts that are awarded under this subsection (6). The list must be made available for public inspection and copying.

(7) The leasing by a port district as lessor of port district property to a municipal officer or to a contracting party in which a municipal officer may be beneficially interested, if in addition to all other legal requirements, a board of three disinterested appraisers and the superior court in the county where the property is situated finds that all terms and conditions of such lease are fair to the port district and are in the public interest. The appraisers must be appointed from members of the American Institute of Real Estate Appraisers by the presiding judge of the superior court;

(8) The letting of any employment contract for the driving of a school bus in a second class school district if the terms of such contract are commensurate with the pay plan or collective bargaining agreement operating in the district;

(9) The letting of an employment contract as a substitute teacher or substitute educational aide to an officer of a second class school district that has two hundred or fewer full-time equivalent students, if the terms of the contract are commensurate with the pay plan or collective bargaining agreement operating in the district and the board of directors has found, consistent with the written policy under RCW 28A.330.240, that there is a shortage of substitute teachers in the school district;

(10) The letting of any employment contract to the spouse of an officer of a school district, when such contract is solely for employment as a substitute teacher for the school district. This exception applies only if the terms of the contract are commensurate with the pay plan or collective bargaining agreement applicable to all district employees and the board of directors has found, consistent with the written policy under RCW 28A.330.240, that there is a shortage of substitute teachers in the school district;

(11) The letting of any employment contract to the spouse of an officer of a school district if the spouse was under contract as a certificated or classified employee with the school district before the date in which the officer
assumes office and the terms of the contract are commensurate with the pay plan or collective bargaining agreement operating in the district. However, in a second class school district that has less than two hundred full-time equivalent students enrolled at the start of the school year as defined in RCW 28A.150.040, the spouse is not required to be under contract as a certificated or classified employee before the date on which the officer assumes office;

(12) The authorization, approval, or ratification of any employment contract with the spouse of a public hospital district commissioner if: (a) The spouse was employed by the public hospital district before the date the commissioner was initially elected; (b) the terms of the contract are commensurate with the pay plan or collective bargaining agreement operating in the district for similar employees; (c) the interest of the commissioner is disclosed to the board of commissioners and noted in the official minutes or similar records of the public hospital district prior to the letting or continuation of the contract; and (d) the commissioner does not vote on the authorization, approval, or ratification of the contract or any conditions in the contract.

A municipal officer may not vote in the authorization, approval, or ratification of a contract in which he or she is beneficially interested even though one of the exemptions allowing the awarding of such a contract applies. The interest of the municipal officer must be disclosed to the governing body of the municipality and noted in the official minutes or similar records of the municipality before the formation of the contract. [2007 c 298 § 1; 2006 c 121 § 1; 2005 c 114 § 1; 1999 c 261 § 2; 1997 c 98 § 1; 1996 c 246 § 1. Findings—Intent—1999 c 261: "The legislature finds that:
(1) The current statutes pertaining to municipal officers' beneficial interest in contracts are quite confusing and have resulted in some inadvertent violations of the law.
(2) The dollar thresholds for many of the exemptions have not been changed in over thirty-five years, and the restrictions apply to the total amount of the contract instead of the portion of the contract that pertains to the business operated by the municipal officer.
(3) The confusion existing over these current statutes discourages some municipalities from accessing some efficiencies available to them.

Therefore, it is the intent of the legislature to clarify the statutes pertaining to municipal officers and contracts to and on reasonable protections against inappropriate conflicts of interest." [1999 c 261 § 1.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

Severability—1989 c 263: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1989 c 263 § 3.]

Severability—1980 c 39: "If any provision of this amending act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1980 c 39 § 3.]

from state employees or businesses and organizations that have no business dealings with the soliciting employee's agency. For the purposes of this subsection, "business dealings" includes being subject to regulation by the agency, having a contractual relationship with the agency, and purchasing goods or services from the agency.

(2) For purposes of this section, activities are deemed to be charitable if the activities are devoted to the purposes authorized under RCW 9.46.0209 for charitable and nonprofit organizations listed in that section, or are in support of the activities of those charitable or nonprofit organizations. (2) "Public record" includes any writing containing information relating to the conduct of government or the performance of any governmental or proprietary function prepared, owned, used, or retained by any state or local agency regardless of physical form or characteristics. For the office of the secretary of the senate and the office of the chief clerk of the house of representatives, public records means legislative records as defined in RCW 40.14.100 and also means the following: All budget and financial records; personnel leave, travel, and payroll records; records of legislative sessions; reports submitted to the legislature; and any other record designated a public record by any official action of the senate or the house of representatives.

(3) "Writing" means handwriting, typewriting, printing, photostating, photographing, and every other means of recording any form of communication or representation including, but not limited to, letters, words, pictures, sounds, or symbols, or combination thereof, and all papers, maps, magnetic or paper tapes, photographic films and prints, motion picture, film and video recordings, magnetic or punched cards, discs, drums, diskettes, sound recordings, and other documents including existing data compilations from which information may be obtained or translated. [2007 c 197 § 1; 2005 c 274 § 101.]

42.56.030 Construction. The people of this state do not yield their sovereignty to the agencies that serve them. The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not good for them to know. The people insist on remaining informed so that they may maintain control over the instruments that they have created. This chapter shall be liberally construed and its exemptions narrowly construed to promote this public policy and to assure that the public interest will be fully protected. In the event of conflict between the provisions of this chapter and any other act, the provisions of this chapter shall govern. [2007 c 197 § 2; 2005 c 274 § 283; 1992 c 139 § 2. Formerly RCW 42.17.251.]

[2007 c 198 § 2.]

Finding—2007 c 198: “The legislature recognizes that public disclosure exemptions are enacted to meet objectives that are determined to be in the public interest. Given the changing nature of information technology and management, recordkeeping, and the increasing number of public disclosure exemptions, the legislature finds that periodic reviews of public disclosure exemptions are needed to determine if each exemption serves the public interest.” [2007 c 198 § 1]

The disclosure shall be made in the most expeditious possible and without unreasonable delay, consistent with the legitimate needs of law enforcement, as provided in subsection (3) of this section, or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system.

(b) For purposes of this section, "agency" means the same as in RCW 42.56.010.

(2) Any agency that maintains computerized data that includes personal information that the agency does not own shall notify the owner or licensee of the information of any breach of the security of the data immediately following discovery, if the personal information was, or is reasonably believed to have been, acquired by an unauthorized person.

(3) The notification required by this section may be delayed if a law enforcement agency determines that the notification will impede a criminal investigation. The notification required by this section shall be made after the law enforcement agency determines that it will not compromise the investigation.

(4) For purposes of this section, "breach of the security of the system" means unauthorized acquisition of computerized data that compromises the security, confidentiality, or integrity of personal information maintained by the agency. (9) Any waiver of the provisions of this section is contrary to public policy, and is void and unenforceable.
(10)(a) Any customer injured by a violation of this section may institute a civil action to recover damages.

**42.56.904 Intent—2007 c 391.** It is the intent of the legislature to clarify that no reasonable construction of chapter 42.56 RCW has ever allowed attorney invoices to be withheld in their entirety by any public entity in a request for documents under that chapter. It is further the intent of the legislature that specific descriptions of work performed be redacted only if they would reveal an attorney’s mental impressions, actual legal advice, theories, or opinions, or are otherwise exempt under chapter 391, Laws of 2007 or other laws, with the burden upon the public entity to justify each redaction and narrowly construe any exception to full disclosure. The legislature intends to clarify that the public’s interest in open, accountable government includes an accounting of any expenditure of public resources, including through liability insurance, upon private legal counsel or private consultants. [2007 c 391 § 1.]

The tribal cigarette tax is in lieu of the state cigarette and state and local sales and use taxes, as provided in RCW 43.06.455(3).

(2) A cigarette tax contract under this section is subject to RCW 43.06.455. [2007 c 320 § 1; 2005 c 208 § 1; 2003 c 236 § 1; 2002 c 87 § 1; 2001 2nd sp.s. c 21 § 1; 2001 c 235 § 3.]

Effective date—2007 c 320: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2007." [2007 c 320 § 2.]

43.06.475 Timber harvest excise tax agreements. (1) The governor may enter into timber harvest excise tax agreements concerning the harvest of timber. All timber harvest excise tax agreements must meet the requirements for timber harvest excise tax agreements under this section. The terms of a timber harvest excise tax agreement are not effective unless the agreement is authorized in RCW 43.06.480.

(2) Timber harvest excise tax agreements shall be in regard to timber harvests on fee land within the exterior boundaries of the reservation of the Indian tribe and are not in regard to timber harvests on trust land or land owned by the tribe within the exterior boundaries of the reservation.

(3) The agreement must provide that the tribal tax shall be credited against the state and county taxes imposed under RCW 84.33.041 and 84.33.051.

(4) Tribal ordinances for timber harvest excise taxation, or other authorizing tribal laws, which implement the timber harvest excise tax agreement with the state, must incorporate or contain provisions identical to chapter 84.33 RCW that relate to the tax rates and measures, such as stumpage values.

(5) Timber harvest excise tax agreements must be for renewable periods of no more than eight years.

(6) Timber harvest excise tax agreements must include provisions for compliance, such as inspection procedures, recordkeeping, and audit requirements.

(7) Tax revenue retained by the tribe must be used for essential government services. Use of tax revenue for subsidization of timber harvesters is prohibited.

(8) The timber harvest excise tax agreement may include provisions to resolve disputes using a nonjudicial process, such as mediation.

(9) The governor may delegate the power to negotiate the timber harvest excise tax agreements to the department of revenue.

(10) Information received by the state or open to state review under the terms of a timber harvest excise tax agreement is subject to the provisions of RCW 82.32.330. The department of revenue may enter into an information sharing agreement with the tribe to facilitate sharing information to improve tax collection.

(11) The timber harvest excise tax agreement must include dispute resolution procedures, contract termination procedures, and provisions delineating the respective roles and responsibilities of the tribe and the department of revenue.

[2007 RCW Supp—page 469]
(12) The timber harvest excise tax agreement must include provisions to require taxpayers to submit information that may be required by the department of revenue or tribe.

(13) For the purposes of this section:
(a) "Essential government services" means services such as forest land management; protection, enhancement, regulation, and stewardship of forested land; land consolidation; tribal administration; public facilities; fire; police; public health; education; job services; sewer; water; environmental and land use; transportation; utility services; and public facilities serving economic development purposes as those terms are defined in RCW 82.14.370(3)(c);
(b) "Forest land" has the same meaning as in RCW 84.33.035;
(c) "Harvester" has the same meaning as in RCW 84.33.035;
(d) "Indian tribe" or "tribe" means a federally recognized Indian tribe located within the geographical boundaries of the state of Washington; and
(e) "Timber" has the same meaning as in RCW 84.33.035. [2007 c 69 § 2.]

Findings—Intent—2007 c 69: "The legislature finds that in certain areas of taxation, where both a tribe and the state have jurisdiction and where there are challenges to administering a tax, tax agreements between the state and a tribe are a sound approach to resolving issues and simplifying processes. The legislature specifically recognizes that in the area of the timber excise tax, within the boundaries of the Quinault Reservation, the state faces challenges due to access to land and access to taxpayers. The activity being taxed takes place entirely within the reservation and is regulated by the tribe and by the state. The legislature therefore finds that shifting from a state administered tax, to a tribal tax credited against the state tax, will bring benefits such as consistent taxation, improved forest practices and water quality, improved fisheries, and sustainability. The legislature intends to further the benefits such as consistent taxation, improved forest practices and water quality, improved fisheries, and sustainability. The legislature intends to further the government-to-government relationship between the state of Washington and the Quinault Nation by authorizing the governor to enter into an agreement related to timber harvest excise taxes." [2007 c 69 § 1.]

43.06.480  Timber harvest excise tax agreements—Quinault Nation. (1) The governor is authorized to enter into a timber harvest excise tax agreement with the Quinault Nation. Agreements adopted under this section must provide that the tribal timber harvest excise tax rate be one hundred percent of the state timber harvest excise tax.
(2) A timber harvest excise tax agreement under this section is subject to RCW 43.06.475. [2007 c 69 § 3.]

Findings—Intent—2007 c 69: See note following RCW 43.06.475.

43.17.020 Chief executive officers—Appointment.

There shall be a chief executive officer of each department to be known as: (1) The secretary of social and health services, (2) the director of ecology, (3) the director of labor and industries, (4) the director of agriculture, (5) the director of fish and wildlife, (6) the secretary of transportation, (7) the director of licensing, (8) the director of general administration, (9) the director of community, trade, and economic development, (10) the director of veterans affairs, (11) the director of revenue, (12) the director of retirement systems, (13) the director of corrections, (14) the director of health, (15) the director of financial institutions, (16) the director of archaeology and historic preservation, (17) the director of early learning, and (18) the executive director of the Puget Sound partnership.

Such officers, except the director of fish and wildlife, shall be appointed by the governor, with the consent of the senate, and hold office at the pleasure of the governor. The director of fish and wildlife shall be appointed by the fish and wildlife commission as prescribed by RCW 77.04.055. [2007 c 341 § 47; 2006 c 265 § 112. Disposition of state-owned land—Definitions—Notice.

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Disposition" means sales, exchanges, or other actions resulting in a transfer of land ownership.

(b) "State agencies" includes:

(i) The department of natural resources established in chapter 43.30 RCW;

(ii) The department of fish and wildlife established in chapter 43.300 RCW;

(iii) The department of transportation established in chapter 47.01 RCW;

(iv) The parks and recreation commission established in chapter 79A.05 RCW; and

(v) The department of general administration established in this chapter.

(2) State agencies proposing disposition of state-owned land must provide written notice of the proposed disposition to the legislative authorities of the counties, cities, and towns in which the land is located at least sixty days before entering into the disposition agreement.

(3) The requirements of this section are in addition and supplemental to other requirements of the laws of this state.

[2007 c 62 § 2.]

Finding—Intent—2007 c 62: "The legislature recognizes that state agencies dispose of state-owned lands when these lands cannot be advantageously used by the agency or when dispositions are beneficial to the public's interest. The legislature also recognizes that dispositions of state-owned land can create opportunities for counties, cities, and towns wishing to purchase or otherwise acquire the lands, and citizens wishing to enjoy the lands for recreational or other purposes. However, the legislature finds that absent a specific requirement obligating state agencies to notify affected local governments of proposed land dispositions, occasions for governmental acquisition and public enjoyment of certain lands can be permanently lost. Therefore, the legislature intends to enact an express and supplemental requirement obligating state agencies to notify local governments of proposed land dispositions." [2007 c 62 § 1.]

Severability—2007 c 62: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2007 c 62 § 13.]

43.19.642 Biodiesel fuel blends—Use by agencies—Biannual report. (1) Effective June 1, 2006, for agencies complying with the ultra-low sulfur diesel mandate of the United States environmental protection agency for on-highway diesel fuel, agencies shall use biodiesel as an additive to ultra-low sulfur diesel for lubricity, provided that the use of a lubricity additive is warranted and that the use of biodiesel is comparable in performance and cost with other available lubricity additives. The amount of biodiesel added to the ultra-low sulfur diesel fuel shall be not less than two percent.

(2) Effective June 1, 2009, state agencies are required to use a minimum of twenty percent biodiesel as compared to total volume of all diesel purchases made by the agencies for the operation of the agencies' diesel-powered vessels, vehicles, and construction equipment.

(3) All state agencies using biodiesel fuel shall, beginning on July 1, 2006, file biennial reports with the department of general administration documenting the use of the fuel and a description of how any problems encountered were resolved. [2007 c 348 § 201; 2006 c 338 § 10; 2003 c 17 § 2.]

Findings—2003 c 17: "The legislature recognizes that:

(1) Biodiesel is less polluting than petroleum diesel;

(2) Using biodiesel in neat form or blended with petroleum diesel significantly reduces air toxics and cancer-causing compounds as well as the soot associated with petroleum diesel exhaust;

(3) Biodiesel degrades much faster than petroleum diesel;

(4) Biodiesel is less toxic than petroleum fuels;

(5) The United States environmental protection agency’s new emission standards for petroleum diesel that take effect June 1, 2006, will require the addition of a lubricant to ultra-low sulfur diesel to counteract premature wear of injection pumps;

(6) Biodiesel provides the needed lubricity to ultra-low sulfur diesel;

(7) Biodiesel use in state-owned diesel-powered vehicles provides a means for the state to comply with the alternative fuel vehicle purchase requirements of the energy policy act of 1992, P.L. 102-486; and

(8) The state is in a position to set an example of large scale use of biodiesel in diesel-powered vehicles and equipment." [2003 c 17 § 1.]

43.19.647 Purchase of biofuels and biofuel blends—Contracting authority. (1) In order to allow the motor vehicle fuel needs of state and local government to be satisfied by Washington-produced biofuels as provided in this chapter, the department of general administration as well as local governments may contract in advance and execute contracts with public or private producers, suppliers, or other parties, for the purchase of alternative biofuels, as that term is defined in RCW 43.325.010, and biofuel blends. Contract provisions may address items including, but not limited to, fuel standards, price, and delivery date.

(2) The department of general administration may combine the needs of local government agencies, including ports, special districts, school districts, and municipal corporations, for the purposes of executing contracts for biofuels and to secure a sufficient and stable supply of alternative fuels. [2007 c 348 § 203.]

43.19.648 Publicly owned vehicles, vessels, and construction equipment—Fuel usage—Tires. (1) Effective June 1, 2015, all state agencies and local government subdivisions of the state, to the extent determined practicable by the rules adopted by the department of community, trade, and economic development pursuant to RCW 43.325.080, are required to satisfy one hundred percent of their fuel usage for operating publicly owned vessels, vehicles, and construction equipment from electricity or biofuel.

(2) Except for cars owned or operated by the Washington state patrol, when tires on vehicles in the state’s motor vehicle fleet are replaced, they must be replaced with tires that have the same or better rolling resistance as the original tires. [2007 c 348 § 202.]

Captions and part headings not law—2007 c 343: See RCW 70.118B.900.
Findings—1993 c 492: "The legislature finds that our health and financial security are jeopardized by our ever increasing demand for health care and by current health insurance and health system practices. Current health system practices encourage public demand for unneeded, ineffective, and sometimes dangerous health treatments. These practices often result in unaffordable cost increases that far exceed ordinary inflation for essential care. Current total health care expenditure rates should be sufficient to provide access to essential health care interventions to all within a reformed, efficient system.

The legislature finds that too many of our state’s residents are without health insurance, that each year many individuals and families are forced into poverty because of serious illness, and that many must leave gainful employment to be eligible for publicly funded medical services. Additionally, thousands of citizens are at risk of losing adequate health insurance, have had insurance canceled recently, or cannot afford to renew existing coverage.

The legislature finds that businesses find it difficult to pay for health insurance and remain competitive in a global economy, and that individuals, the poor, and small businesses bear an inequitable health insurance burden.

The legislature finds that persons of color have significantly higher rates of mortality and poor health outcomes, and substantially lower numbers and percentages of persons covered by health insurance than the general population. It is intended that chapter 492, Laws of 1993 make provisions to address the special health care needs of these racial and ethnic populations in order to improve their health status.

The legislature finds that uncontrolled demand and expenditures for health care are eroding the ability of families, businesses, communities, and governments to invest in other enterprises that promote health, maintain independence, and secure continued economic welfare. Housing, nutrition, education, and the environment are all diminished as we invest ever increasing shares of wealth in health care treatments.

The legislature finds that while immediate steps must be taken, a long-term plan of reform is also needed." [1993 c 492 § 101.]

Intent—1993 c 492: "(1) The legislature intends that state government policy stabilize health services costs, assure access to essential services for all residents, actively address the health care needs of persons of color, improve the public’s health, and reduce unwarranted health services costs to preserve the viability of nonhealth care businesses.

(2) The legislature intends that:

(a) Total health services costs be stabilized and kept within rates of increase similar to the rates of personal income growth within a publicly regulated, private marketplace that preserves personal choice;

(b) State residents be enrolled in the certified health plan of their choice consistent with good health services management, quality assurance, and cost-effectiveness, and clinical efficaciousness;

(c) State residents be able to choose health services from the full range of health care providers, as defined in RCW 43.72.010(12), in a manner consistent with good health services management, quality assurance, and cost-effectiveness;

(d) Individuals and businesses have the option to purchase any health services they may choose in addition to those included in the uniform benefits package or supplemental benefits;

(e) All state residents, businesses, employees, and government participate in payment for health services, with total costs to individuals on a sliding scale based on income to encourage efficient and appropriate utilization of services;

(f) These goals be accomplished within a reformed system using private service providers and facilities in a way that allows consumers to choose among competing plans operating within budget limits and other regulations that promote the public good; and

(g) A policy of coordinating the delivery, purchase, and provision of health services among the federal, state, local, and tribal governments be encouraged and accomplished by chapter 492, Laws of 1993.

(3) Accordingly, the legislature intends that chapter 492, Laws of 1993 provide both early implementation measures and a process for overall reform of the health services system." [1993 c 492 § 102.]

43.20A.560 Development of options to expand health care options—Consideration of federal waivers and state plan amendments required. (1) The department of social and health services shall develop a series of options that require federal waivers and state plan amendments to expand coverage and leverage federal and state resources for the state’s basic health program, for the medical assistance program, as codified at Title XIX of the federal social security act, and the state’s children’s health insurance program, as codified at Title XXI of the federal social security act. The department shall propose options including but not limited to:

(a) Offering alternative benefit designs to promote high quality care, improve health outcomes, and encourage cost-effective treatment options and redirect savings to finance additional coverage;

(b) Creation of a health opportunity account demonstration program for individuals eligible for transitional medical benefits. When a participant in the health opportunity account demonstration program satisfies his or her deductibles, the benefits provided shall be those included in the medicaid benefit package in effect during the period of the demonstration program; and

(c) Promoting private health insurance plans and premium subsidies to purchase employer-sponsored insurance wherever possible, including federal approval to expand the department’s employer-sponsored insurance premium assistance program to enrollees covered through the state’s children’s health insurance program.

(2) Prior to submitting requests for federal waivers or state plan amendments, the department shall consult with and seek input from stakeholders and other interested parties.

(3) The department of social and health services, in collaboration with the Washington state health care authority, shall ensure that enrollees are not simultaneously enrolled in the state’s basic health program and the medical assistance program or the state’s children’s health insurance program to ensure coverage for the maximum number of people within available funds. 43.21A.681 Geoduck aquaculture operations—Guidelines—Rules. (1) The department of ecology shall develop, by rule, guidelines for the appropriate siting and operation of geoduck aquaculture operations to be included in any master program under this section. The guidelines adopted under this section must be prepared with the advice of the shellfish aquaculture regulatory committee created in section 4, chapter 216, Laws of 2007, which shall serve as the advisory committee for the development of the guidelines.

(2) The guidelines required under this section must be filed for public review and comment no later than six months after the delivery of the final report by the shellfish aquaculture regulatory committee created in section 4, chapter 216, Laws of 2007.

(3) The department of ecology shall update the guidelines required under this section, as necessary, after the completion of the geoduck research by the sea grant program at the University of Washington required under RCW 28B.20.475. [2007 c 216 § 5.]

Shellfish aquaculture regulatory committee—2007 c 216: "(1) The shellfish aquaculture regulatory committee is established to, consistent with this section, serve as an advisory body to the department of ecology on regulatory processes and approvals for all current and new shellfish aquaculture activities, and the activities conducted pursuant to RCW 90.58.060, as the activities relate to shellfish. The shellfish aquaculture regulatory committee is advisory in nature, and no vote or action of the committee may overrule existing statutes, regulations, or local ordinances.

(2) The shellfish aquaculture regulatory committee shall develop recommendations as to:

(a) A regulatory system or permit process for all current and new shellfish aquaculture projects and activities that integrates all applicable existing local, state, and federal regulations and is efficient both for the regulators and the regulated; and

(b) Appropriate guidelines for geoduck aquaculture operations to be included in shoreline master programs under RCW 43.21A.681. When developing the recommendations for guidelines under this subsection, the committee must examine the following:

(i) Methods for quantifying and reducing marine litter; and

(ii) Possible landowner notification policies and requirements for establishing new geoduck aquaculture farms.

(3)(a) The members of the shellfish aquaculture regulatory committee shall be appointed by the director of the department of ecology as follows:

(i) Two representatives of county government, one from a county located on the Puget Sound, and one from a county located on the Pacific Ocean;

(ii) Two individuals who are professionally engaged in the commercial aquaculture of shellfish, one who owns or operates an aquatic farm in Puget Sound, and one who owns who [whom] does not have a commercial geoduck operation on his or her property and one of which whom who [whom] does have a commercial geoduck operation on his or her property;

(iii) Two representatives of organizations representing the environmental community;

(iv) Two individuals who own shoreline property, one of which whom does not have a commercial geoduck operation on his or her property and one of which whom does have a commercial geoduck operation on his or her property; and

(b) In addition to the other participants listed in this subsection, the governor shall invite the full participation of two tribal governments, at least one of which is located within the drainage of the Puget Sound.

(4) The department of ecology shall provide administrative and clerical assistance to the shellfish aquaculture regulatory committee and all agencies listed in subsection (3) of this section shall provide technical assistance.

(5) Nonagency members of the shellfish aquaculture regulatory committee will not be compensated, but are entitled to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

(6) Any participation by a Native American tribe on the shellfish aquaculture regulatory committee shall not, under any circumstances, be viewed as an admission by the tribe that any of its activities, or those of its members, are subject to any of the statutes, regulations, ordinances, standards, or permit systems reviewed, considered, or proposed by the committee.

(7) The shellfish aquaculture regulatory committee is authorized to form technical advisory panels as needed and appoint to them members not on the shellfish aquaculture regulatory committee.

(8) The department of ecology shall report the recommendations and findings of the shellfish aquaculture regulatory committee to the appropriate committees of the legislature by December 1, 2007, with a further report, if necessary, by December 1, 2008." [2007 c 216 § 4.]

43.21A.690 Cost-reimbursement agreements. (1) The department may enter into a written cost-reimbursement agreement with a permit applicant or project proponent to recover from the applicant or proponent the reasonable costs incurred by the department in carrying out the requirements of this chapter, as well as the requirements of other relevant laws, as they relate to permit coordination, environmental review, application review, technical studies, and permit processing. The cost-reimbursement agreement shall identify the specific tasks, costs, and schedule for work to be conducted under the agreement.

(2) The written cost-reimbursement agreement shall be negotiated with the permit applicant or project proponent. Under the provisions of a cost-reimbursement agreement, funds from the applicant shall be used by the department to contract with an independent consultant to carry out the work covered by the cost-reimbursement agreement. The department may also use funds provided under a cost-reimbursement agreement to assign current staff to review the work of the consultant, to provide necessary technical assistance when an independent consultant with comparable technical skills is unavailable, and to recover reasonable and necessary direct and indirect costs that arise from processing the permit.

The department shall, in developing the agreement, ensure that final decisions that involve policy matters are made by the agency and not by the consultant. The department shall make an estimate of the number of permanent staff hours to process the permits, and shall contract with consultants to replace the time and functions committed by these permanent staff to the project. The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments. Use of cost-reimbursement agreements shall not reduce the current level of staff available to work on permits not covered by cost-reimbursement agreements. The department may not use any funds under a cost-reimbursement agreement to replace or supplant existing funding. The restrictions of chapter 42.52 RCW apply to any cost-reimbursement agreement, and to any person hired as a result of a cost-reimbursement agreement.

[2007 c 94 § 10; 2003 c 70 § 1; 2000 c 251 § 2.]

Intent—2000 c 251: "It is the intent of the legislature to allow applicants for environmental permits for complex projects to compensate permitting agencies for providing environmental review through the voluntary negotiation of cost-reimbursement agreements with the permitting agency. It is the further intent of the legislature that cost-reimbursement agreements for complex projects free permitting agency resources to focus on the review of small projects permits." Findings—Intent—2001 c 227: "The legislature finds that the amount of overall requests for funding for natural resource-related programs in the capital budget has been steadily growing. The legislature also finds that there is an increasing interest by the public in examining the performance of the projects and programs to determine the return on their investments and that a coordinated and integrated response by state agencies will allow for better targeting of resources. The legislature further finds that there is a need to improve the data and the integration of data that is collected by state agencies and grant and loan recipients in order to better measure the outcomes of projects and programs. The legislature intends to begin implementing the recommendations contained in the joint legislative audit and review committee's report number 01-1 on investing in the environment in order to improve the efficiency, effectiveness, and accountability of these natural resource-related programs funded in the state capital budget." 43.42.080 Participating permit agencies—Timelines.

43.42.005 Findings—Purpose—Intent. (1) The legislature finds that the health and safety of its citizens, natural resources, and the environment are vital interests of the state that must be protected to preserve the state’s quality of life. The legislature also finds that the state’s economic well-being is a vital interest that depends upon the development of fair, accessible, and coordinated permitting and regulatory requirements that ensure that the state not only protects public health and safety and natural resources but also encourages appropriate activities that stimulate growth and development. The legislature further finds that Washington’s permit-
standards to protect public health and safety and the environment.

(2) The legislature also finds that, as the number of environmental and land use laws and requirements have grown in Washington, so have the number of permits required of business and government. The increasing number of permits and permitting agencies has generated the potential for conflict, overlap, and duplication among state, local, and federal permitting and regulatory requirements.

(3) The legislature further finds that not all project proponents require the same type of assistance. Proponents with small projects may merely need information and assistance in starting the permitting and application process, while intermediate-sized projects may require more of a facilitated and periodically assisted permitting process, and large complex projects may need extensive and more continuous coordination among local, state, and federal agencies and tribal governments.

(4) The legislature further finds that persons doing business in Washington state should have access to clear and appropriate information regarding regulations, permit requirements, and agency rule-making processes.

(5) The legislature, therefore, finds that a range of assistance and coordination options should be available to project proponents from a state office independent of any local, state, or federal permit agency. The legislature finds that citizens, businesses, and project proponents should be provided with:

(a) A reliable and consolidated source of information concerning federal, state, and local environmental and land use laws and procedures that may apply to any given project;

(b) Facilitated interagency forums for discussion of significant issues related to the multiple permitting processes if needed for some project proponents; and

(c) Active coordination of all applicable regulatory and land use permitting procedures if needed for some project proponents.

(6) The legislature declares that the purpose of this chapter is to:

(a) Assure that citizens, businesses, and project proponents will continue to be provided with vital information regarding environmental and land use laws and with assistance in complying with environmental and land use laws to promote understanding of these laws and to protect public health and safety and the environment;

(b) Ensure that facilitation of project permit decisions by permit agencies promotes both process efficiency and environmental protection;

(c) Allow for coordination of permit processing for large projects upon project proponents’ request and at project proponents’ expense to promote efficiency, ensure certainty, and avoid conflicts among permit agencies; and

(d) Provide these services through an office independent of any permit agency to ensure that any potential or perceived conflicts of interest related to providing these services or making permit decisions can be avoided.

(7) The legislature also declares that the purpose of this chapter is to provide citizens of the state with access to information regarding state regulations, permit requirements, and agency rule-making processes in Washington state.

(8) The legislature intends that establishing an office of regulatory assistance will provide these services without abrogating or limiting the authority of any agency to make decisions on permits and regulatory requirements that it requires or any rule-making agency to make decisions on regulations. The legislature therefore declares that the office of regulatory assistance shall have authority to provide these services but shall not have any authority to make decisions on permits. [2007 c 94 § 1; 2003 c 71 § 1; 2002 c 153 § 1.]

Reviser’s note—Sunset Act application: The office of regulatory assistance is subject to review, termination, and possible extension under chapter 43.131 RCW, the Sunset Act. See RCW 43.131.401. (1) The office shall assign a project facilitator who shall discuss applicable regulatory requirements, permits, and processes with the project proponent and explain the available options for obtaining required permits and regulatory review.

(2) If the project proponent and the project facilitator agree that the project would benefit from a project scoping, the project facilitator shall conduct a project scoping with the project proponent and the relevant permitting and regulatory agencies. The project facilitator shall invite the participation of the relevant federal agencies and tribal governments.

(4) For industrial projects of statewide significance or if the office determines that it is in the public interest to coordinate the processing of permits for certain projects that are complex in scope, require multiple permits, involve multiple jurisdictions, or involve a significant number of affected parties, the office shall, upon the proponent’s request, enter into an agreement with the project proponent and the participating permit agencies to coordinate the processing of permits for the project. The office may limit the number of such agreements according to the resources available to the office and the permit agencies at the time. [2007 c 94 § 7; 2003 c 54 § 5; 2002 c 153 § 7.]

Sunset Act application: See note following RCW 43.42.005.

43.42.070 Cost-reimbursement agreements. (1) The office may coordinate negotiation and implementation of a written agreement among the project proponent, the office, and participating permit agencies to recover from the project proponent the reasonable costs incurred by the office in carrying out the provisions of RCW 43.42.050(2) and 43.42.060(2) and by participating permit agencies in carrying out permit processing tasks specified in the agreement.

The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments.

(4) The office shall adopt a policy to coordinate cost-reimbursement agreements with outside independent consultants. Cost-reimbursement agreements coordinated by the office under this section must be based on competitive bids that are awarded for each agreement from a prequalified consultant roster.

(5) Independent consultants hired under a cost-reimbursement agreement shall report directly to the permit agency. The office shall assure that final decisions are made by the permit agency and not by the consultant.

(6) The office shall develop procedures for determining, collecting, and distributing cost reimbursement for carrying out the provisions of this chapter.

(7) For a cost-reimbursement agreement, the office and participating permit agencies shall negotiate a work plan and schedule for reimbursement. Prior to distributing scheduled
reimbursement to the agencies, the office shall verify that the agencies have met the obligations contained in their work plan.

(8) Prior to commencing negotiations with the project proponent for a cost-reimbursement agreement, the office shall request work load analyses from each participating permitting agency. These analyses shall be available to the public. The work load of a participating permit agency may only be modified with the concurrence of the agency and if there is both good cause to do so and no significant impact on environmental review.

(9) The office shall develop guidance to ensure that, in developing cost-reimbursement agreements, conflicts of interest are eliminated.

(10) For project permit processes that it coordinates, the office shall coordinate the negotiation of all cost-reimbursement agreements executed under RCW 43.21A.690, 43.30.490, 43.70.630, 43.300.080, and 70.94.085. (11) If a permit agency or the project proponent foresees, at any time, that it will be unable to meet its obligations under the cost-reimbursement agreement, it shall notify the office and state the reasons. The office shall notify the participating permit agencies and the project proponent and, upon agreement of all parties, adjust the schedule, or, if necessary, coordinate revision of the work plan. [2007 c 94 § 7; 2004 c 32 § 8; 2003 c 70 § 7, 2002 c 153 § 8.]

Sunset Act application: See note following RCW 43.42.005.

43.42.080 Participating permit agencies—Timelines. With the agreement of all participating permitting agencies and the permit applicant or project proponent, state permitting agencies may establish timelines to make permit decisions, including the time periods required to determine that the permit applications are complete, to review the applications, and to process the permits. Established timelines shall not be shorter than those otherwise required for each permit under other applicable provisions of law, but may extend and coordinate such timelines. The goal of the established timelines is to achieve the maximum efficiencies possible through concurrent studies and consolidation of applications, permit review, hearings, and comment periods. A timeline established under this subsection with the agreement of each permitting agency shall commit each permitting agency to act within the established timeline. [2007 c 94 § 9; 2004 c 32 § 1.]

(2) The legislature also finds that the Washington professional educator standards board may request of the Washing-
ton state patrol criminal identification system information regarding a certificate applicant’s conviction record under subsection (1) of this section.

(3) The legislature also finds that law enforcement agencies, the office of the attorney general, prosecuting authorities, and the department of social and health services may request this same information to aid in the investigation and prosecution of child, developmentally disabled person, and vulnerable adult abuse cases and to protect children and adults from further incidents of abuse.

(4) The legislature further finds that the secretary of the department of social and health services must establish rules and set standards to require specific action when considering the information listed in subsection (1) of this section, and when considering additional information including but not limited to civil adjudication proceedings as defined in RCW 43.43.830 and any out-of-state equivalent, in the following circumstances:

(a) When considering persons for state employment in positions directly responsible for the supervision, care, or treatment of children, vulnerable adults, or individuals with mental illness or developmental disabilities;

(b) When considering persons for state positions involving unsupervised access to vulnerable adults to conduct comprehensive assessments, financial eligibility determinations, licensing and certification activities, investigations, surveys, or case management; or for state positions otherwise required by federal law to meet employment standards;

(c) When licensing agencies or facilities with individuals in positions directly responsible for the care, supervision, or treatment of children, developmentally disabled persons, or vulnerable adults, including but not limited to agencies or facilities licensed under chapter 74.15 or 18.51 RCW;

(d) When contracting with individuals or businesses or organizations for the care, supervision, case management, or treatment of children, developmentally disabled persons, or vulnerable adults, including but not limited to services contracted for under chapter 18.20, *18.48, 70.127, 70.128, 72.36, or 74.39A RCW or Title 71A RCW;

(e) When individual providers are paid by the state or providers are paid by home care agencies to provide in-home services involving unsupervised access to persons with physical, mental, or developmental disabilities or mental illness, or to vulnerable adults as defined in chapter 74.34 RCW, including but not limited to services provided under chapter 74.39 or 74.39A RCW.

(5) The director of the department of early learning must investigate the conviction records, pending charges, and other information including civil adjudication proceeding records of current employees and of any person actively being considered for any position with the department who will or may have unsupervised access to children, or for state positions otherwise required by federal law to meet employment standards. "Considered for any position" includes decisions about (a) initial hiring, layoffs, reallocations, transfers, promotions, or demotions, or (b) other decisions that result in an individual being in a position that will or may have unsupervised access to children as an employee, an intern, or a volunteer.

(6) The director of the department of early learning shall adopt rules and investigate conviction records, pending charges, and other information including civil adjudication proceeding records, in the following circumstances:

(a) When licensing or certifying agencies with individuals in positions that will or may have unsupervised access to children who are in child day care, in early learning programs, or receiving early childhood education services, including but not limited to licensees, agency staff, interns, volunteers, contracted providers, and persons living on the premises who are sixteen years of age or older;

(b) When authorizing individuals who will or may have unsupervised access to children who are in child day care, in early learning programs, or receiving early childhood learning education services in licensed or certified agencies, including but not limited to licensees, agency staff, interns, volunteers, contracted providers, and persons living on the premises who are sixteen years of age or older;

(c) When contracting with any business or organization for activities that will or may have unsupervised access to children who are in child day care, in early learning programs, or receiving early childhood learning education services;

(d) When establishing the eligibility criteria for individuals to receive state paid subsidies to provide child day care or early learning services that will or may involve unsupervised access to children.

(7) Whenever a state conviction record check is required by state law, persons may be employed or engaged as volunteers or independent contractors on a conditional basis pending completion of the state background investigation. Whenever a national criminal record check through the federal bureau of investigation is required by state law, a person may be employed or engaged as a volunteer or independent contractor on a conditional basis pending completion of the national check. The Washington personnel resources board shall adopt rules to accomplish the purposes of this subsection as it applies to state employees.

(8)(a) For purposes of facilitating timely access to criminal background information and to reasonably minimize the number of requests made under this section, recognizing that certain health care providers change employment frequently, health care facilities may, upon request from another health care facility, share copies of completed criminal background inquiry information.

(b) Completed criminal background inquiry information may be shared by a willing health care facility only if the following conditions are satisfied: The licensed health care facility sharing the criminal background information is reasonably known to the person’s most recent employer, no more than twelve months has elapsed from the date the person was last employed at a licensed health care facility to the date of their current employment application, and the criminal background information is no more than two years old.

(c) If criminal background inquiry information is shared, the health care facility employing the subject of the inquiry must require the applicant to sign a disclosure statement indicating that there has been no conviction or finding as described in RCW 43.43.842 since the completion date of the most recent criminal background inquiry.

(d) Any health care facility that knows or has reason to believe that an applicant has or may have a disqualifying con-
viction or finding as described in RCW 43.43.842, subsequent to the completion date of their most recent criminal background inquiry, shall be prohibited from relying on the applicant’s previous employer’s criminal background information. A new criminal background inquiry shall be requested pursuant to RCW 43.43.830 through 43.43.842.

(e) Health care facilities that share criminal background inquiry information shall be immune from any claim of defamation, invasion of privacy, negligence, or any other claim in connection with any dissemination of this information in accordance with this subsection.

(f) Health care facilities shall transmit and receive the criminal background information in a manner that reasonably protects the subject’s rights to privacy and confidentiality.

(g) For the purposes of this subsection, "health care facility" means a nursing home licensed under chapter 18.51 RCW, a boarding home licensed under chapter 18.20 RCW, or an adult family home licensed under chapter 70.128 RCW.

(f) Health care facilities shall transmit and receive the criminal background information in a manner that reasonably protects the subject’s rights to privacy and confidentiality.

(g) For the purposes of this subsection, "health care facility" means a nursing home licensed under chapter 18.51 RCW, a boarding home licensed under chapter 18.20 RCW, or an adult family home licensed under chapter 70.128 RCW.

An individual responding to a criminal background inquiry request from his or her employer or potential employer shall disclose the information about his or her criminal history under penalty of perjury. 43.60A.150 Veterans conservation corps—Created.
(1) The Washington veterans conservation corps is created. The department shall establish enrollment procedures for the program. Enrollees may choose to participate in either or both the volunteer projects list authorized in subsection (2) of this section, and the training, certification, and placement program authorized in RCW 43.60A.151.

(2) The department shall create a list of veterans who are interested in working on projects that restore Washington’s natural habitat. The department shall promote the opportunity to volunteer for the veterans conservation corps through its local counselors and representatives. Only veterans who grant their approval may be included on the list. The department shall consult with the salmon recovery board, the recreation and conservation funding board, the department of natural resources, the department of fish and wildlife, and the state parks and recreation commission to determine the most effective ways to market the veterans conservation corps to agencies and local sponsors of habitat restoration projects. [2007 c 451 § 2; 2007 c 241 § 6; 2005 c 257 § 2.]

Reviser's note: This section was amended by 2007 c 241 § 6 and by 2007 c 451 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Intent—Effective date—2007 c 241: See notes following RCW 79A.25.005.

Findings—Purpose—2005 c 257: "The legislature finds that many Washington citizens are veterans of armed forces conflicts that have important skills that may be employed in projects that help to protect and restore Washington’s rivers, streams, lakes, marine waters, and open lands, and help to maintain urban and suburban wastewater and stormwater management systems. The legislature further finds that such work has demonstrated benefits for many veterans who are coping with posttraumatic stress disorder or have other mental health or substance abuse disorders related to their service in the armed forces. The legislature further finds that these projects provide an opportunity for veterans to obtain on-the-job training, leading to certification in specific skill sets and to living wage employment in environmental restoration and stewardship. Therefore, it is the purpose of this chapter to create the veterans conservation corps program to assist veterans in obtaining training, certification, and employment in the field of environmental restoration and management, and to provide state funding assistance for projects that restore Washington’s waters, forests, and habitat through the participation of veterans." [2007 c 451 § 1; 2005 c 257 § 1.]
The funds shall be deposited to the veterans conservation corps account created in RCW 43.60A.153.

(3) The department shall submit a report to the appropriate committees of the legislature by December 1, 2008, on the status of the veterans conservation corps program, including the number of enrollees employed in projects, training provided, certifications earned, employment placements achieved, program funding provided from all sources, and the results of the pilot project authorized in section 4, chapter 451, Laws of 2007. [2007 c 451 § 3.]

43.60A.152 Collaboration with agencies implementing the Washington conservation corps—Report. (1) The department shall collaborate with the state agencies implementing the Washington conservation corps, created in chapter 43.220 RCW, to maximize the utilization of both conservation corps programs. These agencies shall work together to identify stewardship and maintenance projects on agency-managed lands that are suitable for work by veterans conservation corps enrollees. The department may expend funds appropriated to the veterans conservation corps program to defray the costs of education, training, and certification associated with the enrollees participating in such projects.

(2) By September 30, 2008, the department, in conjunction with the state agencies identified in subsection (1) of this section, shall provide to the office of financial management and to the appropriate committees of the senate and house of representatives a report that:

(a) Identifies projects on state agency-managed lands that are currently planned for veterans conservation corps enrollee participation;

(b) Identifies additional projects on state agency-managed lands that are suitable for veterans conservation corps enrollee participation and for which funding is currently in place for such participation; and

(c) Identifies additional projects on state agency-managed lands for which project implementation has been funded or is included in the agency’s multi-biennial stewardship plans, and that are suitable for veterans conservation corps enrollee participation in the event that additional funding is provided to the department for associated training, education, and certification. [2007 c 451 § 5.]

43.60A.153 Veterans conservation corps account. The veterans conservation corps account is created in the state treasury. All moneys appropriated to the account or directed to the account from other sources must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for purposes of the veterans conservation corps program. [2007 c 451 § 6.]

43.60A.154 Agreements with federal entities for projects—Report. (1) The department shall seek to enter agreements with the national park service, the United States forest service, the United States fish and wildlife service, and other federal agencies managing lands in Washington, for the employment of veterans conservation corps enrollees in maintenance, restoration, and stewardship projects. Up to twenty percent of the costs of the veterans conservation corps enrollees participation in a federal project may be provided by the department, including the costs of training provided on the project.

(2) By September 30, 2008, the department shall provide a report to the governor and appropriate committees of the senate and house of representatives regarding agreements entered with federal agencies to employ veteran conservation corps enrollees on federal land projects, and any revisions to the program needed to increase the number of these agreements. [2007 c 451 § 7.]

43.60A.155 Cooperation with the salmon recovery funding board regarding project work—Report. (1) During calendar years 2007 and 2008 the salmon recovery funding board shall cooperate with the department of veterans affairs to inform salmon habitat project sponsors of the availability of veterans conservation corps enrollees to perform project work. From applications submitted, the board and the department shall identify projects that propose work suitable for corps enrollees and located near where enrollees are based or may be created. The department may provide the project applicants with information regarding the benefits of employing a veterans conservation corps enrollee in the project, including funding that the department may make available to assist with the project. Such funding shall be considered by the salmon recovery funding board as matched funding in evaluating the project for salmon recovery funding board funding.

(2) As an element of the report required under RCW 43.60A.151(3), the salmon recovery funding board and the department shall jointly report to the governor and appropriate committees of the senate and house of representatives regarding projects funded during the 2007 and 2008 grant cycles that employ veterans conservation corps enrollees. The report shall include recommendations for increasing the use of veterans conservation corps enrollees in salmon habitat projects that receive funding from the salmon recovery funding board. [2007 c 451 § 8.]

43.60A.165 Defenders’ fund—Eligibility for assistance. The defenders’ fund is created to provide assistance to members of the Washington national guard and reservists who served in Operation Enduring Freedom, Operation Iraqi Freedom, or Operation Noble Eagle, and who are experiencing financial hardships in employment, education, housing, and health care due to the significant period of time away from home serving our country. The program shall be administered by the department. Eligibility determinations shall be made by the department. Eligible veterans may receive a one-time grant of no more than five hundred dollars, except that for the 2007-2009 biennium, the one-time grant may not exceed one thousand dollars. Section 3. (1) The independent youth housing program is created in the department to provide housing stipends to eligible youth to be used for independent housing. In developing a plan for the design, implementation, and operation of the independent youth housing program, the department shall:

(a) Adopt policies, requirements, and procedures necessary to administer the program;

(b) Contract with one or more eligible organizations described under RCW 43.185A.040 to provide services and conduct administrative activities as described in subsection (3) of this section;

(c) Establish eligibility criteria for youth to participate in the independent youth housing program, giving priority to youth who have been dependents of the state for at least one year;

(d) Refer interested youth to the designated subcontractor organization administering the program in the area in which the youth intends to reside;

(e) Develop a method for determining the amount of the housing stipend, first and last month's rent, and security deposit, where applicable, to be dedicated to participating youth. The method for determining a housing stipend must take into account a youth’s age, the youth’s total income from all sources, the fair market rent for the area in which the youth lives or intends to live, and a variety of possible living situations for the youth. The amount of housing stipends must be adjusted, by a method and formula established by the department, to promote the successful transition for youth to complete housing self-sufficiency over time;

(f) Ensure that the independent youth housing program is integrated and aligned with other state rental assistance and case management programs operated by the department, as well as case management and supportive services programs, including the independent living program, the transitional living program, and other related programs offered by the department of social and health services; and

(g) Consult with the department of social and health services and other stakeholders involved with dependent youth, homeless youth, and homeless young adults, as appropriate.

(2) The department of social and health services shall collaborate with the department in implementing and operating the independent youth housing program including, but not limited to, the following:

(a) Refer potential eligible youth to the department before the youth’s eighteenth birthday, if feasible, to include an indication, if known, of where the youth plans to reside after aging out of foster care;

(b) Provide information to all youth aged fifteen or older, who are dependents of the state under chapter 13.34 RCW, about the independent youth housing program, encouraging dependents nearing their eighteenth birthday to consider applying for enrollment in the program;

(c) Encourage organizations participating in the independent living program and the transitional living program to collaborate with independent youth housing program providers whenever possible to capitalize on resources and provide the greatest amount and variety of services to eligible youth;

(d) Annually provide to the department data reflecting changes in the percentage of youth aging out of the state dependency system each year who are eligible for state assistance, as well as any other data and performance measures that may assist the department to measure program success; and

(e) Annually, beginning by December 31, 2007, provide to the appropriate committees of the legislature and the interagency council on homelessness as described under RCW 43.185C.170 recommendations of strategies to reach the goals described in RCW 43.63A.311(2)(g).

(3) Under the independent youth housing program, subcontractor organizations shall:

(a) Use moneys awarded to the organizations for housing stipends, security deposits, first and last month’s rent stipends, case management program costs, and administrative costs;

(b) All housing stipends must be payable only to a landlord or housing manager of any type of independent housing;

(c) Enroll eligible youth who are referred by the department and who choose to reside in their assigned service area;

(d) Enter eligible youth program participants into the homeless client management information system as described in RCW 43.185C.180;

(e) Monitor participating youth’s housing status;

(f) Evaluate participating youth’s eligibility and compliance with department policies and procedures at least twice a year;

(g) Ensure that participating youth have been and may continue to be provided with the greatest amount and variety of services to achieve the goals described in RCW 43.63A.311.

(h) Provide support to participating youth in the form of general case management and information and referral services, when necessary, or collaborate with a case manager with whom the youth is already involved to ensure that the youth has an independent living plan;

(i) Educate participating youth on tenant rights and responsibilities;

(j) Assist participating youth to develop or update an independent living plan focused on obtaining and retaining independent housing or collaborate with a case manager with whom the youth is already involved to ensure that the youth is receiving the case management and information and referral services needed;

(k) Connect participating youth, when possible, with individual development account programs, other financial literacy programs, and other programs that are designed to help young people acquire economic independence and self-sufficiency, or collaborate with a case manager with whom the youth is already involved to ensure that the youth is receiving information and referrals to these programs, when appropriate;

(l) Submit expenditure and performance reports, including information related to the performance measures in RCW 43.63A.311, to the department on a time schedule determined by the department; and

(m) Provide recommendations to the department regarding program improvements and strategies that might assist the state to reach its goals as described in RCW 43.63A.311(2)(g).

Finding—2007 c 316: "(1) The legislature finds that providing needy youth aging out of the state dependency system with safe and viable options for housing to avoid homelessness confers a valuable benefit on the public that is intended to improve public health, safety, and welfare.

(2) It is the goal of this state to:

(a) Ensure that all youth aging out of the state dependency system have
access to a decent, appropriate, and affordable home in a healthy safe environment to prevent such young people from experiencing homelessness; and
(b) Reduce each year the percentage of young people eligible for state assistance upon aging out of the state dependency system." [2007 c 316 § 1.]

Study—2007 c 316: "Beginning in September 2008, the Washington state institute for public policy shall conduct a study measuring the outcomes for youth who are participating or who have participated in the independent youth housing program created in section 3 of this act. The institute shall issue a report containing its preliminary findings to the legislature by December 1, 2009, and a final report by December 1, 2010." [2007 c 316 § 8.]

Chapter 43.70 RCW

DEPARTMENT OF HEALTH

43.70.056 Health care-associated infections—Data collection and reporting—Advisory committee—Rules. (1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Health care-associated infection" means a localized or systemic condition that results from adverse reaction to the presence of an infectious agent or its toxins and that was not present or incubating at the time of admission to the hospital.

(b) "Hospital" means a health care facility licensed under chapter 70.41 RCW.

(2)(a) A hospital shall collect data related to health care-associated infections as required under this subsection (2) on the following:

(i) Beginning July 1, 2008, central line-associated bloodstream infection in the intensive care unit;

(ii) Beginning January 1, 2009, ventilator-associated pneumonia; and

(iii) Beginning January 1, 2010, surgical site infection for the following procedures:

(A) Deep sternal wound for cardiac surgery, including coronary artery bypass graft;

(B) Total hip and knee replacement surgery; and

(C) Hysterectomy, abdominal and vaginal.

(b) Until required otherwise under (c) of this subsection, a hospital must routinely collect and submit the data required to be collected under (a) of this subsection to the national healthcare safety network of the United States centers for disease control and prevention in accordance with national healthcare safety network definitions, methods, requirements, and procedures.

(c)(i) With respect to any of the health care-associated infection measures for which reporting is required under (a) of this subsection, the department must, by rule, require hospitals to collect and submit the data to the centers for medicaid and medicare services according to the definitions, methods, requirements, and procedures of the hospital compare program, or its successor, instead of to the national healthcare safety network, if the department determines that:

(A) The measure is available for reporting under the hospital compare program, or its successor, under substantially the same definition; and

(B) Reporting under this subsection (2)(c) will provide substantially the same information to the public.

(ii) If the department determines that reporting of a measure must be conducted under this subsection (2)(c), the department must adopt rules to implement such reporting. The department’s rules must require reporting to the centers for medicare and medicaid services as soon as practicable, but not more than one hundred twenty days, after the centers for medicare and medicaid services allow hospitals to report the respective measure to the hospital compare program, or its successor. However, if the centers for medicare and medicaid services allow infection rates to be reported using the centers for disease control and prevention’s national healthcare safety network, the department’s rules must require reporting that reduces the burden of data reporting and mini-
mizes changes that hospitals must make to accommodate requirements for reporting.

(d) Data collection and submission required under this subsection (2) must be overseen by a qualified individual with the appropriate level of skill and knowledge to oversee data collection and submission.

(e)(i) A hospital must release to the department, or grant the department access to, its hospital-specific information contained in the reports submitted under this subsection (2), as requested by the department.

(ii) The hospital reports obtained by the department under this subsection (2), and any of the information contained in them, are not subject to discovery by subpoena or admissible as evidence in a civil proceeding, and are not subject to public disclosure as provided in RCW 42.56.360.

(3) The department shall:

(a) Provide oversight of the health care-associated infection reporting program established in this section;

(b) By January 1, 2011, submit a report to the appropriate committees of the legislature based on the recommendations of the advisory committee established in subsection (5) of this section for additional reporting requirements related to health care-associated infections, considering the methodologies and practices of the United States centers for disease control and prevention, the centers for medicare and medicaid services, the joint commission, the national quality forum, the institute for healthcare improvement, and other relevant organizations;

(c) Delete, by rule, the reporting of categories that the department determines are no longer necessary to protect public health and safety;

(d) By December 1, 2009, and by each December 1st thereafter, prepare and publish a report on the department’s web site that compares the health care-associated infection rates at individual hospitals in the state using the data reported in the previous calendar year pursuant to subsection (2) of this section. The department may update the reports quarterly. In developing a methodology for the report and determining its contents, the department shall consider the recommendations of the advisory committee established in subsection (5) of this section. The report is subject to the following:

(i) The report must disclose data in a format that does not release health information about any individual patient; and

(ii) The report must not include data if the department determines that a data set is too small or possesses other characteristics that make it otherwise unrepresentative of a hospital’s particular ability to achieve a specific outcome; and

(e) Evaluate, on a regular basis, the quality and accuracy of health care-associated infection reporting required under subsection (2) of this section and the data collection, analysis, and reporting methodologies.

(4) The department may respond to requests for data and other information from the data required to be reported under subsection (2) of this section, at the requestor’s expense, for special studies and analysis consistent with requirements for confidentiality of patient records.

(5)(a) The department shall establish an advisory committee which may include members representing infection control professionals and epidemiologists, licensed health care providers, nursing staff, organizations that represent health care providers and facilities, health maintenance organizations, health care payers and consumers, and the department. The advisory committee shall make recommendations to assist the department in carrying out its responsibilities under this section, including making recommendations on allowing a hospital to review and verify data to be released in the report and on excluding from the report selected data from certified critical access hospitals.

(b) In developing its recommendations, the advisory committee shall consider methodologies and practices related to health care-associated infections of the United States centers for disease control and prevention, the centers for medicare and medicaid services, the joint commission, the national quality forum, the institute for healthcare improvement, and other relevant organizations.

(6) The department shall adopt rules as necessary to carry out its responsibilities under this section. [2007 c 261 § 2.]

Findings—2007 c 261: "The legislature finds that each year health care-associated infections affect two million Americans. These infections result in the unnecessary death of ninety thousand patients and costs the health care system 4.5 billion dollars. Hospitals should be implementing evidence-based measures to reduce hospital-acquired infections. The legislature further finds the public should have access to data on outcome measures regarding hospital-acquired infections. Data reporting should be consistent with national hospital reporting standards." [2007 c 261 § 1.]

After June 30, 1995, municipal corporations providing emergency medical care and transportation services pursuant to chapter 18.73 RCW shall be exempt from such fees, provided that such other emergency services shall only be charged for their pro rata share of the cost of licensure and inspection, if appropriate. The secretary may waive the fees when, in the discretion of the secretary, the fees would not be in the best interest of public health and safety, or when the fees would be to the financial disadvantage of the state.

(2) Except as provided in subsection (3) of this section, fees charged shall be based on, but shall not exceed, the cost to the department for the licensure of the activity or class of activities and may include costs of necessary inspection.

(3) License fees shall include amounts in addition to the cost of licensure activities in the following circumstances:

(a) For registered nurses and licensed practical nurses licensed under chapter 18.79 RCW, support of a central nursing resource center as provided in RCW 18.79.202, until June 30, 2013;

43.70.112 Online access to health care resources—University of Washington. Within the amounts transferred from the department of health under RCW 43.70.110(3), the University of Washington shall, through the health sciences library, provide online access to selected vital clinical resources, medical journals, decision support tools, and evidence-based reviews of procedures, drugs, and devices to the health professionals listed in RCW 43.70.110(3)(c). The department receives funding from the federal government to perform the certifications and recertifications of these health care facilities. When the federal government does not provide sufficient funding to cover all certifications and recertifications, the secretary may assess fees on certification and recertification applicants to fund the certifications and recertifications. [2007 c 279 § 1.]

43.70.323 Hospital infection control grant account. The hospital infection control grant account is created in the custody of the state treasury. All receipts from gifts, grants, bequests, devises, or other funds from public or private sources to support its activities must be deposited into the account. Expenditures from the account may be used only for awarding hospital infection control grants to hospitals and public agencies for establishing and maintaining hospital infection control and surveillance programs, for providing support for such programs, and for the administrative costs associated with the grant program. Only the secretary or the secretary’s designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2007 c 261 § 5.]

(b) All such programs shall comply with the requirements of RCW 70.41.200(1) (a), (c), (d), (e), (f), (g), and (h) as modified to reflect the structural organization of the institution, facility, professional societies or organizations, health care service contractors, health maintenance organizations, health carriers, or any other person or entity providing health care coverage under chapter 48.42 RCW that is subject to the jurisdiction and regulation of any state agency or any subdivision thereof, unless an alternative quality improvement program substantially equivalent to RCW 70.41.200(1)(a) is developed. All such programs, whether complying with the requirement set forth in RCW 70.41.200(1)(a) or in the form of an alternative program, must be approved by the department before the discovery limitations provided in subsections (3) and (4) of this section and the exemption under RCW 42.56.360(1)(c) and subsection (5) of this section shall apply. In reviewing plans submitted by licensed entities that are associated with physicians’ offices, the department shall ensure that the exemption under RCW 42.56.360(1)(c) and the discovery limitations of this section are applied only to information and documents related specifically to quality improvement activities undertaken by the licensed entity.

All such programs shall comply with the requirements of RCW 70.41.200(1) (a), (c), (d), (e), (f), (g), and (h) as modified to reflect the structural organization of the health care provider group. All such programs must be approved by the department before the discovery limitations provided in subsections (3) and (4) of this section and the exemption under RCW 42.56.360(1)(c) and subsection (5) of this section shall apply.

(3) Any person who, in substantial good faith, provides information to further the purposes of the quality improvement and medical malpractice prevention program or who, in substantial good faith, participates on the quality improvement committee shall not be subject to an action for civil damages or other relief as a result of such activity. Any person or entity participating in a coordinated quality improvement program that, in substantial good faith, shares information or documents with one or more other programs, committees, or boards under subsection (6) of this section is not
subject to an action for civil damages or other relief as a result of the activity or its consequences. For the purposes of this section, sharing information is presumed to be in substantial good faith. This subsection does not preclude: (a) in any civil action, the discovery of the identity of persons involved in the medical care that is the basis of the civil action whose involvement was independent of any quality improvement activity; (b) in any civil action, the testimony of any person concerning the facts that form the basis for the institution of such proceedings of which the person had personal knowledge acquired independently of such proceedings; (c) in any civil action by a health care provider regarding the restriction or revocation of that individual’s clinical or staff privileges, introduction into evidence information collected and maintained by quality improvement committees regarding such health care provider; (d) in any civil action challenging the termination of a contract by a state agency with any entity maintaining a coordinated quality improvement program under this section if the termination was on the basis of quality of care concerns, introduction into evidence of information created, collected, or maintained by the quality improvement committees of the subject entity, which may be under terms of a protective order as specified by the court; (e) in any civil action, disclosure of the fact that staff privileges were terminated or restricted, including the specific restrictions imposed, if any and the reasons for the restrictions; or (f) in any civil action, discovery and introduction into evidence of the patient’s medical records required by rule of the department of health to be made regarding the care and treatment received.

(5) Information and documents created specifically for, and collected and maintained by, a quality improvement committee are exempt from disclosure under chapter 42.56 RCW.

(6) A coordinated quality improvement program may share information and documents, including complaints and incident reports, created specifically for, and collected and maintained by, a quality improvement committee or a peer review committee under RCW 4.24.250 with one or more other coordinated quality improvement programs maintained in accordance with this section or with RCW 70.41.200, a coordinated quality improvement committee maintained by an ambulatory surgical facility under RCW 70.230.070, a quality assurance committee maintained in accordance with RCW 18.20.390 or 74.42.640, or a peer review committee under RCW 4.24.250, for the improvement of the quality of health care services rendered to patients and the identification and prevention of medical malpractice. The privacy protections of chapter 70.02 RCW and the federal health insurance portability and accountability act of 1996 and its implementing regulations apply to the sharing of individually identifiable patient information held by a coordinated quality improvement program. Any rules necessary to implement this section shall meet the requirements of applicable federal and state privacy laws. 43.70.516 Public health—Department’s duties. (1) The department shall accomplish the tasks included in subsection (2) of this section by utilizing the expertise of varied interests, as provided in this subsection.

(a) In addition to the perspectives of local health jurisdictions, the state board of health, the Washington health foundation, and department staff that are currently engaged in development of the public health services improvement plan under RCW 43.70.520, the secretary shall actively engage:

(i) Individuals or entities with expertise in the development of performance measures, accountability and systems management, such as the University of Washington school of public health and community medicine, and experts in the development of evidence-based medical guidelines or public health practice guidelines; and

(ii) Individuals or entities who will be impacted by performance measures developed under this section and have relevant expertise, such as community clinics, public health nurses, large employers, tribal health providers, family planning providers, and physicians.

(b) In developing the performance measures, consideration shall be given to levels of performance necessary to promote uniformity in core public health functions of statewide significance among all local health jurisdictions, best scientific evidence, national standards of performance, and innovations in public health practice. The performance measures shall be developed to meet the goals and outcomes in RCW 43.70.512. The office of the state auditor shall provide advice and consultation to the committee to assist in the development of effective performance measures and health status indicators.

(c) On or before November 1, 2007, the experts assembled under this section shall provide recommendations to the secretary related to the activities and services that qualify as core public health functions of statewide significance and performance measures. The secretary shall provide written justification for any departure from the recommendations.

(2) By January 1, 2008, the department shall:

(a) Adopt a prioritized list of activities and services performed by local health jurisdictions that qualify as core public health functions of statewide significance as defined in RCW 43.70.514; and

(b) Adopt appropriate performance measures with the intent of improving health status indicators applicable to the core public health functions of statewide significance that local health jurisdictions must provide.

(3) The secretary may revise the list of activities and the performance measures in future years as appropriate. Prior to modifying either the list or the performance measures, the secretary must provide a written explanation of the rationale for such changes.

(4) The department and the local health jurisdictions shall abide by the prioritized list of activities and services and the performance measures developed pursuant to this section.

(5) The department, in consultation with representatives of county governments, shall provide local jurisdictions with financial incentives to encourage and increase local investments in core public health functions. The local jurisdictions shall not supplant existing local funding with such state-incented resources. [2007 c 259 § 62.]

43.70.518 Public health—Annual reports. Beginning November 15, 2009, the department shall report to the legislature and the governor annually on the distribution of funds to local health jurisdictions under *sections 60 through 65 of this act and the use of those funds. The initial report must discuss the performance measures adopted by the secretary and any impact the funding in chapter 259, Laws of 2007 has had on local health jurisdiction performance and health status indicators. Future reports shall evaluate trends in performance over time and the effects of expenditures on performance over time. [2007 c 259 § 63.]

*Reviser's note: "Sections 60 through 65 of this act" include this section, RCW 43.70.512, 43.70.514, 43.70.516, and 43.70.522, and the 2007 c 259 amendments to RCW 43.70.520.
43.70.520 Public health services improvement plan—Performance measures. (1) The legislature finds that the public health functions of community assessment, policy development, and assurance of service delivery are essential elements in achieving the objectives of health reform in Washington state. The legislature further finds that the population-based services provided by state and local health departments are cost-effective and are a critical strategy for the long-term containment of health care costs. The legislature further finds that the public health system in the state lacks the capacity to fulfill these functions consistent with the needs of a reformed health care system. The legislature further finds that public health nurses and nursing services are an essential part of our public health system, delivering evidence-based care and providing core services including prevention of illness, injury, or disability; the promotion of health; and maintenance of the health of populations.

(2) The department of health shall develop, in consultation with local health departments and districts, the state board of health, the health services commission, area Indian health service, and other state agencies, health services providers, and citizens concerned about public health, a public health services improvement plan. The plan shall provide a detailed accounting of deficits in the core functions of assessment, policy development, assurance of the current public health system, how additional public health funding would be used, and describe the benefits expected from expanded expenditures.

(3) The plan shall include:
(a) Definition of minimum standards for public health protection through assessment, policy development, and assurances:
(i) Enumeration of communities not meeting those standards;
(ii) A budget and staffing plan for bringing all communities up to minimum standards;
(iii) An analysis of the costs and benefits expected from adopting minimum public health standards for assessment, policy development, and assurances;
(b) Recommended strategies and a schedule for improving public health programs throughout the state, including:
(i) Strategies for transferring personal health care services from the public health system, into the uniform benefits package where feasible; and
(ii) Linking funding for public health services to performance measures that relate to achieving improved health outcomes; and
(c) A recommended level of dedicated funding for public health services to be expressed in terms of a percentage of total health service expenditures in the state or a set per person amount; such recommendation shall also include methods to ensure that such funding does not supplant existing federal, state, and local funds received by local health departments, and methods of distributing funds among local health departments.

(4) The department shall coordinate this planning process with the study activities required in section 258, chapter 492, Laws of 1993.

(5) By March 1, 1994, the department shall provide initial recommendations of the public health services improvement plan to the legislature regarding minimum public health standards, and public health programs needed to address urgent needs, such as those cited in subsection (7) of this section.

(6) By December 1, 1994, the department shall present the public health services improvement plan to the legislature, with specific recommendations for each element of the plan to be implemented over the period from 1995 through 1997.

(7) Thereafter, the department shall update the public health services improvement plan for presentation to the legislature prior to the beginning of a new biennium.

(8) Among the specific population-based public health activities to be considered in the public health services improvement plan are: Health data assessment and chronic and infectious disease surveillance; rapid response to outbreaks of communicable disease; efforts to prevent and control specific communicable diseases, such as tuberculosis and acquired immune deficiency syndrome; health education to promote healthy behaviors and to reduce the prevalence of chronic disease, such as those linked to the use of tobacco; access to primary care in coordination with existing community and migrant health clinics and other not for profit health care organizations; programs to ensure children are born as healthy as possible and they receive immunizations and adequate nutrition; efforts to prevent intentional and unintentional injury; programs to ensure the safety of drinking water and food supplies; poison control; trauma services; and other activities that have the potential to improve the health of the population or special populations and reduce the need for or cost of health services. [2007 c 259 § 64; 1993 c 492 § 467.]

43.70.522 Public health performance measures—Assessing the use of funds—Secretary’s duties. (1) Each local health jurisdiction shall submit to the secretary such data as the secretary determines is necessary to allow the secretary to assess whether the local health jurisdiction has used the funds in a manner consistent with achieving the performance measures in RCW 43.70.516.

(2) If the secretary determines that the data submitted demonstrates that the local health jurisdiction is not spending the funds in a manner consistent with achieving the performance measures, the secretary shall:
(a) Provide a report to the governor identifying the local health jurisdiction and the specific items that the secretary identified as inconsistent with achieving the performance measures; and
(b) Require that the local health jurisdiction submit a plan of correction to the secretary within sixty days of receiving notice from the secretary, which explains the measures that the jurisdiction will take to resume spending funds in a manner consistent with achieving the performance measures.
The secretary shall provide technical assistance to the local health jurisdiction to support the jurisdiction in successfully completing the activities included in the plan of correction.

(3) Upon a determination by the secretary that a local health jurisdiction that had previously been identified as not spending the funds in a manner consistent with achieving the performance measures has resumed consistency, the secretary shall notify the governor that the jurisdiction has returned to consistent status.

(4) Any local health jurisdiction that has not resumed spending funds in a manner consistent with achieving the performance measures within one year of the secretary reporting the jurisdiction to the governor shall be precluded from receiving any funds appropriated for the purposes of sections 60 through 65 of this act. Funds may resume once the local health jurisdiction has demonstrated to the satisfaction of the secretary that it has returned to consistent status.

[2007 c 259 § 65.]

*Reviser's note: "Sections 60 through 65 of this act" include this section, RCW 43.70.512, 43.70.514, 43.70.516, and 43.70.518, and the 2007 c 259 amendments to RCW 43.70.520.

43.70.533 Chronic conditions—Training and technical assistance for primary care providers. (1) The department shall conduct a program of training and technical assistance regarding care of people with chronic conditions for providers of primary care. The program shall emphasize evidence-based high quality preventive and chronic disease care. The department may designate one or more chronic conditions to be the subject of the program.

(2) The training and technical assistance program shall include the following elements:

(a) Clinical information systems and sharing and organization of patient data;
(b) Decision support to promote evidence-based care;
(c) Clinical delivery system design;
(d) Support for patients managing their own conditions; and
(e) Identification and use of community resources that are available in the community for patients and their families.

(3) In selecting primary care providers to participate in the program, the department shall consider the number and type of patients with chronic conditions the provider serves, and the provider’s participation in the Medicaid program, the basic health plan, and health plans offered through the public employees’ benefits board. [2007 c 259 § 5.]

Severability—Subheadings not law—2007 c 259: See notes following RCW 41.05.033.

43.70.630 Cost-reimbursement agreements. (1) The department may enter into a written cost-reimbursement agreement with a permit applicant or project proponent to recover from the applicant or proponent the reasonable costs incurred by the department in carrying out the requirements of this chapter, as well as the requirements of other relevant laws, as they relate to permit coordination, environmental review, application review, technical studies, and permit processing. The cost-reimbursement agreement shall identify the specific tasks, costs, and schedule for work to be conducted under the agreement.

(2) The written cost-reimbursement agreement shall be negotiated with the permit applicant or project proponent. Under the provisions of a cost-reimbursement agreement, funds from the applicant or proponent shall be used by the department to contract with an independent consultant to carry out the work covered by the cost-reimbursement agreement. The department may also use funds provided under a cost-reimbursement agreement to assign current staff to review the work of the consultant, to provide necessary technical assistance when an independent consultant with comparable technical skills is unavailable, and to recover reasonable and necessary direct and indirect costs that arise from processing the permit. The department shall, in developing the agreement, ensure that final decisions that involve policy matters are made by the agency and not by the consultant. The department shall make an estimate of the number of permanent staff hours to process the permits, and shall contract with consultants to replace the time and functions committed by these permanent staff to the project. The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments. Use of cost-reimbursement agreements shall not reduce the current level of staff available to work on permits not covered by cost-reimbursement agreements. The department may not use any funds under a cost-reimbursement agreement to replace or supplant existing funding. The restrictions of chapter 42.52 RCW apply to any cost-reimbursement agreement, and to any person hired as a result of a cost-reimbursement agreement. menting colocation and consolidation of state facilities. Financial management, shall develop procedures for implementing state facilities. Upon the renewal of any lease, the inception of a lease for or on behalf of any state agency, the director of general administration is authorized to purchase, lease, rent, transfer, exchange, or sell real estate and to grant and accept easements. The director of general administration shall make space utilization planning. (5) It is the policy of the state to encourage the colocation and consolidation of state services into single or adjacent facilities, whenever appropriate, to improve public service delivery, minimize duplication of facilities, increase efficiency of operations, and promote sound growth management planning. (6) The director of general administration shall provide coordinated long-range planning services to identify and evaluate opportunities for collocating and consolidating state facilities. Upon the renewal of any lease, the inception of a new lease, or the purchase of a facility, the director of general administration shall determine whether an opportunity exists for collocating the agency or agencies in a single facility with other agencies located in the same geographic area. If a colocation opportunity exists, the director of general administration shall consult with the affected state agencies and the office of financial management to evaluate the impact colocation would have on the cost and delivery of agency programs, including whether program delivery would be enhanced due to the centralization of services. The director of general administration, in consultation with the office of financial management, shall develop procedures for implementing colocation and consolidation of state facilities. (7) The director of general administration is authorized to purchase, lease, rent, or otherwise acquire improved or unimproved real estate as owner or lessee and to lease or sublet all or a part of such real estate to state or federal agencies. The director of general administration shall charge each using agency its proportionate rental which shall include an amount sufficient to pay all costs, including, but not limited to, those for utilities, janitorial and accounting services, and sufficient to provide for contingencies; which shall not exceed five percent of the average annual rental, to meet unforeseen expenses incident to management of the real estate. (8) If the director of general administration determines that it is necessary or advisable to undertake any work, construction, alteration, repair, or improvement on any real estate acquired pursuant to subsection (1) or (7) of this section, the director shall cause plans and specifications thereof and an estimate of the cost of such work to be made and filed in his or her office and the state agency benefiting thereby is hereby authorized to pay for such work out of any available funds: PROVIDED, That the cost of executing such work shall not exceed the sum of twenty-five thousand dollars. Work, construction, alteration, repair, or improvement in excess of twenty-five thousand dollars, other than that done by the owner of the property if other than the state, shall be performed in accordance with the public works law of this state. (9) In order to obtain maximum utilization of space, the director of general administration shall make space utilization studies, and shall establish standards for use of space by state agencies. Such studies shall include the identification of opportunities for colocation and consolidation of state agency office and support facilities. (10) The director of general administration may construct new buildings on, or improve existing facilities, and furnish and equip, all real estate under his or her management. Prior to the construction of new buildings or major improvements to existing facilities or acquisition of facilities using a lease purchase contract, the director of general administration shall conduct an evaluation of the facility design and budget using life-cycle cost analysis, value-engineering, and other techniques to maximize the long-term effectiveness and efficiency of the facility or improvement. (11) All conveyances and contracts to purchase, lease, rent, transfer, exchange, or sell real estate and to grant and accept easements shall be approved as to form by the attorney general, signed by the director of general administration or the director’s designee, and recorded with the county auditor of the county in which the property is located. (12) The director of general administration may delegate any or all of the functions specified in this section to any agency upon such terms and conditions as the director deems advisable. By January 1st of each year, beginning January 1, 2008, the department shall submit an annual report to the office of financial management and the appropriate committees of the legislature on all delegated leases. (13) This section does not apply to the acquisition of real estate by: (a) The state college and universities for research or experimental purposes; (b) The state liquor control board for liquor stores and warehouses; and (c) The department of natural resources, the department of fish and wildlife, the department of transportation, and the state parks and recreation commission for purposes other than the leasing of offices, warehouses, and real estate for similar purposes. (14) Notwithstanding any provision in this chapter to the contrary, the department of general administration may negotiate ground leases for public lands on which property is to be...
acquired under a financing contract pursuant to chapter 39.94 RCW under terms approved by the state finance committee.

(15) The department of general administration shall report annually to the office of financial management and the appropriate fiscal committees of the legislature on facility leases executed for all state agencies for the preceding year, lease terms, and annual lease costs. The report must include leases executed under RCW 43.82.045 and subsection (12) of this section. [2007 c 506 § 8; 2004 c 277 § 906; 1997 c 117 § 1. 43.82.035 Predesign process for requests to lease, purchase, or build facilities for state programs—Approval of plans for major leased facilities. (1) The office of financial management shall design and implement a modified predesign process for any space request to lease, purchase, or build facilities that involve (a) the housing of new state programs, (b) a major expansion of existing state programs, or (c) the relocation of state agency programs. This includes the consolidation of multiple state agency tenants into one facility. The office of financial management shall define facilities that meet the criteria described in (a) and (b) of this subsection.

(2) State agencies shall submit modified predesigns to the office of financial management and the legislature. Modified predesigns must include a problem statement, an analysis of alternatives to address programmatic and space requirements, proposed locations, and a financial assessment. For proposed projects of twenty thousand gross square feet or less, the agency may provide a cost-benefit analysis, rather than a life-cycle cost analysis, as determined by the office of financial management.

(3) Projects that meet the capital requirements for predesign on major facility projects with an estimated project cost of five million dollars or more pursuant to chapter 43.88 RCW shall not be required to prepare a modified predesign.

(4) The office of financial management shall require state agencies to identify plans for major leased facilities as part of the ten-year capital budget plan. State agencies shall not enter into new or renewed leases of more than one million dollars per year unless such leases have been approved by the office of financial management except when the need for the lease is due to an unanticipated emergency. The regular termination date on an existing lease does not constitute an emergency. The department of general administration shall notify the office of financial management and the appropriate legislative fiscal committees if an emergency situation arises.

(5) For project proposals in which there are estimates of operational savings, the office of financial management shall require the agency or agencies involved to provide details including but not limited to fund sources and timelines. [2007 c 506 § 4.]

Findings—Intent—2007 c 506: "The legislature finds that the capital stock of facilities owned and leased by state agencies represents a significant financial investment by the citizens of the state of Washington. Capital construction projects funded in the state’s capital budget require diligent analysis and approval by the governor and the legislature. In some cases, long-term leases obligate state agencies to a larger financial commitment than some capital construction projects without a comparable level of diligence. State facility analysis and portfolio management can be strengthened through greater oversight and support from the office of financial management and the legislature and with input from stakeholders.

The legislature finds that the state lacks specific policies and standards on conducting life-cycle cost analysis to determine the cost-effectiveness of owning or leasing state facilities and lacks clear guidance on when and how to use it. Further, there is limited oversight and review of the results of life-cycle cost analyses in the capital project review process. Unless decision makers are provided a thorough economic analysis, they cannot identify the most cost-effective alternative or identify opportunities for improving the cost-effectiveness of state facility alternatives.

The legislature finds that the statewide accounting system limits the ability of the office of financial management and the legislature to analyze agency expenditures that include only leases for land, buildings, and structures. Additionally, other statewide data systems that track state-owned and leased facility information are limited, onerous, and inflexible.

Therefore, it is the intent of the legislature to strengthen the office of financial management’s oversight role in state facility analysis and decision making. Further, it is the intent of the legislature to support the office of financial management’s need for technical expertise and data systems to conduct thorough analysis, long-term planning, and state facility portfolio management by providing adequate resources in the capital and operating budgets." [2007 c 506 § 1.]

43.82.045 Approval of leases—Privately owned buildings being planned or under construction. State agencies are prohibited from entering into lease agreements for privately owned buildings that are in the planning stage of development or under construction unless there is prior written approval by the director of the office of financial management. Approval of such leases shall not be delegated. Lease agreements described in this section must comply with RCW 43.82.035. [2007 c 506 § 5.]

Findings—Intent—2007 c 506: See note following RCW 43.82.035.

43.82.055 Long-term facility needs—Six-year facility plan. The office of financial management shall:

(1) Work with the department of general administration and all other state agencies to determine the long-term facility needs of state government; and

(2) Develop and submit a six-year facility plan to the legislature by January 1st of every odd-numbered year, beginning January 1, 2009, that includes state agency space requirements and other pertinent data necessary for cost-effective facility planning. The department of general administration shall assist with this effort as required by the office of financial management. [2007 c 506 § 6.]
43.83C.040 Administration of proceeds—Division into shares—Use of funds. The proceeds from the sale of the bonds deposited in the *state and local improvements revolving account of the general fund under the terms of this chapter shall be divided into three shares as follows:

1. Thirty-five percent of such proceeds shall be administered, subject to legislative appropriation, by the recreation and conservation funding board through the outdoor recreation account and allocated to the state of Washington, or any agency or department thereof, for the acquisition, preservation, and development of recreation areas and facilities by the state. The recreation and conservation funding board may use or permit the use of any portion of such share as matching funds in any case where federal, local, or other funds are made available on a matching basis for improvements within the purposes of this chapter.

2. Thirty-five percent of such proceeds shall be administered, subject to legislative appropriation, by the recreation and conservation funding board through the outdoor recreation account and allocated to public bodies for the acquisition, preservation, and development, and improvement of recreational areas and facilities within the jurisdiction of such bodies. The recreation and conservation funding board may use or permit the use of any portion of such share for loans or grants to public bodies including use as matching funds in any case where federal, local, or other funds are made available on a matching basis for improvements within the purposes of this chapter.

3. Thirty percent of such proceeds shall be allocated to the state parks and recreation commission, subject to legislative appropriation, for improvement of existing state parks and the acquisition and preservation of historic sites and buildings. The commission may use or permit the use of any portion of such share as matching funds in any case where federal, local, or other funds are made available on a matching basis for improvements within the purposes of this chapter.

In the event that the bonds authorized by this chapter are sold in more than one series the above division into shares shall apply to the total proceeds of the bonds authorized by this chapter and not to the proceeds of each separate series.

43.84.092 Deposit of surplus balance investment earnings—Treasury income account—Accounts and funds credited. (2007 c 484 § 4 effective July 1, 2008, if the proposed amendment to Article VII of the state Constitution is approved at the November 2007 general election.)

(2) The treasury income account shall be utilized to pay or receive funds associated with federal programs as required by the federal cash management improvement act of 1990. The treasury income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for refunds or allocations of interest earnings required by the cash management improvement act. Refunds of interest to the federal treasury required under the cash management improvement act fall under RCW 43.88.180 and shall not require appropriation. The office of financial management shall determine the amounts due to or from the federal government pursuant to the cash management improvement act. The office of financial management may direct transfers of funds between accounts as deemed necessary to implement the provisions of the cash management improvement act, and this subsection. Refunds or allocations shall occur prior to the distributions of earnings set forth in subsection (4) of this section.

The treasury income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. Payments shall occur prior to distribution of earnings set forth in subsection (4) of this section.

(4) Monthly, the state treasurer shall distribute the earnings credited to the treasury income account. The state treasurer shall credit the general fund with all the earnings credited to the treasury income account except:

43.99N.060  Stadium and exhibition center account—Youth athletic facility account—Community outdoor athletic facility loans and grants. (1) The stadium and exhibition center account is created in the custody of the state treasurer. All receipts from the taxes imposed under RCW 82.14.0494 and distributions under RCW 67.70.240(5) shall be deposited into the account. Only the director of the office of financial management or the director’s designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW. An appropriation is not required for expenditures from this account.

(2) Until bonds are issued under RCW 43.99N.020, up to five million dollars per year beginning January 1, 1999, shall be used for the purposes of subsection (3)(b) of this section, all remaining moneys in the account shall be transferred to the public stadium authority, created under RCW 36.102.020, to be used for public stadium authority operations and development of the stadium and exhibition center.

(3) After bonds are issued under RCW 43.99N.020, all moneys in the stadium and exhibition center account shall be used exclusively for the following purposes in the following priority:

(a) On or before June 30th of each year, the office of financial management shall accumulate in the stadium and exhibition center account an amount at least equal to the amount required in the next succeeding twelve months for the payment of principal of and interest on the bonds issued under RCW 43.99N.020;

(b) An additional reserve amount not in excess of the expected average annual principal and interest requirements of bonds issued under RCW 43.99N.020 shall be accumulated and maintained in the account, subject to withdrawal by the state treasurer at any time if necessary to meet the requirements of (a) of this subsection, and, following any withdrawal, reaccumulated from the first tax revenues and other amounts deposited in the account after meeting the requirements of (a) of this subsection; and

(c) The balance, if any, shall be transferred to the youth athletic facility account under subsection (4) of this section.

Any revenues derived from the taxes authorized by RCW 36.38.010(5) and 36.38.040 or other amounts that if used as provided under (a) and (b) of this subsection would cause the loss of any tax exemption under federal law for interest on bonds issued under RCW 43.99N.020 shall be deposited in and used exclusively for the purposes of the youth athletic facility account and shall not be used, directly or indirectly, as a source of payment of principal of or interest on bonds issued under RCW 43.99N.020, or to replace or reimburse other funds used for that purpose.

(4) Any moneys in the stadium and exhibition center account not required or permitted to be used for the purposes described in subsection (3)(a) and (b) of this section shall be deposited in the youth athletic facility account hereby created in the state treasury. Expenditures from the account may be granted for purposes of grants or loans to cities, counties, and qualified nonprofit organizations for community outdoor athletic facilities. For the 2005-2007 biennium, moneys in the account may also be used for a recreation level of service study for local and regional active recreation facilities. Only the director of the recreation and conservation office or the director’s designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. The athletic facility grants or loans may be used for acquiring, developing, equipping, maintaining, and improving community outdoor athletic facilities. Funds shall be divided equally between the development of new community outdoor athletic facilities, the improvement of existing community outdoor athletic facilities, and the maintenance of existing community outdoor athletic facilities. Cities, counties, and qualified nonprofit organizations must submit proposals for grants or loans from the account. To the extent that funds are available, cities, counties, and qualified nonprofit organizations must meet eligibility criteria as established by the director of the recreation and conservation office. The grants and loans shall be awarded on a competitive application process and the amount of the grant or loan shall be in proportion to the population of the city or county for where the community outdoor athletic facility is located. Grants or loans awarded in any one year need not be distributed in that year. The director of the recreation and conservation office may expend up to one and one-half percent of the moneys deposited in the account created in this subsection for administrative purposes. 43.121.020 Council established—Members, chairperson—Appointment, qualifications, terms, vacancies.
(1) There is established in the executive office of the governor a Washington council for the prevention of child abuse and neglect subject to the jurisdiction of the governor.

(2) The council shall be composed of the chairperson and fourteen other members as follows:
(a) The chairperson and six other members shall be appointed by the governor and shall be selected for their interest and expertise in the prevention of child abuse. A minimum of four designees by the governor shall not be affiliated with governmental agencies. The appointments shall be made on a geographic basis to assure statewide representation. Members appointed by the governor shall serve for three-year terms. Vacancies shall be filled for any unexpired term by appointment in the same manner as the original appointments were made.

(b) The secretary of social and health services or the secretary’s designee, the superintendent of public instruction or the superintendent’s designee, the director of the department of early learning or the director’s designee, and the secretary of the department of health or the secretary’s designee shall serve as voting members of the council.

(c) In addition to the members of the council, four members of the legislature shall serve as nonvoting, ex officio members of the council, one from each political caucus of the house of representatives to be appointed by the speaker of the house of representatives and one from each political caucus of the senate to be appointed by the president of the senate. [2007 c 144 § 1; 1996 c 10 § 1; 1994 c 48 § 1; 1989 c 304 § 4; 1987 c 351 § 3; 1984 c 261 § 1; 1982 c 4 § 2.]

Legislative findings—1987 c 351: See note following RCW 70.58.085.
Severability—1984 c 261: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1984 c 261 § 8.]

43.121.170 Home visitation programs—Findings—Intent. The legislature finds that:
(1) The years from birth to three are critical in building the social, emotional, and cognitive developmental founda-

tions of a young child. Research into the brain development of young children reveals that children are born learning.

(2) The farther behind children are in their social, emotional, physical, and cognitive development, the more difficult it will be for them to catch up.

(3) A significant number of children age birth to five years are born with two or more of the following risk factors and have a greater chance of failure in school and beyond: Poverty; single or no parent; no parent employed full time or full year; all parents with disability; and mother without a high school degree.

(4) Parents and children involved in home visitation programs exhibit better birth outcomes, enhanced parent and child interactions, more efficient use of health care services, enhanced child development including improved school readiness, and early detection of developmental delays, as well as reduced welfare dependence, higher rates of school completion and job retention, reduction in frequency and severity of maltreatment, and higher rates of school graduation.

The legislature intends to promote the use of voluntary home visitation services to families as an early intervention strategy to alleviate the effect on child development of factors such as poverty, single parenthood, parental unemployment or underemployment, parental disability, or parental lack of a high school diploma, which research shows are risk factors for child abuse and neglect and poor educational outcomes. [2007 c 466 § 1.]

43.121.175 Home visitation programs—Definitions. The definitions in this section apply throughout RCW 43.121.170 through 43.121.185 unless the context clearly requires otherwise.

(1) "Evidence-based" means a program or practice that has had multiple site random controlled trials across homogeneous populations demonstrating that the program or practice is effective for the population.

(2) "Home visitation" means providing services in the permanent or temporary residence, or in other familiar surroundings, of the family receiving such services.

(3) "Research-based" means a program or practice that has some research demonstrating effectiveness, but that does not yet meet the standard of evidence-based practices. [2007 c 466 § 2.]

43.121.180 Home visitation programs—Funding—Home visitation services coordination or consolidation plan—Report. (1) Within available funds, the children’s trust of Washington shall fund evidence-based and research-based home visitation programs for improving parenting skills and outcomes for children. Home visitation programs must be voluntary and must address the needs of families to alleviate the effect on child development of factors such as poverty, single parenthood, parental unemployment or underemployment, parental disability, or parental lack of high school diploma, which research shows are risk factors for child abuse and neglect and poor educational outcomes.

43.135.035 Tax legislation—Conditions and restrictions—Ballot title—Declarations of emergency—Taxes on intangible property—Expenditure limit to reflect program cost shifting or fund transfer. (Effective July 1, 2008, if the proposed amendment to Article VII of the state Constitution is approved at the November 2007 general election.) (1) After July 1, 1995, any action or combination of actions by the legislature that raises state revenue or requires revenue-neutral tax shifts may be taken only if approved by a two-thirds vote of each house, and then only if state expenditures in any fiscal year, including the new revenue, will not exceed the state expenditure limits established under this chapter.

(2)(a) If the legislative action under subsection (1) of this section will result in expenditures in excess of the state expenditure limit, then the action of the legislature shall not take effect until approved by a vote of the people at a November general election. The state expenditure limit committee shall adjust the state expenditure limit by the amount of additional revenue approved by the voters under this section. This adjustment shall not exceed the amount of revenue generated by the legislative action during the first full fiscal year in which it is in effect. The state expenditure limit shall be adjusted downward upon expiration or repeal of the legislative action.

(b) The ballot title for any vote of the people required under this section shall be substantially as follows:

"Shall taxes be imposed on . . . . . . in order to allow a spending increase above last year’s authorized spending adjusted for personal income growth?"

(3)(a) The state expenditure limit may be exceeded upon declaration of an emergency for a period not to exceed twenty-four months by a law approved by a two-thirds vote of each house of the legislature and signed by the governor. The law shall set forth the nature of the emergency, which is limited to natural disasters that require immediate government action to alleviate human suffering and provide humanitarian assistance. The state expenditure limit may be exceeded for no more than twenty-four months following the declaration of the emergency and only for the purposes contained in the emergency declaration.

(b) Additional taxes required for an emergency under this section may be imposed only until thirty days following the next general election, unless an extension is approved at that general election. The additional taxes shall expire upon expiration of the declaration of emergency. The legislature shall not impose additional taxes for emergency purposes under this subsection unless funds in the education construction fund have been exhausted.
(c) The state or any political subdivision of the state shall not impose any tax on intangible property listed in RCW 84.36.070 as that statute exists on January 1, 1993.

(4) If the cost of any state program or function is shifted from the state general fund or a related fund to another source of funding, or if moneys are transferred from the state general fund or a related fund to another fund or account, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall lower the state expenditure limit to reflect the shift. For the purposes of this section, a transfer of money from the state general fund or a related fund to another fund or account includes any state legislative action taken that has the effect of reducing revenues from a particular source, where such revenues would otherwise be deposited into the state general fund or a related fund, while increasing the revenues from that particular source to another state or local government account. This subsection does not apply to: (a) The dedication or use of lottery revenues under RCW 67.70.240(3) or property taxes under RCW 84.52.068, in support of education or education expenditures; or (b) a transfer of moneys to, or an expenditure from, the budget stabilization account.

(5) If the cost of any state program or function and the ongoing revenue necessary to fund the program or function are shifted to the state general fund or a related fund on or after January 1, 2007, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall increase the state expenditure limit to reflect the shift. [2007 c 484 § 6; 2005 c 72 § 5; 2005 c 72 § 2. Prior: 2001 c 3 § 8 (Initiative Measure No. 728, approved November 7, 2000); 2002 2nd sp. s.c 2 § 2 (2002 c 33 § 1 expired June 30, 2003); 1994 c 2 § 4 (Initiative Measure No. 601, approved November 2, 1993).]

Contingent effective date—2007 c 484 §§ 2-8: See note following RCW 43.79.495.

Findings—Effective dates—2005 c 72: See notes following RCW 43.135.010.

Effective date—2000 2nd sp.s. c 2: See note following RCW 43.135.025.

43.135.045 Emergency reserve fund—Transfers of excess balance—Appropriation conditions—Student achievement fund—Education construction fund. (Effective unless the proposed amendment to Article VII of the state Constitution is approved at the November 2007 general election.) (1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall transfer an amount from the state general fund to the emergency reserve fund. The amount transferred shall equal the amount by which total state revenue for the general fund and related funds exceeds the state expenditure limit, multiplied by the percentage that general fund expenditures are of total expenditures from the general fund and related funds. Transfers shall be made at the end of each fiscal quarter based on projections of state revenues, expenditures, and the state expenditure limit. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues and the expenditure limit for fiscal year 2000 and thereafter.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter.

(3) The emergency reserve fund balance shall not exceed five percent of annual general fund—state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer as follows: Seventy-five percent to the student achievement fund hereby created in the state treasury and twenty-five percent to the general fund balance. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues for fiscal year 2000 and thereafter. When per-student state funding for the maintenance and operation of K-12 education meets a level of no less than ninety percent of the national average of total funding from all sources per student as determined by the most recent published data from the national center for education statistics of the United States department of education, as calculated by the office of financial management, further deposits to the student achievement fund shall be required only to the extent necessary to maintain the ninety-percent level. Remaining funds are part of the general fund balance and these funds are subject to the expenditure limits of this chapter.

(4) The education construction fund is hereby created in the state treasury.

(a) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction. During the 2007-2009 fiscal biennium, funds may also be used for higher education facilities preservation and maintenance.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

(5) Funds from the student achievement fund shall be appropriated to the superintendent of public instruction strictly for distribution to school districts to meet the provisions set out in the student achievement act. Allocations shall be made on an equal per full-time equivalent student basis to each school district. [2007 c 520 § 6035. Money in the public works assistance account shall be used to make loans and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated to provide for state match requirements under federal law for projects and activities conducted and financed by the board under the drinking water assistance account. Not more than fifteen percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans, emergency loans, or loans for capital facility planning under this chapter; of this amount, not more than ten percent of the biennial capital budget appropriation may be expended for emergency loans and not more than one percent of the biennial capital budget appropriation may be expended for capital facility planning loans. For the 2007-2009 biennium, moneys in the account may be used for grants for projects identified in section 138, chapter 488, Laws of 2005.

(2) The job development fund is hereby established in the state treasury. Up to fifty million dollars each biennium from the public works assistance account may be transferred into the job development fund. Money in the job development fund may be used solely for job development fund program grants, administrative expenses related to the administration of the job development fund program created in RCW 43.160.230, and for the report prepared by the joint legislative audit and review committee pursuant to RCW 44.28.801(2). Moneys in the job development fund may be spent only after appropriation. The board shall prepare a prioritized list of proposed projects of up to fifty million dollars as part of the department’s 2007-09 biennial budget request. The board may provide an additional alternate job development fund project list of up to ten million dollars. The legislature may remove projects from the list recommended by the board. The legislature may not change the prioritization of projects recommended for funding by the board, but may add projects from the alternate list in order of priority, as long as the total funding does not exceed fifty million dollars. 43.155.070 Eligibility, priority, limitations, and exceptions. (1) To qualify for loans or pledges under this chapter the board must determine that a local government meets all of the following conditions:

(a) The city or county must be imposing a tax under chapter 82.46 RCW at a rate of at least one-quarter of one percent;

(b) The local government must have developed a capital facility plan; and

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors.
(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town planning under RCW 36.70A.040 must have adopted a comprehensive plan, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving a loan or loan guarantee under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 which has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 is not prohibited from receiving a loan or loan guarantee under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before submitting a request for a loan or loan guarantee.

(3) In considering awarding loans for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board shall consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4) The board shall develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board shall attempt to assure a geographical balance in assigning priorities to projects. The board shall consider at least the following factors in assigning a priority to a project:

(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;

(b) Except as otherwise conditioned by RCW 43.155.110, whether the entity receiving assistance is a Puget Sound partner, as defined in RCW 90.71.010;

(c) Whether the project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310;

(d) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;

(e) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007;

(f) The cost of the project compared to the size of the local government and amount of loan money available;

(g) The number of communities served by or funding the project;

(h) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(i) Whether the project is the acquisition, expansion, improvement, or renovation by a local government of a public water system that is in violation of health and safety standards, including the cost of extending existing service to such a system;

(j) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and

(k) Other criteria that the board considers advisable.

(5) Existing debt or financial obligations of local governments shall not be refinanced under this chapter. Each local government applicant shall provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(6) Before November 1st of each year, the board shall develop and submit to the appropriate fiscal committees of the senate and house of representatives a description of the loans made under RCW 43.155.065, 43.155.068, and subsection (9) of this section during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list shall include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction’s critical need for the project and documentation of local funds being used to finance the public works project. The list shall also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

(7) The board shall not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature shall not change the order of the priorities recommended for funding by the board.

(8) Subsection (7) of this section does not apply to loans made under RCW 43.155.065, 43.155.068, and subsection (9) of this section.

(9) Loans made for the purpose of capital facilities plans shall be exempted from subsection (7) of this section.

(10) To qualify for loans or pledges for solid waste or recycling facilities under this chapter, a city or county must demonstrate that the solid waste or recycling facility is consistent with and necessary to implement the comprehensive solid waste management plan adopted by the city or county under chapter 70.95 RCW.

(11) After January 1, 2010, any project designed to address the effects of storm water or wastewater on Puget Sound may be funded under this section only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. [2007 c 341 § 24; 2007 c 231 § 2; 2001 c 131 § 5; 1999 c 164 § 602; 1997 c 429 § 29; 1996 c 168 § 3; 1995 c 363 § 3; 1993 c 39 § 1; 1991 sp.s. c 32 § 23; 1990 1st ex.s. c 17 § 82; 1990 c 133 § 6; 1988 c 93 § 3; 1987 c 505 § 40; 1985 c 446 § 12.]

Reviser’s note: This section was amended by 2007 c 231 § 2 and by 2007 c 341 § 24, each without reference to the other. Both amendments are
incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Severability—Effective date—2007 c 341: See RCW 90.71.906 and 90.71.907.

Findings—Recommendations—Reports encouraged—2007 c 231: "(1) The legislature finds that permit programs have been legislatively established to protect the health, welfare, economy, and environment of Washington's citizens and to provide a fair, competitive opportunity for business innovation and consumer confidence. The legislature also finds that uncertainty in government processes to permit an activity by a citizen of Washington state is undesirable and erodes confidence in government. The legislature further finds that in the case of projects that would further economic development in the state, information about the permitting process is critical for an applicant's planning and financial assessment of the proposed project. The legislature also finds that applicants have a responsibility to provide complete and accurate information.

(2) The legislature recommends that applicants be provided with the following information when applying for a development permit from a city, county, or state agency:

(a) The minimum and maximum time an agency will need to make a decision on a permit, including public comment requirements;
(b) The minimum amount of information required for an agency to make a decision on a permit;
(c) When an agency considers an application complete for processing;
(d) The minimum and maximum costs in agency fees that will be incurred by the permit applicant; and
(e) The reasons for a denial of a permit in writing.

(3) In providing this information to applicants, an agency should base estimates on the best information available about the permitting program and prior applications for similar permits, as well as on the information provided by the applicant. New information provided by the applicant subsequent to the agency estimates may change the information provided by an agency per subsection (2) of this section. Project modifications by an applicant may result in more time, more information, or higher fees being required for permit processing.

(4) This section does not create an independent cause of action, affect any existing cause of action, or establish time limits for purposes of RCW 61.44.020.

(5) City, county, and state agencies issuing development permits are encouraged to track the progress in providing the information to applicants per subsection (2) of this section by preparing an annual report of its performance for the preceding fiscal year. The report should be posted on its web site [and] made available and provided to the appropriate standing committees of the senate and house of representatives." [2007 c 231 § 1.]

43.155.110 Puget Sound partners. In developing a priority process for public works projects under RCW 43.155.070, the board shall give preferences only to Puget Sound partners, as defined in RCW 90.71.010, over other entities that are eligible to be included in the definition of Puget Sound partner. Entities that are not eligible to be a Puget Sound partner due to geographic location, composition, exclusion from the scope of the action agenda developed by the Puget Sound partnership under RCW 90.71.310, or for any other reason, shall not be given less preferential treatment than Puget Sound partners. Chapter 43.160 RCW

ECONOMIC DEVELOPMENT—PUBLIC FACILITIES LOANS AND GRANTS

Sections

43.160.060 Loans and grants to political subdivisions and federally recognized Indian tribes for public facilities authorized—Application—Requirements for financial assistance. The board is authorized to make direct loans to political subdivisions of the state and to federally recognized Indian tribes for the purposes of assisting the political subdivisions and federally recognized Indian tribes in financing the cost of public facilities, including development of land and improvements for public facilities, project-specific environmental, capital facilities, land use, permitting, feasibility, and marketing studies and plans; project design, site planning, and analysis; project debt and revenue impact analysis; as well as the construction, rehabilitation, alteration, expansion, or improvement of the facilities. A grant may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision or the federally recognized Indian tribe and the finding by the board that financial circumstances require grant assistance to enable the project to move forward. However, at least ten percent of all financial assistance provided by the board in any biennium shall consist of grants to political subdivisions and federally recognized Indian tribes.

Application for funds shall be made in the form and manner as the board may prescribe. In making grants or loans the board shall conform to the following requirements:

(1) The board shall not provide financial assistance:
(a) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.
(b) For any project that evidence exists would result in a development or expansion that would displace existing jobs in any other community in the state.
(c) For the acquisition of real property, including buildings and other fixtures which are a part of real property.
(d) For a project the primary purpose of which is to facilitate or promote gambling.

(2) The board shall only provide financial assistance:
(a) For those projects which would result in specific private developments or expansions (i) in manufacturing, production, food processing, assembly, warehousing, advanced technology, research and development, and industrial distri-
bution; (ii) for processing recyclable materials or for facilities that support recycling, including processes not currently provided in the state, including but not limited to, de-inking facilities, mixed waste paper, plastics, yard waste, and problem-waste processing; (iii) for manufacturing facilities that rely significantly on recyclable materials, including but not limited to waste tires and mixed waste paper; (iv) which support the relocation of businesses from nondistressed urban areas to rural counties or rural natural resources impact areas; or (v) which substantially support the trading of goods or services outside of the state’s borders.

(b) For projects which it finds will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities.

c) When the application includes convincing evidence that a specific private development or expansion is ready to occur and will occur only if the public facility improvement is made.

(3) The board shall prioritize each proposed project according to:

(a) The relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed and according to the unemployment rate in the area in which the jobs would be located;

(b) The rate of return of the state’s investment, that includes the expected increase in state and local tax revenues associated with the project; and

c) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007.

(4) A responsible official of the political subdivision or the federally recognized Indian tribe shall be present during board deliberations and provide information that the board requests.

Before any financial assistance application is approved, the political subdivision or the federally recognized Indian tribe seeking the assistance must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the community economic revitalization board. 43.160.230 Job development fund program. (Expires June 30, 2011.) (1) The job development fund program is created to provide grants for public infrastructure projects that will stimulate job creation or assist in job retention. The program is to be administered by the board. The board shall establish a competitive process to request and prioritize proposals and make grant awards.

(2) For the purposes of chapter 425, Laws of 2005, "public infrastructure projects" has the same meaning as "public facilities" as defined in RCW 43.160.020(11).

(3) The board shall conduct a statewide request for project applications. The board shall apply the following criteria for evaluation and ranking of applications:

(a) The relative benefits provided to the community by the jobs the project would create, including, but not limited to: (i) The total number of jobs; (ii) the total number of full-time, family wage jobs; (iii) the unemployment rate in the area; and (iv) the increase in employment in comparison to total community population;

(b) The present level of economic activity in the community and the existing local financial capacity to increase economic activity in the community;

(c) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007;

(d) The rate of return of the state’s investment, that includes the expected increase in state and local tax revenues associated with the project;

(e) The lack of another timely source of funding available to finance the project which would likely prevent the proposed community or economic development, absent the financing available under chapter 425, Laws of 2005;

(f) The ability of the project to improve the viability of existing business entities in the project area;

(g) Whether or not the project is a partnership of multiple jurisdictions;

(h) Demonstration that the requested assistance will directly stimulate community and economic development by facilitating the creation of new jobs or the retention of existing jobs; and

(i) The availability of existing assets that applicants may apply to projects.

(4) Job development fund program grants may only be awarded to those applicants that have entered into or expect to enter into a contract with a private developer relating to private investment that will result in the creation or retention of jobs upon completion of the project. Job development fund program grants shall not be provided for any project where:

(a) The funds will not be used within the jurisdiction or jurisdictions of the applicants; or

(b) Evidence exists that the project would result in a development or expansion that would displace existing jobs in any other community in the state.

(5) The board shall, with the joint legislative audit and review committee, develop performance criteria for each grant and evaluation criteria to be used to evaluate both how
well successful applicants met the community and economic development objectives stated in their applications, and how well the job development fund program performed in creating and retaining jobs. [2007 c 231 § 4; 2005 c 425 § 2.]

Expiration date—2007 c 231 § 4: "Section 4 of this act expires June 30, 2011." [2007 c 231 § 8.]

Findings—Recommendations—Reports encouraged—2007 c 231:

See note following RCW 43.155.070.

Finding—2005 c 425: "The legislature has and continues to recognize the vital importance of economic development to the health and prosperity of Washington state as indicated in RCW 43.160.010, 43.155.070(4)(g), 43.163.005, and 43.168.010. The legislature finds that current economic development programs and funding, which are primarily low-interest loan programs, can be enhanced by creating a grant program to assist with public infrastructure projects that directly stimulate community and economic development by supporting the creation of new jobs or the retention of existing jobs." [2005 c 425 § 1.]

Severability—2005 c 425: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2005 c 425 § 7.]

Chapter 43.162 RCW
ECONOMIC DEVELOPMENT COMMISSION

43.162.005 Findings—Intent. The legislature finds that Washington’s innovation and trade-driven economy has provided tremendous opportunities for citizens of the state, but that there is no guarantee that globally competitive firms will continue to grow and locate in the state. The current economic development system is fragmented among numerous programs, councils, centers, and organizations with inadequate overall coordination and insufficient guidance built into the system to ensure that the system is responsive to its customers. The current economic development system’s data-gathering and evaluation methods are inconsistent and unable to provide adequate information for determining how well the system is performing on a regular basis so the system may be held accountable for its outcomes.

The legislature also finds that developing a comprehensive economic development strategic plan to guide the operation of effective economic development programs, including workforce training, infrastructure development, small business assistance, technology transfer, and export assistance, is vital to the state’s efforts to increase the competitiveness of state businesses, encourage employment growth, increase state revenues, and generate economic well-being. There is a need for responsive and consistent involvement of the private sector in the state’s economic development efforts. The legislature finds that there is a need for the development of coordination criteria for business recruitment, expansion, and retention activities carried out by the state and local entities. It is the intent of the legislature to create an economic development commission that will provide planning, coordination, evaluation, monitoring, and policy analysis and development for the state economic development system as a whole, and advice to the governor and legislature concerning the state economic development system. [2007 c 232 § 1; 2003 c 225 § 1.]

43.162.010 Washington state economic development commission—Membership—Rules. (1) The Washington state economic development commission is established to oversee the economic development strategies and policies of the department of community, trade, and economic development.

(2)(a) The Washington state economic development commission shall consist of eleven voting members appointed by the governor as follows: Six representatives of the private sector, one representative of labor, one representative of port districts, one representative of four-year state public higher education, one representative for state community or technical colleges, and one representative of associate development organizations. The director of the department of community, trade, and economic development, the director of the workforce training and education coordinating board, the commissioner of the employment security department, and the chairs and ranking minority members of the standing committees of the house of representatives and the senate overseeing economic development policies shall serve as nonvoting ex officio members.

The chair of the commission shall be a voting member selected by the governor with the consent of the senate, and shall serve at the pleasure of the governor. (1) The residents, property owners, employees, or business owners of an impacted community may propose formation of a community preservation and development authority. The proposal to form a community preservation and development authority must be presented in writing to the appropriate legislative committee in both the house of representatives and the senate. The proposal must contain proposed general geographic boundaries that will be used to define the community for the purposes of the authority. Proposals presented after January 1, 2008, must identify in its proposal one or more stable revenue sources that (a) have a nexus with the multiple publicly funded facilities that have adversely impacted the community, and (b) can be used to support future operating or capital projects that will be identified in the strategic plan required under RCW 43.167.030.

(2) Formation of the community preservation and development authority is subject to legislative authorization by statute. The legislature must find that (a) the area within the proposal’s geographic boundaries meets the definition of “impacted community” contained in *section 2(4) of this act and (b) those persons that have brought forth the proposal are members of the community as defined in *section 2(1) of this act and, if the authority were approved, would meet the definition of constituency contained in *section 2(3) of this act. For proposals brought after January 1, 2008, the legislature must also find that the community has identified one or more stable revenue sources as required in subsection (1) of this section. The legislature may then act to authorize the establishment of the community preservation and development authority in law.

(b) Board members initially elected to positions six through nine shall serve a three-year term only.
(c) Board members elected to positions six through nine after the initial three-year term shall serve two-year terms, and if reelected, may serve no more than one additional two-year term.

(5) With respect to an authority’s initial board of directors: The state legislative delegation and those proposing formation of the authority shall jointly establish a committee to develop a list of candidates to stand for election once the authority has received legislative approval as established in subsection (2) of this section. For the purpose of developing the list and identifying those persons who meet the criteria in subsection (3)(a) through (e) of this section, community shall mean the proposed geographic boundaries as set out in the proposal. The board of directors shall be elected by the constituency during a meeting convened for that purpose by the state legislative delegation.

(2) A community preservation and development authority shall have no power of eminent domain nor any power to levy taxes or special assessments. [2007 c 501 § 4.]

43.167.030 Duties of authorities. A community preservation and development authority shall have the duty to:

(1) Establish specific geographic boundaries for the authority within its bylaws based on the general geographic boundaries established in the proposal submitted and approved by the legislature;

(a) Reporting to the appropriate committees of the legislature, one year after formation and every biennium thereafter, on the authority’s strategic plan, activities, accomplishments, and any recommendations for statutory changes;

(b) Reporting any changes in the authority’s geographic boundaries to the appropriate committees of the legislature when the legislature next convenes in regular session;

(c) Convening a local town hall meeting with its constituency on an annual basis to: (i) Report its activities and accomplishments from the previous year; (ii) present and receive input from members of the impacted community regarding its proposed strategic plan and activities for the upcoming year; and (iii) hold board member elections as necessary; and

(1) Communicate and consult with the community preservation and development authority and impacted community, including assessing the compatibility of the proposed project with the strategic plan adopted by the authority; and

(2) Make reasonable efforts to ensure that negative, cumulative effects of multiple projects upon the impacted community are minimized. [2007 c 501 § 8.]

AFFORDABLE HOUSING PROGRAM

Sections

43.185A.110 Affordable housing land acquisition revolving loan fund program.

43.185A.110 Affordable housing land acquisition revolving loan fund program. (1) The affordable housing land acquisition revolving loan fund program is created in the department to assist eligible organizations, described under RCW 43.185A.040, to purchase land for affordable housing development. The department shall contract with the Washington state housing finance commission to administer the affordable housing land acquisition revolving loan fund program. Within this program, the Washington state housing finance commission shall establish and administer the Washington state housing finance commission land acquisition revolving loan fund.

(2) As used in this chapter, "market rate" means the current average market interest rate that is determined at the time any individual loan is closed upon using a widely recognized current market interest rate measurement to be selected for use by the Washington state housing finance commission with the department’s approval. This interest rate must be noted in an attachment to the closing documents for each loan.

(3) Under the affordable housing land acquisition revolving loan fund program:

(a) Loans may be made to purchase land on which to develop affordable housing. In addition to affordable housing, facilities intended to provide supportive services to affordable housing residents and low-income households in the nearby community may be developed on the land.

(b) Eligible organizations applying for a loan must include in the loan application a proposed affordable housing
development plan indicating the number of affordable housing units planned, a description of any other facilities being considered for the property, and an estimated timeline for completion of the development. The Washington state housing finance commission may require additional information from loan applicants and may consider the efficient use of land, project readiness, organizational capacity, and other factors as criteria in awarding loans.

(c) Forty percent of the loans shall go to eligible applicants operating homeownership programs for low-income households in which the households participate in the construction of their homes. Sixty percent of loans shall go to other eligible organizations. If the entire forty percent for applicants operating self-help homeownership programs cannot be lent to these types of applicants, the remainder shall be lent to other eligible organizations.

(d) Within five years of receiving a loan, a loan recipient must present the Washington state housing finance commission with an updated development plan, including a proposed development design, committed and anticipated additional financial resources to be dedicated to the development, and an estimated development schedule, which indicates completion of the development within eight years of loan receipt. This updated development plan must be substantially consistent with the development plan submitted as part of the original loan application as required in (b) of this subsection.

(e) Within eight years of receiving a loan, a loan recipient must develop affordable housing on the property for which the loan was made and place the affordable housing into service.

(f) A loan recipient must preserve the affordable housing developed on the property acquired under this section as affordable housing for a minimum of thirty years.

(4) If a loan recipient does not place affordable housing into service on a property for which a loan has been received under this section within the eight-year period specified in subsection (3)(e) of this section, or if a loan recipient fails to use the property for the intended affordable housing purpose consistent with the loan recipient’s original affordable housing development plan, then the loan recipient must pay to the Washington state housing finance commission an amount consisting of the principal of the original loan plus compounded interest calculated at the current market rate. The Washington state housing finance commission shall develop guidelines for the time period in which this repayment must take place, which must be noted in the original loan agreement. The Washington state housing finance commission may grant a partial or total exemption from this repayment requirement if it determines that a development is substantially complete or that the property has been substantially used in keeping with the original affordable housing purpose of the loan. Any repayment funds received as a result of non-compliance with loan requirements shall be deposited into the Washington state housing finance commission land acquisition revolving loan fund for the purposes of the affordable housing land acquisition revolving loan fund program.

(5) The Washington state housing finance commission, with approval from the department, may adopt guidelines and requirements that are necessary to administer the affordable housing land acquisition revolving loan fund program.

(6) Interest rates on property loans granted under this section may not exceed one percent. All loan repayment moneys received shall be deposited into the Washington state housing finance commission affordable housing land acquisition revolving loan fund for the purposes of the affordable housing land acquisition revolving loan fund program.

(7) The Washington state housing finance commission must develop performance measures for the program, which must be approved by the department, including, at a minimum, measures related to:

(a) The ability of eligible organizations to access land for affordable housing development;

(b) The total number of dwelling units by housing type and the total number of very low-income households and persons served; and

(c) The financial efficiency of the program as demonstrated by factors, including the cost per unit developed for affordable housing units in different areas of the state and a measure of the effective use of funds to produce the greatest number of units for low-income households.

(8) By December 1st of each year, beginning in 2007, the Washington state housing finance commission shall report to the department and the appropriate committees of the legislature, using, at a minimum, the performance measures developed under subsection (7) of this section. [2007 c 428 § 2.]

Findings—2007 c 428: "The legislature finds that protecting the public health, safety, and welfare by providing affordable housing resources to needy or vulnerable persons is a fundamental purpose of government. The legislature further finds that assisting eligible organizations to purchase land for affordable housing development and related supportive services facilities confers a valuable benefit on the public that constitutes consideration for financing assistance to eligible organizations in the form of low-interest loans, subject to restrictions that provide continued protection of the public interest." [2007 c 428 § 1.]

Contingency—2007 c 428: "If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2007, in the omnibus appropriations act, this act is null and void." [2007 c 428 § 3.] Funding was provided in 2007 c 520 § 1044 (capital budget).

### 43.185C.200 Transitional housing assistance to offenders—Pilot program

1. The department of community, trade, and economic development shall establish a pilot program to provide grants to eligible organizations, as described in RCW 43.185.060, to provide transitional housing assistance to offenders who are reentering the community and are in need of housing.

2. There shall be a minimum of two pilot programs established in two counties. The pilot programs shall be selected through a request for proposal process and in consultation with the department of corrections. The department shall select the pilot sites by January 1, 2008.

3. The pilot program shall:

   a. Be operated in collaboration with the community justice center existing in the location of the pilot site;

   b. Offer transitional supportive housing that includes individual support and mentoring available on an ongoing basis, life skills training, and close working relationships with community justice centers and community corrections officers. Supportive housing services can be provided directly by the housing operator, or in partnership with community-based organizations;

   c. In providing assistance, give priority to offenders who are designated as high risk or high needs as well as those determined not to have a viable release plan by the department of corrections;

[2007 RCW Supp—page 545]
(d) Optimize available funding by utilizing cost-effective community-based shared housing arrangements or other noninstitutional living arrangements; and

(e) Provide housing assistance for a period of time not to exceed twelve months for a participating offender.

(4) The department may also use up to twenty percent of the funding appropriated in the operating budget for this section to support the development of additional supportive housing resources for offenders who are reentering the community.

(5) The department shall:

(a) Collaborate with the department of corrections in developing criteria to determine who will qualify for housing assistance; and

(b) Gather data, and report to the legislature by November 1, 2008, on the number of offenders seeking housing, the number of offenders eligible for housing, the number of offenders who receive the housing, and the number of offenders who commit new crimes while residing in the housing to the extent information is available.

(6) The department of corrections shall collaborate with organizations receiving grant funds to:

(a) Help identify appropriate housing solutions in the community for offenders;

(b) Where possible, facilitate an offender’s application for housing prior to discharge;

(c) Identify enhancements to training provided to offenders prior to discharge that may assist an offender in effectively transitioning to the community;

(d) Maintain communication between the organization receiving grant funds, the housing provider, and corrections staff supervising the offender; and

(e) Assist the offender in accessing resources and services available through the department of corrections and a community justice center.

(7) The state, department of community, trade, and economic development, department of corrections, local governments, local housing authorities, eligible organizations as described in RCW 43.185.060, and their employees are not liable for civil damages arising from the criminal conduct of an offender solely due to the placement of an offender in housing provided under this section or the provision of housing assistance.

(8) Nothing in this section allows placement of an offender into housing without an analysis of the risk the offender into housing without an analysis of the risk the offender.

Finding—Purpose. (1) The legislature recognizes that:

(a) Parents are their children’s first and most important teachers and decision makers;

(b) Research across disciplines now demonstrates that what happens in the earliest years makes a critical difference in children’s readiness to succeed in school and life;

(c) Washington’s competitiveness in the global economy requires a world-class education system that starts early and supports life-long learning;

(d) Washington state currently makes substantial investments in voluntary child care and early learning services and supports, but because services are fragmented across multiple state agencies, and early learning providers lack the supports and incentives needed to improve the quality of services they provide, many parents have difficulty accessing high quality early learning services;

(e) A more cohesive and integrated voluntary early learning system would result in greater efficiencies for the state, increased partnership between the state and the private sector, improved access to high quality early learning services, and better employment and early learning outcomes for families and all children.

(2) The legislature finds that the early years of a child’s life are critical to the child’s healthy brain development and that the quality of caregiving during the early years can significantly impact the child’s intellectual, social, and emotional development.

(3) The purpose of this chapter is:

(a) To establish the department of early learning;

(b) To coordinate and consolidate state activities relating to child care and early learning programs;

(c) To safeguard and promote the health, safety, and well-being of children receiving child care and early learning assistance, which is paramount over the right of any person to provide care;

RCW 43.215.307 governs notice of a civil monetary penalty and provides the right to an adjudicative proceeding. (3) Except for licensees suspended for noncompliance with a support order under chapter 74.20A RCW, a license applicant or licensee who is aggrieved by a department denial, revocation, suspension, or modification has the right to an adjudicative proceeding. The proceeding is governed by the administrative procedure act, chapter 34.05 RCW. The application must be in writing, state the basis for contesting the adverse action, include a copy of the adverse notice, be served on and received by the department within twenty-eight days of the license applicant’s or licensee’s receiving the adverse notice, and be served in a manner that shows proof of receipt.

The presiding or reviewing officer may permit the department to implement part or all of the adverse action while the proceedings are pending if the appellant causes an unreasonable delay in the proceeding, if the circumstances change so that implementation is in the public interest, or for other good cause.

(b) If the department gives a licensee less than twenty-eight days’ notice of revocation, suspension, or modification and the licensee timely files a sufficient appeal, the department may implement the adverse action on the effective date stated in the notice. The presiding or reviewing officer may order the department to stay implementation of part or all of the adverse action while the proceedings are pending if staying implementation is in the public interest or for other good cause. Finding—1993 c 453: "The legislature finds that building a system of quality, affordable child care requires coordinated efforts toward construct-
ing partnerships at state and community levels. Through the office of child care policy, the department of social and health services is responsible for facilitating the coordination of child care efforts and establishing working partnerships among the affected entities within the public and private sec-
tors. Through these collaborative efforts, the office of child care policy encouraged the coalition of locally based child care resource and referral agencies into a statewide network. The statewide network, in existence since 1989, supports the development and operation of community-based resource and referral programs, improves the quality and quantity of child care avail-
able in Washington by fostering statewide strategies, and generates then nur-
tures effective public-private partnerships. The statewide network provides important training, standards of service, and general technical assistance to its locally based child care resource and referral programs. The locally based programs enrich the availability, affordability, and quality of child care in their communities."

43.325.001 Findings—2006 c 171. (Expires June 30, 2016.) The legislature finds that:

(1) Washington’s dependence on energy supplied from outside the state and volatile global energy markets makes its economy and citizens vulnerable to unpredictable and high energy prices;

(2) Washington’s dependence on petroleum-based fuels increases energy costs for citizens and businesses;

(3) Diesel soot from diesel engines ranks as the highest toxic air pollutant in Washington, leading to hundreds of premature deaths and increasing rates of asthma and other lung diseases;

(4) The use of biodiesel results in significantly less air pollution than traditional diesel fuels;

(5) Improper disposal and treatment of organic waste from farms and livestock operations can have a significant negative impact on water quality;

(6) Washington has abundant supplies of organic wastes from farms that can be used for energy production and abundant farmland where crops could be grown to supplement or supplant petroleum-based fuels;

(7) The use of energy and fuel derived from these sources can help citizens and businesses conserve energy and reduce the use of petroleum-based fuels, would improve air and water quality in Washington, reduce environmental risks from farm wastes, create new markets for farm products, and provide new industries and jobs for Washington citizens;

(8) The bioenergy industry is a new and developing industry that is, in part, limited by the availability of capital for the construction of facilities for converting farm and forest products into energy and fuels;

(9) Instead of leaving our economy at the mercy of global events, and the policies of foreign nations, Washington state should adopt a policy of energy independence; and

(10) The energy freedom program is meant to lead Washington state towards energy independence.

Therefore, the legislature finds that it is in the public interest to encourage the rapid adoption and use of bioenergy, to develop a viable bioenergy industry within Washington state, to promote public research and development in bioenergy sources and markets, and to support a viable agriculture industry to grow bioenergy crops. To accomplish this, the energy freedom program is established to promote public research and development in bioenergy, and to stimulate the construction of facilities in Washington to generate energy from farm sources or convert organic matter into fuels. [2006 c 171 § 1. Formerly RCW 15.110.005.]

43.325.005 Findings—2007 c 348. (1) The legislature finds that excessive dependence on fossil fuels jeopardizes Washington’s economic security, environmental integrity, and public health. Accelerated development and use of clean fuels and clean vehicle technologies will reduce the drain on Washington’s economy from importing fossil fuels. As fossil fuel prices rise, clean fuels and vehicles can save consumers money while promoting the development of a major, sustainable industry that provides good jobs and a new source of rural prosperity. In addition, clean fuels and vehicles protect public health by reducing toxic air and climate change emissions.

(2) The legislature also finds that climate change is expected to have significant impacts in the Pacific Northwest region in the near and long-term future. These impacts include: Increased temperatures, declining snowpack, more frequent heavy rainfall and flooding, receding glaciers, rising sea levels, increased risks to public health due to insect and rodent-borne diseases, declining salmon populations, and increased drought and risk of forest fires. The legislature recognizes the need at this time to continue to gather and analyze information related to climate protection. This analysis will allow prudent steps to be taken to avoid, mitigate, or respond to climate impacts and protect our communities.

(3) Finally, the legislature finds that to reduce fossil fuel dependence, build our clean energy economy, and reduce climate impacts, the state should develop policies and incentives that help businesses, consumers, and farmers gain greater access to affordable clean fuels and vehicles and to produce clean fuels in the state. These policies and incentives should include: Incentives for replacement of the most polluting diesel engines, especially in school buses; transitional incentives for development of the most promising in-state clean fuels and fuel feedstocks, including biodiesel crops, ethanol from plant waste, and liquid natural gas from landfill or wastewater treatment gases; reduced fossil fuel consumption by state fleets; development of promising new technologies for displacing petroleum with electricity, such as "plug-in hybrids"; and impact analysis and emission accounting procedures that prepare Washington to respond and prosper as climate change impacts occur, and as policies and markets to reduce climate pollution are developed. [2007 c 348 § 1.]

Findings—Intent—2007 c 249: "The legislature finds that economic development success requires coordinated state and local efforts. The legislature further finds that economic development happens at the local level. County-designated associate development organizations serve as a networking tool and resource hub for business retention, expansion, and relocation in Washington. The legislature intends to bolster the partnership between state and local economic development efforts, provide increased funding for local economic development services, and increase local economic development service effectiveness, efficiency, and outcomes." The remediation plans shall include revised performance thresholds specifically chosen to provide evidence of progress in making the identified service changes.

(c) Contracts and state funding shall be terminated for one year for organizations that fail to achieve the agreed upon
progress toward improved performance defined under (b) of this subsection. During the year in which termination for nonperformance is in effect, organizations shall review alternative delivery strategies to include reorganization of the contracting organization, merging of previous efforts with existing regional partners, and other specific steps toward improved performance. At the end of the period of termination, the department may contract with the associate development organization or its successor as it deems appropriate.

43.330.094 Tourism development and promotion account—Promotion of tourism industry. The tourism development and promotion account is created in the state treasury. All receipts from RCW 36.102.060(10) must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used by the department of community, trade, and economic development only for the purposes of expanding and promoting the tourism industry in the state of Washington. [2007 c 228 § 202; 2003 c 153 § 4; 1997 c 220 § 223 (Referendum Bill No. 48, approved June 17, 1997).]

Part headings not law—2007 c 228: See RCW 43.336.900.

Findings—2003 c 153: "The legislature finds that tourism is a growing sector of the Washington economy. Washington has a diverse geography, geology, climate, and natural resources, and offers abundant opportunities for wildlife viewing. Nature-based tourism is the fastest growing outdoor activity and segment of the travel industry and the state can take advantage of this by marketing Washington’s natural assets to international as well as national tourist markets. Expanding tourism efforts can provide Washington residents with jobs and local communities with needed revenues."

The legislature also finds that current efforts to promote Washington’s natural resources and nature-based tourism to national and international markets are too diffuse and limited by funding and that a collaborative effort among state and local governments, tribes, and private enterprises can serve to leverage the investments in nature-based tourism made by each." [2003 c 153 § 1.]

Effective date—1994 c 144: "This act shall take effect July 1, 1994." [1994 c 144 § 3.]

Findings—Purpose—Intent—2007 c 322: "(1) The legislature finds that:
   a. Microenterprises are an important portion of Washington’s economy, providing approximately twenty percent of the employment in Washington and playing a vital role in job creation.
   b. While community-based microenterprise development organizations have expanded their assistance to their microentrepreneur customers in recent years, there remains a lack of access to capital, training, and technical assistance for low-income microentrepreneurs.
   c. Support for microenterprise development offers a means to expand business and job creation in low-income communities in both rural and urban areas of the state.
   d. Local and state charitable foundation support, federal program funding, and private sector support can be leveraged by a statewide program for development of microenterprises.

(2) It is the purpose of this act to assist microenterprises in job creation by increasing the training, technical assistance, and financial resources available to microenterprises. It is the intention of the legislature to carry out this purpose by enabling the department of community, trade, and economic development to contract with a statewide microenterprise association with the potential to provide organizational support and administer grants to local microenterprise development organizations, subject to the requirements of this act, and to leverage additional funds from sources other than moneys appropriated from the general fund." A public hearing shall be held prior to issuing a draft of an updated health care facilities and services plan, and another public hearing shall be held before final adoption of an updated health care facilities and services plan. Any hearing related to updating a health care facilities and services plan for a specific planning region shall be held in that region with sufficient notice to the public and an opportunity to comment. [2007 c 259 § 52.]

43.370.040 Department of health—Certificate of need review program. Sections
44.73.005 Findings.
44.73.010 Legislative gift center—Created—Retail sale of products—Governance—Planning.
44.73.020 Legislative gift center account.

44.73.005 Findings. The legislature finds that Washington is committed to economic development and supporting the tourism industry, and that economic development is achieved by promoting the state and the goods produced around the state. The legislature further finds that tourism is encouraged providing a memorable experience and an opportunity for visitors to take something back home with them to remind them of this experience. There are many visitors every day to the legislative building, including tourists, school children, and people from around the state visiting the state capitol. These visitors offer an opportunity for the state to showcase its products and history. Therefore, the legislature finds that a gift center in the legislative building would be an appropriate response to this opportunity, and further, that such a gift center could provide a source of revenue to help fund the oral history program and to pay for the restoration and repurchase of historical capitol furnishings. [2007 c 453 § 1.]

44.73.010 Legislative gift center—Created—Retail sale of products—Governance—Planning. (1) There is created in the legislature a legislative gift center for the retail sale of products bearing the state seal, Washington state souvenirs, other Washington products, and other products as approved. Wholesale purchase of products for sale at the legislative gift center is not subject to competitive bidding.

(2) Governance for the legislative gift center shall be under the chief clerk of the house of representatives and the secretary of the senate. They may designate a legislative staff member as the lead staff person to oversee management and operation of the gift shop.

(3) The chief clerk of the house of representatives and secretary of the senate shall consult with the department of general administration in planning, siting, and maintaining legislative building space for the gift center.

(4) Products bearing the "Seal of the State of Washington" as described in Article XVIII, section 1 of the Washington state Constitution and RCW 1.20.080, must be purchased from the secretary of state pursuant to an agreement between the chief clerk of the house of representatives, the secretary of the senate, and the secretary of state. [2007 c 453 § 2.]

44.73.020 Legislative gift center account. (1) The legislative gift center account is created in the custody of the state treasurer. All moneys received by the gift center from the sale of Washington state souvenirs, other Washington
products, and other products as approved shall be deposited in the account. Expenditures from the account may be used only for the operations and maintenance of the gift center, including the purchase of inventory, and for other purposes as provided in this section. Only the chief clerk of the house of representatives and the secretary of the senate, or the lead staff person designated by them to oversee management and operation of the gift shop, may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

The inspection must verify that the vehicle identification number is genuine and agrees with the number shown on the title and registration certificate. The inspection must be made by a member of the Washington state patrol or other person authorized by the department to make such inspections.

(b)(i) A physical examination of the vehicle is mandatory if the vehicle was declared totaled or salvage under the laws of this state, or the vehicle is presented with documents from another state showing the vehicle was totaled or salvage and has not been reissued a valid registration from that state after the declaration of total loss or salvage.

(iv) A vehicle presented for inspection must have all damaged major component parts replaced or repaired to meet RCW and WAC requirements before inspection of the salvage vehicle by the Washington state patrol.

(4) To the extent that the Washington state patrol has a backlog of vehicle inspections that it is to perform under this section, chapter 420, Laws of 2007 shall not be construed to reduce the vehicle inspection workload of the Washington state patrol.

(5) Rebuilt or salvage vehicles licensed in Washington must meet the requirements found under chapter 46.37 RCW to be driven upon public roadways.

46.12.101 Transfer of ownership—Requirements—Penalty, exceptions. A transfer of ownership in a motor vehicle is perfected by compliance with the requirements of this section.

(1)(a) If an owner transfers his or her interest in a vehicle, other than by the creation, deletion, or change of a security interest, the owner shall, at the time of the delivery of the vehicle, execute an assignment to the transferee and provide an odometer disclosure statement under RCW 46.12.124 on the certificate of ownership or as the department otherwise prescribes, and cause the certificate and assignment to be transmitted to the transferee. The owner shall notify the department or its agents or subagents, in writing, on the appropriate form, of the date of the sale or transfer, the name and address of the owner and of the transferee, the transferee’s driver’s license number if available, and such description of the vehicle, including the vehicle identification number, as may be required in the appropriate form provided or approved for that purpose by the department. The report of sale will be deemed properly filed if all information required in this section is provided on the form and includes a department-authorized notation that the document was received by the department, its agents, or subagents on or before the fifth day after the sale of the vehicle, excluding Saturdays, Sundays, and state and federal holidays. Agents and subagents shall immediately electronically transmit the seller’s report of sale to the department. Reports of sale processed and recorded by the department’s agents or subagents may be subject to fees as specified in RCW 46.01.140 (4)(a) or (5)(b). By January 1, 2003, the department shall create a system enabling the seller of a vehicle to transmit the report of sale electronically. The system created by the department must immediately indicate on the department’s vehicle record that a seller’s report of sale has been filed.

(b) By January 1, 2008, the department shall provide instructions on release of interest forms that allow the seller of a vehicle to release his or her interest in a vehicle at the same time a financial institution, as defined in RCW 30.22.040, releases their lien on the vehicle.

(2) The requirements of subsection (1) of this section to provide an odometer disclosure statement apply to the transfer of vehicles held for lease when transferred to a lessee and then to the lessor at the end of the leasehold and to vehicles held in a fleet when transferred to a purchaser.

(3) Except as provided in RCW 46.70.122 the transferee shall within fifteen days after delivery to the transferee of the vehicle, execute the application for a new certificate of ownership in the same space provided therefor on the certificate or as the department prescribes, and cause the certificates and application to be transmitted to the department accompanied by a fee of five dollars in addition to any other fees required.

(4) Upon request of the owner or transferee, a secured party in possession of the certificate of ownership shall, unless the transfer was a breach of its security agreement, either deliver the certificate to the transferee for transmission to the department or, when the secured party receives the owner’s assignment from the transferee, it shall transmit the transferee’s application for a new certificate, the existing certificate, and the required fee to the department. Compliance with this section does not affect the rights of the secured party.

(5) If a security interest is reserved or created at the time of the transfer, the certificate of ownership shall be retained by or delivered to the person who becomes the secured party, and the parties shall comply with the provisions of RCW 46.12.170.

(6) If the purchaser or transferee fails or neglects to make application to transfer the certificate of ownership and license

registration within fifteen days after the date of delivery of the vehicle, he or she shall on making application for transfer be assessed a twenty-five dollar penalty on the sixteenth day and two dollars additional for each day thereafter, but not to exceed one hundred dollars. The director may by rule establish conditions under which the penalty will not be assessed when an application for transfer is delayed for reasons beyond the control of the purchaser. Conditions for not assessing the penalty may be established for but not limited to delays caused by:

(a) The department requesting additional supporting documents;
(b) Extended hospitalization or illness of the purchaser;
(c) Failure of a legal owner to release his or her interest;
(d) Failure, negligence, or nonperformance of the department, auditor, or subagent;
(e) The transferee had no knowledge of the filing of the vehicle report of sale and signs an affidavit to the fact.

Failure or neglect to make application to transfer the certificate of ownership and license registration within forty-five days after the date of delivery of the vehicle is a misdemeanor.

(7) Upon receipt of an application for reissue or replacement of a certificate of ownership and transfer of license registration, accompanied by the endorsed certificate of ownership or other documentary evidence as is deemed necessary, the department shall, if the application is in order and if all provisions relating to the certificate of ownership and license registration have been complied with, issue new certificates of title and license registration as in the case of an original issue and shall transmit the fees together with an itemized detailed report to the state treasurer.

(8) Once each quarter the department shall report to the department of revenue a list of those vehicles for which a seller’s report has been received but no transfer of title has taken place. The department, if satisfied that there should be a reissue of the certificate, shall note such change upon the vehicle records and issue to the secured party a new certificate of ownership.

(2) Whenever there is no outstanding secured obligation and no commitment to make advances and incur obligations or otherwise give value, the secured party must either:

(3) Upon receipt of the certificate of ownership and the debtor’s release of interest and required fees as provided in subsection (2)(a) of this section, the department shall issue a new certificate of ownership and transmit it to the registered owner.

(4) If the affected secured party fails to either assign the certificate of ownership to the debtor or the debtor’s assignee or transferee or transmit the certificate of ownership to the department within ten days after proper demand, that secured party shall be liable to the debtor or the debtor’s assignee or transferee for one hundred dollars, and in addition for any loss caused to the debtor or the debtor’s assignee or transferee by such failure. (i) Is restricted by a form of porphyria to the extent that the applicant would significantly benefit from a decrease in exposure to light.

(2) The applications for parking permits for persons with disabilities and parking permits for persons with temporary disabilities are official state documents. Knowingly providing false information in conjunction with the application is a gross misdemeanor punishable under chapter 9A.20 RCW. The following statement must appear on each application immediately below the physician’s, advanced registered nurse practitioner’s, or physician assistant’s signature and immediately below the applicant’s signature: "A parking permit for a person with disabilities may be issued only for a medical necessity that severely affects mobility or involves acute sensitivity to light (RCW 46.16.381). Knowingly providing false information on this application is a gross misdemeanor. The penalty is up to one year in jail and a fine of up to $5,000 or both."

(3) Persons who qualify for special parking privileges are entitled to receive from the department of licensing a removable windshield placard bearing the international symbol of access and an individual serial number, along with a special identification card bearing the name and date of birth of the person to whom the placard is issued, and the placard’s serial number. The special identification card shall be issued to all persons who are issued parking placards, including those issued for temporary disabilities, and special parking license plates for persons with disabilities. The department shall design the placard to be displayed when the vehicle is parked by suspending it from the rearview mirror, or in the absence of a rearview mirror the card may be displayed on the dashboard of any vehicle used to transport the person with disabilities. Instead of regular motor vehicle license plates, persons with disabilities are entitled to receive special license plates under this section or RCW 46.16.385 bearing the international symbol of access for one vehicle registered in the name of the person with disabilities. Persons with disabilities who are not issued the special license plates are entitled to receive a second special placard upon submitting a written request to the department. Persons who have been issued the parking privileges and who are using a vehicle or are riding in a vehicle displaying the placard or special license plates issued under this section or RCW 46.16.385 may park in places reserved for persons with physical disabilities. The director shall adopt rules providing for the issuance of special placards and license plates to public transportation authorities, nursing homes licensed under chapter 18.51 RCW, boarding homes licensed under chapter 18.20 RCW, senior citizen centers, private nonprofit agencies as defined in chapter 24.03 RCW, and vehicles registered with the department as cablancesses that regularly transport persons with disabilities who have been determined eligible for special parking privileges provided under this section. The director may issue special license plates for a vehicle registered in the name of the public transportation authority, nursing home, boarding home, senior citizen center, private nonprofit agency, or cabulance service if the vehicle is primarily used to transport persons with disabilities described in this section. Public transportation authorities, nursing homes, boarding homes, senior citizen centers, private nonprofit agencies, and cabulance services are responsible for insuring that the special placards and license plates are not used improperly and are responsible for all fines and penalties for improper use.

(4) Whenever the person with disabilities transfers or assigns his or her interest in the vehicle, the special license plates shall be removed from the motor vehicle. If another vehicle is acquired by the person with disabilities and the vehicle owner qualifies for a special plate, the plate shall be attached to the vehicle, and the director shall be immediately notified of the transfer of the plate. If another vehicle is not acquired by the person with disabilities, the removed plate shall be immediately surrendered to the director.
(5) The special license plate shall be renewed in the same manner and at the time required for the renewal of regular motor vehicle license plates under this chapter. No special license plate may be issued to a person who is temporarily disabled. A person who has a condition expected to improve within six months may be issued a temporary placard for a period not to exceed six months. If the condition exists after six months a new temporary placard shall be issued upon receipt of a new certification from the person’s physician. The permanent parking placard and identification card of a person with disabilities shall be renewed at least every five years, as required by the director, by satisfactory proof of the right to continued use of the privileges. In the event of the permit holder’s death, the parking placard and identification card must be immediately surrendered to the department. The department shall match and purge its data base of parking permits issued to persons with disabilities with available death record information at least every twelve months.

(6) Additional fees shall not be charged for the issuance of the special placards or the identification cards. No additional fee may be charged for the issuance of the special license plates except the regular motor vehicle registration fee and any other fees and taxes required to be paid upon registration of a motor vehicle.

(7) Any unauthorized use of the special placard, special license plate issued under this section or RCW 46.16.385, or identification card is a traffic infraction with a monetary penalty of two hundred fifty dollars.

(8) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for a person to make inaccessible the access aisle located next to a space reserved for persons with physical disabilities. The clerk of the court shall report all violations related to this subsection to the department.

(9) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for any person to park a vehicle in a parking place provided on private property without charge or on public property reserved for persons with physical disabilities without a placard or special license plate issued under this section or RCW 46.16.385. If a person is charged with a violation, the person shall not be determined to have committed an infraction if the person produces in court or before the court appearance the placard or special license plate issued under this section or RCW 46.16.385 required under this section.

(10) The penalties imposed under subsections (8) and (9) of this section shall be used by that local jurisdiction exclusively for law enforcement. The court may also impose an additional penalty sufficient to reimburse the local jurisdiction for any costs it may have incurred in removal and storage of the improperly parked vehicle.

(11) Except as provided by subsection (2) of this section, it is a traffic infraction with a monetary penalty of two hundred fifty dollars for any person willfully to obtain a special license plate issued under this section or RCW 46.16.385, placard, or identification card in a manner other than that established under this section.

(12)(a) A law enforcement agency authorized to enforce parking laws may appoint volunteers, with a limited commission, to issue notices of infraction for violations of this section or RCW 46.61.581. Volunteers must be at least twenty-one years of age. The law enforcement agency appointing volunteers may establish any other qualifications the agency deems desirable.

(b) An agency appointing volunteers under this section must provide training to the volunteers before authorizing them to issue notices of infraction.

(c) A notice of infraction issued by a volunteer appointed under this subsection has the same force and effect as a notice of infraction issued by a police officer for the same offense.

(d) A police officer or a volunteer may request a person to show the person’s identification card or special parking placard when investigating the possibility of a violation of this section. If the request is refused, the person in charge of the vehicle may be issued a notice of infraction for a violation of this section.

(13) For second or subsequent violations of this section, in addition to a monetary fine, the violator must complete a minimum of forty hours:

(a) Community restitution for a nonprofit organization that serves persons having disabilities or disabling diseases; or

(b) Any other community restitution that may sensitize the violator to the needs and obstacles faced by persons who have disabilities.

(14) The court may not suspend more than one-half of any fine imposed under subsection (7), (8), (9), or (11) of this section.

(15) For the purposes of this section, "legally blind" means a person who: (a) Has no vision or whose vision with corrective lenses is so limited that the individual requires alternative methods or skills to do efficiently those things that are ordinarily done with sight by individuals with normal vision; or (b) has an eye condition of a progressive nature which may lead to blindness. [2007 c 262 § 1; 2007 c 44 § 1; 2006 c 357 § 2; 2005 c 390 § 2; 2004 c 222 § 2; 2003 c 371 § 1; 2002 c 175 § 33; 2001 c 67 § 1; 1999 c 136 § 1; 1998 c 294 § 1; 1995 c 384 § 1; 1994 c 194 § 6; 1993 c 106 § 1; 1992 c 148 § 1; 1991 c 339 § 21; 1990 c 24 § 1; 1986 c 96 § 1; 1984 c 154 § 2.]

Reviser’s note: This section was amended by 2007 c 44 § 1 and by 2007 c 262 § 1, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Findings—2006 c 357: “The legislature reaffirms its recognition that legal blindness does not affect the physical ability to walk, nor does it limit the ability to participate and contribute in employment and all aspects of life as an equal and productive citizen. Furthermore, for a legally blind individual with appropriate training in travel skills, any limitations on that individual’s mobility are not resolved by the granting of special parking privileges. However, for some individuals, including the newly blind and those in transition, the availability of special parking privileges could prove to be an appropriate benefit if those individuals choose to avail themselves of the opportunity.” [2006 c 357 § 1.]

Effective date—2004 c 222 §§ 1 and 2: See note following RCW 46.16.385.

46.16.685 License plate technology account. The license plate technology account is created in the state treasury. All receipts collected under RCW 46.01.140(4)(e)(ii) must be deposited into this account. Expenditures from this account must support current and future license plate technology and systems integration upgrades for both the department and correctional industries. Moneys in the account may be spent only after appropriation. Additionally, the moneys in this account may be used to reimburse the motor vehicle account for any appropriation made to implement the digital license plate system. a resident of this state, has successfully completed a course of instruction in the operation of a commercial motor vehicle that has been approved by the director or has been certified by an employer as having the skills and training necessary to operate a commercial motor vehicle safely, and has passed a knowledge and skills test for driving a commercial motor vehicle that complies with minimum federal standards established by federal regulation enumerated in 49 C.F.R. part 383, subparts G and H, and has satisfied all other requirements of the CMVSA in addition to other requirements imposed by state law or federal regulation. The tests must be prescribed and conducted by the department. In addition to the fee charged for issuance or renewal of any license, the applicant shall pay a fee of no more than ten dollars for each classified knowledge examination, classified endorsement knowledge examination, or any combination of classified license and endorsement knowledge examinations. The applicant shall pay a fee of no more than one hundred dollars for each classified skill examination or combination of classified skill examinations conducted by the department.

(b) The department may authorize a person, including an agency of this or another state, an employer, a private driver training facility, or other private institution, or a department, agency, or instrumentality of local government, to administer the skills test specified by this section under the following conditions:

(i) The test is the same which would otherwise be administered by the state;

(ii) The third party has entered into an agreement with the state that complies with the requirements of 49 C.F.R. part 383.75; and

(iii) The director has adopted rules as to the third party testing program and the development and justification for fees charged by any third party.

(c) If the applicant’s primary use of a commercial driver’s license is for any of the following, then the applicant shall pay a fee of no more than seventy-five dollars for each classified skill examination or combination of classified skill examinations whether conducted by the department or a third-party tester:

(i) Public benefit not-for-profit corporations that are federally supported head start programs; or

(ii) Public benefit not-for-profit corporations that support early childhood education and assistance programs as described in RCW 43.215.405(4).

(2) The department shall work with the office of the superintendent of public instruction to develop modified P1 and P2 skill examinations that also include the skill examination components required to obtain an "S" endorsement. In no event may a new applicant for an "S" endorsement be required to take two separate examinations to obtain an "S" endorsement and either a P1 or P2 endorsement, unless that applicant is upgrading his or her existing commercial driver’s license to include an "S" endorsement. The combined P1/S or P2/S skill examination must be offered to the applicant at the same cost as a regular P1 or P2 skill examination.

(3) The department may waive the skills test and the requirement for completion of a course of instruction in the operation of a commercial motor vehicle specified in this section for a commercial driver’s license applicant who meets the requirements of 49 C.F.R. part 383.77.

(4) A commercial driver’s license or commercial driver’s instruction permit may not be issued to a person while the person is subject to a disqualification from driving a commercial motor vehicle, or while the person’s driver’s license is suspended, revoked, or canceled in any state, nor may a commercial driver’s license be issued to a person who has a commercial driver’s license issued by any other state unless the person first surrenders all such licenses, which must be returned to the issuing state for cancellation.

(5)(a) The department may issue a commercial driver’s instruction permit to an applicant who is at least eighteen years of age and holds a valid Washington state driver’s license and who has submitted a proper application, passed the general knowledge examination required for issuance of a commercial driver’s license under subsection (1) of this section, and paid the appropriate fee for the knowledge examination and an application fee of ten dollars.

(b) A commercial driver’s instruction permit may not be issued for a period to exceed six months. Only one renewal or reissuance may be granted within a two-year period.

(c) The holder of a commercial driver’s instruction permit may drive a commercial motor vehicle on a highway only when accompanied by the holder of a commercial driver’s license valid for the type of vehicle driven who occupies a seat beside the individual for the purpose of giving instruction in driving the commercial motor vehicle. The holder of a commercial driver’s instruction permit is not authorized to operate a commercial motor vehicle transporting hazardous materials.

(d) The department shall transmit the fees collected for commercial driver’s instruction permits to the state treasurer. [2007 c 418 § 1; 2004 c 187 § 3; 2002 c 352 § 18; 1989 c 178 § 8.]

(2) The state patrol may inspect a commercial motor vehicle while the vehicle is operating on the public highways of this state with respect to vehicle equipment, hours of service, and driver qualifications.

(3) It is unlawful for any vehicle required to be inspected to be operated over the public highways of this state unless and until it has been approved periodically as to equipment.

The officer in charge of such vehicle inspection shall grant to the operator of such defective vehicle the privilege to move such vehicle to a place for repair under such restrictions as may be reasonably necessary.

(5) In the event any insignia, sticker, or other marker is adopted to be displayed upon vehicles in connection with the inspection of vehicle equipment, it shall be displayed as required by the rules of the chief of the Washington state patrol, and it is a traffic infraction for any person to mutilate, destroy, remove, or otherwise interfere with the display thereof.

(6) It is a traffic infraction for any person to refuse to have his motor vehicle examined as required by the chief of the Washington state patrol, or, after having had it examined, to refuse to place an insignia, sticker, or other marker, if issued, upon the vehicle, or fraudulently to obtain any such insignia, sticker, or other marker, or to refuse to place his motor vehicle in proper condition after having had it examined, or in any manner, to fail to conform to the provisions of this chapter.

46.32.040 Frequency of inspection—High-risk carrier compliance review fee. (1) Except as provided in subsection (2) of this section, vehicle equipment inspection shall be at such intervals as required by the chief of the Washington state patrol and shall be made without charge.

(2) When a motor carrier is identified as a high-risk carrier through a data-driven analysis due to formerly or recently identified deficiencies or violations, the fee for each motor carrier compliance review follow-up to ensure those deficiencies or violations have been corrected is two hundred fifty dollars. The fee shall be collected by the Washington state patrol and shall be deposited into the state patrol highway account. This fee applies to motor carriers already identified as a high-risk carrier or a motor carrier that has been reclassified as a high-risk carrier due to recently identified deficiencies or violations. 46.32.080 Commercial motor vehicle enforcement—Application for department of transportation number. (1) The Washington state patrol is responsible for enforcement of safety requirements for commercial motor vehicles including, but not limited to, safety audits and compliance reviews. Those motor carriers that have operations in this state are subject to the patrol’s safety audits and compliance review programs. Compliance reviews may result in the initiation of an enforcement action, which may include monetary penalties.

(2) Motor vehicles owned and operated by farmers in the transportation of their own farm, orchard, or dairy products, including livestock and plant or animal wastes, from point of production to market or disposal, or supplies or commodities to be used on the farm, orchard, or dairy, must have a department of transportation number, as defined in RCW 46.16.004, but are exempt from safety audits and compliance reviews.

(3) All records and documents required of motor carriers with operations in this state must be available for review and inspection during normal business hours. Duly authorized agents of the state patrol conducting safety audits and compliance reviews may enter the motor carrier’s place of business, or any location where records or equipment are located, at reasonable times and without advanced notice. Motor carriers who do not permit duly authorized agents to enter their place of business, or any location where records or equipment are located, for safety audits and compliance reviews are subject to enforcement action, including a monetary penalty.

(4)(a) All motor carriers with a commercial motor vehicle, as defined in RCW 46.16.004, that operate in this state must apply for a department of transportation number, as defined in RCW 46.16.004, by January 1, 2008.

(b) All motor carriers operating in this state who (i) have not applied under (a) of this subsection for a department of transportation number, as defined in RCW 46.16.004, and (ii) have a commercial motor vehicle that has a gross vehicle weight rating of 7,258 kilograms (16,001 pounds) or more, must apply for a department of transportation number by January 1, 2011.

(c) The state patrol may deny an application if the motor carrier does not meet the requirements and standards under this chapter. The state patrol shall not issue a department of transportation number to a motor carrier who at the time of application has not been placed out of service by the federal motor carrier safety administration. Commercial motor vehicles must be marked as prescribed by the state patrol. Those motor carriers with a current United States department of transportation number are exempt from applying for a department of transportation number.

(d) The state patrol may (i) place a motor carrier out of service or (ii) refuse to issue or recognize as valid a department of transportation number to a motor carrier who:  (A) Formerly held a department of transportation number that was placed out of service for cause, and where cause has not been removed; (B) is a subterfuge for the real party in interest whose department of transportation number was placed out of service for cause, and where cause has not been removed; (C) as an individual licensee, or officer, director, owner, or managing employee of a nonindividual licensee, had a department of transportation number and was placed out of service for cause, and where cause has not been removed; or (D) has an unsatisfied debt to the state assessed under this chapter.

(e) Upon a finding by the chief of the state patrol or the chief’s designee that a motor carrier is an imminent hazard or danger to the public health, safety, or welfare, the state patrol shall notify the department, and the department shall revoke the registrations for all commercial motor vehicles that are owned by the motor carrier subject to RCW 46.32.080. In determining whether a motor carrier is an imminent hazard or danger to the public health, safety, or welfare, the chief or the chief’s designee shall consider safety factors. [2007 c 419 § 10; 1995 c 272 § 1.]

Effective date—2007 c 419 § 10: "Section 10 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 11, 2007]." [2007 c 419 § 19.]

(2)(a) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the utilities and transportation commission pertaining to the powers, functions, and duties transferred shall be delivered to the custody of the Washington state patrol. All funds, credits, or other assets held in connection with the powers, functions, and duties transferred shall be assigned to the Washington state patrol. (b) Any appropriations made to the utilities and transportation commission for carrying out the powers, functions, and duties transferred shall, on January 1, 1996, be transferred and credited to the Washington state patrol. (c) Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible
property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All employees of the utilities and transportation commission engaged in performing the powers, functions, and duties transferred are transferred to the jurisdiction of the Washington state patrol. All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the Washington state patrol to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service. These employees will only be transferred upon successful completion of the Washington state patrol background investigation.

(4) All rules and all pending business before the utilities and transportation commission pertaining to the powers, functions, and duties transferred shall be continued and acted upon by the Washington state patrol. All existing contracts and obligations remain in full force and shall be performed by the Washington state patrol.

(5) The transfer of the powers, duties, functions, and personnel of the utilities and transportation commission does not affect the validity of any act performed before January 1, 1996.

(6) If apportionments of budgeted funds are required because of the transfers directed by this section, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

(7) Nothing contained in this section alters an existing collective bargaining unit or the provisions of an existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified by action of the personnel board as provided by law. [1995 c 272 § 4.]

The Washington state patrol, in consultation with the department of licensing, shall adopt rules consistent with this chapter to regulate vehicle safety requirements for motor carriers who own, control, manage, or operate a commercial motor vehicle within this state. Except as otherwise provided in this chapter, the rules adopted by the state patrol under this section must be as rigorous as federal regulations governing certain interstate motor carriers at 49 C.F.R. Parts 40 and 380 through 397, which cover the areas of commercial motor carrier driver training, controlled substance and alcohol use and testing, compliance with the federal driver’s license requirements and penalties, vehicle equipment and safety standards, hazardous material practices, financial responsibility, driver qualifications, hours of service, vehicle inspection and corrective actions, and assessed penalties for noncompliance. The state patrol shall amend these rules periodically to maintain, to the extent permissible under this chapter, standards as rigorous as the federal regulations governing certain interstate motor carriers. The state patrol shall submit a report to the legislature by December 31st of each year that outlines new rules or rule changes and explains how the state rules compare to the federal regulations. [2007 c 419 § 14.]

Findings—Short title—Application—2007 c 419: See notes following RCW 46.16.004.

The fee must be apportioned for those vehicles operating interstate and registered under the international registration plan. This fee does not apply to nonmotor-powered vehicles, including trailers. Refunds will not be provided for fees paid under this section when the vehicle is no longer subject to RCW 46.32.080. The department may deduct an amount equal to the cost of administering the program. All remaining fees shall be deposited with the state treasurer and credited to the state patrol highway account of the motor vehicle fund. [2007 c 419 § 11; 1996 c 86 § 1; 1995 c 272 § 2.]

(1) It is unlawful to operate a vehicle upon the public highways of this state unless it is completely equipped with pneumatic rubber tires except vehicles equipped with temporary-use spare tires that meet federal standards that are installed and used in accordance with the manufacturer’s instructions.

(2) No tire on a vehicle moved on a highway may have on its periphery any block, flange, cleat, or spike or any other protuberance of any material other than rubber which projects beyond the tread of the traction surface of the tire, except that it is permissible to use farm machinery equipped with pneumatic tires or solid rubber tracks having protuberances that will not injure the highway, and except also that it is permissible to use tire chains or metal studs imbedded within the tire of reasonable proportions and of a type conforming to rules adopted by the state patrol, upon any vehicle when required for safety because of snow, ice, or other conditions tending to cause a vehicle to skid. It is unlawful to use metal studs imbedded within the tire between April 1st and November 1st, except that a vehicle may be equipped year-round with tires that have retractable studs if: (a) The studs retract pneumatically or mechanically to below the wear bar of the tire when not in use; and (b) the retractable studs are engaged only between November 1st and April 1st. Retractable studs may be made of metal or other material and are not subject to the lightweight stud weight requirements under RCW 46.04.272. The state department of transportation may, from time to time, determine additional periods in which the use of tires with metal studs imbedded therein is lawful.

(3) The state department of transportation and local authorities in their respective jurisdictions may issue special permits authorizing the operation upon a highway of traction engines or tractors having movable tracks with transverse corrugations upon the periphery of the movable tracks or farm tractors or other farm machinery, the operation of which upon a highway would otherwise be prohibited under this section.

Beginning January 1, 2000, a person offering to sell to a tire dealer conducting business in the state of Washington, a metal flange or cleat intended for installation as a stud in a vehicle tire shall certify that the studs are:
(1) Lightweight studs as defined in RCW 46.04.272; or (2) retractable studs that are exempt from the requirements of RCW 46.04.272. Certification must be accomplished by clearly marking the boxes or containers used to ship and store studs with the designation "lightweight." This section does not apply to tires or studs in a wholesaler’s existing inventory as of January 1, 2000. [2007 c 140 § 4; 1999 c 219 § 2.]

46.37.4216 Lightweight and retractable studs—Sale of tires containing. Beginning July 1, 2001, a person may not sell a studded tire or sell a stud for installation in a tire unless the stud qualifies as a: (1) Lightweight stud under RCW 46.04.272; or (2) retractable stud that is exempt from the requirements of RCW 46.04.272. [2007 c 140 § 4; 1999 c 219 § 3.]

46.37.430 Safety glazing—Sunscreening or coloring.
(1) No person may sell any new motor vehicle as specified in this title, nor may any new motor vehicle as specified in this title be registered unless such vehicle is equipped with safety glazing material of a type that meets or exceeds federal standards, or if there are none, standards approved by the Washington state patrol. The foregoing provisions apply to all passenger-type motor vehicles, including passenger buses and school buses, but in respect to trucks, including truck tractors, the requirements as to safety glazing material apply to all glazing material used in doors, windows, and windshields in the drivers’ compartments of such vehicles except as provided by subsection (4) of this section.

(2) The term “safety glazing materials” means glazing materials so constructed, treated, or combined with other materials as to reduce substantially, in comparison with ordinary sheet glass or plate glass, the likelihood of injury to persons by objects from exterior sources or by these safety glazing materials when they may be cracked or broken.

(3) The director of licensing shall not register any motor vehicle which is subject to the provisions of this section unless it is equipped with an approved type of safety glazing material, and he or she shall suspend the registration of any motor vehicle so subject to this section which the director finds is not so equipped until it is made to conform to the requirements of this section.

(4) No person may sell or offer for sale, nor may any person operate a motor vehicle registered in this state which is equipped with, any camper manufactured after May 23, 1969, unless such camper is equipped with safety glazing material of a type conforming to rules adopted by the state patrol wherever glazing materials are used in outside windows and doors.

(5) No film sunscreening or coloring material that reduces light transmittance to any degree may be applied to the surface of the safety glazing material in a motor vehicle unless it meets the following standards for such material:
(a) The maximum level of film sunscreening material to be applied to any window, except the windshield, shall have a total reflectance of thirty-five percent or less, plus or minus three percent, and a light transmission of thirty-five percent or more, plus or minus three percent, when measured against clear glass resulting in a minimum of twenty-four percent light transmission on AS-2 glazing where the vehicle is equipped with outside rearview mirrors on both the right and left. Installation of more than a single sheet of film sunscreening material to any window is prohibited. The same maximum levels of film sunscreen material may be applied to windows to the immediate right and left of the driver on limousines and passenger buses used to transport persons for compensation and vehicles identified by the manufacturer as multi-use, multipurpose, or other similar designation. All windows to the rear of the driver on such vehicles may have film sunscreening material applied that has less than thirty-five percent light transmittance, if the light reflectance is thirty-five percent or less and the vehicle is equipped with outside rearview mirrors on both the right and left. A person or business tinting windows for profit who tints windows within restricted areas of the glazing system shall supply a sticker to be affixed to the driver’s door post, in the area adjacent to the manufacturer’s identification tag. Installation of this sticker certifies that the glazing application meets this chapter’s standards for light transmission, reflectance, and placement requirements. Stickers must be no smaller than three-quarters of an inch by one and one-half inches, and no larger than two inches by two and one-half inches. The stickers must be of sufficient quality to endure exposure to harsh climate conditions. The business name and state tax identification number of the installer must be clearly visible on the sticker.

(b) A greater degree of light reduction is permitted on all windows and the top six inches of windshields of a vehicle operated by or carrying as a passenger a person who possesses a written verification from a licensed physician that the operator or passenger must be protected from exposure to sunlight for physical or medical reasons.

(c) Windshield application. A greater degree of light reduction is permitted on the top six-inch area of a vehicle’s windshield. Clear film sunscreening material that reduces or eliminates ultraviolet light may be applied to windshields.

(d) When film sunscreening material is applied to any window except the windshield, outside mirrors on both the left and right sides shall be located so as to reflect to the driver a view of the roadway, through each mirror, a distance of at least two hundred feet to the rear of the vehicle.

(e) The following types of film sunscreening material are not permitted:
(i) Mirror finish products;
(ii) Red, gold, yellow, or black material; or
(iii) Film sunscreening material that is in liquid preapplication form and brushed or sprayed on.

Nothing in this section prohibits the use of shaded or heat-absorbing safety glazing material in which the shading or heat-absorbing characteristics have been applied at the time of manufacture of the safety glazing material and which
meet federal standards and the standards of the state patrol for such safety glazing materials.

(6) It is a traffic infraction for any person to operate a vehicle for use on the public highways of this state, if the vehicle is equipped with film sun-screening or coloring material in violation of this section.

(7) Owners of vehicles with film sun-screening material applied to windows to the rear of the driver, prior to June 7, 1990, must comply with the requirements of this section and RCW 46.37.435 by July 1, 1993.

(8) The side and rear windows of law enforcement vehicles are exempt from the requirements of subsection (5) of this section. However, when law enforcement vehicles are sold to private individuals the film sun-screening or coloring material must comply with the requirements of subsection (5) of this section or documentation must be provided to the buyer stating that the vehicle windows must comply with the requirements of subsection (5) of this section before operation of the vehicle. 46.44.105 Enforcement procedures—Penalties—
Rules. (1) Violation of any of the provisions of this chapter is a traffic infraction, and upon the first finding thereof shall be assessed a basic penalty of not less than fifty dollars; and upon a second finding thereof shall be assessed a basic penalty of not less than seventy-five dollars; and upon a third or subsequent finding shall be assessed a basic penalty of not less than one hundred dollars.

(2) In addition to the penalties imposed in subsection (1) of this section, any person violating RCW 46.44.041, 46.44.042, 46.44.047, 46.44.090, 46.44.091, or 46.44.095 shall be assessed a penalty for each pound overweight, as follows:

(a) One pound through four thousand pounds overweight is three cents for each pound;

(b) Four thousand one pounds through ten thousand pounds overweight is one hundred twenty dollars plus twelve cents per pound for each additional pound over four thousand pounds overweight;

(c) Ten thousand one pounds through fifteen thousand pounds overweight is eight hundred forty dollars plus sixteen cents per pound for each additional pound over ten thousand pounds overweight;

(d) Fifteen thousand one pounds through twenty thousand pounds overweight is one thousand six hundred forty dollars plus twenty cents per pound for each additional pound over fifteen thousand pounds overweight;

(e) Twenty thousand one pounds and more is two thousand six hundred forty dollars plus thirty cents per pound for each additional pound over twenty thousand pounds overweight.

Upon a first violation in any calendar year, the court may suspend the penalty for five hundred pounds of excess weight for each axle on any vehicle or combination of vehicles, not to exceed a two thousand pound suspension. In no case may the basic penalty assessed in subsection (1) of this section or the additional penalty assessed in subsection (2) of this section, except as provided for the first violation, be suspended.

(3) Any person found to have violated any posted limitations of a highway or section of highway shall be assessed a monetary penalty of not less than one hundred and fifty dollars, and the court shall in addition thereto upon second violation within a twelve-month period involving the same power unit, suspend the certificate of license registration for not less than thirty days.

(4) It is unlawful for the driver of a vehicle to fail or refuse to stop and submit the vehicle and load to a weighing, or to fail or refuse, when directed by an officer upon a weighing of the vehicle to stop the vehicle and otherwise comply with the provisions of this section. It is unlawful for a driver of a commercial motor vehicle as defined in RCW 46.32.005, other than the driver of a bus as defined in RCW 46.32.005(3) or a vehicle with a gross vehicle weight rating or gross combination weight rating of 7,257 kilograms or less (16,000 pounds or less) and not transporting hazardous materials in accordance with RCW 46.32.005(4), to fail or refuse to stop at a weighing station when proper traffic control signs indicate scales are open. However, unladen tow trucks regardless of weight and farm vehicles carrying farm produce with a gross vehicle weight rating or gross combination weight rating of 11,794 kilograms or less (26,000 pounds or less) may fail or refuse to stop at a weighing station when proper traffic control signs indicate scales are open.

Any police officer is authorized to require the driver of any vehicle or combination of vehicles to stop and submit to a weighing either by means of a portable or stationary scale and may require that the vehicle be driven to the nearest public scale. Whenever a police officer, upon weighing a vehicle and load, determines that the weight is unlawful, the officer may require the driver to stop the vehicle in a suitable location and remain standing until such portion of the load is removed as may be necessary to reduce the gross weight of the vehicle to the limit permitted by law. If the vehicle is loaded with grain or other perishable commodities, the driver shall be permitted to proceed without removing any of the load, unless the gross weight of the vehicle and load exceeds by more than ten percent the limit permitted by this chapter. The owner or operator of the vehicle shall care for all materials unloaded at the risk of the owner or operator.

Any vehicle whose driver or owner represents that the vehicle is disabled or otherwise unable to proceed to a weighing location shall have its load sealed or otherwise marked by any police officer. The owner or driver shall be directed that upon completion of repairs, the vehicle shall submit to weighing with the load and markings and/or seal intact and undisturbed. Failure to report for weighing, appearing for weighing with the seal broken or the markings disturbed, or removal of any cargo prior to weighing is unlawful. Any per-
(5) Any other provision of law to the contrary notwithstanding, district courts having venue have concurrent jurisdiction with the superior courts for the imposition of any penalties authorized under this section.

(6) For the purpose of determining additional penalties as provided by subsection (2) of this section, "overweight" means the poundage in excess of the maximum allowable gross weight or axle/axle grouping weight prescribed by RCW 46.44.041, 46.44.042, 46.44.047, 46.44.091, and 46.44.095.

(7) The penalties provided in subsections (1) and (2) of this section shall be remitted as provided in chapter 3.62 RCW or RCW 10.82.070. For the purpose of computing the basic penalties and additional penalties to be imposed under subsections (1) and (2) of this section, the convictions shall be on the same vehicle or combination of vehicles within a twelve-month period under the same ownership.

(8) Any state patrol officer or any weight control officer who finds any person operating a vehicle or a combination of vehicles in violation of the conditions of a permit issued under RCW 46.44.047, 46.44.090, and 46.44.095 may confiscate the permit and forward it to the state department of transportation which may return it to the permittee or revoke, cancel, or suspend it without refund. The department of transportation shall keep a record of all action taken upon permits so confiscated, and if a permit is returned to the permittee the action taken by the department of transportation shall be endorsed thereon. Any permittee whose permit is suspended or revoked may upon request receive a hearing before the department of transportation or person designated by that department. After the hearing the department of transportation may reinstate any permit or revise its previous action.

Every permit issued as provided for in this chapter shall be carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any law enforcement officer or authorized agent of any authority granting such a permit.

Upon the third finding within a calendar year of a violation of the requirements and conditions of a permit issued under RCW 46.44.095, the permit shall be canceled, and the canceled permit shall be immediately transmitted by the court or the arresting officer to the department of transportation. The vehicle covered by the canceled permit is not eligible for a new permit for a period of thirty days.

(9) For the purposes of determining gross weights the actual scale weight taken by the arresting officer is prima facie evidence of the total gross weight.

(10) It is a traffic infraction to direct the loading of a vehicle with knowledge that it violates the requirements in RCW 46.44.041, 46.44.042, 46.44.047, 46.44.090, 46.44.091, or 46.44.095 and that it is to be operated on the public highways of this state.

(11) The chief of the state patrol, with the advice of the department, may adopt reasonable rules to aid in the enforcement of this section. [2007 c 419 § 13. (5) Upon proper request, a certified abstract of the full driving record maintained by the department shall be furnished to a city or county prosecuting attorney, to the individual named in the abstract, to an employer or prospective employer or an agent acting on behalf of an employer or prospective employer of the named individual, or to a volunteer organization for which the named individual has submitted an application for a position that could require the transportation of children under eighteen years of age, adults over sixty-five years of age, or persons with physical or mental disabilities, or to an employee or agent of a transit authority checking prospective volunteer vanpool drivers for insurance and risk management needs.

(6) The abstract, whenever possible, shall include:
(a) An enumeration of motor vehicle accidents in which the person was driving;
(b) The total number of vehicles involved;
(c) Whether the vehicles were legally parked or moving;
(d) Whether the vehicles were occupied at the time of the accident;
(e) Whether the accident resulted in any fatality;
(f) Any reported convictions, forfeitures of bail, or findings that an infraction was committed based upon a violation of any motor vehicle law;
(g) The status of the person’s driving privilege in this state; and
(h) Any reports of failure to appear in response to a traffic citation or failure to respond to a notice of infraction served upon the named individual by an arresting officer.

(7) Certified abstracts furnished to prosecutors and alcohol/drug assessment or treatment agencies shall also indicate whether a recorded violation is an alcohol-related offense as defined in RCW 46.01.260(2) that was originally charged as one of the alcohol-related offenses designated in RCW 46.01.260(2)(b)(i).

(8) The abstract provided to the insurance company shall exclude any information, except that related to the commission of misdemeanors or felonies by the individual, pertaining to law enforcement officers or fire fighters as defined in RCW 41.26.030, or any officer of the Washington state patrol, while driving official vehicles in the performance of occupational duty. The abstract provided to the insurance company shall include convictions for RCW 46.61.5249 and 46.61.525 except that the abstract shall report them only as negligent driving without reference to whether they are for first or second degree negligent driving. The abstract provided to the insurance company shall exclude any deferred prosecution under RCW 10.05.060, except that if a person is removed from a deferred prosecution under RCW 10.05.090, the abstract shall show the deferred prosecution as well as the removal.

(9) The director shall collect for each abstract the sum of ten dollars, fifty percent of which shall be deposited in the highway safety fund and fifty percent of which must be deposited according to RCW 46.68.038.

(10) Any insurance company or its agent receiving the certified abstract shall use it exclusively for its own underwriting purposes and shall not divulge any of the information contained in it to a third party. No policy of insurance may be canceled, nonrenewed, denied, or have the rate increased on the basis of such information unless the policyholder was determined to be at fault. No insurance company or its agent for underwriting purposes relating to the operation of commercial motor vehicles may use any information contained in the abstract relative to any person’s operation of motor vehicles while not engaged in such employment, nor may any insurance company or its agent for underwriting purposes relating to the operation of noncommercial motor vehicles use any information contained in the abstract relative to any person’s operation of commercial motor vehicles.

(11) Any employer or prospective employer or an agent acting on behalf of an employer or prospective employer, or a volunteer organization for which the named individual has submitted an application for a position that could require the transportation of children under eighteen years of age, adults over sixty-five years of age, or persons with physical or mental disabilities, or to an employee or agent of a transit authority checking prospective vanpool drivers for insurance and risk management needs.

(12) Any employee or agent of a transit authority receiving a certified abstract for its vanpool program shall use it exclusively for determining whether the volunteer licensee meets those insurance and risk management requirements necessary to drive a vanpool vehicle. The transit authority may not divulge any information contained in the abstract to a third party.

(13) Any alcohol/drug assessment or treatment agency approved by the department of social and health services receiving the certified abstract shall use it exclusively for the purpose of assisting its employees in making a determination as to what level of treatment, if any, is appropriate. The agency, or any of its employees, shall not divulge any information contained in the abstract to a third party.

(14) Release of a certified abstract of the driving record of an employee, prospective employee, or prospective volunteer requires a statement signed by: (a) The employee, prospective employee, or prospective volunteer that authorizes the release of the record, and (b) the employer or volunteer organization attesting that the information is necessary to determine whether the licensee should be employed to operate a commercial vehicle or school bus, or operate a vehicle for a volunteer organization for purposes of transporting children under eighteen years of age, adults over sixty-five years of age, or persons with physical or mental disabilities, upon the public highways of this state and shall not divulge any information contained in it to a third party.

46.04.015.

Use of highway safety fund to defray cost of furnishing and maintaining driving records: RCW 46.29.050.

46.55.113 Removal by police officer.

(1) Whenever the driver of a vehicle is arrested for a violation of RCW 46.61.502, 46.61.504, 46.20.342, or 46.20.345, the vehicle is subject to summary impoundment, pursuant to the terms and conditions of an applicable local ordinance or state agency rule at the direction of a law enforcement officer.

(2) In addition, a police officer may take custody of a vehicle, at his or her discretion, and provide for its prompt removal to a place of safety under any of the following circumstances:

(a) Whenever a police officer finds a vehicle standing upon the roadway in violation of any of the provisions of RCW 46.61.560, the officer may provide for the removal of the vehicle or require the driver or other person in charge of the vehicle to move the vehicle to a position off the roadway;

(b) Whenever a police officer finds a vehicle unattended upon a highway where the vehicle constitutes an obstruction to traffic or jeopardizes public safety;

(c) Whenever a police officer finds an unattended vehicle at the scene of an accident or when the driver of a vehicle involved in an accident is physically or mentally incapable of deciding upon steps to be taken to protect his or her property;

(g) Upon determining that a person is operating a motor vehicle without a valid and, if required, a specially endorsed driver’s license or with a license that has been expired for ninety days or more;

(h) When a vehicle is illegally occupying a truck, commercial loading zone, restricted parking zone, bus, loading, hooded-meter, taxi, street construction or maintenance, or other similar zone where, by order of the director of transportation or chiefs of police or fire or their designees, parking is limited to designated classes of vehicles or is prohibited during certain hours, on designated days or at all times, if the zone has been established with signage for at least twenty-four hours and where the vehicle is interfering with the proper and intended use of the zone. Signage must give notice to the public that a vehicle will be removed if illegally parked in the zone;

(i) When a vehicle with an expired registration of more than forty-five days is parked on a public street.

(3) When an arrest is made for a violation of RCW 46.20.342, if the vehicle is a commercial vehicle and the driver of the vehicle is not the owner of the vehicle, before the summary impoundment directed under subsection (1) of this section, the police officer shall attempt in a reasonable and timely manner to contact the owner of the vehicle and may release the vehicle to the owner if the owner is reasonably available, as long as the owner was not in the vehicle at the time of the stop and arrest and the owner has not received a prior release under this subsection or RCW 46.55.120(1)(a)(ii).

(4) Nothing in this section may derogate from the powers of police officers under the common law. 46.61.120 Limitations on overtaking on the left.

46.61.100 Keep right except when passing, etc. (1) Upon all roadways of sufficient width a vehicle shall be driven upon the right half of the roadway, except as follows:
(a) When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;
(b) When an obstruction exists making it necessary to drive to the left of the center of the highway; provided, any person so doing shall yield the right-of-way to all vehicles traveling in the proper direction upon the unobstructed portion of the highway within such distance as to constitute an immediate hazard;
(c) Upon a roadway divided into three marked lanes and providing for two-way movement traffic under the rules applicable thereon;
(d) Upon a street or highway restricted to one-way traffic; or
(e) Upon a highway having three lanes or less, when approaching a stationary authorized emergency vehicle, tow truck or other vehicle providing roadside assistance while operating warning lights with three hundred sixty degree visibility, or police vehicle as described under RCW 46.61.212(2).

(2) Upon all roadways having two or more lanes for traffic moving in the same direction, all vehicles shall be driven in the right-hand lane then available for traffic, except (a) when overtaking and passing another vehicle proceeding in the same direction, (b) when traveling at a speed greater than the traffic flow, (c) when moving left to allow traffic to merge, or (d) when preparing for a left turn at an intersection, exit, or into a private road or driveway when such left turn is legally permitted. On any such roadway, a vehicle or combination over ten thousand pounds shall be driven only in the right-hand lane except under the conditions enumerated in (a) through (d) of this subsection.

(3) No vehicle towing a trailer or no vehicle or combination over ten thousand pounds may be driven in the left-hand lane of a limited access roadway having three or more lanes for traffic moving in one direction except when preparing for a left turn at an intersection, exit, or into a private road or driveway when a left turn is legally permitted. This subsection does not apply to a vehicle using a high-occupancy vehicle lane. A high-occupancy vehicle lane is not considered the left-hand lane of a roadway. The department of transportation, in consultation with the Washington state patrol, shall adopt rules specifying (a) those circumstances where it is permissible for other vehicles to use the left lane in case of emergency or to facilitate the orderly flow of traffic, and (b) those segments of limited access roadway to be exempt from this subsection due to the operational characteristics of the roadway.

(4) It is a traffic infraction to drive continuously in the left lane of a multilane roadway when it impedes the flow of other traffic.

(5) Upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, a vehicle shall not be driven to the left of the center line of the roadway except when authorized by official traffic control devices designating certain lanes to the left side of the center of the roadway for use by traffic not otherwise permitted to use such lanes, or except as permitted under subsection (1)(b) of this section. However, this subsection shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road or driveway.

46.61.120 Limitations on overtaking on the left. No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing other traffic proceeding in the same direction unless authorized by the provisions of RCW 46.61.100 through 46.61.160 and 46.61.212 and unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the operation of any traffic approaching from the opposite direction or any traffic overtaken. In every event the overtaking vehicle must return to an authorized lane of travel as soon as practicable and in the event the passing movement involves the use of a lane authorized for vehicles approaching from the opposite direction, before coming within two hundred feet of any approaching traffic.

46.61.212 Approaching stationary emergency vehicles, tow trucks, and police vehicles. (5) If a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 committed the offense while a passenger under the age of sixteen was in the vehicle, the court shall:
(a) In any case in which the installation and use of an interlock or other device is not mandatory under RCW 46.20.720 or other law, order the use of such a device for not less than sixty days following the restoration of the person's license, permit, or nonresident driving privileges; and

(b) Whether at the time of the offense the person was driving or in physical control of a vehicle with one or more passengers.

For purposes of this subsection (8), the department shall refer to the driver’s record maintained under RCW 46.52.120 when determining the existence of prior offenses.

(9) After expiration of any period of suspension, revocation, or denial of the offender’s license, permit, or privilege to drive required by this section, the department shall place the offender’s driving privilege in probationary status pursuant to RCW 46.20.355.

(10)(a) In addition to any nonsuspendable and nondeferrable jail sentence required by this section, whenever the court imposes less than one year in jail, the court shall also suspend but shall not defer a period of confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive and proof of financial responsibility for the future; (ii) not driving a motor vehicle within this state while having an alcohol concentration of 0.08 or more within two hours after driving; and (iii) not refusing to submit to a test of his or her breath or blood to determine alcohol concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor. The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock device on the probationer’s motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(11) A court may waive the electronic home monitoring requirements of this chapter when:
   (a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system;
   (b) The offender does not reside in the state of Washington; or
   (c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-five days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-five days.

(12) An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(4).

(a) A child must be restrained in a child restraint system, if the passenger seating position equipped with a safety belt system allows sufficient space for installation, until the child is eight years old, unless the child is four feet nine inches or taller. The child restraint system must comply with standards of the United States department of transportation and must be secured in the vehicle in accordance with instructions of the vehicle manufacturer and the child restraint system manufacturer.

(b) A child who is eight years of age or older or four feet nine inches or taller shall be properly restrained with the motor vehicle’s safety belt properly adjusted and fastened around the child’s body or an appropriately fitting child restraint system.

(c) The driver of a vehicle transporting a child who is under thirteen years old shall transport the child in the back seat positions in the vehicle where it is practical to do so.

(2) Enforcement of subsection (1) of this section is subject to a visual inspection by law enforcement to determine if the child restraint system in use is appropriate for the child’s individual height, weight, and age. The visual inspection for usage of a child restraint system must ensure that the child restraint system is being used in accordance with the instructions of the vehicle and the child restraint system manufacturers. The driver of a vehicle transporting a child who is under thirteen years old shall transport the child in the back seat positions in the vehicle where it is practical to do so.

(3) A person violating subsection (1) of this section may be issued a notice of traffic infraction under chapter 46.63 RCW. If the person to whom the notice was issued presents proof of acquisition of an approved child passenger restraint system or a child booster seat, as appropriate, within seven days to the jurisdiction issuing the notice and the person has not previously had a violation of this section dismissed, the jurisdiction shall dismiss the notice of traffic infraction.

(4) Failure to comply with the requirements of this section shall not constitute negligence by a parent or legal guardian. Failure to use a child restraint system shall not be admissible as evidence of negligence in any civil action.

(5) This section does not apply to: (a) For hire vehicles, (b) vehicles designed to transport sixteen or less passengers, including the driver, operated by auto transportation companies, as defined in RCW 81.68.010, (c) vehicles providing customer shuttle service between parking, convention, and hotel facilities, and airport terminals, and (d) school buses.

(6) As used in this section, "child restraint system" means a child passenger restraint system that meets the Federal Motor Vehicle Safety Standards set forth in 49 C.F.R. 571.213.

(7) The requirements of subsection (1) of this section do not apply in any seating position where there is only a lap belt available and the child weighs more than forty pounds.

(b) The immunity provided in this subsection does not apply to a certified child passenger safety technician who is employed by a retailer of child passenger restraint systems and who, during his or her hours of employment and while being compensated, provides inspection, adjustment, or educational services regarding child passenger restraint systems is not liable for civil damages resulting from any act or omission in providing the services, other than acts or omissions constituting gross negligence or willful or wanton misconduct.

(8)(a) Except as provided in (b) of this subsection, a person who has a current national certification as a child passenger safety technician and who in good faith provides inspection, adjustment, or educational services regarding child passenger restraint systems is not liable for civil damages resulting from any act or omission in providing the services, other than acts or omissions constituting gross negligence or willful or wanton misconduct.

(b) The immunity provided in this subsection does not apply to a certified child passenger safety technician who is employed by a retailer of child passenger restraint systems and who, during his or her hours of employment and while being compensated, provides inspection, adjustment, or educational services regarding child passenger restraint systems.

Effective date—2003 c 353: See note following RCW 46.04.320.

Intent—2000 c 190: “The legislature recognizes that fewer than five percent of all drivers use child booster seats for children over the age of four years. The legislature also recognizes that seventy-one percent of deaths resulting from car accidents could be eliminated if every child under the age of sixteen used an appropriate child safety seat, booster seat, or seat belt. The legislature further recognizes the National Transportation Safety Board’s recommendations that promote the use of booster seats to increase the safety of children under eight years of age. Therefore, it is the legislature’s intent to decrease deaths and injuries to children by promoting safety education and injury prevention measures, as well as increasing public awareness on ways to maximize the protection of children in vehicles.” [2000 c 190 § 1.]

(a) Local authorities may not authorize the operation of medium-speed electric vehicles on streets and highways that are part of the state highway system subject to Title 47 RCW;

46.63.105 City attorney, county prosecutor, or other prosecuting authority—Filing an infraction—Contribution, donation, payment.

46.63.030 Notice of traffic infraction—Issuance—Abandoned vehicles. (1) A law enforcement officer has the authority to issue a notice of traffic infraction:

(a) When the infraction is committed in the officer’s presence;

(b) When the officer is acting upon the request of a law enforcement officer in whose presence the traffic infraction was committed;

(c) If an officer investigating at the scene of a motor vehicle accident has reasonable cause to believe that the driver of a motor vehicle involved in the accident has committed a traffic infraction;

(d) When the infraction is detected through the use of a photo enforcement system under RCW 46.63.160; or

(e) When the infraction is detected through the use of an automated traffic safety camera under RCW 46.63.170.

(2) A court may issue a notice of traffic infraction upon receipt of a written statement of the officer that there is reasonable cause to believe that an infraction was committed.

(3) If any motor vehicle without a driver is found parked, standing, or stopped in violation of this title or an equivalent administrative regulation or local law, ordinance, regulation, or resolution, the officer finding the vehicle shall take its registration number and may take any other information displayed on the vehicle which may identify its user, and shall conspicuously affix to the vehicle a notice of traffic infraction.

[2007 RCW Supp—page 604]
receiving the written notice, provide to the parking facility by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft.

Timely mailing of this statement to the parking facility relieves a rental car business of any liability under this chapter for the notice of infraction. In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty. For the purpose of this subsection, a “parking infraction based on a vehicle’s identification” is limited to parking infractions occurring on a private parking facility’s premises. [2007 c 372 § 1; 2005 c 331 § 2.]

46.63.105 City attorney, county prosecutor, or other prosecuting authority—Filing an infraction—Contribution, donation, payment. A city attorney, county prosecutor, or other prosecuting authority may not dismiss, amend, or agree not to file an infraction in exchange for a contribution, donation, or payment to any person, corporation, or organization. This does not prohibit:

(1) Contribution, donation, or payment to any specific fund authorized by state statute;

(2) The collection of costs associated with actual supervision, treatment, or collection of restitution under agreements to defer or divert; or

(3) Dismissal following payment that is authorized by any other statute. [2007 c 367 § 2.]

46.63.110 Monetary penalties. (1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The monetary penalty for a violation of (a) RCW 46.55.105(2) is two hundred fifty dollars for each offense; (b) RCW 46.61.210(1) is five hundred dollars for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitations on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this chapter it is immediately payable. If the court determines, in its discretion, that a person is not able to pay a monetary obligation in full, and not more than one year has passed since the later of July 1, 2005, or the date the monetary obligation initially became due and payable, the court shall enter into a payment plan with the person, unless the person has previously been granted a payment plan with respect to the same monetary obligation, or unless the person is in noncompliance of any existing or prior payment plan, in which case the court may, at its discretion, implement a payment plan. If the court has notified the department that the person has failed to pay or comply and the person has subsequently entered into a payment plan and made an initial payment, the court shall notify the department that the infraction has been adjudicated, and the department shall rescind any suspension of the person’s driver’s license or driver’s privilege based on failure to respond to that infraction. "Payment plan," as used in this section, means a plan that requires reasonable payments based on the financial ability of the person to pay. The person may voluntarily pay an amount at any time in addition to the payments required under the payment plan.

(a) If a payment required to be made under the payment plan is delinquent or the person fails to complete a community restitution program on or before the time established under the payment plan, unless the court determines good cause therefor and adjusts the payment plan or the community restitution plan accordingly, the court shall notify the department of the person’s failure to meet the conditions of the plan, and the department shall suspend the person’s driver’s license or driving privilege until all monetary obligations, including those imposed under subsections (3) and (4) of this section, have been paid, and court authorized community restitution has been completed, or until the department has been notified that the court has entered into a new time payment or community restitution agreement with the person.

(b) If a person has not entered into a payment plan with the court and has not paid the monetary obligation in full on or before the time established for payment, the court shall notify the department of the delinquency. The department shall suspend the person’s driver’s license or driving privilege until all monetary obligations have been paid, including those imposed under subsections (3) and (4) of this section, or until the person has entered into a payment plan under this section.

(c) If the payment plan is to be administered by the court, the court may assess the person a reasonable administrative fee to be wholly retained by the city or county with jurisdiction. The administrative fee shall not exceed ten dollars per
infraction or twenty-five dollars per payment plan, whichever is less.

(d) Nothing in this section precludes a court from contracting with outside entities to administer its payment plan system. When outside entities are used for the administration of a payment plan, the court may assess the person a reasonable fee for such administrative services, which fee may be calculated on a periodic, percentage, or other basis.

(e) If a court authorized community restitution program for offenders is available in the jurisdiction, the court may allow conversion of all or part of the monetary obligations due under this section to court authorized community restitution in lieu of time payments if the person is unable to make reasonable time payments.

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed:

(a) A fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040;

(b) A fee of ten dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the Washington auto theft prevention authority account; and

(c) A fee of two dollars per infraction. Revenue from this fee shall be forwarded to the state treasurer for deposit in the traumatic brain injury account established in RCW 74.31.060.

(8)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 shall be assessed an additional penalty of twenty dollars. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a court authorized community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this subsection (8) by participation in the court authorized community restitution program.

(b) Eight dollars and fifty cents of the additional penalty under (a) of this subsection shall be remitted to the state treasurer.

The remaining revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited as provided in RCW 43.08.250. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into the county or city general fund. Moneys retained by the city or county under this subsection shall constitute reimbursement for any liabilities under RCW 43.135.060.

(9) If a legal proceeding, such as garnishment, has commenced to collect any delinquent amount owed by the person for any penalty imposed by the court under this section, the court may, at its discretion, enter into a payment plan.

(10) The monetary penalty for violating RCW 46.37.395 is: (a) Two hundred fifty dollars for the first violation; (b) five hundred dollars for the second violation; and (c) seven hundred fifty dollars for each violation thereafter.

[2007 RCW Supp—page 606]
compatible with other electronic payment devices or transponders from the Washington state ferry system, other public transportation systems, or other toll collection systems to the extent that technology permits. The rules must also allow for multiple vendors providing electronic payment devices or transponders as technology permits.

(b) The department of transportation may not sell, distribute, or make available in any way, the names and addresses of electronic toll collection system account holders.

(7) The use of a photo enforcement system for issuance of notices of infraction is subject to the following requirements:

(a) Photo enforcement systems may take photographs, digital photographs, microphotographs, videotapes, or other recorded images of the vehicle and vehicle license plate only.

(b) A notice of infraction must be mailed to the registered owner of the vehicle or to the renter of a vehicle within sixty days of the violation. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, videotape, or other recorded images produced by a photo enforcement system, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, digital photographs, microphotographs, videotape, or other recorded images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction.

(c) Notwithstanding any other provision of law, all photographs, digital photographs, microphotographs, videotape, or other recorded images prepared under this chapter are for the exclusive use of the tolling agency and law enforcement agency relieves a rental car business of any liability. The court shall remit the toll penalty to the department of transportation or a private entity under contract with the department of transportation for deposit in the statewide account in which tolls are deposited for the tolling facility at which the violation occurred.

(d) A notice of infraction must be mailed to the registered owner of the vehicle is a rental car business the department of transportation or a law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of the mailing of the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable toll and fee.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction. [2007 c 372 § 2; 2007 c 101 § 2; 2004 c 231 § 6.]

Reviser's note: This section was amended by 2007 c 101 § 2 and by 2007 c 372 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

46.63.170 Automated traffic safety cameras—Definition. (1) The use of automated traffic safety cameras for issuance of notices of infraction is subject to the following requirements:

(a) The appropriate local legislative authority must first enact an ordinance allowing for their use to detect one or more of the following: Stoplight, railroad crossing, or school speed zone violations. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage. Cities and counties using automated traffic safety cameras before July 24, 2005, are subject to the restrictions described in this section, but are not required to enact an authorizing ordinance.

(b) Use of automated traffic safety cameras is restricted to two-arterial intersections, railroad crossings, and school speed zones only.

(c) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle.

(d) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter’s name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an auto-
mated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(e) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(e) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(f) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(g) All locations where an automated traffic safety camera is used must be clearly marked by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera.

(h) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner’s driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.46.120, 3.50.100, 35.20.220, 46.16.216, and 46.20.270(3). However, the amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(5) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit in a school speed zone as detected by a speed measuring device. 46.70.136 Recodified as RCW 43.22A.210. See Supplementary Table of Disposition of Former RCW Sections, this volume.

46.70.180 Unlawful acts and practices. Each of the following acts or practices is unlawful:

1. To cause or permit to be advertised, printed, displayed, published, distributed, broadcasted, televised, or disseminated in any manner whatsoever, any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to the following:

   a. That no down payment is required in connection with the sale of a vehicle when a down payment is in fact required, or that a vehicle may be purchased for a smaller down payment than is actually required;

   b. That a certain percentage of the sale price of a vehicle may be financed when such financing is not offered in a single document evidencing the entire security transaction;

   c. That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;

   d. That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact amount of the factory invoice on the specific vehicle to be sold;

   e. That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.

2. (a) To incorporate within the terms of any purchase and sale or lease agreement any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price or capitalized cost of a vehicle an amount for licensing or transfer of title that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale. However, an amount not to exceed fifty dollars per vehicle sale or lease may be charged by a dealer to recover administrative costs for collecting motor vehicle excise taxes, licensing and registration fees and other agency fees, verifying and clearing titles, transferring titles, perfecting, releasing, or satisfying liens or other security interests, and other administrative and documentary services rendered by a dealer in connection with the sale or lease of a vehicle and in carrying out the requirements of this chapter or any other provisions of state law.

   (b) A dealer may charge the documentary service fee in (a) of this subsection under the following conditions:

      i. The documentary service fee is disclosed in writing to a prospective purchaser or lessee before the execution of a purchase and sale or lease agreement;

      ii. The documentary service fee is not represented to the purchaser or lessee as a fee or charge required by the state to be paid by either the dealer or prospective purchaser or lessee;

      iii. The documentary service fee is separately designated from the selling price or capitalized cost of the vehicle and from any other taxes, fees, or charges; and

      iv. Dealers disclose in any advertisement that a documentary service fee in an amount up to fifty dollars may be added to the sale price or the capitalized cost.

For the purposes of this subsection (2), the term "documentary service fee" means the optional amount charged by a

[2007 RCW Supp—page 611]
dealer to provide the services specified in (a) of this subsection.

(3) To set up, promote, or aid in the promotion of a plan by which vehicles are to be sold or leased to a person for a consideration and upon further consideration that the purchaser or lessee agrees to secure one or more persons to participate in the plan by respectively making a similar purchase and in turn agreeing to secure one or more persons likewise to join in said plan, each purchaser or lessee being given the right to secure money, credits, goods, or something of value, depending upon the number of persons joining the plan.

(4) To commit, allow, or ratify any act of "bushing" which is defined as follows: Entering into a written contract, written purchase order or agreement, retail installment sales agreement, note and security agreement, or written lease agreement, hereinafter collectively referred to as contract or lease, signed by the prospective buyer or lessee of a vehicle, which:

(a) Is subject to any conditions or the dealer's or his or her authorized representative's future acceptance, and the dealer fails or refuses within four calendar days, exclusive of Saturday, Sunday, or legal holiday, and prior to any further negotiations with said buyer or lessee to inform the buyer or lessee either: (i) That the dealer unconditionally accepts the contract or lease, having satisfied, removed, or waived all conditions to acceptance or performance, including, but not limited to, financing, assignment, or lease approval; or (ii) that the dealer rejects the contract or lease, thereby automatically voiding the contract or lease, as long as such voiding does not negate commercially reasonable contract or lease provisions pertaining to the return of the subject vehicle and any physical damage, excessive mileage after the demand for return of the vehicle, and attorneys' fees authorized by law, and tenders the refund of any initial payment or security made or given by the buyer or lessee, including, but not limited to, any down payment, and tenders return of the trade-in vehicle, key, other trade-in, or certificate of title to a trade-in. Tender may be conditioned on return of the subject vehicle if previously delivered to the buyer or lessee.

The provisions of this subsection (4)(a) do not impair, prejudice, or abrogate the rights of a dealer to assert a claim against the buyer or lessee for misrepresentation or breach of contract and to exercise all remedies available at law or in equity, including those under chapter 62A.9A RCW, if the dealer, bank, or other lender or leasing company discovers that approval of the contract or financing or approval of the lease was based upon material misrepresentations made by the buyer or lessee, including, but not limited to, misrepresentations regarding income, employment, or debt of the buyer or lessee, as long as the dealer, or his or her staff, has not, with knowledge of the material misrepresentation, aided, assisted, encouraged, or participated, directly or indirectly, in the misrepresentation. A dealer shall not be in violation of this subsection (4)(a) if the buyer or lessee made a material misrepresentation to the dealer, as long as the dealer, or his or her staff, has not, with knowledge of the material misrepresentation, aided, assisted, encouraged, or participated, directly or indirectly, in the misrepresentation.

When a dealer informs a buyer or lessee under this subsection (4)(a) regarding the unconditional acceptance or rejection of the contract, lease, or financing by an electronic mail message, the dealer must also transmit the communication by any additional means;

(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer or lessee as part of the purchase price or lease, for any reason except:

(i) Failure to disclose that the vehicle's certificate of ownership has been branded for any reason, including, but not limited to, status as a rebuilt vehicle as provided in RCW 46.12.050 and 46.12.075; or

(ii) Substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle and which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or

(iii) Excessive additional miles or a discrepancy in the mileage. "Excessive additional miles" means the addition of five hundred miles or more, as reflected on the vehicle's odometer, between the time the vehicle was first valued by the dealer for purposes of determining its trade-in value and the time of actual delivery of the vehicle to the dealer. "A discrepancy in the mileage" means (A) a discrepancy between the mileage reflected on the vehicle's odometer and the stated mileage on the signed odometer statement; or (B) a discrepancy between the mileage stated on the signed odometer statement and the actual mileage on the vehicle; or

(c) Fails to comply with the obligation of any written warranty or guarantee given by the dealer requiring the furnishing of services or repairs within a reasonable time.

(5) To commit any offense relating to odometers, as such offenses are defined in RCW 46.37.540, 46.37.550, 46.37.560, and 46.37.570. A violation of this subsection is a class C felony punishable under chapter 9A.20 RCW.

(6) For any vehicle dealer or vehicle salesperson to refuse to furnish, upon request of a prospective purchaser or lessee, for vehicles previously registered to a business or governmental entity, the name and address of the business or governmental entity.

(7) To commit any other offense under RCW 46.37.423, 46.37.424, or 46.37.425.

(8) To commit any offense relating to a dealer's temporary license permit, including but not limited to failure to properly complete each such permit, or the issuance of more than one such permit on any one vehicle. However, a dealer may issue a second temporary permit on a vehicle if the following conditions are met:

(a) The lienholder fails to deliver the vehicle title to the dealer within the required time period;

(b) The dealer has satisfied the lien; and

(c) The dealer has proof that payment of the lien was made within two calendar days, exclusive of Saturday, Sunday, or a legal holiday, after the sales contract has been executed by all parties and all conditions and contingencies in the sales contract have been met or otherwise satisfied.

(9) For a dealer, salesperson, or mobile home manufacturer, having taken an instrument or cash "on deposit" from a purchaser or lessee prior to the delivery of the bargained-for vehicle, to comingle the "on deposit" funds with assets of the dealer, salesperson, or mobile home manufacturer instead of holding the "on deposit" funds as trustee in a separate trust account until the purchaser or lessee has taken delivery of the bargained-for vehicle. Delivery of a manufactured home
shall be deemed to occur in accordance with RCW 46.70.135(5). Failure, immediately upon receipt, to endorse "on deposit" instruments to such a trust account, or to set aside "on deposit" cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day following receipt thereof, shall be evidence of intent to commit this unlawful practice: PROVIDED, HOWEVER, That a motor vehicle dealer may keep a separate trust account which equals his or her customary total customer deposits for vehicles for future delivery. For purposes of this section, "on deposit" funds received from a purchaser of a manufactured home means those funds that a seller requires a purchaser to advance before ordering the manufactured home, but does not include any loan proceeds or moneys that might have been paid on an installment contract.

(10) For a dealer or manufacturer to fail to comply with the obligations of any written warranty or guarantee given by the dealer or manufacturer requiring the furnishing of goods and services or repairs within a reasonable period of time, or to fail to furnish to a purchaser or lessee, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all items specified in the terms of a sales or lease agreement signed by the seller and buyer or lessee.

(11) For a vehicle dealer to pay to or receive from any person, firm, partnership, association, or corporation acting, either directly or through a subsidiary, as a buyer’s agent for consumers, any compensation, fee, purchase moneys or funds that have been deposited into or withdrawn out of any account controlled or used by any buyer’s agent, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle.

(12) For a buyer’s agent, acting directly or through a subsidiary, to pay to or to receive from any motor vehicle dealer any compensation, fee, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle. In addition, it is unlawful for any buyer’s agent to engage in any of the following acts on behalf of or in the name of the consumer:

(a) Receiving or paying any purchase moneys or funds into or out of any account controlled or used by any buyer’s agent;

(b) Signing any vehicle purchase orders, sales contracts, leases, odometer statements, or title documents, or having the name of the buyer’s agent appear on the vehicle purchase order, sales contract, lease, or title; or

(c) Signing any other documentation relating to the purchase, sale, lease, or transfer of any new motor vehicle.

It is unlawful for a buyer’s agent to use a power of attorney obtained from the consumer to accomplish or effect the purchase, sale, lease, or transfer of ownership documents of any new motor vehicle by any means which would otherwise be prohibited under (a) through (c) of this subsection. However, the buyer’s agent may use a power of attorney for physical delivery of motor vehicle license plates to the consumer.

Further, it is unlawful for a buyer’s agent to engage in any false, deceptive, or misleading advertising, disseminated in any manner whatsoever, including but not limited to making any claim or statement that the buyer’s agent offers, obtains, or guarantees the lowest price on any motor vehicle or words to similar effect.

(13) For a buyer’s agent to arrange for or to negotiate the purchase, or both, of a new motor vehicle through an out-of-state dealer without disclosing in writing to the customer that the new vehicle would not be subject to chapter 19.118 RCW. This subsection also applies to leased vehicles. In addition, it is unlawful for any buyer’s agent to fail to have a written agreement with the customer that: (a) Sets forth the terms of the parties’ agreement; (b) discloses to the customer the total amount of any fees or other compensation being paid by the customer to the buyer’s agent for the agent’s services; and (c) further discloses whether the fee or any portion of the fee is refundable.

(14) Being a manufacturer, other than a motorcycle manufacturer governed by chapter 46.93 RCW, to:

(a) Coerce or attempt to coerce any vehicle dealer to order or accept delivery of any vehicle or vehicles, parts or accessories, or any other commodities which have not been voluntarily ordered by the vehicle dealer: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute coercion;

(b) Cancel or fail to renew the franchise or selling agreement of any vehicle dealer doing business in this state without fairly compensating the dealer at a fair going business value for his or her capital investment which shall include but not be limited to tools, equipment, and parts inventory possessed by the dealer on the day he or she is notified of such cancellation or termination and which are still within the dealer’s possession on the day the cancellation or termination is effective, if: (i) The capital investment has been entered into with reasonable and prudent business judgment for the purpose of fulfilling the franchise; and (ii) the cancellation or nonrenewal was not done in good faith. Good faith is defined as the duty of each party to any franchise to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith;

(c) Encourage, aid, abet, or teach a vehicle dealer to sell or lease vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;

(d) Coerce or attempt to coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer’s franchise agreement;

(e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a franchise or contractual agreement for the retail sale or lease of new and unused vehicles sold or distributed by such manufacturer within sixty days after such dealer’s order has been received in writing unless caused by inability to deliver because of shortage or curtailment of material, labor, transportation, or utility services, or by any labor or production difficulty, or by any cause beyond the reasonable control of the manufacturer;

(f) To provide under the terms of any warranty that a purchaser or lessee of any new or unused vehicle that has been
sold or leased, distributed for sale or lease, or transferred into this state for resale or lease by the vehicle manufacturer may only make any warranty claim on any item included as an integral part of the vehicle against the manufacturer of that item.

Nothing in this section may be construed to impair the obligations of a contract or to prevent a manufacturer, distributor, representative, or any other person, whether or not licensed under this chapter, from requiring performance of a written contract entered into with any licensee hereunder, nor does the requirement of such performance constitute a violation of any of the provisions of this section if any such contract or the terms thereof requiring performance, have been freely entered into and executed between the contracting parties. This paragraph and subsection (14)(b) of this section do not apply to new motor vehicle manufacturers governed by chapter 46.96 RCW.

(15) Unlawful transfer of an ownership interest in a motor vehicle as defined in RCW 19.116.050.

(16) To knowingly and intentionally engage in collusion with a registered owner of a vehicle to repossess and return or resell the vehicle to the registered owner in an attempt to avoid a suspended license impound under chapter 46.55 RCW. However, compliance with chapter 62A.9A RCW in repossessing, selling, leasing, or otherwise disposing of the vehicle, including providing redemption rights to the debtor, is not a violation of this section. (2) In addition to information on the safe, lawful, and responsible operation of motor vehicles on the state’s highways, the basic minimum required curriculum shall include information on:

(a) Intermediate driver’s license issuance, passenger and driving restrictions and sanctions for violating the restrictions, and the effect of traffic violations and collisions on the driving privileges;
(b) The effects of alcohol and drug use on motor vehicle operators, including information on drug and alcohol related traffic injury and mortality rates in the state of Washington and the current penalties for driving under the influence of drugs or alcohol; and

(c) Motorcycle awareness, approved by the director, to ensure new operators of motor vehicles have been instructed in the importance of safely sharing the road with motorcyclists.

(3) Should the director be presented with acceptable proof that any licensed instructor or driver training school is not showing proper diligence in teaching such basic minimum curriculum as required, the instructor or school shall be required to appear before the advisory committee and show cause why the license of the instructor or school should not be revoked for such negligence. If the committee does not accept such reasons as may be offered, the director may revoke the license of the instructor or school.

47.01.011  Legislative declaration. The legislature hereby recognizes the following imperative needs within the state: To create a statewide transportation development plan which identifies present status and sets goals for the future; to coordinate transportation modes; to promote and protect land use programs required in local, state, and federal law; to coordinate transportation with the economic development of the state; to supply a broad framework in which regional, metropolitan, and local transportation needs can be related; to facilitate the supply of federal and state aid to those areas which will most benefit the state as a whole; to provide for public involvement in the transportation planning and development process; to administer programs within the jurisdiction of this title relating to the safety of the state’s transportation sys-
tems; and to coordinate and implement national transportation policy with the state transportation planning program.

The legislature finds and declares that placing all elements of transportation in a single department is fully consistent with and shall in no way impair the use of moneys in the motor vehicle fund exclusively for highway purposes.

Through this chapter, a unified department of transportation is created. To the jurisdiction of this department will be transferred the present powers, duties, and functions of the department of highways, the highway commission, the toll bridge authority, the aeronautics commission, and the canal commission, and the transportation related powers, duties, and functions of the *planning and community affairs agency. The powers, duties, and functions of the department of transportation must be performed in a manner consistent with the policy goals set forth in RCW 47.04.280. [2007 c 516 § 2; 1977 ex.s. c 151 § 1.]

*Reviser's note: “Planning and community affairs agency” means "department of community, trade, and economic development," but the name is retained here for historical purposes.

Findings—Intent—2007 c 516: "The legislature finds and declares that the citizens of the state expect clear and concise goals, objectives, and responsibilities regarding the operation of the statewide transportation system. Furthermore, the state's citizens expect that the state periodically receive clear and streamlined information that measures whether the goals and objectives are being satisfied. Therefore, it is the intent of the legislature that this act serve to clarify existing goals, objectives, and responsibilities related to the operation of an efficient statewide transportation system." [2007 c 516 § 1.]

Wherever appropriate, the policies shall provide for the use of integrated, intermodal transportation systems. The policies must be aligned with the goals established in RCW 47.04.280. To this end the commission shall:

(a) Develop transportation policies which are based on the policies, goals, and objectives expressed and inherent in existing state laws;

(b) Inventory the adopted policies, goals, and objectives of the local and area-wide governmental bodies of the state and define the role of the state, regional, and local governments in determining transportation policies, in transportation planning, and in implementing the state transportation plan;

47.01.075 Transportation policy development. (1) The transportation commission shall provide a public forum for the development of transportation policy in Washington state to include coordination with regional transportation planning organizations, transportation stakeholders, counties, cities, and citizens. At least every five years, the commission shall convene regional forums to gather citizen input on transportation issues. The commission shall consider the input gathered at the forums as it establishes the statewide transportation plan under RCW 47.01.071(4).

47.01.390 Alaskan Way viaduct, Seattle Seawall, and state route No. 520 improvements—Requirements—Exceptions. (1) Prior to commencing construction on either project, the department of transportation must complete all of the following requirements for both the Alaskan Way viaduct and Seattle Seawall replacement project, and the state route number 520 bridge replacement and HOV project: (a) In accordance with the national environmental policy act, the department must designate the preferred alternative, prepare a substantial project mitigation plan, and complete a comprehensive cost estimate review using the department’s cost estimate validation process, for each project; (b) In accordance with all applicable federal highway administration planning

[2007 RCW Supp—page 617]
and project management requirements, the department must prepare a project finance plan for each project that clearly identifies secured and anticipated fund sources, cash flow timing requirements, and project staging and phasing plans if applicable; and (c) the department must report these results for each project to the joint transportation committee.

(2) The requirements of this section shall not apply to (a) utility relocation work, and related activities, on the Alaskan Way viaduct and Seattle Seawall replacement project and (b) off-site pontoon construction supporting the state route number 520 bridge replacement and HOV project.

(3) The requirements of subsection (1) of this section shall not apply during the 2007-2009 fiscal biennium. [2007 c 518 § 705; 2006 c 311 § 27.]

Severability—Effective date—2007 c 518: See notes following RCW 46.68.170.

Findings—2006 c 311: See note following RCW 36.120.020.

47.01.405 State route No. 520 improvements—Project impact plan—Mediator, duties. (1) As soon as practicable after May 15, 2007, and after consulting with the city of Seattle, the office of financial management shall hire a mediator, and appropriate planning staff, including urban, transportation, and neighborhood planners, to develop a state route number 520 project impact plan for addressing the impacts of the state route number 520 bridge replacement and HOV project design on Seattle city neighborhoods, parks, including the Washington park arboretum, and institutions of higher education. The mediator must have significant professional experience in working with communities that surround major transportation construction projects, and mitigating the impacts of those transportation projects on those communities. The office of financial management shall hire the mediator and the planning staff within existing appropriations allocated for the state route number 520 bridge replacement and HOV project. The position of mediator under this section is not considered a certified or legally binding position.

(2) The mediator’s responsibility to develop a project impact plan is highly time sensitive. As a result, competitive bidding is not cost-effective or appropriate for personal service contracts to hire the mediator. The director of the office of financial management shall, by the director’s authority under RCW 39.29.011(5), exempt any such personal service contract from the competitive bidding requirements of chapter 39.29 RCW.

(3) In evaluating the project impacts, the mediator must consider the concerns of neighborhoods and institutions of higher education directly impacted by the proposed design, establish a process that incorporates interest-based negotiation, and work with the appropriate planning staff to develop mitigation recommendations related to the project design. The mediator shall work to ensure that the project impact plan provides a comprehensive approach to mitigating the impacts of the project, including incorporating construction mitigation plans.

(4) The ultimate goal of the mediation and planning process established in subsection (1) of this section is to develop a project impact plan agreed to by all appropriate parties including, but not limited to, those parties listed in subsection (6) of this section. The project impact plan must be consistent with RCW 47.01.380, and must support and be consistent with the approved purpose and need statement for the project, which is: "The purpose of the project is to improve mobility for people and goods across Lake Washington within the SR 520 corridor from Seattle to Redmond in a manner that is safe, reliable, and cost-effective while avoiding, minimizing, and/or mitigating impacts on the affected neighborhoods and the environment." The mediator must strive to develop a consensus-based plan. In the event that the mediation process does not result in consensus, the mediator shall submit a project impact plan to the governor and the joint transportation committee that reflects the views of the majority of the mediation participants.

(5) The process established in subsection (1) of this section shall result in a project design that provides six total lanes, with four general purpose lanes and two lanes that are for high-occupancy vehicle travel that could also accommodate high-capacity transportation. The bridge shall also be designed to accommodate light rail in the future and to support a bus rapid transit system. Additionally, the mediator shall strive to develop a project impact plan within the constraints of the range of estimated project costs as of May 1, 2007.

(6)(a) In performing the duties of this section, and consistent with the governor’s findings and conclusions, dated December 15, 2006, the mediator shall work with interested parties directly affected by the state route number 520 bridge replacement and HOV project including, but not limited to, at least the following:

(i) Representation from each neighborhood directly impacted by the project;
(ii) Representation from local governments on both ends of the bridge directly impacted by the project;
(iii) Representation from King county;
(iv) Representation from the Washington park arboretum;
(v) Representation from the University of Washington; and
(vi) Representation from sound transit.

(b) The mediator shall also work with the department and others as necessary.

(c) Before the mediator may submit the project impact plan, it must be reviewed by the mayor of Seattle and the Seattle city council. The project impact plan must reflect whether the mayor and council concur or do not concur with the plan and include an explanation regarding their positions.

(7) Until December 1, 2008, the mediator must provide periodic reports to the joint transportation committee and the governor regarding the status of the project impact plan development process. The mediator must submit a progress report to the joint transportation committee and the governor by August 1, 2007. The mediator must submit a final project impact plan to the governor and legislature by December 1, 2008. [2007 c 517 § 2.]

Finding—2007 c 517: "The legislature finds that the replacement of the vulnerable state route number 520 corridor is a matter of urgency for the safety of Washington’s traveling public and the needs of the transportation system in central Puget Sound. The state route number 520 floating bridge is susceptible to damage, closure, or even catastrophic failure from earthquakes, windstorms, and waves. Additionally, the bridge serves as a vital route for vehicles to cross Lake Washington, carrying over three times its design capacity in traffic, resulting in more than seven hours of congestion per day.

[2007 RCW Supp—page 618]
Therefore, it is the conclusion of the legislature that time is of the essence, and that Washington state cannot wait for a disaster to make it fully appreciate the urgency of the need to replace this vulnerable structure. The state must take the necessary steps to move forward with a state route number 520 bridge replacement project design that provides six total lanes, with four general purpose lanes and two lanes that are for high-occupancy vehicle travel that could also accommodate high capacity transportation, and the bridge shall also be designed to accommodate light rail in the future. High-occupancy vehicle lanes in the state route 520 corridor must also be able to support a bus rapid transit system. [2007 c 517 § 1.]

Severability—2007 c 517: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2007 c 517 § 8.]

Effective date—2007 c 517: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 15, 2007]." [2007 c 517 § 9.]

### 47.01.406 State route No. 520 improvements—Review of project design plans—Goals

In developing the state route number 520 project impact plan provided in RCW 47.01.405, the mediator and associated planning staff shall review the department’s project design plans in the draft environmental impact statement for conformance with the following legislative goals regarding the final design for the state route number 520 bridge replacement and HOV project:

1. Minimize the total footprint and width of the bridge, and seek appropriate federal design variances to safety and mobility standards, while complying with other federal laws;
2. Minimize the project impact on surrounding neighborhoods, including incorporation of green lids and connectors, and minimize any increases in additional traffic volumes through the Washington park arboretum and other adjacent neighborhoods;
3. Incorporate the recommendations of a health impact assessment to calculate the project’s impact on air quality, carbon emissions, and other public health issues, conducted by the Puget Sound clean air agency and King county public health;
4. Ensure that the ultimate project configuration effectively prioritizes maintaining travel time, speed, and reliability on the two high-occupancy vehicle lanes; and
5. Clearly articulate in required environmental documents the alignment of the selected preferred alternative for the state route number 520 bridge replacement and HOV project and the footprint of the project and the affected areas. [2007 c 517 § 3.]

Finding—Severability—Effective date—2007 c 517: See notes following RCW 47.01.405.

### 47.01.410 State route No. 520 improvements—Multimodal transportation plan

As part of the state route number 520 bridge replacement and HOV project, the governor’s office shall work with the department, sound transit, King county metro, and the University of Washington, to plan for high capacity transportation in the state route number 520 corridor. The parties shall jointly develop a multimodal transportation plan that ensures the effective and efficient coordination of bus services and light rail services throughout the state route number 520 corridor. The plan shall include alternatives for a multimodal transit station that serves the state route number 520 - Montlake interchange vicinity, and mitigation of impacts on affected parties. The high capacity transportation planning work must be closely coordinated with the state route number 520 bridge replacement and HOV project’s environmental planning process, and must be completed within the current funding for the project. A draft plan must be submitted to the governor and the joint transportation committee by October 1, 2007. A final plan must be submitted to the governor and the joint transportation committee by December 2008. [2007 c 517 § 6.]

Finding—Severability—Effective date—2007 c 517: See notes following RCW 47.01.405.

### 47.01.415 State route No. 520 improvements—Finance plan

The state route number 520 bridge replacement and HOV project finance plan must include state funding, federal funding, at least one billion dollars in regional contributions, and revenue from tolling. The department must provide a proposed finance plan to be tied to the estimated cost of the recommended project solutions, as provided under RCW 47.01.406, to the governor and the joint transportation committee by January 1, 2008. [2007 c 517 § 7.]

Finding—Severability—Effective date—2007 c 517: See notes following RCW 47.01.405.

### 47.01.420 Naming and renaming state transportation facilities

1. The commission may name or rename state transportation facilities including, but not limited to: State highways; state highway bridges, structures, and facilities; state rest areas; and state roadside facilities, such as viewpoints. The commission must consult with the department before taking final action to name or rename a state transportation facility.

2(a) The department, state and local governmental entities, citizen organizations, and any person may initiate the process to name or rename a state transportation facility.

(b) For the commission to consider a naming or renaming proposal, the requesting entity or person must provide sufficient evidence, as determined by the commission, indicating community support and acceptance of the proposal. Evidence may include the following:

(i) Letters of support from state and federal legislators representing the impacted area encompassing the state transportation facility;

(ii) Resolutions passed by local, publicly elected bodies in the impacted area encompassing the state transportation facility;

(iii) Department support; or

(iv) Supportive actions by or letters from local organizations including, but not limited to, local chambers of commerce and service clubs.

3. After the commission takes final action in naming or renaming a state transportation facility, the department shall design and install the appropriate signs in accordance with state and federal standards. [2007 c 33 § 1.]

### 47.01.430 Wounded combat veterans internship program

Subject to the availability of amounts appropriated for this specific purpose, the department shall establish an internship program for returning wounded combat veterans. The purpose of the program is to assist returning wounded combat veterans by matching them with jobs within the department.
that require their military skill sets and would be of benefit to the department, or that would teach them new skills. The jobs may include, but are not limited to, the following classifications: Engineering; construction trades; logistics; and project planning. The emphasis of the program should be to assist veterans who served in southern or central Asia, Operation Enduring Freedom; and the Persian Gulf, Operation Iraqi Freedom. This program may assist with the placement of wounded combat veterans as apprentices under RCW 39.04.320. The department may adopt rules under chapter 34.05 RCW to implement the requirements of this section. For the purposes of this section, "veteran" has the same meaning as in RCW 41.04.005. [2007 c 92 § 1.]

47.06.020 Role of department. The specific role of the department in transportation planning must be, consistent with the policy goals described under RCW 47.04.280: (1) Ongoing coordination and development of statewide transportation policies that guide all Washington transportation providers; (2) ongoing development of a statewide multimodal transportation plan that includes both state-owned and state-interest facilities and services; (3) coordinating the state high-capacity transportation planning and regional transportation planning programs; (4) conducting special transportation planning studies that impact state transportation facilities or relate to transportation facilities and services of statewide significance; and (5) assisting the transportation commission in the development of the statewide transportation plan required under RCW 47.01.071(4). Specific requirements for each of these transportation planning components are described in this chapter. [2007 c 516 § 9; 1993 c 446 § 2.]

Findings—Intent—2007 c 516: See note following RCW 47.01.011.

47.06.030 Repealed. See Supplementary Table of Disposition of Former RCW Sections, this volume.

47.06.050 State-owned facilities component. The state-owned facilities component of the statewide multimodal transportation plan shall consist of:

(1) The state highway system plan, which identifies program and financing needs and recommends specific and financially realistic improvements to preserve the structural integrity of the state highway system, ensure acceptable operating conditions, and provide for enhanced access to scenic, recreational, and cultural resources. The state highway system plan shall contain the following elements:

(a) A system preservation element, which shall establish structural preservation objectives for the state highway system including bridges, identify current and future structural deficiencies based upon analysis of current conditions and projected future deterioration, and recommend program funding levels and specific actions necessary to preserve the structural integrity of the state highway system consistent with adopted objectives. Lowest life cycle cost methodologies must be used in developing a pavement management system. This element shall serve as the basis for the preservation component of the six-year highway program and the two-year biennial budget request to the legislature;

(b) A highway maintenance element, establishing service levels for highway maintenance on state-owned highways. The highway maintenance element must include an estimate of costs for achieving those service levels over twenty years. This element will serve as the basis for the maintenance component of the six-year highway program and the two-year biennial budget request to the legislature;

(c) A capacity and operational improvement element, which shall establish operational objectives, including safety considerations, for moving people and goods on the state highway system, identify current and future capacity, operational, and safety deficiencies, and recommend program funding levels and specific improvements and strategies necessary to achieve the operational objectives. In developing capacity and operational improvement plans the department shall first assess strategies to enhance the operational efficiency of the existing system before recommending system expansion. Strategies to enhance the operational efficiencies include but are not limited to access management, transportation system management, demand management, high-occupancy vehicle facilities. The capacity and operational improvement element must conform to the state implementation plan for air quality and be consistent with regional transportation plans adopted under chapter 47.80 RCW, and shall serve as the basis for the capacity and operational improvement portions of the six-year highway program and the two-year biennial budget request to the legislature;

(d) A scenic and recreational highways element, which shall identify and recommend designation of scenic and recreational highways, provide for enhanced access to scenic, recreational, and cultural resources associated with designated routes, and recommend a variety of management strategies to protect, preserve, and enhance these resources. The department, affected counties, cities, and towns, regional transportation planning organizations, and other state or federal agencies shall jointly develop this element;

(e) A paths and trails element, which shall identify the needs of nonmotorized transportation modes on the state transportation systems and provide the basis for the invest-
ment of state transportation funds in paths and trails, including funding provided under chapter 47.30 RCW.

(2) The state ferry system plan, which shall guide capital and operating investments in the state ferry system. The plan shall establish service objectives for state ferry routes, forecast travel demand for the various markets served in the system, develop strategies for ferry system investment that consider regional and statewide vehicle and passenger needs, support local land use plans, and assure that ferry services are fully integrated with other transportation services. The plan must provide for maintenance of capital assets. The plan must also provide for preservation of capital assets based on lowest life cycle cost methodologies. The plan shall assess the role of private ferries operating under the authority of the utilities and transportation commission and shall coordinate ferry system capital and operational plans with these private operations. The ferry system plan must be consistent with the regional transportation plans for areas served by the state ferry system, and shall be developed in conjunction with the ferry advisory committees. [2007 c 516 § 10; 2002 c 5 § 413; 1993 c 446 § 5.]

Findings—Intent—2007 c 516: See note following RCW 47.01.011.
Finding—Intent—2002 c 5: “The legislature finds that roads, streets, bridges, and highways in the state represent public assets worth over one hundred billion dollars. These investments require regular maintenance and preservation, or rehabilitation, to provide cost-effective transportation services. Many of these facilities are in poor condition. Given the magnitude of public investment and the importance of safe, reliable roadways to the motoring public, the legislature intends to create stronger accountability to the users of public investment and the importance of safe, reliable roadways to the motoring public, the legislature intends to create stronger accountability to the users of state highways and state ferry routes of statewide significance. In establishing level of service standards for state highways and state ferry routes of statewide significance, the department shall consider the necessary balance between providing for the free interjurisdictional movement of people and goods and the needs of local communities using these facilities. When setting the level of service standards under this section for state ferry routes, the department may allow for a standard that is adjustable for seasonality. [2007 c 516 § 11; 2007 c 512 § 2; 1998 c 171 § 7.]

Reviser’s note: This section was amended by 2007 c 512 § 2 and by 2007 c 516 § 11, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Findings—Intent—2007 c 516: See note following RCW 47.01.011.
Finding—Intent—2007 c 512: “The legislature finds from the 2006 Washington state ferries financing study that the state has limited information on state ferry users and markets. Accurate user and market information is vital in order to find ways to maximize the ferry systems’ current capacity and to make the most efficient use of citizens’ tax dollars. Therefore, it is the intent of the legislature that Washington state ferries be given the tools necessary to maximize the utilization of existing capacity and to make the most efficient use of existing assets and tax dollars. Furthermore, it is the intent of the legislature that the department of transportation adopt adaptive management practices in its operating and capital programs so as to keep the costs of the Washington state ferries system as low as possible while continuously improving the quality and timeliness of service.” [2007 c 512 § 1.]

COORDINATING SPECIAL NEEDS TRANSPORTATION

Sections
47.06B.010 Finding—Intent. (Effective until June 30, 2011.) The legislature finds that transportation systems for persons with special needs are not operated as efficiently as possible. In too many cases, programs established by the legislature to assist persons with special needs can not be accessed due to these inefficiencies and coordination barriers.

It is the intent of the legislature that public transportation agencies, pupil transportation programs, private nonprofit transportation providers, and other public agencies sponsoring programs that require transportation services coordinate those transportation services. Through coordination of transportation services, programs will achieve increased efficiencies and will be able to provide more rides to a greater num-
ber of persons with special needs. [2007 c 421 § 1; 1999 c 385 § 1; 1998 c 173 § 1.]

47.06B.015 Repealed. See Supplementary Table of Disposition of Former RCW Sections, this volume.

47.06B.020 Agency council on coordinated transportation—Creation, membership, staff, meetings. (Effective until June 30, 2011.) (1) The agency council on coordinated transportation is created. The council is composed of ten voting members and four nonvoting, legislative members.

(ii) One person who is designated by the executive director of the developmental disabilities council;

(c) One representative from the Washington association of pupil transportation;

(d) One representative from the Washington state transit association; and

(e) One of the following:

(i) A representative from the community transportation association of the Northwest; or

(ii) A representative from the community action council association.

(3) The four nonvoting members are legislators as follows:

(a) Two members from the house of representatives, one from each of the two largest caucuses, appointed by the speaker of the house of representatives, including at least one member from the house transportation policy and budget committee or the house appropriations committee; and

(b) Two members from the senate, one from each of the two largest caucuses, appointed by the president of the senate, including at least one member from the senate transportation committee or the senate ways and means committee.

(4) Gubernatorial appointees of the council will serve two-year terms. Members may not receive compensation for their service on the council, but will be reimbursed for actual and necessary expenses incurred in performing their duties as members as set forth in RCW 43.03.220.

(5) The secretary of transportation or a designee shall serve as the chair.

(6) The department of transportation shall provide necessary staff support for the council.

(7) The council may receive gifts, grants, or endowments from public or private sources that are made from time to time, in trust or otherwise, for the use and benefit of the purposes of the council and spend gifts, grants, or endowments or income from the public or private sources according to their terms, unless the receipt of the gifts, grants, or endowments violates RCW 42.17.710.

(8) The meetings of the council must be open to the public, with the agenda published in advance, and minutes kept and made available to the public. The public notice of the meetings must indicate that accommodations for persons with disabilities will be made available upon request.

(10) The council shall make an effort to include presentations by and work sessions including persons with special transportation needs. [2007 c 421 § 2; 1998 c 173 § 2.]

47.06B.030 Council—Duties. (Effective until June 30, 2011.) (1) To assure implementation of an effective system of coordinated transportation that meets the needs of persons with special transportation needs, the agency council on coordinated transportation shall adopt a biennial work plan that must, at a minimum:

(a) Focus on projects that identify and address barriers in laws, policies, and procedures;

(b) Focus on results; and

(c) Identify and advocate for transportation system improvements for persons with special transportation needs.

(2) The council shall, as necessary, convene work groups at the state, regional, or local level to develop and implement coordinated approaches to special needs transportation.

(3) To improve the service experienced by persons with special transportation needs, the council shall develop statewide guidelines for customer complaint processes so that information about policies regarding the complaint processes is available consistently and consumers are appropriately educated about available options. To be eligible for funding on or after January 1, 2008, organizations applying for state paratransit/special needs grants as described in section 226(1), chapter 370, Laws of 2006 must implement a process following the guidelines established by the council.

(4) The council shall represent the needs and interests of persons with special transportation needs in statewide efforts for emergency and disaster preparedness planning by advising the emergency management council on how to address transportation needs for high-risk individuals during and after disasters. [2007 c 421 § 3. Prior: 1999 c 385 § 5; (1999 c 372 § 13 repealed by 2007 c 421 § 10); 1998 c 173 § 3.]

47.06B.040 Council—Certification of regional transportation planning organization local plans. (Effective until June 30, 2011.) The agency council on coordinated transportation shall review and recommend certification of local plans developed by regional transportation planning organizations based on meeting federal requirements. Each regional transportation planning organization must submit to the council an updated plan that includes the elements, consistent with federal planning requirements, identified by the council beginning on July 1, 2007, and every four years thereafter.

Each regional transportation planning organization must submit to the council every two years a prioritized regional human service and transportation project list. [2007 c 421 § 4; 1999 c 385 § 6.]
47.06B.050 Council—Progress report.  (Effective until June 30, 2011.)  The agency council on coordinated transportation shall submit a progress report on council activities to the legislature by December 1, 2009, and every other year thereafter. Chapter 47.20 RCW MISCELLANEOUS PROJECTS

Sections
47.20.780 Design-build—Competitive bidding.

47.20.780 Design-build—Competitive bidding. The department of transportation shall develop a process for awarding competitively bid highway construction contracts for projects over ten million dollars that may be constructed using a design-build procedure. As used in this section and RCW 47.20.785, "design-build procedure" means a method of contracting under which the department of transportation contracts with another party for both design and build the structures, facilities, and other items specified in the contract.

The process developed by the department must, at a minimum, include the scope of services required under the design-build procedure, contractor prequalification requirements, criteria for evaluating technical information and project costs, contractor selection criteria, and issue resolution procedures. [2007 c 152 § 1; 2001 c 226 § 2.]

Findings—Purpose—2001 c 226: "The legislature finds and declares that a contracting procedure that facilitates construction of transportation facilities in a more timely manner may occasionally be necessary to ensure that construction can proceed simultaneously with the design of the facility. The legislature further finds that the design-build process and other alternative project delivery concepts achieve the goals of time savings and avoidance of costly change orders.

The legislature finds and declares that a 2001 audit, conducted by Talbot, Korvola & Warwick, examining the Washington state ferries’ capital program resulted in a recommendation for improvements and changes in auto ferry procurement processes. The auditors recommended that auto ferries be procured through use of a modified request for proposals process whereby the prevailing shipbuilder and Washington State ferries engage in a design and build partnership. This process promotes ownership of the design by the shipbuilder while using the department of transportation’s expertise in ferry design and operations. Alternative processes like design-build partnerships can promote innovation and create competitive incentives that increase the likelihood of finishing projects on time and within the budget.

The purpose of this act is to authorize the department’s use of a modified request for proposals process for procurement of auto ferries, and to prescribe appropriate requirements and criteria to ensure that contracting procedures for this procurement process serve the public interest." CITY STREETS AS PART OF STATE HIGHWAYS

Sections
47.24.020 Jurisdiction, control.

47.24.020 Jurisdiction, control. The jurisdiction, control, and duty of the state and city or town with respect to such streets is as follows:

(1) The department has no authority to change or establish any grade of any such street without approval of the governing body of such city or town, except with respect to limited access facilities established by the commission;

(2) The city or town shall exercise full responsibility for and control over any such street beyond the curbs and if no curb is installed, beyond that portion of the highway used for highway purposes. However, within incorporated cities and towns the title to a state limited access highway vests in the state, and, notwithstanding any other provision of this section, the department shall exercise full jurisdiction, responsibility, and control to and over such facility as provided in chapter 47.52 RCW;

(3) The department has authority to prohibit the suspension of signs, banners, or decorations above the portion of such street between the curbs or portion used for highway purposes up to a vertical height of twenty feet above the surface of the roadway;

(4) The city or town shall at its own expense maintain all underground facilities in such streets, and has the right to construct such additional underground facilities as may be necessary in such streets. However, pavement trenching and restoration performed as part of installation of such facilities must meet or exceed requirements established by the department;

(5) The city or town has the right to grant the privilege to open the surface of any such street, but all damage occasioned thereby shall promptly be repaired either by the city or town itself or at its direction. Pavement trenching and restoration performed under a privilege granted by the city under this subsection must meet or exceed requirements established by the department;

(6) The city or town at its own expense shall provide street illumination and shall clean all such streets, including storm sewer inlets and catch basins, and remove all snow, except that the state shall when necessary plow the snow on the roadway. In cities and towns having a population of twenty-five thousand or less according to the latest determination of population by the office of financial management, the state, when necessary for public safety, shall assume, at its expense, responsibility for the stability of the slopes of cuts and fills and the embankments within the right-of-way to protect the roadway itself. When the population of a city or town first exceeds twenty-five thousand according to the determination of population by the office of financial management, the city or town shall have three years from the date of the determination to plan for additional staffing, budgetary, and equipment requirements before being required to assume the responsibilities under this subsection. The state shall install, maintain, and operate all illuminating facilities on any limited access facility, together with its interchanges, located within the corporate limits of any city or town, and shall assume and pay the costs of all such installation, maintenance, and operation incurred after November 1, 1954;

(7) The department has the right to use all storm sewers on such highways without cost; and if new storm sewer facilities are necessary in construction of new streets by the department, the cost of the facilities shall be borne by the state and/or city as may be mutually agreed upon between the department and the governing body of the city or town;

(8) Cities and towns have exclusive right to grant franchises not in conflict with state laws and rules, over, beneath, and upon such streets, but the department is authorized to enforce in an action brought in the name of the state any condition of any franchise which a city or town has granted on such street. No franchise for transportation of passengers in motor vehicles may be granted on such streets without the approval of the department, but the department shall not refuse to approve such franchise unless another street conveniently located and of strength of construction to sustain travel of such vehicles is accessible;

[2007 RCW Supp—page 626]
(9) Every franchise or permit granted any person by a city or town for use of any portion of such street by a public utility must require the grantee or permittee to restore, repair, and replace any portion of the street damaged or injured by it to conditions that meet or exceed requirements established by the department;

(10) The city or town has the right to issue overload or overwidth permits for vehicles to operate on such streets or roads subject to regulations printed and distributed to the cities and towns by the department;

(11) Cities and towns shall regulate and enforce all traffic and parking restrictions on such streets, but all regulations adopted by a city or town relating to speed, parking, and traffic control devices on such streets not identical to state law relating thereto are subject to the approval of the department before becoming effective. All regulations pertaining to speed, parking, and traffic control devices relating to such streets heretofore adopted by a city or town not identical with state laws shall become null and void unless approved by the department heretofore or within one year after March 21, 1963;

(12) The department shall erect, control, and maintain at state expense all route markers and directional signs, except street signs, on such streets;

(13) The department shall install, operate, maintain, and control at state expense all traffic control signals, signs, and traffic control devices for the purpose of regulating both pedestrian and motor vehicular traffic on, entering upon, or leaving state highways in cities and towns having a population of twenty-five thousand or less according to the latest determination of population by the office of financial management. Such cities and towns may submit to the department a plan for traffic control signals, signs, and traffic control devices desired by them, indicating the location, nature of installation, or type thereof, or a proposed amendment to such an existing plan or installation, and the department shall consult with the cities or towns concerning the plan before installing such signals, signs, or devices. Cities and towns having a population in excess of twenty-five thousand according to the latest determination of population by the office of financial management shall install, maintain, operate, and control such signals, signs, and devices at their own expense, subject to approval of the department for the installation and type only. When the population of a city or town first exceeds twenty-five thousand according to the determination of population by the office of financial management, the city or town shall have three years from the date of the determination to plan for additional staffing, budgetary, and equipment requirements before being required to assume the responsibilities under this subsection. For the purpose of this subsection, striping, lane marking, and channelization are considered traffic control devices;

(15) Rights-of-way for such streets shall be acquired by either the city or town or by the state as shall be mutually agreed upon. Costs of acquiring rights-of-way may be at the sole expense of the state or at the expense of the city or town or at the expense of the state and the city or town as may be mutually agreed upon. Title to all such rights-of-way so acquired shall vest in the city or town: PROVIDED, That no vacation, sale, rental, or any other nontransportation use of any unused portion of any such street may be made by the city or town without the prior written approval of the department; and all revenue derived from sale, vacation, rental, or any nontransportation use of such rights-of-way shall be shared by the city or town and the state in the same proportion as the purchase costs were shared;

(16) If any city or town fails to perform any of its obligations as set forth in this section or in any cooperative agreement entered into with the department for the maintenance of a city or town street forming part of the route of a state highway, the department may notify the mayor of the city or town to perform the necessary maintenance within thirty days. If the city or town within the thirty days fails to perform the maintenance or fails to authorize the department to perform the maintenance as provided by RCW 47.24.050, the department may perform the maintenance, the cost of which is to be deducted from any sums in the motor vehicle fund credited or to be credited to the city or town. 47.26.080 Urban arterial trust account—Withholding of funds for noncompliance. There is hereby created in the motor vehicle fund the urban arterial trust account. The intent of the urban arterial trust account program is to improve the arterial street system of the state by improving mobility and safety while supporting an environment essential to the quality of life of the citizens of the state of Washington. The small city program, as provided for in RCW 47.26.115, is implemented within the urban arterial trust account.

47.26.164 City hardship assistance program—Implementation. The board shall adopt reasonable rules necessary to implement the city hardship assistance program as recommended by the road jurisdiction study.

The following criteria shall be used to implement the program:

1. Cities with a population of twenty thousand or less and a net gain in cost responsibility due to jurisdictional transfers in chapter 342, Laws of 1991, and thereafter under RCW 47.26.167, are eligible to receive money from the small city pavement and sidewalk account created in RCW 47.26.340;

2. The board shall develop criteria and procedures under which eligible cities may receive funding for rehabilitation projects on transferred city streets; and

3. The amount spent for the city hardship assistance program shall not exceed the amount deposited under RCW 46.68.110(3). [2007 c 148 § 3; 1999 c 94 § 20; 1991 c 342 § 60.]

All state money allocated to the small city pavement and sidewalk account for the ongoing support of cities and towns must be deposited into the account. Money in the account may be spent only after appropriation. Expenditures from the account must be used for small city pavement and sidewalk projects or improvements selected by the board in accordance with RCW 47.26.164 or 47.26.345, to pay principal and interest on bonds authorized for these projects or improvements, to make grants or loans in accordance with this chapter, or to pay for engineering feasibility studies selected by the board. [2007 c 148 § 4; 2005 c 83 § 2.]

Findings—2005 c 83: "The state legislature finds that it is in the state's interest to support the economic vitality of all cities and towns and recognizes that those cities and towns with a population of less than five thousand are unable to fully maintain and preserve their street system. Therefore, the legislature finds it is necessary to create a small city pavement and sidewalk account." [2005 c 83 § 1.]

Effective dates—2005 c 83: "Except for section 5 of this act which takes effect July 1, 2006, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2005." [2005 c 83 § 6.]

Appropriation—Expenditure limited to bond sale proceeds—1981 c 315: "There is appropriated from the urban arterial trust account in the motor vehicle fund to the urban arterial board for the biennium ending June 30, 1983, the sum of thirty-five million dollars, or so much thereof as may be necessary, to carry out section 5 of this act: PROVIDED, That the money available for expenditure under this appropriation may not exceed the amount of money derived from the sale of bonds authorized by section 5 of this act and deposited to the credit of the urban arterial trust account in the motor vehicle fund." [1981 c 315 § 13.]

Construction—1979 c 5: "Nothing in this 1979 act shall be construed to impair the obligations of any first authorization bonds issued or to be issued under RCW 47.26.420 through 47.26.427, or to enlarge the original authorization thereof over two hundred million dollars, and the retirement of and issuance of the remainder of the authorized amount of such bonds shall proceed in accordance with law under the supervision of the state finance committee." 47.28.030 Contracts—State forces—Monetary limits—Small businesses, minority, and women contractors—Rules. A state highway shall be constructed, altered, repaired, or improved, and improvements located on property acquired for right of way purposes may be repaired or renovated pending the use of such right of way for highway purposes, by contract or state forces. The work or portions thereof may be done by state forces when the estimated costs thereof are less than fifty thousand dollars and effective July 1, 2005, sixty thousand dollars: PROVIDED, That when delay of performance of such work would jeopardize a state highway or constitute a danger to the traveling public, the work may be done by state forces when the estimated cost thereof is less than eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars. When the department of transportation determines to do the work by state forces, it shall enter a statement upon its records to that effect, stating the reasons therefor. To enable a larger number of small businesses, and minority, and women contractors to effectively compete for department of transportation contracts, the department may adopt rules providing for bids and award of contracts for the performance of work, or furnishing equipment, materials, supplies, or operating services whenever any work is to be performed and the engineer’s estimate indicates the cost of the work would not exceed eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars. The rules adopted under this section:

(1) Shall provide for competitive bids to the extent that competitive sources are available except when delay of performance would jeopardize life or property or inconvenience the traveling public; and

(2) Need not require the furnishing of a bid deposit nor a performance bond, but if a performance bond is not required then progress payments to the contractor may be required to be made based on submittal of paid invoices to substantiate proof that disbursements have been made to laborers, material suppliers, mechanics, and subcontractors from the previous partial payment; and

(3) May establish prequalification standards and procedures as an alternative to those set forth in RCW 47.28.070, but the prequalification standards and procedures under RCW 47.28.070 shall always be sufficient.

The department of transportation shall comply with such goals and rules as may be adopted by the office of minority and women’s business enterprises to implement chapter 39.19 RCW with respect to contracts entered into under this chapter. The department may adopt such rules as may be necessary to comply with the rules adopted by the office of minority and women’s business enterprises under chapter 39.19 RCW. (4) Provisions that require concept proposals to include at least the following information: Proposers’ qualifications and experience; description of the proposed project and impact; proposed project financing; and known public benefits and opposition; and

(5) Provisions that specify the process to be followed if the commission is interested in the concept proposal, which must include provisions:

(a) Requiring that information regarding the potential project would be published for a period of not less than thirty days, during which time entities could express interest in submitting a proposal;

(b) Specifying that if letters of interest were received during the thirty days, then an additional sixty days for submission of the fully detailed proposal would be allowed; and

(c) Procedures for what will happen if there are insufficient proposals submitted or if there are no letters of interest submitted in the appropriate time frame.

The commission may adopt other rules as necessary to avoid conflicts with existing laws, statutes, or contractual obligations of the state.

The commission may not accept or consider any unsolicited proposals before July 1, 2009. [2007 c 518 § 702; 2006 c 370 § 604; 2005 c 317 § 17.]

(a) Audit the implementation of the cost allocation methodology evaluated under [section 205,] chapter 518, Laws of 2007, as it exists on July 22, 2007, assessing whether actual costs are allocated consistently with the methodology, whether there are sufficient internal controls to ensure proper allocation, and the adequacy of staff training; and

(b) Review the assignment of preservation costs and improvement costs for fiscal year 2009 to determine whether:

(i) The costs are capital costs;

(ii) The costs meet the statutory requirements for preservation activities and for improvement activities; and

(iii) Improvement costs are within the scope of legislative appropriations.

(2) The report on the evaluations in this section is due by January 31, 2010.

(3) This section expires December 31, 2010. [2007 c 512 § 15.]

47.60.658 Passenger-only ferry service between Vashon and Seattle. The department shall maintain the level of service existing on January 1, 2006, for the Vashon to Seattle passenger-only ferry route until such time as the route is assumed by another entity, providing a level of service at or exceeding the state level. [2007 c 223 § 8; 2006 c 332 § 3.]

Effective date—2007 c 223: See note following RCW 36.57A.220.

47.60.662 Ferry system collaboration with passenger-only ferry service providers. The Washington state ferry system shall collaborate with new and potential passenger-only ferry service providers, as described in chapters 36.54 and 36.57A RCW, for terminal operations at its existing terminal facilities. [2007 c 223 § 3; 2006 c 332 § 5.]

Effective date—2007 c 223: See note following RCW 36.57A.220.

47.60.824 Design-build ferries—Single best-qualified proposer—Incentives—Proposal negotiations—Compensation. If at any point there is only a single best-qualified proposer participating in the competitive design-build procurement process prior to the submission of bids in phase three, or if there is only a single responsive and responsible bid submitted in phase three, or if the current best-qualified proposers elect to jointly submit a single proposal, the department may negotiate a fair-value contract with the proposer or joint proposers. The negotiations may consider the scope of work as well as contract price. The contract price must be established between the department and the proposer through negotiation based on detailed cost and price information provided by the proposer, the department, and other relevant sources in a format as determined by the department. To achieve efficiencies, the department may negotiate incentives and economic cost sharing between the state and the proposer. In addition to the cost incentives, other incentives may be considered, as determined by the department, to be in the best interests of the state. Such incentives may include, but are not limited to, key schedule milestones, technological innovations, performance efficiencies, constructability, and operational value or life-cycle cost. The department may issue guidelines, requirements, and procedures for all negotiations.

If the department conducts negotiations with a single remaining proposer or joint proposers prior to the submission of bids in phase three, all negotiations must be completed within forty-five days of the department’s approval of the final technical proposal. If the department conducts negotiations with a single responsive and responsible phase three bidder, all negotiations must be completed within thirty days of submission of the phase three bids.

If the department reaches an agreement with the proposer or joint proposers, the department shall submit a copy of the contract, the final negotiated price, and supporting information to the office of financial management at least ten days prior to execution of the contract. If the final negotiated price is greater than the legislature’s adopted expenditure plan for vessel construction, the department may not execute the contract until the legislature reviews the final proposals and adjusts the expenditure plan accordingly.

If the department is unable within the designated time period to reach an agreement with the proposer or joint proposers that is fair, reasonable, and in the department’s budget, or if the proposers initially provide notice of their intent to jointly submit a single proposal but fail to do so, or if any one of the proposers withdraws from a jointly submitted single proposal before entering into a contract with the department, or if both of the current best-qualified proposers withdraw or otherwise fail to proceed with the request for proposals process, the department may issue a new request for proposals or cancel the request for proposals process, to serve the best interests of the state.

The department may pay an honorarium in a specified amount determined by the department to a proposer or joint proposers who has [have] submitted a final, approved technical proposal and with whom the department has engaged in unsuccessful negotiations. The proposer or joint proposers shall not receive any other compensation for attempting to negotiate a contract, except to the extent allowed by the department in a final contract awarded pursuant to the request for proposal. [2007 c 481 § 2.]

Effective date—2007 c 481: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 14, 2007]." [2007 c 481 § 3.]

47.60.8241 Findings—Single proposal process for new ferry vessel construction. The legislature finds that the Washington state ferry system has an excellent safety record
and has commenced a long-term vessel procurement plan to ensure the replacement of older and outdated ferry vessels. The legislature further finds that the current vessel procurement process must move forward with all due speed, balancing the interests of both the taxpayers and shipyards. The commencement of construction of new vessels is important not only for safety reasons, but also to keep skilled marine construction jobs in the Puget Sound region and to sustain the capacity of the region to meet the ongoing preservation needs of the ferry system fleet of vessels.

The legislature further finds that the balancing of interests described in this section may necessitate the department of transportation to consider in the department’s current new 144—auto ferries request for proposals a single proposal submitted jointly by the current best-qualified proposers. The department may, therefore, consider and accept or reject in the department’s discretion such a single proposal, and the current best-qualified proposers may meet and confer to discuss matters that are reasonably necessary to determine whether to submit such a single proposal and to implement a single final contract if the proposal is accepted by the department. Discussions may address the terms of any agreement that may be entered into between the best-qualified proposers for purposes of submitting a single proposal, as well as any agreement that may be entered into with the department. Discussions may also address cost and price information and division of work under the request for proposals. The current best-qualified proposers shall each expressly declare in writing, and have the opinion of the department that the joint venture, other legal entity, or organization structure, or division of responsibilities intended by the department, or if the department, in its discretion, determines that the joint venture, other legal entity, or organizational structure, or division of responsibilities intended by the joint proposers are unacceptable and not in the best interests of the state, the proposers will be deemed as proposing separately to the request for proposals, and further discussions related to the request for proposals shall not be allowed between the proposers.

To further facilitate the balancing of interests described in this section, the department of transportation may, in its discretion, make revisions to the request for proposals that the department deems necessary or appropriate to balance such interests. [2007 c 481 § 1.]

Sections
47.64.170 Collective bargaining procedures.
47.64.210 Mediation.
47.64.230 Waiver of mediation.

[2007 RCW Supp—page 634]
(7) Until a new collective bargaining agreement is in effect, the terms and conditions of the previous collective bargaining agreement shall remain in force. It is the intent of this section that the collective bargaining agreement or arbitrator’s award shall commence on July 1st of each odd-numbered year and shall terminate on June 30th of the next odd-numbered year to coincide with the ensuing biennial budget year, as defined by RCW 43.88.020(7), to the extent practical. It is further the intent of this section that all collective bargaining agreements be concluded by October 1st of the even-numbered year before the commencement of the biennial budget year during which the agreements are to be in effect.

(8)(a) The governor shall submit a request either for funds necessary to implement the collective bargaining agreements including, but not limited to, the compensation and fringe benefit provisions or for legislation necessary to implement the agreement, or both. Requests for funds necessary to implement the collective bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(b) The governor shall submit a request either for funds necessary to implement the arbitration awards or for legislation necessary to implement the arbitration awards, or both. Requests for funds necessary to implement the arbitration awards shall not be submitted to the legislature by the governor unless such requests have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered.

(c) The legislature shall approve or reject the submission of the request for funds necessary to implement the collective bargaining agreements or arbitration awards as a whole for each agreement or award. The legislature shall not consider a request for funds to implement a collective bargaining agreement or arbitration award unless the request is transmitted to the legislature as part of the governor’s budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement and award or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 47.64.210 and 47.64.300.

(9) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement. [2007 c 160 § 2; 2006 c 164 § 8; 1983 c 15 § 12.]

**Prospective application—Savings—Effective dates—2006 c 164:** See notes following RCW 47.64.011.

47.64.210 Mediation. In the absence of an impasse agreement between the parties or the failure of either party to utilize its procedures by August 1st in the even-numbered year preceding the biennium, either party may request the commission to appoint an impartial and disinterested person to act as mediator. It is the function of the mediator to bring the parties together to effectuate a settlement of the dispute, but the mediator shall not compel the parties to agree. [2007 c 160 § 2; 2006 c 164 § 8; 1983 c 15 § 12.]

**Prospective application—Savings—Effective dates—2006 c 164:** See notes following RCW 47.64.011.

47.64.230 Waiver of mediation. By mutual agreement, the parties may waive mediation and proceed with binding arbitration as provided for in the impasse procedures agreed to under RCW 47.64.200 or in 47.64.300 through 47.64.320, as applicable. The waiver shall be in writing and be signed by the representatives of the parties. Regardless of the status of mediation, the parties must comply with the interest arbitration agreement under RCW 47.64.170(6)(a), absent any subsequent agreement to the contrary. [2007 c 160 § 3; 2006 c 164 § 11; 1983 c 15 § 14.]

**Prospective application—Savings—Effective dates—2006 c 164:** See notes following RCW 47.64.011.

47.64.300 Interest arbitration—Procedures. (1) If an agreement has not been reached following a reasonable period of negotiations and, when applicable, mediation, upon the recommendation of the assigned mediator that the parties remain at impasse or, with respect to biennial bargaining, in compliance with the interest arbitration agreement under RCW 47.64.170(6)(a), all impasse items shall be submitted to arbitration under this section. The issues for arbitration shall be limited to the issues certified by the commission.

(2) The parties may agree to submit the dispute to a single arbitrator, whose authority and duties shall be the same as those of an arbitration panel. If the parties cannot agree on the arbitrator within five working days, the selection shall be made under subsection (3) of this section, except with respect to biennial bargaining described under RCW 47.64.170(6). The full costs of arbitration under this section shall be shared equally by the parties to the dispute.

(3) Within seven days following the issuance of the determination of the commission, each party shall, absent an agreement to the contrary, name one person to serve as its arbitrator on the arbitration panel. Except with respect to biennial bargaining described under RCW 47.64.170(6), the two members so appointed shall meet within seven days following the appointment of the later appointed member to attempt to choose a third member to act as the neutral chair of the arbitration panel. Upon the failure of the arbitrators to select a neutral chair within seven days, either party may apply to the federal mediation and conciliation service, or, with the consent of the parties, the American arbitration association to provide a list of five qualified arbitrators from which the neutral chair shall be chosen. Each party shall pay the fees and expenses of its arbitrator, and the fees and expenses of the neutral chair shall be shared equally between the parties.

(4) In consultation with the parties, the arbitrator or arbitration panel shall promptly establish a date, time, and place
for a hearing and shall provide reasonable notice thereof to the parties to the dispute. The parties shall exchange final positions in writing, with copies to the arbitrator or arbitration panel, with respect to every issue to be arbitrated, on a date mutually agreed upon, but in no event later than ten working days before the date set for hearing. A hearing, which shall be informal, shall be held, and each party shall have the opportunity to present evidence and make argument. No member of the arbitration panel may present the case for a party to the proceedings. The rules of evidence prevailing in judicial proceedings may be considered, but are not binding, and any oral testimony or documentary evidence or other data deemed relevant by the chair of the arbitration panel may be received in evidence. A recording of the proceedings shall be taken. The arbitration panel has the power to administer oaths, require the attendance of witnesses, and require the production of such books, papers, contracts, agreements, and documents as may be deemed by the panel to be material to a just determination of the issues in dispute. If any person refuses to obey a subpoena issued by the arbitration panel, or refuses to be sworn or to make an affirmation to testify, or any witness, party, or attorney for a party is guilty of any contempt while in attendance at any hearing held hereunder, the arbitration panel may invoke the jurisdiction of the superior court in the county where the labor dispute exists, and the court has jurisdiction to issue an appropriate order. Any failure to obey the order may be punished by the court as a contempt thereof.

(5) The neutral chair shall consult with the other members of the arbitration panel, if a panel has been created. Within thirty days following the conclusion of the hearing, or sooner as the October 1st deadline set forth in RCW 47.64.170 (6)(c) and (7) necessitates, the neutral chair shall make written findings of fact and a written determination of the issues in dispute, based on the evidence presented. A copy thereof shall be served on each of the other members of the arbitration panel, and on each of the parties to the dispute. That determination is final and binding upon both parties, subject to review by the superior court upon the application of either party solely upon the question of whether the decision of the panel was arbitrary or capricious. [2007 c 160 § 4; 2006 c 164 § 12.]

47.76.230  Freight rail planning—Railroad safety.  (1) The department of transportation shall continue its responsibility for the development and implementation of the state rail plan and programs, and the utilities and transportation commission shall continue its responsibility for railroad safety issues.

(2) The department of transportation shall maintain an enhanced data file on the rail system. Proprietary annual station traffic data from each railroad and the modal use of major shippers must be obtained to the extent that such information is available.

(3) The department of transportation shall provide technical assistance, upon request, to state agencies and local interests. Technical assistance includes, but is not limited to, the following:

(a) Rail project cost-benefit analyses conducted in accordance with methodologies recommended by the federal railroad administration;

(b) Assistance in the formation of county rail districts and port districts; and

(c) Feasibility studies for rail service continuation or rail service assistance, or both.

(4) With funding authorized by the legislature, the department of transportation, in collaboration with the department of community, trade, and economic development, and local economic development agencies, and other interested public and private organizations, shall develop a cooperative process to conduct community and business information programs and to regularly disseminate information on rail matters. 47.76.240  Rail preservation program.  The state, counties, local communities, ports, railroads, labor, and shippers all benefit from continuation of rail service and should participate in its preservation. Lines that provide benefits to the state and local jurisdictions, such as avoided roadway costs, reduced traffic congestion, economic development potential, environmental protection, and safety, should be assisted through the joint efforts of the state, local jurisdictions, and the private sector.

State funding for rail service, rail preservation, and corridor preservation projects must benefit the state’s interests. The state’s interest is served by reducing public roadway maintenance and repair costs, increasing economic development opportunities, increasing domestic and international trade, preserving jobs, and enhancing safety. State funding for projects is contingent upon appropriate local jurisdiction and private sector participation and cooperation. Before spending state moneys on projects, the department shall seek federal, local, and private funding and participation to the greatest extent possible.

(1) The department of transportation shall continue to monitor the status of the state’s mainline and branchline common carrier railroads and preserved rail corridors through the state rail plan and various analyses, and shall seek alternatives to abandonment prior to interstate commerce commission proceedings, where feasible.

(2) The utilities and transportation commission shall intervene in proceedings of the surface transportation board, or its successor agency, on abandonments, when necessary, to protect the state’s interest.

(3) The department of transportation, in consultation with the Washington state freight rail policy advisory committee, shall establish criteria for evaluating rail projects and corridors of significance to the state.

(4) Local jurisdictions may implement rail service preservation projects in the absence of state participation.

The strategy shall address alternative transportation modes and transportation demand management measures in regional corridors and shall recommend preferred transportation policies to implement adopted growth strategies. The strategy shall serve as a guide in preparation of the regional transportation plan.

(2) Prepare a regional transportation plan as set forth in RCW 47.80.030 that is consistent with county-wide planning policies if such have been adopted pursuant to chapter 36.70A RCW, with county, city, and town comprehensive plans, and state transportation plans.

(3) Certify by December 31, 1996, that the transportation elements of comprehensive plans adopted by counties, cities, and towns within the region reflect the guidelines and principles developed pursuant to RCW 47.80.026, are consistent with the adopted regional transportation plan, and, where appropriate, conform with the requirements of RCW 36.70A.070.

(4) Where appropriate, certify that county-wide planning policies adopted under RCW 36.70A.210 and the adopted regional transportation plan are consistent.

(8) Work with cities, counties, transit agencies, the department of transportation, and others to develop level of service standards or alternative transportation performance measures.

(9) Submit to the agency council on coordinated transportation, as provided in chapter 47.06B RCW, beginning on July 1, 2007, and every four years thereafter, an updated plan that includes the elements identified by the council. Each regional transportation planning organization must submit to the council every two years a prioritized regional human service and transportation project list. In order to qualify for state planning funds available to regional transportation planning organizations, the regional transportation planning organizations containing any county with a population in excess of one million shall provide voting membership on its executive board to the state transportation commission, the state department of transportation, the four largest public port districts within the region as determined by gross operating revenues, any incorporated principal city of a metropolitan statistical area within the region, as designated by the United States census bureau, and any incorporated city within the region with a population in excess of eighty thousand. It shall further assure that at least fifty percent of the county and city local elected officials who serve on the executive board also serve on transit agency boards or on a regional transit authority. The commissioner is authorized to use such documents, materials, or other information in the furtherance of any regulatory or legal action brought as a part of the commissioner’s official duties. The confidentiality and privilege created by this section and *RCW 42.56.400(9) applies only to the commissioner, any person acting under the authority of the commissioner, the national association of insurance commissioners and its affiliates and subsidiaries, regulatory and law enforcement officials of other states and nations, the federal government, and international authorities.

(2) Neither the commissioner nor any person who received documents, materials, or other information while acting under the authority of the commissioner is permitted or required to testify in any private civil action concerning any confidential and privileged documents, materials, or information subject to subsection (1) of this section.

(3) The commissioner:
(a) May share documents, materials, or other information, including the confidential and privileged documents, materials, or information subject to subsection (1) of this section, with (i) the national association of insurance commissioners and its affiliates and subsidiaries, and (ii) regulatory and law enforcement officials of other states and nations, the federal government, and international authorities, if the recipient agrees to maintain the confidentiality and privileged status of the document, material, or other information;

The notified party may seek injunctive relief in any Washington state superior court to prevent disclosure of any documents, materials, or information it believes is confidential or privileged. In civil actions between private parties or in criminal actions, disclosure to the commissioner under this section does not create any privilege or claim of confidentiality or waive any existing privilege or claim of confidentiality.

(a) “Organization” means every insurer, as defined in RCW 48.01.050, having a certificate of authority to do business in this state and every health care service contractor (or a self-funded multiple employer welfare arrangement registered to do business in this state). “Class one” organizations shall consist of all insurers as defined in RCW 48.01.050. “Class two” organizations shall consist of all organizations registered under provisions of chapter 48.44 RCW. “Class three” organizations shall consist of self-funded multiple employer welfare arrangements as defined in RCW 48.125.010.

(b)(i) “Receipts” means (A) net direct premiums consisting of direct gross premiums, as defined in RCW 48.18.170, paid for insurance written or renewed upon risks or property resident, situated, or to be performed in this state, less return premiums and premiums on policies not taken, dividends paid or credited to policyholders on direct business, and premiums received from policies or contracts issued in connection with qualified plans as defined in RCW 48.14.021, and (B) prepayments to health care service contractors as set forth in RCW 48.44.010(3) or participant contributions to self-funded multiple employer welfare arrangements as defined in RCW 48.125.010.

(ii) Participant contributions, under chapter 48.125 RCW, used to determine the receipts in this state under this section shall be determined in the same manner as premiums taxable in this state are determined under RCW 48.14.090.

A pro rata share of the cost shall be charged to all organizations as a regulatory surcharge. Each class of organization shall contribute a sufficient (as defined) amount to the insurance commissioner’s regulatory account to pay the reasonable costs, including overhead, of regulating that class of organization.

(3) The regulatory surcharge shall be calculated separately for each class of organization. (A) The (as amended) regulatory surcharge collected from each organization shall be that portion of the cost of operating the insurance commissioner’s office, for that class of organization, for the ensuing fiscal year that is represented by the organization’s portion of the receipts collected or received by all organizations within that class on business in the state during the preceding calendar year.

(B) However, if the necessary financial records are not available or if the amount of the legislative appropriation is not determined in time to carry out such calculations and bill such (as defined) regulatory surcharge within the time specified, the commissioner may use the (as defined) regulatory surcharge factors for the prior year as the basis for the (as defined) regulatory surcharge and, if necessary, the commissioner may impose supplemental fees to fully and properly charge the organizations. The penalties for failure to pay fees and regulatory surcharges when due shall be the same as the penalties for failure to pay taxes pursuant to RCW 48.14.060. The (as defined) regulatory surcharge required by this section (as defined) in addition to all other taxes and fees now imposed or that may be subsequently imposed.

(5) All moneys collected shall be deposited in the insurance commissioner’s regulatory account in the state treasury which is hereby created.

(6) Unexpended funds in the insurance commissioner’s regulatory account at the close of a fiscal year shall be carried forward in the insurance commissioner’s regulatory account to the succeeding fiscal year and shall be used to reduce future (as defined) regulatory surcharges. During the 2003-2005 fiscal biennium, the legislature may transfer from the insurance commissioner’s regulatory account to the state general fund such amounts as reflect excess fund balance in the account.

(7) (a) Each insurer may annually collect regulatory surcharges remitted in preceding years by means of a policyholder surcharge on premiums charged for all kinds of insurance. The recoupment shall be at a uniform rate reasonably calculated to collect the regulatory surcharge remitted by the insurer.

(b) If an insurer fails to collect the entire amount of the recoupment in the first year under this section, it may repeat the recoupment procedure provided for in this subsection (7) in succeeding years until the regulatory surcharge is fully collected or a de minimis amount remains uncollected. Any such de minimis amount may be collected as provided in (d) of this subsection.

(c) The amount and nature of any recoupment shall be separately stated on either a billing or policy declaration sent to an insured. The amount of the recoupment must not be consumed as a premium for any purpose, including the premium tax or agents’ commissions.

(strong) (d) An insurer may elect not to collect the regulatory surcharge from its insured. In such case, the insurer may recoup the regulatory surcharge through its rates, if the following requirements are met:

(i) The insurer remits the amount of surcharge not collected by election under this subsection; and

(ii) The surcharge is not considered a premium for any purpose, including the premium tax or agents’ commissions. [2007 c 153 § 3; 2004 c 260 § 22; 2003 1st sp.s. c 25 § 923; 2002 c 371 § 913; 1987 c 505 § 54; 1986 c 296 § 7.]

(a) “Organization” means every insurer, as defined in RCW 48.01.050, having a certificate of authority to do business in this state. “Class one” organizations shall consist of all insurers as defined in RCW 48.01.050, “Class two” organizations shall consist of all organizations registered under provisions of chapter 48.44 and 48.46 RCW. “Class three” organizations shall consist of self-funded multiple employer welfare arrangements as defined in RCW 48.125.010.

(b)(i) “Receipts” means (A) net direct premiums consisting of direct gross premiums, as defined in RCW 48.18.170, paid for insurance written or renewed upon risks or property resident, situated, or to be performed in this state, less return premiums and premiums on policies not taken, dividends paid or credited to policyholders on direct business, and premiums received from policies or contracts issued in connection with qualified plans as defined in RCW 48.14.021, and (B) prepayments to health care service contractors as set forth in RCW 48.44.010(3) or participant contributions to self-funded multiple employer welfare arrangements as defined in RCW 48.125.010.

(ii) Participant contributions, under chapter 48.125 RCW, used to determine the receipts in this state under this section shall be determined in the same manner as premiums taxable in this state are determined under RCW 48.14.090.

(c) “Regulatory surcharge” means the fees imposed by this section. (2) The annual cost of operating the office of insurance commissioner shall be determined by legislative appropriation. A pro rata share of the cost shall be charged to all organizations as a regulatory surcharge. Each class of organization shall contribute a sufficient (as defined) amount to the insurance commissioner’s regulatory account to pay the reasonable costs, including overhead, of regulating that class of organization.

(3) The regulatory surcharge shall be calculated separately for each class of organization. (A) The regulatory surcharge collected from each organization shall be that portion of the cost of operating the insurance commissioner’s office, for that class of organization, for the ensuing fiscal year that is represented by the organization’s portion of the receipts collected or received by all organizations within that class on business in the state during the preceding calendar year. The penalties for failure to pay fees and regulatory surcharges when due shall be the same as the penalties for failure to pay taxes pursuant to RCW 48.14.060. The (as defined) regulatory surcharge required by this section (as defined) in addition to all other taxes and fees now imposed or that may be subsequently imposed.

(5) All moneys collected shall be deposited in the insurance commissioner’s regulatory account in the state treasury which is hereby created.

(6) Unexpended funds in the insurance commissioner’s regulatory account at the close of a fiscal year shall be carried forward in the insurance commissioner’s regulatory account to the succeeding fiscal year and shall be used to reduce future (as defined) regulatory surcharges. During the 2003-2005 fiscal biennium, the legislature may transfer from the insurance commissioner’s regulatory account to the state general fund such amounts as reflect excess fund balance in the account.

(7) (a) Each insurer may annually collect regulatory surcharges remitted in preceding years by means of a policyholder surcharge on premiums charged for all kinds of insurance. The recoupment shall be at a uniform rate reasonably calculated to collect the regulatory surcharge remitted by the insurer.

(b) If an insurer fails to collect the entire amount of the recoupment in the first year under this section, it may repeat the recoupment procedure provided for in this subsection (7) in succeeding years until the regulatory surcharge is fully collected or a de minimis amount remains uncollected. Any such de minimis amount may be collected as provided in (d) of this subsection.

(c) The amount and nature of any recoupment shall be separately stated on either a billing or policy declaration sent to an insured. The amount of the recoupment must not be consumed as a premium for any purpose, including the premium tax or agents’ commissions.

(strong) (d) An insurer may elect not to collect the regulatory surcharge from its insured. In such case, the insurer may recoup the regulatory surcharge through its rates, if the following requirements are met:

48.17.005 Rule making. (Effective July 1, 2009.) The commissioner may adopt rules to implement and administer this chapter. [2007 c 117 § 35.]

48.17.010 Definitions. (Effective July 1, 2009.) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adjuster" means any person who, for compensation as an independent contractor or as an employee of an independent contractor, or for fee or commission, investigates or reports to the adjuster’s principal relative to claims arising under insurance contracts, on behalf solely of either the insurer or the insured. An attorney-at-law who adjusts insurance losses from time to time incidental to the practice of his or her profession, or an adjuster of marine losses, or a salaried employee of an insurer or of a managing general agent, is not deemed to be an "adjuster" for the purpose of this chapter.

(a) "Independent adjuster" means an adjuster representing the interests of the insurer.

(b) "Public adjuster" means an adjuster employed by and representing solely the financial interests of the insured named in the policy.

(2) "Business entity" means a corporation, association, partnership, limited liability company, limited liability partnership, or other legal entity.

(3) "Home state" means the District of Columbia and any state or territory of the United States or province of Canada in which an insurance producer maintains the insurance producer’s principal place of residence or principal place of business, and is licensed to act as an insurance producer.

(4) "Insurance education provider" means any insurer, health care service contractor, health maintenance organization, professional association, educational institution created by Washington statutes, or vocational school licensed under Title 28C RCW, or independent contractor to which the commissioner has granted authority to conduct and certify completion of a course satisfying the insurance education requirements of RCW 48.17.150.

(5) "Insurance producer" means a person required to be licensed under the laws of this state to sell, solicit, or negotiate insurance. "Insurance producer" does not include title insurance agent as defined in subsection (15) of this section.

(6) "Insurer" has the same meaning as in RCW 48.01.050, and includes a health care service contractor as defined in RCW 48.44.010 and a health maintenance organization as defined in RCW 48.46.020.

(7) "License" means a document issued by the commissioner authorizing a person to act as an insurance producer or title insurance agent for the lines of authority specified in the document. The license itself does not create any authority, actual, apparent, or inherent, in the holder to represent or commit to an insurer.

(8) "Limited line credit insurance" includes credit life, credit disability, credit property, credit unemployment, involuntary unemployment, mortgage guaranty, mortgage disability, automobile dealer gap insurance, and any other form of insurance offered in connection with an extension of credit that is limited to partially or wholly extinguishing the credit obligation that the commissioner determines should be designated a form of limited line credit insurance.

(9) "NAIC" means national association of insurance commissioners.

(10) "Negotiate" means the act of conferring directly with, or offering advice directly to, a purchaser or prospective purchaser of a particular contract of insurance concerning any of the substantive benefits, terms, or conditions of the contract, provided that the person engaged in that act either sells insurance or obtains insurance from insurers for purchasers.

(11) "Person" means an individual or a business entity.

(12) "Sell" means to exchange a contract of insurance by any means, for money or its equivalent, on behalf of an insurer.

(13) "Solicit" means attempting to sell insurance or asking or urging a person to apply for a particular kind of insurance from a particular insurer.

(14) "Terminate" means the cancellation of the relationship between an insurance producer and the insurer or the termination of an insurance producer’s authority to transact insurance.

(15) "Title insurance agent" means a business entity licensed under the laws of this state and appointed by an authorized title insurance company to sell, solicit, or negotiate insurance on behalf of the title insurance company.

(16) "Uniform business entity application" means the current version of the NAIC uniform application for business entity insurance license or registration for resident and non-resident business entities.

(17) "Uniform application" means the current version of the NAIC uniform application for individual insurance pro-
producers for resident and nonresident insurance producer licensing. [2007 c 117 § 1; 1985 c 264 § 7; 1981 c 339 § 9; 1947 c 79 § .17.01; Rem. Supp. 1947 § 45.17.01.]

48.17.062 Insurance producer license not required under chapter 117, Laws of 2007. (Effective July 1, 2009.)

(1) Nothing in chapter 117, Laws of 2007 shall be construed to require an insurer to obtain an insurance producer license. In this section, the term "insurer" does not include an insurer’s officers, directors, employees, subsidiaries, or affiliates.

(2) A license as an insurance producer is not required of the following:

(a) An officer, director, or employee of an insurer or of an insurance producer, provided that the officer, director, or employee does not receive any commission on policies written or sold to insure risks residing, located, or to be performed in this state, and:

(i) The officer, director, or employee’s activities are executive, administrative, managerial, clerical, or a combination of these, and are only indirectly related to the sale, solicitation, or negotiation of insurance; or

(ii) The officer, director, or employee’s function relates to underwriting, loss control, inspection, or the processing, adjusting, investigating, or settling of a claim on a contract of insurance; or

(iii) The officer, director, or employee is acting in the capacity of a special agent or agency supervisor assisting insurance producers where the person’s activities are limited to providing technical advice and assistance to licensed insurance producers, and do not include the sale, solicitation, or negotiation of insurance;

(b) A person who secures and furnishes information for the purpose of group life insurance, group property and casualty insurance, group annuities, group or blanket accident and disability insurance; or for the purpose of enrolling individuals under plans; or issuing certificates under plans or otherwise assisting in administering plans; or performs administrative services related to mass marketed property and casualty insurance; where no commission is paid to the person for the service;

(c) An employer or association or its officers, directors, employees, or the trustees of an employee trust plan, to the extent that the employers, officers, employees, director, or trustees are engaged in the administration or operation of a program of employee benefits for the employer’s or association’s own employees or the employees of its subsidiaries or affiliates, which program involves the use of insurance issued by an insurer, as long as the employers, associations, officers, directors, employees, or trustees are not in any manner compensated, directly or indirectly, by the company issuing the contracts;

(d) Employees of insurers or organizations employed by insurers who are engaging in the inspection, rating, or classification of risks, or in the supervision of the training of insurance producers, and who are not individually engaged in the sale, solicitation, or negotiation of insurance;

(e) A person whose activities in this state are limited to advertising without the intent to solicit insurance in this state through communication in printed publications or other forms of electronic mass media whose distribution is not limited to residents of the state, provided that the person does not sell, solicit, or negotiate insurance that would insure risks residing, located, or to be performed in this state;

(f) A person who is not a resident of this state who sells, solicits, or negotiates a contract of insurance for commercial property and casualty risks to an insured with risks located in more than one state insured under that contract, provided that the person is otherwise licensed as an insurance producer to sell, solicit, or negotiate the insurance in the state where the insured maintains its principal place of business and the contract of insurance insures risks located in that state;

(g) A salaried full-time employee who counsels or advises his or her employer relative to the insurance interests of the employer or of the subsidiaries or business affiliates of the employer, provided that the employee does not sell or solicit insurance or receive a commission; or

(h) Any person securing and forwarding information required for the purposes of group credit life and credit disability insurance or credit casualty insurance against loss or damage resulting from failure of debtors to pay their obligations in connection with an extension of credit and such other credit life and disability insurance or credit casualty insurance against loss or damage resulting from failure of debtors to pay their obligations as the commissioner shall determine, and where no commission or other compensation is payable on account of the securing and forwarding of such information. However, the reimbursement of a creditor’s actual expenses for securing and forwarding information required for the purposes of such group insurance will not be consid-
ered a commission or other compensation if such reimburse-
ment does not exceed three dollars per certificate issued, or in
the case of a monthly premium plan extending beyond twelve
months, not to exceed three dollars per loan transaction revi-
sion per year. [2007 c 117 § 3.]

48.17.063 Unlicensed activities—Acts committed in
this state—Sanctions. (Effective July 1, 2009.) (1) For the
purpose of this section, an act is committed in this state if it is

addition to, and not in lieu of, any other civil or administrative
penalty or sanction otherwise authorized under state law.

attorney general may bring a civil action on behalf of the
commissioner to recover the unpaid penalty. Any amounts

(1) A resident individual applying for an insurance producer or adjuster license shall pass a written examination unless exempt under this section or RCW 48.17.175. The examination shall test the knowledge of the individual concerning the lines of authority for which application is made, the duties and responsibilities of an insurance producer or adjuster, and the insurance laws and rules of this state. Examinations required by this section shall be developed and conducted under the rules prescribed by the commissioner. The commissioner shall prepare, or approve, and make available a manual specifying in general terms the subjects which may be covered in any examination for a particular license.

### 48.17.170 Insurance producers’, title insurance agents’, and adjusters’ licenses—Authorized lines of authority—Definitions—Form and content of licenses. (Effective July 1, 2009.)

(1) Unless denied licensure under RCW 48.17.530, persons who have met the requirements of RCW 48.17.090 and 48.17.110 shall be issued an insurance producer license. An insurance producer may receive a license in one or more of the following lines of authority:

   (a) "Life," which is insurance coverage on human lives, including benefits of endowment and annuities, and may include benefits in the event of death or dismemberment by accident and benefits for disability income;

   (b) "Disability," which is insurance coverage for accident, health, and disability or sickness, bodily injury, or accidental death, and may include benefits for disability income;

   (c) "Property," which is insurance coverage for the direct or consequential loss or damage to property of every kind;

   (d) "Casualty," which is insurance coverage against legal liability, including that for death, injury, or disability or damage to real or personal property;

   (e) "Variable life and variable annuity products," which is insurance coverage provided under variable life insurance contracts, variable annuities, or any other life insurance or annuity product that reflects the investment experience of a separate account;

   (f) "Personal lines," which is property and casualty insurance coverage sold to individuals and families for primarily noncommercial purposes;

   (g) Limited lines:

      (i) Surety;

      (ii) Limited line credit insurance;

      (iii) Travel;

   (h) Specialty lines:

      (i) Communications equipment or services;

      (ii) Rental car; or

(1) Any other line of insurance permitted under state laws or rules.

(2) Unless denied licensure under RCW 48.17.530, persons who have met the requirements of RCW 48.17.090(4) shall be issued a title insurance agent license.

(3) All insurance producers’, title insurance agents’, and adjusters’ licenses issued by the commissioner shall be valid for the time period established by the commissioner unless suspended or revoked at an earlier date.

(4) Subject to the right of the commissioner to suspend, revoke, or refuse to renew any insurance producer’s, title insurance agent’s, or adjuster’s license as provided in this title, the license may be renewed into another like period by filing with the commissioner by any means acceptable to the commissioner on or before the expiration date a request, by or on behalf of the licensee, for such renewal accompanied by payment of the renewal fee as specified in RCW 48.14.010.

(5) If the request and fee for renewal of an insurance producer’s, title insurance agent’s, or adjuster’s license is filed with the commissioner prior to expiration of the existing license, the licensee may continue to act under such license, unless sooner revoked or suspended, until the issuance of a renewal license, or until the expiration of fifteen days after the commissioner has refused to renew the license and has mailed order of such refusal to the licensee. Any request for renewal not so filed until after date of expiration may be considered by the commissioner as an application for a new license.

(6) For all licenses, if request for renewal of an insurance producer’s, title insurance agent’s, or adjuster’s license or payment of the fee is not received by the commissioner prior to the expiration date as required under subsection (4) of this section, the insurer or applicant for renewal shall pay to the commissioner and the commissioner shall collect, in addition to the regular fee, a surcharge as follows: For the first thirty days or part thereof of delinquency the surcharge is fifty percent of the fee; for all delinquencies extending more than thirty days, the surcharge is one hundred percent of the fee. A surcharge of two hundred percent of the renewal fee is required for any delinquency extending more than sixty days after the expiration date. This subsection shall not exempt any person from any penalty provided by law for transacting business without a valid and subsisting license or appointment, or affect the commissioner’s right, at his or her discretion, to consider such delinquent application as one for a new license or appointment.

(7) An individual insurance producer, title insurance agent, or adjuster who allows his or her license to lapse may, within twelve months after the expiration date, reinstate the same license without the necessity of passing a written examination.

(8) A licensed insurance producer who is unable to comply with license renewal procedures due to military service or some other extenuating circumstance such as a long-term medical disability, may request a waiver of those procedures. The producer may also request a waiver of any examination requirement or any other fine or sanction imposed for failure to comply with renewal procedures.

(9) The license shall contain the licensee’s name, address, personal identification number, and the date of issu-
(10) Licensees shall inform the commissioner by any means acceptable to the commissioner of a change of address within thirty days of the change. Failure to timely inform the commissioner of a change in legal name or address may result in a penalty under either RCW 48.17.530 or 48.17.560, or both. [2007 c 117 § 12; 1979 ex.s. c 269 § 3; 1947 c 79 § .17; Rem. Supp. 1947 § 45.17.17.]

48.17.173 Nonresident license request—Conditions for approval—Service of legal process. (Effective July 1, 2009.) (1) Unless denied licensure under RCW 48.17.530, a nonresident person shall receive a nonresident producer license for the line or lines of authority under RCW 48.17.170 which is substantially equivalent to the line or lines of authority granted to the nonresident person in the person’s home state if:

(a) The person is currently licensed as a resident and in good standing in the person’s home state;

(b) The person has submitted the proper request for licensure and has paid the fees required by RCW 48.14.010;

(c) The person has submitted or transmitted to the commissioner the application for licensure that the person submitted to the person’s home state, or in lieu, a completed uniform application;

(d) The person’s home state awards nonresident producer licenses to residents of this state on the same basis; and

(e) The person, as part of the request for licensure, has furnished information concerning the person’s identity, including fingerprints for submission to the Washington state patrol, the federal bureau of investigation, and any governmental agency or entity authorized to receive this information for a state and national criminal history background check. If, in the process of verifying fingerprints, business records, or other information, the commissioner’s office incurs fees or charges from another governmental agency or a business firm, the amount of the fees or charges shall be paid to the commissioner’s office by the applicant.

(2) The commissioner shall waive any license application requirements for a nonresident license applicant with a valid license from the applicant’s home state, except the requirements imposed by this section, if the applicant’s home state awards nonresident licenses to residents of this state on the same basis.

(3) A nonresident producer’s satisfaction of the nonresident insurance producer’s home state’s continuing education requirements for licensed insurance producers shall constitute satisfaction of this state’s continuing education requirements if the nonresident producer’s home state recognizes the satisfaction of its continuing education requirements imposed upon producers from this state on the same basis.

(4) The commissioner shall waive the requirement for providing fingerprints for submission to the Washington state patrol, the federal bureau of investigation, and any governmental agency or entity authorized to receive this information for a state and national criminal history background check, if the person possesses a valid insurance producer’s or surplus line broker’s license from the person’s home state and the person’s home state requires submission of information concerning a person’s identity, including fingerprints for the licensure of its resident insurance producers or surplus line brokers, respectively.

(5) The commissioner may verify the producer’s licensing status through the producer database maintained by the NAIC, its affiliates, or subsidiaries.

(6) A nonresident producer who moves from one state to another state or a resident producer who moves from this state to another state shall file a change of address and provide certification from the new resident state within thirty days of the change of legal residence. No fee or license application is required.

(7) A person licensed as a surplus lines producer in the person’s home state and complying with the requirements of subsection (1) of this section shall receive a nonresident surplus lines producer license under subsection (1) of this section.

(8) A person licensed as a limited line credit insurance or other type of limited lines producer in the person’s home state and who complies with the requirements of subsection (1) of this section shall receive a nonresident limited lines producer license, under subsection (1) of this section, granting the same scope of authority as granted under the license issued by the producer’s home state. For the purpose of this subsection, limited line insurance is any authority granted by the home state which restricts the authority of the license to the lines set out in RCW 48.17.170(l)(g).

(9) Each licensed nonresident insurance producer or title insurance agent shall appoint the commissioner as the insurance producer’s or title insurance agent’s attorney to receive service of legal process issued against the insurance producer or title insurance agent in this state upon causes of action arising within this state. Service upon the commissioner as attorney shall constitute effective legal service upon the insurance producer or title insurance agent.

(a) The appointment shall be irrevocable for as long as there could be any cause of action against the insurance producer or title insurance agent arising out of the insurance producer’s or title insurance agent’s insurance transactions in this state.

(b) Duplicate copies of such legal process against such insurance producer or title insurance agent shall be served upon the commissioner either by a person competent to serve a summons, or through registered mail. At the time of such service the plaintiff shall pay to the commissioner ten dollars, taxable as costs in the action.

(c) Upon receiving such service, the commissioner shall forthwith send one of the copies of the process, by registered mail with return receipt requested, to the defendant insurance producer or title insurance agent at the insurance producer’s or title insurance agent’s last address of record with the commissioner.

(d) The commissioner shall keep a record of the day and hour of service upon the commissioner of all such legal process. No proceedings shall be had against the defendant insurance producer or title insurance agent, and the defendant shall not be required to appear, plead, or answer until the expiration of forty days after the date of service upon the commissioner. [2007 c 117 § 13.]
48.17.175 In-state applicant has license in another state. (Effective July 1, 2009.) (1) An individual who applies for an insurance producer license in this state who was previously licensed for the same lines of authority in another state shall not be required to complete any prelicensing education or examination. This exemption is only available if the person is currently licensed in that state or if the application is received within ninety days of the cancellation of the applicant’s previous license, and if the prior state issues a certification that, at the time of cancellation, the applicant was in good standing in that state or the state’s producer database records, maintained by the NAIC, its affiliates, or subsidiaries, indicate that the producer is or was licensed in good standing for the line of authority requested.

(2) A person licensed as an insurance producer in another state who moves to this state shall make application within ninety days of establishing legal residence to become a resident licensee under RCW 48.17.090. No prelicensing education or examination shall be required of that person to obtain any line of authority previously held in the prior state except where the commissioner determines otherwise by rule. [2007 c 117 § 14.]

(1) Every insurance producer licensed under this chapter on or after July 1, 2009, who places insurance either directly or indirectly with an insurer with which the insurance producer is not appointed as an agent must maintain in force while so licensed a bond in favor of the people of the state of Washington or a named insured such that the people of Washington are covered by the bond, executed by an authorized corporate surety approved by the commissioner, in the amount of two thousand five hundred dollars, or five percent of the premiums brokered in the previous calendar year, whichever is greater, but not to exceed one hundred thousand dollars total aggregate liability. The bond may be continuous in form, and total aggregate liability on the bond may be limited to the required amount of the bond. The bond shall be contingent on the accounting by the insurance producer to any person requesting the insurance producer to obtain insurance, for moneys or premiums collected in connection therewith.

Insurance producers may meet the requirements of this section with a bond in the name of an association. The association must have been in existence for five years, have common membership, and have been formed for a purpose other than obtaining a bond. An individual insurance producer remains responsible for assuring that a bond is in effect and is for the correct amount.

(3) The surety may cancel the bond and be released from further liability thereunder upon thirty days’ written notice in advance to the principal. The cancellation does not affect any liability incurred or accrued under the bond before the termination of the thirty-day period.

(4) The insurance producer’s license may be revoked if the insurance producer acts without a bond that is required under this section.

(5) If a party injured under the terms of the bond requests the insurance producer to provide the name of the surety and the bond number, the insurance producer must provide the information within three working days after receiving the request.

(6) An association may meet the requirements of this section for all of its members with a bond in the name of the association that is continuous in form and in the amounts set forth in subsection (1) of this section.

(i) May receive additional commission in the form of future incentive compensation from the insurer, including contingent commissions and other awards and bonuses based on factors that typically include the total sales volume, growth, profitability, and retention of business placed by the insurance producer with the insurer, and incentive compensation is only paid if the performance criteria established in the agency-insurer agreement is met by the insurance producer or the business entity with which the insurance producer is affiliated; and

(ii) Will furnish to the insured or prospective insured specific information relating to additional commission upon request; and

(e) The full name of the insurer that may pay any commission to the insurance producer.

(4) Written disclosure of compensation as required by subsection (3) of this section shall be provided by the insurance producer to the insured prior to the sale of the policy.

(5) Written disclosure as required by subsection (3) of this section must be signed by the insurance producer for five years. For the purposes of this section, written disclosure means the insured’s written consent obtained prior to the insured’s purchase of insurance. (4) An insurer, except a title insurer, or insurance producer may pay or assign commissions, service fees, or other valuable consideration to an insurance agency, or to persons who do not sell, solicit, or negotiate insurance in this state, unless the payment would violate RCW 48.30.140, 48.30.150, 48.30.155, 48.30.157, or 48.30.170. (a) To the surviving spouse or court-appointed personal representative of a licensed insurance producer who dies or becomes mentally or physically disabled to allow adequate time for the sale of the insurance business owned by the insurance producer or for the recovery or return of the insurance producer to the business, or to provide for the training and licensing of new personnel to operate the insurance producer’s business;

(b) To a member or employee of a business entity licensed as an insurance producer, upon the death or disability of an individual designated in the business entity application or the license;

(c) To the designee of a licensed insurance producer entering active service in the armed forces of the United States; or

(d) In any other circumstance where the commissioner deems that the public interest will best be served by the issuance of this license.

(2) The commissioner may, by order, limit the authority of any temporary licensee in any way deemed necessary to protect insureds and the public. The commissioner may require the temporary licensee to have a suitable sponsor who is a licensed insurance producer or insurer and who assumes responsibility for all acts of the temporary licensee, and may impose other similar requirements designed to protect insureds and the public. The commissioner may, by order, revoke a temporary license if the interest of insureds or the public are endangered. A temporary license may not continue after the owner or the personal representatives dispose of the business. [2007 c 117 § 28; 1982 c 181 § 7; 1955 c 303 § 15; 1953 c 197 § 8; 1947 c 79 § .17.51; Rem. Supp. 1947 § 45.17.51.]

(f) Having been convicted of a felony;

(g) Having admitted or been found to have committed any insurance unfair trade practice or fraud;

(h) Using fraudulent, coercive, or dishonest practices, or demonstrating incompetence, untrustworthiness, or financial irresponsibility in this state or elsewhere;

(i) Having an insurance producer license, or its equivalent, denied, suspended, or revoked in any other state, province, district, or territory;

(j) Forging another’s name to an application for insurance or to any document related to an insurance transaction;

(k) Improperly using notes or any other reference material to complete an examination for an insurance license;

(l) Knowingly accepting insurance business from a person who is required to be licensed under this title and is not so licensed, other than orders for issuance of title insurance on property located in this state placed by a nonresident title insurance agent authorized to act as a title insurance agent in the title insurance agent’s home state; or

(m) Obtaining a loan from an insurance client that is not a financial institution and who is not related to the insurance producer by birth, marriage, or adoption, except the commissioner may, by rule, define and permit reasonable arrangements.

[2007 RCW Supp—page 653]
(2) The license of a business entity may be suspended, revoked, or refused if the commissioner finds that an individual licensee’s violation was known or should have been known by one or more of the partners, officers, or managers acting on behalf of the partnership or corporation, and the violation was neither reported to the commissioner nor corrective action taken.

(3) The commissioner shall retain the authority to enforce the provisions of and impose any penalty or remedy authorized by this chapter and this title against any person who is under investigation for or charged with a violation of this chapter or this title, even if the person’s license or registration has been surrendered or has lapsed by operation of law.

(4) The holder of any license which has been revoked or suspended shall surrender the license certificate to the commissioner at the commissioner’s request.

(5) The commissioner may probate a suspension or revocation of a license under reasonable terms determined by the commissioner. In addition, the commissioner may require a licensee who is placed on probation to:

(a) Report regularly to the commissioner on matters that are the basis of the probation;

(b) Limit practice to an area prescribed by the commissioner; or

(c) Continue or renew continuing education until the licensee attains a degree of skill satisfactory to the commissioner in the area that is the basis of the probation.

(6) At any time during a probation term where the licensee has violated the probation order, the commissioner may:

(a) rescind the probation and enforce the commissioner’s original order; and

Effective date—1989 c 323: See note following RCW 48.17.055.

48.17.591 Termination of agency contract—Effect on insured—Definition—Application of section. (Effective July 1, 2009.) (1) No insurer authorized to do business in this state may cancel or refuse to renew any policy because that insurer’s contract with the independent insurance producer through whom such policy is written has been terminated by the insurer, the insurance producer, or by mutual agreement.

(2) If an insurer intends to terminate a written agency contract with an independent insurance producer, the insurer shall give the insurance producer not less than one hundred twenty days’ advance written notice of the intent, unless the reason for termination is one of the reasons set forth in RCW 48.17.530. During the notice period the insurer shall not amend the existing contract without the consent of the insurance producer.

(a) Unless the agency contract provides otherwise, during the one hundred twenty day notice period the independent insurance producer shall not write or bind any new business on behalf of the terminating insurer without specific written approval. However, routine adjustments by insures are permitted. The terminating insurer shall permit renewal of all its policies in the insurance producer’s book of business for a period of one year following the effective date of the termination, to the extent the policies meet the insurer’s underwriting standards and the insurer has no other reason for nonrenewal. The rate of commission for any policies renewed under this provision shall be the same as the insurance producer would have received had the agency agreement not been terminated.

(b) An independent insurance producer whose agency contract has been terminated shall have a reasonable opportunity to transfer affected policies to other insurers with which the insurance producer has an appointment: PROVIDED, HOWEVER, That prior to the conclusion of the one-year renewal period following the effective date of the termination, an insurer without a reason for not renewing an insured’s policy and which has not received notification of the placement of such policy with another insurer shall provide its insured with appropriate written notice of an offer to continue the policy. In such cases, except where the terminated insurance producer has placed the policy with another agent of the insurer, the insurer shall, where practical, assign the policy to an appointed insurance producer located reasonably near the insured willing to accept the assignment.

(c) An insurer is not required to continue the appointment of a terminated independent insurance producer during or after the one year renewal period. However, an insurance producer whose contract has been terminated by the insurer remains an agent of the terminating insurer as to actions associated with the policies subject to this section just as if the insurance producer were appointed by the insurer as its agent.

(3) In the absence of receipt of notice from the insured that coverage will not be continued with the existing insurer, an insurer whose agency contract has been terminated by an independent insurance producer, or by the mutual agreement of the insurer and the insurance producer, that elects to renew

[2007 RCW Supp—page 654]
or lacks a reason not to renew, shall give the renewal notice required by chapter 48.18 RCW to affected insureds, and continue renewed coverage in accordance with the methods specified in subsection (2)(b) of this section. Insurance producers affected by this subsection may provide the notice to an insurer that an insured does not intend to continue existing coverage with the insurer, after receiving written authority to do so from an insured.

(4) For purposes of this section an "independent insurance producer" is a licensed insurance producer representing an insurer on an independent contractor basis and not as an employee. This term includes only those insurance producers not obligated by contract to place insurance accounts with a particular insurer or group of insurers.

(5) This section does not apply to:

(a) Insurance producers or policies of an insurer or group of insurers if the business is not owned by the insurance producer and the termination of any such contractual agreement does not result in the cancellation or nonrenewal of any policies of insurance;

(b) Managing general agents, to the extent that they are acting in that capacity;

(c) Life, disability, surety, ocean marine and foreign trade, and title insurance policies;

(d) Situations where the termination of the agency contract results from the insolvency or liquidation of the terminating insurer.

(6) No insurer may terminate its agency contract with an appointed insurance producer unless it complies with this section.

(7) Nothing contained in this section excuses an insurer from giving cancellation and renewal notices that may be required by chapter 48.18 RCW. [2007 c 117 § 31; 1990 c 121 § 1. Formerly RCW 48.18.285.]

48.17.595 Termination of business relationship with an insurance producer or title insurance agent—Notice—Confidentiality of information—Immunity from civil liability. (Effective July 1, 2009.) (1) An insurer or authorized representative of the insurer that terminates the appointment, employment, contract, or other insurance business relationship with an insurance producer or title insurance agent shall notify the commissioner within thirty days following the effective date of the termination, using a format prescribed by the commissioner, if the reason for termination is one of the reasons set forth in RCW 48.17.530 or the insurer has knowledge the insurance producer or title insurance agent was found by a court, government body, or self-regulatory organization authorized by law to have engaged in any of the activities in RCW 48.17.530. Upon the written request of the commissioner, the insurer shall provide additional information, documents, records, or other data pertaining to the termination or activity of the insurance producer or title insurance agent.

(2) An insurer or authorized representative of the insurer that terminates the appointment, employment, or contract with an insurance producer or title insurance agent for any reason not set forth in RCW 48.17.530, shall notify the commissioner within thirty days following the effective date of the termination, using a format prescribed by the commissioner. Upon written request of the commissioner, the insurer shall provide additional information, documents, records, or other data pertaining to the termination.

(3) The insurer or the authorized representative of the insurer shall promptly notify the commissioner in a format acceptable to the commissioner if, upon further review or investigation, the insurer discovers additional information that would have been reportable to the commissioner in accordance with subsection (1) of this section had the insurer then known of its existence.

(4) A copy of the notification to the commissioner shall be provided to the insurance producer or title insurance agent.

(a) Within fifteen days after making the notification required by subsections (1), (2), and (3) of this section, the insurer shall mail a copy of the notification to the insurance producer or title insurance agent at the insurance producer’s or title insurance agent’s last known address. If the insurance producer or title insurance agent is terminated for cause for any of the reasons listed in RCW 48.17.530, the insurer shall provide a copy of the notification to the insurance producer or title insurance agent at the insurance producer’s or title insurance agent’s last known address by certified mail, return receipt requested, postage prepaid, or by overnight delivery using a nationally recognized carrier.

(b) Within thirty days after the insurance producer or title insurance agent has received the original or additional notification, the insurance producer or title insurance agent may file written comments concerning the substance of the notification with the commissioner. The insurance producer or title insurance agent shall, by the same means, simultaneously send a copy of the comments to the reporting insurer, and the comments shall become a part of the commissioner’s file and accompany every copy of a report distributed or disclosed for any reason about the insurance producer or title insurance agent as permitted under subsection (6) of this section.

(5) Immunities shall apply as follows:

(a) In the absence of actual malice, an insurer, the authorized representative of the insurer, an insurance producer, title insurance agent, the commissioner, or an organization of which the commissioner is a member and that compiles the information and makes it available to other insurance commissioners or regulatory or law enforcement agencies shall not be subject to civil liability, and a civil cause of action of any nature shall not arise against these entities or their respective agents or employees, as a result of any statement or information required by or provided under this section, or any information relating to any statement that may be requested in writing by the commissioner, from an insurer, insurance producer, or title insurance agent; or a statement by a terminating insurer, insurance producer, or title insurance agent to an insurer, insurance producer, or title insurance agent limited solely and exclusively to whether a termination for cause under subsection (1) of this section was reported to the commissioner, provided that the propriety of any termination for cause under subsection (1) of this section is certified in writing by an officer or authorized representative of the insurer, insurance producer, or title insurance agent terminating the relationship.

(b) In any action brought against a person that may have immunity under (a) of this subsection for making any statement required by this section or providing any information
relating to any statement that may be requested by the commissioner, the party bringing the action shall plead specifically in any allegation that (a) of this subsection does not apply because the person making the statement or providing the information did so with actual malice.

(c) Subsection (5)(a) or (b) of this section shall not abrogate or modify any existing statutory or common law privileges or immunities.

(6) Information provided under this section is confidential.

(a) Any documents, materials, or other information in the control or possession of the commissioner that is furnished by an insurer, insurance producer, title insurance agent, or an employee or agent thereof acting on behalf of the insurer, insurance producer, or title insurance agent, or obtained by the commissioner in an investigation pursuant to this section shall be confidential by law and privileged, shall not be subject to disclosure under chapter 42.56 RCW, shall not be subject to subpoena, and shall not be subject to discovery or admissible in evidence in any private civil action. However, the commissioner is authorized to use the documents, materials, or other information in the furtherance of any regulatory or legal action brought as a part of the commissioner’s duties.

(b) Neither the commissioner nor any person who received documents, materials, or other information while acting under the authority of the commissioner shall be permitted or required to testify in any private civil action concerning any confidential or privileged documents, materials, or information subject to (a) of this subsection.

(c) In order to assist in the performance of the commissioner’s duties under chapter 117, Laws of 2007 and in accordance with RCW 48.02.065, the commissioner:

(i) May share documents, materials, or other information, including the confidential and privileged documents, materials, or information subject to (a) of this subsection, with other state, federal, and international regulatory agencies, with the NAIC, its affiliates, or subsidiaries, and with state, federal, and international law enforcement authorities, provided that the recipient agrees to maintain the confidentiality and privileged status of the document, material, or other information;

(ii) May receive documents, materials, or information, including otherwise confidential and privileged documents, materials, or information, from the NAIC, its affiliates, or subsidiaries, and from regulatory and law enforcement officials of other foreign or domestic jurisdictions, and shall maintain as confidential or privileged any document, material, or information received with notice or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the document, material, or information; and

(iii) May enter into agreements governing sharing and use of information consistent with this subsection.

(d) No waiver of any applicable privilege or claim of confidentiality in the documents, materials, or information shall occur as a result of disclosure to the commissioner under this section or as a result of sharing as authorized in subsection (5)(c) of this section.

(e) Nothing in this chapter shall prohibit the commissioner from releasing final, adjudicated actions including for cause terminations that are open to public inspection pursuant to chapter 42.56 RCW to a database or other clearinghouse service maintained by the NAIC, its affiliates, or subsidiaries.

(7) An insurer, the authorized representative of the insurer, insurance producer, or title insurance agent that fails to report as required under the provisions of this section or that is found to have reported with actual malice by a court of competent jurisdiction may, after notice and hearing, have its license or certificate of authority suspended or revoked, and may be fined in accordance with this title. [2007 c 117 § 32.]

This report shall include a copy of the order, consent to order, or other relevant legal documents.

(2) Within thirty days of the initial pretrial hearing date, an insurance producer, title insurance agent, or adjuster shall report to the commissioner any criminal prosecution of the insurance producer, title insurance agent, or adjuster taken in any jurisdiction. The report shall include a copy of the initial complaint filed, the order resulting from the hearing, and any other relevant legal documents. [2007 c 117 § 34.]

(1) All funds representing premiums or return premiums received by an insurance producer or title insurance agent in the insurance producer’s or title insurance agent’s fiduciary capacity shall be accounted for and maintained in a separate account from all other business and personal funds.

(2) An insurance producer or title insurance agent shall not commingle or otherwise combine premiums with any other moneys, except as provided in subsection (3) of this section.

(3) An insurance producer or title insurance agent may commingle with premium funds any additional funds as the insurance producer or title insurance agent may deem prudent for the purpose of advancing premiums, establishing reserves for the paying of return premiums, or for any contingencies as may arise in the insurance producer’s or title insurance agent’s business of receiving and transmitting premium or return premium funds.

(4) Each willful violation of this section shall constitute a misdemeanor. [2007 c 117 § 33; 1988 c 248 § 15; 1986 c 69 § 1.]

48.20.550 Fixed payment insurance—Standard disclosure form. The commissioner shall adopt rules setting forth the content of a standard disclosure form to be provided to all applicants for individual, illness-triggered fixed payment insurance, hospital confinement fixed payment insurance, or other fixed payment insurance. The standard disclosure shall provide information regarding the level, type, and amount of benefits provided and the limitations, exclusions, and exceptions under the policy, as well as additional information to enhance consumer understanding. The disclosure shall specifically disclose that the coverage is not comprehensive in nature and will not cover the cost of most hospital and other medical services. The benefits may not be related to, or be a percentage of, the amount charged by the provider of service and must be offered as an independent and noncoordinated benefit with any other health plan as defined in RCW 48.43.005(19). 48.20.580 Mental health services—Definition—Coverage required, when. (Effective January 1, 2008.) (2) Each disability insurance contract delivered, issued for delivery, or renewed on or after January 1, 2008, providing coverage for medical and surgical services shall provide coverage for:

(a) Mental health services. The copayment or coinsurance for mental health services may be no more than the copayment or coinsurance for medical and surgical services otherwise provided under the disability insurance contract. Wellness and preventive services that are provided or reimbursed at a lesser copayment, coinsurance, or other cost sharing than other medical and surgical services are excluded from this comparison. If the disability insurance contract imposes a maximum out-of-pocket limit or stop loss, it shall be a single limit or stop loss for medical, surgical, and mental health services; and

(b) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the disability insurance contract.

(3) Each disability insurance contract delivered, issued for delivery, or renewed on or after July 1, 2010, providing coverage for medical and surgical services shall provide coverage for:

Wellness and preventive services that are provided or reimbursed at a lesser copayment, coinsurance, or other cost sharing than other medical and surgical services are excluded from this comparison. If the disability insurance contract imposes a maximum out-of-pocket limit or stop loss, it shall be a single limit or stop loss for medical, surgical, and mental health services. If the disability insurance contract imposes any deductible, mental health services shall be included with medical and surgical services for the purpose of meeting the deductible requirement. Treatment limitations or any other financial requirements on coverage for mental health services are only allowed if the same limitations or requirements are imposed on coverage for medical and surgical services; and

(b) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the disability insurance contract. (4) In meeting the requirements of this section, disability insurance contracts may not reduce the number of mental health outpatient visits or mental health inpatient days below the level in effect on July 1, 2002.

48.21.045 Health plan benefits for small employers—Coverage—Exemption from statutory requirements—Premium rates—Requirements for providing coverage for small employers—Definitions. (1)(a) An insurer offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude an insurer from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. An insurer offering a health benefit plan under this subsection shall clearly disclose all covered benefits to the small employer in a brochure filed with the commissioner.

(2) Nothing in this section shall prohibit an insurer from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered

[2007 RCW Supp—page 658]
under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The insurer shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:
(i) Geographic area;
(ii) Family size;
(iii) Age; and
(iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 1998, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:
(i) Changes to the enrollment of the small employer;
(ii) Changes to the family composition of the employee;
(iii) Changes to the health benefit plan requested by the small employer; or
(iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all small groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier’s entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier’s small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by an insurer in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) An insurer shall not require a minimum participation level greater than:
(i) One hundred percent of eligible employees working for groups with three or less employees; and
(ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) An insurer may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(6) An insurer must offer coverage to all eligible employees of a small employer and their dependents. An insurer may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. An insurer may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

(7) As used in this section, "health benefit plan," "small employer," "adjusted community rate," and "wellness activities" mean the same as defined in RCW 48.43.005. [2007 c 260 § 7; 2004 c 244 § 1; 1995 c 265 § 14; 1990 c 187 § 2.]

The disclosure shall specifically disclose that the coverage is not comprehensive in nature and will not cover the cost of most hospital and other medical services. Such disclosure form must be filed for approval with the commissioner prior to use. The standard disclosure form must be provided to the master policyholders at the time of solicitation and completion of the application and to all enrollees at the time of enrollment. CASUALTY INSURANCE

Sections

48.22.030 Underinsured, hit-and-run, phantom vehicle coverage to be provided—Purpose—Definitions—Exceptions—Conditions—Deductibles—Information on motorcycle or motor-driven cycle coverage—Intended victims.

48.22.030 Underinsured, hit-and-run, phantom vehicle coverage to be provided—Purpose—Definitions—Exceptions—Conditions—Deductibles—Information on motorcycle or motor-driven cycle coverage—Intended victims. (1) "Underinsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance, or use of which either no bodily injury or property damage liability bond or insurance policy applies at the time of an accident, or with respect to which the sum of the limits of liability under all bodily injury or property damage liability bonds and insurance policies applicable to a covered person after an accident is less than the applicable damages which the covered person is legally entitled to recover.

(2) No new policy or renewal of an existing policy insuring against loss resulting from liability imposed by law for bodily injury, death, or property damage, suffered by any person arising out of the ownership, maintenance, or use of a motor vehicle shall be issued with respect to any motor vehicle registered or principally garaged in this state unless coverage is provided therein or supplemental thereto for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of underinsured motor vehicles, hit-and-run motor vehicles, and phantom vehicles because of bodily injury, death, or property damage, resulting therefrom, except while operating or occupying a motorcycle or motor-driven cycle, and except while operating or occupying a motor vehicle owned or available for the regular use by the named insured or any family member, and which is not insured under the liability coverage of the policy. The coverage required to be offered under this chapter is not applicable to general liability policies, commonly known as umbrella policies, or other policies which apply only as excess to the insurance directly applicable to the vehicle insured.

(3) Except as to property damage, coverage required under subsection (2) of this section shall be in the same amount as the insured's third party liability coverage unless the insured rejects all or part of the coverage as provided in subsection (4) of this section. Coverage for property damage need only be issued in conjunction with coverage for bodily
injury or death. Property damage coverage required under subsection (2) of this section shall mean physical damage to the insured motor vehicle unless the policy specifically provides coverage for the contents thereof or other forms of property damage.

(4) A named insured or spouse may reject, in writing, underinsured coverage for bodily injury or death, or property damage, and the requirements of subsections (2) and (3) of this section shall not apply. If a named insured or spouse has rejected underinsured coverage, such coverage shall not be included in any supplemental or renewal policy unless a named insured or spouse subsequently requests such coverage in writing. The requirement of a written rejection under this subsection shall apply only to the original issuance of policies issued after July 24, 1983, and not to any renewal or replacement policy. When a named insured or spouse chooses a property damage coverage that is less than the insured's third party liability coverage for property damage, a written rejection is not required.

(5) The limit of liability under the policy coverage may be defined as the maximum limits of liability for all damages resulting from any one accident regardless of the number of covered persons, claims made, or vehicles or premiums shown on the policy, or premiums paid, or vehicles involved in an accident.

(6) The policy may provide that if an injured person has other similar insurance available to him under other policies, the total limits of liability of all coverages shall not exceed the higher of the applicable limits of the respective coverages.

(7)(a) The policy may provide for a deductible of not more than three hundred dollars for payment for property damage when the damage is caused by a hit-and-run driver or a phantom vehicle.

(b) In all other cases of underinsured property damage coverage, the policy may provide for a deductible of not more than one hundred dollars.

(8) For the purposes of this chapter, a "phantom vehicle" shall mean a motor vehicle which causes bodily injury, death, or property damage to an insured and has no physical contact with the insured or the vehicle which the insured is occupying at the time of the accident if:

(a) The facts of the accident can be corroborated by competent evidence other than the testimony of the insured or any person having an underinsured motorist claim resulting from the accident; and

(b) The accident has been reported to the appropriate law enforcement agency within seventy-two hours of the accident.

(9) An insurer who elects to write motorcycle or motor-driven cycle insurance in this state must provide information to prospective insureds about the coverage.

(10) An insurer who elects to write motorcycle or motor-driven cycle insurance in this state must provide an opportunity for named insureds, who have purchased liability coverage for a motorcycle or motor-driven cycle, to reject underinsured coverage for that motorcycle or motor-driven cycle in writing.

(11) If the covered person seeking underinsured motorist coverage under this section was the intended victim of the tort feasor, the incident must be reported to the appropriate law enforcement agency and the covered person must cooperate with any related law enforcement investigation.

(12) The purpose of this section is to protect innocent victims of motorists of underinsured motor vehicles. Covered persons are entitled to coverage without regard to whether an incident was intentionally caused. However, a person is not entitled to coverage if the insurer can demonstrate that the covered person intended to cause the event for which a claim is made under the coverage described in this section. As used in this section, and in the section of policies providing the underinsured motorist coverage described in this section, "accident" means an occurrence that is unexpected and unintended from the standpoint of the covered person.

(13) "Underinsured coverage," for the purposes of this section, means coverage for "underinsured motor vehicles," as defined in subsection (1) of this section. [2007 c 80 § 14. Prior: 2006 c 187 § 1; 2006 c 110 § 1; 2006 c 25 § 17; 2004 c 90 § 1; 1985 c 328 § 1; 1983 c 182 § 1; 1981 c 150 § 1; 1980 c 117 § 1; 1967 c 150 § 27.]

48.24.070 Trustee groups. The lives of a group of individuals may be insured under a policy issued to the trustees of a fund established by two or more employers or by two or more employer members of an employers' association, or by one or more labor unions, or by one or more employers and one or more labor unions, or by one or more employers and one or more labor unions whose members are in the same or related occupations or trades, which trustees shall be deemed the policyholder, to insure employees or members for the benefit of persons other than the employers or the unions, subject to the following requirements:

(1) If the policy is issued to two or more employer members of an employers' association, such policy may be issued only if (a) the association has been in existence for at least five years and was formed for purposes other than obtaining insurance and (b) the participating employers, meaning such employer members whose employees are to be insured, constitute at date of issue at least fifty percent of the total employers eligible to participate, unless the number of persons covered at date of issue exceeds six hundred, in which event such participating employers must constitute at least twenty-five percent of such total employers in either case omitting from consideration any employer whose employees are already covered for group life insurance.

(2) The persons eligible for insurance shall be all of the employees of the employers or all of the members of the
unions, or all of any class or classes thereof determined by conditions pertaining to their employment, or to membership in the unions, or to both. The policy may provide that the term "employees" shall include the individual proprietor or partners if an employer is an individual proprietor or a partnership. The policy may provide that the term "employees" shall include the trustees or their employees, or both, if their duties are connected with such trusteeship. The policy may provide that the term "employees" shall include retired employees.

(3) The premium for the policy shall be paid by the trustees wholly from funds contributed by the employer or employers of the insured persons, or by the union or unions, or partly or wholly from funds contributed by the insured persons, or any combination thereof. A policy on which all or part of the premium is to be derived from funds contributed by the insured persons specifically for their insurance may be placed in force if the eligible persons elect to make the required contributions. A policy on which no part of the premium is to be derived from funds contributed by the insured persons specifically for their insurance must insure all eligible persons, or all except any as to whom evidence of individual insurability is not satisfactory to the insurer.

(4) The policy must cover at least twenty persons at date of issue.

(5) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the insured persons or by the policyholder, employers, or unions. The commissioner shall deliver such order to such person direct or mail it to the person by registered mail with return receipt requested. If the person violates the order after expiration of ten days after the cease and desist order has been received by him or her, he or she may be fined by the commissioner a sum not to exceed two hundred and fifty dollars for each violation committed thereafter.

(6) If any such regulation is violated, the commissioner may take such other or additional action as is permitted under the insurance code for violation of a regulation.

Chapter 48.37

MARKET CONDUCT OVERSIGHT

48.37.005 Short title. This chapter may be known and cited as the market conduct oversight law. [2007 c 82 § 2.]

48.37.010 Purpose—Intent. (1) The purpose of this chapter is to establish a framework for the commissioner’s market conduct actions, including:
   (a) Processes and systems for identifying, assessing, and prioritizing market conduct problems that have a substantial adverse impact on consumers, policyholders, and claimants;
   (b) Market conduct actions by the commissioner to substantiate such market conduct problems and a means to remedy significant market conduct problems; and
   (c) Procedures to communicate and coordinate market conduct actions among state insurance regulators to foster the most efficient and effective use of resources.
   (2) It is the intent of the legislature that the market analysis or market conduct process utilize available technology in the least intrusive and most cost-efficient manner to develop a baseline understanding of the marketplace and to identify insurers or practices that deviate significantly from the norm or that pose a potential risk to the insurance consumer. It is also the intent of the legislature that this process include discretion for the commissioner to use market conduct examinations when the continuum of available market conduct actions have not sufficiently addressed issues concerning insurer activities in Washington, or when the continuum of available market conduct actions are not reasonably expected to address issues concerning insurer activities in Washington.
   (3) It is further the intent of the legislature that the commissioner work with the national association of insurance commissioners toward development of an accreditation process for market conduct oversight and an effective process for domestic deference that creates protections for Washington consumers and efficient and effective regulation of the industry. [2007 c 82 § 3.]

48.37.020 Application. This chapter applies to all entities regulated by this title, and to all persons or entities acting as or holding themselves out as insurers in this state, unless otherwise exempted from the provisions of this title. [2007 c 82 § 4.]

48.37.030 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.
   (1) "Best practices organization" means insurance marketplace standards association or a similar generally recognized organization whose purpose and central mission is the promotion of high ethical standards in the insurance marketplace.

   (6) "Market conduct action" means any of the full range of activities that the commissioner may initiate to assess and address the market conduct practices of insurers admitted to do business in this state, and entities operating illegally in this state, beginning with market analysis and extending to examinations. The commissioner’s activities to resolve an individual consumer complaint or other report of a specific instance of misconduct are not market conduct actions for purposes of this chapter.
   (7) "Market conduct oversight personnel" means those individuals employed or contracted by the commissioner to collect, analyze, review, or act on information on the insurance marketplace that identifies patterns or practices of insurers.

A market conduct examination may be either a comprehensive examination or a targeted examination. A market conduct examination is separate and distinct from a financial examination of any insurer performed pursuant to chapter 48.03, 48.44, or 48.46 RCW, but may be conducted at the same time.

(15) "Insurance compliance self-evaluative audit" means a voluntary, internal evaluation, review, assessment, audit, or investigation for the purpose of identifying or preventing noncompliance with, or promoting compliance with laws, regulations, orders, or industry or professional standards, which is conducted by or on behalf of a company licensed or regulated under the insurance laws of this state, or which involves an activity regulated under this title.

(16) "Insurance compliance self-evaluative audit document" means documents prepared as a result of or in connection with an insurance compliance self-evaluative audit. An insurance compliance self-evaluative audit document may include:

(a) A written response to the findings of an insurance compliance self-evaluative audit;

(b) Any supporting information that is collected or developed for the primary purpose and in the course of an insurance compliance self-evaluative audit, including but not limited to: field notes and records of observations, findings, opinions, suggestions, conclusions, drafts, memoranda, drawings, photographs, exhibits, computer-generated or electronically recorded information, phone records, maps, charts, graphs, and surveys;

(c) Any of the following:

(i) An insurance compliance self-evaluative audit report prepared by an auditor, who may be an employee of the company or an independent contractor, which may include the scope of the audit, the information gained in the audit, conclusions, and recommendations, with exhibits and appendices;

(ii) Memoranda and documents analyzing portions or all of the insurance compliance self-evaluative audit report and discussing potential implementation issues;

(iii) An implementation plan that addresses correcting past noncompliance, improving current compliance, and preventing future noncompliance; or

(iv) Analytic data generated in the course of conducting the insurance compliance self-evaluative audit. [2007 c 82 § 5.]

48.37.040 Market analysis procedures—Commissioner’s duties—Rules. (1)(a) The commissioner shall collect and report market data information to the NAIC’s market information systems, including the complaint database system, the examination tracking system, the regulatory retrieval system, other successor systems, or to additional systems as the commissioner determines is necessary for market analysis.

(b) Market data and information that is collected and maintained by the commissioner shall be compiled and submitted in a manner that meets the requirements of the NAIC and its systems.

(2)(a) Each entity subject to the provisions of this chapter shall file a market conduct annual statement or successor product, in the general form and context, in the time frame required by, and according to instructions provided by the NAIC, for each line of business written in the state of Washington. If a particular line of business does not have an approved market conduct annual statement form, the company is not required to file a report for that line of business.
until such time as [the] NAIC adopts an annual statement form for that line of business.

(b) The commissioner may, for good cause, grant an extension of time for filing a market conduct annual statement, if written application for extension is received at least five business days before the filing due date. Any insurer that fails to file its market conduct annual statement when due or by the end of any extension of time for filing, which the commissioner in his or her sole discretion may have granted, is subject to the penalty and enforcement provisions applicable to the insurer as found in the Washington insurance code.

(3)(a) The commissioner shall gather information from data currently available to the commissioner, surveys, required reports, information collected by the NAIC, other sources in both the public or private sectors, and information from within and outside the insurance industry. The commissioner may request insurers to submit data and information that is necessary to conduct market analysis and shall adopt rules that provide for access to records and compliance with the request, that do not cause undue burden or cost to the consumer or insurer.

(b) The information shall be analyzed in order to develop a baseline understanding of the marketplace and to identify for further review insurers or practices that deviate significantly from the norm or that may pose a potential risk to the insurance consumer. The commissioner shall use the NAIC market regulation handbook as one resource in performing this analysis.

(c) The commissioner shall adopt by rule a process for verification by an insurer of Washington state-specific complaint information concerning that insurer before using the complaint information for market conduct surveillance purposes or transmitting it to NAIC databases after July 1, 2007.

(4)(a) If the commissioner determines, as a result of market analysis, that further inquiry into a particular insurer or practice is needed, the following continuum of market actions may be considered before conducting a market conduct examination. The commissioner shall not be required to follow the exact sequence of market conduct actions in the continuum or to use all actions in the continuum. As part of the chosen continuum action, the commissioner must discuss with the insurer the data used to choose the option and provide the insurer with an opportunity for data verification at that time. These actions may include, but are not limited to:

(i) Correspondence with the insurer;
(ii) Insurer interviews;
(iii) Information gathering;
(iv) Policy and procedure reviews;
(v) Interrogatories;
(vi) Review of insurer self-evaluation and compliance programs. This may include consideration of the insurer’s membership in a best practices organization, if the commissioner is satisfied that the organization’s qualification process is likely to provide reasonable assurance of compliance with pertinent insurance laws;
(vii) Desk examinations; and
(viii) Investigations.

(b) Except in extraordinary circumstances, the commissioner shall select the least intrusive and most cost-effective market conduct action that the commissioner determines will provide the necessary protections for consumers.

(5) The commissioner shall take those steps reasonably necessary to eliminate duplicative inquiries. The commissioner shall not request insurers to submit data or information provided as part of an insurer’s annual financial statement, the annual market conduct statement of the NAIC, or other required schedules, surveys, or reports that are regularly submitted to the commissioner, or with data requests made by other states if that information is available to the commissioner, unless the information is state specific. The commissioner shall coordinate market conduct actions and findings with other state insurance regulators.

(6) For purposes of conducting an examination or other market conduct action on an insurer, the commissioner may examine or conduct a market conduct action on any managing general agent or other person, insofar as that examination or market conduct action is, in the sole discretion of the commissioner, necessary or material to the examination or market conduct action of the insurer. [2007 c 82 § 6.]

48.37.050  Protocols for market conduct actions—Rules—Report to the legislature. (1) Market conduct actions shall be taken as a result of market analysis and shall focus on the general business practices and compliance activities of insurers, rather than identifying obviously infrequent or unintentional random errors that do not cause significant consumer harm.

(2)(a) The commissioner is authorized to determine the frequency and timing of such market conduct actions. The timing shall depend upon the specific market conduct action to be initiated, unless extraordinary circumstances indicating a risk to consumers require immediate action.

(b) If the commissioner has information that more than one insurer is engaged in common practices that may violate statutes or rules, the commissioner may schedule and coordinate multiple examinations simultaneously.

(3) The insurer shall be given reasonable opportunity to resolve matters that arise as a result of a market analysis to the satisfaction of the commissioner before any additional market conduct actions are taken against the insurer.

(4) The commissioner shall adopt by rule, under chapter 34.05 RCW, procedures and documents that are substantially similar to the NAIC work products defined or referenced in this chapter. Market analysis, market conduct actions, and market conduct examinations shall be performed in accordance with the rule.

(5) At the beginning of the next legislative session after the adoption of the rules adopted under the authority of this section, the commissioner shall report to the appropriate policy committees of the legislature what rules were adopted; what statutory policies these rules were intended to implement; and such other matters as are indicated for the legislature’s understanding of the role played by the NAIC in regulation of the insurance industry of Washington. [2007 c 82 § 7.]

48.37.060  Market conduct examinations—Procedures—Final orders—Fees. (1) When the commissioner determines that other market conduct actions identified in RCW 48.37.040(4)(a) have not sufficiently addressed issues raised concerning company activities in Washington state,
the commissioner has the discretion to conduct market conduct examinations in accordance with the NAIC market conduct uniform examination procedures and the NAIC market regulation handbook.

(2)(a) In lieu of an examination of an insurer licensed in this state, the commissioner shall accept an examination report of another state, unless the commissioner determines that the other state does not have laws substantially similar to those of this state, or does not have a market oversight system that is comparable to the market conduct oversight system set forth in this law.

(b) The commissioner’s determination under (a) of this subsection is discretionary with the commissioner and is not subject to appeal.

(c) If the insurer to be examined is part of an insurance holding company system, the commissioner may also seek to simultaneously examine any affiliates of the insurer under common control and management which are licensed to write the same lines of business in this state.

(3) Before commencement of a market conduct examination, market conduct oversight personnel shall prepare a work plan consisting of the following:

(a) The name and address of the insurer being examined;
(b) The name and contact information of the examiner-in-charge;
(c) The name of all market conduct oversight personnel initially assigned to the market conduct examination;
(d) The justification for the examination;
(e) The scope of the examination;
(f) The date the examination is scheduled to begin;
(g) Notice of any noninsurance department personnel who will assist in the examination;
(h) A time estimate for the examination;
(i) A budget for the examination if the cost of the examination is billed to the insurer; and
(j) An identification of factors that will be included in the billing if the cost of the examination is billed to the insurer.

(4)(a) Within ten days of the receipt of the information contained in subsection (3) of this section, insurers may request the commissioner’s discretionary review of any alleged conflict of interest, pursuant to RCW 48.37.090(2), of market conduct oversight personnel and noninsurance department personnel assigned to a market conduct examination. The request for review shall specifically describe the alleged conflict of interest in the proposed assignment of any person to the examination.

(b) Within five business days of receiving a request for discretionary review of any alleged conflict of interest in the proposed assignment of any person to a market conduct examination, the commissioner or designee shall notify the insurer of any action regarding the assignment of personnel to a market conduct examination based on the insurer’s allegation of conflict of interest.

(5) Market conduct examinations shall, to the extent feasible, use desk examinations and data requests before an on-site examination.

(6) Market conduct examinations shall be conducted in accordance with the provisions set forth in the NAIC market regulation handbook and the NAIC market conduct uniform examinations procedures, subject to the precedence of the provisions of chapter 82, Laws of 2007.

(7) The commissioner shall use the NAIC standard data request.

(8) Announcement of the examination shall be sent to the insurer and posted on the NAIC’s examination tracking system as soon as possible but in no case later than sixty days before the estimated commencement of the examination, except where the exam [examination] is conducted in response to extraordinary circumstances as described in RCW 48.37.050(2)(a). The announcement sent to the insurer shall contain the examination work plan and a request for the insurer to name its examination coordinator.

(9) If an examination is expanded significantly beyond the original reasons provided to the insurer in the notice of the examination required by subsection (3) of this section, the commissioner shall provide written notice to the insurer, explaining the expansion and reasons for the expansion. The commissioner shall provide a revised work plan if the expansion results in significant changes to the items presented in the original work plan required by subsection (3) of this section.

(10) The commissioner shall conduct a preexamination conference with the insurer examination coordinator and key personnel to clarify expectations at least thirty days before commencement of the examination, unless otherwise agreed by the insurer and the commissioner.

(11) Before the conclusion of the field work for market conduct examination, the examiner-in-charge shall review examination findings to date with insurer personnel and schedule an exit conference with the insurer, in accordance with procedures in the NAIC market regulation handbook.

(12)(a) No later than sixty days after completion of each market conduct examination, the commissioner shall make a full written report of each market conduct examination containing only facts ascertained from the accounts, records, and documents examined and from the sworn testimony of individuals, and such conclusions and recommendations as may reasonably be warranted from such facts.

(b) The report shall be certified by the commissioner or by the examiner-in-charge of the examination, and shall be filed in the commissioner’s office subject to (c) of this subsection.

(c) The commissioner shall furnish a copy of the market conduct examination report to the person examined not less than ten days and, unless the time is extended by the commissioner, not more than thirty days prior to the filing of the report for public inspection in the commissioner’s office. If the person so requests in writing within such period, the commissioner shall hold a hearing to consider objections of such person to the report as proposed, and shall not so file the report until after such hearing and until after any modifications in the report deemed necessary by the commissioner have been made.

(d) Within thirty days of the end of the period described in (c) of this subsection, unless extended by order of the commissioner, the commissioner shall consider the report, together with any written submissions or rebuttals and any relevant portions of the examiner’s work papers and enter an order:

(i) Adopting the market conduct examination report as filed or with modification or corrections. If the market conduct examination report reveals that the company is operating
in violation of any law, rule, or order of the commissioner, the commissioner may order the company to take any action the commissioner considers necessary and appropriate to cure that violation;

(ii) Rejecting the market conduct examination report with directions to the examiners to reopen the examination for purposes of obtaining additional data, documentation, or information, and refiling under this subsection; or

(iii) Calling for an investigatory hearing with no less than twenty days’ notice to the company for purposes of obtaining additional documentation, data, information, and testimony.

(e) All orders entered under (d) of this subsection must be accompanied by findings and conclusions resulting from the commissioner’s consideration and review of the market conduct examination report, relevant examiner work papers, and any written submissions or rebuttals. The order is considered a final administrative decision and may be appealed under the administrative procedure act, chapter 34.05 RCW, and must be served upon the company by certified mail, together with a copy of the adopted examination report. A copy of the adopted examination report must be sent by certified mail to each director at the director’s residential address.

(f)(i) Upon the adoption of the market conduct examination report under (d) of this subsection, the commissioner shall continue to hold the content of the examination report as private and confidential information for a period of five days except that the order may be disclosed to the person examined. Thereafter, the commissioner may open the report for public inspection so long as no court of competent jurisdiction has stayed its publication.

(ii) If the commissioner determines that regulatory action is appropriate as a result of any market conduct examination, he or she may initiate any proceedings or actions as provided by law.

(iii) Nothing contained in this subsection requires the commissioner to disclose any information or records that would indicate or show the existence or content of any investigation or activity of a criminal justice agency.

(g) The insurer’s response shall be included in the commissioner’s order adopting the final report as an exhibit to the order. The insurer is not obligated to submit a response.

(13) The commissioner may withhold from public inspection any examination or investigation report for so long as he or she deems it advisable.

(14)(a) Market conduct examinations within this state of any insurer domiciled or having its home offices in this state, other than a title insurer, made by the commissioner or the commissioner’s examiners and employees shall, except as to fees, mileage, and expense incurred as to witnesses, be at the expense of the person examined; but a domestic title insurer shall pay the examination expense and costs to the commissioner as itemized and billed by the commissioner.

(b) Every other examination, whatsoever, or any part of the market conduct examination of any person domiciled or having its home offices in this state requiring travel and services outside this state, shall be made by the commissioner or by examiners designated by the commissioner and shall be at the expense of the person examined; but a domestic insurer shall not be liable for the compensation of examiners employed by the commissioner for such services outside this state.

(c) When making a market conduct examination under this chapter, the commissioner may contract, in accordance with applicable state contracting procedures, for qualified attorneys, appraisers, independent certified public accountants, contract actuaries, and other similar individuals who are independently practicing their professions, even though those persons may from time to time be similarly employed or retained by persons subject to examination under this chapter, as examiners as the commissioner deems necessary for the efficient conduct of a particular examination. The compensation and per diem allowances paid to such contract persons shall be reasonable in the market and time incurred, shall not exceed one hundred twenty-five percent of the compensation and per diem allowances for examiners set forth in the guidelines adopted by the national association of insurance commissioners, unless the commissioner demonstrates that one hundred twenty-five percent is inadequate under the circumstances of the examination, and subject to the provisions of (a) of this subsection.

(d)(i) The person examined and liable shall reimburse the state upon presentation of an itemized statement thereof, for the actual travel expenses of the commissioner’s examiners, their reasonable living expenses allowance, and their per diem compensation, including salary and the employer’s cost of employee benefits, at a reasonable rate approved by the commissioner, incurred on account of the examination. Per diem, salary, and expenses for employees examining insurers domiciled outside the state of Washington shall be established by the commissioner on the basis of the national association of insurance commissioner’s recommended salary and expense schedule for zone examiners, or the salary schedule established by the director of the Washington department of personnel and the expense schedule established by the office of financial management, whichever is higher. A domestic title insurer shall pay the examination expense and costs to the commissioner as itemized and billed by the commissioner.

(ii) The commissioner or the commissioner’s examiners shall not receive or accept any additional emolument on account of any examination.

(iii) Market conduct examination fees subject to being reimbursed by an insurer shall be itemized and bills shall be provided to the insurer on a monthly basis for review prior to submission for payment, or as otherwise provided by state law.

(e) Nothing contained in this chapter limits the commissioner’s authority to terminate or suspend any examination in order to pursue other legal or regulatory action under the insurance laws of this state. Findings of fact and conclusions made pursuant to any examination are prima facie evidence in any legal or regulatory action.

(f) The commissioner shall maintain active management and oversight of market conduct examination costs, including costs associated with the commissioner’s own examiners, and with retaining qualified contract examiners necessary to perform an examination. Any agreement with a contract examiner shall:

(i) Clearly identify the types of functions to be subject to outsourcing;

(ii) Provide specific timelines for completion of the outsourced review;
(iii) Require disclosure to the insurer of contract examiners’ recommendations;

(iv) Establish and use a dispute resolution or arbitration mechanism to resolve conflicts with insurers regarding examination fees; and

(v) Require disclosure of the terms of the contracts with the outside consultants that will be used, specifically the fees and/or hourly rates that can be charged.

(g) The commissioner, or the commissioner’s designee, shall review and affirmatively endorse detailed billings from the qualified contract examiner before the detailed billings are sent to the insurer. [2007 c 82 § 8.]

48.37.070 Access to records and information—Commissioner’s authority—Depositions, subpoena, and oaths.

(1) Except as otherwise provided by law, market conduct oversight personnel shall have free, convenient, and full access to all books, records, employees, officers, and directors, as practicable, of the insurer during regular business hours.

(2) An insurer using a third-party model or product for any of the activities under examination shall cause, upon the request of market conduct oversight personnel, the details of such models or products to be made available to such personnel.

(3) Each officer, director, employee, and agent of an insurer shall facilitate and aid in a market conduct action or examination.

(4) No waiver of any applicable privilege or claim of confidentiality in the documents, materials, or information shall occur as a result of disclosure to the commissioner, any employee of the office of the insurance commissioner, or any agent retained by the office of the insurance commissioner to assist in the market conduct examination under this chapter.

(5)(a) The commissioner may take depositions, subpoena witnesses or documentary evidence, administer oaths, and examine under oath any individual relative to the affairs of any person being examined, or relative to the subject of any hearing or investigation: PROVIDED, That the provisions of RCW 34.05.446 shall apply in lieu of the provisions of this section as to subpoenas relative to hearings in rule-making and adjudicative proceedings.

(b) The subpoena shall be effective if served within the state of Washington and shall be served in the same manner as if issued from a court of record.

(c) Witness fees and mileage, if claimed, shall be allowed the same as for testimony in a court of record. Witness fees, mileage, and the actual expenses necessarily incurred in securing attendance of witnesses and their testimony shall be itemized, and shall be paid by the person as to whom the examination is being made, or by the person if other than the commissioner, at whose request the hearing is held.

(d) Enforcement of subpoenas shall be in accordance with RCW 34.05.588.

(6) In order to assist in the performance of the commissioner’s duties, the commissioner may:

(a) Share documents, materials, market conduct examination reports, preliminary market conduct examination reports, and other matters related to such reports, or other information, including the confidential and privileged documents, materials, or information subject to subsection (1) of this section, with other state, federal, and international regulatory agencies and law enforcement authorities, and the NAIC and its affiliates and subsidiaries, provided that the recipient agrees to and asserts that it has the legal authority to maintain the confidentiality and privileged status of the document, material, communication, or other information;

(b) Receive documents, materials, communications, or information, including otherwise confidential and privileged documents, materials, or information, from the NAIC and its affiliates or subsidiaries, and from regulatory and law enforcement officials of other foreign or domestic jurisdictions, and shall maintain as confidential or privileged any document, material, or information received with notice or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the document, material, or information; and

(c) Enter into agreements governing the sharing and use of information consistent with this subsection. [2007 c 82 § 9.]

48.37.080 Confidentiality. (1) All data and documents, including but not limited to working papers, third-party models or products, complaint logs, and copies thereof, created, produced, or obtained by or disclosed to the commissioner, the commissioner’s authorized representative, or an examiner appointed by the commissioner in the course of any market conduct actions or examinations made under this chapter, or in the course of market analysis by the commissioner of the market conditions of an insurer, or obtained by the NAIC as a result of any of the provisions of this chapter, to the extent the documents are in the possession of the commissioner or the NAIC, shall be confidential by law and privileged, shall not be subject to the provisions of chapter 42.56 RCW, shall not be subject to subpoena, and shall not be subject to discovery or admissible in evidence in any private civil action.

(2) If the commissioner elects to issue a report of an examination, a preliminary or draft market conduct examination report is confidential and not subject to disclosure by the commissioner nor is it subject to subpoena or discovery. This subsection does not limit the commissioner’s authority to use a preliminary or draft market conduct examination report and related information in furtherance of any legal or regulatory action, or to release it in accordance with the provisions of RCW 48.02.065.

(3) An insurance compliance self-evaluative audit document in the possession of the commissioner is confidential by law and privileged, and shall not be:

(a) Made public by the commissioner;

(b) Subject to the provisions of chapter 42.56 RCW;

(c) Subject to subpoena; and

(d) Subject to discovery and admissible in evidence in any private civil action.

(4) Neither the disclosure of any self-evaluative audit document to the commissioner or to the commissioner’s designee nor the citation to this document in connection with an agency action shall constitute a waiver of any privilege that may otherwise apply. [2007 c 82 § 10.]
48.37.090 Market conduct oversight personnel. (1) Market conduct oversight personnel shall be qualified by education, experience, and, where applicable, professional designations. The commissioner may supplement the in house market conduct oversight staff with qualified outside professional assistance if the commissioner determines that the assistance is necessary.

(2) Market conduct oversight personnel have a conflict of interest, either directly or indirectly, if they are affiliated with the management of, and have, within five years of any market conduct action, been employed by, or own a pecuniary interest in the insurer, subject to any examination under this chapter. This section shall not be construed to automatically preclude an individual from being:

(a) A policyholder or claimant under an insurance policy;

(b) A grantor of a mortgage or similar instrument on the individual’s residence from a regulated entity, if done under customary terms and in the ordinary course of business;

(c) An investment owner in shares of regulated diversified investment companies; or

(d) A settlor or beneficiary of a "blind trust" into which any otherwise impermissible holdings have been placed. [2007 c 82 § 11.]

48.37.100 Immunity for the commissioner, market conduct oversight personnel, authorized representatives, and examiners. (1) No cause of action shall arise, nor shall any liability be imposed against the commissioner, the commissioner’s authorized representatives, market conduct oversight personnel, or an examiner appointed by the commissioner for any statements made, or conduct performed in good faith while carrying out the provisions of this chapter.

(2) No cause of action shall arise, nor shall any liability be imposed against any person for the act of communicating or delivering information or data to the commissioner or the commissioner’s authorized representative, market conduct oversight personnel, or examiner, under an examination made under this chapter, if the act of communication or delivery was performed in good faith and without fraudulent intent or the intent to deceive.

(3) A person identified in subsection (1) of this section is entitled to an award of attorneys’ fees and costs if he or she is the prevailing party in a civil cause of action for libel, slander, or any other relevant tort arising out of activities in carrying out the provisions of this chapter, and the party bringing the action was not substantially justified in doing so. For purposes of this section, a proceeding is “substantially justified” if it had a reasonable basis in law or fact at the time that it was initiated.

(4) If a claim is made or threatened as described in subsection (1) of this section, the commissioner shall provide or pay for the defense of himself or herself, the examiner or representative, and shall pay a judgment or settlement, until it is determined that the person did not act in good faith or did act with fraudulent intent or the intent to deceive.

(5) The immunity, indemnification, and other protections under this section are in addition to those now or hereafter existing under other law.

(6) This section does not abrogate or modify in any way any common law or statutory privilege or immunity, now or hereafter existing under this section or other law, enjoyed by any person identified in subsection (1) of this section. [2007 c 82 § 12.]

48.37.110 Fines and penalties. (1) Fines and penalties, applicable to the insurer as found in the Washington insurance code, levied as a result of a market conduct action or examination shall be consistent, reasonable, and justified.

(2) The commissioner shall take into consideration actions taken by insurers to maintain membership in, and comply with the standards of, best practices organizations, and the extent to which insurers maintain regulatory compliance programs to self-assess, self-report, and remediate problems detected, and may include those considerations in determining the appropriate fines or penalties levied in accordance with subsection (1) of this section.

(3) Commissioner enforcement actions shall not be based solely on violations identified in the insurer self-evaluative audit document, unless the commissioner confirms both that the violations occurred and that the insurer has not taken reasonable action based on the self-evaluative audit document to resolve and remediate the identified violations. [2007 c 82 § 13.]

48.37.120 Dispute resolution—Rules. (1) At any point in the market analysis, the insurer may request a review and resolution of issues by identifying the issues either orally or in writing to the market conduct oversight manager, or deputy insurance commissioner responsible for market conduct oversight. At each level, a response to the insurer shall be provided within five business days.

(2) At any point in the market conduct examination, the insurer may request a review and resolution of issues either orally or in writing to the market conduct oversight manager, or deputy insurance commissioner responsible for market conduct oversight. At each level, a response to the insurer shall be provided within five business days. This authorization for dispute resolution shall be secondary to the specific procedures set forth in RCW 48.37.060.

(3) After the deputy insurance commissioner responsible for market conduct oversight has responded to an insurer’s issues, the insurer may request mediation of the issues. The insurance commissioner shall adopt by rule a process to govern mediation of insurer market conduct oversight issues. That rule shall:

(a) Provide for the selection by the commissioner of a panel of preapproved mediators;

(b) Require that insurers, upon notice of the start of a market analysis process or the start of a market conduct examination, identify from the preapproved list a mediator and an alternative mediator;

(c) Require the party requesting mediation to pay the costs of the mediator; and

(d) Provide for other rule provisions as are reasonably necessary for the efficient operation of a mediation process.

(4) At any point in the dispute resolution process contained in this section, the insurer may commence an adjudicative proceeding under chapters 48.04 and 34.05 RCW. [2007 c 82 § 14.]
48.37.130 Coordination with other state insurance regulators through the NAIC. (1) The commissioner shall share information and coordinate the commissioner’s market analysis, market conduct actions, and examination efforts with other state insurance regulators. Such matters will be coordinated in accordance with guidelines adopted by the NAIC.

(2)(a) If a market conduct examination or action performed by another state insurance regulator results in a finding that an insurer should modify a specific practice or procedure, the commissioner shall, in lieu of conducting a market conduct action or examination, accept verification that the insurer made a similar modification in this state, unless the commissioner determines that the other state does not have laws substantially similar to those of this state, or does not have a market conduct oversight system that is comparable to the market conduct oversight system set forth in this chapter.

(b) The commissioner’s determination under (a) of this subsection is discretionary with the commissioner and is not subject to appeal. [2007 c 82 § 15.]

48.37.140 Additional duties of the commissioner. (1) The commissioner shall designate a specific person or persons within the commissioner’s office whose responsibilities shall include the receipt of information from employees of insurers and licensed entities concerning violations of laws or rules by their employers, as defined in this chapter. These persons shall be provided with proper training on the handling of such information. The information shall be confidential and not open to public inspection.

(2) At least once per year, or more frequently if deemed necessary, the commissioner shall make available in an appropriate manner to insurers and other entities subject to the scope of this title, information on new laws and regulations, enforcement actions, and other information the commissioner deems pertinent to ensure compliance with market conduct requirements. [2007 c 82 § 16.]

Chapter 48.41 RCW
HEALTH INSURANCE COVERAGE ACCESS ACT

Sections
48.41.037 Washington state health insurance pool account. The Washington state health insurance pool account is created in the custody of the state treasurer. All receipts from moneys specifically appropriated to the account must be deposited in the account. Expenditures from this account shall be used to cover deficits incurred by the Washington state health insurance pool under this chapter in excess of the threshold established in this section. To the extent funds are available in the account, funds shall be expended from the account to offset that portion of the deficit that would otherwise have to be recovered by imposing an assessment on members in excess of a threshold of seventy cents per insured person per month. The commissioner shall authorize expenditures from the account, to the extent that funds are available in the account, upon certification by the pool board that assessments will exceed the threshold level established in this section. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Whether the assessment has reached the threshold of seventy cents per insured person per month shall be determined by dividing the total aggregate amount of assessment by the proportion of total assessed members. Thus, stop loss members shall be counted as one-tenth of a whole member in the denominator given that is the amount they are assessed proportionately relative to a fully insured medical member. [2007 c 259 § 29; 2000 c 79 § 36.]

Severability—Subheadings not law—2007 c 259: See notes following RCW 41.05.033.

Effective date—Severability—2000 c 79: See notes following RCW 48.04.010.

48.41.100 Eligibility for coverage. (1) The following persons who are residents of this state are eligible for pool coverage:

(a) Any person who provides evidence of a carrier’s decision not to accept him or her for enrollment in an individual health benefit plan as defined in RCW 48.43.005 based upon, and within ninety days of the receipt of, the results of the standard health questionnaire designated by the board and administered by health carriers under RCW 48.43.018;

(b) Any person who continues to be eligible for pool coverage based upon the results of the standard health questionnaire designated by the board and administered by the pool administrator pursuant to subsection (3) of this section;

(c) Any person who resides in a county of the state where no carrier or insurer eligible under chapter 48.15 RCW offers to the public an individual health benefit plan other than a catastrophic health plan as defined in RCW 48.43.005 at the time of application to the pool, and who makes direct application to the pool; and

(d) Any medicare eligible person upon providing evidence of rejection for medical reasons, a requirement of restrictive riders, an up-rated premium, or a preexisting conditions limitation on a medicare supplemental insurance policy under chapter 48.66 RCW, the effect of which is to substantially reduce coverage from that received by a person considered a standard risk by at least one member within six months of the date of application.

(2) The following persons are not eligible for coverage by the pool:

(a) Any person having terminated coverage in the pool unless (i) twelve months have lapsed since termination, or (ii) that person can show continuous other coverage which has [2007 RCW Supp—page 673]
been involuntarily terminated for any reason other than non-payment of premiums. However, these exclusions do not apply to eligible individuals as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b));

(b) Any person on whose behalf the pool has paid out two million dollars in benefits;

(c) Inmates of public institutions and persons whose benefits are duplicated under public programs. However, these exclusions do not apply to eligible individuals as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b));

(d) Any person who resides in a county of the state where any carrier or insurer regulated under chapter 48.15 RCW offers to the public an individual health benefit plan other than a catastrophic health plan as defined in RCW 48.43.005 at the time of application to the pool and who does not qualify for pool coverage based upon the results of the standard health questionnaire, or pursuant to subsection (1)(d) of this section.

(3) When a carrier or insurer regulated under chapter 48.15 RCW begins to offer an individual health benefit plan in a county where no carrier had been offering an individual health benefit plan:

(a) If the health benefit plan offered is other than a cata-strophic health plan as defined in RCW 48.43.005, any person enrolled in a pool plan pursuant to subsection (1)(c) of this section in that county shall no longer be eligible for coverage under that plan pursuant to subsection (1)(c) of this section, but may continue to be eligible for pool coverage based upon the results of the standard health questionnaire designated by the board and administered by the pool administrator. The pool administrator shall offer to administer the questionnaire to each person no longer eligible for coverage under subsection (1)(c) of this section within thirty days of determining that he or she is no longer eligible;

(b) Losing eligibility for pool coverage under this subsection (3) does not affect a person’s eligibility for pool coverage under subsection (1)(a), (b), or (d) of this section; and

(c) The pool administrator shall provide written notice to any person who is no longer eligible for coverage under a pool plan under this subsection (3) within thirty days of the administrator’s determination that the person is no longer eligible. The notice shall: (i) Indicate that coverage under the plan will cease ninety days from the date that the notice is dated; (ii) describe any other coverage options, either in or outside of the pool, available to the person; (iii) describe the procedures for the administration of the standard health questionnaire to determine the person’s continued eligibility for coverage under subsection (1)(b) of this section; and (iv) describe the enrollment process for the available options outside of the pool.

(4) The board shall ensure that an independent analysis of the eligibility standards for the pool coverage is conducted, including the eight percent eligibility threshold, eligibility for medicaid enrollees and other publicly sponsored enrollees, and the impacts on the pool and the state budget. The board shall report the findings to the legislature by December 1, 2007. [2007 c 259 § 30; 2001 c 196 § 3; 2000 c 79 § 12; 1995 c 34 § 5; 1989 c 121 § 7; 1987 c 431 § 10.]

48.41.110 Policy coverage—Eligible expenses, cost containment, limits—Explanatory brochure. (Effective until January 1, 2008.) (1) The pool shall offer one or more care management plans of coverage. Such plans may, but are not required to, include point of service features that permit participants to receive in-network benefits or out-of-network benefits subject to differential cost shares. The pool may incorporate managed care features into existing plans.

(2) The administrator shall prepare a brochure outlining the benefits and exclusions of pool policies in plain language. After approval by the board, such brochure shall be made reasonably available to participants or potential participants.

(3) The health insurance policies issued by the pool shall pay only reasonable amounts for medically necessary eligible health care services rendered or furnished for the diagnosis or treatment of covered illnesses, injuries, and conditions. Eligible expenses are the reasonable amounts for the health care services and items for which benefits are extended under a pool policy.

(4) The pool shall offer at least two policies, one of which will be a comprehensive policy that must comply with RCW 48.41.120 and must at a minimum include the following services or related items:

(a) Hospital services, including charges for the most common semiprivate room, for the most common private room if semiprivate rooms do not exist in the health care facility, or for the private room if medically necessary, including no less than a total of one hundred eighty days in a calendar year, and no less than thirty days inpatient care for mental and nervous conditions, or alcohol, drug, or chemical dependency or abuse per calendar year;

(b) Professional services including surgery for the treatment of injuries, illnesses, or conditions, other than dental, which are rendered by a health care provider, or at the direction of a health care provider, by a staff of registered or licensed practical nurses, or other health care providers;

(c) No less than twenty outpatient professional visits for the diagnosis or treatment of one or more mental or nervous conditions or alcohol, drug, or chemical dependency or abuse rendered during a calendar year by one or more physicians, psychologists, or community mental health professionals, or, at the direction of a physician, by other qualified licensed health care practitioners, in the case of mental or nervous conditions, and rendered by a state certified chemical dependency program approved under chapter 70.96A RCW, in the case of alcohol, drug, or chemical dependency or abuse;

(d) Drugs and contraceptive devices requiring a prescription;

(e) Services of a skilled nursing facility, excluding custodial and convalescent care, for not less than one hundred days in a calendar year as prescribed by a physician;

(f) Services of a home health agency;
(g) Chemotherapy, radioisotope, radiation, and nuclear medicine therapy;
(h) Oxygen;
(i) Anesthesia services;
(j) Prostheses, other than dental;
(k) Durable medical equipment which has no personal use in the absence of the condition for which prescribed;
(l) Diagnostic x-rays and laboratory tests;
(m) Oral surgery including at least the following: Fractures of facial bones; excisions of mandibular joints, lesions of the mouth, lip, or tongue, tumors, or cysts excluding treatment for temporomandibular joints; incision of accessory sinuses, mouth salivary glands or ducts; dislocations of the jaw; plastic reconstruction or repair of traumatic injuries occurring while covered under the pool; and excision of impacted wisdom teeth;
(n) Maternity care services;
(o) Services of a physical therapist and services of a speech therapist;
(p) Hospice services;
(q) Professional ambulance service to the nearest health care facility qualified to treat the illness or injury; and
(r) Other medical equipment, services, or supplies required by physician’s orders and medically necessary and consistent with the diagnosis, treatment, and condition.
(5) The board shall design and employ cost containment measures and requirements such as, but not limited to, care coordination, provider network limitations, preadmission certification, and concurrent inpatient review which may make the pool more cost-effective.
(6) The pool benefit policy may contain benefit limitations, exceptions, and cost shares such as copayments, coinsurance, and deductibles that are consistent with managed care products, except that differential cost shares may be adopted by the board for nonnetwork providers under point of service plans. No limitation, exception, or reduction may be used that would exclude coverage for any disease, illness, or injury.
(7) The pool may not reject an individual for health plan coverage based upon preexisting conditions of the individual or deny, exclude, or otherwise limit coverage for an individual’s preexisting health conditions; except that it shall impose a six-month benefit waiting period for preexisting conditions for which medical advice was given, for which a health care provider recommended or provided treatment, or for which a prudent layperson would have sought advice or treatment, within six months before the effective date of coverage. The preexisting condition waiting period shall not apply to prenatal care services. The pool may not avoid the requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. Credit against the waiting period shall be as provided in subsection (8) of this section.
(8)(a) Except as provided in (b) of this subsection, the pool shall credit any preexisting condition waiting period in its plans for a person who was enrolled at any time during the sixty-three day period immediately preceding the date of application for the new pool plan. For the person previously enrolled in a group health benefit plan, the pool must credit the aggregate of all periods of preceding coverage not separated by more than sixty-three days toward the waiting period of the new health plan. For the person previously enrolled in an individual health benefit plan other than a catastrophic health plan, the pool must credit the period of coverage the person was continuously covered under the immediately preceding health plan toward the waiting period of the new health plan. For the purposes of this subsection, a preceding health plan includes an employer-provided self-funded health plan.
(b) The pool shall waive any preexisting condition waiting period for a person who is an eligible individual as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. 300gg-41(b)).
(9) If an application is made for the pool policy as a result of rejection by a carrier, then the date of application to the carrier, rather than to the pool, should govern for purposes of determining preexisting condition credit.
(10) The pool shall contract with organizations that provide care management that has been demonstrated to be effective and shall encourage enrollees who are eligible for care management services to participate. The pool may encourage the use of shared decision making and certified decision aids for preference-sensitive care areas. Comprehensive pool policy—Deductibles—Coinsurance—Carryover. (1) Subject to the limitation provided in subsection (3) of this section, the comprehensive pool policy offered under RCW 48.41.110(4) shall impose a deductible as provided in this subsection. Deductibles of five hundred dollars and one thousand dollars on a per person per calendar year basis shall initially be offered.

The board may authorize deductibles in other amounts. The deductible shall be applied to the first five hundred dollars, one thousand dollars, or other authorized amount of eligible expenses incurred by the covered person.

(2) Subject to the limitations provided in subsection (3) of this section, a mandatory coinsurance requirement shall be imposed at a rate not to exceed twenty percent of eligible expenses in excess of the mandatory deductible and which supports the efficient delivery of high quality health care services for the medical conditions of pool enrollees.

(3) The maximum aggregate out of pocket payments for eligible expenses by the insured in the form of deductibles and coinsurance under the comprehensive pool policy offered under RCW 48.41.110(4) shall not exceed in a calendar year:

The pool may not change the rates for pool policies

uniformly without regard to any health status-related factor of enrollees who are covered by a plan that is being replaced an unrestricted right to transfer to a fully comparable plan.

(b) The guarantee of continuity of coverage provided by this section requires that if the pool replaces a plan, it must make the replacement plan available to all individuals in the plan being replaced. The replacement plan must include all of the services covered under the replaced plan, and must not significantly limit access to the kind of services covered under the replacement plan through unreasonable cost-sharing requirements or otherwise. The pool may also allow individuals who are covered by a plan that is being replaced an unrestricted right to transfer to a fully comparable plan.

(c) The pool cannot replace or discontinue a plan under this subsection (4) until it has completed an evaluation of the impact of replacing the plan upon:

(i) The cost and quality of care to pool enrollees;

(ii) Pool financing and enrollment;

(iii) The board’s ability to offer comprehensive and other plans to its enrollees;

(iv) Other items identified by the board.

In its evaluation, the board must request input from the constituents represented by the board members.

(d) The guarantee of continuity of coverage provided by this section does not apply if the pool has zero enrollment in a plan.

(5) The pool may not change the rates for pool policies except on a class basis, with a clear disclosure in the policy of the pool’s right to do so.

48.41.200 Rates—Standard risk and maximum. (1) The pool shall determine the standard risk rate by calculating the average individual standard rate charged for coverage comparable to pool coverage by the five largest members, measured in terms of individual market enrollment, offering such coverages in the state. In the event five members do not offer comparable coverage, the standard risk rate shall be established using reasonable actuarial techniques and shall reflect anticipated experience and expenses for such coverage in the individual market.

(2) Subject to subsection (3) of this section, maximum rates for pool coverage shall be as follows:

(a) Maximum rates for a pool indemnity health plan shall be one hundred fifty percent of the rate calculated under subsection (1) of this section;

(b) Maximum rates for a pool care management plan shall be one hundred twenty-five percent of the rate calculated under subsection (1) of this section; and

(c) Maximum rates for a person eligible for pool coverage pursuant to RCW 48.41.100(1)(a) who was enrolled at any time during the sixty-three day period immediately prior to the date of application for pool coverage in a group health benefit plan or an individual health benefit plan other than a catastrophic health plan as defined in RCW 48.43.005, where such coverage was continuous for at least eighteen months, shall be:

(i) For a pool indemnity health plan, one hundred twenty-five percent of the rate calculated under subsection (1) of this section; and

(ii) For a pool care management plan, one hundred ten percent of the rate calculated under subsection (1) of this section.

(3)(a) Subject to (b) and (c) of this subsection:

(i) The rate for any person whose current gross family income is less than two hundred fifty-one percent of the federal poverty level shall be reduced by thirty percent from what it would otherwise be;

(ii) The rate for any person whose current gross family income is more than two hundred fifty but less than three hundred one percent of the federal poverty level shall be reduced by fifteen percent from what it would otherwise be;

(iii) The rate for any person who has been enrolled in the pool for more than thirty-six months shall be reduced by five percent from what it would otherwise be.

(b) In no event shall the rate for any person be less than one hundred ten percent of the rate calculated under subsection (1) of this section.

(c) Rate reductions under (a)(i) and (ii) of this subsection shall be available only to the extent that funds are specifically appropriated for this purpose in the omnibus appropriations act. [2007 c 259 § 28; 2000 c 79 § 17; 1997 c 231 § 214; 1987 c 431 § 20.]

48.41.220 Mental health services—Definition—Coverage required, when. (Effective January 1, 2008.) (1) For the purposes of this section, "mental health services" means medically necessary outpatient and inpatient services provided to treat mental disorders covered by the diagnostic categories listed in the most current version of the diagnostic and statistical manual of mental disorders, published by the American psychiatric association, on July 24, 2005, or such subsequent date as may be provided by the insurance commissioner by rule, consistent with the purposes of chapter 6, Laws of 2005, with the exception of the following categories, codes, and services: (a) Substance related disorders; (b) life transition problems, currently referred to as "V" codes, and diagnostic codes 302 through 302.9 as found in the diagnostic and statistical manual of mental disorders, 4th edition, published by the American psychiatric association; (c) skilled nursing facility services, home health care, residential treatment, and custodial care; and (d) court-ordered treatment unless the insurer’s medical director or designee determines the treatment to be medically necessary.

(2) Each health insurance policy issued by the pool on or after January 1, 2008, shall provide coverage for:

(a) Mental health services. The copayment or coinsurance for mental health services may be no more than the copayment or coinsurance for medical and surgical services otherwise provided under the policy. Wellness and preventive services that are provided or reimbursed at a lesser copayment, coinsurance, or other cost sharing than other medical and surgical services are excluded from this comparison. If the policy imposes a maximum out-of-pocket limit or stop loss, it shall be a single limit or stop loss for medical, surgical, and mental health services; and

(b) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the policy.

(3) Each health insurance policy issued by the pool on or after July 1, 2010, shall provide coverage for:
(a) Mental health services. The copayment or coinsurance for mental health services may be no more than the copayment or coinsurance for medical and surgical services otherwise provided under the policy. Wellness and preventive services that are provided or reimbursed at a lesser copayment, coinsurance, or other cost sharing than other medical and surgical services are excluded from this comparison. If the policy imposes a maximum out-of-pocket limit or stop loss, it shall be a single limit or stop loss for medical, surgical, and mental health services. If the policy imposes any deductible, mental health services shall be included with medical and surgical services for the purpose of meeting the deductible requirement. Treatment limitations or any other financial requirements on coverage for mental health services are only allowed if the same limitations or requirements are imposed on coverage for medical and surgical services; and

(b) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the policy.

(4) In meeting the requirements of this section, a policy may not reduce the number of mental health outpatient visits or mental health inpatient days below the level in effect on July 1, 2002.

(5) This section does not prohibit a requirement that mental health services be medically necessary as determined by the medical director or designee, if a comparable requirement is applicable to medical and surgical services.

(6) Nothing in this section shall be construed to prevent the management of mental health services.

(b) If a person is seeking an individual health benefit plan: (i) Because a health care provider with whom he or she has an established care relationship and from whom he or she has received treatment within the past twelve months is no longer part of the carrier’s provider network under his or her existing Washington individual health benefit plan; and (ii) His or her health care provider is part of another carrier’s provider network; and (iii) Application for a health benefit plan under that carrier’s provider network individual coverage is made within ninety days of his or her provider leaving the previous carrier’s provider network, then completion of the standard health questionnaire shall not be a condition of coverage.

(a) If a person is seeking an individual health benefit plan or enrollment in the basic health plan as a nonsubsidized enrollee due to his or her receiving notice that his or her coverage under a conversion contract is discontinued, completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of discontinuation of eligibility under the conversion contract. A health carrier or the health care authority as administrator of basic health plan nonsubsidized coverage shall accept an application without a standard health questionnaire from a person currently covered by such continuation coverage if application is made within ninety days prior to the date the continuation coverage would be exhausted and the effective date of the individual coverage applied for is the date the continuation coverage would be exhausted, or within ninety days thereafter.

A health carrier or the health care authority as administrator of basic health plan nonsubsidized coverage shall accept an application without a standard health questionnaire from a person currently covered by such conversion contract if application is made within ninety days prior to the date eligibility under the conversion contract would be discontinued and the effective date of the individual coverage applied for is the date eligibility under the conversion contract would be discontinued, or within ninety days thereafter.

(e) If a person is seeking an individual health benefit plan and, but for the number of persons employed by his or her employer, would have qualified for or enrollment in the basic health plan as a nonsubsidized enrollee following disenrollment from a plan that is exempt from continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., completion of the standard health questionnaire shall not be a condition of coverage if: (i) The person resident within the carrier’s service area and provided or assuring the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The commissioner may grant a temporary exemption from this subsection if, upon application by a health carrier, the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals. A health carrier shall accept an application without a standard health questionnaire from a person with at least twenty-four months of continuous basic health plan coverage if application is made no more than ninety days prior to the date of disenrollment and the effective date of the individual coverage applied for is the date of disenrollment; and (iii) the effective date of the individual coverage applied for is the date of disenrollment.

(f) If, based upon the results of the standard health questionnaire, the person qualifies for coverage under the Washington state health insurance pool, the following shall apply:

(a) The carrier may decide not to accept the person’s application for enrollment in its individual health benefit plan and the health care authority shall require any person applying for nonsubsidized enrollment in the basic health plan to complete the standard health questionnaire designated under chapter 48.41 RCW.

48.43.043 Colorectal cancer examinations and laboratory tests—Required benefits or coverage. (1) Health plans issued or renewed on or after July 1, 2008, must provide benefits or coverage for colorectal cancer examinations and laboratory tests consistent with the guidelines or recommendations of the United States preventive services task force or the federal centers for disease control and prevention. Benefits or coverage must be provided:

(2) To encourage colorectal cancer screenings, patients and health care providers must not be required to meet burdensome criteria or overcome significant obstacles to secure such coverage. An individual may not be required to pay an additional deductible or coinsurance for testing that is greater than an annual deductible or coinsurance established for similar benefits. If the health plan does not cover a similar benefit, a deductible or coinsurance may not be set at a level that materially diminishes the value of the colorectal cancer benefit required.

(3)(a) A health carrier is not required under this section to provide for a referral to a nonparticipating health care provider, unless the carrier does not have an appropriate health care provider that is available and accessible to administer the screening exam and that is a participating health care pro-vide with respect to such treatment.

(b) If a health carrier refers an individual to a nonparticipating health care provider pursuant to this section, screening exam services or resulting treatment, if any, must be provided at no additional cost to the individual beyond what the individual would otherwise pay for services provided by a participating health care provider. (i) The provision of such health services or care is within the health care providers’ permitted scope of practice; and

(ii) The providers agree to abide by standards related to:

(A) Provision, utilization review, and cost containment of health services;

(B) Management and administrative procedures; and

(C) Provision of cost-effective and clinically efficacious health services.

(b) Annually report the names and addresses of all officers, directors, or trustees of the health carrier during the pre-ceding year, and the amount of wages, expense reimburse-ments, or other payments to such individuals, unless substan-tially similar information is filed with the commissioner or the national association of insurance commissioners. This requirement does not apply to a foreign or alien insurer regulat-ed under chapter 48.20 or 48.21 RCW that files a supplemental compensation exhibit in its annual statement as required by law.

(2) The requirements of subsection (1)(a) of this section do not apply to a licensed health care profession regulated under Title 18 RCW when the licensing statute for the profes-sion states that such requirements do not apply. (ii) Provided by the chiropractor, or the chiropractor’s employee specified in RCW 18.25.190 (2) or (3) who works in the same location as the chiropractor and to whom the chi-ropactor, pursuant to rules adopted by the Washington state chiropractic quality assurance commission, has delegated the
service. The employee must meet the health carrier’s reasonable qualifications for all such providers in the relevant class, including but not limited to standards for education and background checks, as applicable; and

(b) The chiropractor complies with the terms and conditions of the participating provider agreement. Violations of the participating provider agreement by an employee of the chiropractor to whom he or she has delegated a service may be deemed by the carrier to have been committed by the chiropractor.

(2) If a health carrier offers a participating provider agreement to a chiropractor within a single practice organized as a sole proprietorship, partnership, or corporation, the carrier must offer the same participating provider agreement to any other chiropractor within that practice providing services at the same location. The request for special enrollment shall be made by the department or participant within sixty days of the department’s determination that the enrollment would be cost-effective. [2007 c 5 § 7.]

48.43.650 Fixed payment insurance products—Commissioner’s annual report. The commissioner shall collect information from insurers offering fixed payment insurance products, and report aggregated data for each calendar year, including the number of groups purchasing the products, the number of enrollees, and the number of consumer complaints filed. Nothing in this subsection shall preclude a contractor from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. A contractor offering a health benefit plan under this subsection shall clearly disclose all covered benefits to the small employer in a brochure filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.44.225, 48.44.240, 48.44.245, 48.44.290, 48.44.300, 48.44.310, 48.44.320, 48.44.325, 48.44.330, 48.44.335, *48.44.340, 48.44.344, 48.44.360, 48.44.400, 48.44.440, 48.44.450, and 48.44.460.

(2) Nothing in this section shall prohibit a health care services contractor from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The contractor shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;
(ii) Family size;
(iii) Age; and
(iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The contractor shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the enrollment of the small employer;
(ii) Changes to the family composition of the employee;
(iii) Changes to the health benefit plan requested by the small employer; or
(iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier’s entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that:

(i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and
(ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier’s small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide
48.44.215 Option to cover dependents under age twenty-five. (Effective January 1, 2009.) (1) Any individual health care service plan contract that provides coverage for a subscriber’s dependent must offer the option of covering an unmarried dependent under the age of twenty-five.

(2) Any group health care service plan contract that provides coverage for a participating member’s dependent must offer each participating member the option of covering any unmarried dependent under the age of twenty-five. [2007 c 259 § 21.]

48.44.341 Mental health services—Health plans—Definition—Coverage required, when. (Effective January 1, 2008.) (1) For the purposes of this section, “mental health services” means medically necessary outpatient and inpatient services provided to treat mental disorders covered by the diagnostic categories listed in the most current version of the diagnostic and statistical manual of mental disorders, published by the American Psychiatric Association, on July 24, 2005, or such subsequent date as may be provided by the insurance commissioner by rule, consistent with the purposes of chapter 6, Laws of 2005, with the exception of the following categories, codes, and services: (a) Substance related disorders; (b) life transition problems, currently referred to as “V” codes, and diagnostic codes 302 through 302.9 as found in the diagnostic and statistical manual of mental disorders, 4th edition, published by the American Psychiatric Association; (c) skilled nursing facility services, home health care, residential treatment, and custodial care; and (d) court ordered treatment unless the health care service contractor’s medical director or designee determines the treatment to be medically necessary.

(2) All health service contracts providing health benefit plans that provide coverage for medical and surgical services shall provide:

(a) For all group health benefit plans for groups other than small groups, as defined in RCW 48.43.005 delivered, issued for delivery, or renewed on or after January 1, 2006, coverage for:

(i) Mental health services. The copayment or coinsurance for mental health services may be no more than the copayment or coinsurance for medical and surgical services otherwise provided under the health benefit plan. Wellness and preventive services that are provided or reimbursed at a lesser copayment, coinsurance, or other cost sharing than other medical and surgical services are excluded from this comparison; and

(ii) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the health benefit plan.

(b) For all health benefit plans delivered, issued for delivery, or renewed on or after January 1, 2008, coverage for:

(i) Mental health services. The copayment or coinsurance for mental health services may be no more than the copayment or coinsurance for medical and surgical services otherwise provided under the health benefit plan. Wellness and preventive services that are provided or reimbursed at a lesser copayment, coinsurance, or other cost sharing than other medical and surgical services are excluded from this comparison. If the health benefit plan imposes a maximum out-of-pocket limit or stop loss, it shall be a single limit or stop loss for medical, surgical, and mental health services; and

(ii) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the health benefit plan.
extent, and under the same terms and conditions, as other prescription drugs covered by the health benefit plan.

(c) For all health benefit plans delivered, issued for delivery, or renewed on or after July 1, 2010, coverage for:

(i) Mental health services. The copayment or coinsurance for mental health services may be no more than the copayment or coinsurance for medical and surgical services otherwise provided under the health benefit plan. Wellness and preventive services that are provided or reimbursed at a lesser copayment, coinsurance, or other cost sharing than other medical and surgical services are excluded from this comparison. If the health benefit plan imposes a maximum out-of-pocket limit or stop loss, it shall be a single limit or stop loss for medical, surgical, and mental health services. If the health benefit plan imposes any deductible, mental health services shall be included with medical and surgical services for the purpose of meeting the deductible requirement. Treatment limitations or any other financial requirements on coverage for mental health services are only allowed if the same limitations or requirements are imposed on coverage for medical and surgical services; and

(ii) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the health benefit plan.

(3) In meeting the requirements of subsection (2)(a) and (b) of this section, health benefit plans may not reduce the number of mental health outpatient visits or mental health inpatient days below the level in effect on July 1, 2002.

(4) This section does not prohibit a requirement that mental health services be medically necessary as determined by the medical director or designee, if a comparable requirement is applicable to medical and surgical services.

(5) Nothing in this section shall be construed to prevent the management of mental health services. [2007 c 8 § 3; 2006 c 74 § 2; 2005 c 6 § 4.]

48.46.066 Health plan benefits for small employers—Coverage—Exemption from statutory requirements—Premium rates—Requirements for providing coverage for small employers. (1)(a) A health maintenance organization offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude a health maintenance organization from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. A health maintenance organization offering a health benefit plan under this subsection shall clearly disclose all the covered benefits to the small employer in a brochure filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.46.275, 48.46.280, 48.46.285, *48.46.290, 48.46.350, 48.46.355, 48.46.375, 48.46.440, 48.46.480, 48.46.510, 48.46.520, and 48.46.530.

(2) Nothing in this section shall prohibit a health maintenance organization from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The health maintenance organization shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;

(ii) Family size;

(iii) Age; and

(iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The health maintenance organization shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the enrollment of the small employer;

(iii) Changes to the health benefit plan requested by the small employer; or

(iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier’s entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American Academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier’s small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by a health maintenance organization in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) A health maintenance organization shall not require a minimum participation level greater than:

(i) One hundred percent of eligible employees working for groups with three or less employees; and

(ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) A health maintenance organization may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(6) A health maintenance organization must offer coverage to all eligible employees of a small employer and their dependents. A health maintenance organization may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A health maintenance organization may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan. (2) Every health maintenance organization shall submit its books and records relating its operation for financial condition and market conduct examinations and in every way facilitate them. The quality or appropriateness of medical services or systems shall not be examined except to the extent that such items are incidental to an examination of the financial condition or the market conduct of a health maintenance organization. For the purpose of examinations, the commissioner may issue subpoenas, administer oaths, and examine the officers and principals of the health maintenance organization and the principals of such providers concerning their business.

(3) The commissioner may elect to accept and rely on audit reports made by an independent certified public accountant for the health maintenance organization in the course of that part of the commissioner’s examination covering the same general subject matter as the audit. The commissioner may incorporate the audit report in his report of the examination. [2007 c 468 § 2; 1987 c 83 § 1; 1986 c 296 § 9; 1985 c 7 § 115; 1983 c 63 § 2; 1975 1st ex.s. c 290 § 13.]

48.46.291 Mental health services—Health plans—Definition—Coverage required, when. (Effective January 1, 2008.) (1) For the purposes of this section, “mental health services” means medically necessary outpatient and inpatient services provided to treat mental disorders covered by the diagnostic categories listed in the most current version of the
diagnostic and statistical manual of mental disorders, published by the American psychiatric association, on July 24, 2005, or such subsequent date as may be provided by the insurance commissioner by rule, consistent with the purposes of chapter 6, Laws of 2005, with the exception of the following categories, codes, and services: (a) Substance related disorders; (b) life transition problems, currently referred to as “V” codes, and diagnostic codes 302 through 302.9 as found in the diagnostic and statistical manual of mental disorders, 4th edition, published by the American psychiatric association; (c) skilled nursing facility services, home health care, residential treatment, and custodial care; and (d) court ordered treatment unless the health maintenance organization’s medical director or designee determines the treatment to be medically necessary.

(2) All health benefit plans offered by health maintenance organizations that provide coverage for medical and surgical services shall provide:

(a) For all group health benefit plans for groups other than small groups, as defined in RCW 48.43.005 delivered, issued for delivery, or renewed on or after January 1, 2006, coverage for:

(i) Mental health services. The copayment or coinsurance for mental health services may be no more than the copayment or coinsurance for medical and surgical services otherwise provided under the health benefit plan. Wellness and preventive services that are provided or reimbursed at a lesser copayment, coinsurance, or other cost sharing than other medical and surgical services are excluded from this comparison; and

(ii) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the health benefit plan.

(b) For all health benefit plans delivered, issued for delivery, or renewed on or after January 1, 2008, coverage for:

(i) Mental health services. The copayment or coinsurance for mental health services may be no more than the copayment or coinsurance for medical and surgical services otherwise provided under the health benefit plan. Wellness and preventive services that are provided or reimbursed at a lesser copayment, coinsurance, or other cost sharing than other medical and surgical services are excluded from this comparison. If the health benefit plan imposes a maximum out-of-pocket limit or stop loss, it shall be a single limit or stop loss for medical, surgical, and mental health services. If the health benefit plan imposes any deductible, mental health services shall be included with medical and surgical services for the purpose of meeting the deductible requirement. Treatment limitations or any other financial requirements on coverage for mental health services are only allowed if the same limitations or requirements are imposed on coverage for medical and surgical services; and

(ii) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the health benefit plan.

(3) In meeting the requirements of subsection (2)(a) and (b) of this section, health benefit plans may not reduce the number of mental health outpatient visits or mental health inpatient days below the level in effect on July 1, 2002.

(4) This section does not prohibit a requirement that mental health services be medically necessary as determined by the medical director or designee, if a comparable requirement is applicable to medical and surgical services.

(1) A person shall not act as, or offer to act as, or hold himself or herself out to be a home heating fuel service contract provider in this state, nor may a home heating fuel service contract be sold to a consumer in this state, unless the contract provider has a valid registration as a home heating fuel service contract provider issued by the commissioner.
(2) Applicants to be a home heating fuel service contract provider shall make an application to the commissioner upon a form to be furnished by the commissioner. The application must include or be accompanied by the following information and documents:

(e) Any other pertinent information required by the commissioner.

(3) The commissioner may refuse to issue a registration if the commissioner determines that the home heating fuel service contract provider, or any individual responsible for the conduct of the affairs of the contract provider under subsection (2)(b) of this section, is not competent, trustworthy, or financially responsible.

(4) A registration issued under this section is valid, unless surrendered, suspended, or revoked by the commissioner, or not renewed for so long as the service contract provider continues in business in this state and remains in compliance with this chapter. A registration is subject to renewal annually on July 1st upon application of the home heating fuel service contract provider and payment of a fee of twenty-five dollars, which must be deposited into the general fund. If not so renewed, the registration expires on June 30th next preceding.

MEDICAL MALPRACTICE CLOSED CLAIM REPORTING

Sections
48.140.020 Closed claim reporting requirements.

48.140.020 Closed claim reporting requirements. (1) For claims closed on or after January 1, 2008:

(a) Every insuring entity or self-insurer that provides medical malpractice insurance to any facility or provider in Washington state must report each medical malpractice closed claim to the commissioner.

(b) If a claim is not covered by an insuring entity or self-insurer, the facility or provider named in the claim must report it to the commissioner after a final claim disposition has occurred due to a court proceeding or a settlement by the parties.

Instances in which a claim may not be covered by an insuring entity or self-insurer include, but are not limited to, situations in which the:

(i) Facility or provider did not buy insurance or maintained a self-insured retention that was larger than the final judgment or settlement;

(ii) Claim was denied by an insuring entity or self-insurer because it did not fall within the scope of the insurance coverage agreement; or

(iii) Annual aggregate coverage limits had been exhausted by other claim payments.

(c) If a facility or provider is insured by a risk retention group and the risk retention group refuses to report closed claims and asserts that the federal liability risk retention act (95 Stat. 949; 15 U.S.C. Sec. 3901 et seq.) preempts state law, the facility or provider must report all data required by this chapter on behalf of the risk retention group.

(d) If a facility or provider is insured by an unauthorized insurer and the unauthorized insurer refuses to report closed claims and asserts a federal exemption or other jurisdictional preemption, the facility or provider must report all data required by this chapter on behalf of the unauthorized insurer.

(2) Beginning in 2009, reports required under subsection (1) of this section must be filed by March 1st, and include data for all claims closed in the preceding calendar year and any adjustments to data reported in prior years. The commissioner may adopt rules that require insuring entities, self-insurers, facilities, or providers to file closed claim data electronically.

(3) The commissioner may impose a fine of up to two hundred fifty dollars per day against any insuring entity, except a risk retention group, that violates the requirements of this section.

(4) The department of health, department of licensing, or department of social and health services may require a provider or facility to take corrective action to assure compliance with the requirements of this section. [2007 c 32 § 1; 2006 c 8 § 202.]

48.150.005 Public policy. It is the public policy of Washington to promote access to medical care for all citizens and to encourage innovative arrangements between patients and providers that will help provide all citizens with a medical home.

Washington needs a multipronged approach to provide adequate health care to many citizens who lack adequate access to it. Direct patient-provider practices, in which patients enter into a direct relationship with medical practitioners and pay a fixed amount directly to the health care provider for primary care services, represent an innovative, affordable option which could improve access to medical care, reduce the number of people who now lack such access, and cut down on emergency room use for primary care purposes, thereby freeing up emergency room facilities to treat true emergencies. [2007 c 267 § 1.]

48.150.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Direct patient-provider primary care practice" and "direct practice" means a provider, group, or entity that meets the following criteria in (a), (b), (c), and (d) of this subsection:

(a)(i) A health care provider who furnishes primary care services through a direct agreement;

(ii) A group of health care providers who furnish primary care services through a direct agreement; or

(iii) An entity that sponsors, employs, or is otherwise affiliated with a group of health care providers who furnish only primary care services through a direct agreement, which entity is wholly owned by the group of health care providers or is a nonprofit corporation exempt from taxation under section 501(c)(3) of the internal revenue code, and is not otherwise regulated as a health care service contractor, health maintenance organization, or disability insurer under Title 48 RCW. Such entity is not prohibited from sponsoring, employing, or being otherwise affiliated with other types of health care providers not engaged in a direct practice;

(b) Enters into direct agreements with direct patients or parents or legal guardians of direct patients;

(c) Does not accept payment for health care services provided to direct patients from any entity subject to regulation under Title 48 RCW, plans administered under chapter 41.05, 70.47, or 70.47A RCW, or self-insured plans; and

(d) Does not provide, in consideration for the direct fee, services, procedures, or supplies such as prescription drugs, hospitalization costs, major surgery, dialysis, high level radiology (CT, MRI, PET scans or invasive radiology), rehabilitation services, procedures requiring general anesthesia, or similar advanced procedures, services, or supplies.

(2) "Direct patient" means a person who is party to a direct agreement and is entitled to receive primary care services under the direct agreement from the direct practice.

So long as the direct practice provides the patient notice and opportunity to obtain care from another physician, the direct practice may discontinue care for direct patients if:

It must be an agreement between a direct practice and an individual direct patient. Nothing prohibits the presentation of marketing materials to groups of potential subscribers or their representatives.

(2) A comprehensive disclosure statement shall be distributed to all direct patients with their participation forms. Such disclosure must inform the direct patients of their financial rights and responsibilities to the direct practice as provided for in this chapter, encourage that direct patients obtain and maintain insurance for services not provided by the direct practice, and state that the direct practice will not bill a carrier for services covered under the direct agreement. (3) Increase premium costs for individuals who have health coverage through traditional health insurance;

(4) Have an impact on a health carrier's ability to meet network adequacy standards set by the commissioner or state health purchasing agencies; and

(5) Cover a population that is different from individuals covered through traditional health insurance.

The study shall also examine the extent to which individuals and families participating in a direct care practice maintain health coverage for health conditions not covered by the direct care practice. The commissioner shall recommend to the legislature whether the statutory authority for direct care practices to operate should be continued, modified, or repealed. [2007 c 267 § 14.]
